West Texas Utilities Files For Rate Increase In RL

West Texas Utilities Company has filed for an increase in its electric rates for retail customers.

Local Manager, Bob Boone, said the application was filed Friday June 8, a full year since WTU's last rate application, and is a systemwide request for higher rates. Simultaneous filings were made in all incorporated towns and with the Public Utility Commission of Texas at Austin for an increase in rural areas, unincorporated towns and in 21 municipalities which have ceded jurisdiction over electric rates.

The proposal would produce an annual increase in total retail revenue of \$30,845,695. This amounts to 12.4 per cent.

Boone said the additional revenue is necessary to carry out WTU's current heavy construction program, which includes a new coal-fired power plant at Oklaunion near Vernon.

"By the time these rates become effective, we will have spent \$167 million on the Oklaunion Power station and related

projects," Boone said. "Our last rate increase was not enough to carry us through this construction program, which is essential to continued reliable electric service to our customers."

WTU had requested an increase of \$26.6 million in its filing in June, 1983. A hearing in that case was held at Austin in September, and the final PUC order granting about half the requested amount became effective January 4, 1984.

The Oklaunion plant will be completed in late 1986, almost 10 years after WTU's newest exist-

Commissioners Have Meeting

A regular meeting of the county commissioners court was conducted Monday, June 11. The minutes of the last meeting were read and approved.

A discussion concerning the work to be done on the County Show Barn was continued from the June 4 meeting. A motion was made to invite the Show Barn Committee to meet with commissioners for still further discussions. Bids will be let at a later date.

The grant was received for the renovation of the Senior Citizens building. Commissioners voted to install heat-pumps in the building before the renovation begins.

Justice of Peace from precinct 1,3, and 4 received letters for completion of twenty hours of training.

Bills were approved for payment and court adjourned.

ing generating unit was completed at Fort Phantom Power Station near Abilene.

Citing a "light at the end of the tunnel," Boone said WTU's spending should taper off as the construction program nears completion. Also, since coal is much cheaper for generating electricity than natural gas or oil, the fuel cost should be more stable after the new plant comes on line.

No major changes in rate structure are included in WTU's proposal. The requested rates would mean that a residential customer using 600 kilowatt-hours a month would pay \$7.55 more each month for electricity. A commercial customer using 1,700 kWh would pay \$19.37 more. These amounts include fuel costs.

WTU serves customers in 161 separate communities, 82 of which operate as active incorporated towns. The rate case filings were made in 61 towns, while information on the rate case was made available to the 21 incorporated towns which have ceded jurisdiction, to two inactive municipalities and to two unincorporated towns.

The 21 towns which have ceded jurisdiction and now rely on the PUC to decide their cases are Albany, Chillicothe, Dickens, Eldorado, Goree, Hedley, Lakeview, Matador, McCamey, Mertzon, Moran, Paint Rock, Presidio, Roaring Springs, Robert Lee, Roby, Rotan, Rule, Shamrock, Trent, and Weinert.

The inactive municipalities are Odell and Sylvester. The unincorporated towns are Fort Davis and Ozona.

Cities Receive Sales Tax Payments

State Comptroller Bob Bullock Monday sent checks totaling \$72 million in local sales tax payments to the 988 local-tax cities and four transit authorities, including the first check for collections of the new Fort Worth transit tax.

Bullock said the city checks totaled \$52 million of the \$72 million. "So far this year, we've sent these cities a little over \$400 million, which is more than 13 percent better than what they had gotten by this time last year," Bullock said.

Robert Lee received \$2,410.79 compared with \$1,974.36 for the same period last year.

Bronte received \$1,318.16 compared with \$1,507.90 for the same period last year.

June payments reflect taxes on sales made in April and reported to the Comptroller by May 20.

Mrs. Vera Mae Blair of Rescue, Calif. is on an extended visit in the Jr. Prine home this week. She arrived in Texas recently following a visit with her daughter and family, Mr. and Mrs. Russell Stephens, at Alvis, Oklahoma.

Completing the altar decorations were arrangements of baby's breath and fresh greenery along the altar rail. Special pews were marked by dusty rose bows.

Special music was by Russell and Kathi Ash of Bronte, brother and sister-in-law of the bride. They were accompanied by Bonita Copeland as they sang "There Is Love" and "You Are a Gift."

The bride's gown was fashioned with a Queen Ann neckling and high waist line, adorned with soft ruffles which fell to a cascade of ruffles on the skirt and extending around the cathedral train.

Sheer bishop sleeves were highlighted with lace ruffling and petal point cuffs over the wrist. The gown was enhanced with iridescent sequins and pearls.

A picture hat with a tulle veil on the back applied with the same design as the hat, completed the ensemble.

The bride's bouquet was a nosegay of bridal white tea roses.

As traditional symbols, the bride wore her grandmother Ash's pearls as something borrowed and old, her gown was new, and she wore a blue garter.

The bride's attendants wore identical long dark dusty rose dresses, and carried pink and white nosegays.

The groom wore a white western style tuxedo, while the best man, the groomsmen and ushers wore light gray western style tuxedos.

The wedding reception followed the ceremony in The Fellowship Hall of the church.

Then in 1978 the school was moved again, this time to the Houston area. Until his recent retirement Mr. Shelburne served as director of the school and as a minister of the Main Street Church of Christ in South Houston.

When You Buy, Build or Remodel, You Can Save Thousands of Dollars* on Your Electric Bills over the Life of Your Home if it's a WTU-Approved E.S.P. Home

Some homes on the market may seem to be energy efficient, but before you buy, build or remodel, be sure your new home earns the West Texas Utilities

"E.S.P. Award"

ASK YOUR REALTOR OR BUILDER ABOUT SOME OF THE MOST IMPORTANT ENERGY SAVING FEATURES:

- Ceiling insulation of R-30 and wall insulation of R-16.
- Storm windows or insulated glass.
- Weatherstripping and caulking around all doors and windows.
- Air conditioning with a Seasonal Energy Efficiency Ratio (SEER) of 8.5 or higher.
- Electric heat pump with an SEER of 8.0 or higher.
- Air infiltration control.

*COMPARE BELOW HOW MUCH MONEY AN E.S.P. HOME CAN SAVE YOU OVER A ONE-YEAR PERIOD

An average 1800 square foot home will cost approximately \$835 per year to heat and cool.
An E.S.P. HOME of 1800 square feet will cost approximately \$610 per year to heat and cool, which results in an annual savings on electricity costs of 25 percent or more.
(Energy savings may vary according to the type of construction of the home, family size and individual energy usage habits.)

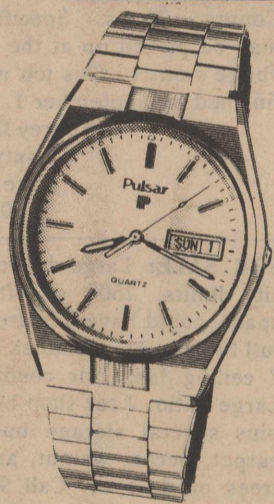

Call your local WTU office for additional information on buying, building or remodeling to have an E.S.P. HOME. IT CAN SAVE YOU MONEY ON FUTURE ENERGY BILLS!

STEERS WIN IN REMATCH

It was the first time they came together after a hotly contested game that saw the Dudes of Winters walk off the field. Robert Lee was awarded the game by forfeit by a committee of Winters and Abilene officials and the Dudes desperately looked forward to the "Rematch".

The Steers answered by handing the Dudes an 11-9 lesson in baseball before an again large verbal crowd.

The second inning was very productive for the Steers as they scored 8 runs off the bats of J.P. Skipworth (3RBI's) and Tim Garinger (2 RBI's home run). The Steers protected the lead using excellent defense and smart pitching by Stevie Ebenstien, J. P. Skipworth, and Robert Runnion.

There was a sad moment however when Monday night the Steers were handed their first loss. Their record is 10-1 and Thursday (tonight) marks their last game to be played in Bronte. Go Steers

Mrs. Laura Herford is recuperating at home following surgery two weeks ago at M.D. Anderson Hospital in Houston. She will return to the clinic for a check-up on June 26 and possibly some follow-up treatments.

She stated she was happy to be home and was doing very well.

Record Number Attends Musical

A record number of musicians and listeners alike attended the Country-Western Musical last Thursday night at the Rec Hall. The monthly affair has been held on the first Thursday night of each month for several months now, each drawing larger crowds. Although no head count was taken last week, the new Rec Hall is equipped with 127 chairs. All of these were used and 15 more brought from the old building were taken.

About 25 musicians performed at the musical, including a group from Colorado City.

A spontaneous collection was taken midway into the evening for the local ambulance service, netting \$143.25 for the group. A campaign is currently underway to buy a heart monitor for the ambulance as well as other needed life-saving equipment. Gene Hinnard, who accepted the contribution, expressed thanks to everyone on behalf of the ambulance group.

Mr. and Mrs. J.A. Dunklin and Mr. and Mrs. Les Copeland were among the large crowd attending the musical "Ramblin' Rythm" presented in the Ballinger High School auditorium last Friday night.
