Damaged by Fire Made for Midget Saturday

Fire at the home of Joe Parsons, 607 S. 9th has resulted in damages estimated by firemen at several hundred dollars. The blaze was discovered about 6 p. m. Saturday and was confined to

one room.

Cause of the fire is believed to have been faulty wiring in an air conditioner. The blaze was dis-covered by members of the family who were sitting in the living room, watching TV. Firemen were immediately summoned, while Parsons hooked up a garden hose to try and extinguish the flames.

Damage to the house was largely in the bedroom where the fire originated. A large hole was burned into the ceiling and furniture in the room was moderately damaged by fire and water. Joe Parsons Home | Final Plans Being Car Races Here

The arena in Rice Springs Roundup grounds will be marked off and place in condition during the weekend for the Midget Au-tomobile Race Meet to be held Saturday evening, July 21, spon-sors of the event said today.

The program of automobile racing, unusual in that Midget racing cars are used, is the first entertainment attraction of this nature to be presented in West Texas outside the larger cities and is attracting widespread interest.

The event is being staged under auspices of the Chamber of Commerce and the Saddle Tramps riding club in cooperation with an association of automobile race drivers with headquarters in Fort

Committee in charge of plans for the event is composed of C. of C. Manager Rex Felker, C. O. Holt, Hallie Chapman.

In a letter from association headquarters this week, Haskell sponsors were advised that entry of 20 or more race drivers had been assured for the meet here. In the group will be drivers from Fort Worth, Dallas, Tulsa, Okla., Midland and other cities.

Although midget cars are used in the event, they are specially built machines capable of almost unbelievably high speeds. Be-cause of their size, competition can be staged in a small track and the Saddle Tramp arena is adequate for presenting a full schedule of races. In addition to

FORT WORTH-Most classes of cattle calves were sold in a fairactive trade at steady prices at Fort Worth. Shippers, independent packers and order buyers were aggressive buyers from the outset and despite lower offers from some of the major packers the early trade was steady. However, later in the day weakness prevailed on cows and averages for the day on slaughter cows were steady to 50c lower, with fat cows showing the most weak-

Stocker and feeder trade was fairly active and generally steady with last week's close, and again there was more activity on the higher quality kinds and on fleshy feeder steers and yearlings. Some fleshy feeders were stronger in spots.

Hogs scored advances of 25 to 75c, and choice butcher hogs topped at \$16.25 to \$16.75, mostly \$16.50 to \$16.75. Less desirable weights and grades moved at \$12 to \$16. Sows cashed at \$10 to \$14, or steady to 50c higher at the close of last week.

BILL SAMS

Bill Sams, of Benjamin, this week authorized his announcement as a candidate for State Representative of this 83rd District comprised of Haskell, Knox, Throckmorton, and Baylor Coun-

The delay in this announcement was due to a question here in Haskell County as to the legality of Sams' name being placed on the ballot. The application was received by "Special Delivery" instead of "Registered Mail", but the laws of Texas holds that the application, being properly postmarked, is satisfactory.

Bill was graduated from the High School in Benjamin, studied Government, and Pre-Law in Texas Tech, and at the present ime is completing requirements necessary to qualify for the State Bar Exam.

Sams, age 33, is the son of the ate Morrison, and Amelia Sams. He was born and reared in Knox County. The Sams family have been in this District for seventyfive years, and have been active in Knox County political circles for some sixty years. However, Bill's father was never in politics, but, was engaged in Farming and

happy vacations begin in a Chevy

You'll love to travel in it, because it loves to travel! When you get this Chevrolet out on the road, you'll want to keep goingand so will the whole family.

Of course, even in a Chevrolet the happiest vacations may involve one or two minor problems. Like fidgety small fry who want gal-lons of water and keep asking if you're almost there. The big things, though, are beautifully taken care of by this roomy Chevrolet's smooth and easy way of going. That's for sure.

The fact is, few cars at any price hold the road with Chevy's grace, with its solid feeling of stability. And with horsepower up to 225, Chevrolet moves out like a whiplash, for safer passing. It's no wonder that so many people who used to buy higher priced cars are changing to Chevrolet! Stop by soon for a ride.

Shaking off a rabid dog which was clamped around one ankle, I trudged back to the car and stared balefully at the flat. Oh well maybe someone will come along.

Nobody did. So I got out a funnylooking thing I once heard my father call a 'jack.' Then I tugged and pulled and pushed and panted and finally got out the spare tire. There now, there must be a way to get the fenderskirt off. They wouldn't make them so you could not change a tire, would they? It's possible.

More tugging, pulling and panting. The darned thing finally
came off and I suddenly found
myself sitting in the middle of a
cotton field, some six feet to the

south of the car.
So I picked myself up and stomped back. Now let's see. That flying saucer-like thing has to come off next. I pounded and pummeled. It fell off somewhat the worse for wear, but then so

was I.

Now for the easy part, jacking the car up. Up it went and I stood back and admired my handiwork. That's when it rolled off the jack. Muttering a few of the proverbial well-chosen phrases, I scrouged around and found some rocks to put against the wheels. Up went the car again.

The rest of it went pretty smoothly except I couldn't get the flying saucer back on again. Back to the pushing, pounding, pummeling, and panting. Suddenly a baritone voice behind me said, "Can I help you miss?" I did the only honorable thing a lady could do. I threw it at him. And that is why this fourth And that is why this fourth estater is staying home tomorrow. Not that I really belive there's anything to this Friday 13th business. It's just I'm a

Wheat Referendum Will Affect 1957 Program

Hew wheat farmers vote in the July 20 referendum on wheat marketing quotas will actually affect only two parts of the 1957 am. wheat program, according to R. tfc G. Shrauner, chairman of the State Agricultural Stabilization and Conservation Committee. Whether quotas are approved, acreage allotments will remain in effect for the crop the chairman declared

The two points at issue in the vote are (1) whether marketing quotas shall be in effect, with penalties on "excess" wheat from farms (with more than 15 acres of wheat harvested as grain) not in compliance with the acreage allotment; and (2) the level of price support available to those who comply with their farm acre-

age allotments. If quotas are approved by at least two-thirds of those who vote in the referendum, the quotas and penalties for excess production will be in effect, and price

support on the crop will be available at a level of between 75 and 90 per cent of parity to those who comply with the farm wheat al-

If more than one-third of the voter disapprove the quotas, here will be no marketing quotas and no penalties for excess production, and the available price support will drop to 50 per cent of parity, as provided by law.
Whether quotas are in effect, acreage allotments will remain in

effect for the 1957 wheat crop. Chairman Shrauner explaine wheat marketing quotas and acreage allotments operate only in commercial wheat states, including Texas. Since the quotas affect only those growers in the commercial area who will have more than 15 acres of wheat for hervest as grain on a farm in 1967, these growers are the only once eligible to vote in the referen-

plication for the water rights immediately, then work out the other details" in determining the feasibility of the lake project and reaching a definite decision. Following further discussion, the Council voted to instruct Mr. Yeatts to prepare the necessary information required in filing an application for the water rights on North Paint Creek. No decision as to when the actual filing will be made was specified, and will probably await consultation with the owners of the land involved.

Taxi Permit Granted
In other business transacted
by the Council, R. V. Trussell of
this city was granted a franchise
to operate a taxi or taxis. He
will comply with certain city
regulations and pay the city 2 per
cent of gross receipts.

Purchase of a new diving board for Rice Springs Municipal Pool was authorized, at a cost of between \$70 and \$80. Aldermen also granted six days sick leave with pay to Nightwatchman Richard Spinks. A policy concerning sick pay for all city employees is to be worked out at an early date.

New Well Completed
City Waterworks Superintendent Roy Oliphant reported to the Council that a new water well had been completed in the north part of town. It will yield around 150 gallons per minute, Oliphant estimated. The city now has 15 wells in the waterworks system and adequate water supplies for all needs is being provided, he reported. However, he said the levels in all wells was declining.

Important Farm Meeting Slated In Rochester

There will be a meeting of interest to all farmers in this area, in the Rochester school building

on July 24, 1956 at 8 p. m.

Farmers Entitled To Refund on Gas Used This Year

Farmers are entitled to claim refund of the Federal tax on all gasoline bought and used for farming during the 6-month period Jan. 1 through June 30, 1956. C. H. Bates, extension farm management specialist reminds Texas

Any owner, tenant, or farm operator who buys gasoline for use on a farm may file a claim, says Bates. A farmer may also request a refund of the tax on any gasoline used on his farm by a custom operator or a neighbor in connection with cultivating the

soil or harvesting a crop. Under the law enacted April 2, 1956, the amount claimable this year is 2 cents on each gallon of gasoline purchased and used on a farm for farming purposes the first 6 months of 1956. In future years claim will be filed for a full 12-month period from July 1 through June 30.

Claims must be filed on Internal Revenue Service Form 2240. It may be obtained from county agents or district directors of Internal Revenue. Date for filing for this year's refund is after June 30, but not later than Oct. 1, 1956. The law does not per-mit payment of claims filed later.

Refund claims must be made for gasoline used off the farms, according to the specialist, or for gasoline used for other actual farmin purposes, as described in Form 2240. This applies to gasoline used on the highway, for personal use such as mowing the lawn, or for processing, packaging, freezing, or canning opera-tions. Sufficient records should be kept to enable the Internal Revenue Service to verify the acccracy of the refund claim.

It's a Great Time to Buy a Buick Buick SPECIAL 6-Passenger 2-Door Rivier

(And at the Best Buy Yet!)

What's IN IT for you - if you step out and buy yourself a 1956 Buick right now? Well, first of all-the time is right.

Right now, your present car is at its peak worth.

And, with the whole summer and almost half of '56 still ahead of you, you'll get more enjoyment out of a spirited new Buick this year - if you buy now.

Second, there's the matter of how much more automobile your money buys in the best Buick

We tell you flatly that nowhere but in a '56 Buick can you get so much bounty for so little

For example, take the beauteous big '56 Buick Special pictured here.

It's one big reason why Buick now ranks in the

top three of America's best-selling cars. Yet, you'll find it priced right close to the well-known smaller cars.

That sure makes Buick a whale of a lot of car for the money. And look:

Nowhere but in a '56 Buick can you get the absolute smoothness and the electrifying performance of Buick's terrific new Variable Pitch Dynaflow.*

Nowhere else can you get the obedient responsiveness of Buick's big and mighty new 322cubic-inch V8 engine. Or Buick's matchless new handling ease and ever-level ride buoyancy or Buick's bold new sweep-ahead styling, and solidity of structure, and stretch-out roominess.

Add it all up and the answer comes out the same, any way you figure it: Now's the time to buy your 1956 Buick.

Will you come in - before another sun sets and get set with your best buy yet?

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and

Bob Herrens Return From Visit in South Texas

Mr. and Mrs Bob Herren and daughter Jan returned to Haskell last week from a trip to historical points of interest in Texas.

Mr. Herren and Jan met Mrs. Herren at the Bar K Ranch in Austin where she had been attending a P-TA Mental Health Workshop. They visited with friends in Austin, Mr. and Mrs. Joe Tyson, before touring the capitol and the governor's mansion. In San Antonio, they visited the Almo, Casa Rio, Brakenridge ek and the Sunken Gardens, They saw the Aquarena and Won-

der Cave in San Marcos and then continued on to Corpus Christi, Calveston, Houston and the San Jacinto Battlegrounds.

On the return trip, the Herren's visited friends in Kemah and also the Bryon Frierson's at Sugar--land where they were taken on a conducted tour of the Central Farm of the state penal institution. The Herren's report that among the many interesting things they learned there, was that the prisoners are allowed to eat as much and many of the vegetables available, as they cultivate them. They are rationed on meat only. The farm raises all its food and what can not be used is sold or canned for future use.

Stamford, Mr. and Mrs. William Barnett of Stamford, Mrs. Bill Bradshaw and children and Mrs. Oscar Kainer and children of Stamford, Mr. and Mrs. Roland Rinn and sons of Fort Worth, Mr. and Mrs. J. D. Kupatt and family of Rule and Mr. and Mrs. J. C. Kainer and children of Sagerton. The group enjoyed grilled steaks served out in the back

Mr. and Mrs. Roland Rinn and one of their sons returned to Ft. Worth Friday of last week after spending a week here visiting with Mr. and Mrs. Emil Kainer and other relatives. Their oldest son, Ronny, stayed for a longer visit with his grandparents.

The session of the 4-H Club Girls workshop at Rule have ended, and the girls now have to complete their skirts so they can model them at Haskell July 26. The girls will be judged in their posture, neatness, colors and accessories as well as their sewing. Mrs. D. W. Counts, their sponsor, has been taking the girls to Rule for their lessons. The girls are Linda Stremmel, Joy Nierdieck, Linda LeFevre Jana Ulmer and Sherry Counts. Mr. and Mrs. Harvey Stege-moeller and sons of Winfield.

Kansas are visiting here with Mr. and Mrs. F. A. Stegemoeller. Miss Gaye Muegge is spending

3 weeks visiting with her aunt and family, Mr. and Mrs. Cecil Crowe, Wanda Sue and Randy, in Hillsboro.
