Training Started This Week By 44 HHS Indian Squadmen

An intensive schedule of pre-season training for 44 HHS Indian squadmen got underway Monday morning under the supervision of Head Coach Ray Overton, Jr., and his capable assistants Backfield Coach Jimmy Browning and Line Coach Dick Gaines.

Rigorous morning and afternoon training sessions were scheduled through Friday, and after the first three days grind Coach Overton said Wednesday that the boys were making good progress and declared "We're ready for scrimmages any time now."

Two freshmen boys, Joel Nanny and Philip Bledsoe have injured knees as a result of practice and may miss the remainder of the season.

The Indians, who will make their debut in Class AA football this year, have a nucleus of 11 Seniors. Completing the squad are 12 Juniors, 11 Sophomores, and eight Freshmen.

Listed on the squad are: Seniors—Ernest Kimbrough, fb; Cleve Farrell, g; Jimmy Don Brock, qb; Don Pennington, qb; Bobby Wheatley, e; Lyndon Harris, hb; David Conner, t; Dan Galvan, g; Dalton Linton, e; Joe Decker, hb; Bill Holley, c.

Other guests at the meeting were Novis Outley, member of the Rule Rotary Club who led the group in a sing song, and John Stone of Haskell, who gave several piano selections.

Vice President Tom Bartfield presided in the absence of President Robt. R. King, and introduced County Agent Martin.

Martin, in his talk, explained purpose of the law, which became effective that day, to protect consumers through requiring correct grading of eggs sold in Texas.

Eggs are a perishable food product and Martin pointed out that their quality declines rapidly unless the eggs are handled properly from the time they are laid until consumers use them.

Former Haskell Woman Injured in Lamesa Wreck

Mrs. J. B. Claiborne of Lamesa, former Haskell resident, is in a Lamesa hospital critically injured as the result of a car-truck crash near that city shortly after midnight Friday.

The accident occurred about three miles south of Lamesa. Mr. and Mrs. Claiborne were returning from Abilene where they had taken Mrs. Claiborne's mother, Mrs. Wood, to be with her brother who had suffered a heart attack.

A service station attendant, while servicing a large truck, had backed the heavy vehicle onto the highway and was pulling off when the Claiborne car crashed into the truck, an investigating Highway Patrolman was told.

Claiborne, who was driving, stated that he did not see the truck on the highway until his wife screamed. He slammed on his brakes to avoid the truck and skidded 63 feet according to the investigating patrolman.

The Claibornes were taken to Price-Black Hospital in Lamesa. Mrs. Claiborne received eight or ten broken ribs, a fractured skull and a punctured lung. Dr. Noble Price, attending physician, stated, "I have never seen so much glass in one person."

Claiborne was treated for minor cuts and bruises. The side of the car on which Mrs. Claiborne was riding was torn almost completely off by the impact of the collision.

Mr. and Mrs. Claiborne moved from Haskell to Lamesa several years ago and he owns and operates a large food store there.

Chaplain Robert Barnett, Major in the U. S. Army who has spent over 12 years on active duty with the armed forces both in the U. S. and abroad, was guest speaker at the Tuesday luncheon and meeting of the Lions Club.

Chaplain and Mrs. Barnett, and Tom Kilgough of Graham were guests of the club.

The veteran Army Chaplain, a native of Haskell and former pastor of Finkerton Baptist Church, gave an interesting account of his career with the armed forces, which included six years abroad. He was with Army forces in Europe during World War II, and more recently his field of work was in Korea and Japan.

Six Indictments Returned Tuesday By Grand Jury

Six indictments were returned Tuesday by a 39th District Court Grand Jury during a one day session of the investigating body in which 14 witnesses appeared before the jurors.

Also, two no bills were voted in connection with other charges investigated by the Grand Jury, District Attorney Royce Adkins said.

In three of the indictments, for forgery and passing a forged instrument, the principals named were not in custody, and for that reason their names were not made public, the district attorney explained.

Named in the remaining indictments were: Sampson Hawkins, Jr., Haskell Negro, charged with theft over \$50. The indictment alleges Hawkins took salvage auto parts from a wrecking yard in North Haskell operated by Woody Davis. The theft occurred on last April 23.

Carlos Harvey Woodward, 28, and Eddie Jack Isbell, 23, of Stamford, were charged with theft over \$50 in a joint indictment. They are alleged to have taken a "Size 5KVA transformer" from a REA substation south of Haskell on April 29 this year.

Date for arraignment of the defendants charged in the indictments has not been set, court officials said Wednesday.

Wildcat Test Is Slated 10 Miles Southeast City

Surface pipe was due to be set late Wednesday in a wildcat oil test 10 miles southeast of Haskell in the Paint Creek community.

The test, to be drilled by Bill Sojourner, Abilene oil operator, is on the J. A. (Andy) Landess farm in the E. F. Woods Survey. Proposed depth of the test, to be drilled with rotary, had not been announced Monday.

The wildcat is located approximately 1500 feet east of a 4800-foot test drilled last year by A. E. See of Abilene. The test, later abandoned and plugged, reportedly picked up potential production on several drillstem tests.

Local Schools Begin Tuesday, Registration at '56 Level

Student registration in three high school classes Monday and Tuesday indicated total enrollment comparable to last year when 49 Seniors were graduated, school officials reported Wednesday, as plans for beginning of the new term Sept. 3 moved ahead rapidly.

Supt. Robt. R. King said that with the exception of two vacancies for which prospective applicants are being contacted, faculty for the schools had been completed.

High School Principal W. P. McCollum said that 133 high school students were registered Monday and Tuesday. However, this figure by no means indicates total enrollment because many students are away on vacations, while others failed to register for various reasons.

Registering this week were 37 Seniors, 47 Juniors and 54 Sophomores. Principal McCollum reported. He believes this indicates final enrollment at about the same level as last year.

Teachers and their assignments for the 1957-58 term were listed as follows:

Elementary School—H. T. Wilkinson, principal; Apal Richey, Rachel Stubbfield, First Grade; Jo King, Alma Terrell, Myrann Weaver, Second Grade; Madalin Hunt, Nora Macon, Faye Woodson, Third Grade; Geraldine Spain, Brucile Nellums, Dorothy Woodard, Fourth Grade; Mary Ann Guinn, Alice Johnson, Vivian Roberson, Fifth Grade; Mary Martin, Arnelia Foote, Sixth Grade.

Kindergarten—Mrs. D. V. Hiebert.

Junior High School—Hubert Bell, Principal, and General Science; Mrs. Dick Games, Physical Education; Louise Greene, Math; Mildred Byrd, English and Spanish; Jimmy Browning, assistant coach and General Science; Gladys O'Neal, English; Aura Lee Thornton, Reading, Spelling, and Library; Nettie Henry, Math and Social Studies; Joyce Jeter, Homemaking and Social Studies.

High School—W. P. McCollum, principal; Ray Overton, coach and industrial shop; LaVeria Middleton, English; Frank Porter, band; Haskell Stone, Vocational Agriculture; Mary E. McCollum, Home-making; Richard Gaines, assistant coach and History; Gerald McCoy Science; Hazel Weaver, English and Library; Kathleen Diggs, Speech and History; Jerlene Couch, Commercial Subjects.

Special teachers include Mrs. Arlie Mae Burkett, supervisor of education; Mrs. Stella Tice, school nurse; Mrs. Margie Bell, music; Mrs. Frank Porter, special education.

Man Sought For Forgery Nabbed In Spearman

Robert Arnold Atkins, indicted Tuesday by a Haskell County Grand Jury, was apprehended Wednesday at Spearman, Texas.

Officers in the Panhandle city picked up Atkins on information furnished by Haskell Sheriff Bill Pennington.

Atkins is charged with forgery and passing forged checks here about two months ago, while posing as a dental technician who planned to establish a laboratory here.

Sheriff Pennington was to return Atkins to Haskell today.

Sagerton School Will Begin New Term Monday

Sagerton school will begin the 1957-58 term Monday, Sept. 2 with an expected increase in enrollment over last year, according to School Supt. Irene Stewart.

The buses will run Monday, with the runs being reversed from last year.

Lunchroom will be in operation Monday, and buses will leave at 1:30 p. m.

Regular classes will be run Monday in elementary school, however High School pupils will not start classwork until Tuesday at Rule.

Special teachers include Mrs. Arlie Mae Burkett, supervisor of education; Mrs. Stella Tice, school nurse; Mrs. Margie Bell, music; Mrs. Frank Porter, special education.

County Agent Is Guest Speaker At Rotary Club

County Agent F. W. Martin was guest speaker at the weekly meeting and luncheon of the Rotary Club Thursday, when he gave an interesting talk on the new Texas Egg Law.

Other guests at the meeting were Novis Outley, member of the Rule Rotary Club who led the group in a sing song, and John Stone of Haskell, who gave several piano selections.

Vice President Tom Bartfield presided in the absence of President Robt. R. King, and introduced County Agent Martin.

Martin, in his talk, explained purpose of the law, which became effective that day, to protect consumers through requiring correct grading of eggs sold in Texas.

Eggs are a perishable food product and Martin pointed out that their quality declines rapidly unless the eggs are handled properly from the time they are laid until consumers use them.

Marketing standards for grading eggs, and licensing provisions of the new law will benefit not only the consumer, but the producer and retail dealer as well, Martin said.

In connection with his talk the county agent distributed pamphlets describing proper methods for handling and grading eggs.

Fishing License For Ensuing Year To Cost \$2.15

New laws governing fishing will go into effect Sept. 1 which hike the cost of the license but provide more uniform regulations of fishing, Game Warden H. B. Iverson said Tuesday.

All persons between the ages of 17 and 65 are required to have fishing license if they fish with a rod or reel, unless they are fishing on their own premises, Iverson explained. No license is required when fishing only with pots and line or with trot line in the county of residence, he added.

Mrs. J. B. Claiborne of Lamesa, former Haskell resident, is in a Lamesa hospital critically injured as the result of a car-truck crash near that city shortly after midnight Friday.

Chaplain Barnett Guest Speaker at Lions Meeting

Chaplain Robert Barnett, Major in the U. S. Army who has spent over 12 years on active duty with the armed forces both in the U. S. and abroad, was guest speaker at the Tuesday luncheon and meeting of the Lions Club.

Chaplain and Mrs. Barnett, and Tom Kilgough of Graham were guests of the club.

Indian Boosters Initial Meeting Well Attended

More than 30 grid fans and supporters of the HHS Indians turned out Tuesday night for the initial meeting of the Indian Boosters Club successor to the Haskell Quarterback Club.

Major business transacted was selection of three new directors and outlining plans for season activities.

The veteran Army Chaplain, a native of Haskell and former pastor of Finkerton Baptist Church, gave an interesting account of his career with the armed forces, which included six years abroad. He was with Army forces in Europe during World War II, and more recently his field of work was in Korea and Japan.

In the armed service, Chaplain Barnett told his hearers, men of all denominations worship together "as long as you stay with the basic principles of God's teaching and wisdom."

In sketching some of the highlights in his field, Chaplain Barnett said that the responsibility of a chaplain extended into many fields aside from spiritual leadership. He told of being called on many occasions to help servicemen or members of their family deal with problems which ranged from comic to tragic.

Noting changes in the military during the past decade, Major Barnett said that at a recent Chaplain's school, he particularly sensed two major changes. The army is being organized into smaller units for one thing, and the concept of a new kind of warfare.

Labor Day Will Be Literal for Most, Holiday for Some

Labor Day, Monday, Sept. 3, will be partly observed as a holiday in Haskell.

Although not included in the list of business holidays adopted in a poll of merchants by the Chamber of Commerce, Labor Day will be a holiday for all concerns connected with the oil industry, including Service Pipe Line Co. and Schlumberger, company officials said this week.

Also observing the holiday will be the Haskell Post Office and the Haskell National Bank, together with all State and Federal agencies. All offices in the court house will be closed with the exception of the sheriff's department, which operates on a 24 hour schedule.

City-County Cooperation Pays Off

An event scheduled in the near future in which every citizen interested in the welfare and future of our community should participate, is the Chamber of Commerce Breakfast, being planned to hear the full report of the recent Community Clinic held here.

According to those who have studied the report, the Clinic developed some valuable and workable ideas for community development. These suggested ideas will be discussed fully at the C. of C. Breakfast, and some will be adopted for immediate action.

The breakfast is not limited to C. of C. members alone. Every interested citizen is invited to attend and offer their suggestions on civic improvement projects.

An Important Event

Residents in Southwest Haskell are proud of the recent street work done in that area through the cooperation of Precinct 4 and the City Street Department. Practically every street in that section has been graded, many of them widened, and a surface of gravel and caliche laid where needed.

In a few months time, after a few rains and the streets are packed by normal traffic, they can be graded into semi-permanent roadways requiring very little maintenance work to keep them in good shape.

According to City Street Commissioner W. H. Pitman and Precinct 4 Commissioner Francis Blake, expense involved was almost negligible, with city and precinct crews doing the work.

The two officials have set a good example of city-county cooperation.

School Days Emphasize Need For Careful Driving

"Give children a brake." This play on words was made today by J. O. Musick, General Manager of the Texas Safety Association, in behalf of the organization's annual Back-to-School safety program.

"With the arrival of a school year, the pattern of life for nearly every Texan will undergo a radical change. The size of our school system will bear this out," he said.

The enrollment in Texas' public schools, for the '37-'38 year, is expected to reach 1,885,881 pupils; plus 75,280 teachers, principals, coaches, etc., and more than 8,000 school buses.

"The opening of school doors affects virtually every driver, too," Musick continued. "When he gets behind the wheel of his car he is sure to notice some differences."

"School areas will be guarded by the police, extra traffic signs and signals, and by Safety Patrol boys. But special care on the part of the individual driver will need to be added."

He then explained that in the hours just before and after school there are increased numbers of bicycle riders, large groups of child pedestrians and many school buses. All of which are signs, within themselves, for added carefulness while driving on our streets and highways.

"In 1936, there were more than 150 students killed in Texas traffic accidents and approximately 8,920 injured," Musick said. "Of course these are 'just statistics'—unless you or a close member of your family was involved."

"A sense of responsibility and dependability should be a part of the licensed driver's habits. He must recognize that a child can't be relied upon to follow the rules of safety, thus the driver's added alertness must compensate for children's mistakes—'give them a brake!'"

As a short course in safety, Musick offered the following five suggestions to motorists:

1. Be alert for children at all times, especially around school zones, playgrounds and other places where children congregate.
2. Know and obey the special warnings given in school areas by signs and signals, traffic police and Safety Patrol boys. Watch for human caution signs—the children themselves.
3. Don't be juvenile and try to compete with bike riders—go slow and let them grow.
4. Stop when a school bus stops.
5. THINK safety always.

Haskell County History

20 Years Ago—Aug. 26, 1917
Hot, dry weather of the past three weeks has caused premature opening of cotton and as a result "first bales" have been coming in rapidly to all towns in this section. Since the first bale was ginned here last Wednesday for George Best, a total of 78 bales have been reported by Haskell gins.

Mrs. T. J. Arbuckle was returned to her home here Sunday from the Wichita Falls Clinic, where she underwent major surgery two weeks ago.

Mr. and Mrs. Roy Gamble of Lubbock spent Sunday and Monday with Mrs. Gamble's parents, Mr. and Mrs. T. J. Sims.

Judge Glyde Grissom and Mrs. Grissom and their children, of Eastland, spent the weekend here with relatives and friends.

Five new school buses were delivered this week by Bell Motor Company, local Chevrolet dealers. Four of the buses went to the Weimer School, and Rochester School District received one new bus.

The West Texas Utilities Company this week announced a reduction of 16 2-3 per cent in electric rates for Haskell customers.

Work will be started immediately on a modern new school plant for Rochester, following approval given in Washington Tuesday of a \$29,880 grant from the Public Works Administration.

Thomas Kaigler left Tuesday for Lubbock where he has accepted a position in a drug store. He will attend Texas Tech this fall.

Merchants and citizens of Rochester are sponsoring a two days rodeo, horse races, amateur dancing and musical contests, and a boxing tournament, to be held Aug. 26 and 27. Cash prizes amounting to \$50 will be awarded each day.

Miss Beryle Boone of Athens, Texas, is visiting her mother, Mrs. J. S. Boone this week.

30 Years Ago—Sept. 1, 1907
Rewards totalling more than \$2,000 have been posted for the arrest of two men who killed Sheriff Bob Smith and Deputy Jake Owen of Fisher County, near Roby last Saturday afternoon. The officers were shot in the back and killed by two men they had taken in custody in connection with the theft of a bale of cotton.

Alvy R. Mitchell of Stamford has accepted a position in Fouts & Mitchell Variety Store in this city. He has been engaged in the confectionery business in Stamford, but recently sold his business interests there.

Mrs. J. R. Cummings and children, John and Ruth, of Byers, Texas, spent the weekend with Mr. and Mrs. W. A. Duncan.

Mrs. Ed Sprowls is a patient in the Stamford Sanitarium, where she underwent an operation for appendicitis last Thursday. We are glad to report that Mrs. Sprowls is doing nicely.

Miss Matilda Gunn, a graduate of the University of Texas, has arrived in Haskell to assume her work as Home Demonstration Agent.

Two prisoners in the Haskell County jail made their escape sometime Sunday night, after breaking bars on their cell which had recently been re-welded. Several other prisoners who could have also escaped, remained in their cells but did not reveal the break until questioned by officers who missed the men at feeding time. The men who escaped were held on theft charges.

Mr. and Mrs. Martin of the Rose community have purchased a new Ford car.

R. H. Davis returned the first of last week from California where he spent several weeks with his two sons, Terry and Bert, who have been living there for several years.

30 Years Ago—Aug. 31, 1907
Nathan Harrell of the Pinkerton neighborhood has sold about 15 large wagon loads of watermelons in Haskell during the past several weeks. He calls his melons the Alabama Sweet variety.

The schools will begin in Haskell on Monday, Sept. 16. Tutton will be charged for the first month and after that the free term will begin.

W. T. McDaniel says he is expecting a bale of cotton to come in his gin any day now, and that he has all his machinery ready to go. W. H. McFarland, an experienced ginmer, is in charge of the gin.

G. W. Henshaw of south-east of town was here Tuesday and said crops in his section were fine but were beginning to seed rain.

R. D. Means, P. Y. Ingram, Henry King and several other Throckmorton people were here this week buying supplies and a lot of lumber to build a school house.

Burwell Cox arrived home from a visit in Arkansas, where he was detained for several weeks by illness of himself and his mother.

Messrs. Snow and Clifton have shipped several carloads of Haskell County watermelons to Denver, Colo., and other points during the past week and have realized satisfactory returns.

W. E. Bland of the south side was in town Wednesday and told us he had more cotton made already, holds that would mature, than he made last year, and his 1906 crop wasn't bad, at all.

Miss Dannie Phillips, who has been an operator in the Haskell Telephone Exchange for some time, left Tuesday for Seymour, where she will be one of the operators in the exchange there recently purchased by Haskell Telephone Company.

People, Places, and Things

By A. PATE

The ordinary hazards of traffic are well known to practically every motorist and the average driver exercises care against taking undue chances on the highways.

Then there are unusual hazards, the things that can't happen but do, which endanger lives and cause damage through no fault of the motorist.

Last week, for example, while driving near Fredericksburg en route to Corpus Christi, an automobile occupied by Mr. and Mrs. R. A. (Andy) Landess and Mrs. Hamp Harris of Haskell was involved in collision with—of all things—a buzzard!

Fortunately, only damage to the car was a shattered windshield which had to be replaced. As for the buzzard, he was grounded, permanently.

The incident happened near Fredericksburg. Stopping at a garage there, the Haskell people were told of several similar incidents recently. The buzzards light on the highways to feed on grasshoppers and an occasional rabbit or ground squirrel killed by traffic. When take-off timing of the big birds is faulty they crash smack-dab into a car.

One fellow had the grill of his car ruined and the radiator busted in an encounter with one of the slow-flying birds, the Fredericksburg man said. Another motorist hit a bigger game, a deer on the highway. His car overturned and was almost a total wreck, while the driver was badly bruised, the Haskell people were told.

Jim Byrd, lumber company manager, city alderman and assistant chief of Haskell's volunteer fire department, is a valuable man to have around in case of fire—a fact which has been proven on many occasions as it was in Friday's grain elevator fire. Byrd, realizing the danger of dust explosions, pulled his men out of dangerous spots numerous times without hindering their effectiveness in subduing the blaze. Although at least three explosions occurred, no firemen were hurt in the blasts.

Fishing can be an expensive pastime, and when a fisherman presses his luck to the point of being greedy, the sport can become downright costly.

Four Lubbock men illustrated that point last week, when they paid what amounted to 35 cents each for 500 crappie taken at Lake Stamford, in the form of fines and costs in Justice Court.

Game Warden H. B. Iverson checked the catch of the four men, after they had been fishing for several days, and found they had approximately 600 crappie cleaned and iced down. Since the law sets a limit of 25 daily on the catch and 25 in possession, the warden brought the men before Justice of the Peace Earl Treadwell.

Each of the men, pleading guilty, was fined \$25 and costs, for a total of \$44.50. They were permitted to keep 100 crappie, with the remaining 500 being confiscated.

About this season of the year, snake stories begin to make the

rounds, for some unaccountable reason.

Regardless of season, a practice which is generally followed without exception is to kill every rattlesnake encountered if possible.

However, Curt Pennington recalls an incident which occurred about 20 years ago when he ran across a "rattler" and he didn't tarry long enough to try to kill the reptile. Fact is, Curt says he still feels faint merely at the thought of his experience.

The Haskell man had gone to Ozona to work on a ranch there with a cousin. One day the two men were walking across a pasture a short distance apart.

Curt noticed a large mesquite limb lying on the ground, stepped over it and had gone several steps further when the thought occurred to him there were no mesquite trees in that country!

Glancing back, he saw the "mesquite limb" move and begin to coil, its rattles singing. "I'd never believe that a rattler that big existed if I hadn't seen the monster myself," Curt declared.

The men left there in a hurry, he relates. His cousin said the big snake had been seen several times, but had always evaded hunters organized to kill the reptile.

As for Curt, the day he saw the snake was his last day in the Ozona country. He headed back to Haskell the next morning.

Mrs. Sarah E. Cox had her children and families as guests in her home recently. Visiting her were Mr. and Mrs. R. C. Reeves and children of Eastland, Mr. and Mrs. Charles Reeves of Meridian, and Mr. and Mrs. Bill Reeves and children of Rosharon.

An acre foot of water is 325,851 gallons—the amount required to cover an acre to the depth of one foot.

Letters to the Editor

ON BIRTHDAYS

Five years ago I wrote an article "How it feels to be eighty years old. On my eighth-fifth birthday, if you had that article at hand, you might put ditto marks under the words of that article as reflecting my feelings on the eighty-fifth. Reflexes a little slower, sight a little dimmer, hearing a little less acute.

My look on life is the same, this difference as I grow older I accept fundamental beliefs as I always did, but on many things that I formerly accepted as a matter of course I now wonder, but do not reject.

As I grow older, I have a greater love of humanity and a greater desire to be of help. There are so many people who need help—not necessarily from a material standpoint, but a kind word, a word of encouragement. Remember there are "up and outs" as well as "down and outs." Maybe the very person whom you think is self sufficient would welcome such a word.

I have become more tolerant of the beliefs of others remembering a persons beliefs, though different from yours, are sacred to him, and remembering further he might be right.

So that is the way I see it. I am grateful for many good friends, they cheer one along the road of life. They are man's priceless possession. I would not, if I could, trade them for silver and gold.

Dr. M. W. Rogers, Rule, Texas.
Truth has only to change hands a few times to become fiction. Nobody ever gets anything for nothing, but a lot of people keep trying.

Veteran's Land Board Information
By HERBERT RAY
County Service Officer

You may be interested in the current status of the sale of \$100,000,000 Veteran's Land Bonds which were authorized by Constitutional Amendment effective Jan. 1, 1957. Since that date, we have offered \$12,500,000 of such bonds for sale; however, due to the condition of the money market at that date, no bids were received thereon since the Veterans' Land Board is prohibited by the Constitution from paying interest on such bonds in excess of 3%. Since that date market conditions have grown steadily worse insofar as the sale of Veteran's Land Bonds is concerned. For the week ending August 3, 1957, the average interest rates paid on bonds sold was 3.48%. We have been informed that our bonds cannot be sold until this average has dropped to approximately 3.15%.

Until these new bonds are sold, the limited funds which will be available for the purchase of land will enable us to purchase only approximately 200 tracts per year. All funds now on hand, plus anticipated receipts to Nov. 1, 1957 have been committed.

You are reminded, however, that the shortage of funds as set above does not in any way effect your bidding on the forfeited land sales which come up occasionally.

There is a Notice of Land Sale now available by contacting your local County Service Officer or writing to J. Earl Rudder, General Land Office Building, Austin 14, Texas, which will be bid on until 1 p. m. September 27, 1957 under sealed bids. This includes 53 tracts of forfeited land which will be sold to the highest qualified Texas Veteran bidder.

Coyt Hix Family Spend Vacation in Northwest U. S.

Mr. and Mrs. Coyt L. Hix and daughters, Ietha and Louise, of Weinert recently returned from a vacation trip to points in Northwest United States.

On their trip, the Weinert people visited Yellowstone National Park in Wyoming, where one of the interesting sights witnessed was an eruption of Old Faithful geyser. From Yellowstone they traveled to the state of Washington. In Tacoma, Wash., they spent a week visiting with Mrs. Hix's sisters and families, Mr. and Mrs. Paul Dennis and Mr. and Mrs. Loyd Snowden.

On their return trip, they came through the states of Oregon, Idaho, Utah and New Mexico, visiting many interesting and historic spots along the route.

Midwestern U to Begin New Term On Sept. 9th

Some ten years ago, Midwestern University at Wichita Falls was known as Hardin Junior College—today it is a senior college with national accreditation and recognition.

In 1946, the senior college was organized under a state charter. The name Midwestern University was adopted in an optimistic tone hoping that in the future the college would grow into an area college and university.

The faith of the founders of Midwestern has been well founded. Beginning in September of this year the university will have two schools—the School of Fine Arts and the School of Petroleum and Physical Science. Other schools are being planned for establishment in the future.

In 1952 work at the graduate level was offered for the first time. Since then many area teachers have been able to complete their master's degree progress at Midwestern University.

The new school year at Midwestern will begin on Sept. 9 when the freshmen students arrive for their orientation and program counseling activities. Actual enrollment will begin on Thursday, September 12.

Wm. P. Ratliff Named on State Bar Committee

Haskell attorney W. P. Ratliff has been named to the State Bar of Texas grievance prosecuting committee for the 19th congressional district, President Virgil T. Seaberry of Eastland announced.

Richard F. Stovall of Floydada, who represents lawyers of this area on the State Bar Board of directors, was named advisor to the committee on bar admission and judicial retirement. He will serve as ex-officio member of the district grievance and grievance prosecuting committee.

WOMEN'S INTEREST

Betty Redwine Becomes Bride of Miles LaDu in Midland Ceremony

Betty Joy Redwine of Midland and Miles G. LaDu of Hayward, Wis., were married in a double ring ceremony held at 3 p. m. August 18 in the chapel of the First Baptist Church in Midland. Dr. L. L. Morriss, pastor of the church, officiated for the ceremony.

The bride is the daughter of Mr. and Mrs. J. E. Redwine, formerly of Haskell. She graduated from Haskell High School in 1933 and attended Odessa College. She is a member of the Nu Phi Mu Chapter of Beta Sigma Phi.

The bridegroom is the son of Mr. and Mrs. M. G. LaDu of Hayward, Wis. He graduated from Hayward High School in 1951 and attended the University of Wisconsin. He served in the United States Air Force with an 18-month tour in Arabia. He now is attending the Cincinnati Conservatory of Music, where he is majoring in voice. He is a member of Phi Mu Alpha in Cincinnati, and was active with the San Antonio Opera Association in San Antonio.

Given in marriage by her father, the bride wore a ballerina length dress with a fitted bodice of white with net, embroidered with tiny rosebuds over satin. Finely pleated tulle outlined with scalloped rose buds accented with rhinestones framed the sleeves and portrait neckline. The knife pleated skirt was fashioned of two layers of rose bud embroidered net over satin, with a rose bud scalloped hemline.

Vella Redwine, sister of the bride, was maid of honor. Sharon

Mrs. Bill King taught a part of the book, "Great Stewards of the Bible," by John Simpson.

A reviewing council will meet to hear the Junior G. A. girls Friday at the home of Mrs. Sanders at 4 p. m. The council members are Mmes. Carter Tucker, R. S. Sanders and W. B. Guess. Counsellor is Mrs. Jay Cox.

The society voted to sponsor a girl from Round Rock Home for Children.

Mrs. O. W. Vaughn assisted Mrs. Sanders as hostess. Nine members attended.

Williams-Pousson Nuptial Rites Set for Sept. 7

Mr. and Mrs. Arthur F. Williams have announced the engagement and approaching marriage of their daughter, Clydia Sue, to James Harold Pousson on Saturday, Sept. 7 at three o'clock in the afternoon.

Nuptial rites will be solemnized in Saint Ann's Catholic Church in Stamford. The public is invited to attend.

A reception will be held immediately following the ceremony at 704 East Vanderbilt Street, Stamford.

Legion Auxiliary Members Reveal Secret Pals

The American Legion Auxiliary revealed names of secret pals with gifts at a regular social meeting Tuesday, Aug. 27.

After drawing for new secret pals the group enjoyed games and refreshments. The next meeting will be a regular business session Sept. 10 with the American Legion Auxiliary District President as the guest speaker.

FREE PRESS "RATES" IN CANAL ZONE

According to Mrs. Royce Linch, whose husband is stationed at Ft. Davis, Puerto Rico, Canal Zone, each issue of The Free Press is eagerly awaited and has many readers when it arrives there.

She and their two sons accompanied Staff Sergeant Linch to his assignment, and her father "Doc" Brady sends them a copy of The Free Press each week. In a recent letter to her parents, Mrs. Linch said her husband "latched onto" the paper as soon as it arrives. Then after they've read it, their neighbors have standing requests for the Haskell newspaper.

Sept. 5 Meeting Of Garden Club Postponed

Meeting of the Haskell Garden Club which has been scheduled for Thursday evening, Sept. 5, has been postponed, club officers announced this week.

Date for the next meeting of the club will be announced later, they explained.

Jo Ann Griffith Selected for 4-H Gold Star Award

Miss Jo Ann Griffith of the Paint Creek 4-H Club has been named the 1957 Haskell County 4-H girl to receive the Gold Star Award. This is the highest award any 4-H'er can receive on the County basis.

To be eligible to receive this award a girl must be 13 years of age as of January 1 of this year, have completed at least three years of club work, be an active member, and have not received this award previously.

This award is in recognition of outstanding achievement, leadership and contribution to the 4-H program.

Jo Ann's accomplishments are many. In her 4 years of club work she has carried the following demonstrations: clothing, dairy foods, food preparation, food preservation, beef cattle, bedroom improvement, and yard improvement. By carrying these demonstrations Jo Ann has saved \$151.51 during the 4 years.

Jo Ann has taken part in several 4-H activities. In recreation Jo Ann has served on committees to plan the Christmas party, conducted games at County Camp, Achievement Day, Dress Revue, and Bake Shows.

Jo Ann is a safety conscious 4-H'er also. She has cleaned up unsafe articles around her home, taught artificial respiration at County Camp two years and is teaching her two younger sisters to be safety conscious.

Jo Ann is beginning now to practice good citizenship. She has taken part in a skit on the flag at District Camp, and taken part in citizenship programs at County Camp.

Jo Ann has given five demonstrations, seven talks to 4-H groups and written twenty-four news stories. She has been reporter and president of her club and served on several committees to plan club activities.

Jo Ann is an active member of her church and school.

Jo Ann was selected to receive this award by the judging committee: Mrs. Travis Smith, Mrs.

Thurman Howeth, and Mrs. T. M. Fallerson on August 27.
Miss Mary Lou McLennan of Paint Creek was also visited by the judges.

Opening Exercises Of Mattson School Well Attended

Monday a most enjoyable start for the Mattson School was marked by a well-attended assembly program. Sixty-five per cent of the homes in the community were represented in parents at the exercises. The new teachers Jimmy Trimble, with a Bachelor of Music and Education degree from Hardin-Simmons, and Mrs. Geraldine Lane, Master of English degree from TCU, and a well-known visitor, Miss Jew Williams, were introduced.

Supt. Baker also presented returning teachers. Mrs. Beulah Gibson, Baylor University, Bachelor degree; Mrs. Lucile Marlow, Bachelor of Science degree, North Texas State University, Denton; Mrs. Alice Woolan, Bachelors degree, Hardin-Simmons; Mrs. Frankie Jo Baker, McMurry College; and Homer Putman, ACC. Coach Putman presented the trophy for grade school 1957 volleyball championship to the team of Larry Campbell, Jerry Alexander, Jerry Don Kloze, Ronnie Walker, Roger Moeller, Sammy Sorenson, Burlie Peiser and Winfred Selig.

The skeleton plan for the year's school work was presented and discussed. Mothers present made plans for a bake sale to purchase a new curtain for the stage. A faculty meeting at the close of the regular school day was a tea in the home of Supt. and Mrs. Wm. R. Baker and went on record as a real get-together.

CARD OF THANKS

We wish to take this method in expressing our thanks for the lovely flowers and cards of comfort and kind words received in the recent death of our loving brother. May such sorrow never come to you or us again.—Mrs. F. J. Josselet, E. W. Kreger, Mrs. Pearl Holmesly.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

SEN SANFORD... build school buildings and lease them to districts. Numerous Texas officials have opposed federal aid for school building. House Committee... A long list of groups has been set up by Speaker Carr to study basic state problems and report to the 56th legislature. They include: Legislative Budget Board—Reps. Max Smith of San Marcos, Frates S. Seeligan of San Antonio, William S. Heatley of Paducah, J. T. Ellis Jr., of Weslaco. Legislative Council—Reps. Robert Hughes of Dallas, Wesley Roberts of Lamesa, A. R. Schwartz of Galveston, Tony Korioh of Sherman, James M. Cotten of Weatherford, R. H. Cory of Victoria, Menton J. Murray of Harlingen, Alonso W. Jamison Jr., of Denton, Don Kennard of Fort Worth and Harold B. Parish of Taft. State Tax Study Commission—Reps. Seeligan, Richard C. Slack of Pecos and John A. Ruebner, Sr., of Bay City. Full list includes 12 committees—even a committee to study the committees. Harvest Time—Typical hot, dry August weather has been good for harvesting, but hard on pasture and late crops. Dry weather and insects stunted the cotton in central, southeast and coastal counties, U. S. Dept. of Agriculture reported, but better yields are expected in the northern half of the state. However, USDA noted northern crops are two to three weeks late and could be damaged by an early freeze. Egg Dealers Get Licenses—State Agriculture Department is in the process of licensing some 36,000 egg producers, handlers and sellers. New egg grading law will be in effect Oct. 22. Enforcement will begin Feb. 17, 1958. Exempt from the license requirement are retailers who sell less than a case of eggs a week to persons other than consumers and producers who do not claim a certain grade for their eggs. Texas Leads in Roads—Texas is out in front in the interstate highway building program with 293 miles of roads "in the mill." These are projects which are either under construction, contracted or advertised for bids. Cost will be \$96,000,000 with \$76,000,000 coming from federal funds. California is ahead of Texas in cost of projects, but second in mileage. It has 96.5 miles underway at a cost of \$96,000,000. RETURN FROM DALLAS Mr. and Mrs. George Yancey have returned from Dallas where they have been living for the past few months.

Cattle Steady, Trade Uneven, At Ft. Worth

By TED GOULDY Fort Worth—Movement of cattle and calves was slightly expanded in the opening session at Fort Worth Monday. Trade was uneven to some degree, as northern markets came in with a lower tone, and this coupled with bearish cattle trade last week made national packers and out of state order buyers cautious. Most classes of cattle and calves drew fully steady to strong prices at Ft. Worth Monday. Some slaughter bids on fed steers were unevenly lower, but most of the supply cleared into independent packer and shipper channels at firm prices. Cows were active, and most cows and bulis ruled steady, with some spots higher. Slaughter calves were steady. Stocker and feeder buyers with out of state connections were generally talking lower prices on the early rounds on the heels of the weakness in those parts of the country last week on replacements. However, the offering sold generally steady, with some of the higher grades fully steady and strong. Good and slaughter steers and yearlings sold from \$20 to \$25, the higher figure for a load of 1,050 pound steers from H. W. Strickland of Jack County, providing the day's top on beef cattle. Common and medium sorts sold from \$14 to \$19. Fat cows cashed at \$12.50 to \$15.50, and canners and cutters drew \$8.50 to \$13. Bulls sold from \$22 to \$15.50. Good and choice slaughter calves cashed at \$19 to \$22.50 and common and medium offerings sold from \$14 to \$18.50. Culls brought \$10 to \$13. Good and choice stocker steer calves cashed at \$20 to \$24.50, and heifer calves ranged from \$22 down. Stocker steer yearlings ranged from \$21 down. Stocker cows cashed at \$10 to \$15. Some of the buyers were willing to pay a premium for meat hogs at Fort Worth Monday, with the result that the schedule was inclined upwards—on the meat type, that is. Choice butchers ranged all the way from \$21.25 to \$22, which compared with a close last week of \$21.25 and \$21.50 on choice hogs. Medium to good butchers sold from \$18 to \$20. Sows at \$19 downward were no better than steady. Chemical treatment of lumber is advised by Extension Farm Forester C. W. Simmons as a means of controlling termites and rot and retarding fires in homes and other farm buildings.

Mesquite Wood Is Economical Roughage

By F. W. Martin County Agent Mesquite wood ground into a meal is a source of bulk in rations for cattle when other roughages are scarce and relatively high in price. Yearling steers fed a ration containing 7.2 pounds of ground mesquite wood gained 2.2 pounds per head in feeding tests at the Texas Agricultural Experiment Station at Spur, said T. P. Marion, station superintendent. Similar steers fed cottonseed hulls instead of mesquite meal gained 2.29 lbs. daily. The feeding period was 140 days. In a more recent test lasting 112 days yearling steers fed a ration containing 12.23 pounds of ground mesquite wood per head daily gained an average of 2.54 pounds daily, compared with 2.71 pounds

gained daily by steers fed a silage ration, he added. The steers fed the mesquite meal made a higher net profit on the basis of \$10 per ton for ground mesquite and \$18 per ton for cottonseed hulls than those fed the cottonseed hull ration. A chemical analysis shows that mesquite meal has a higher protein, fiber and calcium content than cottonseed hulls, but a slightly lower fat and carbohydrate content. Carotene (Vitamin A) also is in the mesquite meal, but this essential element is not present or is low in quantity in many dry roughages. Mesquite to be used should be green stems and branches 1 to 3 inches in diameter, and should be allowed to cure for 5 or 7 days before grinding. Curing will make grinding easier and will lower the moisture content, eliminating molding after grinding. The wood apparently may be harvested at any time of the year, but it usually has the highest nutritive value in the spring before leaf development begins.

Paint Creek... Community News

MRS. GENE OVERTON

School began with registration Monday morning after an assembly program in the auditorium directed by Supt. Dan McRae. The teachers were introduced, and announcements made concerning bus routes and class periods. In spite of all our fears that the enrollment would be way down, there seemed to be the usual number of boys and girls for beginning Monday. There were 141 enrolled with 44 in high school and 97 in grade school. You read the names of the faculty members last week, and the bus drivers are James Raughton, Mack Earle, Pat Morrison and H. W. Wright.

Mrs. Dorothy Crabb and children were called to Rush Springs, Okla., Tuesday morning when they received word of the death of W. F. Crabb, father-in-law of Mrs. Crabb. Her husband, Leonard Crabb had been in Oklahoma several days while his father had been so ill. He was to have undergone surgery, but it was not known whether he died in surgery or before. The community joins in extending sympathy to this family. It is hard to have such sorrow come when one has just moved into a strange community.

Mrs. Lee Medford returned home Monday night from North Carolina where she spent last week visiting her son and wife, Lt. and Mrs. Raymond Medford. Lt. Medford is to fly to Germany soon on a routine flight, and Ma wanted to visit him before he left, and before she got too busy supplying candy and ice cream to the school children. She says flying is the only way to travel, and she never intends to travel any other way. Willie Lee Medford met her plane in Fort Worth Monday afternoon.

Mr. and Mrs. Ray Gressett of Lubbock are announcing the birth of an 8 pound 3 oz. daughter on Aug. 23. The little girl has been named Kristi Kaye. Mr. and Mrs. Raymond Bounds are the maternal grandparents. Mrs. Bounds is in Lubbock with her daughter.

Recent visitors in the home of Mr. and Mrs. Garland Calloway were Mrs. Calloway's sister, Mrs. Orville Jarmon and Mr. Jarmon. They were here to attend the funeral of Mack Hise, Mr. Jarmon's grandfather.

Mr. and Mrs. John Carlos Montgomery, Johnny Paul and April of Monahans spent several days here this week with their parents, Mr. and Mrs. J. H. Montgomery and Mr. and Mrs. Wood-ward Smith.

Manuel Thane, substitute mail carrier for Rt. 1, Avoca, delivered the mail while Glenn Rennis, regular carrier, and Mrs. Rennis were in Jackson, Miss., attending the National Rural Letter Carriers Convention.

In the wedding Sunday of Jane Holt to James Lee Address, Ray Perry gave his sister-in-law in marriage. Mrs. Ray Perry was her sister's matron of honor and Amelia Raye served as candle lighter.

Ray Roy and Gene Overton, Durward Livengood, Wayne Dilbeck and Howard Montgomery are spending this week at Woodson fishing at the George Dickey Ranch. Allen Isbell and Wallar Overton went down Wednesday for the last three days of the trip.

Mr. and Mrs. J. Howard Montgomery furnished blackeyed peas from their garden for the Tuesday meal at the school lunchroom. Mothers who came for the opening day exercises Monday shelled them for Mrs. Isbell and Mrs. Earles.

Mr. and Mrs. Frank Underwood had as their guests last weekend Mr. Underwood's brothers and their wives. They were Mr. and Mrs. M. D. Underwood of Levelland and Mr. and Mrs. Norman Underwood from Goodman.

On Tuesday afternoon at the Paint Creek lunchroom, Mrs. Fred Bueger, Mrs. Walter Bueger, Mrs. Dan LeFevre and Mrs. Goodman were hostesses for a shower honoring the bride-elect of Don Summers. Brenda Brewer, Mrs. Walter Bueger registered the guests and Mrs. Goodman and Mrs. LeFevre served cake and punch.

A green and yellow color scheme was carried out in the refreshments, and refreshments were served and gifts were displayed on tables covered in linen cloths.

ORDINANCE

An ordinance prohibiting the parking of any vehicle on the public square, or any street or alley within one (1) block of said public square, in the City of Haskell, Texas, for the purpose of selling, or offering for sale, direct to the consumer, any produce, vegetables, or goods, wares and merchandise, of any nature, fixing a penalty for violation thereof, and declaring an emergency.

Be It Ordained By The City Council of The City of Haskell, Texas:

Section 1. It shall be unlawful for any person, firm or association of persons, to park any vehicle on the public square, or any street or alley within one (1) block of said public square, in the City of Haskell, Texas, for the purpose of selling, or offering for sale, direct to the consumer, any produce, vegetables, or goods, wares and merchandise of any nature.

Section 2. Any person, firm or association of persons violating this ordinance, upon conviction of such violation, shall be deemed guilty of a misdemeanor, and shall be fined in any amount not to exceed the sum of Two Hundred (\$200.00) Dollars, and each day of such violation shall constitute a separate offense.

Section 3. All ordinances and parts of ordinances in conflict herewith are hereby expressly repealed.

Section 4. The fact that the City of Haskell, Texas, is without an ordinance properly regulating the selling of produce, vegetables, or goods, wares and merchandise of any nature on the public square and streets of said city, creates an emergency, requiring the suspension of the rules requiring the reading of all ordinances three (3) several days, and such rules are hereby suspended, and this ordinance shall take effect and be in full force and effect immediately upon its passage, approval and publication, as provided in Section One (1) of Article 1013 of Vernon's Civil Statutes of the State of Texas. Annotated, and it is so ordained.

Passed, approved and adopted by the City Council of the City of Haskell, Texas, this 27th day of August, A. D. 1957.

J. E. Walling, Jr., Mayor of the City of Haskell, Texas.

T. J. Arbuckle, City Secretary.

which Mrs. Fred Bueger brought from her recent trip to Germany. Receiving the guests were Mrs. Brewer, the honoree, Mrs. Tiek Elmore and the hostesses.

Mrs. Beatrice Livengood is here visiting her Mr. and Mrs. Durward Livengood and their children while Mrs. Durward Livengood is having some dental work done.

Thanks for Your Help During the Fire

The fire last Friday practically destroyed our elevator and put us out of business temporarily, but on the brighter side it proved that Haskell people are "good neighbors."

We want to publicly thank Service Pipe Line Company and Anderson Construction Company for voluntarily furnishing equipment to move trucks away from the danger zone, along with our Haskell Fire Department whose members together with other volunteers worked long hours during the dangerous emergency.

We also want to thank our many patrons for the volume of business given us this season, and to assure farmers of this section that we will again be in position to serve you just as soon as temporary facilities can be completed.

Barring Any Further Delay, We Will Be Back In Operation by Saturday or Monday.

Application Filed Asks New Trial In Case Involving Custody of Child

Application for a new trial and motion to set aside the jury verdict in a case involving custody of a 2-year-old child, tried in 39th District Court here Aug. 5, was filed Friday, alleging misconduct on the part of jurors hearing the case.

The application was filed by the law firm of Adkins & Condon, attorneys for James Aubrey Boyd and wife of Haskell, plaintiffs in the original action. In the application, attorneys allege that evidence in the Aug. 5 trial was misunderstood by at least four jurors. Affidavits to that effect signed by four jurors were included in the application filed Friday.

The original action was styled James Aubrey Boyd and wife vs. Doris Dunlap Stocks and husband Dean Stocks. In the suit, the plaintiffs sought to have a 2-year-old boy, Nicklas John Dunlap, declared a dependent or neglected child and asked that they (the Boyds) be given custody of the child. Mr. and Mrs. Boyd asserted they had tentatively adopted the boy last April 22.

Defendants, and also seeking custody of the child, were the boy's mother, Mrs. Doris Dunlap Stocks and husband, Dean Stocks. Also intervening as defendants were A. E. and Lydia Stocks of Haskell who asked that the child be placed in their custody. They are parents of Dean Stocks.

Attorney for the defendant was A. J. Smith, Jr., of Anson.

In trial of the case Aug. 5 before District Judge Ben Charlie Chapman, Mr. and Mrs. Boyd both testified they had been given custody of the boy in April by the child's mother, with the understanding Mr. and Mrs. Boyd were to adopt the boy. They had been caring for the 2-year-old child since that time, they testified.

Subsequently, the 20-year-old mother of Nicklas John Dunlap changed her mind about giving up the boy, and blocked adoption proceedings in a court hearing.

In her testimony to the jury in the Aug. 5 trial, Mrs. Doris Dunlap Stocks related that when she first agreed to the adoption she was assured that she had 45 days in which to make a final decision on the adoption. During that time, she decided not to give up her child, she testified.

Attorneys for the plaintiffs, Mr. and Mrs. Boyd, contended that the adoption was not an issue. Trial was to determine whether Nicklas John Dunlap was a dependent or neglected child, and to award custody of the boy, solely on that basis.

Following the testimony of a number of witnesses in the Aug. 5 trial, the case was submitted to the jury on five special issues. Answers of the jury favored the child's mother and her husband, Doris Dunlap Stocks and Dean Stocks.

In substance, the five issues or questions, and the jury's answers were:

Issue No. 1: Is Nicklas John Dunlap a dependent child? Jury

answer was "Yes."

No. 2: Is Nicklas John Dunlap a neglected child? No answer.

No. 3: Should custody of Nicklas John Dunlap be awarded to Mr. and Mrs. Boyd? No answer.

No. 4: Should custody of Nicklas John Dunlap be awarded to Doris Dunlap Stocks and her husband, Dean Stocks? Jury answer was "Yes."

No. 5: Should custody of Nicklas John Dunlap be awarded A. E. and Lydia Stocks? No answer.

In the application filed Friday by plaintiff's attorneys asking that the jury verdict be set aside, the attorneys alleged juror misconduct based on misunderstanding of evidence in the Aug. 5 trial.

A supporting affidavit, signed by four jurors, filed as a part of the application and motion, read in part: "That they (the four jurors) and each of them understood from the evidence that it was the law

if Doris Stocks revoked her consent to an adoption within 45 days from the date thereof, that under the law the child was still hers and the only action the jury could take was to answer Special Issue No. 4 'Yes'.

"That had we understood that this was not part of the law we were required to follow as jurors we would not have answered Special Issue No. 4 'Yes' but would have answered Special Issue No. 3 'Yes.'"

Jurors signing the affidavit were H. E. Bland, Howard Perry, Holland Bell, Bill Lane.

Remaining eight jurors who did not sign the affidavit are Bill Fouts, Tom Jetton, Hugh Carroll, C. V. Ashley, Leon Burson, Cecil Bowers, Eddie Sanders, R. W. Herrick.

Following the Aug. 5 trial, and pending final judgment and order of the court, the 2-year-old boy, Nicklas John, has remained in custody of Mr. and Mrs. Boyd who have had the child since their first effort to adopt him last April.

Date for hearing on the application filed Friday has not been set, court officials said.

Deer and Turkey Prospects Fairly Good in Area

Despite the drouth of the past few years deer and wild turkey are fairly plentiful in parts of Haskell and neighboring Throckmorton and Shackelford Counties, Game Warden H. B. Iverson reported this week.

Weather conditions favorable to worms resulted in the infection and loss of a part of this year's crop of fawns, Iverson said. However, there has been a good increase in the number of deer, the warden believes.

In Stonewall County, where deer were fairly numerous a few years ago, oil field activity has resulted in the animals leaving the region. Only a few scattered deer remain in that region, he estimated.

Iverson had a word of caution for sportsmen anticipating opening of the deer and turkey hunting season in November. In addition

Firemen Talk Plans For District Meet At Hamlin

Plans for attending the semi-annual meeting of West Texas firemen in Hamlin Oct. 10 were discussed at the weekly meeting of the local fire department Monday night.

Tom Watson was elected captain of the department's racing team which will compete in events at the district meet, and Watson stated that first practice for the team would be held Sept. 9.

The department acknowledged receipt of a generous donation from Jay Weaver, Haskell business man, in appreciation for work of firemen in a recent blaze at his residence. Following the business meeting, several firemen volunteered to help in repainting the stands at Indian Field.

to complying with all State game laws, hunters must have permission from the person on whose premises they are hunting, he pointed out.

Dove Shooting Season Opens On Sept. 1

Austin, Aug. 20.—It's time to drag out the shotgun from the corner in the closet and wipe off the lint. The 1937 shooting season will begin Sunday noon, Sept. 1, for mourning dove in the north zone, according to the director of law enforcement of the Game & Fish Commission.

Thirty days later the season will open in the south zone. The seasons extend: north zone, Sept. 1 to Oct. 17 inclusive; south zone, Oct. 1 to Nov. 17, inclusive.

The white wing season has been authorized from the Rio Grande Valley area for Sept. 13, 15, 17.

The dove bag limit is 10 per day, with 10 in possession.

Shooting is allowed from noon until sunset.

Under federal and state regulations all shotguns must be plugged to three-shell capacity. Shooting from vehicles or across the highways is prohibited.

The director issued warnings to shooters to make arrangements with land owners for their hunt's.

Three East Texas counties, Jasper, Tyler and Newton, will have no open season. In a local bill, these counties were excluded from the general laws and a special season was set up. This special season is in conflict with the federal laws.

Reports from all over the state indicate the largest dove crop in years. It is estimated that some 600,000 whitewings will be available for the Valley hunt.

Mourning doves are plentiful now in every area. Unless there is a drastic change in weather conditions before Sept. 1, they are expected to remain in the local areas. Cooler weather or rains could change this condition. Water hole shooting also can be affected greatly, especially if heavy rains fill new water holes, providing too much water in various areas where food is available.

"Every safety precaution should be used," the director said. "Hunting season usually brings on several accidental deaths, due entirely to carelessness."

He also warned that all persons between the ages of 17 and 65 need licenses when hunting outside their home counties. These licenses now are available from wardens and other authorized license dealers throughout the state.
