

HASKELL, HASKELL COUNTY, TEXAS, THURSDAY, MAY 2, 1957

NUMBER 18

Postmaster at Weinert Elected Lions President

R. S. Sanders was elected president of the Weinert Lions Club at the election of officers meeting Tuesday night.

Sanders, Weinert postmaster, is a 1950 Magna Cum Laude graduate of Hardin-Simmons and ex-teacher in the Weinert schools. He taught Math and Science and served one of his three years in the school as high school principal. He is immediate past secretary of the Lions Club.

Retiring president is W. A. Dutton, who served the unexpired term of Damon Smith, who organized the club in Feb. 1956.

Other officers elected for the coming year were Harlan Weinert, secretary; Marvin Plemister, treasurer; J. A. Mayfield, first vice president; P. L. Newton, second vice president; E. L. Cass, third vice president and treasurer; Rev. Carter Tucker, Lion Tamer; W. B. Guess, song leader; directors are M. R. Boykin, J. E. Jetton, E. V. Shackelford and Elwood Hackney.

The club has 29 members, and its two major objectives are to sponsor a Boy Scout Troop and co-sponsor the Teen Canteen with the Weinert Study Club.

Former Haskell Resident Dies in Elkhart, Kans.

Mrs. Fred Quattlebaum, former resident of Haskell, died at 10:30 a. m. April 23 at the family home in Elkhart, Kansas. She had been in failing health for several years. Mr. and Mrs. Quattlebaum had been living in Kansas for more than 25 years. She was the former Effie Roberts of Haskell.

Funeral services were held at 2:30 p. m. Friday, April 26, with the Rev. R. L. Wells officiating. Burial was in Elkhart Cemetery. Survivors include her husband, Fred; one brother, Guy Roberts, of Liberty Hill, Texas; and two sisters, Mrs. Opal Weston of Cloudcroft, N. M., and Mrs. Anna Lou Smith of Waco.

Relatives attending the funeral from Haskell were Mr. and Mrs. Chattle Quattlebaum and Mrs. Bert Orr.

Plans Complete for Annual 3-Days Rice Springs Roundup

FRED CUSTIS

Minister Custis to Take Ministry In Roswell, N. M.

Fred Custis, minister of the Haskell Church of Christ for the past four years, has announced his resignation from the local ministry. He has accepted the ministry of South Main Street Church of Christ in Roswell, N. M., and will begin his work there June 1. Mr. and Mrs. Custis plan to move to Roswell the latter part of May.

"We sincerely regret leaving Haskell and our many friends here, both in and out of the church. However, we feel that we are entering a larger field in accepting the Roswell church," Minister Custis said.

The popular minister came to the Haskell church April 1, 1953, from Central Church of Christ in Beaumont. He has been actively interested in civic and community affairs in addition to his work with the church.

Attesting to his successful ministry is the fact that a modern new church building has been erected to replace the former building which burned. Leadership in the church has been broadened with the addition of three elders and three deacons to the church board. The board of elders now includes A. C. Boggs, Horace Oneal, W. C. Johnston, W. P. McCollum, Glenn Merchant and E. G. Hattox. Deacons are: Hoie Harrell, A. J. Mansker, R. I. Johnson, Bill Lawson, Marvin Leitz, and Virgil Sonnemaker.

Haskell Officer Is Promoted to Rank Of Major

Former Capt. Don Barnett of Haskell, pilot with the 39th Artillery Division, U. S. Army, recently was promoted to the rank of Major, his mother, Mrs. Aille Ford of this city has been advised.

Major Barnett is stationed at Fort Robbins, Little Rock, Ark. He was reared in Haskell and is a graduate of Haskell High School.

Haskellites Get Bid to Visit Haskell, Okla.

Haskell businessmen and civic leaders have been invited to visit Haskell, Okla., during the latter part of May or in mid-June, C. of C. Manager Rex Felker announced Tuesday.

The trip would be a reciprocal visit to the Oklahomans who came to Haskell for the annual Chamber of Commerce banquet, Feb. 15. "Several persons have expressed interest in making the trip," Felker said. Plans for organizing a delegation will be launched following Roundup Week, he stated.

The Haskell, Okla., C. of C. suggested the dates of May 24-25 or June 14-15 for the visit, Felker said. The Oklahomans are planning a royal welcome for the local group, including a chicken barbecue and a tour of lakes and dams in the Haskell, Okla., vicinity, Felker was advised.

Stamford Men Are Free On Bond After Felony Charge

Charges of theft, over \$50 were placed against two Stamford men Monday in connection with the loss of aluminum wire and the damaging of a transformer from two West Texas Utilities sub stations, reports Sheriff Bill Pennington.

The two men, Carlos Woodward, 28, and Jack Isbell, 25, both of Stamford, made bond of \$1,000 each and were released Tuesday pending grand jury investigation. According to Sheriff Pennington, the men were recently employed by a sub contractor for WTU.

Taken from the sub station in the eastern section of Haskell were 310 pounds of aluminum wire and a transformer was damaged at the sub station located on Highway 277. Loss was estimated by WTU officials at several hundred dollars.

RETURN FROM VISIT IN FLORIDA

Mr. and Mrs. E. J. Stewart and Mr. and Mrs. C. C. (Ching) Middleton have returned from a two weeks vacation trip to Miami, Fla., and other points.

Payne Hattox To Preach Here Sunday; Leaves With Family for Sweden May 11

Payne Hattox, minister of the Munday Church of Christ for the past three years who is to leave soon with his family for Sweden, will preach at the Haskell Church of Christ at 11 a. m. Sunday. This will be his final sermon in the local church, and all friends of the family are invited.

The Munday minister is a former Haskell businessman and city official. He was associated with his brother, Gaston Hattox in the grocery business here and later in the Hattox Hardware and Furniture before going to Munday, and was a member of the Haskell City Council.

Mr. and Mrs. Hattox and their two children, Tommy and Lavene will fly from Dallas to New York on May 11. From New York, they will sail for Stockholm, Sweden, where they will be missionaries for the Church of Christ. Their support and traveling fund was made possible by the Churches of Christ in different areas.

REV. JESSE JONES

Rev. Jesse Jones Accepts Pastorate Of Local Church

The Rev. Jesse Jones, founder and pastor of the 5th Street Baptist Church in Rule for the past nine years has resigned his pastorate there to accept the pastorate of the Trinity Baptist Church in Haskell.

The Trinity Baptist, formerly the Fundamental Baptist Church and is located at the corner of Ave. D and South 2nd Street.

During the past nine years Rev. Jones has done a great work at Rule, and leaves a wonderful people and wonderful work there. He comes to Haskell where he was practically reared and schooled, and is no stranger here. He begins his work with the Trinity Baptist Church next Sunday, May 5.

Rev. Jones especially invites friends to come and be in the first service with him.

Marriage License To Three Couples

County Clerk's office reports only three marriage licenses during the month of April. Licenses were issued to: Thomas Ray Ingram, Rule and Karen Pitman, Haskell; Mac Enrique Rodriguez, Jr., Haskell and Sermelinda Martinez, Haskell; Manuel Lee Lewis, Haskell and Nellie Ray Felker, Stamford.

Wichita Falls Group To Visit Haskell Tuesday

Haskell will be host Tuesday, May 7 to a group of Wichita Falls wholesalers who will arrive around 11 a. m. and plan to spend about two hours here. A luncheon is being planned for the visitors with local businessmen.

Parade Route

Route for the parade on opening day of the Rice Springs Roundup, scheduled at 5 p. m. on Thursday, May 9, has been mapped as follows: Assemble at Saddle Tramps Rodeo Grounds not later than 4:15 p. m. From the Rodeo Grounds the parade will proceed north three blocks to North 2nd Street; West on North 2nd Street to Avenue D; South one block and west on north side of square to Avenue E; North one block, and west on North 2nd to Avenue F; South one block to Highway 24, then east to courthouse square; East along west, south and east side of courthouse square, turning east at the intersection of North 1st and Avenue D and proceeding two blocks, then south to Rodeo Grounds.

Community Clinic Well Attended; Rain Postpones Final Session

More than 125 residents and businessmen attended one-hour sessions of the Community Clinic held here Thursday, sponsored by the Haskell Chamber of Commerce with the assistance of the West Texas Chamber of Commerce.

Originally planned as a one-day clinic, the final session scheduled Thursday evening for school teachers and employees in retail establishments, was postponed because of rain and threatening weather.

A make-up session will be held in May, C. of C. President Gaston Hattox announced, in completing the clinic schedule. "The interest and many worthwhile suggestions received in the group meetings shows that Haskell people are definitely concerned with their town's progress," Hattox commented. "After the final session is held we will have a worthwhile program of work outlined as a result of the clinic," he declared.

First session in the day's program was a breakfast meeting for merchants, attended by 51

businessmen and women. Indicating the variety of community-building ideas to be offered, a variety of suggested projects were listed by this group. With provision of an adequate municipal water supply heading the list, suggestions ranged from better traffic regulations to municipal auditorium, together with a hard surface road to Scott Memorial Park and the Paint Creek WTU plant, as most often-mentioned projects needed.

Each person attending the various group meetings was asked to list ideas and suggestions to be included in the Chamber of Commerce work program for 1957.

Assisting in the meetings was Ralph E. Duncan, manager of the West Texas Chamber of Commerce community service department.

Duncan told those present at the meetings that the major activities of the local Chamber of Commerce can be placed in one of four classifications, to include agriculture, retail business, civic improvement, and industry.

Each of the meetings was headed by one of the directors of the Haskell civic organizations. Suggestions submitted will be tabulated and analyzed by WTCC and returned to the local chamber as basis for a work program.

Despite the fact that light rain fell steadily during the day, cutting attendance at all of the sessions held, Duncan and C. of C. Manager Rex Felker expressed themselves as well pleased with the turn-out at the various meetings. Most encouraging point developed, they said, was the fact that Haskell people are interested in community building, as evidenced by the variety of suggestions advanced.

Clinic sessions and number attending were listed as follows: Retail merchants, 37; housewives and clubwomen, 23; high school seniors, 44; farmers and ranchers, 12; service, trades and industry, 17; professional group, 14.

Plans for the "make-up session" concluding the clinic will be announced soon. C. of C. officials said. However, it will likely come after Rice Springs Roundup is held, they said.

High School Band program will be "El Gaucho" (march); "The Banana Boat Song"; "Tournament of Trumpets"; "Carnival" (m a r c h); "Three Themes for Band;" and "Das Pensionat."

Soaking Rains Bring Area's Wettest Moisture Since 1949

Soaking rains which have flooded and high water nearby points in Haskell County farms and ranches during the season's best weather yet.

Official measurements of the last five inches of water in the county gauge kept in the Weinert area.

Water during the season was measured at more than six inches. Weinert also had heavy rain which added up to five inches was estimated.

In the Paint Creek area at least three inches of rain fell slowly into the ground, but little runoff for streams. Heavier rains in part of the county united in lakes and in the Weinert area receiving considerable supplies.

Water on Paint Creek and on seven other water from the Tuesday night.

The equivalent of approximately 21,000 gallons of water, it is estimated. This level the lake is up to one-third full. Water has virtually assured moisture for the county's small grain crop coming at an opportunity for an estimated 5,000 bushels of sorghum planted up to a good stand.

Farmers face prospects for the best wheat crop in an estimated 40,000 bushels in the county, and bumper crops from 60,000 acres as the beneficial moisture produces believe the hail are the major crop could cut into a crop this year.

School Personnel At Paint Creek To Be Honored

Special "appreciation program" honoring faculty and personnel of Paint Creek Rural High School has been planned for Friday evening, May 10, in the school auditorium.

The program is dedicated to faculty members and school personnel for "Achievement and Loyalty Services," and the honored guests will be presented merit awards and service award pins.

Guest speaker for the evening will be R. E. Kennedy, public relations director of West Texas Utilities Company.

To be honored in recognition of 10 years service with the school are Mary Owens, Bertha Hager, Lilla Hefflin, Stella Trice, Frank Sims; and for five years service: Beas Smith, Olga Taylor, Irene Ballard, Tony Barles, J. C. O'Neal, H. F. Morrison, Mack Bessie, Don Holman. The public is invited.

Postal Service and Changed Regulations Explained to Members of Lions Club

A look inside the post office was given by members of the Lions Club at the regular meeting and luncheon Tuesday by Postmaster Harold R. Spain, who described operation of the postal service and some recent and pending changes affecting local mail service.

A guest at the meeting was the Rev. David Edens, Methodist minister of Rochester and a sizeable number of club members were present.

Postmaster Spain, in pointing out that Haskell was now in the top, or first class post office bracket, cited the increase in postal receipts from \$27,307.94 in 1956.

Attesting to his successful ministry is the fact that a modern new church building has been erected to replace the former building which burned. Leadership in the church has been broadened with the addition of three elders and three deacons to the church board.

The reunion proper is scheduled at 5 p. m., when an old fashioned basket dinner will be spread on tables in the large auditorium.

However, the crowd is expected to begin assembling early in the afternoon and local sponsors will be on hand to register visitors as they arrive.

The annual affair follows no set program with the exception of the basket dinner. Singing, visiting, and renewing of old acquaintances and recalling incidents in this section 30 and 40 years ago provide hours of entertainment for the gathering.

A brief business session will be held sometime during the evening to elect officers of the reunion association and set date for next year's meeting. Present officers are O. N. Harcrow, president, and Mrs. Angie Mullino, secretary.

All residents and former residents of the Whitman-Pinkerton section, their families and friends are invited to attend the gathering Saturday.

However, other items are needed and local antique collectors are being asked to bring any item they would like displayed to the building north of the C. & B. Store during the day Tuesday or Wednesday.

Plans now call for the windows of the store buildings to be filled with H. M. "Bud" Rike's collection of mounted animals and old photographs and documents of the era. Mrs. M. L. Blohm will display an entire antique bedroom scene and Mr. and Mrs. Ray Overton have loaned an early day piece of furniture in love seat.

In addition to the museum itself, soft drinks and confections will be sold from an ancient bar which has recently been renovated just for the four day event.

An admission fee of 15c to adults and 10c for children will be charged at the door. The building will be open from 3 p. m. to 7 p. m. Wednesday and Friday, May 8 and 10 and 1 p. m. to 7 p. m. Thursday and Saturday, May 9 and 11.

Miss Ilona Thomas and Mrs. Mary E. Thomas of Haskell recently returned from a vacation trip to Odessa and Abilene where they visited relatives.

Stamford Men Are Free On Bond After Felony Charge

Charges of theft, over \$50 were placed against two Stamford men Monday in connection with the loss of aluminum wire and the damaging of a transformer from two West Texas Utilities sub stations, reports Sheriff Bill Pennington.

The two men, Carlos Woodward, 28, and Jack Isbell, 25, both of Stamford, made bond of \$1,000 each and were released Tuesday pending grand jury investigation.

According to Sheriff Pennington, the men were recently employed by a sub contractor for WTU. Taken from the sub station in the eastern section of Haskell were 310 pounds of aluminum wire and a transformer was damaged at the sub station located on Highway 277.

Loss was estimated by WTU officials at several hundred dollars.

RETURN FROM VISIT IN FLORIDA

Mr. and Mrs. E. J. Stewart and Mr. and Mrs. C. C. (Ching) Middleton have returned from a two weeks vacation trip to Miami, Fla., and other points.

Payne Hattox To Preach Here Sunday; Leaves With Family for Sweden May 11

Payne Hattox, minister of the Munday Church of Christ for the past three years who is to leave soon with his family for Sweden, will preach at the Haskell Church of Christ at 11 a. m. Sunday. This will be his final sermon in the local church, and all friends of the family are invited.

The Munday minister is a former Haskell businessman and city official. He was associated with his brother, Gaston Hattox in the grocery business here and later in the Hattox Hardware and Furniture before going to Munday, and was a member of the Haskell City Council.

Mr. and Mrs. Hattox and their two children, Tommy and Lavene will fly from Dallas to New York on May 11. From New York, they will sail for Stockholm, Sweden, where they will be missionaries for the Church of Christ. Their support and traveling fund was made possible by the Churches of Christ in different areas.

Wichita Falls Group To Visit Haskell Tuesday

Haskell will be host Tuesday, May 7 to a group of Wichita Falls wholesalers who will arrive around 11 a. m. and plan to spend about two hours here. A luncheon is being planned for the visitors with local businessmen.

Parade Route

Route for the parade on opening day of the Rice Springs Roundup, scheduled at 5 p. m. on Thursday, May 9, has been mapped as follows: Assemble at Saddle Tramps Rodeo Grounds not later than 4:15 p. m. From the Rodeo Grounds the parade will proceed north three blocks to North 2nd Street; West on North 2nd Street to Avenue D; South one block and west on north side of square to Avenue E; North one block, and west on North 2nd to Avenue F; South one block to Highway 24, then east to courthouse square; East along west, south and east side of courthouse square, turning east at the intersection of North 1st and Avenue D and proceeding two blocks, then south to Rodeo Grounds.

Haskell County History

20 Years Ago—April 30, 1913

Modern new fixtures, used ex-
clusively in Piggly Wiggly stores,
are being installed this week in
the R. J. Reynolds & Son Gro-
cery. Owners plan to re-open the
store soon under the Piggly Wig-
gly franchise.

Sheep raisers of Haskell Coun-
ty will receive an estimated \$15-
000 from the spring wool clip, ac-
cording to Happle Nutt, San An-
gelo sheep man who was here
this week to deliver 135 yearling
ewes to Chung Middleton. Owners
of some of the larger herds in
the county are Middleton, Jim
Flee, Roy Weaver, V. W. Mead-
ors, John Rike, Roy Taylor.

Members of the Haskell Chap-
ter, Future Farmers of America,
will make an all-day tour of the
Spur Experiment Station on May
6. Ag Teacher H. T. Sullivan has
announced. Fathers of the boys
will be asked to accompany the
youths if they desire.

The former Flelds Grocery
Store building on the west side
of the square is being remodelled,
with a modern front being added.
When completed the building will
be occupied by Perry Bros.

Ed Gossett, prominent Wichita
Falls attorney, will review the
book by Emil Ludwig, "The Nile,
the Life Story of a River," at
the meeting of the Magazine Club
May 7.

Mr. and Mrs. F. T. Sanders and
Mayor F. G. Alexander spent the
weekend in Fort Worth.

Mrs. Sam T. Chapman has re-
turned from Rochester, where she
spent several days with friends.

Mrs. R. A. Black and Mrs.
Floyd Cook returned Sunday from
a two weeks visit with relatives
and friends in Denison and Sher-
man.

Mrs. Claud Warren has return-
ed from Oklahoma City, where
she visited relatives and friends
last week.

Mrs. Irene Ballard spent the
weekend in Denton with her
daughter, Miss Helen Ballard, a
student in NTSTC.

Miss Frances English of Abi-
lene spent the weekend here in
the home of her father, A. D.
English.

Miss Peggy Taylor, Home Dem-
onstration Agent of Taylor Coun-
ty, spent Monday with friends
here.

30 Years Ago—May 5, 1927

Rev. and Mrs. M. L. Baker
left Tuesday for Mineral Wells to
attend a meeting of the Presby-
terial at that place.

Dr. Atticus Webb of Dallas,
president of the Anti-Saloon Le-
ague of Texas, spoke to a large
audience here Sunday evening in
the First Christian Church.

Mr. and Mrs. Howard Wright
have moved to Lubbock where he
is working in an ice plant and
bottling works.

O. E. Patterson, Jr., who is at-
tending McMurry College in Abi-
lene, spent the weekend here with
his parents, Mr. and Mrs. O. E.
Patterson.

Members of the Senior Class of
Haskell High School held an all
day picnic at Scott's Crossing
Friday, April 29. Attending were
Loreda Sloan, Earline Mask,
Ruby Martin, Jesse Conner, Iola
Taylor, Katherine Rike, Faye
Akins, Agnes Fieles, Lonnie Stok-
er, Gladys Conner, Jessie Maud
Hays, Stella Mae Coburn, Vivian
Johnson, Dessie Wolf, Charles
Grissom, Marion Felker, Burwell
Cox, Lewis Sherman, Horace
O'Neal, Marvin Vaughn, Lewis
Smith, Elmore Smith, Orville
Graham, Joe Guest, Mark Wad-
zick, Willie Stoker and Haskell
Stone. The group was accompan-
ied by Mr. and Mrs. H. D. Neff
and Mrs. Ed Sprowls.

M. Fronabarger of Abilene has
moved to Haskell and is making
plans to open a boiler and welding
works in the building across the
street from English Motor Com-
pany, a block west of the square.

A mass meeting has been cal-
led for this afternoon in the City
Hall, to determine the sentiment
of local people concerning calling
a county-wide bond election to
build hard surfaced highways in
Haskell County.

Plans are being made to or-
ganize a delegation of at least
100 Haskell people to attend the
West Texas Chamber of Com-
merce convention in Wichita
Falls May 16 and 17. Mayor T.
C. Cahill, E. Siegel and Sam A.
Roberts head a committee or-
ganizing the group.

50 Years Ago—May 4, 1907

G. E. Langford left Sunday
morning to visit Mrs. Lankford's
parents in Oklahoma City, O. T.
and J. C. Barnett, who is relief
agent on the Valley road, is tem-
porarily filling his place as local
agent.

The Haskell Concert Band went
to Rule yesterday and furnished
music for a picnic.

G. J. Clough, whose farm is
about 12 miles northwest of
town, is making money on the
side from his milch cows. He
has a cream separator and makes
from 15 to 20 pounds of butter
each week, which he sells here
to Foster & Neal.

J. S. Boone has had his house
moved preparatory to the erec-
tion of a large residence on the
same site, in the northwest part
of town.

M. S. Pierson and family, who
spent the winter in San Antonio,
arrived home Wednesday. Mr.
Pierson, president of the Haskell

National Bank, says his health is
very greatly improved.
Center Point school six miles
southwest of town is having a
picnic near the school today. The
school term there will end May
8.

Dave Garnier of the southside
was in town Thursday. He said
the cold spell and frost last week
did not do much damage to gar-
dens and crops as was first fear-
ed.

Mr. and Mrs. A. C. Foster and
children will leave Wednesday for
Galveston to meet Miss Una Fos-
ter, who is on her way home
from New York by steamer. It is
their intention to spend several
weeks in Galveston.

The newly planted trees in the
courtyard are leafing out, and it
appears that practically all of
them will grow.

Miss Lochie Sprowls returned
Wednesday night from Nashville,
Tenn., where she has been at-
tending Radnor College.

M. M. Webster of Rannels Coun-
ty was here this week and bought
327 acres of land four miles north-
east of Haskell. He or one of his
sons will move here this fall.

program might have prevented much of the flood devastation. Plan for a \$200,000,000 fund to help local districts build conservation projects was approved by the House in final form. But Senate opposition slowed progress of another proposed bond issue which would allow state to buy storage space in federal reservoirs. It was cut from \$200,000,000 to \$100,000,000.

Beat the Clock
Time is now the main enemy of an unpassed bill in the Legislature. Any measure that gets caught on the smallest parliamentary snag is likely to die there in the stampede to finish.

During the next week legislators can be expected to show their ingenuity in creating snags to sidetrack unwanted bills. Some favorite devices are sending the measures from one committee to another, to subcommittees or loading them with controversial amendments. In the Senate, of course, the old reliable is the filibuster which forces other members to give up so they can get on to other things.

Matched against this foot-dragging will be the furious efforts of bill sponsors to "beat the clock."

Seasoned observers now are looking for adjournment of the Legislature about May 17. Appropriation bills will be the determining factor and principally the teachers pay bill. If it looks as though no satisfactory agreement can be reached, or that a tax bill is necessary after all, lawmakers may throw in the towel and go home on May 10, looking to a special session to iron out those knotty problems.

Segregation Fight Due
House-passed segregation bills moved forward in the Senate, but still face a filibuster threat.

There two senators, Henry Gonzalez and Abraham Kazen Jr., say they'll fight as long as their breath holds out.

A large but orderly crowd attended the committee hearing. House sponsors and a spokesman for former Gov. Allan Shivers' advisory committee on school segregation spoke on behalf of the bills. Representatives of various church groups, organized labor and several Negroes spoke against them.

Reorganization Wrangle
Insurance Commission reorganization hung by a thread for days, but apparently is to be thrashed out in a House floor fight.

State Affairs Committee tied 9-to-9 on whether to bring the bill out of its subcommittee grave. Chairman Bill Heatley tipped the scales with a "no."

Then renewed pressure from Gov. Daniel brought a promise from subcommittee chairman Obie Bristow to report out "some kind" of reorganization bill. But, Bristow observed, he couldn't see what the two bills under consideration would do except throw the present commissioners out of office. Gov. Daniel has strongly urged starting over with a "clean slate." He reportedly has said he will call a special session if a reorganization bill isn't passed.

Commission, Coke Battle
Physicians Life & Accident Insurance Co. and the Board of In-

surance Commissioners have locked horns in court.

Commission has revoked the license of the firm headed by former Gov. Coke Stevenson. It charged the company with being fraudulently organized, illegally operated and insolvent. It obtained a court order temporarily restraining the firm from doing business.

Company countered with a suit to restrain the commission from interfering with its operation. It blamed its insolvency on a Commission-approved contract by which Physicians bought worthless assets through the state liquidator. It termed the Commission action "capricious, unreasonable, arbitrary."

Naturopaths Ask Help
Texas Naturopathic Association has asked Gov. Daniel to help clear the confusion surrounding their right to practice.

Law passed in 1949 creating a board to license naturopaths has been declared invalid in court. Efforts to get new laws touched off the legislative bribery charges and investigations.

Meanwhile, naturopaths have been coming in batches to talk to the Travis County grand jury. Some had charged publicly that money had been "extorted" from their association to stave off unfavorable legislation. TNA President Howard Harmon said he doubted there was enough evidence to convict anyone.

Short Snorers
Topped by Senate committee was the bill to prevent "loss leader" advertising by retailers. Small grocers had pushed the measure to ban limited sales of below-cost items.

A new House member, Rep. Harold H. Cooley, 35 year old Conroe radio man, took office for the session's waning weeks. He replaces Jas. H. Cox. . . . Speaker Waggoner Carr was praised and plied with gifts from fellow members and constituents on Speaker Day. . . . Senate President Pro Tempore Otis Lock is to receive customary "governor for a day" honors Friday. His office places him third in line to the governorship.

Portrait of Lt. Gen. Ernest O. Thompson is to be painted and hung with those of other notables in the Senate chamber. Texas Independent Producers and Royalty Owners will honor Thompson on May 22 with a silver plaque marking his 25th anniversary on the Railroad Commission. . . . Senate confirmation of J. M. Patterson as chairman of the Board of Control and 86 others wrapped up former Gov. Allan Shivers' long list of interim appointees—all approved.

IN LUBBOCK SATURDAY

Robert Starr and John Ivan Clifton, HHS seniors, accompanied by Coach Jess Stiles spent Saturday in Lubbock, where they visited Texas Technological College.

Spanish women are trained to pit and stuff olives at the rate of about one jar a minute.

Secretary Benson
Advocates New
Cotton Laws

Re-examination of the basic law governing cotton price controls was urged in New Orleans last week by Secretary of Agriculture Ezra Benson, who said recent increased exports and reduced carryovers shouldn't be allowed to lull the nation into complacency.

"We must not wait until, having disposed of surplus No. 1, we build up surplus No. 2," he told the American Cotton Shippers Association. "We should not wait with making changes until they are forced upon us."

Benson said the next few years, "while we have the soil bank and the surplus disposal program," should be used to change to a program more in the interest of cotton farmers.

He asked if the cotton program, because of the price support requirement in the basic law, were not "committed to continuous surplus disposal operations."

"Would it not be well to re-examine the price supports objective if this is true?" he asked. Benson said great scientific and technological farm changes are going on in a revolution that "is the blind spot in the present farm price-support policy."

"Production per worker has doubled in the last 15 years. Cotton production per acre has increased 65 per cent. This creates a new dimension in farm policy and makes it virtually possible to curtail agricultural output with the type of controls acceptable to our society."

Nutrition Lack Common Error of Homemakers

Most Americans get enough or too much food, but not always the right kind. Three out of every four homemakers have only a scanty knowledge of nutrition, a recent study in New York State shows. The other fourth of the homemakers surveyed had only a "fair" knowledge of nutrition as related to feeding their families. Surveys are now being conducted in 12 sample Texas counties which will reveal some of the eating habits and meal planning techniques used by Texas homemakers.

The younger, better educated group know most about food values but also expressed more need for help with problems of planning, buying and preparing food. Meal planning was the most common problem reported. Women want help on planning meals that their family will enjoy. They also want the satisfaction of knowing that family meals are properly balanced and provide the nutrients needed for good health.

"Good Meals Everyday," a new, colorful publication by extension foods and nutrition specialists, gives up-to-date information on planning balanced daily meals, on buying and preparing food. Also included are sections devoted to special needs of certain family members, infants, teen-agers, over-weight and under-weight members.

Copies of the new bulletin are available at your county extension agent's office.

SPEND WEEKEND IN SAN ANTONIO

Dainty Darlings of Spangleland with Circus Coming to Haskell Tuesday, May 21st

June La Rue, Marion Monroe, Rita Thayer, and Lavonne Terrence, members of the "Aerial Ballet," where these lovely and charming ladies present thrills and sensations aplenty during their presentation on the quartette style trapeze. Their act is just one of the hundreds of extraordinary new features on this year's program of Al G. Kelly & Miller Bros., America's second largest circus, coming to Haskell for an afternoon and night engagement at the Saddle Tramps rodeo grounds Tuesday, May 21.

Spring Accident Deaths Lower

Springtime, in addition to flowers, greenery, and other vernal charms, brings a moderate degree of relief from the hazard accidents, the Metropolitan Life Insurance Co.'s statisticians report.

During April the daily toll of fatal accidents is eight per cent below the average for the year as a whole and 20 per cent below that for June, the peak month. This is based on monthly accident records for the three years of 1952 through 1954, the most recent for which such data are available.

Even with this relatively more favorable record, accidents in the United States take about 235 lives a day in March and April, or approximately 7,000 lives during each of these months, the statisticians point out.

Contributing to the decline in fatal accidents during the spring is the drop in deaths from motor vehicle accidents and from falls to their lowest level of the year. Tornadoes and floods, although spectacular in manifestation and the leading natural hazards in the springtime, actually account for only a very small part of the total accident death toll during the spring or any other season. The loss of life from tornadoes and floods fluctuates appreciably from year to year, depending largely upon the number which occur, how extensive they are, and how populous the areas they ravage.

Some types of mishaps, such as drownings and machinery accidents, increase during the spring.

Concerning the year-round picture, the statisticians conclude: "A large proportion of all accident fatalities result from the disregard of safe practices on the streets and highways in the home, at work, and at play. The heavy loss of life can be reduced appreciably through the organized effort of official and voluntary agencies, and the cooperation of an alerted citizenry."

Women Have Big Role in Traffic Safety Program

Chicago—There is nothing weaker about the role the so-called weaker sex is playing in traffic safety—they are doing a man-sized job.

That is the opinion of Miss Alice C. Mills, director of women's activities of the National Safety Council, who said that school safety programs, bicycle safety and highway improvement seem to be the favorite projects of safety-minded women.

She said an analysis of entries in the 1956 Carol Lane Award program revealed that these three areas received the most attention, although activities were spread over a wide range of interests.

The Carol Lane Award—named for the women's travel director of Shell Oil Co. and administered by the Council through a Shell Oil grant—are presented annually to the three individual women and three women's or parents' organizations that have developed and directed the most effective traffic safety programs.

Women who have furthered traffic safety programs between June 15, 1956, and June 15, 1957, are eligible for 1957 Carol Lane awards totaling \$3,500. Miss Mills said.

The awards are the only national recognition given women for their contribution to the preservation of lives through traffic safety programs in their community or state.

They were established to reward women for work in traffic safety and to encourage other women to help make streets and highways safer.

Last year's top individual winner initiated a motor vehicle inspection program in nine Iowa towns, while a Georgia women's

organization took the top award for launching driver education programs in 11 high schools.

Entries in the 1957 awards program should be mailed to Miss Mills at the National Safety Council, 425 N. Michigan Ave., Chicago 11, Ill., before midnight June 15. Entry blanks and information about the awards also may be obtained from her.

More Farmers Turn To Use of Labor Saving Devices

Plan for bigger farm profits by avoiding unnecessary labor costs, advises Extension Farm Management Specialist C. H. Bates. Today's record-high farm wage rates are showing into the spotlight such labor-saving devices as the rotary hoe weeder.

Bates says rotary hoe is effective under proper conditions for eliminating young grass and weed seedlings in row crops. The machine greatly reduces expensive hand-hoeing labor and gets crops started faster than those competing with weeds for soil moisture and nutrients. Time and tractor fuel can also be conserved by making the first cultivation at high speeds.

The specialist warns farmers to prepare rotary hoes for immediate use! Adequate top moisture in most areas of the state now indicate a high weed infestation hazard. Farmers not owning machines are urged to consider renting them if their acreage and type of farming operation will justify it.

Your county agricultural agent or farm equipment dealer can supply additional information concerning possible savings from the rotary hoe and other labor saving devices adaptable to your area. Plan on visiting them soon, advises Bates.

The muskrat is not a rat. He is an amphibious rodent and his legal name is musquash.

She's smart—so should her gift be

Dresses, Lingerie, Hose, Robes and many other beautiful gifts.

Mrs. Baker Directs Weinert Study Club Program

Weinert Study Club met Tuesday at the Community Center for a regular meeting. Theme was "Family Responsibility Toward Hobbies." Mrs. Kenneth Baker directed the program. Quotation for the day was from Thomas Jefferson, "The happiest moments of my life have been the fun I have passed at home in the bosom of my family." Roll call was answered with "A hobby suitable for the whole family." Mrs. W. C. Winchester spoke on "Family Hobbies for All," and demonstrated her hobby of gift wrapping packages. A display of other hobbies was presided over by Mrs. E. D. Earle, who told of her hobby of making ceramics. Others who explained hobbies were Mrs. W. B. Guess, crochet, Mrs. R. E. Hutchinson, hand-made hankies, Mrs. Loyd Lemley, aprons and Mrs. Henry Vojtkufka, leathercraft.

During the business session the club elected Mrs. W. B. Guess and Mrs. Kenneth Baker as delegates to the State convention May 6-9 at Waco. Alternates were Mrs. Frank Oman and Mrs. E. D. Earles.

Hostesses were Mrs. R. E. Hutchinson and Mrs. Tom Lum. Nineteen members and three guests attended. Refreshments of sandwiches, cookies and Cokes were served to Misses Henry Vojtkufka, Lee Walls, Loyd Lemley, Floyd Patton, C. C. Campbell, Glenn Caddell, W. A. Dutton, R. E. Hutchinson, W. B. Guess, W. C. Winchester, J. E. Jetton, M. W. Phemister, Frank Oman, E. D. Earle, T. E. Reeves, R. W. Raynes, Kenneth Baker, J. C. Dutton and Mrs. Clyde Walker. Guests were Debby Campbell, Jeanetta Kay Walls and Randy Lum.

The Duluth-Superior twin harbors on Lake Superior move and receive more tonnage during an eight-months shipping season than any other port in the world except New York.

Knox City Girls Receive State FHA Awards

Two Knox City Future Homemakers, Lynelle Tankersley and Beverly James, were awarded State FHA degrees last week at the state FHA meeting in Dallas. This is the highest award which can be earned in FHA work.

Both girls are juniors in Knox City High School, and Miss Tankersley is the granddaughter of Mrs. Frank McCurley of Haskell.

Miss Tankersley is the daughter of Mr. and Mrs. E. H. Tankersley Jr. of Knox City. She has held offices in both the Knox City chapter and area FHA, attending the National FHA convention in Chicago last summer as area pianist. She has been a member of the Knox City School Band since its organization, and has taken an active part in all activities of the school and community. She is assistant pianist of the Knox City First Baptist Church. She is currently serving as vice president of the Knox City FHA chapter.

Miss James is the daughter of Mr. and Mrs. O. M. James of Knox City. She has served as an officer in the Knox City FHA chapter and in her class, is a majorette in the school band, takes an active part in community affairs, and is an active worker in the Baptist Church. She is president of the Knox City FHA chapter.

Final Meeting of AAUW Chapter to Be Held Monday

The local chapter of AAUW will have its final meeting of the school year Monday evening, May 6 in the home of Miss Madalin Hunt. Erma Liles will have charge of the fine arts program. During the business session, officers for the next school year will be elected.

All chapter members join in wishing for their president, Mrs. R. C. Couch, Sr., a speedy recovery from her operation.

Hradzil-Adams Wedding Set For June 22

Mike Hradzil of Burkburnett is announcing the engagement and approaching marriage of his daughter, Georgia Hradzil, 2220 Idlewild Dr., Abilene, to Howard Lee Adams, son of Mr. and Mrs. W. J. Adams, Sr., of Haskell.

The wedding will be June 22 in the home of Mr. and Mrs. Wickliffe Skinner, 840 Highland Ave., Abilene. Dr. Elwin Skiles, pastor of the Abilene First Baptist Church, will perform the ceremony at 4 p. m.

Miss Hradzil is a 1953 graduate of Texas Wesleyan College, Fort Worth, and is employed as a secretary for Magnolia Petroleum Co. Adams is employed by Furr's, Inc.

Junior High P-TA Officers Will Be Installed May 9

Final regular meeting of the year for the Junior High Parent-Teacher Association will be held Thursday, May 9 at 3 p. m.

Mrs. J. A. Bynum, president, will have charge of the meeting and will evaluate the year's work.

Installation of new officers will also be held, with Mrs. Robert Wheatley in charge. Members of the hospitality committee will be hostesses.

Legion Auxiliary Social Meeting Held Tuesday

The regular social meeting of the American Legion Auxiliary for the month was held Tuesday, April 23. Members enjoyed games, visiting and square dancing.

The Auxiliary will hold its next meeting Tuesday, May 14. All 1957 members are urged to make their plans to attend.

NEWS OF INTEREST TO WOMEN

Mr. and Mrs. George Mullins are announcing the engagement and approaching marriage of their daughter, Deloris, to Jim McMillen, son of Mr. and Mrs. Art

McMillen. The wedding is scheduled to be held at the First Baptist Church June 1, at 4:30 o'clock.

Weinert Matrons Club Shown Soil Problems on Tour

The Weinert Matrons Club met Thursday at the Community Center for a regular meeting. The theme of the program was "We serve by Conservation." Quotation was from Proverbs 18-9, "He that is slothful in his work is a brother to him that is wasteful."

The club was taken on a tour of farms by VA teacher, T. A. Atkinson, with Ray Blackwell, Work Unit Conservationist, Soil Conservation Service, Knox City, as speaker. He said the basic objectives of the Wichita Valley Soil Conservation District, "Is each acre of land in the district being treated according to its capabilities, and it being treated according to its needs."

Some farms visited were in what Blackwell said was class 3 and 4, that need intensified conservation treatment. The top soil had been washed away and the top is unable to retain rain that may fall on it. He described "shoe-string and gully" erosion to the group. The landowner will benefit by retaining all the water that falls on his land. Present terracing was explained and the new look in terracing is to accommodate the modern-day farm equipment.

Other farmland was observed that Blackwell said needed to be in "permanent vegetation," grass for pasture or livestock, and could only be helped in this way. Some farmland visited would require what Blackwell described as a large amount of fill work.

Six boys of the Weinert FFA class made the trip. Budge McGuire, Keith Hobbs, Elwood and Durwood Bruton, Jimmy White and Leon Kreger.

Hostesses for the afternoon were Mrs. G. C. Newsom and Mrs. P. F. Weinert. Club members making the tour were Misses R. J. Rainey, H. W. Liles, W. B. Guess, R. H. Jones, C. T. Jones, J. W. Liles, G. C. Newsom and P. F. Weinert.

HASKELL VISITORS

Guests in the W. D. Heilums home over the weekend were the brothers and sisters of Mrs. Heilums. Visitors were Mr. and Mrs. Jack Gossett, Alvord; Mr. and Mrs. Roy Phillips, Decatur, and Mr. and Mrs. C. H. Wall, Portales, N. M.

ATTEND FUNERAL IN SIERRA BLANCA

Mrs. Marvin Medford, Richard Josselet, and Homer Josselet attended the funeral of their uncle, Judge Love in Sierra Blanca recently. They also visited their father, J. D. Josselet, who is convalescing from a recent illness.

Hospital Notes

The following persons were admitted to Haskell County Hospital last week: Paul Fischer, Haskell, medical; Tom Mancill, Rule, medical; A. Hall, Rochester, medical; Mrs. R. E. Thornberry, Haskell, medical; J. P. Patterson, Rochester, medical; Danny Earle, Weinert, medical; Roxie Taylor, Haskell, medical; Mrs. J. M. Strickland, Weinert, medical; Mrs. Travis High, and infant son, Aspermont; H. J. Patterson, Haskell, medical; Will Jeter, Haskell, medical.

The following persons were discharged from Haskell County Hospital: F. R. Payne, Haskell; Delle Norton, Haskell; W. V. Almond, Rule; A. E. Conder, Jr., Rule; Mrs. Gene Grand, Weinert; W. H. Pennington, Haskell; Richard Mathis, Rule; Mrs. Ray Overton and infant daughter, Haskell; Mrs. C. G. Wallace, Springtown; Josephine Rodriguez, Haskell; Margaret Woolledge, Rule; Mrs. Theodore Silvas and infant son, Rule; Mrs. Hilda Baldwin, Haskell.

Births

Two births were reported at Haskell County Hospital last week:

Mr. and Mrs. Ray Overton, Haskell, a daughter, Mary Margaret, born April 25, weight 7 pounds 13 1/2 ounces.

Mr. and Mrs. Theodore Silvas, Rule, a son, Martin, born April 29, weight 6 pounds 7 ounces.

Center Point H.D. Club Has All-Day Meeting April 25

An all day meeting was held in the home of Mrs. Clyde Bland on April 25 for the Center Point H-D Club members. "Salmon Bake" was the demonstration given by Mrs. Ted Marugg and a delicious lunch was served with the salmon as the main dish.

Mrs. Travis Smith presided during the business and pals were revealed during the afternoon. Members present were Misses Odell Helweg, Tony Patterson, Bill Flournoy, Eva Pearsey, Dow Bland, Smith, A. M. Bird, W. E. Johnson, Oris Gibson, Bill Fouts, Alvis Bird, Buck Bland, Marugg, Bill Wiseman, the hostess and one visitor, Mrs. Massie.

A Hunting Clan aircraft now operates as a flying zoo to bring animal and birds from Rhodesia, Africa, to London zoos.

John Adams lived longest of Presidents of the United States. He lived to the age of 90.

NORTHEAST CORNER SQUARE

Rule C-C Banquet Attended by 200 Guests, Visitors

Rule was host to more than 200 guests and visitors at the annual banquet and meeting of the Rule Chamber of Commerce, when new officers and directors were installed to served during the ensuing year.

Guest speaker Dr. Poe Williams, Methodist minister of Chickasha, Okla., brought an interesting and thought-provoking talk on Democracy and Freedom as exemplified in the American way of life.

Ernest Williams was introduced as the new president of the Rule civic organization. Other new officers are W. L. Pinkard, vice president, and Ronald Carothers secretary. Morris Neal, retiring president, introduced five new directors: Lamar Casey, Gene Wood, Carothers, R. E. McCandless and Pinkard.

Holdover directors are Neal, O. T. Higgs, Jim Norman, E. O. Meier, W. V. Allman, Odus O'Pry, J. C. Lewis, Bill Mason, F. E. Gauntt, Conner Horton.

Entertainment was provided by the Joy Notes, a sophomore girls quartet from Rule High School, which sang four numbers.

Invocation was given by the Rev. Weldon McCormick, pastor of the Rule Methodist Church. Attending the banquet from Haskell were C. of C. Manager Rex Felker, Courtney Hunt, J. M. Crawford, Dr. and Mrs. J. F. Cadenhead, Mr. and Mrs. Howard Perry, Mr. and Mrs. Gene Campbell.

Sen. Yarborough To Be Speaker at Demos Meeting

Senator Ralph W. Yarborough, sworn in Monday as the new Senator from Texas, will be the main speaker at the Democrats of Texas meeting to be held in Austin, Saturday, May 18, at the Stephen F. Austin Hotel.

Democrats from the 5,000 precincts in Texas will meet that day to lay the foundation for a new grassroots organization to work for the principles and ideals of the Democratic Party. An Interim Committee was elected last December to make the necessary plans for setting up the meeting. Mrs. R. D. Randolph, National Committeewoman from Texas, was elected chairman of this Interim Committee.

Precinct meetings are being held this week. Saturday, May 4, county meetings will be held throughout Texas to elect delegates to attend the May 18th meeting in Austin. Each county, regardless of population, is entitled to cast 3 votes, though each county may send as many delegates as it chooses.

Pamphlets explaining the purpose and plans of the organization were mailed out to Democrats in the precincts the past weekend. May 18 convention will adopt a statement of principles, set up a steering committee to direct work for the Democratic Party between annual meetings, and set policies for the Democrats of Texas for the next year.

Dr. Byron Abernathy, Professor of Government at Texas Tech in Lubbock will make the keynote address. Senator Yarborough will speak Saturday afternoon, after which delegates will entertain him and Mrs. Yarborough at a reception.

New Discovery In Caddo Indicated On Ashley Farm

A new discovery from the Caddo has been indicated three miles northwest of Haskell, where B. A. Duffey of Abilene No. 1 Claude L. Ashley recovered oil on a drillstem test in that formation. Operator tested at 5,372-5,402 feet, with tool open two hours. Recovery was 5200 feet of oil. Flowing pressure was 180 pounds, and shut-in pressure in 30 minutes was 1,990 pounds.

Earlier, a test at 5,085-5,105 feet, with tool open 30 minutes, recovered 10 feet of slightly oil-cut mud. Flowing pressure was zero. Shut-in pressure in 30 minutes was 180 pounds.

Location is in Section 31, Block 1, H&C Survey. It is one-fourth mile southwest of production, but will be a discovery from the Caddo.

Cotton Producers Meeting Slated In Wichita Falls

A called meeting of all cotton producers in this area has been scheduled in Wichita Falls Monday, May 6, at 10 a. m. Adell Thomas, president of the Haskell County Farm Bureau has announced.

The meeting will be held in the Wichita Falls First National Bank Building, and the purpose is to discuss a wider choice of cotton programs to be voted on in the referendum in December this year. Thomas said.

Alternative programs to be discussed would not supersede the present program; Farmers would simply have the choice of the present program or any alternative program that is developed, he said. The present program, however, leaves no choice to the farmer and Farm Bureau is urging every cotton producer to attend this important meeting in Wichita Falls, on Monday.

C. H. White, Rochester; H. W. Smith, Mattson; Gene Tonn, Haskell; and Adell Thomas attended the cotton meeting at Dallas last week and reported a very interesting and informative meeting.

Transportation to the Wichita Falls meeting will be planned for those able to attend, Thomas said.

'Atoms for Peace' Exhibit Booked At Wichita Falls

Wichita Falls—Residents of this area will have the opportunity to see one of the U. S. Atomic Energy Commission's newest traveling exhibits. The exhibit, entitled "Atoms for Peace," will be presented in the gymnasium at Midwestern University in Wichita Falls, in connection with the city's Diamond Jubilee, and the Golden Anniversary of the Wichita Falls Times.

The "Atoms for Peace" exhibit has been prepared by the Commission as one of its programs to bring the latest development in nuclear energy to the attention and understanding of the general public.

The main part of the exhibit, which occupies some 7000 feet of presentation space, consists of

Youth Revival at Weinert Highly Successful

Despite turbulent weather, the Associational Youth Revival held last week at the Weinert First Baptist Church was successful from every standpoint, youth leaders and adult directors stated following close of the campaign.

Crowds of young people from churches of the Haskell-Knox Association were in attendance at each service. Attendance increased nightly, and the final service Sunday afternoon was moved to the First Baptist Church here because of the larger crowds and inclement weather.

Among the highlights of each service each night were numbers by soloists; Wayne Bickers and pianist Bobby Taylor, who thrilled the congregation with their musical ability, climaxed with inspiring messages by youth evangelists; Larry Walker.

"The meeting was a great success, since there were 20 young people who made commitments, two of these by professions of faith and others for re-dedication and surrender for special service," John Winters, Associational Youth Director and other adult leaders, and pastor said.

The youth revival was sponsored by young people in churches of the Haskell-Knox Baptist Association. This was the first effort of its kind and youth leaders plan to make it an annual campaign.

Comanches were the first American Indians to become nomads when they drifted down into Texas and New Mexico in the early 1700s to acquire horses from the Spaniards.

more than 80 panel displays, several of which are animated. In addition, the exhibit features several displays showing outstanding developments in nuclear technology: a 16-foot model of a nuclear plant for the production of electricity, and a pair of mechanical "hands" which enable researchers to manipulate radioactive materials easily from the outside of heavily shielded cells.

The exhibit is one of several operated for the Atomic Energy Commission by the American Museum of Atomic Energy, Oak Ridge, Tenn.

There will be no admission charge for the exhibit, which is being presented as a public service by Midwestern University and the Wichita Falls Diamond Jubilee. The exhibit will be open from 3 p. m. to 9 p. m. Sunday, May 12 through Saturday, May 18, providing ample opportunity for adults and students to see a concise cross section of the Atomic Age—its past, present and future.

Other free showings on Midwestern campus during the Diamond Jubilee are the \$250,000 General Electric exhibit of home conveniences of the future, called "Betwixt Living Electrically," the Diamond Jubilee Home Show, featuring the latest materials, planning, appliances, furniture and designing for the home; the Oil and Petro-Chemical displays, and the Diamond Jubilee Museum.

Starting Saturday night at 8:15 p. m., and running every night for a week except Sunday night, 1,250 Wichitans will put on a historical pageant of Wichita County, "The Diamond Trail," in the Midwestern Stadium.

Tickets may be purchased at the gate for this show, which is followed each night by a giant fireworks display.

Firemen Induct New Member, Plan For State Meet

Plans for attending the State Firemen's Convention in Waco next month, with a team from the local department taking part in the contests there, were discussed at a meeting of the department Monday night.

Also, a new member, HHS football coach Jesse Stiles, was inducted into the department. He fills the vacancy resulting when a former member, Olen King, moved from Haskell.

Work schedule for putting up decorations in the business section for Roundup Week were also outlined. Weather permitting, some of the decorations will be strung Saturday afternoon. Bulk of the fronts in the business section will be decorated Sunday afternoon and Monday, according to present plans.

A group of probably 10 firemen will make the trip to the State convention if a racing team is sent. This will be the first time the local department has participated in contests at the State meet.

Texans interested in swine production can pick up valuable information by attending the annual Swine Short Course at Texas A&M College May 6-7. Leaders of the swine industry on both the state and national levels will appear on the program and their subjects will cover present day problems of the industry.

News from Rule

By FAYE DUNNAM

The pre-school clinic was held for next year's first graders Friday April 26. Twenty-nine preschoolers and a large number of parents were present for the show, refreshments, checkup for children, and general orientation program. This a yearly event in the Rule public schools.

Mrs. Jack Williams, home economics teacher, and two of her sophomore Homemaking students, Pat Jeter and Clarice Heatherly, attended the State Future Homemakers convention in Dallas last weekend.

The Haddad Save Way Food Market opened April 19 in Rule with a large number of specials indicative of future prices and specials.

Ed Haddad, twin brother of Woody Haddad who is present assistant manager, and his wife Mary Jane, and two children Kay and Cindy, will move to Rule as soon as school is out. Mr. Haddad will become manager of the Rule store.

Mr. and Mrs. Haddad will move here from Tulsa, Okla. Mr. Haddad is a graduate in geology from Oklahoma University at Norman. He will be associated with a geology office in Abilene.

Rule students making all A's on the fifth six weeks report cards are: First Grade: Derrell Davis, Nan Jones, Jimmy Ray Kitley, Susan May, Marijane McAdoo, John Westbrook. Second Grade: Mary Ann Anders, Mary Diane Dillard, Jim Carpenter, Edith Chambers, Glenn Davis, Cheryl Counts, Janis McMeans. Third Grade: Gerre Colbert, Cheryl Morgan, Edith Murray, Lynn Richards, Van Sedberry, Beth Simpson, Ronda Stryker, Linda White. Fourth Grade: Jerry Barbee, Eddie Chambers, Glenda Cox, Brent Davis, Jackie Dillard, Gary Fannin, Carol Gann, Jackie Higgs, Janice Hill, Larry Jeter, Mary Lopez, Ronnie May, John McQuinn, James Moore, Linda Simpson, Patricia Thompson, Rita West, Charlene Wood. Fifth Grade: Carol Sue White, David May, Dolores Stryker. Sixth Grade: Lynn Beard, James Norman, Judy Jones, Andres Lopez, Seventh Grade: Gary Wood, Barbara Colbert. Eighth Grade: Phyllis White, Linda Higgs, Barbara Stryker. High school students making all A's were: Freshmen: Jimmy Riggins, Mary Whorton, Kay Hertel, Jack Coker, Jackie Colbert. Sophomores: Jan Ousley. Juniors: Janice Coker. Seniors: Danna Hunt, Lynnell Fouts, Winston Ulmer.

Eighth Grade Banquet In a Hawaiian setting the Rule eighth grade graduates were entertained in the school cafeteria last Friday night with a banquet. Conner Horton gave the invocation. Janet Hannaz welcomed the group. Roy Lee Tate sang a solo. Nona Bryant read the class proph-

ecy and Keith Whitaker read the class will.

Tom Horton introduced the speaker of the evening, Rev. Dan Barfield. The banquet ended with the singing of the school song. Mrs. Oswald Kiekie is the class sponsor. Room mothers served the meal.

About 100 of the Rule students went to Knox City by bus last Friday morning for their Salk polio shots.

Mr. and Mrs. Herschel Hines visited their son and family, the Connie Hines in Fort Worth this weekend.

Mr. and Mrs. Herbert Hines visited Mr. and Mrs. Alvin Hines in Electra last weekend. Charles Hines met them there.

Mr. and Mrs. Festus Hunt had dinner last Sunday for a large number of relatives. Those attending were: Mr. and Mrs. Bill Fouts, Maurice Fouts and Alton Peiser of Haskell; Mr. and Mrs. Clarence Presswood and baby of Abilene, Mr. and Mrs. Lorous Hunt and two sons of Knox City, Mr. and Mrs. J. T. Sego and two children of Rochester, Mr. and Mrs. F. S. Hunt, Mr. and Mrs. Hubert Hunt, and Miss Gladys Richards, all of Rule.

Visitors in the Roy Self home this weekend were Mr. and Mrs. Tommy Joe Self and son, Mr. and Mrs. Alvin Moore and two girls, all of El Paso; Mr. and Mrs. James Patterson of Snyder, and Jerry Jetton of Wichita Falls.

Fed Cattle Prices Weak, Lower At Fort Worth

By TED GOULDY

Fed steers and yearlings and some medium and lower grades of slaughter calves were weak to 50 cents lower. Choice fat calves, stocker cattle and calves ruled fully steady to strong. Cows were strong and bulls were steady to 50 cents higher as few individuals topped at \$15.50.

Good and choice fed yearlings and heifers sold from \$20 to \$23.50, and fed steers sold from \$22 downward. Common and medium offerings cleared at \$13 to \$19. Fat cows scored \$13 to \$15.25, and canners and cutters bulked at \$8.50 to \$13. Bulls sold from \$10 to \$15.50. Good and choice fat calves bulked at \$20 to \$23, with some fancy calves topped at \$24.25. Common and medium offerings sold from \$14 to \$19. Culls sold around \$11 to \$14. Stocker steer calves cashed at \$23 down, and stocker yearlings ranged from \$21 down. Replacement cows sold from \$10 to \$14.

Despite expanded receipts around the major marketing circle Monday, swine prices were 25 cents higher in Fort Worth due to good shipper and small packer demand. Good and choice butcher hogs topped at \$18.75 to \$19, and less desirable weights and kinds sold from \$15 to \$18.50. Pigs sold around \$12 to \$15. Sows cashed at \$15 to \$16.50. Stags sold from \$11 down.

Sagerton News

By MRS. DELBERT LEFEVRE

This community has received nice slow rains this past week without any hail or wind damage, and it has all soaked into the ground.

Mrs. John Clark returned last week from a trip to points in South Texas where she had visited with relatives and friends for about a month. Mrs. Carrie Clark of Lockhart came home with her for a visit.

M. Y. Benton and Reece Clark caught a 72 pound catfish at Fort Phantom Lake Friday morning of last week. They went down to the lake Thursday night and were unable to come home because of high water, until Friday morning.

The following members of the Brotherhood of St. Paul's Lutheran Church attended a meeting at Lubbock last Sunday: Herbert Vahlenkamp, Edwin Thane, Herbert Nierdieck, A. C. Knipling, Anton Tichelman and Herbert Rinn of Old Glory.

Bro. Marshall Rhew, district superintendent, conducted services at the Sagerton Methodist Church here Sunday, and quarterly conference was held after the services. Mr. and Mrs. J. C. Harwell, Mr. and Mrs. Howard Owens and Mr. and Mrs. Cox, all of Tuxedo, were also present at the services. The noon meal was served at the school cafeteria.

Mr. and Mrs. Johnny Spitzer and Gary, and Mr. and Mrs. Loll Young and Cliff LeFevre and Mr. and Mrs. Delbert LeFevre and children attended the Cottle County Horse and Colt Show at Paducah last Friday and Saturday.

Karen Tabor, daughter of Mr. and Mrs. Jacky Tabor of Fort Worth, is visiting here with her grandmother, Mrs. John L. Brooks and family.

Mrs. Eldon Cook and daughters, Sharon and Carolyn of Big Spring, visited here last week with Mr. and Mrs. M. Y. Benton.

Mrs. Connally of Stamford, the former Loretta Neinaast, daughter of Mr. and Mrs. Oscar Neinaast, underwent an appendectomy operation at the Stamford Hospital last Monday.

Stocker-Feeder Sale Stated at Fort Worth

The usual 8 a. m. selling time at Fort Worth livestock market will be set up to 9 a. m. on May 10 for the special stocker and feeder show and sale that is run off on that date. The delay in starting selling will permit farmers and ranchers driving in for the event an extra hour before the trade starts to make the trip and look over the entries.

The vast improvement in range conditions in all parts of the state enhances the possibility of strong demand from Texas, Oklahoma and New Mexico and some good strings of cows will be featured. One string of 97 head will include 40 pairs and 17 dry cows and heifers, as well as two bulls. An inquiry from the owner of 300 commercial Angus cows came all the way from Nebraska Monday.

When Lieut. Alfred A. Cunningham received orders for duty involving "land flying" on June 1, 1916, he became the first Marine Corps aviator to be assigned this type of aviation training.

April Rainfall Heaviest Since 1949; Year's Total 7.40 Inches to Date

Rainfall of 3.96 inches recorded here during April is the heaviest precipitation measured locally since April, 1949, when 4.60 inches was recorded.

Rain during April boosted the year's total of 7.45 inches to date, lacking only 2.04 inches of equalling the total of 9.49 received during the entire year 1956.

Normal rainfall for the first four months is 5.39 inches, showing an excess of 2.06 for 1957 to date.

Heaviest April rainfall on record here was in 1922, when 9.43 inches fell during the month, records kept by County Agent F. W. Martin show.

Moisture was recorded here on 12 days during April, according

to records of Sam P. Herren, official observer for the U. S. Weather Bureau. Daily precipitation ranged from .04 to .66 inch. Temperature during the month ranged from a low of 29 degrees on April 13 to a high of 94 degrees four days later on April 17.

Daily rainfall in April:

April 323
April 417

Mathis Resigns as Superintendent At Mattson

Ervin T. Mathis, superintendent of schools for the Mattson Rural High School District for the last two years, resigned Monday April 29, with the effective date to be July 1. He had one year remaining on his contract. Supt. Mathis said his plans for the immediate future were indefinite, but he would remain in the teaching profession.

Ernest Peiser, president of the Mattson School Board, said that a meeting would be held soon, at which time selection of a successor will be considered.

A. Mattson during the administration of Supt. Mathis, the school was removed from the "advised" list of schools by the Accreditation Division of the Texas Education Agency, and eight teachers were used for the first time in the history of the 21 year old school. Other improvements to the school plan during his administration include doubling of the library facilities, considerable science equipment has been added, and all rooms have been painted. Football lights were installed at the beginning of the 1955 football season, and seesaws were added for the grade school. A 440-yard track has been laid out, and an outdoor basketball court has been provided.

For the 1956-57 school year at Mattson, all teachers had degrees. Achievement tests indicated that all but two grades were ahead of national norms, assemblies were held every two weeks, and three district championships were won in District 13-B literary events.

Mathis was high school principal and coach at O'Brien for two years before going to Mattson. Before that he taught at San Angelo, Water Valley, Paint Rock and Baird. He graduated from McMurry in 1941 and received his Master of Arts degree from Hardin-Simmons in 1950. He is married and has one daughter, Mary, who is in the fourth grade.

Supt. Mathis has served as president of the Haskell County unit of the Texas State Teachers Association, Director General and Athletic Director of the Spring Interscholastic League Meet, Chairman of District 4 Basketball, and is currently serving as Chairman of Six-Man Football in District 4.

Post Office — (Continued from page 1)

1949 to \$40,858.44 in 1956. Despite the large volume of mail handled, the local office operates today on fewer man hours than in 1949, he stated.

Postmaster Spain explained that in addition to mail service, other types of service rendered by the post office included handling of money orders, defense stamps, and postal savings.

He detailed the various classes of mail: First class, letters, etc., on which postage is 3c per ounce or fraction of an ounce; and air mail, which carries a rate of 6c per ounce or fraction. In second class bracket are newspapers, magazines, etc., while third class mail covers bulk mailings, circulars, advertising literature and small packages up to 8 ounces. Parcel Post mail includes packages weighing 8 ounces and up, he explained.

He reminded post office patrons of a new regulation going into effect May 1 concerning insured mail. After May 1 the local post office will keep no record of insured mail, and he advised patrons to keep their own receipts of this class of mail.

Complete Address Required Postmaster Spain explained that regulations applying to offices of the first class required that all mail must bear the complete address of the person to which it is sent. This means, he pointed out, that mail of every kind must carry a definite, specific address such as street address, post office box number, or general delivery designation. Subscribers to newspapers or

magazines will be furnished a form—No. 3078—on which they can list their correct address and send to the magazine or newspaper, if they will call at the post office, the postmaster explained.

"This requirement becomes effective July 1, and the change will likely result in some confusion or delay," Spain said. "But we will help in any way we can to help you get your mailing set up and will answer any questions you have concerning problems with your mail."

Window Service

Under a new schedule, windows in the Haskell post office are open from 8 a. m. until 4:30 p. m. five days a week, and 8 a. m. to 12 noon on Saturday.

Post office employees come on duty at 5 a. m. and remain until 7 p. m. each weekday under the current schedule.

Mail is received in the local office each day as follows: 5 a. m., from the north, first class mail only. 7:20 a. m., from the north, first class and parcel post. 11:20 a. m., from Abilene and points south, first class only. 9 p. m., from points south, first class mail and parcel post.

Dispatching schedule of the local office: 5 a. m., to Rule, Rochester, O'Brien, Knox City, first class, and to Stamford, Abilene and points south, first class. 10:30 a. m., way pouch for first class mail to points north and Wichita Falls. 3 p. m., Abilene and points south, first class. 6:30 p. m., first class and parcel post to Wichita Falls and points north.

Weinert Lions Organize Boy Scout Troop

The Weinert Boy Scouts have been organized under the direction of a new Scoutmaster, Alton Sanders and assistant Elwood Hackney. Eight boys have joined and more are expected to join in the near future. Present membership includes Joe Hackney, Jerry Hutchinson, Lonnie Sturdy, Wayne Offett, Jack Dunnam, Bill Jetton, Jackie Sanders, Scotty Moody and Eddie Roberts.

A fund raising campaign will be sponsored by the Scouts to purchase camping equipment. They hope to be represented at the next Scout Jamboree.

The Lions Club committee helping in the organization of the troop is composed of Douglas Myers, J. E. Jetton, Jay Cox, B. L. Cass and M. W. Phemister.

O'Brien Coop Gin Pays Dividend Of \$50,302

At the annual meeting of the stockholders of the O'Brien Co-op Gin, Saturday, April 27, a cash dividend of \$50,302.61 was declared, leaving enough cash to do all repair work on the gin, equipment and housing.

They will begin ginning this fall on a cash basis with no indebtedness, S. N. Reed, manager of the gin stated.

A large group of farmers attended the meeting. They were entertained by the "Mocking Bird Quartet."

Use the Want Ads.

A huge iron chain, each link about three feet in length, was stretched by Washington's forces across the Hudson River to hold back successfully the British fleet in 1778. The links are now preserved at West Point.

Cub Scout Pack Officers Elected

Den 3 under direction of Mrs. W. V. Felker opened the Cub Scout Pack meeting with an Indian Ceremony around the camp fire. Monday night, April 29 in the Elementary School auditorium.

Dressed in Indian costumes, they beat the drums, did a war dance, sang an Indian song and prayed to the Great White Father.

Den 5 with Mrs. Gerald Lytle and Mrs. Gandy Williams and Den 2 with Mrs. M. C. Medley and Den Chief Tommy Hester played the games, skin the snake, and rabbit races.

New officers elected were: Cub Master Harold Hodge; Assistant Cub Master Howard Perry; Secretary-Treasurer, Mrs. Gandy Williams; Pack Committee Chairman, Ed Hester; Reporter, Mrs. Ed Hester; and Achievement Chairman, Viars Felker.

Eleven boys receiving awards were: Tommy Hester, Den Chief shoulder cord; Harold Hodge, three silver arrows; Billy Hargrove, a Lion badge, one gold arrow, denner's bar; Gene Hester, one silver arrow; Eddie Hester, a Lion badge, one gold and one silver arrow; Mack Medley, a Lion badge, one gold and one silver arrow; Barry O'Neal, a Lion badge; Jeff Roberson, a Webeo badge; Jimmy Hughes, a Lion badge; Larry Flournoy, a Webeo badge; Michael Felker, one silver arrow.

Den 4 with Den Chief Robert Coburn leading, gave the closing with the reading, "What Good Cub Scouts Do" and the group salute.

The May Pack Meeting will be at Rice Springs Park at 6:30 p. m. on May 27. Each Cub and his family are to bring a picnic lunch.

Business Section To Be Decorated For Roundup

Firemen will begin work this weekend stringing street banners and placing decorations on store fronts to "dress up" the business section during Rice Springs Roundup week.

Street banners also will be strung across the route to the rodeo grounds, and buildings and stands on the grounds will get a share of the decorations.

Firemen hope to have all the decorations in place not later than Monday. Decorations will remain in place throughout the week.

Local Farmers Union Eyes Proposed Wage Law; Benson's New Farm Plan

By ALLEN STRICKLAND
The Haskell County Farmers Union held its first monthly meeting as a chartered local on Wednesday evening, April 24, at 7:30 in the district court room at Haskell. The minutes of a meeting held March 8, 1957, were read and approved.

It was decided to hold the regular monthly meetings on the fourth Tuesday of each month. A report of the progress of Haskell County Farmers Union shows continued growth with a present membership of 114.

Two topics were discussed which are of vital interest to farmers everywhere. The first of these was a report of the attempt to bring agricultural labor under the provisions of the Wage and Hour law. This means that if such a law is passed farmers would be required to pay the \$1.00 per hour minimum wage and time and one-half for any work performed in excess of 40 hours per week. There is also a drive underway to cover bracero labor with the same provisions. This would probably double the cost of farm labor. All farmers are urged to write Congressman Mahon and Senators Johnson and Yarborough and let them know your feeling in this matter. Failure to do so will probably be taken as approval of the extension of coverage.

It was also reported that Secretary of Agriculture Benson has come up with another farm plan, and will make a determined effort to get it into law. The essence of this plan is to further reduce price supports or do away with them entirely. Under the present 90 to 75 per cent of parity sliding scale, prices of all farm products are nearing the bottom of the scale. When this sliding scale was presented to the American people, it was represented as a cure-all for the farm problem. In theory, farm production was supposed to decrease as prices were dropped. Such has not been the case, so Secretary Benson will argue that prices have not dropped enough and will ask that price supports be abolished, or at least that the floor under basic commodities be lowered from 75 per cent of parity to 60 per cent.

This plan is essentially the same as that advanced by Charles B. Schuman, president of the American Farm Bureau Federation. It will have a lot of support from city congressmen and others not familiar with the problems of the farmer. It would return the farmer to about the same status as the 1930's, but with this difference, that farm costs were never higher and are continuing to increase. Advocates of such a farm plan ignore two basic economic facts which any businessman can vouch for. That when you decrease the margin of profit on a commodity, the only way to maintain a stable income is through increased production. This effectively rules out lower price supports as a method of decreasing production, and, as can be seen by looking back upon the past two years under the sliding scale, just the opposite has been the case and production has increased.

The other basic economic fact is that most farm products are harvested and sold in a brief three or four month period, and that a free market, simply is not

capable of absorbing a year's supply of a commodity in such a short time without developing a glut and collapsing. The function of price supports should be to siphon off excess production which the markets cannot absorb during harvest and offer them for sale when demand quickens. Without price supports the average price over a year for a given commodity might seem quite reasonable, but this would be due to the fact, that while prices received by farmers during harvest would be low, prices would advance after the harvest period and the profit the farmer would have made would be absorbed by the processor.

All members were urged to oppose such a farm plan.

50 Tracts of Land Offered Veterans In Sale June 6

Fifty tracts of land, mostly in Central Texas and the upper Valley region, will be offered for sale on June 6 by the Veterans Land Board.

Forfeited earlier by the Board because purchasers were not keeping up payments, the lands total 3003.44 acres. They are located in 25 Texas counties.

Nine of the fifty tracts offered are in Medina County, just west of San Antonio. This is the largest county offering. Nearby Zavalla County has five of the forfeited tracts.

Forfeited lands to be offered for sale in East and Northeast Texas are in Lamar, Red River, Hopkins and Rusk Counties.

In Central Texas, forfeited tracts are in Erath, Comanche, Brown, Hamilton, Coryell, Lampasas, McCullough, Williamson and Bastrop Counties.

Upper Valley lands are in Bexar, Medina, Karnes, Frio, Zavalla, Maverick and Dimmit Counties.

Hidalgo and Cameron are the only two counties in the Valley with forfeited lands.

In West Texas, tracts will be offered in Presidio and Culberson Counties, and in the Panhandle in Oldham County. Anyone desiring information

'07 Model Cadillac Advertises Wichita Falls Jubilee

WICHITA FALLS—A 50 year old Cadillac with Rhea Howard, editor and publisher of the Wichita Falls Times and Record News at the wheel, has been seen at many area rodeos and community events, calling attention to the Golden Anniversary of the Times and the Diamond Jubilee of Wichita Falls.

On Sunday, May 12, the Times will issue a giant edition commemorating a half century of daily newspaper publishing, and starting a week-long celebration in Wichita Falls of the city's seventy-fifth year since the town lot sale in 1882.

The Times Golden Anniversary issue will contain more than 200 pages, and is a complete historical review of Wichita County, fully illustrated with hundreds of old photographs that go back as far as 1884.

The Diamond Jubilee will open Saturday, May 11, with a parade and a two-hour historical pageant in Midwestern University's stadium at 8:15 p. m. that night. It continues through the following Saturday, May 19, which will be Armed Forces Day. The pageant will play every night except Sunday, when an area-wide religious meeting of all faiths will be staged in the stadium.

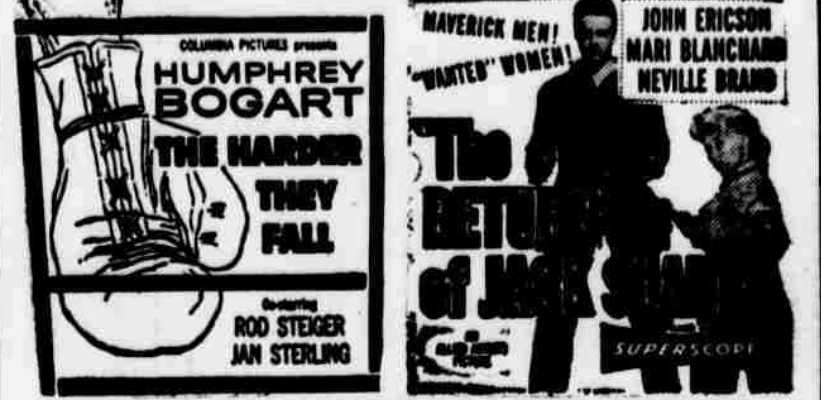

Area citizens, and particularly students, are invited to view five free exhibits on the Midwestern campus, including: Atoms for Peace, 7,000 square feet of educational exhibits sponsored by the Atomic Energy Commission; Oil Petro-chemical and Transportation displays, the Diamond Jubilee Museum, a \$250,000 Better Living—Electrically show sponsored by the General Electric Company; and the Jubilee Home Show, featuring the latest in home construction materials, appliances, furniture and other planning ideas.

about the sale may contact the Veterans Land Board in Austin, Land Commissioner Earl Rudder said Monday.

CARD OF THANKS
We would like to take this method of expressing our sincere appreciation for the kind words, consolation, food, beautiful floral offerings, and all other kindness shown us in the loss of our father, husband, and grandfather, W. D. Darden.
Especially do we want to express our thanks to the doctors, hospital staff and Holden's Funeral Home.—The Darden Family, 189

Tips on Stocking Farm Fish Ponds

Overstocking is the most common error made in managing farm fish ponds, warns Edwin Cooper, Wildlife Conservation Specialist. Don't fall for the common belief that "the more fish put in, the better fishing will be."

Cooper says a given body of water will support only a certain number of healthy fish just as a range is limited in cattle grazing capacity. Both state and federal hatcheries supply stock fish on the basis of an applicant's report of surface water acreage. The number of fish supplied for an accurate measure will produce more big fish in the shortest length of time possible.

Only a few fingerling fish are needed to stock an acre of water initially, Cooper asserts, and the right combination of fish is essential in maintaining a proper population balance. Over populated ponds, Cooper says, will mean a shortage of food and too many small fish.

When a pond's fish population becomes unbalanced with too many small stunted fish or rough undesirables such as shad, carp, suckers, and bullhead catfish, Cooper recommends complete removal and restocking with the proper balance. Derris or rotenone powder may be used in removing fish from privately-owned ponds, but is prohibited by law in public waters.

Recommendations call for five pounds of 3 per cent rotenone powder to each acre foot of water. Mix rotenone with just enough water to make a thick paste and add more water until solution is near the thickness of ordinary cream. The solution can be poured into the pond from tubs while motoring or rowing a boat. Fish killed in this manner are good for food if taken fresh, and treated water is harmless to humans and livestock.

Emulsifiable rotenone can be distributed by airplane on large jobs. Best time for treatment is late spring or summer since rotenone acts slowly in cold weather. Restocking may be started within 7 to 14 days after treatment.

Paint Creek . . . Community News

MRS. GENE OVERTON

Several weeks ago, before we knew it could rain, a man was talking to Gene and he said he wished it would rain three inches, and then drizzle until it dried up. That is exactly what it is doing. Isn't it just wonderful? And we have all this beautiful moisture without the floods most parts of the state is having. Barring hail, this almost catches a grain crop, and the prospects for a big cotton crop are surely good. Now, if we could only do something about Mr. Benson.

We couldn't have school Monday or Tuesday because of the buses couldn't make some of the roads. But Wednesday it was decided that parents could get their children to a good road where the buses could pick them up, and so school started again. We can all remember when children thought nothing of walking three to four miles every day to Post or Howard or McConnell, to school rain or shine. When we told our boys that, they said they didn't think anything of it either. But those children rarely ever missed a day. Now, if they have a half-mile to walk to the bus, they can't make it on a muddy day. Sissies, aren't we?

Paul Fischer is a patient in the Haskell Hospital with a dislocated vertebra. He is much better, and probably will be home in a few days.

Mrs. Bill Hager is in the Stamford Hospital having some tests and x-rays made. Mrs. Allen Iabell is working at the lunchroom in her place this week.

Mrs. Charles McBeath was an over-night guest of her sister and family, Mr. and Mrs. Gene Overton and sons last weekend.

We extend sympathy to Lem Ivy in the loss of his uncle, E. E. Ivy of Stamford last week.

Next to rain, our family's biggest news is our little new Overton. Little Miss Mary Margaret Overton came to her mother and daddy, Mr. and Mrs. Ray Overton, Jr., last Thursday evening at the Haskell Hospital. She weighed 7 pounds and 15 ounces, and has dark hair and eyes. We all agree she looks most like her little cousin Roberta Free. She is the first grandchild for Mr. and Mrs. Ray Overton Sr., and the second for Mr. and Mrs. George Free. Mary Margaret and her parents are spending this week at their grandparents, the Frees.

Ann and Mary Lou McLennan, daughters of Mr. and Mrs. Alex McLennan, were in the recital of the piano pupils of Mrs. C. M. Lester on April 25. The recital was at the Baptist Church in Stamford.

Mr. and Mrs. Dan McRae, Johnny and Linda spent the Easter holidays in Perry with their laughter and son-in-law, Mr. and Mrs. Chas. Meacham and children.

The Von Cobbs received a letter from Mr. Cobb's sister and

NOTICE TO BIDDERS

The Commissioners Court of Haskell County will receive bids until 10 a. m. Monday, May 13, 1945, for purchase of equipment consisting of a loader and trailer with the following specifications: One crawler tractor loader, 12-hp, powered with 1 1/4-yard capacity bucket with teeth and equipped with rear mounted, hydraulic controlled ripper; to have at least 40 draw-bar H. P., positive seal rollers and idlers; electric starting and lights; 2 cycle, 2 cylinder engine. One 13-Ton dual wheel tandem axle Tilt-Top Trailer with platform (2-in. oak deck); side rail; lash rings; eight 7.50x15 (12 ply) truck tires; two hydraulic lift control cylinders; tongue stand; Pintle eye adjustable hitch; weight 6,000 pounds; platform 16'8" x 96" x 33"; overall length 21'8".

All bids must be for both units of equipment together. The Court reserves the right to reject any and all bids.

Alfred Turnbow, County Judge
Haskell County, Texas. 18-19c

family. Mr. and Mrs. C. C. Middleton and Mr. and Mrs. E. J. Stewart who are vacationing in Miami, Fla.

The pre-school children had their party at school on Wednesday before Easter. Mrs. Trice gave them physical checkups and explained which vaccinations would be required. Then they enjoyed an Easter egg hunt, and Mrs. Owens and Mrs. Ballard served ice cream to the children and parents.

Recent visitors in the home of the Huded Pattersons were Mr. and Mrs. Albert Gore of Rule, Mr. and Mrs. Jack Gore of Aspermont, Mr. and Mrs. Turett Rose of Old Glory, and Mr. and Mrs. J. F. Jackson of Bridgeport.

Several Paint Creek ranchers have completed their spring roundups. M. E. Hughes and Lem Ivy finished the Bunkley Ranch roundup last week, and Gladstone McLennan, M. M. Cobb, Brooks Early, T. N. Gillespie, Von and Sam Cobb worked together the Monday after Easter. Others who helped were Howell Cobb, Carlton and Rudolph Middleton, and John Kimbrough and son, Johnny of Haskell.

Mr. and Mrs. M. E. Hughes and Dolin had as their guests recently Mr. and Mrs. Homer Hughes and son Don of Lueders, and Beverly Thompson of Abilene.

Everybody is hoping the oil well being drilled on the Frank Underwood farm will be a gusher.

Spring Clean-Ups Add to Safety On Farms

College Station—Get in the swing and clean up for spring, is the latest word from the Texas Farm and Ranch Safety Council. The lengthening spring days will provide extra time for farmers everywhere to give their farms a new look and make them safer places to live and work.

Help nature by cleaning up around the farm and in the farm home. Make it easy to keep clean too, the Council urges, by assigning everything a definite place and keeping it there.

Disorder ranks second only to poor judgment as a cause of accidents, according to Safety Council statistics. Out of every five people contacted in a recent study of hospitalized home accident cases was put there by disorder. Accidents happen far more often in cluttered, untidy surroundings.

Fire finds a breeding place in paper, rags and rubbish tucked into closets, attics or corners. Volatile fuels, paint, cleaners and insecticides are other important fire hazards. Check your farm for overloaded circuits; lubricate all electric motors; and take a good look at your home ventilating system.

Eliminate fire hazards by keeping stairs, halls and alleyways clear of obstructions. Check light bulbs and clean all lamp shades to make stairs and hallways safer. Careless clean-up practices can result in serious foot injuries to humans and livestock. Remove nails from used boards; pick up broken glass and loose wire.

Rodents don't like a clean farmstead! Creating an atmosphere of cleanliness will help rid your farm of countless rodent-influenced dangers such as diseases, fire and building deterioration.

Include a paint-up campaign in your spring cleaning for safety as well as appearance. It can accentuate hazards!

Remember, a clean and orderly farm produces more at lower cost.

The famed Comstock Lode in Nevada may soon again be paying a dividend. New methods of mining are making the long neglected low grade ore deposits pay their way.

Aerial Spraying Found Economical In Brush Control

College Station—Texas farmers and ranchers are "taking to the air" for best results and maximum economy in the brush control programs. Extension Range Specialist A. H. Walker says aerial application of chemicals to control oak and mesquite continues to gain popularity by increasing forage production and boosting farm profits.

Walker warns farmers not to expect "miracles" from chemical control and points out that re-treatment will be required in most cases. If properly done, however, a good aerial job will pay big dividends, and Walker says, four general rules are particularly important for the interested farmer or rancher. Use the proper chemical at the right time in the correct amount; secure qualified personnel to do all flying jobs; and rest treated areas after spraying.

Finally, the specialist says use chemicals with caution! They are not poisonous but drift can cause damage to susceptible crops. He recommends that mesquite be sprayed 50-80 days after the first leaves appear and have turned a dark green color. Apply a low volatile ester of 2, 4, 5-T or silvex at a one-third pound rate with a half gallon diesel oil and enough water to make three gallons spray solution per acre. Swath width should not exceed 60 feet. Regrowth mesquite requires a half pound of the chemical mixed with a full gallon of diesel oil and enough water to make 4 gallons solution per acre for a minimum 42 feet swath width. Expect a 25-35 per cent root kill and count on re-treating in 5 to 7 years.

Walker says spray pine and blackjack oaks in mid-May through June or when leaves are fully developed. Two sprays in consecutive years or skipping a year is sometimes advisable, but the first application can be 85 per cent effective under favorable conditions. Recommendations call for one and a half pounds 2, 4, 5-T or one and one-fourth pounds silvex per acre with 3 gallons of water, and enough oil to make 4 gallons spray solution. Follow-up treatment should consist of one pound 2, 4, 5-T or 3/4 pound silvex per acre. Expect only partial control on other hardwoods. Cost for the two treatments will be about \$11.50 an acre.

Consult your county agent, advises Walker, for publications and suggestions concerning aerial control of oak and mesquite.

A. BARTELL HOME FROM HOSPITAL

Friends in Weintert and vicinity will be glad to learn that A. Bartell of Wichita Falls has been able to return home after being seriously ill in a Wichita Falls hospital for two weeks. He is a former longtime resident of Weintert. His children and their families who have been at his bedside include Mr. and Mrs. Jack Bartell of Eunice, N. M., H. P. Bartell and Harold Lee Bartell of Lampasas, Mr. and Mrs. Barney Miller and Cheryl, Bart and Terry of Tucuman, N. M., and Mr. and Mrs. J. H. Bartell, Joe and Jimmy Lee of Wichita Falls.

Dollar for dollar and man for man, the submarine is this country's most economic weapon. Comprising only 1.6 per cent of the Navy's World War II personnel, the submarine service accounted for 55 per cent of all enemy shipping destroyed.

A TRIBUTE . . . TO OUR RODEO!

As 100% American as flapjacks and apple pie, that greatest of all truly American institutions, the gay, exciting Rodeo! And when that Rodeo the annual event put on by the Saddle Tramps can be sure it's an event that our community and area surrounding us, anticipate and look forward to each year. Composed of the business and farm people of the area, this annual rodeo promotes our community of Haskell. Oh, there will be surprises and thrills aplenty of that you may be sure, everybody is happy and friendly. It's better than the Roman Holiday, and all will be on hand to cheer you to their heart's content. What a grand, glowing homespun display of Americanism this is! We applaud the untiring efforts of the Saddle Tramp our citizens who make our annual rodeo such a success. We urge you, one and all, to support this dramatic event by your presence. See you at Rodeo!

Local Pastor and Delegate Attend Lutheran Meeting

The Rev. Robert C. Berry, pastor of Trinity Lutheran Church, and Ervin A. Schaake of Paint Creek, a lay delegate, attended the Texas District convention of the American Lutheran Church, held on the campus of Texas Lutheran College in Seguin April 23-26.

Pastors and delegates at the convention voted by a 2 to 1 margin to move the office of the District president from Seguin to Austin.

The Rev. Vernon Mohr, president of the Texas district, will make the move within the coming church year.

There were 450 pastors and delegates present at the 4-day convention for the Texas District of the ALC which embraces 222 congregations and has a membership of 50,000 Lutherans. Most of the congregations are located in Texas with 6 in Louisiana and one in Arkansas—the three states comprising the Texas district.

Serving as the keynote speaker for the convention was the Rev. Frank Efrid, pastor of St. John's Lutheran Church in Salisbury, N. C. who spoke on "Go in Evangelism," "Growth in Education" and "Glow in Stewardship."

The Rev. Alvin Bohls of Yorktown was elected second vice president of the Texas District and the Rev. E. A. Heye of Taylor was elected secretary. Pastor A. E. Flathmann of Doss was named statistician.

Elected to the executive committee was Marcus Stricker of Rockdale. The Rev. H. A. Heineke of Beeville, Rev. Gerhard Kuhlmann of Kerrville and Rev. Geo. Reck of Houston were elected to the Appeals Committee.

Laymen elected to the Appeals Committee were Arthur Doerfler of Kingsville and Bill Grandy of San Antonio.

Delegates and pastors voted to have the 1958 convention at Texas Lutheran College because of the fine facilities and excellent cooperation from college officials.

RETURNS FROM VISIT IN CALIFORNIA

Mrs. Raymond Stuart has returned from an extended visit with her sons and their families in California. She visited in the home of Capt. and Mrs. Vaughn Ray Stuart in Oceanside, Calif., and with Mr. and Mrs. Kenneth Stuart in El Monte, Calif. Capt. Stuart, veteran U. S. Marine Corps officer, sailed April 19 for an overseas destination. His wife will remain in Oceanside while he is overseas.

SPEND WEEKEND IN HOBBS, N. M.

Mr. and Mrs. Bill Wiseman and family and W. H. Wiseman spent the weekend in Hobbs, N. M. They visited with Mr. and Mrs. Earl Wiseman and family and Mr. and Mrs. Ralph McMurray and family.

Diet of Mesquite Beans Found Cause Of Jaw and Tongue Trouble in Cattle

By F. W. MARTIN
County Agent

Mesquite beans have long been considered "life savers" by ranchmen, especially during drought periods. But a condition, which was first noted in 1941 south of Pecos, is now prevalent along the Pecos River in Texas and New Mexico and in many parts of Texas and Oklahoma. The condition known as "jaw and tongue trouble" has been reproduced by feeding large quantities of mesquite beans.

Dr. J. W. Dollahite and W. V. Anthony, both of the Marfa Laboratory of the Texas Agricultural Experiment Station, have found through continued studies that mesquite beans were the one food consistently eaten by all affected animals. Too, the pastures usually contained either dry alkali salsolite or tobosa grass. Taking their cue from these facts, the research workers started feeding trials in 1955, to determine if jaw and tongue trouble could be produced by feeding mesquite beans.

It is the belief of the research workers that apparently, the rumen bacteria which digest cellulose and synthesize vitamin B are destroyed when cattle consume large amounts of mesquite beans over a considerable period of time. The resulting malnutrition and vitamin B deficiency produce the serious malady in cattle.

The saliva of affected cattle hangs from the mouth in long strings and superficially resembles meringue. The feed trough or salt box will contain several quarts of saliva. Animals chew continuously, often holding their heads to one side as if chewing was painful. In some cases, about 25 per cent, animals protrude their tongues a half inch to four inches while from 10 to 50 per cent of the animals may have swelling under the jaw and throat. These swellings may come and go. The salivary glands often are enlarged.

Animals are usually anemic and become emaciated, often losing 50 per cent of their weight. Their hair coats may be very long, but after summer shedding large denuded areas appear. Too, animals are nervous and some have muscular tremors, especially around the face and muzzle.

When symptoms of jaw and tongue trouble appear, the damage has already been done, say the scientists. Often the ranchman does not realize that he is in trouble until the mesquite beans are gone and he starts feeding hay.

The animals will gain weight on a good concentrate ration, but they cannot utilize hay. If lush green pasture is available, sick animals will apparently recover, but should be sold as soon as they are in good condition. Most, point out Dollahite and Anthony, will not be able to again digest dry roughage. It is advisable, therefore, to market the cattle as soon as possible after the first symptoms appear.

Attempts at treatment have been discouraging, say the scientists. They are, however, continuing their work in an effort to find remedies. It is hoped that additional studies will suggest supplements which can be fed with mesquite beans in order that this excellent source of range feed may be utilized without affecting the health of the animals.

Complete details of the investigations are given in Progress Report 1931 issued by the Texas Agricultural Experiment Station. It is available from the County Agent's office.

Jaywalking was costly in the U. S. in 1956—3,170 were killed.

Local Celebrity In News Again; Oh Woe! Oh Woe!

Sampson Hawkins, Jr., Haskell Negro who has been frequently mentioned in news items during the past two years is back in the news again. This time he's in trouble with the law, however. Sampson first hit the news columns when he killed a large bobcat while fishing at Lake Stamford. Then, he and his wife observed a wedding anniversary to rate a news story, and later there was an item when Sampson's house caught fire while his wife was in the hospital.

Now, Sampson is charged with theft over \$50 in a complaint filed by Deputy Sheriff Garth Garrett, who arrested the Negro a few nights ago in connection with attempted theft of used auto parts and junk iron from City Auto Salvage.

According to the officer, the Negro had removed a quantity of junk and salvage parts which had a value of about \$69, from inside the wrecking yard, located on the north outskirts of Haskell. Sampson was preparing to load the cargo in his car when the officer intervened and hauled him off to the county jail.

Sampson's bond was set at \$1,000 to await investigation of the attempted theft by the Grand Jury.

The big things you want cost less in a Mercury Monterey!

YOU HAVE TO PAY OVER \$68 MORE to get a 4-barrel carburetor as standard equipment in any competitive car. And Mercury's Thermo-Matic Carburetor is the only one that controls the temperature of the air the engine breathes.

YOU HAVE TO PAY OVER \$130 MORE to match the Monterey's brake size in any other car. The Monterey actually has bigger brakes than most of the highest priced cars!

YOU HAVE TO PAY OVER \$150 MORE to match Mercury's standard 255 horsepower in any competitive car. And the Monterey's optional engine offers a blazing 335 horsepower!

YOU HAVE TO PAY OVER \$200 MORE to get any other car with real dual headlamps. No other car at the Monterey's price even offers duals. You can get Quadri-Beam headlamps, a true 4-beam system, on all 19 Mercury models.

YOU HAVE TO PAY OVER \$500 MORE to match the Monterey's standard compression in any competitive car. Its compression ratio of 9.75 to 1 is close to the highest you can get in any car.

YOU HAVE TO PAY OVER \$1,000 MORE to match The Big M Monterey's hip room and rear seat leg room. Mercury has the biggest size increase in the industry—bigger in every important dimension!

YOU HAVE TO PAY OVER \$2,000 MORE to match Mercury's width in any other car. You can match it only in America's three costliest cars!

And no other car at any price offers you Mercury's exclusive Floating Ride and Dream-Car Design. Stop in today. Let us show you all the reasons why the Mercury Monterey is the easiest big car to drive, to ride in, to look at, and to buy.

The price comparisons stated are based on factory suggested retail delivered prices.

BIGGEST VALUE INCREASE IN THE INDUSTRY! The Big M is up in size, in power, in luxury, in everything that counts in a car. But the price is still low—just an easy step up from the low-priced three.
