Livestock Show winners are repeat performers

If experience is the best teacher, then this year's stock show winners must have studied their lessons well, as the top winners in the market lamb, swine, and steer shows were exact repeats of last year's show. Considering that these youngsters started out with different projects this year, as well as different judges from last year, and the quantity and quality of all the livestock exhibited, this is a phenomenal feat for these county youth.

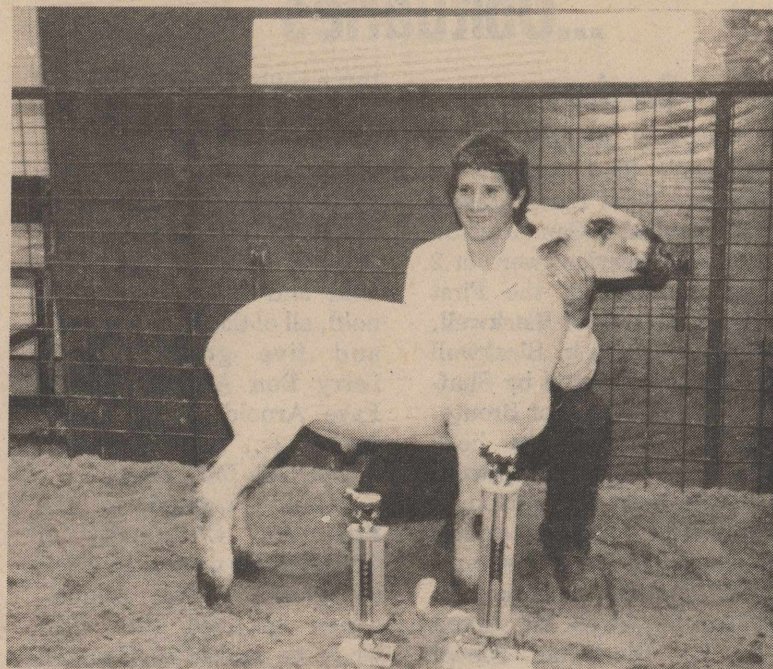

For two of these three young people, this year's show marks the end of their livestock feeding careers. Pammy Millican and Lin Long are both seniors in high school, and what better way is there than to end up on a winning note? For the third year, Pammy Millican has exhibited the Grand Champion Lamb at the county stock show. He was also awarded the prestigious Frank Percifull Overall Showmanship trophy, as well as the Ralph Walker Top Hand award at

this year's show. For the second year in a row, Lin Long exhibited the Grand Champion Market Hog, which had earlier won Champion Crossbred honors.

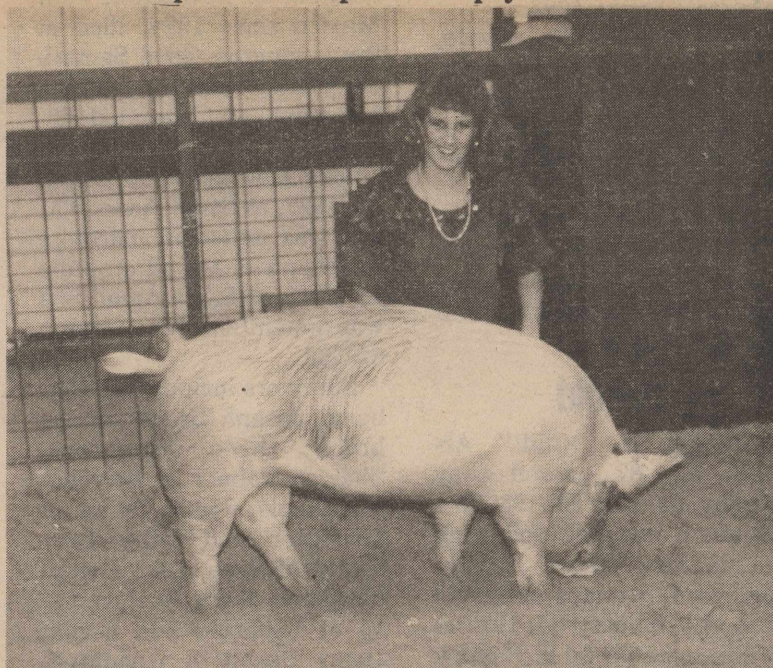

Teresa Vaughn, the final member of this trio of repeat winners, exhibited the Grand Champion Steer for the second year in a row. The main difference between Teresa and these other two big winners in that she is in junior high school, and has many years left to add to her trophy case.

Exhibiting the Reserve Grand Champion individuals at this year's show were Scott Antilley in the market

FOR THE THIRD year in a row, Pammy Millican exhibited the Grand Champion Market Lamb at the Coke County Livestock Show. Pammy also won the prestigious Frank Percifull Memorial Overall Showmanship Award, and the Ralph Walker Top Hand trophy.

NAILING DOWN HER second Grand Champion Market Hog trophy in as many years, Lin Long, a senior at Robert Lee, ends her livestock feeding career on a winning note.

TERESA VAUGHN, ALONG with dad James, displays the Grand Champion Steer, an honor she also took at last year's show.

WORTHY GRAND PATRON Leonard Ellington, Brownfield, [l] 'Leroy' and Gary Davis, San Angelo, visit with Worthy Grand Matron Jean Nesbitt of Marshall during last weekend's Eastern Star School in Robert Lee.

Eastern Star school held in RL

An Eastern Star school was held in Robert Lee, Jan. 22, 1987. The school's plans were made by JoAnn Harrison, Deputy Grand Matron, from Robert Lee Chapter #187 and her co-chairman - Ettie Hubbard from Bronte Chapter #1048. Members who assisted in carrying out the plans were from the 13 chapters of District 5, Section 1 which include: Ballinger, Brady, Bronte, Carlsbad, Christoval, Concho, Mertzon, Miles, Paint Rock, Robert Lee, San Angelo, Sterling City and Winters. Worthy Matrons and Worthy Patrons of Bronte and Robert Lee Chapters are Royce and Betty Lee, Bobby and Jeffie Roberts. Gerald and Nancy Allen of Robert Lee are Past Grand Patron and Past Grand Matron of the State of Texas. Robert Lee Chapter was in charge of all the decorations for all meals, school, and lodge hall under the direction of Chairpersons - Nancy Allen and Bobby Roberts. Bronte Chapter was co-hostess for the luncheon.

The activities began January 21 with a covered dish supper. Bob Harrell of San Angelo and Byron Estes of Winters presented a program on Masonic Heritage with pictures and stories of the Courthouses and Masonic Lodge Building of the 13 chapters in this section. Mayor and Mrs. Wilson Bryan of Robert Lee were special guests and welcomed the 88 members to Robert Lee.

January 22 activities began at 8:30 a.m. with the opening of the school, followed by the noon luncheon, evening banquet and the fraternal visit of the Worthy Grand Matron, Jean Nesbitt of Marshall, TX.

The 141 members present departed at 9:00 p.m. very pleased and impressed with Robert Lee and the nice facilities (the new Lodge Hall, the County Park, Recreation Center - where all the meals were served, motel and other businesses). They hope to return some day.

Among the 35 Grand Offi-

cers present were the Worthy Grand Matron - Jean Nesbitt of Marshall; Worthy Grand Patron - Leonard Ellington, Associate Grand Patron - B.F. Hutson, both of Brownfield; Grand Examiner - Marcella Curry, and District Deputy Grand Matron - Dr. Ruby Faw, both of Corpus Christi; and Deputy Grand Matron - JoAnn Harrison of Robert Lee.

Gary Davis of San Angelo and his grandparents, Mr. and Mrs. R.C. (Buz) Sawyer of Robert Lee were special guests at the "Under Western Skies" Banquet. Gary, ventriloquist, and his partner, Leroy, entertained the group of 80 members with several numbers. Gary concluded his program by reciting the poem "The Master's Touch". Jean Nesbitt, Worthy Grand Matron, was very touched by the presentation because her Theme for the year is The Master's Touch. Gary and Leroy stole the hearts of everyone at the banquet. June Dunkin, banquet chairman and secretary in the Angelo State University Administration Office, singled Gary out of students at Angelo State to perform at the banquet. She did not know he was a Robert Lee boy.

Robert Lee Observer -- 1936

Have You Seen Paul's Jacket? If anyone has seen Paul Good's jacket, Coach Roach would like to have it returned to Paul or himself.

It was during the flood Saturday that Mr. Roach rode a pony across the bridge through the flood on the south approach. On the return, the pony stepped into a hole, lost his footing and the Coach dismounted. He was swept off his feet in the strong current and Paul Good's jacket, much too large for him, was washed off and carried downstream.

W.E. Newton, Jr. went to the rescue and dragged the soaked but jovial Coach to land, minus his hat and Paul's jacket but still chewing his cigar.

The recent heavy rains have caused many amusing situations. For instance, two local boys in Valley View passed a neighbor's house in a wagon, bareheaded and without any pants, looking the other way visably embarrassed.

A unique and newsy little newspaper in the Blackwell Booster, edited, owned, and printed by Miss Vesta Sliger of that town. It is printed on a mimeograph and, besides carrying the usual news features, it enjoys a liberal advertising patronage.

No, it's not a riot -- just a shivaree. The roar and din in town Tuesday night was not a race riot nor a fire alarm nor even an after-election celebration. If there are any in town or the surrounding country who were not among the participants, then, for your edification we explain that it was a shivaree, the star actors being Mr. and Mrs. Felix Puett, Mr. and Mrs. Pete Davis, and Mr. and Mrs. Dick Skipworth.

A shivaree for one couple is a wow but when it comes to chaining, hand-cuffing, and parading three couples -- someone will have to coin the word to describe it!

In organizing support of the football team this year, the Robert Lee School Pep Squad elected this week the following officers: Zada Patterson, leader; Earline Jackson and Jane Taylor, assistants. About 30 members have signed up. Uniforms of black shirts and orange blouses have been adopted.

We have a good selection of 54 inch oilcloth at W.K. Simpson & Company.

PATHETIC SIGHT

We saw a drunk woman smoking a cigarette the other night, which was one of the most disgusting sights we have seen in many a day. We wished that the parents of the unfortunate woman might step up and see her in her intoxicated condition and then listen to what they had to say to her. Women are lowering themselves more and more all the while since liquor is easier to get, and they are going to the penitentiaries along with the men who commit crimes.

Why assume that the poor girl had parents? Our assumption is that she hasn't such comforts. Of course she had them at one time, but they may have died of humiliation. It is not necessary to read the erring child a lecture. No doubt she is a victim of the liquor habit. That habit is not confined to the so-called strong sex. It assails both sexes, not in the same proportion, but in some percentage. Liquor is insidious. It steals not only the brains but the hopes, the sweetness, the ambitions of the young. As a rule, girls have too much sense to allow themselves to become victimized by strong drink. Too much sense, too much poise, too much character. But there are weak sisters who are easily coaxed by their boy friends to forget all that a good girl stands for and throw in those who don't care. No man, young or old, would make his sister drunk by insisting on her drinking. But many men, young for the most part and therefore sappy, think it amusing to make some other fellow's sister that way. There are girls who don't care, so they are hopeless. Not to care is the first sign of disintegration of character. Liquor is cheap. And it cheapens those who drink it to drunkenness.

ACS quilt raffle in progress

Coke County Chairman, Dianne Simpson, of the American Cancer Society announced there is a quilt raffle in progress. The quilt is the log cabin pattern and is made of dark and light blue calico prints. It measures 78 x 105 inches and was made by Dianne.

At the present time, the quilt is on display at Cumbe and Arrott Mercantile in Bronte. Other businesses will be contacted to display the quilt in the future.

The drawing will take place April 30, 1987. Each ticket can be purchased by making a \$1.00 donation to the American Cancer Socie-

ty. Buy as many tickets as you like and increase your chances of taking home a new quilt. More importantly - the more tickets sold, the more money made; therefore, the better chance of fighting cancer.

Tickets can be purchased in Robert Lee from: Robert Lee State Bank, Coke County Judge's office (Janet Baker), The Wear House, Heart O'Texas Savings and Loan, and Ben Bessent Chevrolet. Tickets can be purchased in Bronte from: Cumbe and Arrott Mercantile, First National Bank in Bronte, and Shirley Coleman at the Bronte Elementary School.

Farm loan apps available

Applications for emergency farm loans for losses caused by adverse weather conditions are being accepted at the Farmers Home Administration (FmHA) office located in San Angelo, FmHA County Supervisor, Wyatt B. Nesbit, said today. Coke Co. is one of 50 counties in Texas recently named by Sec. of Ag Richard E. Lyng as eligible for loans to cover part of actual production losses resulting from the adverse weather conditions.

Wyatt Nesbit said farmers may be eligible for loans of up to 80% of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 %.

"As a general rule, a farmer must have suffered at least a 30% loss of production to be eligible for an FmHA emergency loan," Nesbit said. Farmers participating in the PIK or Federal Crop Insurance programs

will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until Sept. 9, 1987 but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Nesbitt said.

FmHA is a credit agency of the U.S. Dept. of Ag. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in San Angelo is open from 8:00 a.m. to 5:00 p.m. Monday through Friday.

Postal Pointers

by Coe Lewis,

This is the time of year when our thoughts turn toward income taxes. Your post office has the basic tax forms - 1040, 1040A and 1040 EZ. Also we have schedule A & B and instruction booklets for these forms. Schedule W for married people who both work is also on hand. An other forms you will have to get elsewhere.

A lot of you are going to be sending your income tax return by certified mail with return receipt requested. This is a very inexpensive service and when you get your return receipt back, you know the IRS has received your return. The cost is 75c to certify it, 70c for a return receipt plus your postage. The entire thing will be less than \$2.00 unless you have an unusually heavy return which will require more postage.

Stacy permit pending

The U.S. Army Corps of Engineers, Fort Worth District announced today that the decision is still pending on whether or not to issue a Section 404 permit for the construction of Stacy Dam near San Angelo, a project proposed by the Colorado River Municipal Water District.

The U.S. Army Corps of Engineers is directed by Congress under Section 404 of the Clean Water Act to regulate the discharge of dredged and fill material into all waters of the United States, including their adjacent wetlands.

Col. Albert J. Genetti Jr., Fort Worth District Engineer, is expected to make the decision in mid-March once the final Environmental Impact Statement is complete and the necessary staffing is carried out.

The current schedule is for the statement to be finished Feb. 5 and sent to the Environmental Protective Agency for filing in the Federal Register. This is followed by a thirty day public comment period after which a Record of Decision will be made by Genetti.

For additional information, contact Sally Werst, (817) 334-3409, Public Affairs Office, U.S. Army Corps of Engineers, Fort Worth District.

Butter/cheese

Butter and cheese will be distributed Thursday, February 5, at the Bronte and Robert Lee Senior Citizens Buildings from 8:00 a.m. to 12 noon. All commodities are distributed on a first come, first serve basis.

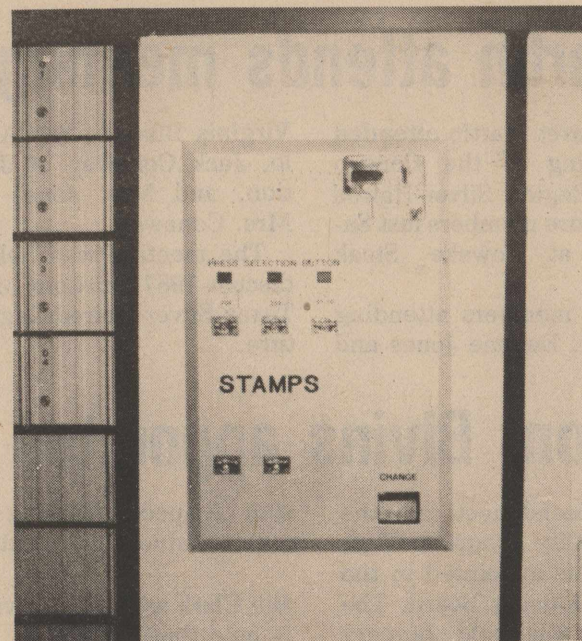

For thickening gravy, sauce or stew, sprinkle instant mashed potatoes into the mix and stir. Lumps dissolve immediately.

Now that we have decided to certify our income tax return, we want to get it in the mail as soon as possible. Take it to the post office and in the lobby you will find certified slips and return receipts. Fill out both of them before you bring them to the window and we will both save a lot of time. If you have questions about how to fill them out - ask the postmaster or one of the clerks and they will help you. By working together we can get them all mailed and get return receipts if you want one.

New machine vends stamps

For folks who can't get to the Robert Lee Post Office during the day or if you are in a hurry, you can get 22c and 14c post card stamps in the new stamp vending machine in the lobby. You can get 5 - 22c stamps for \$1.10 or 5 - 14c stamps for 70c. We do not have our 1c stamp changer yet, but as soon as we get our 1c coil stamps - you will be able to get 1 - 22c stamp with 3 - 1c stamps for change. This will be a big help at night, on week-ends and on holidays. Also when you need only one stamp - this will save a lot of time.

A NEW STAMP vending machine is now available for customer convenience in the lobby of the Robert Lee Post Office.

CULL OPEN, SKIPPER COWS

Pregnancy testing and culling of open and skipper cows (those calving every two years) is one of the quickest ways to improve the reproductive performance of the beef herd.

This has been shown by field demonstrations conducted by the Extension Service in numerous counties.

One such demonstration in Central Texas involved cow herds that were pregnancy tested for at least two consecutive years. In the first herd, no culling was done after pregnancy testing, while in the other herd all skipper and most open cows were removed. A few open heifers were kept in the latter herd to maintain cow numbers. Pregnancy rates before culling were 83.6 percent and 83 percent, respectively. The nutrition and health status and level of bull fertility were essentially unchanged during the two-year study.

In the second herd, pregnancy rates after culling went up to 95.3 percent in the second year, while pregnancy

rates in the herd without culling remained near 84.5 percent.

This clearly shows the importance of pregnancy testing and culling open and skipper cows. Obviously, replacements can be costly, but an economic analysis shows that these initially high cost can be recovered within two to three years and that total dollar income will be higher than without culling.

In addition to pregnancy testing and culling, other management factors also must be considered for a profitable beef herd. These include timely supplemental feeding, necessary reproductive vaccines and highly fertile bulls.

Gardeners search for old-time vegetables

Thousands of gardeners across the country are searching for "endangered" vegetable seeds. Through a non-profit organization called the Seed Savers Exchange (SSE), they are coordinating their efforts to save "old-time" vegetable varieties from extinction.

Kent Whealy of Decorah, Iowa, founded the SSE in 1975 after an elderly, terminally ill relative gave him seed of three garden plants the family brought from Bavaria four generations earlier.

Moon & Stars Watermelon has bright yellow spots on its fruits & leaves and is now being offered by three dozen SSE members.

Whealy started trying to locate other gardeners keeping seeds their families had passed down from generation to generation. He discovered most gardeners brought seeds with them when they immigrated to the U. S. The SSE is now an annual seed exchange with 630 members who distribute thousands of seed samples each spring.

The SSE would like to hear from all gardeners keeping seeds not available in any catalog: beans grandmother raised, tomatoes a friend's family brought from the old country, corn obtained from an Indian gardener, or a grain from the Amish.

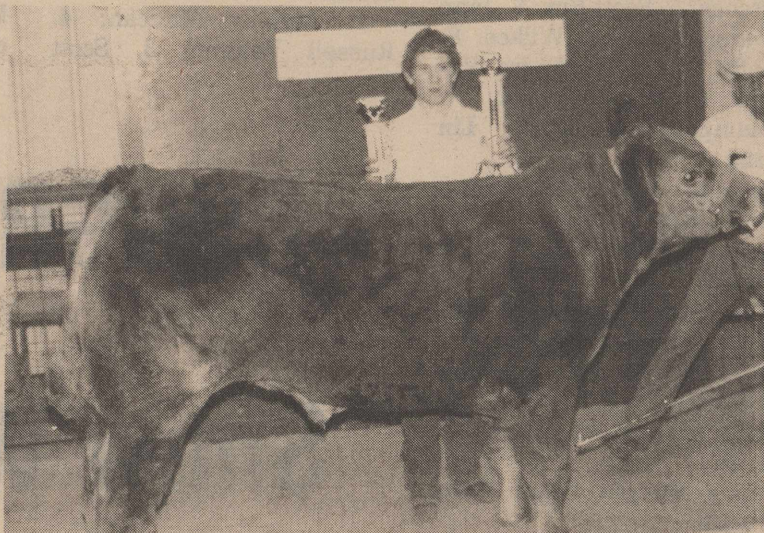

Gardeners who are keeping the seeds of any food plant that is not available commercially are asked to write: Seed Savers Exchange, Rt. 3 Box 239-A, Decorah, Iowa 52101. Include a detailed description of the plant and its history. Everyone who sends a 22-cent stamp will receive a two-page information letter describing the SSE's preservation projects and publications, said Whealy.

Nursing Home expands

Ms. Jeanene Andrews Baucum began serving West Coke County Nursing Home as administrator on Nov. 1, 1985, during which time the nursing home facility has expanded from 48 ICF beds to 53 beds. Recently, the Hospital District closed its hospital and on January 6, 1987, the Nursing Home expanded its facility to a 86 ICF bed facility to better serve the community.

Mrs. Baucum has a varied education background which well qualifies her for the position of nursing home administrator. Following are educational achievements: Graduate of Odessa High School, Odessa College, and the University of Texas, Odessa, Texas. She holds a degree in Music, Secondary Level Education, a Bachelor of Arts Sociology/Psychology degree, and 200 Hours of Nursing Home Administration certificate from Tarrant County Junior College, Ft. Worth, Texas. She completed 26 weeks of precepting Nov. 19, 1983. She now holds license to precept other administrators-in-training.

Now that West Coke Co. Nursing Home is a 86 bed facility, training of two AIT's at a time are possible. A four-year degree is now required and six months of preceptorship under a Texas licensed Nursing Home Administrator.

Other experience includes, Owner/director of Christian Day Care Center, Church Secreatay, Owner Music Studio, teaching piano for ten years. As an accomplished pianist and vocalist, her talents are used entertaining residents of the nursing homes on a volunteer basis.

"We have just received

notice of our third year of "Superior Rating" from the Texas Department of Health. It is my goal to keep the nursing home standards high and give superior nursing care. We have a lovely staff and because they are well trained, stable, and work as a unit, or team, we can continue to give good quality care, and achieve this most important goal. We try to give the quality of care that demonstrates our love and concern for each individual resident in West Coke County Nursing Home," states Mrs. Baucum.

Open House has been set for Sunday, Feb. 1, 1987 at 2 o'clock til 4 for the West Wing addition. The public is invited to visit the facility and the residents and staff members.

Postal convention

Mr. and Mrs. Noah Pruitt Jr. attended the National Association of Postmasters of the United States at the District 2 convention held at the Hilton Inn in Wichita Falls, Texas on January 23 and 24.

This was a training session taught by Charles Taylor of Burkburnett. The meeting was climaxed by a banquet Saturday night.

Mr. Pruitt was recognized as a retired Postmaster. The president of this association is Robert Reed of Wichita Falls.

People working in temperatures above 90 degrees F and humidities above 40 percent show higher rates of error in work performance and a notable decrease in short-term memory.

Ward, Grim engagement

The parents of Leslie Marie Ward and Gregory Eugene Grim announce the approaching marriage of their children on Saturday, Feb. 14, 1987 in the First United Methodist Church in Robert Lee.

Greg, a 1985 graduate of RLHS, attended McMurry

College and ASU. He recently joined the U.S. Army and will leave in March for Ft. Benning, GA. for basic training.

Leslie is a senior at Central High School in San Angelo. She is enrolled in the MDE program and works part-time at Target.

Diversity Club meeting

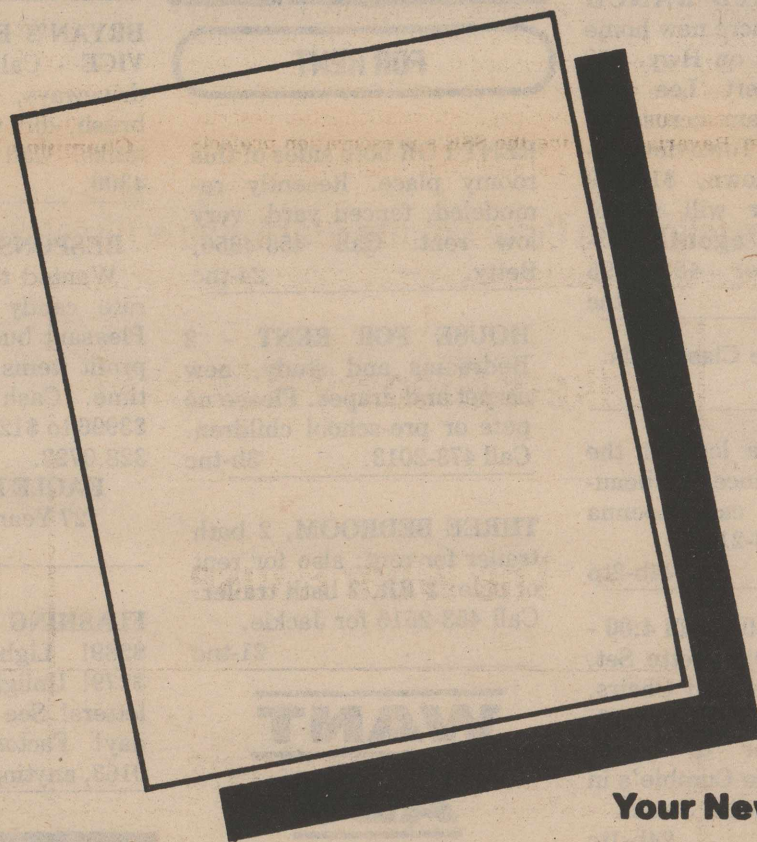

The Bronte Diversity Club met with Virginia Boatright on Thursday, Jan. 22 at 2 p.m. with Mildred Thoma-son giving the program on International Affairs Communication. Roll call was a radio or newspaper item of worldwide interest.

The floating prize was won by Ruth Stiles.

The hostess served a refreshment plate to Frances Kemp, Edith Hipp, Margaret Martin, Ruth Stiles, Vera Raney and Mildred Thoma-son.

Hospital auxiliary

A group of West Coke County ladies met in the lobby of West Coke County Hospital Wednesday at 2 p.m. The group, after some discussion, formed an auxiliary to help the residents of the nursing home. New officers elected for the group are President Barbara Jameson, Vice President, Nada Sparks, Sec./Treas., Dianne Simpson and Reporters, Leta Caston and Lisa Spain.

The group set monthly meetings on the first Monday of each month at 1:30 in the front lobby of the hospital (now the nursing home).

The next meeting will be Feb. 2, 1987 at 1:30. Anyone interested is more than welcome to attend. If you can't attend and would like to help in any way, call Joyce Wilson at the Nursing Home, 453-2513, or any of the above officers.

The auxiliary welcomes everyone (men, women, young people) to become involved with the nursing home residents' activities whether it be crafts, entertainment, or just regular visits or outings.

DON'T FORGET! We do all types of job printing. No job too large or small. Observer/Enterprise

REX ALLEN [L] and Jim Rawlings of Bronte take a break during the Rehab '87 telecast held January 10, where Jim worked as a volunteer.

Don't waste your money

submitted by Ray Barnett,
Bronte Postmaster

Have you ever been asked to participate in a chain letter which is guaranteed to earn you lots of money with one small investment? Don't waste your money - chain letters are a form of lottery and may violate federal mail fraud laws. The same three elements that apply to lotteries (payment, prize and chance) also make chain letter schemes illegal. The payment may be money or any other item of value. The prize is the large amount of money you are led to believe you will receive in the end if you participate. The chance is that the chain will break, and it must, because the chance that all participants in a chain letter will receive mail is mathematically impossible. For example, a typical chain letter may require participants to mail letters containing money to six new participants, each of whom must mail six letters to six more individuals and so on. By the eleventh level of mailing, the entire population of the United States (almost three-hundred million) would be exhausted. By the 13th level, the population of the world (over four billion) would be exhausted. And remember, even if the chain letter itself is not mailed, as long as the payment or prize is sent through the mail, the entire scheme is illegal.

Some chain letters masquerade as Multi-Level Marketing (MLM) Plans. These require an original promoter to sell a product and enlist several other people to become sellers, who in turn recruit others. Most Multi-Level Marketing Plans are schemes to sell the plan rather than the product, and the fact that selling a product is involved, instead of winning money, or statements saying the plan does not violate federal law, do not ensure legality.

Do not confuse regular chain letters or Multi-Level

Marketing Plan chains with prayer chains that promise good luck but require no investment. These are not illegal - they're just a nuisance. You should not be intimidated by implied threats of bad luck, personal injury, or disaster for breaking the chain. Feel free to throw the chain letter away.

Remember, you are under no obligation to participate if you receive a chain letter, and to do so may be a violation of federal law. Turn the letter in to the local post office or send it to the Postal Inspector in Charge, P.O. Box 162929, Fort Worth, TX 76161-2929.
