## Good, general rains break August heat

County residents were elated to get good rains last Thursday and Friday to give a temporary break to dry, August heat. Although the east side of the county received smaller amounts, 4/10 to 1½ inches, the west side gained a whopping 3 to 5½ inches over the 2-day period. The good spring season was vanishing fast with a number of August days over 100 degrees when the rains fell. Some hail was reported near Norton but Bronte and Robert Lee escaped any damage from the heavy thunder and lightning displays which accompanied the clouds.

Coke County Extension Agent Tommy Antilley reported that Milo harvest may be slowed down some but farmers around Bronte are already back to cutting. Cotton in the area might have been as well off without the moisture since it requires many heat units to produce, he said. Late planting, coupled with cool, cloudy weather, has slowed cotton development. Overall, Antilley said, the rains are invaluable this time of year for pastures and haygrazer-type crops.

Some plan to use the moisture to get small grains in the ground.

## Bronte ECA Course slated

An Emergency Care Attendants Course will be given at the Bronte High School beginning Sept. 15th. The class will be from 6:00 p.m. to 10:00 p.m. each Tuesday for twelve weeks (48 total hours). The course will cover all phases of first aid and emergency care.

Citizens are urged to take advantage of the course. Volunteers for the East Coke County Ambulance Service are badly needed but even if

a person doesn't plan to work in the medical or emergency care field, it could be of great benefit in one's personal life. This course gives people an opportunity to learn what to do in a crisis, rather than just looking on.

For further information, contact Elmer Hurley at 473-2351 or any member of the East Coke County Ambulance Service.

## Accident report believed hoax

Frantic efforts to locate a man reportedly pinned under an overturned tractor in the southeastern part of Coke County were the result of an apparent hoax, said Sheriff Marshall Millican. He said a call on a CB radio in the area Sunday afternoon reported the accident and asked for help. Despite a search by law enforcement officers and volunteers, no trace of an accident victim was found. A Border Patrol helicopter from San Angelo joined in the effort. The hunt extended over into Runnels County and lasted until 11 p.m. when the search was called off.

According to Millican, giving a false report is against the law, leaving the caller open for prosecution.

## Letter to the editor

Dear Sir:

Enclosed please find a check for my subscription renewal.

Although I haven't lived there for many years, I still remember some of the people who still live in the Bronte area and especially enjoy keeping up with the news there.

Sincerely,  
Mrs. James M. Henderson  
Buckeye, Arizona

THERE AREN'T TOO many years in Coke County that we make a dryland maize crop; so the proof is pictured above. The close-up of a couple of pretty good heads of dryland grain sorghum was taken on Mrs. M.A. Runnion's farm, located about a mile down the old Sanco Road, north of Robert Lee. By now these heads should be in the hard dough stage, and not too far from being combined. The field was planted two-in and one-out, by Art Runnion and son-in-law Scott Stephens.

## Bass Club discusses project

The Robert Lee Bass Club held its regular meeting Aug. 10, 1987 in the dining room of the Lazy G Restaurant.

Billy Wayne Roe turned in his weight tag of a 6 lb. 11 oz. bass for August. The July 19, 1987 tournament was won by Billy Wayne Roe with James Hood in second place. James also won the calcutta.

A club project to plant trees around the lake was

discussed and members voted to check on types of trees and where they should be planted.

Billy Wayne and Kevin Roe will host the Aug. 23rd tournament. Fishing time will be from 6:30 a.m. to 2:30 p.m. with weigh-in at Hillside. Anyone wishing to fish the tournament may contact Dair Sherrill for registration. A member may register a guest to fish with them.

## Miles Cotton Festival slated

The tenth annual Miles Cotton Festival will be held on September 12th in the Miles City Park. Festivities throughout the day will include arts and crafts booths, a brisket cook-off, a parade through downtown Miles, children's and adults' games and entertainment by area musicians.

A noon meal will be served at the Miles Opera House and fast food booths will be

located in the City Park.

A BBQ supper will be served from 5 to 7 p.m. followed by the Miles Cotton Queen Contest. Shadowfax will provide music for a street dance from 9 p.m. to 1 a.m.

Miles is located on Highway 67 between San Angelo and Ballinger. For more information call (915) 468-3001.

## ...Upcoming

### Ice cream supper

An ice cream supper was scheduled at the Bronte Park Thursday, Aug. 20 after the Big Lake scrimmage to honor all athletes and band members.

Bring a freezer of ice cream or a cake and boost the Longhorns and the band in 1987-88.

### 40-Plus dancers

The 40 Plus Dance Club will meet on Tuesday evening, August 25 for their twice-monthly dance. It will begin at 7:30 p.m. in the Rec Hall in Robert Lee. Those 40 years old and over, along with their guests, will be welcome. Tickets are available at the door.

### RL Baptist Revival

Evangelist Howell Farnsworth will conduct a Revival Meeting at the Robert Lee Baptist Church August 23 through August 28. Singer for the series will be Carlton Dillard.

Mr. Farnsworth is pastor of the First Baptist Church at Floydada while Mr. Dillard of Abilene is a fulltime music evangelist.

Weekday services during the revival will be 10 a.m. and 7:30 p.m. A nursery will be provided for the night services. According to church pastor Roy Epperson, two special nights will highlight the meeting. Wednesday evening will be Youth

Emphasis Night. Friday evening has been designated as Hospitality Night with a time of fellowship following the service.

The church encourages the public to attend the revival services.

### Couples tourney

The annual Coke County Couples Golf Tournament will be held Labor Day weekend Sunday, Sept. 6th and Monday, Sept. 7th. Sunday's play is at Bronte and Monday's will be at Robert Lee. Tee-off times are 8:30 a.m. and 1:30 p.m. each day.

Wilson

Patsy J. Wilson, 56, of Bronte, went to be with our Lord, Thursday, Aug. 13, 1987.

Services were at the First United Methodist Church in Bronte on Saturday, Aug. 15, at 2 p.m., directed by Shaffer Funeral Home.

The Rev. Bill Hutchinson and the Rev. Charles Woodward officiated. Burial followed in Fairview Cemetery.

She was born April 25, 1931, at Putnam, Texas, and was married to Chester L. Wilson on July 10, 1954, in Putnam. She was a home economics teacher beginning her career at Hermleigh, Texas, and continuing to Rankin, Texas, where she met her husband. From Rankin, they moved to Shreveport, LA., where they had their first child, Susan Lea.

From there, the family moved to Glendive, Mont., where their second child, Jean Ann, was born. Continuing moves found them in Bowie, Basile, LA., Houghton, LA., Gainesville and on to Bronte in 1977.

Pat was a very gifted person. Her hobbies included duplicate bridge, needlework, china painting, tool work and gardening. She left her family and friends many handcrafted heirlooms.

Pat was a member of the First United Methodist Church of Bronte. During her life, she was active in the church as a member of United Methodist Women, a Sunday school teacher, a Bible school worker and as a Mom's Day-Out worker.

She was preceded in death by her father, James Orval Taylor and three brothers, James H. Taylor, Bryant Taylor and Wayne Taylor.

She is survived by her husband, Chester L. Wilson

of Bronte; and her daughters, Susan Graves of Bronte and Jeanne Schneider of Brownwood along with their husbands, Jerry Graves and Bill Schneider. She is also survived by her mother, Josie Taylor of Baird, and a brother, Carroll Taylor of Clyde. Her grandchildren are Scott Chester Graves, Jerry Wayne "Jake" Graves Jr. and James Daniel Graves. Also surviving are her numerous nieces and nephews.

Pallbearers were the United Methodist Men including Martin Lee, Royce Lee, J.T. Henry, Larry Spivey, LeDrew Arrott, Robert Gallaway and Billy Joe Luckett.

Her family requests that any memorials be sent to the American Cancer Society, the West Texas Rehabilitation Center, The Bronte Volunteer Fire Department or the First United Methodist Church of Bronte.

Baumann

Funeral services for Roy Lee Baumann, Sr. of Fallbrook, California were held there on August 3. Mr. Baumann, 64, died on July 30.

Son of the late Lee and Ola Baumann, he attended school at Sanco as a boy. He was a veteran of World War II, served in Europe, and was a retired Major in the United States Air Force.

His survivors include his wife, Phillis Baumann of Fallbrook, CA; two sons, Roy Lee Baumann, Jr., Palm Springs, CA, and Major Steve Baumann, United States Marine Corps; and 3 grandchildren.

Barron

T. Paul Barron, a resident of Robert Lee since 1977, passed away August 17 in a San Angelo hospital. He had been a resident in West Coke County Nursing Home, where one of his recent high moments was seeing a picture of one of his great-granddaughters, Molly, holding her new little sister, Kathy. Kathy was born on the 4th of July and brought the population of his great-grandchildren to three.

Barron was born in Midland in 1897 to West Texas pioneers J.H. and Annie Aycock Barron. T. Paul graduated from Baylor University in 1920. He was an enthusiastic Baylor alumnus and enjoyed displaying his Baylor diploma, signed by former Texas governor and then Baylor board president, Pat Neff. At one time T. Paul attended a Sunday school class where Pat Neff was his teacher.

After graduating from college, Barron served as Chamber of Commerce Secretary in Childress before returning to Midland to be the editor and publisher of the Midland Reporter-Telegram. While in the newspaper business T. Paul developed one of the lifetime habits which Robert Lee residents may have observed. He habitually stopped for coffee several times a day while running errands, in Midland, ostensibly for the purpose of garnering "local news". When he retired to Robert Lee, T. Paul transferred his base of operations to Sam's Place. He looked forward to spinning yarns and chatting with other old timers about people and daily events.

During the 1920's, T. Paul was elected mayor of Midland. He was, at the time, the youngest mayor in the state of Texas. In the early 1940's Barron sold the Midland newspaper and was in the hardware and western store businesses for a number of years until he retired. He was very proud of his participation in the growth of Midland from a sleepy cow town to an oil metropolis. But he personally preferred the pace and relationships of the smaller West Texas towns. He loved Robert Lee and often stated that he felt

more at home here than in any other place he had lived.

In Robert Lee, Barron was a member of the First Baptist Church. He loved church music, especially choral works with harmony. He often added an impromptu "amen" to the close of an outstanding anthem.

T. Paul is survived by his wife, Pauline Coalson Barron, a Robert Lee retired teacher and long time resident. T. Paul's only child, Charles Barron, lives in New York and is president of defense electronics for the Eaton Corporation. Barron is also survived by two stepdaughters, La Nelle Abbott of San Angelo and Yvonne McElwain, Boulder CO; and one stepson, Derwood Coalson of Ft. Collins, CO. T. Paul enjoyed riding horses with La Nelle on the Abbott's ranch near Robert Lee and as late as 1977 kept his own horse there.

T. Paul Barron was a member of Midland Masonic Lodge 623 and was a long time member and past president of the Midland Rotary Club.

Funeral services were held at the First Baptist Church with Brother Roy Epperson, along with Delbert Downing of Snyder, officiating. Burial was at Terry Memorial Cemetery, with the Rev. Jimmy Rogers of San Angelo presiding. Pallbearers were Hervey Latham, San Angelo; Lewis Heuvel, Brenham; Jody Rodriguez, William Hood, Robert Wink, Bobby Baker, Victor Wojtek, and Crowley Harmon, all of Robert Lee.

Members of the Friendship Sunday School class served as honorary pallbearers.

Gutierrez

Joe Guerreo Gutierrez, 56, of Fort Worth and formerly of Bronte, died Monday, Aug. 10 in Fort Worth.

Graveside services were at

4:30 p.m. Saturday, Aug. 15 at Fairview Cemetery at Bronte with the Rev. Charles Woodward officiating. Services were directed by Shaffer Funeral Home.

He was born Aug. 27, 1930, in Bronte. He was a bartender and a resident of Fort Worth since 1962.

Survivors include his father, Meguel Gutierrez of Bronte; one brother, Mike Gutierrez of Bronte; two sisters, Angelina Sanchez and Margie Montez, both of Bronte; and a number of nephews and nieces.

Kirkland

Carl Ranald Kirkland, 89, of 1828 Coleman St., San Angelo passed away at 9 p.m. Saturday at Shannon Medical Center.

Services were Tuesday, Aug. 15 at 2 p.m. at Johnson's Funeral Home Chapel with Bro. Joe Stone of First Assembly of God officiating. Burial was in Lawnhaven Memorial Gardens.

Mr. Kirkland was born April 26, 1898, at Fort Chadbourne. He was retired from the Santa Fe Railroad, where he had been employed for 41 years.

Survivors include his wife, Jewel Kirkland of San Angelo; two daughters, Mary Ogle of San Angelo and Louise Nixon of Water Valley; two sons, Douglas Robison of Carlsbad and Dennis Robison of San Angelo; 15 grandchildren and 14 great-grandchildren.

Personal

Traveler and Frances Adkins of Odessa and Monice Adkins of Marble Falls visited in the home of their uncle and aunt, Mr. and Mrs. S.B. Plumlee Sunday afternoon in Robert Lee.

Mrs. Plumlee is recuperating at home following a 9-day stay in St. John's Hospital. She was taken to San Angelo by the EMS suffering from an apparent heart attack.

## Haynes reunion held at Bandera

Seven of the nine children of the late Mr. and Mrs. H.H. Haynes of Big Spring were represented at a reunion on July 31 - August 1 & 2 at the LH7 Guest Ranch in Bandera, Texas. There are five surviving Haynes children: Mrs. Robert (Pauline) Vaughan of Robert Lee, Mrs. Merle (Nadine) Hodnett of Big Spring, Mrs. Darrell (Angie) May of Victoria, J.W. Haynes of Big Spring and Arlis Haynes of Roscoe.

The reunion was called the Haynes "Cousins" reunion as the entire affair was planned and executed by cousins with the aunts and uncles as special guests. There were sixty-four in attendance, coming from Sheridan, WY., Saugus, CA, San Diego, CA, El Paso, Big Spring, Robert Lee, Roscoe, Dallas, Arlington, Houston, Victoria, Lubbock,

Ft. Worth, Midland, Odessa, Clute, Mertzon, and Sweetwater.

Many came in recreational vehicles, but most stayed in guest cottages at the ranch.

There was entertainment for all ages with exclusive use of the Lodge of the ranch. All ages from two years old to 74-year-olds enjoyed "tubing" down the Medina River, swimming in a large swimming pool, gathering fossils, hay rides through the 1200 acre working ranch to see the seven breeds of Longhorn cattle, deer and other wild game. A steak dinner was catered one evening. A mini-golf tourney arranged for by the ranch host was enjoyed by several of the cousins.

Some enjoyed fishing in the 45 acre lake owned by the ranch. Games were available for all ages, a sing-

song, and much visiting and sharing of a large poster of the Haynes family tree were enjoyed by everyone.

Those from Robert Lee attending were: Mr. and Mrs. Robert Vaughan, Mary and Ben Bessent, Cindy and B.J. Bessent all accompanied by the Bessents' other daughter-in-law, Lisa and granddaughter, Shaye Anne of Mineral Wells. Mr. and Mrs. Vaughan were accompanied by a daughter, Vernay Lomas, her husband and children from Saugus, CA. Another Vaughan daughter, Eileen Watson and family attended from Arlington.

The Vaughans stayed on at the ranch after the Haynes reunion to attend the "Vaughans" cousins reunion the following weekend.

## Lewis reunion attended in RL

The annual Lewis Reunion was held Saturday, August 8, 1987 at the new recreation hall in Robert Lee.

The family gathered for lunch which was delightful. The evening meal was also enjoyed by all, along with lots of visiting.

This reunion held a feeling of sadness due to the demise of our beloved Mary Ann Duke Hinton on Thursday prior to the Saturday reunion. Services were set for 10 a.m. The family attended her services at the Northside Church of Christ together and many went on to the graveside rites in Voca at 3 p.m.

The Lewis descendants are looking forward to the 1988's reunion which will be on August 13, 1988.

Officers were not changed; Add Davis of Robert Lee will again serve as president with Jerry Ellis of Odessa as secretary/treasurer.

Those who registered are: Out of town: Sheridan Cook,

Mansfield; Phebe Hefferman, Bronte; Randy Kinsey, Bastrop; Terri, Mandy and Cody Blair, Nolan; Johnny Williams, San Angelo; Weldon and Willie B. Hatley, San Angelo; Denny Martin and family, Austin; Deana and Jessica Thomas, Springtown; Clark and Rheba Bowman, Ft. Worth; Joyce Kane, Eatontown, N.J.; Martha and Farrell Selzer, Munday; Stephen Bond, Michael Schooley and Mechthilde Schooley, Meunkuchen, West Germany; Jack and Bradley Schooley, Burleson; Diane Coulter, Bronte; Thomas and Shirley Lewis, Austin; Wanda Eastman, San Angelo; Vonie Davis, Springtown; Tish Bennett, Melissa and Jerry Ellis, Odessa.

Those from Robert Lee: Pearl Ditmore; Burl Davis, Wes and Dean Kinsey, Gib and Odessa Wallace, Turney

and Irma Casey, Becky Ross, Bill Casey, Fred Smith, Tommy and Lucy Williams, Otis and Tuckie Watson, Barbara Chesney, Ruth Williams, Irene Maples, Add and Joan Davis, and Cecil and Billie Wanda Schooley.

### Bronte OES meets

Bronte Chapter #1048, Order of the Eastern Star met last Monday night at the Masonic Lodge Hall.

Worthy Matron Joy Ehl and Ed Ehl, Worthy Patron presided at the meeting for the Rob Morris program.

After the meeting, J.T. and Sibyl Henry and Ettie Hubbard hosted the social hour.

## Adapting to kindergarten

**ADAPTING TO KINDERGARTEN** -- Even the parents of children who have attended pre-school or day-care can have mixed feelings about sending their child off to kindergarten, says family life specialist Diane T. Welch. "It's not unusual for parents to almost regret that the child must face the demands of school, and yet be proud that he or she is growing into a self-sufficient individual who can adjust to and enjoy the world outside the home," she says. "Children will have mixed feelings too, so by expressing their joys and concerns, parents become a role model for the child, encouraging open communication about school." According to the specialist, some parents fear that by allowing children to express negative emotions about starting school, they will encourage these feelings. But talking about it allows the child to acknowledge and work through these emotions without shame or guilt.

**GETTING READY FOR KINDERGARTEN** -- As the school year approaches, parents of kindergarteners can help their child make a smooth transition to school. Family life specialists with the Texas A&M University Agricultural Extension Service suggest making a visit to your child's classroom and teacher. Some schools schedule these visits with parents in advance. Explore the playground and bathroom, try out the chairs and find

the water fountains. Encou-

rage your child to play with another child who will be in the kindergarten class, so he or she will have a friend there. The specialists also suggest getting a head start on schedule changes by adjusting bedtime and mealtime if that will be necessary once school begins. If new day-care arrangements for before or after kindergarten are necessary, start the day-care routine before school begins, so the child doesn't have to adjust to both at once.

### Birthday party

Activities Director Joyce Wilson served fruit punch and a beautifully decorated sheet cake to a large crowd of residents and guests at the monthly birthday party at West Coke County Nursing Home on Tuesday evening. Honorees for August were Edna Adkins, Myrtle Lasswell, Flo Roberts, Pearl Childress, Faye Rawlings, Fred McCabe, and Margaret Huber. They were each presented with a small birthday gift. Entertaining the group were Edna Havins, Harley Moore, and Add Davis.

### Fraune BBA degree

Eyvonne Gloria Charles Fraune, daughter of Mr. and Mrs. Luis Charles of Bronte, recently received a Bachelor of Business Administration (BBA) degree from Angelo State University. She was one of 221 students at Angelo State University receiving a degree. She is a 1982 graduate of Bronte High School. Presently she and her husband, Mark live in San Angelo.

## Code must be signed

Bronte School students and their parents will be required to read and sign a student handbook containing the student code of conduct. The booklet will be sent home with students during the first week of school. Parents and students are required to sign a form inside the front cover signifying that they have read and understand the contents and

that parents have discussed the material with their children. These will need to be returned to the school at the end of the first week of school.

Other forms that need to be signed and returned to the school are emergency material forms and applications for free or reduced meals as they apply.

## School hours changed

Bronte School hours have been moved up. The new hours will be from 8:00 a.m. to 3:25 p.m. First bell is at 7:55 with the tardy bell at 8:00 a.m. Lunch (for grades 7-12) will be from 11:55 to 12:25.

Tutorials will be required

for all students not passing a class and will be held from 7:30 a.m. to 7:55 a.m.

Buses will run from ten to fifteen minutes earlier in both mornings and afternoons. Friday's buses will run after the pep rallies at approximately 3:50 p.m.

## Eubanks inducted at A&M

Janet Eubanks, daughter of Mr. and Mrs. Mickey Pierce of Bronte has been inducted into Phi Eta Sigma, National Freshman Honor Society for men and women. Phi Eta Sigma was founded at The University of Illinois in 1923 and admission is limited to Freshman students with a grade point average of 3.5 or more, who

have completed at least 13 credit hours. The society is dedicated to academic service. Projects include working with handicapped students, helping with Special

Olympics, and providing free tutoring through the Freshman Tutoring Service. Janet will be a sophomore at Texas A&M University this fall.

## Shephards visit in Bronte

Senior Airman Mark Shephard and his wife, Roma were in Bronte recently visiting Roma's parents and brother, Herman and Irene Johnson and Russell Johnson. Mark and Roma are stationed at Clark Air Base in the Republic of the Philippines and will continue duty there for the next one and half years.

Mark is in the 3rd Security

Police Squadron, Canine Patrol. His parents are Charles and Irene Shephard of Fairfield, CA.

Roma is a 1981 graduate of Bronte High School. While here they attended the annual Caswell family reunion held August 1 and 2.

# - News from Oak Creek Lake -

## News from Oak Creek:

I've been reluctant to send out very much information about how the fishing's been here at Oak Creek this summer for several reasons. We hoped the lake would not have the fishing pressure it normally gets and we got our wish. The lake is working alive with bass just under the legal size limit and these, for the most part, have had a chance to grow. Not only does the lake have a healthy number of bass, it also has bait fish by the millions to feed the game fish. With the moss beds coming back and all the other cover that's already there, this old fishing hole has a lot of productive water to fish. The action on the bass is early and late, about two hours on either end of day light. Most of the crappie, catfish and bream are being caught at night

and some nice strings are being taken on a variety of baits.

Oak Creek is one of a few lakes left that has not been stocked with exotic fish of some sort over the past several years. The only fish not native to the lake are fish we wanted, Mississippi blue cat and the scrappy bronze-back smallmouth bass. The smallmouth bass fishing is different in many ways and requires techniques that differ from the way you fish for the largemouth bass.

Six months ago, we had 15 inch smallmouths caught and these fish are only two years old. To catch these old bronzebacks, you are going have to fish the rocky bluffs, drop-offs and structure that has rock in 15 to 30 feet water. The lake has a lot of this kind of water that was fished little up to now. The

only bad thing about all this is that once you hook on to a few of the smallmouths it's gonna be tough to decide where to do your fishing.

It wouldn't be any trouble making up your mind if you saw what I got to see this past Sunday evening. Steve Meldrum of Midland had two black bass, caught on top water baits that tipped the scales at 9 lbs. 8 ozs. and 5 lbs. 7 ozs. These cool fronts that are moving through are turning the fish on and from now to cold weather comes we expect to see a ton of fine fish taken out of this old fishing hole.

If you want to know how the fishing is before you come - just give us a ring at 915-282-2602 or 3303 and we will give you firsthand information on how it's going.

## Sheep, goat field day slated at Angelo

A sheep and goat field day on Sept. 3 will provide area producers a chance to observe research and education projects under way at the Texas A&M University Agricultural Research and Extension Center near San Angelo.

The program will include talks, tours and commercial exhibits designed with sheep and goat producers in mind.

Registration and viewing of commercial exhibits will open at 9 a.m. at the center, located six miles north of San Angelo on U.S. 87. There is no charge for the program although a dutch treat catered meal is scheduled at noon.

The morning session will include a six-stop walking tour featuring a cross-section of projects at the center. Tour coordinator is Dr. Carl Menzies, resident director of

research for the Texas Agricultural Experiment Station.

New developments for managing mesquite and prickly pear will be presented by Dr. Jake Landers, range specialist with the Texas Agricultural Extension Service. Landers has done extensive work with several new chemicals cleared for mesquite and has had some kill rates as high as 90 percent.

Following Landers, Shelton and Water Valley ranchman Dr. Bud Turner will discuss opportunities for increasing lamb production. Turner has achieved high reproduction rates in his ranch flock for several years while Shelton continues extensive research work in the field of reproductive efficiency in sheep.

Concluding activities at 3 p.m. will be an optional tour

of forage shrub plots.

For further information, contact Dr. Carl Menzies, resident director of research, or Ken Cook, district Extension director, 7887 North Highway 87, San Angelo, Texas 76901; telephone number 9151653-4576.

## Personal

After five weeks in Robert Lee, helping care for her mother, Mary Hinton, Joyce Kane accompanied her husband, James V. Kane, on a cross country haul for North

American, working their way home to Eatontown, N.J. Joyce made the home of Mr. and Mrs. Turney Casey her headquarters during her stay.

Robert Lee Independent School District today announced its policy for free and reduced price meals for children unable to pay the full price of meals served under the National School Lunch Program and School Breakfast program. Each school and the office of the Robert Lee ISD has a copy of the policy, which may be reviewed by an interested party.

The following household size and income criteria will be used for determining eligibility:

(These guidelines should be used by the school to determine eligibility for free or reduced-price meals and should be provided the media for public release.)

Children from households whose income is at or below the levels shown are eligible for free or reduced price meals.

Application forms are being sent to all homes with a letter to parents or guardians. To apply for free or reduced price meals, households should fill out the application and return it to the school. Additional copies are available at the principal's office in each school. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by school or other program officials.

For the school officials to determine eligibility, the household must provide the following information listed on the application: Names of all household members; social security numbers of all adult household members or a statement that the household member does not possess one; total household income or the household's food stamp case number, AFDC case number if they currently receive Aid to Families with Dependent Children and the signature of an adult household member certifying that the information provided is correct.

Applications may be submitted at any time during the year.

Under the provisions of the free and reduced price policy, the Robert Lee ISD school officials will review applications and determine eligibility. Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. Parents wishing to make a formal appeal may make a request either orally or in writing to Superintendent Jimmy Bickley, Robert Lee ISD, HC 61 Box 303, Robert Lee, Texas 76945; 453-2612 for a hearing on the decision.

Households are required to report increases in household income over \$50 per month or \$600 per year and decreases in household size. Also, if a household member becomes unemployed, or if the household size increases, the household should contact the school. Such changes may make the children of the household eligible for reduced meals or for free meals if the household's income falls at or below the levels shown above.

In certain cases foster children are also eligible for school meal benefits. If a household has foster children living with them and wishes to apply for them, the household should contact the school for more information.

The information provided by the household is confidential and will be used only for purposes of determining eligibility and verifying data.

In the operation of child feeding programs administered by the U.S. Department of Agriculture, no child will be discriminated against because of race, color, sex, national origin, age or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

**SNACKING FITS THE ACTIVE LIFESTYLE**

Skipping meals in favor of eat-and run snacks isn't necessarily a nutritional disaster. Many people assume that snacking is bad when, in fact, it can be good for you.

Snacking can provide you with all the nutrients you need -- if you make wise choices. Your body needs the calories, vitamins, minerals and proteins from wholesome foods. Sugar-filled snacks lack these nutrients but have plenty of calories.

When you don't have time for a meal try some of these:

\* Take a bran muffin and yogurt for breakfast at the office.

\* Buy from the vending machine that stocks peanut butter crackers.

\* Enjoy a pizza with mushrooms and green peppers.

\* Keep nuts, crackers and dried fruits in your desk drawer, car or pantry.

If you crave a sweet snack, at least choose one that has some health value, such as carrot cake, oatmeal raisin cookies or granola bars. If you are not overweight, you may have room in your diet for some sweets.

Fifteen hundred calories of wholesome foods -- in a snack or at meals -- can provide the Recommended Daily Allowance of vitamins, minerals and protein that you need to maintain your health.

Some of the snack foods that contain these nutrients include:

\* Peanuts, peanut butter crackers, and sunflower seeds provide protein, B-vitamins and fiber.

\* Fruit juices, dried fruit and fresh fruit -- especially raisins, apricots, bananas and oranges -- are high in vitamins A and C and iron.

\* Bread sticks, whole grain crackers, granola bars, dry cereals, muffins, bagels, fruit breads and popcorn are excellent carbohydrate sources.

\* Cheese, yogurt and pizza supply calcium, riboflavin and protein.

**WHEN BUGS BITE** - Insect stings and bites are usually annoying and mildly painful, but in some cases they can be dangerous. "Few people have extreme reactions to bug bites and stings," says Dr. Mary Ann Heussner, a health education specialist with the Texas A&M University Agricultural Extension Service. "Yet for the few who are allergic, reactions can be quite severe. Unfortunately, most people don't know they're allergic until they're bitten, so it's important to recognize and understand the difference between a local and systemic reaction," says Heussner. "Local reactions may cause swelling and redness at the site of the sting or bite. Systemic reactions are far more serious and involve the entire body." Symptoms of systemic reactions include dizziness, shock, fainting, wheezing, hives, a tightness in the chest, and facial swelling. In the case of a systemic reaction, the specialist recommends you call the local poison control center, or immediately take the victim to the nearest hospital emergency room.

**Hunting permits available from TPWD**

Persons interested in gaining access to 413,976 acres of hunting lands enrolled in the Texas Parks and Wildlife Department's Type II wildlife management areas may now obtain permits from the department.

Applicants can send a check or money order for \$35 to the TPWD, 4200 Smith School Road, Austin, TX 78744. On a separate sheet of paper, the applicant is required to print or type the following information: (1) applicant's first name, middle, initial and last name; (2) street address; (3) city; (4) state, (5) zip code; (6) county of residence; (7) sex, male or female; (8) height in feet and inches; (9) weight; (10) color of eyes; (11) color of hair; (12) date of birth; and (13) telephone number where the person may be reached during the day. With his information, a permit will be mailed back to the applicant in approximately 10 days. The permits may be purchased in person at 28 TPWD field offices across the state. Sale of the permits began the week of Aug. 10.

The Type II program is a new concept for Texas, offering hunters and outdoor recreationists low-cost access to land for hunting in season, fishing and camping. Hikers, bird-watchers, and those who camp out will be required to purchase a permit. Licensed children

under 13 will be the only ones allowed on the acreage free when accompanied by a parent or guardian who has a permit.

Purchasers of a Type II permit will receive a 45-page booklet containing maps and instructions. Each of the maps, (one for each of the 44 units) will indicate legal game, special restrictions, county, acreage of unit and access roads.

The department recently entered into an agreement with the State General Land Office (GLO) for approximately 66,000 acres of land that will be added to the Type II program. The majority of the acreage lies in Hudspeth County near Interstate Highway 10. The GLO lease agreement brings the total acreage in the program to 413,976. East Texas timber lands make up about 1/2 of the Type II land, 160,000 is in the Trans-Pecos, and the Panhandle adds 28,000 acres to the program.

Holders of Type II permits also will be eligible to apply for special hunts on some of the Type II lands. Officials said a computer drawing will select 12 hunters to participate in a buck pronghorn antelope hunt Oct. 3-11 on lands near Dalhart in the Texas Panhandle. Deadline for submitting antelope applications to Austin headquarters is 5 p.m. Sept. 21. Approximately 125 buck

mule deer permits also will be made available to Type II permit holders for hunts on the Black Gap WMA in Brewster County. Deadline for submitting mule deer applications is 5 p.m. Nov. 2.

Still available to Texas hunters is the Type I Wildlife Management Area program (200,000 acres of state land) in which hunters seek permits and hope to be drawn for various areas. The cost is \$40 for the 2-day only hunts and 4 times as many apply as are chosen in the drawings. Type II will undoubtedly be a boon to those who cannot get their names drawn and cannot afford or find a private lease.

**Notice of 1987 Effective Tax Rate**

The purpose of this notice is to inform you about your taxes. The 1987 effective tax rate is a tax rate that would levy the same amount of operating taxes the taxing unit levied last year on property taxed in both years, plus the amount the unit needs to pay certain long term debts this year. The rate is calculated as follows:

	CITY OF BROWNE	CITY OF ROBERT LEE
1986 maintenance & operations tax levy:	\$51,288.40	\$46,224.16
Less adjustments	\$ 0	\$ 0
Equals adjusted 1986 maintenance & operations levy:	\$51,288.40	\$46,224.16
1987 total tax base:	\$13,181,660	\$18,017,710
Less adjustments	\$ 231,530	\$ 224,320
Equals adjusted 1987 tax base:	\$12,950,130	\$17,793,390
The adjusted 1986 levy divided by the adjusted 1987 tax base and multiplied by 100 equals the effective maintenance & operations tax rate:	\$ .39604 /\$100	\$ .25978 /\$100
The maximum rate the governing body can adopt without publishing notices and holding a hearing is:	\$ .40792/\$100	\$ .26757/\$100
The maximum rate the governing body can adopt before taxpayers can initiate rollback petitions is:	\$ .42772/\$100	\$ .28056/\$100

**Unencumbered Fund Balances**      \$26,000      \$120,000

This notice contains a summary of the calculations used to determine this year's effective tax rate. You can inspect the full calculations at Coke County Appraisal District 710 Austin St., Robert Lee, TX

### GET READY FOR FALL GARDENING

A fall garden often produces better quality and higher yielding vegetables than a spring-summer garden.

Cooler weather means a longer harvest period for many vegetables. Lettuce and leafy greens are sweeter and more tender. You can count on lettuce, collards, spinach, broccoli, cauliflower, Brussels sprouts and Swiss chard to be a part of your Thanksgiving meal and maybe even your Christmas feast.

A fall garden requires careful planning, with planting timed to allow frost-sensitive vegetables to mature and be harvested before frost. Cold, hardy vegetables can be planted for later harvesting.

Vegetables adapted to fall gardens can be divided into four groups by their tolerance of freezing temperature.

Warm-season vegetables adapted to fall gardens -- but killed by frost -- include snap beans, southern peas, summer squash, winter squash, cucumbers, sweet corn, and early maturing pepper and tomato varieties.

Cool-season crops usually damaged by light frost when mature include lettuce, cauliflower, kohlrabi, celery, cabbage and broccoli.

A third group of vegetables are those moderately tolerant of repeated light frosts: carrots, parsnip, beets, Brussels sprouts, leaf lettuce, endive, radishes, rutabagas and turnips.

The final grouping -- those tolerating night after night of freezing-- includes bulb onions, green onions, chives, garlic, leeks, multiplier onions, shallots, spinach, parsley, collards, kale, and Buttercrunch and Romaine varieties of lettuce.

Seeds of snap beans, baby lima beans, broccoli, cabbage, carrots, collards, chard, sweet corn, cucum-

bers and summer squash planted early to mid-August will produce crops ready for harvest before the first fall frost. Beets, kohlrabi, leaf lettuce, and spinach seed-planted in late summer will likewise provide abundant fall harvests. Mustard greens, radishes and turnips planted in early to mid-September will make it to the table in October and November.

Gardeners have several choices for starting their fall gardens. First of all, summer vegetable seedlings require constant attention. Sowing seed in the garden in summer is one choice but will require repeated irrigation and careful attention to pest control. It's often easier to start seedlings of tomatoes, peppers, cabbage, broccoli, cauliflower, Brussels sprouts and parsley in boxes or pots of potting soil, culture them in protected areas, and transplant them to the garden when four to five weeks old. Another option is to buy transplants of these vegetables at local nurseries to set in the garden at the right time.

### Arnold joins Allen as spokesman

This year the legendary Eddy Arnold will join Rex Allen as spokesman for the 28th annual Cattlemen's Round-Up for Crippled Children which benefits the West Texas Rehabilitation Center located in Abilene and San Angelo.

The two talented performers will be seen and heard throughout the Southwest on radio and television appealing to ranchers and farmers to donate livestock and cash to be used in helping to operate this private, non-profit treatment and diagnostic network of facilities.

This year the West Texas Rehabilitation Center will serve more than 11,000 handicapped children and adults from throughout Texas, neighboring states, and Mexico. No one is ever denied services due to inability to pay.

Arnold, whose career spans four decades, was the featured entertainer at a special, highly successful, benefits for the Center earlier this summer. Eddy Arnold has sold more than 60-million records, a record topped only by the Beatles, Elvis Presley, and Bing Crosby in career record sales.

Rex Allen, longtime friend of the Center, is best known as the voice for more than 100 Walt Disney nature films, as a recording artist, and as th "Arizona Cowboy" in many western movies in the late 1940's and early 1950's.

### WTU plans refund

West Texas Utilities Co. plans another refund to its retail customers in December of this year.

The Company was to file a request Monday with the Public Utility Commission of Texas requesting permission to refund a total of \$3.8 million in retail revenues collected in excess of actual fuel costs during the months of December 1986 through July 1987. The total includes \$3.4 million actual fuel cost savings, plus \$.4 million in interest.

Paul Sublett and Bob Boone, WTU local managers, said recently negotiated contract revisions reflecting the continued soft price of natural gas makes the refund necessary.

"As our cost for boiler fuel went down, we simply over-collected under the fuel rate approved by the PUC," they said.

This will be the sixth

refund made to WTU retail customers since the summer of 1985. The fuel rates charged to customers have been adjusted five times since 1985, but the price of natural gas, WTU's main power plant boiler fuel, has continued to decline.

WTU's base rates have not changed since December 1984. However, on May 19, 1987 the Company filed for an increase in base rates necessitated by the completion of the new coal-fired Oklaunion Power Station near Vernon. The assured supply of coal under a long-term contract is expected to help stabilize WTU's power plant fuel costs.

The refund will be made through one-time credits to retail customers in December subject to approval of the PUC. The typical residential customer will receive about \$7.00.

### Corley reunion held

The families of the late Mr. and Mrs. D.J. Corley met at the Senior Center in Bronte, Sunday, Aug. 17 for their annual reunion. Jack Corley, one son present, and his wife, Christine of Bronte along with numerous other family members visited and enjoyed the near-by golf course.

Others present were: Mr. and Mrs. J.B. Arrott of San Angelo; Mr. and Mrs. Davis Corley and Kurt of Midland; Mrs. Dee Anna Reed and daughters of College Station; Mr. and Mrs. Scotty Belew

and children of Wingate; Mrs. Shelene Usry and Lynn of San Angelo; Mr. and Mrs. James A. Tidwell, Mr. and Mrs. Jim Morrow, Mr. and Mrs. Benny Corley, Mr. and Mrs. Timmy Don Arrott, Brian and Dusty, Mr. and Mrs. Barry Corley and sons, Mrs. Effie Corley, all of Bronte; James Arrott of Tennyson; and Mr. and Mrs. Rusty Corley and sons of McCamey.

Family friends who attended were Virginia Boatright, Conda Richards, and Kirby Hartman.

## CARD OF THANKS

**THE FAMILY** of Patsy J. Wilson would like to extend our thanks and appreciation to the many people who helped in making our time of sorrow easier to bear. The ambulance volunteers were wonderful, with their quick response, knowledge and comfort. We appreciate the many visits and telephone calls, as well as the thoughtfully prepared foods and beautiful arrangements of flowers and plants. The family would especially like to extend thanks to the men who sat with Pat at the funeral home and those considerate people who attended the telephone, door and kitchen, both Friday and Saturday. The women who prepared lunch Saturday at the Methodist Church provided not only a beautifully prepared nutritious meal, but also offered their hope and cheer. Everyone's actions of good-will were always so meaningful to Pat, and will continue to strengthen and console us now.

## ADVERTISEMENT FOR BIDS

1. Sealed Proposals addressed to Mr. Wayne Arrott, President, Board of Trustees, Bronte Independent School District, Bronte, Texas, shall be received in the Library at the High School until 4:00 p.m., Thursday, September 19, 1987, at which time they shall be opened and read aloud for the furnishing of all labor, materials, equipment and performing all work required for the construction of School Plant Additions for the Bronte Independent School District, Bronte, Texas, in accordance with plans, specifications and contract documents as prepared by Huckabee and Donham, Architects and Planners,

Andrews, Texas.

2. Lump sum Proposals will be received for the general construction which will include Plumbing, Heating, Air Conditioning and Electrical work on the above projects as set out in the Bid Proposal.

3. A Cashier's Check, Certified Check, or acceptable Bidder's Bond, payable to the Bronte Independent School District, in the amount of not less than five percent (5%) of the largest possible total for the bid submitted must accompany each bid.

4. Attention is called to the fact that the contractor must comply with all Federal, State and Local Labor laws, including Article 5159a, Vernon's Annotated Revised Civil Statutes of the State of Texas, which requires that the contractor pay not less than the following prevailing wage rates, which have been established by the Owner as follows:

5. The successful bidder will be required to enter into

a contract with the Bronte Independent School District, Bronte, Texas, and furnish a Payment and Performance Bond in the amount of not less than 100% of the contract price, conditioned upon the performance of the contract.

6. Attention is called to the fact that the Owner is exempt from the payment of the State Sales Tax normally levied against material costs. In order to take advantage of this exemption, material and labor costs must be identified by the successful bidder. In developing this division of labor and material costs, the bidders are cautioned to include all costs and allowances not representing direct material costs with labor. The contract sum, as identified by the Base Bid, shall not include any allowance for the payment of State Sales Tax on materials required to complete the work. The successful bidder, upon award of the contract, will be furnished with a permit number which will enable him to purchase the required material with-

out payment of such taxes.

7. Plans and Specifications may be obtained from the Architect, Huckabee and Donham, Architects and Planners, 405 S.W. 1st St., Andrews, Texas, 79714, 915-523-3450, in accordance with the stipulations set forth under Deposits and Refunds, bound in the Specifications.

8. The bidder acknowledges the right of the Owner to reject any or all bids and to waive any informality or irregularity in any bid received. In addition, the bidder recognizes the right of the Owner to reject a bid if the bidder failed to furnish any required bid security or to submit the data required by the bidding documents, or if the bid is in any way incomplete or irregular. 2b-2tc

## Try linen this summer

If you're looking for a cool fabric to wear this summer, try linen. Its fast absorbency makes it a cool and comfortable choice for summer clothing.

Linen is a durable and attractive fabric. It absorbs moisture, and dries fast, which makes it popular for women's suits, blouses, and jackets.

Its appearance is deceiving. It's really a tough, long-lasting fabric. Linen is a bit more expensive than some other fabrics, like cotton, but its durability makes it a good investment.

Linen also wrinkles very easily. To some extent, the wrinkling could be considered fashionable, but some people may not care for it. There are linens with durable press finishes and linen blends available that don't wrinkle as easily. Blends are less expensive, yet are still cool and comfortable.

The sheen on linens depends upon the ironing. If the garment is ironed on the wrong side, it will have a low sheen. If ironed on the right side, it will have a very high sheen, which many people find attractive.

It's a very brittle fabric, so linen garments are designed without any hard creases. This may be why it's not widely used in men's fashions, especially in trousers. Hard creases will break the fabric and it will crack open.

Please read the garment labels first and be aware of the fiber content before a purchase is made. There are linen look-alikes on the market, such as ramie. This fabric is less expensive, and wears comfortably, but it's a little more brittle and a little less durable.

Linen is absorbent, comfortable, and lightweight, and would make a great addition to any summer wardrobe.

## Bilbo reunion told

The family of Alta (Bell) and Alley James Bilbo assembled for a family reunion August 7-9. Jo Ann and Jarvis Littlefield hosted the event at their lakeside home eight miles north of Grove, Oklahoma.

Entertainment for the weekend included horseshoe pitching tournaments, ping pong, darts, swimming, fishing, and boating. On Friday night, there was a fish fry, amateur program and a fireworks display. Following the Saturday night barbeque, there was a family musical and presentation of awards.

Attending the Bilbo reunion were: Alta and Alley Bilbo of Robert Lee, Alta Bell and Lamar Kay of Alpine, Jan and Bobby Hungate and Kara of Waco, Mark and Judy Kay and Nicholas of Odessa, Jamie and Bob Boren of Robert Lee, Kathy and Joe Alexander, Miranda and Jamie Jo of Robert Lee, Bebo Boren of Odessa, and John Boren of

Snyder.

From Grove, Oklahoma were: Jo Ann and Jarvis Littlefield, Jerry and Debbie Littlefield, Michelle, Jeremy, and Casey, Jimmy and Debbie Littlefield, Shannon, Robin, and Shane, Rick Littlefield, Randy and Brenda Littlefield, Jason and Lorinda, Lynda and Tony Caudill, Bradon, Karl, Krissy, and Kathy.

Janet and Joe Rathmell of Mertzson, Sandy and Jill Evans and Samantha of Tallahassee, Florida, Steve and Mary Evans, Lance and Alan of Carlsbad, Bill K. Havins of Austin, Rebecca Gilmore and Mike Levesque of San Angelo were also in attendance.

Also attending the reunion were Mrs. Marcus (Robbie) Turne of San Angelo, Bill and Mary Denman of Baird, Charlotte (Denman) and Bob Pritchett and Kimberly of Dallas, Mark and Cathy Moseley of Ada, Oklahoma.

## Jordan aces eighth hole

There was high excitement on the Mountain Creek Golf Course Tuesday afternoon when Troy Jordan aced #8 hole. He used a 7 wood for the 160 yd. shot. Playing with Troy were Paul and Meno Uranga, Greg Pearson, and Roy Bernard, to witness the hole-in-one.

Coming up Sunday, August 23, on the local links will be a 2 Man/1 Woman Select Shot tourney. It will be a 27 hole event beginning at 9 a.m. On Sept. 6-7, the annual Robert Lee/Bronte tournament will be played. The Mixed Couples contest will span both courses.

## Check sodium in fast foods

**CHECK SODIUM IN FAST FOODS** -- If you're trying to reduce your sodium intake, reading the nutrition pamphlets in fast food stores will help, says Dr. Dymple Cooksey, a nutritionist with the Texas A&M University Agricultural Extension Service. A safe and adequate intake for sodium is 1100-3300 milligrams per day. But some fast-food sandwiches will contain over 1100 milligrams. By checking the so-

dium figures fast food items, you can either choose lower-sodium foods, or compensate for a high-sodium fast food meal with less sodium at other meals, explains Cooksey.

We are celebrating  
our fifty years of marriage  
at a reception

hosted by our children and grandchildren.

We would like you to share  
this special event with us.
