Older Worker Week noted

Each year National Employ the Older Worker Week is proclaimed to draw special attention to the growing and valuable resource of older workers. During the week of March 13-19, Green Thumb, a senior community service employment program, funded by the Department of Labor, encourages both public and private employers to join in acknowledging the important contribution of older workers.

Joe Rankin, President of Texas Farmers Union, which

sponsors Green Thumb, invites employers "to utilize an abundance of talent, resourcefulness, and experience by hiring older Texans. Programs such as Green Thumb assist older workers in locating jobs both in the public and private sectors of rural Texas where employment opportunities and services are so greatly needed," continued Rankin.

Stewart remains in custody following filing of charges

Johnny Dewayne Stewart remains in custody in the Tom Green County Jail this week following charges of felony criminal mischief, filed after several incidents occurred in Bronte in the early morning hours on Monday, March 7. Sheriff Marshall Millican indicated that another charge of criminal mischief and a felony arson charge will also be filed against the 19-year-old Bronte resident. His bond has been set at \$7,500.

Stewart allegedly drove a vehicle through the double doors of the Recreation Hall in Bronte, into the Bronte School's greenhouse facility, and damaged the overhead door of the school's ag shop. The vo-ag pickup sustained damage also. Damage estimates have not been completed at this time but about \$1,600 will be needed to replace the large doors alone.

Other charges against Stewart concern vandalism of a state highway sweeper and signs near the junction of Highway 70 and 277. A state-owned road-grader was doused with diesel and set on fire at the same time.

The suspect was arrested at his home by Deputies Wayne Peters and J. Lee Ensor when they discovered the damaged vehicle and certain matching physical evidence at the scenes.

GENEVA MINNICK (L TO R), Zola Hatley, and Lois Wallace, all in the Green Thumb program, look on as Judge Aubrey Denman signs a proclamation honoring the National Employ the Older Worker Week, March 13-19.

"Senior employment programs allow senior Texans to prove to employers that chronological age is the least important measure of a person's true worth," he added.

Texas Farmers Union Green Thumb places program enrollees age 55 and older with local non-profit organizations to provide needed manpower services in such areas as senior centers, day care and headstart programs, schools, public works, weatherization, libraries, and municipalities.

"During National Employ the Older Worker Week, and every other week, Texas employers should utilize one of our state's most valuable resources - the older worker. Hiring experience, dependability, reliability and dedica-

tion is simply good business," Rankin concluded.

Green Thumb employs three Coke County residents. Zola Hatley of Robert Lee is an aide with the Outreach Center at the Senior Citizens Center in Robert Lee. Nichols fund established

Heather Nichols

Debra and Scott Nichols of Robert Lee are seeking monetary aid for their 9-year-old daughter, Heather. Heather, an elementary student in Robert Lee schools, has been diagnosed in recent years as having glycogenosis, although the parents and doctors knew she had an enlarged spleen and liver since birth. The disease represents a breakdown in the processing and storage of foods and

chemicals, especially sugars. Doctors are considering the removal of Heather's spleen.

The elusive, rare disease is not easily pinpointed but doctors at the Galveston University of Texas Medical Branch confirmed the presence of the disease in 1983. They will see her again at Spring Break, March 29 since she is experiencing severe pain periodically in her side and stomach. Her organs have become more enlarged and doctors warn that a blow or fall could cause liver failure or rupture her spleen. Physical activity must be curtailed and that seems difficult to an active 9-yr.-old child.

Mounting doctor bills, along with expensive tests and CAT scans, have almost bankrupted the family and their relatives. An account has been opened in Heather's name at the Robert Lee State Bank to assist with the medical effort.

Any interested parties can send the contributions to the account at the bank:

Holland wins cook-off

A former Robert Lee resident, Robin Holland, won the World Championship Barbecue Cook-off at the 1988 Houston Fat Stock Show. Robin's entry of 1200 lb. of beef brisket earned him the title and three impressive trophies. It was the second time he had notched the win in the contest; the first was about 7 years ago. One hundred-seventy entries made up the cook-off. He and his wife, Donna, invited a huge crowd of friends to help dispose of the brisket.

The Hollands were dressed in the true spirit of the event. He wore a tux and tails made

from faded blue denim adorned with patches while his wife dressed in western clothes to promote the stock show committee "Ladies Go Western".

Robin's tremendous barbecue pit/trailer was named Arnold Ziffle, complete with pig and flag logo and other promotional theatricals.

He is the son of Polly Holland of Robert Lee and is a private practice attorney in Houston. He has taken an active part in the stock show for a number of years and is now serving in the captain capacity of the commercial entries.
