Stocker Demand Firms Market At Fort Worth

By TED GOULDY

Fort Worth-Demand for replacement cattle and calves was again a dominant factor in the opening trade at Fort Worth Mon-day. The present scale of cattle prices which reflects replace-ment stock selling at higher prices than finished cattle in many cases, leaves room for little doubt as to the optimism of feed-ers concerning the long-term

prospects. Efforts of the slaughter interests to weaken grass cattle and calf prices were largely unavail-Mr. and Mrs. F. A. Moore or borderline cattle at prices su-

Stockers and feeders continued to move at the best levels since November, 1952. Choice stocker steer calves sold at \$24.50 and heifer calves at \$21.50 down. Late last week a new high for the year was reached as steer calves scored \$25.50 and their heifer mates sold for \$22. Stocker yearlings sold from \$22 down, and feeder heifers sold from \$20

The decline in hog prices last week, due to the heat wave in the northeastern states, was partially recovered at Fort Worth Monday. Choice butcher hogs top-ped at \$20.50, an advance of 50 to 75 cents over last week's low close. Sows at \$17.50 down, were 50 cents higher.

they would make 60 or 70 bushels. He contracted for 2000 bushels of them when they were cut. When the oats were cut the other bushels, and Mr. Cobb took a load to town to test them and sell them, and they were more than half chaff and nobody would buy them. We surely can't afford to count our chickens before they hatch in this farming business. Some of the wheat grains have shriveled up and don't test too good, either.

Right after the second some of our wheat actually looked as if it might make 40 or 50 bushels, and I had visions of two we'll settle for just the college. Anyway, this beats last year and the year before and the year be-

Blaze Destroys Sagerton Cafe Early Saturday

An early morning fire in Sagerton Saturday, which for a time threatened three other buildings. destroyed Bell's Highway Cafe with a loss estimated at \$4,500 and caused about \$600 damage to the adjoining Letz Grocery and Food Market.

The cafe was a total loss. W. E. (Cotton) Bell, operator, estimated his loss of personals items at \$800 to \$900. The building and equip-ment, owned by George Griffin of Stamford, was valued at \$3,000.

Cause of the fire was unknown The fire, discovered about 3:15 a. m., was fanned by a strong sou'h wind which carried the flames over the roof of the adjacent buildings. The cafe, located on east-west U. S. Highway 389, was at the south end of a business block. Businesses to the north included the grocery store, another cafe and a building in which baled hay was stored.

Firemen from Rule and Stamford, who asnswered an alarm turned in by Mrs. J. A. Clark, prevented the flames from spread-

Joe Clark of Sagerton said the firemen arrived in time to put out the fire after it had spread to the roof of the grocery store. The flames had already consumed the 20x30 foot building which housed the cafe.

Clark said the roof of the grocery was torn off to get to the fire. The brick construction of the building was credited with saving it.

He said nearly everything that was in cases, scales, cash registers, adding machines and other business equipment was removed from the grocery store by towns-

Late Saturday afternoon, business was going on as usual at the store. Bueford Letz, owner, had carpenters busy Saturday replacng the roof and the front doors which had been torn open to get into the building during the fire.

The fire was first noticed by passengers in a passing auto-mobile. They awakened Pete Lusk about 3:15 a. m. Saturday, Clark said. Lusk notified Bell and Whit Clark, who live nearby, and Clark fired his shotgun to spread the

The following persons were admitted to Haskell County Hospital this week: In Nation

For the first time in seven years, cattle numbers are down in the United States. A nationwide drop of 2 per cent in total cattle numbers last year coupled with recent widespread rain creates a better-than-average chance for higher prices.

The long drouth was largely responsible for this decline, and period unless extra caution is obcattle numbers have not yet turn-served.

The council estimated there will or Midwest although Texas reg- be 45 million motor vehicles on istered a 7 per cent reduction in the streets and highways during 1956. Actually, national numbers the are now at a point of balance and could swing either way if moisture conditions keep on improv- time.

Extension Economist John Mc-Haney says cattle prices will probably improve if rains continue to fall at the right time and in the right places. He fig-; ures this would cause many ranchers to restock, holding back many says it also might create a better demand for steer and heifer

McHancy says American catlemen can generally expect highif the over-all economic activity and non-farm income remains high. He bases this prediction on the declining cattle to people ratio in recent years with the assumption that it will continue.

The economist advises cattle raisers to finish animals out by late June to to avoid heavy July and August marketing. There were 4 per cent more cattle on feed in January than a year earlier and indications this year point to a longer feeding period. Feeder cattle prices won't in-crease greatly by next fall, but they will probably be slightly higher. Increased pork and poultry supplies will compete with beef.

Chamber of Commerce Definite Benefit To Business and Community

(Second in a series of articles pointing out the value and achievements of the Chamber of Commerce.)

There are a few business men and individuals, when approached for membership in the Chamber of Commerce, will refuse by giving the explanation that the organization does not do any-thing for him or his business.

Haskell has had an active Chamber of Commerce for almost a quarter of a century and unless that merchant or individual has been operating here longer than he cannot possibly know how it helps him until the town has done without one for a period

sponsored by Chevrolet Division of General Motors Corporation as a special sales promotion for the new 1957 models.

Announcement and presentation of the award to the local dealer was made last week by J. J. Dillon of Sweetwater, district manager in charge of sales.

that the sales campaign included Graveside Rites both Chevrolet cars and trucks sold during the two-month period of February and March.

"Mr. Smith, as Chevrolet dealer in the Haskell area, had the highest per cent attainment of his sales quota among 55 dealerships in this district," Dillon said. 'Sales of both cars and trucks during the two-month campaign was 200 per cent of his quota,' the district sales manager added, in praising the record of the Haskell dealer.

Mr. Smith, who has had charge of the Chevrolet dealership here since November, was presented an engraved plaque and desk set as first place award in the sales

"Your achievement in attaining first place among 55 towns and cities in the Dallas zone is an outstanding example of business leadership and a worthwhile contribution to the business activity of your community," Dillon told the Haskell dealer in presenting the award.

Jaycees Clean Up Vacant Business **Buildings**

Vacant buildings in the business section took on a spic and span appearance last weekend. as a result of work done by members of Haskell's Junior Chamber of Commerce.

The Jaycees adopted the cleanup job as a community service project, with groups of members volunteering as workers for intervals of several hours Friday and Saturday

Dee Larned, Jaycees president, expressed appreciation to all who helped in the project.

Thomas A. Edison was dismissed from a job as a young man for sleeping while on duty.
