New grocery store to open in Bronte

The community of Bronte is excited about the prospects of a new downtown business. A new grocery store is all set to open its doors for business on August 21st, according to owners Oscar and Betty Tumlinson, of Ozona.

The Tumlinsons have purchased the Super Save grocery building in downtown Bronte, and indicated that they will try to be open on August 21st, although that date is tentative. The new store will feature a full line of meats, produce, and health and beauty aids.

The grocery business is not new to the Ozona couple, as Mr. Tumlinson was associated with a large grocery chain for forty-three years. The couple have been in the grocery

business for themselves in Ozona for the past four years, owning and operating the T'n T Village Super Market.

They have one son, Jason, at home, who is a high school senior. Jason is active in football and also plays in the high school band. Oscar and Betty are members of the First Baptist Church. He is active in the Lions Club and serves as president of the hospital board. Betty is an active member of the Ozona Garden Club.

The couple plan to be actively involved in the operation of the new store. During this past week, they have been interviewing job applicants, stating that all employees of the new store will be local residents. Mrs. Tumlin-

son indicated that they are looking forward to meeting everyone in the community and serving the residents.

Joe Rawlings

Joe Rawlings to retire

After almost 27 years of service as a district director on the Coke County Soil and Water Conservation District Board, Joe Rawlings was forced to retire recently due to poor health.

Joe was first elected to the Board on October 13, 1962, and served as chairman for the past 19 years. He has always been a strong advocate of conservation and a tireless worker on the District Board. Joe's ranch is proof of his be-

lief in the benefits of good conservation and his understanding of its principles and application. Over the years he has hosted many tours and also has always been willing to share his knowledge and experience.

In recognition of his achievements, Joe has been named as Outstanding Conservationist of the Year for 1989 by the Coke County Soil and Water Conservation District Board.

Letter to the Editor

Dear Editor:

We should like to send greetings to our friends in Coke County and to tell you we have enjoyed the Centennial Edition of the Observer/Enterprise.

We have a good life and many good friends in Lubbock, but we have not forgotten Coke County. Neil's roots are in Coke County (he came to the county when he was 3 years old). I enjoyed some good years there; and, of course, our daughter June is a native of Coke County.

Neil is nearing his 93rd birthday. He remains alert, but very frail. However, he has access to the VA Medical Clinic

here and the VA Hospital in Amarillo when he requires medical attention. He can still tell a lively story or two about his experiences as County Judge in the thirties and forties. I care for him in our home.

We wish for Coke County and its citizens, continued growth and prosperity.

Best wishes for the future,
 Mrs. McNeil (Weta) Wylie

P.S. When you see Robert Junell, please tell him his Junior English teacher from his Monterey High School days says "hello" and congratulates him for his successful candidacy.

Lions vote for sanctity of flag

At its August 1 meeting the Bronte Evening Lions Club reviewed the recent happenings on desecration of the U. S. flag and the action of some of the law-making bodies to help keep its sanctity. The club voted its support to help keep honor and respect for the flag, and the club felt it owed to its citizens of the community a promoting of patriotism.

One method of doing this is by displaying the flag on special occasions during the year. Since the community has a number of senior citizens the club decided to buy the flags and offer to display them at residences and businesses a minimum of six times - the dates to be decided by the club for an annual fee of \$20.00.

Every citizen and business owner of Bronte will be contacted by the club before January 1. The first year program will be from January 1, 1990 to December 30, 1990.

On the selected day the members of the club will place the flag at the agreed location, and at the end of the day pick up the flag and store them in a designated place until the next selected day.

Pioneer woman dies

Jan. 1932, Bronte Enterprise Scott obit Pioneer Woman Dies

Mrs. Sarah Elizabeth Scott died at her home in Bronte, early Saturday morning, January 16, 1932. Deceased was born at Talapoosa, Alabama, March 6, 1844, making her to be 87 years, 9 months and 10 days old when death called her to her reward.

The tired, worn out body was buried in the Bronte cemetery, Sunday afternoon, following religious services at the home, conducted by the pastor of deceased, Rev. J. A. Branaman, pastor of the Kickapoo Baptist Church, assisted by Rev. N. A. Pitts and the writer. In keeping with the request of deceased the funeral services were simple, consisting of the singing of hymns, reading of the Scriptures, prayer by Rev. Pitts, a brief talk by the writer and funeral address by the pastor. A great throng assembled and paid tribute to this grandmother in Israel.

Deceased was twice married. Her maiden name was Anderson. She was married first to Wm. Waldrop, May 1, 1862, who died in the Confederate hospital.

August 17, 1867 deceased was married to Daniel E. Scott. To this union seven children were born, only three of whom survive, namely, Mrs. Emma Thomason, Alamogorda, New Mexico, Collins Scott, Wellington and Dewitt Scott of California. Only the daughter could be present for the funeral. There are 28 grandchildren and 41 great grandchildren.

Other relatives present for the funeral from a distance were Mrs. Beulah O'Gorman, Fort Worth; Mr. and Mrs. Lee York and daughter, Miss Viola, Abilene--Mesdames York and O'Gorman are granddaughters of deceased; a brother, W. T. Poole and wife from Clyde; a nephew, Will Dawkins and wife from Breckenridge, and a

grandson, Walter Scott and wife from Pampa.

Deceased came to Texas with her husband in 1878, but they did not come to Coke Co. till 1891. They made their home here continuously from that time. Hence, it was forty years ago that deceased became a resident of this community. And in the name of her husband and herself, their name always represented the better, finer things of life. And in the pioneer days they did well their part for the good of the community. And following the worthy footsteps of his father, their son, Joe Scott, who spent his life here, was also one who always stood for the right and the better things of life.

"Grandmother Scott," as she was affectionately called by her large circle of friends, professed faith in Christ when a little girl only eleven years old and united with the Missionary Baptist church and contributed to the building of the first house of worship in Coke county.

Truly a great and gracious woman has passed to her reward. The world was enriched

by her having lived and now that she is no more her going is mourned by the many who knew her. May the sorrowing children and grandchildren and all others who mourn her passing, have a divine comfort.

Lodge organized in Bronte

COKE CO. RUSTLER MARCH 16, 1906 I.O.O.F. LODGE ORGANIZED BRONTE LODGE BEGINS LIFE WITH FINE MEMBERSHIP

Thursday night March 8, at the school house in Bronte, a Lodge of Independent Order of Odd Fellows was organized with J. P. H. McMullen, as Noble Grand; W. L. Hayley, Vice Grand; T. F. Keeney Secy; F. O. Key, Treas. The above named officers were the charter members, while the following named brothers were admitted by card: W. J. H. Rodgers, J. W. Rodgers and C. H. Whitaker. Those initiated and passed through the third degree at this meeting were Dr. W. F. Key, Dr. J. D. Leonard, O. L. Tuttle, T. J. Percifull, R. L. Hayley and Howard Wilkins.

The following members of Robert Lee and Ballinger Lodges were present and assisted in the organization and degree work. From Robert Lee Lodge: Chas. Roe, D. D. G. M; J. H. Burroughs, W. B. Green, H. H. Pearce, J. James, W. H. Bell, W. B. Smith, R. J. Walker, W. J. McFarland, C. Coulson, L. C. Wilkens, C. A. Adams, J. P. Brown, J. N. Buchanan.

Those from Ballinger: were A. Currie, W. R. Knight, T. M. Osteen, Chas. Moback, T. H. Moore, Lee Duncan, Geo. Curley, W. P. Alvis.

The Odd Fellow lodge is one of the oldest of all fraternal organizations and numerically is the largest in the world. The order is of English origin having originated in Manchester England in 1812, although it is said isolated lodges existed in other areas some time previous. Odd fellowship was organized in North America in 1819. Thos. Wildey and four others organized Washington Lodge No. 1, in Baltimore, Maryland, April 26, 1819. A lodge was organized in Boston March, 26, 1820, and one in Philadelphia Dec. 16, 1821. Originally the order was simply a humane institution - its main object being to relieve the brethren, bury the dead and care for the widow and the orphan: But to day its lectures and charges are beautiful and embrace much moral and religious instruction, all of which are thoroughly unsectarian. The task which it has assumed, of leading man "to a true appreciation of his whole duty, whether to his Creator, himself or to his brother man," is a magnanimous one, and be it

said to the credit of the order, that many there are who have been lifted by the beautiful teachings of Odd fellowship to a nobler and grander conception of their duty. The tenets of the order which are ingraved on the banner and alter of the lodge that should also be in the hearts and on the concience of each member and the Enterprise believes, judging from the material used, that this will be true of Bronte lodge.

1989 Wheat Test Results

Listed below are the results of the wheat variety test conducted on Arrott Farms in Bronte. The test plots were planted on December 20, 1989 at a rate of 78 pounds per acre. Eighty pounds of anhydrous ammonia had been applied pre-plant in the Fall.

The plots were hand harvested on June 12, 1989.

Musical attended

Over 100 persons attended the monthly Country/Western Musical at the Rec Hall in Robert Lee last Thursday night. Homemade ice cream was served to the crowd and the visiting musicians, the Hayden Ellis Band of San Angelo. Robert Lee's host band, composed of Add Davis, Johnny Sevier, Matt Wilson, all of Robert Lee, Sammie Duncan, Ozzie Wilson, and Troy Blackshear, San Angelo, and Slim Trent of Kermit, also played at the musical. They are the volunteer band for the third Thursday Senior Citizens Dance.

Personal

Verna McDorman and Sally Byrd, of San Angelo, spent the weekend in Fort Worth with niece Darline Winn.

This hand harvesting method of grain production will result in a slightly higher yield than actual combine runs, but the comparison between varieties remains the same.

Small grain producers should not change their operation based on one year's result, but should look at varieties continually at the top of test year after year. For optimum production, especially with environmental risks in Coke County, producers should plant 2 or 3 varieties with different maturity stages.

NOTICE OF EFFECTIVE TAX RATES

1989 Property Tax Rates in East Coke County Hospital District, City of Robert Lee, City of Bronte, and Bronte Independent School District

This notice concerns 1989 property tax rates for the above taxing jurisdictions. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

Factors that affect consumer buying behavior

Have you ever stopped to think why you purchased a particular item?

Did you really want the item, or did you want to gain social approval? Did you think you were getting a good deal? Did you purchase the item because of pressure from the salesperson, or were you persuaded by advertisement.

Although many consumers do not realize it, factors such as these do affect their buying behavior. Ask yourself the following questions when making a purchase decision.

AM I BUYING THIS PRODUCT OR SERVICE TO GAIN SOCIAL APPROVAL?

What people buy is influenced by society. Purchasing goods or services to gain social approval can be a problem when this behavior costs more than the person can afford. If you really can't afford it, don't buy it.

AM I PURCHASING THESE GOODS AND SERVICES BECAUSE IT IS A GOOD DEAL?

When people purchase goods and services because they think they are getting a good deal, many times they are buying items they don't really need or want. Purchasing items you had not planned to buy can put a strain on your budget. You may end up not having money for necessary

items. In addition, the purchase may not be such a good deal, but even if it is a good deal, you may never have use for it.

DID I PURCHASE THE ITEM BECAUSE THE SALES-PERSON PRESSURED ME INTO IT?

Many salespersons will try to make you feel bad if you do not purchase whatever item it is they are selling. Beware of such lines as "You've wasted my time." or "How could you pass up such a good deal?" Remember, these are sales strategies, and you are not a bad person if you do not want or need the item being sold. Be assertive and say "no."

DID I BUY THE ITEM AS A RESULT OF WATCHING OR LISTENING TO ADVERTISEMENTS?

Advertisements are designed to persuade people to purchase goods or services. If you have not planned to purchase whatever item is being advertised, you probably don't need it or want it. Take some time to think about it before acting.

Stop and analyze your buying behavior. If you have not planned a purchase, you may have been influenced by one or several of these factors. Remember, these factors may be preventing you from effectively managing your money.

Purchasing a new air conditioner can be a dilemma!

All air conditioning systems may look similar when you're shopping for a new one, but before you purchase, be sure you know about the **Seasonal Energy Efficiency Ratio**. **S.E.E.R.** is a system that rates air conditioning equipment usually from 5 to 15 so shoppers will know how energy efficient a unit is.

WTU recommends selecting a unit with a rating of 9 or higher to insure lower operating costs.

Plus a S.E.E.R. of 9 or above can qualify you for a rebate under WTU's Energy Saving Plan. Ask for details.

NOTICE OF EFFECTIVE TAX RATES-1989

Coke County, West Coke Co. Hosp. Dist., Kickapoo Water Dist., Coke Co. Underground Water Dist. This notice concerns 1989 property tax rates for districts listed above. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

News from Oak Creek

The summer is winding down in a hurry now and before we know it school will be starting, football and all the other activities that keep us busy. If you are planning a trip in the next few weeks before the Labor Day weekend we suggest you consider coming to Oak Creek. No matter what you enjoy, fishing, playing, visiting are what ever we think you will enjoy your visit.

We have seen some fine fish caught the past month even though the hot weather has kept many from trying except during the cool hours of the day. This time of the year is the best time to use top water baits for the bass in the first light of morning and from sundown to dark. If you want to troll for the whites or sand bass you can fill a stringer.

Tell you for sure we have had some big ol bass caught the past few weeks. We will just start with the best - Lee Wommach of Odessa got a real trophy going 9 pounds 14 ozs. This bass was caught in about 3 foot water using a worm. Chester Gillard of Dyess AFB also got a trophy going 8 lbs. 2 ozs. Tommy Smith of Abilene got one at 6 lbs. 1 oz. and lost two more before he had fished from the boat ramp to the dam. There have been a lot of big bass caught from around this string of docks where Tommy got his bass.

The bass are not the only fish being caught by any means. The Dick Johnson family of Odessa found a nest of good crappie and before it was over had 52 nice fish going up to 1 1/4 lbs. dressed to take home. Some have found how to catch the channel and

blue cat. The best action is coming during the late evening and after dark using big grasshoppers as bait. One group that was in the tent section of the RV park here at the Sportsmans Lodge got a big string of catfish in twenty five to thirty foot water along the rocky bank. If you want to catch some of the big bream they are a dime a dozen in spots all over the lake.

The two feet of water the lake caught from the rains back in June was a real help to Oak Creek. Even though it was late we got a spawn of fish that was something and it's still going on. Around docks under lights the minnows and shad about an inch long also number in the thousands. These are food for everything from bream to trophy bass. Wonder why we think Oak Creek is going to be a good place to fish in the months ahead?

Mr. and Mrs. Patrick Kyle Percifull

Percifull wedding told

The First United Methodist Church of Memphis, Texas was the setting for the marriage of Miss Annette Lynn Chamberlain to Patrick Kyle Percifull of Robert Lee on Saturday, June 17, 1989 at 2:00 p.m.

The bride is the daughter of Mr. and Mrs. John E. Chamberlain of Memphis while the bridegroom is the son of Mrs. Frank Percifull and the late Frank Percifull of Robert Lee, grandson of Mr. and Mrs. Hadley Richards, also of Robert Lee.

Father John Dalton, of Childress, read the double-ring ceremony before the altar decorated with two baskets of spring flowers.

Pre-nuptial music was played by Betty Stewart, pianist. Robert Byrd accompanied himself on guitar singing "The Gift of Love" by Hall Hopson; and then Betty Stewart accompanied him as he sang "The Lord's Prayer" by Malotte. The processional and recessional were wedding marches composed by John Thompson.

Matron of honor was Jana Clark of Lubbock. She wore an apricot taffeta and lace dress.

Tommy Bosworth of Eastland, served as best man. He and the groom wore grey tuxedos.

Escorted to the altar by her father, the bride wore a short-puffed sleeves antique satin floor length gown with a dropped waist bodice. It was fashioned with a flared skirt, and the shaped front extended into the back with a pleated train. The back waist was accented with a large matching bow, and the dress was trimmed with imported lace decorated with small pearls.

The bride's mother, Mrs. Anne Chamberlain, chose a dusty rose satin dress with matching lace overlay, while the groom's mother, Mrs. Percifull wore a matching

beige lace and crepe dress.

Immediately following the wedding a reception was held in the Fellowship Hall.

The bride's table was covered with a candlelight satin and net overlay with matching bows at vantage points. Served with the wedding cake were hors d'oeuvres, fruit pizza, mints, mixed nuts, fruit punch and coffee.

Serving at the bride's table were cousins of the bride, Michelle and Tiffany Chamberlain of Monahans.

The bride is a graduate of Memphis High School and Angelo State University in San Angelo. She is currently employed as a medical technologist at West Texas Clinic in San Angelo.

The couple will make their home in Robert Lee where the bridegroom is engaged in ranching.
