Large absentee vote precedes election

The absentee voting period for the November 6 general election ends Friday, November 2, at the close of the business day. A historic trend has been set over the last 15 years indicating voter turnout probably will not exceed 50% of those eligible at the polls, says Secretary of State George Bayoud, Jr. Regardless of his prediction, absentee balloting across the state has shown unusual numbers, possibly due to the interest in the governor's race.

Coke County clerk Ettie Hubbard reported Wednesday morning that 72 voters had cast ballots in her office, in addition to 17 votes by mail. A total of 2,226 persons are registered to vote in the upcoming election next Tuesday.

Voters will find the November 6 ballot to be quite lengthy and choices will lead off with the U. S. Senate race listing Phil Gramm (R), Hugh Parmer (D), Gary Johnson (L), and Ira Calkins, a write-in who also announced as a write-in for Attorney General, Comptroller of Public Accounts, State Treasurer, Commissioner of General Land Office, Commissioner of

Agriculture, and Railroad Commissioner.

In the 17th Congressional District, U. S. Representative Charles Stenholm is unopposed.

Most of the public interest and media spotlight has been on the governor's race where Clayton Williams (R), Ann

Richards (D), and Jeff Daiell (L) will meet at last. Joining them on the ballot are 19 official write-in candidates for governor.

Rob Mosbacher (R), Bob Bullock (D), and Tom Owens (L) appear for the position of

Fall hunting opening set

Glorious fall weather has only enhanced the anticipation of the upcoming opening Saturday, November 3, of the general firearm hunting season.

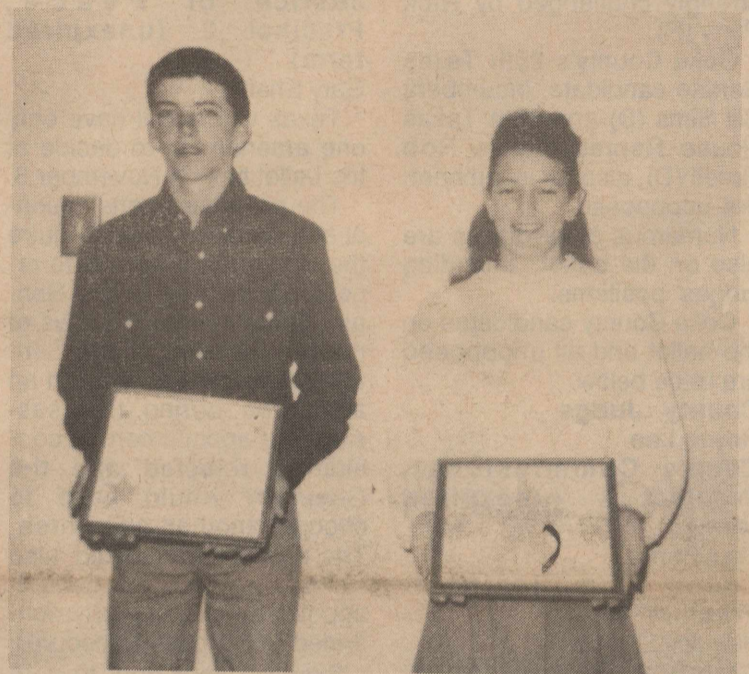

The gates will open on whitetail deer hunting in Coke County November 3 and remain open until January 6, 1991. Four deer will be allowed with a 2-buck limit. Shooting hours are 1/2 hour before sunrise to 1/2 hour after sunset.

Coke County Game Warden Sparks Burdett has said that in light of the rains during antler production periods, he expects to see one of the area's better years for horns. Deer are fat and in excellent shape. Burdett had talked to TPWD Wildlife Biologist Don Davis at

Winters who said deer survey counts were down overall but this could be due to deer being less visible and not having to go far to make a living or travel to water. Reports indicate that deer are not even inclined to frequent feeders right now, he said. Hunters may have to work harder for kills than in recent drought years.

Fall turkey season will run concurrently with deer hunting - November 3 through January 6, 1991; and allows 2 turkeys, either sex. The spring season, April 6 - May 5, is for 2 gobblers. Only 3 turkey tags per license year are provided. News is not too encouraging for turkeys.

Texas voters will have only one amendment to decide at the ballot box on November 6.

The proposed constitutional amendment would require the Governor to nominate recess appointees to the Senate during the first 10 days of the next session. If the Senate fails to confirm or reject an appointee during that session, the appointment is considered rejected and the Governor would have to choose another appointee. The amendment would also validate the official actions of appointees not properly confirmed under past procedure.

Exercise your right to vote on November 6 from 7 am - 7 pm at your designated polling place.

...Hunting

(cont'd. from page 1)

Numbers have continued to gradually decline over the last 3 seasons. Drought during the spring hatch may be the culprit.

The statewide quail season run will be November 3 - February 24, 1991. Bag limit is 15 per day with the same shooting hours as for turkey. According to Sparks Burdett, the quail population will be only fair, with a slight improvement over last year. Apparently the early hatch was quite poor from too-dry conditions. The late hatch was better, he said, which improved numbers. Quail will have more seed and water this fall to better survive the winter.

Prior to the Saturday opening day, West Coke County Community Development will sponsor the second annual

Hunters Appreciation BBQ on Friday evening, November 2. It will be held in the Rec Hall at the county park, 6-9 pm, at no cost to the hunters. They must have tickets, however, and may acquire them from either the party from whom they lease or from participating businesses or individuals who have made a donation. A supper of BBQ and all the trimmings, including dessert, will be served to welcome West Coke County hunters for the season.

The general public may eat with the hunters by acquiring tickets with donations at participating businesses - Super H, Key Feed Store, J & B Lumber, Wrinkle's Ace Hardware, or Davis Grocery & Gas. Check with them for more information. Tickets cannot be bought at the door.

ROBERT LEE SCHOOL NEWS

Offense gets untracked in Roscoe win

by Bill Burns

The Steer offense got untracked last Friday night and scored 35 points. It was a joint effort with Lenny Jackson gaining good yardage on the ground and Jeff Wilkes making acrobatic catches all due to the good blocking up front by Tavarez, Hayes, McPeck, Gibbs, Pitcock, and Watkins.

The Steer defense played their usual good game with Oleksiuk, Fluhmann, Hughes, Marquez, and Dane Smith doing an outstanding job.

1st Quarter

Roscoe received the opening kick, but the Steer defense held Roscoe without a first down and Roscoe punted to the Steer 17 yard line where the Steers made a miscue and Roscoe came up with the ball. Roscoe could

not move the ball and gave the ball up on downs at the Robert Lee 9 yard line.

The Steers made one 1st and had to punt. Roscoe then made a 1st and Watkins knocked the ball loose and Tavarez got a fumble recovery for the Steers. There was no score as the quarter came to an end.

2nd Quarter

The ball changed hands three times early in the quarter. Roscoe had the ball deep in their own end of the field when the Steer defense knocked the ball loose again. This time it was Jeff Wilkes coming up with the recovery. With 6:49 left in the quarter, Danny Jackson hit Wilkes with a 9 yard touchdown pass. Randy Watkins kicked the extra point. The score stood at Robert Lee 7 - Roscoe - 0.

Roscoe received the kick and made one first and put the ball on the ground again with Chris Marquez recovering for the Steers. A pass to Wilkes took the ball to the Roscoe 2 yard line with Scot Millican going the final 2 yards for the touchdown. Watkins kicked the extra point. The score was Robert Lee 14 and Roscoe 0 as the half came to an end.

3rd Quarter

This quarter started like the last except this time when Roscoe fumbled it was Stevie Oleksiuk getting the recovery for the Steers. The Steers made a first at the Roscoe 9 yard line, then moved the ball down to the Roscoe 1 yard line. From there, Danny Jackson carried the ball over for the touchdown. Watkins kicked the extra point. Robert Lee 21 - Roscoe 0.

Roscoe received the kick, but almost immediately the Steers jarred the ball loose again and Tavarez got his second fumble recovery of the night.

The ball changed hands twice with Robert Lee receiving the Roscoe punt at the Roscoe 40 yard line. The Steers got a first at the Roscoe 29 and moved the

ball down to the 22 yard line. Lenny Jackson carried the ball the last 22 yards for another Robert Lee touchdown. Watkins' kick was good. The quarter ended Robert Lee 28 - Roscoe 0.

4th Quarter

Roscoe scored on a 29 yard run and made 2 extra points. Robert Lee 28 - Roscoe 8. Oleksiuk came up with his second fumble of the night. Jason Dickey scored on a one yard run for the Steers. John Williams kicked the extra. Robert Lee 35 - Roscoe 8.

Roscoe went on to score their second touchdown of the night with an extra 2 points being made. Robert Lee won the game 35-16. The Robert Lee subs did a great job in the 4th quarter. ANOTHER GOOD JOB STEERS!!!

Many household items, garbage and trash can be recycled with the separation process beginning in the home.

What can be recycled? The number one recyclable product is paper, including newspaper, office paper, cardboard, junk-mail, cereal boxes and grocery bags.

Newspaper and other paper products can be tied and bundled. Paper bags can be reused. Magazines can be donated to doctor's offices, given to a friend or better yet, check them out at the library instead of subscribing.

Aluminum cans make up 5% of the total solid waste stream. Cans are the most common form of recycled aluminum. Aluminum siding, gutters, down spouts, storm doors and window frames and aluminum lawn furniture frames are all recyclable.

Iron and steel are the most recycled material used today. Scrap metal dealers were the most visible recyclers in business long before comprehensive recycling programs were established.

Glass makes up 8% of our waste. All container glass is

recyclable. More than 12 million tons of glass containers are collected annually and remelted with raw materials to create new glass bottles and jars or Fiberglass. The Glass Packaging Institute reports that 25% of any given glass container is made from recycled glass.

There are three basic types of glass: Clear, green and brown. Not all recycling centers accept all three types. Most recycling centers will not accept light bulbs, ceramic glass, dishes or plate glass, because they contain different materials than bottles and jars.

Plastics make up 7% of the total waste -- most of which is packaging. The most common recycling products are soft drink and milk containers. Recycled plastics are used in flower pots, drainage pipes,

toys, traffic barrier cones, carpet backing and fiber fill for pillows, ski jackets and sleeping bags. Only about 2% of plastic waste is recycled.

Recyclable materials include wood waste, yard waste and kitchen waste. These wastes comprise 18-25% of solid waste and offer an excellent opportunity for recycling, especially composting.

Automobile tires, motor oil, and bulk household items can be recycled. Usually items like old clothing, furniture and appliances are sold at garage sales or donated to charity.

Recycling reduces the amount of waste that is buried in landfills or incinerated. Recycling cuts down on litter and conserves natural resources. However, to be successful in recycling depends on the availability of markets for recycled materials and products.

Let's remember our servicemen...

The crisis in the Middle East has far-reaching effects--not only in the nature of the crisis itself, but for the many servicemen and women who have been stationed there with the United States Armed Forces.

If you have a son or daughter or a husband or wife from Coke County stationed in Saudi Arabia or on board a ship somewhere in the Persian Gulf, the Observer/Enterprise would like to print their name and mailing address so that our readers can send letters and cards of encouragement, or Christmas cards during the time they are stationed so far away from home.

Send the names, parents' or spouse's name to Observer/Enterprise, PO Box 1329, Robert Lee, TX, 76945 or PO Drawer O, Bronte, TX, 76933.

Lady Horns keep spotless record

Raising their district record to 4-0 with a 15-3; 15-5 win over Miles, the Lady Longhorns remain in first place.

Despite a fatigue factor from the late football game on Friday and the early marching contest Saturday, they managed a lopsided victory.

Seniors Angela Reyes and Eboni Taylor led in scoring with 5 and 6 points apiece in the first game. Teresa Vaughn served 5 points in game 2.

Tuesday night, they defeated Panther Creek 15-2; 15-9. Alisa Richards served 8 points in game 1.

This win raises their record to 17-3.

The Ladies wrapped up the district title with a 15-8;15-2 win over Water Valley. They can now shift their focus to the playoffs.

In the first game, Eboni Taylor led all servers with 8 points, however, the team missed a total of seven serves.

Game 2 was a lopsided win as Darla Scott and Taylor shared serving honors with 6 each.

The Horns finished district with a 6-0 record and a regular season record of 18-3.

The Lady Horns will face Three Way in a bi-district match Saturday, November 3. The game will be played at Ector Jr. High in Odessa at 4 pm.

A word once let out of the cage cannot be whistled back again.
