Stenholm makes timely visit to Robert Lee

It seemed appropriate that Congressman Charlie Stenholm arrived in Robert Lee Wednesday afternoon for an address at the school and a reception at the courthouse during heavy rains. Entering his seventh term last week as a representative for the 17th Congressional District, he has often championed ag-related causes and knows how de-

pendent the farmer/rancher is on adequate rainfall.

He faces a busy term as a longtime member of the House Agriculture Committee and was named last Friday to the all-important U. S. House Budget Committee. The congressman will maintain his position on the ag panel and also retain the co-chairmanship of the House Rural

Health Care Coalition. He has been mentioned in political circles as a strong contender for the Agriculture Secretary berth. However, Stenholm has stated he is not interested in the position and would prefer to remain in congress.

First Methodists to observe centennial

First United Methodist Church in Robert Lee will celebrate its 100th anniversary Sunday, January 13th. You are invited to join in the worship service, dedication and luncheon of this historical event.

Registration, refreshments and visitation will begin at 9:30 am, followed by the worship service at 10:30 am.

Guest speaker will be Bishop Ernest T. Dixon. He will be assisted by District Superintendent Gordon Talk and Robert Lee pastor Kary Wilshusen.

The unveiling of the historical building marker by Alice Beaty will follow the worship service. Vivian Jacobs will read the inscription. Bishop Dixon will give the litany of

rededication and benediction.

A catered luncheon will be served at noon at the Robert Lee High School cafeteria. Past pastors of the church and their families will be recognized.

In January 1891, just after the Coke County Seat was moved from Hayrick to Robert Lee, Reverend Green Cotton Fields organized a Methodist Church.

Though land had been deeded in May, 1891, as a site for a church building, no work was started on a building until five years later.

During the early years, the congregation met in homes, bush arbors, and often upstairs of the court house.

Sometime during the year 1896, work was started on a one-room frame building, rectangular in shape with a large bell hung in a belfry over the entrance. The bell was rung to announce services and was tolled during funeral processions. This building was on the site now occupied by the First United Methodist Church of Robert Lee.

During 1906-1907, a larger building was erected on the same lot but faced west. The old church building was moved back on the lot and was utilized for the primary department. The larger building was used until April 12, 1927, when it was destroyed by a tornado.

In a special Quarterly conference on April 28, 1927, with Reverend A. D. Porter, Presiding Elder, a building committee was appointed. Members of the committee were F. S. Craddock, W. B. Cobb, W. B. Clift, and Marvin B. Simpson. Plans for a new church building were drawn

VFD receives firetruck

Recently, the Robert Lee Volunteer Fire Department received a donation of a truck from the Grape Creek Volunteer Fire Department. A goal has been set by the local department to make the donation into a water tank truck to aid in the fighting of range and grass fires. Any assistance or

donations that would enable them to reach this goal would be greatly appreciated.

Also, the department is still eleven members short of what is required to keep the insurance rates from skyrocketing. Any interested citizens, men or women, would be welcome to join.

Pictured above with the new addition to the Robert Lee Volunteer Fire Department is Bucky Sparks (l-r) of Robert Lee, Joe Rutherford and Dale Williams both of the Grape Creek Volunteer Fire Department, and Leroy Casey of Robert Lee.

for the express purpose of gaining input from constituents on the Middle East crisis. His speech, straight forward and sincere, told listeners, in essence, that he would vote along with an estimated 60% of the members of congress to endorse the U. N. resolution to allow President Bush to use force, if necessary, to remove Saddam Hussein from Kuwait. He said if war was declared against Iraq, he felt the enemy's air strength would be destroyed in 36 hours but the ground forces would be another question. He does not think the U. S. will use nuclear bombs unless Saddam uses chemical warfare.

The congressman assured the crowd that the decision to use force in Iraq was by far his toughest in his 12-year stint. He also emphasized that America still has Communist enemies and their threat is not over. He made it clear he feels that the U. N. and President Bush have acted as they should in the matter. He explained that mistakes have been made concerning the nation's energy policy in the past and is too late to resolve now.

Word came during the meeting that the meeting Secretary Baker attended

ended 6 hours later with no show of cooperation whatever from Iraq. Stenholm said that was expected and he believes the leader will drag the decision out and perhaps make some show of withdrawal on January 15.

He said he hopes with all his being that our servicemen and women can be brought home quickly because Saudi Arabia does not want us there and has made our presence there difficult.

The statesman had just spoken to Robert Lee school children and said he was pleased at how well-informed they were on the threat of war. He commended them on their participation in a question and answer period.

His tour through West Texas was cut short by his being called back to Washington, D. C. for the caucus of Democratic congressmen, set for Thursday. In that call to vote, each individual must speak for their districts in whether to allow force in the Middle East. His speech sobered the crowd as they grasped the gravity of the judgments resting on a few leaders.

Congressman Stenholm attended the reception in the commissioners' courtroom before leaving for a 5:45 flight to Washington.

From the time this church was organized 100 years ago, 50 pastors have served this church.

CORRECTION!

In last week's newspaper, the front page story concerning the Open House retirement reception for Judge Aubrey Denman and Peace Justice Opal Jacoby stated that the gold watch and the silver tray were presented by the county. The gifts actually were given to the honorees by the elected Coke County officials.

NH Auxiliary has awards luncheon

The West Coke County Nursing Home Auxiliary met in the fellowship hall of the First Methodist Church of Robert Lee January 7 at 12 noon for its annual awards luncheon and January meeting. Dell Parker was in charge of the covered dish luncheon, assisted by Joyce and J. E. Rives helping her in making the fellowship hall ready. Other auxiliary members helped serve the meal. There were 14 members and four guests attending. The guests were Ruby Jones, Floy Sawyer, Lois Dunklin, and John McDermitt, Administrator of West Coke County Nursing Home.

After the luncheon, Mr. McDermitt spoke to the group concerning the building of the recreation room and dining room in the space in the west side where the operating and OB facilities had been. This space will be ready for use on March 1. He also reported that the fire extinguisher-sprinkler system throughout the home was progressing slowly. He thanked the volunteers for their many hours spent and for all the worthwhile things they had provided for the benefit of the residents of the home.

Dianne Simpson reported that pins and bars for the hours each member had spent in volunteering had not arrived but would be given later. She also noted that every dollar spent was spent for the benefit of the residents.

Elaine Norvell, President for 1991, was in charge of the short business meeting. Other officers are: Dorothy Brown, Vice President; Pauline Vaughan, Secretary; Irene Newell, telephone; Pauline Vaughan, in charge of the gift shop; and Mary Cherry, in charge of special interests. Dell Parker is resigning and moving to San Angelo, making it necessary to have an election to fill the office of treasurer.

Mrs. Hubbard began her third term as county and district clerk January 1. She was appointed to serve out the unexpired term of Mrs. Winnie Waldrop in 1982 and went on to be elected to the position in 1983 and 1987.

Exchange program seeks host families

ASSE International Student Exchange Programs (ASSE) is seeking local families to host boys and girls from Scandinavia, France, Italy, Spain, Germany, Holland, Great Britain, Switzerland, Japan, Canada and New Zealand, 15 to 18 years of age, coming to this area for the upcoming high school year. These personable and academically select exchange students are bright, curious and anxious to learn about this country through living as part of a family, attending high school and sharing their own culture and language with their newly adopted host family.

The students are fluent in English and are sponsored by ASSE, a nonprofit, public benefit organization, affiliated with the Swedish and Finnish Departments of Education. ASSE also cooperates with the Canadian Provincial Ministries of Education and is approved by the New Zealand Department of Education.

The exchange students arrive from their home country shortly before school begins and return at the end of the school year. Each ASSE student is fully insured, brings his or her own personal spending money and expects to bear his or her share of household responsibilities, as well as being included in normal family activities and lifestyles.

The students are well screened and qualified by ASSE. Families may select the youngster of their choice from extensive student applications, family photos and biographical essays. Students and families are encouraged to begin

corresponding prior to the student's arrival.

ASSE is also seeking local high school students to become ASSE exchange students abroad. Students should be between 15 and 18 years old and interested in living with a host family, attending school and learning about the lands and people of Scandinavia, France, Italy, Spain, Germany, Holland, Britain, Switzerland, Canada, Mexico or New Zealand. Students should have a good academic record and desire to experience another culture

and language through living with a warm and giving volunteer family. Academic year and shorter term summer vacation programs are available.

- Letter to the Editor -

Dear Editor:

This is to the fans of Robert Lee Basketball:

Fan support is an essential part of any sporting event, and like all small towns, we have very loyal fans. On the other hand, though, it is very discouraging to see so many people in the stands and not hear any noise. It is almost like our fans are embarrassed to yell in front of one another. When our team is down, that is the time we need the most support. That's not when we need a dead crowd or to look up and see people leaving early. Then too, when we get on a roll, we need to hear the people behind us. People think since they are not on the

floor, they can not help the game any. To hear the sound of our fans will only step us up one more level. We are working our hardest to show the people that the Steers are playoff contenders. So please, be behind us, support us, and make some noise while the Steers look forward to the playoffs.

Let's remember our servicemen...

The crisis in the Middle East has far-reaching effects--not only in the nature of the crisis itself, but for the many servicemen and women who have been stationed there with the United States Armed Forces.

If you have a son or daughter or a husband or wife from Coke County stationed in Saudi Arabia or on board a ship somewhere in the Persian Gulf, the Observer/Enterprise would like to print their name and mailing address so that our readers can send letters and cards of encouragement, or Christmas cards during the time they are stationed so far away from home.

Send the names, parents' or spouse's name to
Observer/Enterprise, PO Box 1329, Robert Lee, TX, 76945

Donors may either call 453-2715 or 453-2316 for pick-up contributions or bring them by the downtown business.

This annual event generates vital funds which enable the Rehab Center to serve handicapped children and adults at WTRC facilities in San Angelo and Abilene.

Coke County supporters may view the television special on KLST-TV in San Angelo which will air the network special, beginning at 7 pm, as

well as local segments broadcast from the WTRC-San Angelo facility. Phone bank reports from Robert Lee and other participating communities will be made throughout the KLST broadcast.

NM inauguration attended

Dave and Vivian King of Robert Lee have returned home after attending the inauguration of Dave's nephew, Bruce King, as governor of New Mexico for his third term. The couple was taken to New Mexico by Harry and Gwen Anderson of Austin on Sunday, December 30.

Another uncle and family attended, R. B. and Anna King of San Angelo, accompanied by Mr. and Mrs. Clayton King of Lake Jackson. Dave's other children, in addition to the Andersons, Mae and Dan Hall and daughter, Judy, of Columbus, Ohio, and Joyce Walker and son, Rex, and wife Judy, all of Odessa were present for the ceremony also. Cousins travelling to the inauguration were Mr. and Mrs. Garland Gaines, Clara Belle Deese, Mr. and Mrs. Jesse Ray, and Lucille Middleton and her daughter

and son-in-law, all of San Angelo.

The ceremony was held on Tuesday, January 1, at 11 am followed by a reception from 2-4 pm. An international church service was held the night before at 8 pm.

According to family members, Bruce King is still "just a country boy." He is the son of the late Will King, a Coke County pioneer and has stayed in touch with his relatives. On Wednesday, January 2, Bruce and Alice King hosted a luncheon in the governor's mansion for the King family members. The governor had also reserved seats at the inauguration for relatives.

The Kings enjoyed the trip and reported cold, snowy weather but roads remained clear and insured them a safe trip home the last of the week.

When the weather outside is frightful, something warm is so delightful. Now's the season for hot drinks that soothe the body and spirit. Use these hints to find tasty, healthy ways to ward off the chill:

- Served plain, coffee and tea contain no fat and negligible calories and are available in a wide variety of tempting flavors. One tablespoon of table cream adds 29 calories and about three grams fat to your drink; non-dairy creamers, whether frozen, liquid, or powdered, add about 20 calories and one or two grams fat per serving.
- Herbal teas, made from herbs, flowers, or edible plants, offer a naturally decaffeinated alternative to regular tea. Do be cautious, however, in their selection. Most are fine, but some herbal teas - most likely from off-beat sources can cause serious reactions or build up over time and become toxic.
- Try flavoring coffee with cinnamon, nutmeg, or vanilla extract. Or liven up tea with fruit juice or mint.

• Use lowfat dairy products in coffee and cocoa.

Go easy on whipped cream or marshmallow topping, or skip it entirely.

- Alcoholic beverages such as hot buttered rum or Irish coffee can be relatively high in fat and calories. Check the ingredients for ways to cut down. Remember to drink alcohol in moderation, if at all.
- Try warming juices such as apple, cranberry, white grape, or prune.
- Read labels. Some hot drink mixes contain more sugar, fat, or sodium than you need or want.

Here's a list of a few of the hot drinks you might see this season. Values given are for a 6 oz. cup, unless otherwise noted. If you use an 8 oz. mug, remember to adjust the calories and fat figures:

Cider

Mix, hot - 60 cal., 0 g. fat; Homemade, hot - 90 cal., 0 g. fat.

Tea

Plain, brewed or instant - 2 cal., 0 g. fat; Nestea Instant, w/Nutra Sweet - 3 cal., 0 g. fat; Instant w/sugar - 52 cal., 0 g. fat.

Cocoa or Hot Chocolate
Swiss Miss (Milk Choc.) - 110 cal., 1 g. fat; Swiss Miss Light - 70 cal., 1 g. fat; Swiss Miss

Sugar Free - 50 cal., 1 g. fat; Homemade (cocoa and skim milk) - 105 cal., 1 g. fat.

Coffee

Plain, brewed, or instant - 4 cal., 0 g. fat.

Alcoholic Hot Beverages
Hot buttered rum - 240 cal., 11 g. fat; Irish Coffee - 160 cal., 2 g. fat.

TBIC annual report due

The Texas Beef Industry Council's annual report for its most recent fiscal year is on the way to approximately 90,000 Texas beef producers.

The annual report lists income and expenditures from October 1, 1989 to September 30, 1990, for the beef checkoff program administered in Texas by TBIC. The report also includes highlights of programs conducted in Texas and funded by the beef checkoff over the last year.

"TBIC is required by law to issue an annual report each year," TBIC President Clark Willingham said. "It is important that producers keep up with their checkoff program."

The report also includes a copy of the monthly report and remittance form that collection sites use to report checkoff assessments. Willingham reminds producers that auction markets file this form with their checkoff remit-

tances for all sales through their facilities. However, if cattle are not bought directly from an auction, then the buyer must either:

- Collect \$1 per head from the purchase price and remit this to TBIC;

- Obtain a non-producer form; or
- Obtain a brand inspection form.

If the producer is the last American owner or if the buyer fails to collect, the seller is required to collect and remit the dollar. Producers who owe checkoff dollars may remit their funds with the form in the annual report.

TBIC sends the annual report to all producers on its mailing list. Producers who want an annual report, but do not receive it by January 31, should contact Jennifer Finch at TBIC, 8310 Capital of Texas Hwy. N., Ste. 440, Austin, TX 78731; (512) 345-3531.

Bakers feed senior group

On Christmas day in the morning, a jolly, good celebration took place at the Senior Citizen center in Robert Lee. Here Janet and Bobby Baker shared their usual holiday meal with the regular noon day senior citizen group.

Upon arrival each elderly person was greeted with, "Merry Christmas." The aroma coming from a long table, covered with tasty, home-cooked food, quickly heightened their appetites.

Soon Dee McCleskey of-

ferred a prayer of thanksgiving, and then a long line was formed, allowing guests, along with family members, to fill their plates to overflowing with delicious food, buffet style. After the main traditional meal, Janet served each plate with a piece of her home-cooked pie, with pumpkin, pecan, or raisin pie.

Upon departure, these happy guests expressed their love and gratitude to their kind hostesses, knowing that otherwise, they would have eaten alone.

Bell feted with shower

Tancie Ann Bell, bride-elect of Michael Eurell, was honored Wednesday evening, December 19, 1990, with a wedding shower in the First United Methodist Church fellowship hall in Robert Lee. Hostesses for the occasion were Cindy Bessent, Mary Bessent, Joan Burns, Nina Brewer, Mary Beth Drennan, Lois Dunklin, Evelyn Flanagan, Suzann Johnson, Ruby

Jones, Irene Newell, Sharon Pearson, Dean Percifull, Beth Prather, Ruth Robertson, Dianne Simpson, Lynn Doris Smith, Pauline Vaughan, Jackie Walker, Louise Walker, and Susie Wilson.

The engaged couple was married December 22. They are making their home in Abilene where the bridegroom is stationed at Dyess Air Force Base.

New Traditions With Holiday Leftovers

Good cooks know that holiday leftovers can be holiday "makeovers" if we use some creativity.

"Leftovers can be more exciting than just turkey, ham or beef sandwiches," says Donna Higgins, director of Del Monte Kitchens. "We all look forward to our favorite traditional holiday dishes, but leftovers provide an opportunity to create new traditions," Higgins adds.

Stewed tomatoes are a convenient pantry ingredient, and they are recipe-ready to provide exciting variety to leftovers. Available in Original, Italian, Mexican, Cajun and Chunky Pasta Style, their zesty flavors provide a new twist to turkey, ham or beef dishes.

Here are two recipes creating new traditions for the family to look forward to after the holidays. Both are convenient and can be ready to serve in less than 25 minutes—a real bonus especially after a long day shopping the post-holiday sales.

Stewed Tomatoes perk up holiday leftovers with Savory Creamed Turkey with Stuffing—a quick and easy recipe for relaxation after the holidays.

In 8x8-inch glass baking dish, spoon stuffing on bottom. Cover and heat in microwave or conventional oven. In skillet, cook onion and celery in oil until tender. Add tomatoes and basil; cook over medium heat 3 minutes. Stir in turkey; heat through. Just before serving, stir in sour cream. **DO NOT BOIL.** Pour over hot stuffing and serve. (4 servings)

The Microwave Way

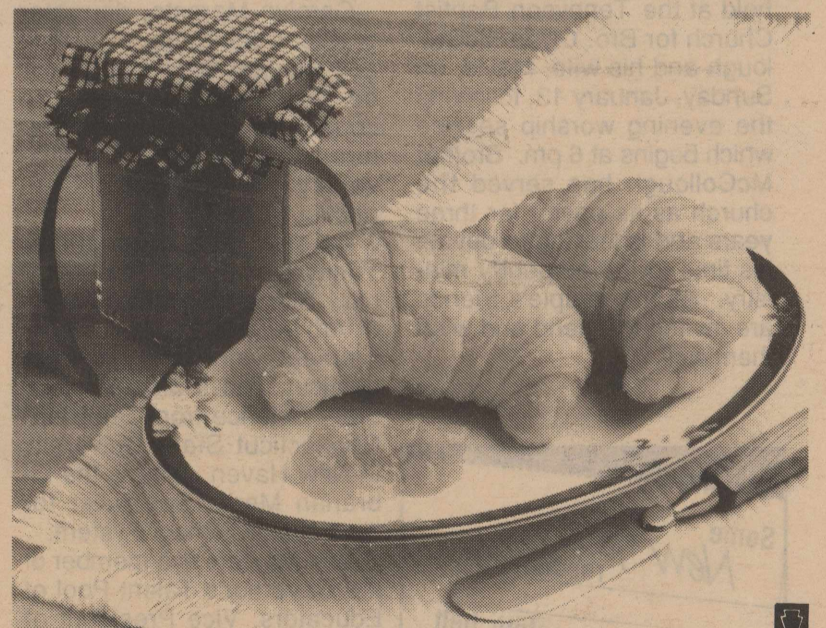

A homemade gift of food is one of the most heartwarming ways to share the spirit of the holiday season. Delight friends, neighbors and co-workers by presenting them with a jar of Peach-Apple Jam, a delicious spread for toast, muffins or croissants. This recipe uses "light" fruit pectin and only about half the sugar of regular jam, enhancing the naturally-sweet fruit flavors while reducing the calorie count. Home economists from Whirlpool Corporation suggest using the microwave oven to shorten the preparation time for this already-simple recipe. Decorate each gift jar with a festive fabric covering tied with a red ribbon bow.

PEACH-APPLE JAM (Makes 6 half-pints)

4 cups sliced, peeled fresh or frozen peaches*
1 cup sliced, peeled Golden Delicious apple (1 large)
2 tablespoons lemon juice
3 1/2 cups sugar
1 pkg. (1 3/4 oz.) powdered "light" fruit pectin
1 cup apple juice

1. Rinse 6 half-pint jars or freezer containers and lids with boiling water. Set aside.

2. Thaw peaches, if using frozen (2 minutes in microwave oven at HIGH). Use a blender or food processor to grind fruits. In large bowl, stir together fruits, lemon juice and sugar. Set aside.

3. Pour pectin into 1 1/2-quart glass bowl. Gradually stir in apple juice until well-combined. Micro-cook at HIGH for 2 minutes or until boiling. Stir well and microcook at HIGH for 1 minute longer. Stir into fruit mixture. Continue stirring for 3 minutes. Ladle into jars or freezer containers, filling to within 1/2" of tops. Cover and let stand 24 hrs. or until set. Store up to 3 weeks in refrigerator or 1 year in freezer.

*NOTE: 1-lb. package frozen peach slices.

STEP ON IT WITH YOUR HEAD.

How is it that a country that imports almost half its oil can afford to waste it?

When a little thing like keeping the right pressure in our tires would save America over two million gallons of gas a day. Using lower octane fuels—two and a half million. And driving just five miles per hour slower would save still another

two million gallons.

When solutions are this easy, there's no excuse good enough.

President Bush hopes you'll do your part, because when you think about it, it's not a lot to do for America.

DO YOUR PART. DRIVE SMART.

Naps termed beneficial

It's a natural tendency for most adults to long for a mid-day nap, sleep researchers have discovered. One recent study found that volunteers who spent weeks in a room with no clocks and no windows tended to sleep at night and then fall asleep again about 12 hours from the midpoint of this period for another hour or two.

According to information from the Voluntary Hospitals of America (VHA), of which Methodist Hospital of Lubbock is a shareholder, many factors, including depression, anxiety, grief, pain, and a variety of sleep disorders, can interrupt your natural sleep-wake cycle. Proper medical evaluation and treatment are advisable for any serious problem with sleeping or wakefulness.

But if you're not suffering from any physical or emotional problem and still feel more like hitting the pillow than tackling the tasks at hand, chances are you're just not getting enough sleep.

Grogginess, poor concentration and prolonged bad moods indicate a need for more sleep, and this is when a daytime nap can help. A good naptime is between 30 and 60 minutes; shorter or longer naps are not as beneficial.

Of course, not everyone can take a daily nap. If you're tired in the afternoon and your boss frowns on a quick snooze, experts suggest eating a high-protein snack, like yogurt, because caffeine and sugar produce only a short-lived "high."

Exercise is another stimulant. Even if you are normally deskbound, try getting away for a few minutes to run in place or up and down stairs.

Experts agree that a good

Reception set for McCollough couple

A farewell reception will be held at the Tennyson Baptist Church for Bro. Clyde McCollough and his wife, Mavis, on Sunday, January 13, following the evening worship service which begins at 6 pm. Brother McCollough has served the church as its pastor for three years and is leaving to devote his time to the carpentry ministry. All the couple's friends are invited to attend and wish them well.

night's sleep is essential to daytime alertness. To make the most of your resting time:

- Try to go to bed and get up at the same time everyday.
- Exercise on a regular basis.
- Keep away from coffee, tea, colas and other caffeine-containing beverages after lunchtime.
- If you can't fall asleep, relax with a hot bath, read a difficult or boring book, watch TV or try a cup of warm milk. (Milk contains a natural sleep inducer.)

Don't "work" at falling asleep; you'll only wake yourself up in the effort.
