day. The plan was broadened to in-clude Knox City, Rochester and clude Knox City, Rochester and Rule on the advice of Freese & Nichols, Fort Worth engineers, whose preliminary survey four that the proposed lake would furnish ample water for the seven towns, even if the population should double in the next 10 years.

In the engineers' opinion, all the towns involved "will have to go to surface water before too

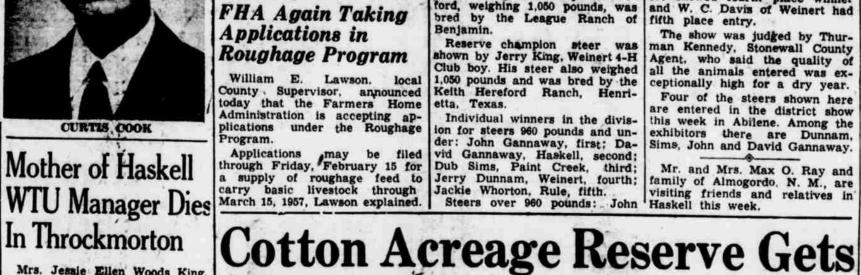

long." The district, if authorized, could include only the area within the corporate limits of the respective cities.

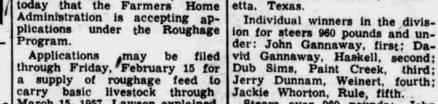

Any final decsion in participa-tion in the plan will be up to the voters in each city, and there is no cost involved in the present planning. The first step is to get special legislation passed allow-ing the formation of a water district including the towns participating

According to the engineers' preliminary survey, the propose Millers Creek Lake site, about 12 miles southwest of Seymon would have a drainage area 270 square miles and store 90,900 acre feet of water. Cost of the project was estimated at \$2,700, 000 before the inclusion of Rais Rochester and Knox City. Addi tion of the three towns would in crease the cost of pipelines, but would tend to reduce the cost of water to the users.

Rule Baptists Welcome New Pastor By FAYE DUNNAM

In spite of the cold there was a warm welcome awaiting Rev. Rodney Dowdy and his family when they arrived in Rule time for the Wednesday night prayer services on Jan. 23. Regular prayer services were held for a large group, then they were asked down to the banquet hall where pie and coffee was served and the new pastor's family was presented a table loaded with groceries.

Rev. Dowdy assumed his duties as the new pastor with this service. He and his family came from Donna. Texas where he has been pastor for 412 years. His family consists of his wife and twin daughters, Sallie and Susie, 6th graders.

Both Rev. and Mrs. Dowdy grew up and graduated from schools in San Antonio. He attended San Antonio College and Mrs. Ben Hess Monday afternoon she attended Southwestern State Teachers College in San Marcos before their marriage in 1937. After that they both graduated from Baylor Unversity and Southwest.

Preliminary draft of the proposed bill to bring livestock mark-ets under control of the Livestock Sanitary Commission of Texas, as well as to set up a sales tax on livestock sold in the state, was

To Ten Cents

Proposed Cattle Sales Tax Upped

displayed at Fort Worth late last week. The projected new legislation, tax on cattle to ten cents per head. Calves over 2 months old also would be taxed ten cents per head. Horses were to be taxed 20 cents per head and swine 3 cents. Sheep and goats would face a levy of one cent.

Under the provisions of the prooosed bill, as shown, the preton tax on feed would be disapparently stemming from the ractically universal opposition resented in recent hearngs conerning the feed tax in Austin. This factor is credited with creating the suggested higher tax on attle and most calves. Earlier commission chairman, Frank Scofield had suggested five cents per head check-off on cattle sold either in terminal markets or through auction rings, the money

o help finance the Livestock Santary Commission's operations. Scofield was due to address the annual meeting of the Texas

Livestock Aucion & Commission Sales Association in Waco last week, but bad weather prevented his appearance. At this meeting the proposed bill was discussed briefly by stockmen, and the apparently discriminatory features were pointed up. Best available figures reveal that if applied in its present form 50% of he livestock sold in Texas would escape paying their share.

Presently 245 Texas counties are under drouth relief, and considerable opposition to a special tax on stockmen hit by the worst natural disaster ever to strike the State has been heard.

The proposed bill is not alone an animal health measure, but would set the commission up as the regulatory body on scales and weighing of livestock, as well as policing market practices, bonds, and trade rules, a much wider field than the "agency had

Report on School Legislation Given At TSTA Meeting

Haskell Schol Supt. R. R. King spoke to 87 teachers and guests at the county TSTA meeting at Matison Monday evening on the subject of pending school legislation.

Among the legislation discusse by King was the School District-ing Re-Organization, increased School Transportation allowance and the increased Teacher Salary

As a result of the meeting, plans were made to appoint delegates to the District 7 meeting of the TSTA to be held at Vernon, March 8. The county is allowed one delegate for every 25 teachers and one delegate will be named from each of these schools, Haskell, Paint Creek, Rochester, Rule and O'Brien.

The House of Delegates will meet at Vernon the following day, March 9 with the District President, J. W. Hamilton, Seymour. A nominating committee to provide nominees for the executive offices of the organization was appointed at the Monday meet. Serving on the committee are Jay Cox, Weinert, Mrs. Arlos Weaver, Haskell and Mrs. Bud Corley, Rochester.

The teachers and special guests, Mrs. Stella Trice, school nurse and Mrs. Robert Speer, visiting teacher, were entertained by pre-sentations from each of the county's schools. The program was emceed by Bobby Sego, Has-

Making Plans for Pecos Assembly

At the close of services Sunday at Kingdom Hall of Jehovah's Witnesses, Lester Rains, presid-

ing minister for the group in this area, announced that the first assembly of Jehovah's Witnesses in 1957 will be held in Pecos on March 8-10. The last such meeting was held in San Angelo in September at which gathering more than 700 delegates were present for the final day. Mr. Rains who recen'ly moved

here from the Big Spring con-gregation, will head the delegaon from here.

He also stated that some members of the local congregation are planning going to Pecos this week to help with the preparations for the meeting and join in a house to house canvass of the city to find rooms in homes for the visting delegates during their three day stay.

Rule Barber Quits Razor and Shears After 47 Years By FAYE DUNNAM

RULE, Feb. 6 (Spl.)-Saturday, February 2, marked the end of 47 years of "shave and haircut please" for Claud Cole, or "Coley" as he is known to his patrons. He came to Rule 50 years ago and for 47 years listened to the trials, tribulations, jokes and gossip as he has performed his

tasks as the local barber. He has been in the same building for 39 years of that time. During that time there have been from one to three barber shops in Rule at the same time. aut for the last eight Cole's Bar-
