Early (absentee) voting begins in county

Coke County Tax Assessor Collector Kristy Roe said Monday over 100 new voter registrations were tallied in the last two weeks before the October 5 deadline. Eligible voters in the county for the November 3, General Election now number 2,168, she said.

County and District Clerk Ettie Hubbard advised that the Early Voting period (previously called Absentee Balloting) will be conducted in the clerk's office in the courthouse. She advised that 3 separate ballots were printed for county voters - the

Precinct 3 ballot will be for voting boxes 3 and 9 and will contain the names of Commissioner Tim Millican and Constable Kenneth Rasco, while the Precinct 1 ballot will end with the names of Commissioner Paul Burns and Constable Kenneth Rasco.

Ballots for voters of Precincts 2 and 4 (boxes 2,4,5, and 10) will contain no commissioners' names but will show Constable Wayne Arrott's name.

All county ballots will contain the proposition to adopt the County Road System in Coke County.

CD taking orders for windbreak trees

One aspect of West Texas weather that can always be counted on is the wind. Although it provides such benefits as cooling breezes and power for windmills, it can also cause a variety of problems for Coke County residents. Wind erosion strips bare fields of valuable topsoil and deposits it where it is neither needed nor wanted, such as fence lines, roads, and dining room tables. Cold winter winds raise utility bills and are dangerous to unprotected livestock.

Windbreaks help reduce many of the problems associated with the wind. Field windbreaks significantly reduce soil erosion. Windbreaks around a homesite help reduce dust and protect the home from cold winds. Likewise, properly placed windbreaks protect livestock in confinement or in open pasture.

In an effort to assist landowners in this area, the Coke County Soil and Water Conservation District, in cooperation with the Texas Forest Service, is providing tree and shrub species for conservation planting. First-year seedlings of evergreens (6-12 inches) and bareroot hardwoods (10-18 inches) are available at reasonable rates.

Evergreens

Evergreens are sold in multiples of 20 per species only. No order for less can be accepted. The following species come in a 28 cubic inch felt container and sell for \$32.00 per 20. Afghan pine (also known as Eldarica or Mondale pine), Arizona Cypress, Eastern Redcedar, Ponderosa pine, and Austrian pine.

In addition, smaller Afghan pine seedlings are available in a 10 cubic inch "bullet" and sell for \$20.00 per 20.

Hardwoods

Hardwoods are packaged bareroot, sold in multiples of 25 per species only, sell for \$13.25 per 25, and are available in the following species. Catalpa, Pecan, Green ash, Red Oak, Desert willow, Honeylocust, Sandcherry,

Nanking cherry, Hackberry, Mulberry (fruiting), Osage orange, Little Walnut, Russian olive, and Skunkbush sumac.

Wildlife packets for quail, deer, turkey and squirrel are also available. Each packet contains 4 species and 25 seedlings of each species, totaling 100 seedlings. Packets sell for \$53.00.

All prices include sales tax. Statewide interest in the program is very high and the quantity of available species is down this year. Most of the more popular species sell out very quickly. Interested parties should place their orders as soon as possible.

Orders can be placed at the Coke County SWCD/Soil Conservation office at 11 East 6th street. The seedlings will be delivered to the office by the Forest Service on February 17, 1993. To help insure successful establishment, they should be collected and planted as soon as possible after delivery.

The district can also provide drip irrigation supplies at a reasonable price. Drip irrigation greatly increases the seedling's chances of survival, particularly in the first two years. Drip is a highly efficient way to water and has many applications in areas with low availability or high cost of water. More

information and prices are available at the SWCD/SCS office.

ROBERT LEE SCHOOL NEWS

Steers retain county champions title

by Bill Burns

Nobody ever said it would be easy, and it wasn't, but the Steers went out Friday night and retained their title of "Coke County Champs." It seemed that who ever you talked to about the game, during the week, the opinions were the same, (1) the teams are well balanced, and (2) it will be a tough game.

1st Quarter

Bronte received the opening kick with a return to their own 33 yard line. They tried two running plays, but gained little. On third and long, Bronte went to the air, Danny Jackson stepped in front of the receiver, took the pass and went 47 yards for the Steers first TD of the night. Scot Millican kicked the point after and the Steers had a quick lead. Bronte returned the next kick to their own 20. A penalty moved the ball back to the Bronte 11 yard line. Bronte could move the ball only up to their own 19 before they had to punt.

The Steers started their first drive of the night at the Bronte 45 yard line. Jackson ran for 19 yards, Blake Pitcock carried two times for seven yards, then Pitcock ran an excellent fake into the line of scrimmage that freed Jackson for 19 yards and his second TD of the night.

Bronte went to work on their next series of downs and moved the ball 68 yards on 5 plays for their 1st TD of the night.

The Steers came back on

their next series of downs with a 73 yard drive capped by a 51 yard end around by Jason Dickey for the third, Steer TD of the night. Millican's kick was good.

The quarter ended with the ball at the Steer 49 yard line in the possession of Bronte.

2nd Quarter

It was hard fought football in the trenches. Neither team could score.

3rd Quarter

The Steers received the kick with a return to their own

27 yard line. On the third play from scrimmage Jackson broke into the open field and scampered 72 yards for his third TD of the night. Millican again made his kick good and the Steers had their last score of the night.

4th Quarter

Again the battle went to the trenches. Bronte scored early and threatened again, but Joe Blair put a stop to that drive with an interception. Steers - 27 -- Bronte 14.

Homecoming activities

Orange and black has been incorporated into everything from clothes to decorations this week in Robert Lee to celebrate Homecoming. Friday will be the high point of the activities at school. The Homecoming parade will set the mood at 2 pm downtown near the courthouse. Some of the participants will be the Stompin' Steer Band, Mr. and Miss. RLHS, (John Fluhmann and Carlene Bewick), the Homecoming King and Queen candidates, the cheerleaders, the Jr. Miss WCCCD, Cassidy Wink, and Miss WCCCD, Jamie Luna. The procession will snake up Austin to 10th St. and on to the school where a traditional,

exciting Pep Rally will take place.

The Robert Lee PTA will sponsor a Mexican Supper at the school cafeteria from 5-7 pm. The Steers will challenge the Forsan Buffaloes at 7:30 pm in a district football game. Half-time activities on Homecoming are always a pleasure. High School Royalty - Mr. and Miss RLHS will be recognized. Homecoming King and Queen will be revealed after secret ballots recently by high school students.

A Homecoming Dance is scheduled at the Rec. Hall from 10:00 pm until 1:00 am to climax the day. Diamondback will provide live music for the dance.

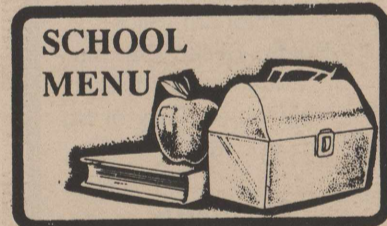

Personal

Irma Casey drove to Abilene to the house of her sister-in-law, Mona Casey on Wednesday last week, then on Friday the ladies drove to Goodrich, on Livingston Lake. While there, they spent three days visiting their brother-in-law and wife, Troy and Edna Casey. The ladies returned home on Tuesday. They had a very nice trip, reporting no rain down the way.

There's no limit to how much good you can do if you don't care who gets the credit.

Dogies Beat Shorthorns

Thursday night, Oct. 8, Dogies stampeded to Bronte for their version of the Bronte-Robert Lee Showdown. Robert Lee came home victorious. Unfortunately for the Dogies both Korey Pitcock and Michael Pentecost went out with injuries. However, the Dogies hung tough and had a fantastic defensive night against the shorthorns. Dogies offense couldn't be stopped with four touchdowns and four conversions, bringing the score to Robert Lee 32 -- Bronte 0.

Reed descendants reunite

October 11, 1992 was an unusual Sunday for six living grandchildren of Bro. John Reed as they attended Church at Pecan Baptist Church, where all of their parents attended services in the early nineteen hundreds. Brother Jimmy Rogers introduced Pauline Coalson B. Thyfault, a former member of Pecan Church, from Ft. Collins, Colorado, who in turn presented the other five cousins. They were Imagene Pace of Corpus Christi, TX and Almarine McDonald of Sweetwater, TX, children of Edna Reed McBurnett. Following them were Virgie Sparks Hunter of Slaton, TX, whose mother was Bell Reed Sparks. Then Paulene presented Jewel Fields of Archer City, TX and Mable Holcomb of Paducah, TX, both daughters of Eather Reed Powers. Pauline, whose late husband was Frank D. Coalson, former Superintendent of Robert Lee Schools, explained she was the daughter of Jim Reed, and that their parents' early home was the place where Wilbern Millican now lives.

After an interesting discussion of early, rural church life of the Pecan Church, organized by an Isaac Reed in 1897, on Pecan Creek, Pauline explained that these cousins all hoped to return in 1997 for the 100th Birthday of this beloved Church.

The first Isaac Reed, (a great-grandfather to these six cousins) Bro. Rogers concluded, was in 1835 the organizer of the First Baptist Church found in Texas History and that a marker two miles north of Nacogdoches attributes this honor to him. The building in which members worshipped also housed the first public school found in Texas.

L. and Margaret (Smith) Jones, Daryl and Myna Kay Copeland and Jerrod, Holly and Tiffany of Robert Lee, Patsy Gunnels of Carlsbad, NM, Ray and Aleene (Smith) Donaley of Christoval, Jan Williams of Alpine, TX, Shanon and Clayton of Houston, Dean and Vickey Williams and Corie of Eldorado, Wesley and Jolene Smith of San Angelo, Barry Hugh and Becky Smith of Hereford, TX, Wayne Smith of Houston, Cecil and Margaret Smith of Odessa, Byron Smith of Austin, TX, and Robin and Becky Smith of Midland. BRONTE SCHOOL NEWS

Horns defeated in county championship

by Jess Percifull
Bronte was defeated Friday by Robert Lee in Coke County's biggest game of the season. Just 37 seconds into the first quarter, after Bronte had received on the kick-off,

Robert Lee's Danny Jackson intercepted a pass by Brent Taylor to run 47 yards for a TD. Four minutes later, Jackson had a 19 yard run to make the score 14-0 (w/successful PAT's on both attempts). The

first of two scores made by Bronte was made with 3:49 left in the first by Gary Bilbrey, but was soon followed by Jason Dickey's score for RL to end the first quarter and first half with a score of 20-7 in RL's favor.

The only score in the third quarter was made by Jackson to bring the score at the end of the third quarter to 27-7.

Brent Taylor's interception and pass to Brian Hall in the fourth quarter added 7 points to Bronte's score, but the game ended 27-14; Robert Lee's favor.

Bronte School News

On Thursday, Oct. 5, at 8:30 am, all seniors will be bussed to the First Baptist Church for the Armed Services Vocational Aptitude Battery (ASVAB) test. This test serves as a counseling tool to help counselors guide their students during their career exploration and is the most widely used multiple aptitude battery in the US. Since the ASVAB has both academic and occupational composites, it is beneficial both to the students who are planning college and to those who desire entering the work force directly after graduation. The military services use the results to identify students who potentially qualify for entry into the military and for assignment to military occupational training programs. These scores are valid for two years for that purpose.

Students help with quilt

On Thursday, September 15th, the Individual and Family Life Class from Bronte High School came to the Bronte Senior Center and met with the women of our Arts & Craft Guild. The guild meets once a month to quilt. Julie Massie,

the Home Economics teacher, called and asked if her class could come and visit with some senior citizens who might be able to help them with their unit of study called "From Generation to Generation". It was suggested that they could come on our quilt-

ing day and witness one of the specialties from previous generations. The class not only came to visit, they provided refreshments. Delicious punch and cookies were served to our ladies. As you can tell by the picture, a few of them got to stitch on the Double Ring Wedding quilt. Mandy Dunn seems to be having fun with her stitches. The students in the class then divided into groups and each group visited with a senior citizen and asked questions. They have been asked to come back anytime.

Thorn to attend leader program

Casey Thorn, a junior at Bronte High School, has been invited to participate in an excellent leadership program entitled "Presidential Classroom". Casey is a former participant in Hugh O'Brian Program and has a chance to continue to develop the leadership skills by participating in this program. The program involves over 3,000 students annually and takes them to our nation's capitol for a week. They will be able to meet with our nation's most influential leaders, discuss and debate current issues with student leaders from across the US and abroad, see Congress in action and attend scheduled appointments with the offices of their Senators and Representative, visit the monuments, memorials and museums that attract millions of people every year to Washington, D.C., and to develop new friendships that will last a lifetime.

Casey has a choice of the dates to sign up for and has not yet received his confirmation on the exact dates. He will go sometime in January or February. Donations have been made by the following: Bronte Lions Club, Chamber of Commerce, PAL Organization, Elmer and Janet Hurley, Rev. R. W. Blackmon, and Anna McOmber. The cost of the trip is \$740 and covers hotel accommodations, in the historic Omni Shoreham Hotel, three meals per day, and curriculum materials. Transportation to and from Washington will cost an additional \$380. If any business, organization, or individual would like to contribute to this worthwhile trip, please contact Vicky McCutch at the High School. A special account has been set up for Casey.

The Last Minute Cook

At times, everyone from gourmet chef to kitchen klutz needs a break. Although most of us prefer delicious home-cooked meals to quick take-out or fast food, sometimes there's just not enough time (or energy) to cook a complete dinner for you and your family.

The Last Minute Cook has some great "add-on" ideas that are sure to come to your rescue — in almost no time at all. All you need to do is add a little special touch to some already-prepared convenience foods, and you'll have a number of great meal and snack ideas perfect for any last minute occasion.

"Convenience foods, such as prepared chicken salad or cubed chicken meat from the deli counter, are perfect starters for delicious and creative meals that have a made-from-scratch taste," says George Bay, vice president of Bays Corporation, a Cordon Blue chef and a last minute cook himself. "With just a few added ingredients, and a little creativity, you can turn ordinary chicken salad or meat into a number of delicious dishes."

Try these Last Minute Cook chicken creations developed and tested by George Bay. All begin with chicken or chicken salad from the grocery deli.

Curried Chicken Salad

Honey Mustard Apricot Chicken Salad
Makes 6 snack size servings (double recipe for meal-size servings)

Dressing
1/2 cup regular or reduced fat mayonnaise
2 tablespoons honey mustard
1 tablespoon grainy mustard

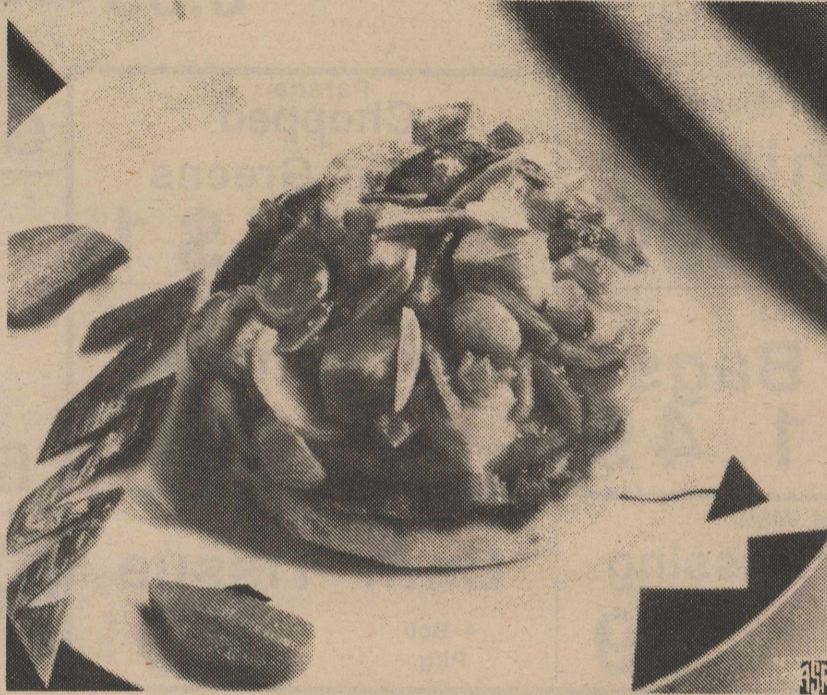

Salad
2 1/2 cups cooked cubed chicken
1/2 cup sliced celery
1/3 cup sliced green onions with green tops

- 1/2 cup halved seedless red grapes
- 1/3 cup chopped dried apricots
- 2 tablespoons cream sherry
- 3 Bays English Muffins, split, toasted and lightly buttered
- 3 tablespoons sliced, toasted almonds

For Dressing, combine all ingredients and mix well.

For Salad, place chicken, celery, green onions and grapes in mixing bowl. Place apricots and sherry in small saucepan. Heat to boiling; reduce heat and simmer 2 minutes. Add apricots and liquid to chicken. Gently stir in dressing and fold to combine. Season with salt and pepper, if desired. Cover and refrigerate at least 1 hour. To serve, spoon about 1/2 cup of mixture onto each muffin half. Sprinkle with toasted almonds.

Note: For quick chicken salad, substitute 3 cups (1 1/2 lbs.) prepared chicken salad and eliminate the mayonnaise and celery. Proceed as above.

Store nail polish in the refrigerator to keep it smooth and easy to apply.

Locals attend convention

The 88th National Association of Postmasters of the United States convention was held at the Opryland Hotel in Nashville, TN Aug. 22-28. The pre-convention activities began on Friday, Aug. 21. The formal opening for the convention was held on Monday morning with the presentation of the Color Guard and the roll call with the parade of flags carried by the president of each of the fifty states.

Marion Runyon, Postmaster General, addressed the 4,210 Postmasters in attendance. Business sessions were held from 8-12 every morning. Training sessions were held daily from 1-5 with 30 training courses being offered. The General Banquet closed out the Convention with everyone attending on Thursday night.

The entire convention was held in the Opryland Hotel and all 163 Texas Postmasters agreed it was a very educational and successful convention.

Lee Greenwood and Mike Schneider entertained the convention on Monday night with a delightful show.

Dorothy Pruitt, Carlsbad Postmaster, and Noah Pruitt Jr., Postmaster Retired, Bronte joined 163 Postmasters from Texas who were entertained by Randy Travis on Thursday afternoon at the Grand Ole Opry. Travis said he had never been received more enthusiastically than by Postmasters. The Texas delegation was given special recognition by him and he dedicated the show to the Postmasters.

Maurice Jones of Portland, Oregon joined the Pruitts in Nashville and attended activities of the Convention. They enjoyed personally meeting Jim Ed Brown at his Music City Family Theater, as well as being honored on the General Jackson dinner cruise show.

Maurice, Dorothy and Noah then travelled through Kentucky observing in particular the tobacco fields. Viewing the conjunction of the Ohio River and Mississippi River was an exciting experience. Cargo was busy moving up and down the rivers enroute to their destination on out to the Gulf.

The next destination of travel was Branson, Missouri. More than their expectations were filled as they were privileged to see many stars in concert, including, Mel Tillis, Debbie Reynolds, Andy Williams, Roy Clark, Moe Bandy, Barbara Fairchild, Shoji Tabuchi, Loretta Lynn, and the Grand Opening of the Osmond Brothers at the Osmond Family Theater. On Sunday morning, the Branson Gospel Hour was over flowing and people were turned away at Jim Stafford Theater.

Next destination was Eureka Springs, Arkansas to again see the Passion Play and the Potter.

Maurice returned home to Portland from Little Rock. The Pruitts met Joe, Norma, and Brian Allbright of Odessa and Faye Scott of Bronte at Hot Springs Village, Arkansas for a few days relaxing and golfing.

Enroute back to West Texas a stop was made in Hope, Arkansas to visit Bill Clinton's boyhood home.

They all made a stop at Sulphur Springs, Texas to visit former Coke County residents, Mrs. Evelyn Wrinkle, Elna and R. C. White, and David and Kathyrn Gully.

The first paper money issued by the federal government under the Constitution was authorized by Congress in 1861.

WTU offers incentives to new business

Boosting the area economy just got a little easier. West Texas Utilities Co. now has available a new economic development service designed to offer significant incentives to new or expanding businesses. The service option was approved September 30 by the Public Utilities Commission of Texas.

"The Economic Development service is a rate that offers a discount on electricity to qualifying businesses such as manufacturing and industrial facilities" said Paul Brower, vice president of marketing and business development for WTU. To qualify a new business would have to locate in WTU's service territory. An existing business would have to, among other things, add more employees and equipment to their operation and be served by WTU.

The amount of the discount a qualifying company could receive depends on the number of new jobs they

create. An industry that adds 21 or more employees would enjoy the greatest discount.

The new rates will not mean higher costs for other consumers. "Actually other customers will benefit from improved economic opportunities which this service can help produce" Brower said.

The discount for a new or expanding business will gradually be phased out over a four year period, allowing time for the business to establish itself.

The service allows any community industrial development program within the WTU service territory to include the new Economic Development service rate in their portfolio to attract and encourage new business and promote growth in existing business.

For more information, contact your local WTU office. The electric utility serves a 52,000 square mile area of West Texas that stretches from the Red River to the Rio Grande.

NOTICE

TO THE TAXPAYERS, VOTERS, AND CITIZENS OF COKE COUNTY

The following letter is printed with permission from County Judge Zook Thomas of Collingsworth County, Texas:

January 27, 1992

The Honorable Royce Lee
Coke County
County Courthouse, Box 57
Robert Lee, TX 76945

Dear Sir:

In 1956, Collingsworth County had outstanding debts of \$295,700.00, this was when a group of local taxpayers began trying to help the Commissioners' Court improve the finances of the county. We circulated a petition calling for an election for the adoption of the unit system in Collingsworth County. The election carried and the unit system was adopted. The Commissioners' Court at that time did not want the unit system, but did set it up because it was the desire of the people that the unit system be installed. Since that time Collingsworth County has paid off all its outstanding debts. The roads in Collingsworth County are in the best condition with more all-weather roads than they have had in the history of the county. At the present time we have the best road machinery the county has ever owned and it is all paid for.

In our small county, we did not feel we were able to hire an engineer to handle our road work; so we used a Road Administrator. The Road Administrator is responsible for the operation of the complete road system in Collingsworth County. The Commissioners' Court is the policy making body. We set up the policies and the Road Administrator carries them out.

I think our Commissioners will agree that the unit system having a Road Administrator to be responsible for the maintenance of the roads has helped them avoid political pressure. The entire Commissioners' Court considers the request regarding road construction and improvements and then makes the decision as to whether the road will be built or improved.

I believe that 90 percent of the people of Collingsworth County would tell you that the unit system is the best thing that has ever happened to Collingsworth County.

The County Road Department in the average county in the State of Texas is big business. Most large businesses that I am acquainted with operate with a Board of Directors, we all know that it is more business-like to have two or more people involved in making decisions. I think the unit road law puts the road department on a business basis. One of the major duties of a Commissioners' Court is handling county finances.

Under the unit road law, each commissioner is involved in making decisions that affect every part of the county. In other words, it encourages a commissioner to be a County Commissioner instead of a precinct commissioner. Our Commissioners are good men dedicated to making Collingsworth County a better place to live.

Enclosed is a copy of a resolution passed by our Commissioners after Unit Road Law was adopted. If we can be of further assistance, please let us hear from you.

Respectfully yours,
Zook Thomas, County Judge
Collingsworth County, Texas

We feel no explanation is needed on this. It pretty well sums up our situation here in Coke County except for the fact we are not in debt - YET.

If anyone would like to discuss the unit road system with people in counties who have it, please feel free to call:

County Judge Zook Thomas, Collingsworth County Phone: 806-447-5408

County Judge Carla Garner, Sutton County, Texas Phone: 915-387-2711

County Judge Bob Deavenport, Martin County, Texas Phone 915-756-2231

We need to start running our County business as a business.

We NEED to adopt the unit road system when we vote in November.

PLEASE VOTE "FOR" THE UNIT ROAD SYSTEM NOVEMBER 3RD AND LET'S GET COKE COUNTY HEADED IN THE RIGHT DIRECTION FOR A CHANGE.

HEALTH NOTES

Job Strain May Raise BP

A high-strain job increases your chance of having high blood pressure. Job strain is defined as high psychological demands, but not much choice in making on-the-job decisions. The study of male workers in New York City, used small, portable devices to record the blood pressure of patients every fifteen minutes while they went about their normal daily activities. The study by Dr. Thomas Pickering and his colleagues at New York Hospital-Cornell Medical College showed workers who considered themselves in high-strain jobs had higher sustained blood pressure which continued even away from work. They were also found to have enlarged hearts.

The study, published in the American Heart Association journal, *Hypertension* (5-92), shows high-strain jobs tended not to affect men in their thirties as much as men in their forties and fifties. That may mean people become more vulnerable to job strain as they get older.

Water is program topic

The Texas Agricultural Extension Service (TAEX) is sponsoring a statewide water issues program October 22 in the San Angelo Convention Center. The symposium, "Water in 2020: Will It Be There?", will begin with registration from 8:00-8:45 am.

Rural and urban demand on Texas water is at an all-time high. State and federal legislation dictating water priorities is changing rapidly. The purpose of Water 2020 is twofold: 1) to explain the new water legislative issues; 2) to present the newest information on water quality and conservation technology.

The morning session deals with legislative matters. Delbert Caffey, Tom Green County Commissioner, will open the program with a welcome to San Angelo. The morning's moderator is State Representative Robert Junell of San Angelo.

The first formal speaker is State Senator Bill Sims of San Angelo. Sims, a key figure in much of the state's water reform, will discuss West Texas water issues at 9:00 am.

At 9:20 am, John Hall, Chairman of the Texas Water Commission (TWC), will give an explanation of Texas water surface and groundwater rights.

At 9:00 am, Allen Lange, manager of Lipan-Kickapoo Water Conservation District here, will present "Underground Water Districts: Functions and Authority".

O. H. Ivie, general manager of the Colorado River Municipal Water District and for whom Texas' newest reservoir is named, will discuss river basin authorities and watershed planning at 10:00 am.

Following a 10:20 am refreshment break sponsored by the West Texas Underground Water Districts, the morning session will resume with a presentation on the current status of water quality assessment in Texas. Giving the status report is Arthur Talley, Non-Point Pollution Source (NPS), Pollution Abatement Coordinator with TWC.

"Federal Water Policy and Legislation: What's in Store?" will be presented by Dr. John Sweeten, Associate Department Head and Extension Program Leader for Agricultural Engineering at Texas A&M University.

The morning will conclude with Texas Water Resource (TRW) Director Wayne Jordan discussing the setting of the state's water agenda concerning research, policy and funding needs.

After a catered lunch from noon until 1:15 pm the remainder of the afternoon will be broken into two concurrent sessions.

Session A moderated by Bob Turner, State Representative from Coleman, features topics and speakers including: "Irrigation Water use Efficiency", Dr. Guy Fipps, TAEX Agricultural Engineer, Amarillo; "Conservation Tillage", Norman Bade, Soil Conservation Service resource Conservationist, Temple; and

"Crop Chemicals and Groundwater", Steve Frazier, Sales Specialist, Miles Inc., Harlingen.

Also, "Concentrated Animal Feeding Operations", Dr. John Sweeten: "Agricultural Chemical Collection Activities and Centers", Diane Wilcox, Team Leader-Household Hazardous Waste Unit, TWC, Austin; "Wellhead Protection and Water Well Regulations for Farms and Ranches", Dr. Rosemary Seymour, TAEX Agricultural Engineer, Lubbock; and "TWC Agricultural Unit and Ag Advisory Committee-Role, Functions and Issues", John Impson, Manager of Agricultural Section, TWC, Austin.

Session B will be moderated by District 7 Extension Director Carolyn Gilbert of San Angelo. Topics and speakers include: "Wellhead Protection for Public Water Wells", Brad Cross, Geologist for Ground Water Protection, TWC, Austin; "Recycling and Waste Minimization", Susan Kaderke, Manager of Recycling and Waste Minimization, TWC, Austin; "Proper Disposal of Household Hazardous Waste", Diane Wilcox; and "Subtitle D Regulation for Small Communities' Solid Waste Management Landfills", Dr. Bruce Lesikar, TAEX Agricultural Engineer, College Station.

Also, "Xeriscaping and Water Smart Programs", John Begnaud, Tom Green County Extension Horticulturist; "Water Quality Testing and Treatment", Dr. Dale Pennington, TAEX Soil Chemist, College Station; "Chemical Use on Lawns and Gardens", John Begnaud; and "Long Range Planning for Towns", Gary Laneman, Engineer Facility Needs Section, TWBD, Austin.

Registration is \$10.00 in advance of \$15.00 at the door. Make checks payable to West Texas Water Conference and mail to Tom Green County Extension Office, 113 W. Beauregard, San Angelo, Texas 76903.

For further information contact: Tommy Antilley, Coke County Extension Agent at 453-2461.

National School Lunch Week celebrated

Each year in October, Texas joins the nation in celebrating National School Lunch Week. "Shape Your Future" is the 1992 theme chosen by the American School Food Service Association. The theme emphasizes the idea that smart nutrition choices along with regular exercise can shape our nation's children, America's future.

For the 1991-1992 school year, the Texas public schools served a total of 334 million school lunches with 100 million breakfasts, making it the second largest school food service program in the nation.

Beginning this year, the focus for school lunch and breakfast will be implementing the Dietary Guidelines for Americans which emphasizes using moderation in salt, sugar and fat; offering a variety of fresh fruits, vegetables and grains; maintaining a healthy weight and exercise program.

Since January, 1992 the Education Service Center - Region XV has an Education Specialist for Child Nutrition Programs. The specialist, Elaine H. Reinhard, is available to assist the forty-three

districts in the region with their school breakfast and lunch programs, as well as, assist the instructional staff with a new curriculum developed by the Texas Education Agency.

The new curriculum is the fourth in the series of Education for Self-Responsibility-ESR IV: Child Nutrition. This is a non-mandated curriculum, but TEA hopes that the importance of nutrition and healthy choices will be a driving force in implementing the curriculum.

The school Lunch Act was

enacted in 1946, making it one of the oldest federal programs in existence. School Lunch and Breakfast is a division of the US Department of Agriculture. More than 95%, or 1,030 of the state's 1,057 school districts, participate in the lunch program and more than 94%, or 1,021 districts, participate in the breakfast program.

For additional information on the school lunch or breakfast program contact the local district's food service personnel.

Thyfault visits in county

Pauline Coalson B. Thyfault visits in Coke County, by Velma Barger Lovell.

Juanita Barger was surprised upon opening her door Sunday morning, October 11th, for there stood six cousins enroute to Pecan Baptist Church for a Reed Cousins Reunion: They were: Pauline Reed Coalson Thyfault, Virgie Sparks Hunter, Jewel Powers Fields, Mable Powers Halcomb, Ima McBurnett Pace, and Alma McBurnett McDonald.

After visiting the Terry Memorial Cemetery, they all attended Church services at Pecan where their parents all had attended in the early nineteen hundreds.

Immediately following this service they attended a barbecue lunch at the lake-side home of Freda Reed Monroe, a niece of Pauline's at Blackwell. Here other nieces of Pauline who assisted as joint hostesses were: Cindy and Lucille Reed, Sweetwater, Frances Smith and Betty Ad-

kins of San Angelo, Louise Green, LaVerne Williams and Erlene Gavit of Comanche, Dorothy Adams of Abilene, and longtime friend Marcela Blaylock of Robert Lee.

Pauline, whose husband, Felix, was unable to attend this reunion, plans to spend some time in Texas. First, she is to spend a few days in Ft. Worth with the little Mexican girl, Maria Luisa, who lived with the Coalsons and attended the Robert Lee Schools, where Frank D. Coalson was superintendent from 1956 to 1960.

Next she plans to visit the Bill Coalsons in Abilene, the Ray Coalsons in Bronte and Frances Smith in San Angelo. Her last visit will be in Robert Lee, where she will see many friends and, finally, join Ruby Jones to attend two Sweetwater High School, Homecomings. Here Pauline taught for fourteen years. She flies from Lubbock on November 2nd to her home in Ft. Collins, Colorado.

Stockton; Jerry, Janie and Jason Harmon of Sand Springs; Tammy Harmon, Chuck, and Howard Perry, all of San Angelo; Floyd Harmon, Lawana Milligan, Wayne and Dorene Mashburn, Bobby and Jeffie Roberts, Douglas and Denise Roberts, Marshall, Sheri, Kannan, and Stewart Millican; and Milton (Bill) Harmon, all of Robert Lee.

Tours of Lake Spence, Robert Lee and Paint Creek Cemeteries, and the Robert Lee area, picture-taking, domino playing, and a good time visiting were enjoyed by all.

Treating Allergies

For many people, the fall season means allergy flare-ups. Doctors call it seasonal allergic rhinitis, and it's a common problem which affects more than 15 million Americans. In the fall, it's most commonly caused by ragweed pollen.

According to Rustam Mehdiabadi, M. D., allergist on staff at Methodist Hospital, there are several nasal sprays currently available which, when used during the season with or without an antihistamine, can effectively control allergic symptoms such as nasal congestion, runny nose, watery eyes, an itchy or sore throat and sneezing. *Beclomethasone and Flunisolide - these steroid based sprays work by blocking the inflammatory reaction that results from the effects of pollens or allergens. These sprays have some minor side effects such as brief stinging or occasional nosebleeds. *Cromolyn sodium - this nose spray is most effective if regular use starts early in the allergy season. It rarely causes side effects other than occasional mild burning and dryness of the nose. "These prescription drugs should not be confused with over-the-counter drops or nose sprays, which temporarily relieve allergy symptoms, but cause more congestion or the 'rebound effect' when used for more than a couple of days. These drugs instead offer more of a preventive treatment," said Dr. Mehdiabadi. "In severe cases of allergy symptoms, immunotherapy should also be considered for long lasting results." For more information on allergies, consult your physician.

McClures take 2nd, 3rd

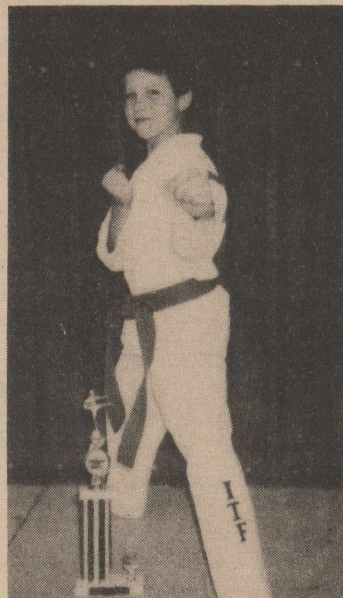

On Saturday, September 26, 1992 Jerrod and Jesse McClure participated in the Fourth Annual Lubbock Open Taekwondo Championship Tournament.

They competed in the 9-10 year old green/blue belt division. This was their first time to compete in this division. They are on the bottom rank of this division, having received their green belt only a few weeks prior to the tournament.

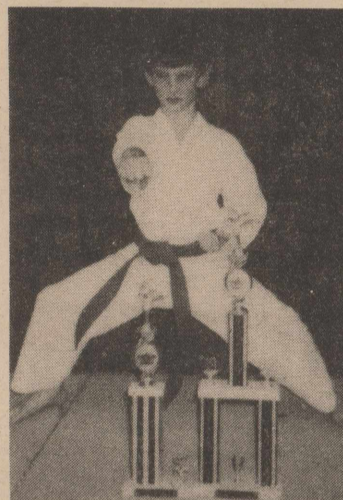

Jerrod placed third in the form competition. He did not compete in sparring due to illness that kept him out of classes all week.

Jesse placed second in the form competition and third in the sparring competition.

Competitors from all over Texas and New Mexico participated in the tournament. Robert Meza, instructor at the USTF Studio in San Angelo where Jerrod and Jesse are students was very pleased with the tournament results.

17TH CONGRESSIONAL DISTRICT U.S. REPRESENTATIVE Charles Stenholm

COKE COUNTY COMMISSIONER PRECINCT 1 Paul Burns

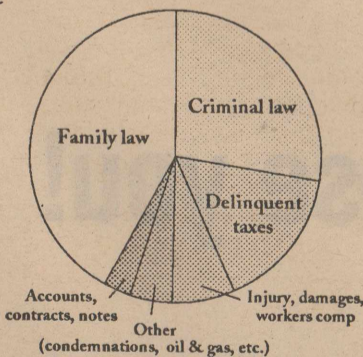

Barbara Walther has experience that counts

A district judge presides over litigation in a courtroom. It is the most important thing a district judge does. Barbara Walther is the only candidate for 51st District Judge who has in-depth courtroom litigation experience.

✓ While in private practice from 1977 to 1987, Walther worked on more than 800 criminal cases including ones involving murder, aggravated robbery, and other First Degree felonies.

✓ Walther has served as Family Law Master for six district courts during the past five years, hearing more than 5,000 family law cases, including cases in Coke County.

Walther's experience in the types of litigation heard in district court is the reason people who work with the district court judge support Walther so strongly.

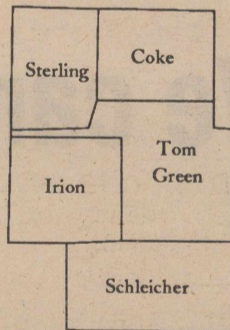

Breakdown of cases in 51st Judicial District

✓ The San Angelo Police Officers Association publicly endorsed Walther, saying:

"The Association believes Barbara Walther is the most qualified candidate for 51st District Judge. [And] encourages voters to join us in electing Barbara Walther 51st District Judge."

✓ Walther believes a district judge's impartiality must be beyond question. Walther refuses contributions from lawyers and their political action committees.

This November, help elect the better-qualified candidate. Vote for Barbara Walther.
