## Dove season "right around the corner"

Dove season, the favorite of many, will open Sept. 1, in the North and Central Zones. Two major changes in the Central Zone (of which Coke County is part) requires attention to regulations before firing begins. Regular fall mourning dove season in Coke County has been reduced by 2 weeks; the 1994 season is scheduled for

### District Court convenes

The 51st District Court convened in the Coke County courtroom August 22, 1994, with Judge Barbara Walter presiding. The following dispositions were made:

Phillip Darrell Gressett - Driving While Intoxicated, 2nd, 2 years county jail, probated 2 years, \$2,000.00 fine and \$202.50 court cost.

James Bryan Baird - Burglary of a Habitation, 8 years community supervision, deferred adjudication, \$14,294.20 restitution.

Shirley Lavendar - Forgery by Passing, 10 years TDJC - deferred, placed on community supervision for 8 years, restitution \$4,524.06.

Randal Gregg Bilbrey, Burglary of a Habitation, 10 years community supervision, deferred adjudication, \$200.00 fine, \$315 restitution.

Steven Ray Polasek, Criminal Mischief, 3 years deferred adjudication, \$908.73 restitution, court cost \$147.50, \$200 fine.

Sept. 1 - Oct. 16. The winter, short season is set for Dec. 26 - Jan. 8, 1995.

Due to increased nesting and survival populations, the statewide mourning dove bag limit has been upped to 15 birds.

Some regs must be applied to dove hunting since the birds are migratory - shotguns plugged to three shells, no baiting, and shooting hours

are one-half hour before sunrise to sunset.

For the second year, Texas hunting and fishing license bought now will be valid immediately on purchase, for the coming seasons. This avoids buying a temporary now and a new license after August 31 as in the past. Buy licenses now to save standing in lines or be tempted to hunt without new permits.

Most license and stamp requirements are the same as last year. The resident combination hunting/fishing license is \$25 and resident hunting and fishing licenses are \$13 each. Good advice, as usual, is to pick up all free game guides for the 1994-95 seasons and read thoroughly.

### Labor Day Extravaganza

Make plans now to spend Saturday, Sept. 3, at the Labor Day Extravaganza in the shady county park in Robert Lee. The event is being sponsored for the fifth year by the West Coke County Community Development.

The day's fun will include lots of food, cold drinks, watermelon, items for sale at various booths, entertainment by the Happy Harts Square Dancers, volleyball, washer, and horseshoe tournaments, a chalk art contest for kids, Red Canyon Archery shoot, the Dunkin' Booth, and 4-H booths.

Two highlights of the festival will be the Rabbit Twister BBQ and Chili Cook-off and the free dance at 8 pm on the tennis courts by "Shockwave".

For more information, please call Billy Kelly, 453-2412; Debbie Wilkes, 453-2819; or Joan Davis, 453-2433.

### Bronte businesses victims of shoplifting

A slick crew of shoplifters hit Bronte merchants Saturday afternoon, August 13th. The team was comprised of two women, two teenagers, and a 6 week old baby, all Hispanic.

Entering stores just before closing time, the team was very adept at using the baby to create distractions with the sales-clerks, and the group then split and used a black "diaper" bag and their oversized clothing to remove merchandise from the stores.

Hardest hit was Cumbie's Mercantile, losing \$675 worth of merchandise, and Celia Bowden's "Antiques & More" with a total of approximately \$200.

Local merchants are taking steps to insure that this type of activity will not happen again. "We want to get the word out to other small town merchants as to what happened," said Susan Williams, owner of Cumbie Mercantile.

"We take it for granted sometimes that these incidents occur only in malls or bigger towns. We need to all be aware that none of us are exempt from the ever-growing crime problem, and adopt some procedures to avoid these occurrences".

Dove hunting, the traditional beginning of each year's hunting season in Texas, is upon us. The September 1 opener looks good; several changes in regulations require special attention before shotgunners take to the field.

The horse sale will be October 8 at Abilene Auction. Additionally, there will be specialty sales (all animals) in the next two months at auction houses in Ranger, Coleman, Stephenville, Eastland, and Colorado City.

"I hope every rancher who is able to do so, will donate one or more head to this program," said Concho Valley general chairman Carter Behrens, "because every day Rehab treats more than 600 people-folks who are our family members, friends, and neighbors."

Continued Behrens: "Cattlemen's Round-Up for Rehab belongs to every rancher...it's our program; our way of ensuring that all who need Rehab's quality care will be able to get it."

"I'm especially grateful to all local chairmen for volunteering their time to contact area ranchers, answer questions about the program and arrange for livestock pick up. These volunteers deserve community support and I'm confident they'll receive it," he concluded.

Now in its 41st year of operation, West Texas Rehabilitation Center has a staff of approximately 200 trained professionals providing physical therapy, occupational therapy, speech pathology, audiology, orthotics, industrial rehabilitation, and numerous support services in its facilities in San Angelo and Abilene.

Mada Belew flew into Milwaukee, Wisconsin on July 26th and was met by Evelyn Alexander and her son, Jeff.

The next day after visiting with her daughter and children in Jackson, Wis. They drove to Evelyn's house, which is on one of the many lakes near Wautoma, Wisconsin.

That area has lots of farms where they raise corn, soybeans and have lots of dairies. Quite a few Amish people live in the area and we visited many of the shops that carry

Amish quilts, furniture, jellies, breads, and cheese.

They visited the House on the Rock and the Old Red Mill and several other tourist attractions. The wildflowers were in bloom and they were just beautiful. They have as many wildflowers as Texas does.

Mada had lots of fun and returned on the 10th of August. Evelyn will return to Bronte the first part of October.

## Lady Longhorns

The Lady Longhorns of Bronte opened their pre-season volleyball games with losses to the Class 1A Lady Lions of Brownwood on Thursday, August 18th.

Varsity lost 10-15 and 11-15 in their first pre-season games. Mandy Dunn did an outstanding job on defense during the first game. Scoring aces in game one were Joni Barrett, Wendy Johnson, and Mandy. In the second game, aces were made by Joni, Mandy, and Kim Hall. Jill Johnson, Laura Thomas, and Julia Gentry also saw action.

Junior Varsity closed the gap from 2-15 in the first game to 10-15 in the second. Tandy Briley led in points served, while Shelly Sims, Olivia Guzman, and Stephanie Martinez, had some good defensive plays. Also playing were Melinda Mackey, Jamie Sullivan, Danielle Paker, Jade Bullard, Laura Stevens, Melinda Reyes, and Courtney Stokes.

The Freshman scores were the closest at 11-15 and 13-15. Eli Speery served six points straight in the first game with Miranda Scott serving nine at two trips up in the second game. April Holdway also served for points in the first game. Hits from Cara Barnett and the defensive talents of Mandy Shipman, Tammy Lowe, and

Sommer Beck kept the Brownwood team busy.

The Lady Longhorns were defeated by Snyder and Plains Saturday. Varsity scores were Snyder: 10-15, 15-12, 12-15; Plains: 15-7, 8-15, 7-15. Junior Varsity's scores were, Snyder: 8-15, 8-15; Plains: 3-15, 15-11, 9-15.

One hour and forty-five minutes of play against 4A Snyder was long and disheartening. The Lady Longhorns had great efforts in games two and three. Strong hitting by Mandy Dunn helped the team stay in the game.

The cowgirls tough defense and effort kept the Lady Longhorns from winning.

Standouts were Wendy Johnson, leading the team with the most kills; and good sets by Joni Barrett, Laura Thomas and Julia Gentry. Outstanding defense was displayed by Kim Hall and blocks by Jill Johnson, and Wendy Johnson were also standouts.

Next, the Lady Longhorns will travel to Odessa August 26th and 27th for the Ector County Tournament.

Their first home game is August 30th at Tuesday, against Abilene High. Come yell for the Lady Longhorns.

## Bronte PTA

The Bronte PTA officers met August 22 to discuss the upcoming year. Officers for the 94-95 year are President - Alisa Webb, Vice President - Mary McMullan, Treasurer - Donna Poehls, Secretary - Sujane Parker, Membership Secretary - Jacque Herold, and Reporter - Susan Graves.

The first item discussed was the playground equipment. Some of the equipment is currently on order and the rest will be ordered soon. The school will pay for the equipment and the PTA will be responsible for maintaining the equipment.

Next we discussed two money making projects. We will also put a pencil dispensary machine in a central school location. The money made is targeted for a new laminating machine, new dies for the Ellison machine, and playground upkeep.

We also agreed that a renewed emphasis would be placed this year on involving parents of elementary, junior high, and high school students. We want this organization to be Bronte PTA, not just Bronte Elementary PTA.

We've decided to have meetings every other month. Our first meeting will be Tuesday, September 13, at 7:00 pm in the school auditorium. If you have any suggestions or requests for future programs, please get in touch with a PTA officer. Please make plans to support the Bronte PTA!

The first church building was a white frame structure completed in the summer of 1907 at a total cost of \$2520.00. A magnificent rock building dominates the area today. Men of the congregation began digging the rocks in 1932. It was completed in 1941.

Dr. Hugo B. Haterius had come to serve the church and the community in 1919. He dedicated his life to improving living conditions with emphasis on better farming practices. The California Creek Soil Conservation District was organized in 1938. One of the early officers of this group was Lambert Stenholm, father of Charlie.

On September 10, a western band will provide background music as friends reminisce and get in the line for barbecue and watermelon. This is the tradition and heritage from which Charlie Stenholm comes. He and Cindy have their farm home just two miles from the picnic area. The fun time will begin at 4:30 pm. **Davis' attend Emu Convention**

Gary and Jerry Davis of Bronte, Texas may have thought they were raising emus in isolation at 8 Oaks Big Birds, their nearby ranch, until they attended the American Emu Association Convention & Exhibition in Nashville, TN, this past week. More than 3,000 persons attended the fifth annual gathering!

They discovered that 10,000 U. S. families now pen raise about 400,000 of the tall, flightless birds known as "the New American Livestock," according to the first-ever national emu census conducted by Southern Methodist University in Dallas.

8 Oaks Big Birds, who have about 70 birds (chicks/yearlings, adults) on 100 acres, have been in the emu-raising business for 1 1/2 years.

"The emu is one of the fastest growing, most dynamic alternative agri-businesses in the nation, with remarkable interest being shown internationally," said Bettye Odle, president of the 5,500 member, Dallas-based organization.

The emu breeders attended seminars and presentations on product development and marketing, biosecurity and management techniques, financial planning, tax issues and global interest in the bird as a potential source of low fat meat and an environmentally compatible animal.

Doug Atkinson, trainer for the Dallas Mavericks, spoke about the use of emu oil by

Shea Kelton, son of Steve and Sharon Kelton of Bronte, showed his All Other Breeds steer to a Championship at the 1994 San Angelo Summer Spectacular held recently.

NBA players to treat and heal bruises, strains, and stiffness. Researchers on the content and composition of emu oil addressed the convention along with veterinarians.

But it was not "all work and no play," as the conventioners cruised the Cumberland River on the General Jackson Riverboat, kicked up their heels to tunes played by the Music City Country Club, and enjoyed the sights and sounds of the famous Opryland Hotel with its sprawling atrium gardens, live bands

and dancing waters music.

"Emus are the new frontier in ranching, and these men and women are the 'pioneers' of a young industry offering a whole new range of opportunity," Odle said. "Emus may prove to be the salvation of the small farmer and rancher and lead to improved diets and health for millions of Americans, if not the world."

Among my most prized possessions are words that I have never spoken.

During the months of June and July, Jim Herford had visitors from California. Jake and Jenna Bree Herford spent two weeks in Robert Lee and then Ernest and Charlette and family spent two weeks. Granddaughter Stacy Herford came on June 29th and stayed until August 11th. Stacy and Jim drove to Memphis and Nashville, Tennessee on a tour of some pretty scenery. Stacy also visited some friends in Snyder and Amarillo.

## Personal

Mrs. Melissa Stockridge and son, Chance of Lubbock were weekend visitors with her parents, Mr. and Mrs. Wayne Arrott of Bronte.

Ava Lou Davis (l) thoroughly enjoyed a recent visit from her granddaughter, Andrea Caldwell of Chouteau, Oklahoma, and Andrea's father, Vince Hanna, Jr. of Austin.

## Personal

The good times started for Ava Lou Davis when she met her granddaughter Andrea Caldwell, arriving from Chouteau, OK, recently for a two week stay. Andrea is the daughter of Vincent Hanna, Jr. of Austin.

Accompanying Andrea was Krissy Caudill of Grove, OK, great-granddaughter of Alta Bilbo of Robert Lee.

The girls were on a proverbial merry-go-round, starting with pizza the first night in the home of Alta Bilbo, then to pageant practice.

They enjoyed swimming at the pool, out shopping, and meeting new friends from Robert Lee. They took part in a Lock-in at the First United Methodist Church; they said they had a wonderful time.

Vince Hanna, Andrea's dad, was in Robert Lee to entertain the girls the first weekend with a trip to San Angelo, eating out and sight-seeing.

Later in the week, Andrea and Krissy, along with Alta Bilbo and Ava Davis, were invited to the Hoot Owl Ranch for dinner with Bob and Jamie

Boren. They enjoyed one of Jamie's culinary delights, and enjoyed the beautiful view and wildlife.

Andrea and Krissy participated in the 'Ole Coke County Pageant', singing in the choir.

Then it was off to Austin to visit Andrea's dad, Vince. Vince took them to San Antonio to the River Walk, Restaurant Tower, Alamo and San Marcos for sight-seeing and shopping.

Ava Davis joined them on Monday in Austin. They came by the job site on the Carey Ranch near Georgetown where Vince and crew are building a 9,000 square foot house.

Vince, Andrea, and Krissy, along with Ava Davis, were overnight guests in the home of Rick and Cheri (Baker) Mashburn, in Salado. Their sons Tony and Paul treated the girls with dinner out in Temple.

The next day it was goodbye for everyone. The good times came to an end. They returned on Wednesday to Robert Lee for more good-byes, then Thursday boarded a plane for Tulsa, Oklahoma.

Steve and Brenda Hines, Bronte, and Ken and Linda Scott, Odessa, have recently returned from vacation. Steve and Brenda visited in Branson, Missouri, and Alabama before meeting with Ken and Linda in Atlanta, Georgia. They toured Atlanta seeing many sites including Atlanta underground, Ebenezer Baptist Church, Stone Mountain, and Georgia Archives. They traveled on to many other Georgia towns visiting in courthouses and libraries doing genealogy research. They also went to Savannah, Georgia and toured the city. In South Carolina, they visited with Scottie and Jerry Scott, who are distant relatives of Brenda and Ken. They shared new information on genealogy discoveries. Back in Georgia, Brenda discovered that her ancestors on her mother's side, had given the land for the courthouse and church to establish Columbia County, Georgia and the county seat was named for them, Appling, Georgia in 1790.

**Ross on deployment**

Navy Fireman Apprentice Christopher J. Ross, son of Dennis and Roxie Ross of Robert Lee, recently departed for a six-month deployment in the Mediterranean and Black Seas aboard the salvage ship USS Grapple, homeported in Little Creek, Virginia.

After being at sea for just over a month, Ross has already participated in two back-to-back exercises in the Black Sea. Exercise Breeze-94, hosted by the Bulgarians, was a multi-national, humanitarian and peacekeeping exercise which involved the navies of Bulgaria, Greece, Romania, Russia, Turkey, and Ukraine.

Exercise Poseidon-94 involved the sharing of diving instruction techniques between the U.S. and Romania. Joint dives, sunken wreckage salvage, and underwater cutting and welding procedures were practiced.

Ross is one of more than 90 men and women who comprise the crew of USS Grapple. The 255-foot long rescue and salvage ship was designed to save battle damaged combat ships from further damage and tow them to safety.

The mission of USS Grapple reflects the ongoing changes in naval strategy. With the shift in focus from global to regional contingencies, naval forces with their power, speed, strategic agility and mobility often offer the country the best force for addressing crises and conflicts anywhere in the world.

The 1993 graduate of Robert Lee High School joined the Navy in July 1993.

Security beneficiaries, 5 million individuals who receive Supplemental Security Income (SSI) benefits, and 135 million workers who are paying into the system. Out of each dollar you pay in Social Security taxes, only about one penny goes to pay for the administration expenses necessary to run the largest social insurance system in the world. Every month, 99.8 percent of SSA's beneficiaries receive their checks in the right amount, at the right address, and on time. And, this service has been ongoing for more than a half-century -- through an era that has witnessed the nation at war, in recession, at peace, and in prosperous times. **Teach Latch  
Key kids about  
food safety**

Millions of youngsters who will be on their own at home after school this year could benefit from a few food safety rules to prevent foodborne illness.

Children usually prepare their own snacks when they return from school. Parents can help prevent foodborne illness by reviewing the following list with children:

\*Deposit books and book bags somewhere besides the kitchen. They can harbor many harmful germs.

\*Throw away any left-over perishable foods brought home from a carried lunch. An exception to this might be unopened cans of foods that are shelf-stable and don't require refrigeration, such as canned fruits and canned meats.

\*Always wash hands before touching food.

\*Use only clean utensils.

\*Keep cold foods refrigerated. Always put milk, meat, cheese, etc., back in the refrigerator immediately and be sure the refrigerator door is closed tightly. Take out only what you plan to eat and refrigerate leftovers from any cans that are open.

\*Don't eat any food that looks or smells "funny".

**To fulfill a dream, to be allowed to sweat over lonely labor, to be given a chance to create, is the meat and potatoes of life. The money is the gravy.**

Bette Davis

\*If you are going to allow children to use a microwave, or any appliance for that matter, teach them to use it safely. Teach them to always use potholders and warn them about burning steam from popcorn or any closed container in the microwave.

Play it safe to keep youngsters safe and free of foodborne illness.

**—Counselor's Comments—  
by Vicky McCutchen**

It's hard to believe a summer has passed once again! School is already in full swing all over the state, and the 1994-95 school year will be over before we know it. All educators are looking forward to a rewarding year and anticipating great things from our students.

As I was searching through some of my old teaching junk I came across a soup can with a picture of a large I on it and the words "I CAN" in bold red print and below the eye were the words "I Can, If I Think I Can." I placed it in my office to remind myself and those I come in contact with that this concept is very real. I would like to share this concept with all of the readers of Coke County as well as the students I work with.

**The "I CAN" Concept**

You hold in your hand a concept of the first (and most difficult) requirements necessary for achieving success.. the concept that you can do anything you want to do, no matter how difficult the goal or whatever the handicap.. by convincing yourself of the truth that "I CAN!" As far as is known, no one has ever described the shape, size or color of an "I Can't". "I Can't" must be one of two things.. either "I don't know how", or "I won't". Both can be remedied. You now, tangibly can see, feel, touch, and describe the secret for accomplishing your fondest dreams by believing strongly enough that "I CAN!". Use this power wisely.

We need but be like the bumblebee: Scientists can prove that it is aerodynamically

impossible for the bumblebee to fly... its body is too heavy and its wings too light to sustain flight. Since the bumblebee, however, chooses not to be affected by this sophisticated opinion... he flies, he works, he achieves!!!

I do hope that the Highway Department gives a start of its nice climbing red roses to the folks at the new home for naughty girls.

**HEALTH NOTES**

**Riding Drunk**

The era of the designated driver has undoubtedly contributed to the dramatic decline in traffic deaths, but even if the driver has not been drinking, passengers who have are more at risk than those who have not been drinking.

Dr. Patricia Waller, director of the University of Michigan Transportation Research Institute, says the notion that people who have been drinking are protected from injury because they are relaxed is a persistent myth. Her statistics show that even with a designated driver behind the wheel, a passenger who has been drinking faces twice the risk of dying from injuries in a crash as those who have not been drinking.

All of the reasons are not certain, but emergency medicine specialists Dr. Brian Zink says it is known that alcohol use seems to prolong the period in which breathing stops than normally occurs after a brain injury.
