Bronte patrons get earlier delivery

As result of an expressed need and much cooperation, most Bronte residents will be getting their papers at an earlier time each week. Bronte postal box patrons will be getting their county paper on Thursday afternoon instead of Friday morning. Postal route patrons in both Bronte and Robert Lee will remain on a Friday morning delivery schedule.

The credit for this earlier delivery, according to O/E publisher Hal Spain, goes to local postmasters Harrell Johnston and Ray Barnett, with an assist from postal clerk Elane Francis. According to Spain, "the continued involvement, cooperation, and support of the local post offices have once again worked together to benefit our local residents."

Homecoming 1994

The General Assembly will convene in the school auditorium at 2 pm and a reception will follow in the school cafeteria.

Individual class reunions are planned to meet intermittently in various rooms and homes.

RL 3rd Grade to draw posters

Mrs. McCown's 3rd grade class from Robert Lee elementary school has been asked to draw posters for a regional contest sponsored by the Concho Valley Council of Governments. The contest is a public education project to increase awareness of the 9-1-1 number system. The posters will be judged by each county's 9-1-1 dispatchers. Three winners from our county will receive a \$25 savings bond, and all participating children will receive certificates. Our county's winning posters will be judged a second time by CVCG, and the finalists will have their drawings printed in a 1995 calendar that will be distributed to all participating schools.

In conjunction with the contest, Elane Francis was asked to speak to Mrs. McCown's class about the 9-1-1 system, and how it works in our area. Mrs. Francis is a volunteer EMT for West Coke County Ambulance Service. She allowed the children to "tour" the Robert Lee ambulance while she answered questions and explained the use and function of the supplies and equipment used by the EMS personnel.

Class of '48 to reunite

The Bronte High School graduating class of 1948 will have a reunion Saturday, Sept. 24. Billy Joe and Diane Lockett are hosting the group in their home following the Homecoming activities held at the school.

All former classmates, teachers, and families are invited. A buffet supper will be served in the Lockett's backyard. Friends are welcome to visit during the evening.

Elane Francis (l) shows Robert Lee third graders the local ambulance to familiarize them with the importance of the 911 emergency system.

New driver for Rural Public Transport

A new face is behind the wheel on our Thunderbird van in Bronte. She is Nancy Kacal. Nancy has just recently moved to Bronte with her husband and two children. Bobby is the Youth Director at the First Baptist Church and a Special Education Teacher in our school system. Nancy has taken over and having grown up in San Angelo knows the town fairly well. The van goes to San Angelo every Tuesday for medical appointments, to access social services and for shopping. Reservations are needed on Monday for a trip into town on Tuesday. Call the Bronte Senior Center at 473-6471 or Nancy's home at 473-5600. Many residents in the rural areas outside San Angelo often find travel into town difficult. If you can schedule your day for medical appointments for Tuesdays the rural public transportation van can help get you there and back. Rural transportation is an invaluable service especially for elderly customers, who make up 60 percent of the riders of Thunderbird Transit says Robert Stephens, operation supervisor at Thunderbird Transit in San Angelo."

Nancy Kacal

— Letter to the Editor —

Dear Editor,

Every now and then we need to take inventory of our assets and perhaps redirect our priorities.

During the past 38 years I have worked with people in counties and communities in the western half of Texas. I have not found one that I consider to have all the things to offer to its citizens that Coke County has.

Where can you find two small communities that have as many paved and curbed streets, nice county parks, community buildings, swimming pools, golf courses, and lighted ball parks as we have in Bronte and Robert Lee? These are an asset to our county, enhance the value of our property, and attract many out-of-town people.

Where can you find a small county with two schools that do a better job of educating our children? A high percentage of the graduates go to college and graduate to assume important jobs in the business world. Where do you find two schools in one county that consistently achieve state rankings in various athletic events?

We have two of the finest nursing homes to be found anywhere and the rates are far more reasonable than most.

All of the above mentioned facilities were built and supported by our own tax money. I hear comments and complaints about paying more taxes but our local taxes are

very reasonable compared to most other areas. If we wish to enjoy these improvements then we should expect to pay for them just as we do our own personal possessions. Local taxes are much more preferable than depending on state or federal assistance since we can control our own affairs.

Where can you find a small county that has more to offer in the way of businesses, restaurants, motels, banks, car dealerships, and two large lake recreational facilities? Both towns have the finest churches representing several different denominations. Can you walk in a business in a large town and buy goods on credit or write a check without having to show a handful of credentials? If the citizens of Coke County purchased their necessities from the local businesses, then that money would be put back into this community, new businesses could be attracted, and the increased income from local sales taxes could help contain the need for more local property taxes.

If there is one thing we seem to be short on right now, it is a positive attitude. Where is our sense of community pride? If you are going to use a hammer, BUILD SOMETHING. Seek the best, but be willing to pay for it in time, talent, and money. If there is a small county anywhere that has more to offer than we do, let me know. I haven't been there, yet.

BRONTE SCHOOL NEWS

Horns make it three in a row over Roby

by Stover Taylor

The Bronte Longhorns traveled up to Lion Country Friday night to challenge the Roby Lions. The Lions were confined to their cage most of the night and were certainly not allowed to play on the endzone. "Lion King" of the night was all 5'6", 135 pound Cory Robinson who gave Roby fits all night long. He had one interception, and almost had 2 others, caved in many Lion rib cages and kept feeding the Lion's running backs grass. Lion tamers for the evening were Darrel Sharp, Delvin Pierce, Todd Harrell, Phillip Ratliff, James Hambright, David Cason, David Wilson, Clint Brashear, Keith Treadaway, Cody Holland, Russel Vaughn, Kale Beck, and Nicholas Arrott.

The Lions were allowed 93 yards rushing on 31 carries and 80 yards passing on 15 attempts. David Wilson and Cory had one interception each and the Horns recovered one fumble. The Horns played super defense and kept the Horns in the game.

Offensively the Horns were a little slow getting started. In the first half the Longhorns produced two first downs. I think Coach McCutchen made the Horns gurgle their throats with Lions tails because in the 2nd half the Longhorns came back with a bad taste in their mouths and ready to play football.

The offensive line began to open huge holes in the Lion's defense and the Horns finished the evening with 213 yards on 42 carries. Opening those holes were David Cason, Delvin Pierce, David Sharp, Phillip Ratliff, James Hambright, and Todd Harrell. Keith Treadaway had 120 yards on 17 carries, Russel Vaughn had 60 yards on 10 carries, Cory Robinson had 24 yards on 4 carries, Kale Beck had 10 yards on 2 carries and Nicholas Arrott had 1 yard on 9 carries.

The Horns had no fumbles, but were cited for 85 yards on 9 penalties. Keith Treadaway had 3 punts for 37 yard average. Nicholas Arrott did another great job leading the Horns from his quarterback position. The Longhorns came away from Roby with a 13-0 victory.

1st Quarter

The Horns were not able to control the ball and had to punt twice. Roby was able to move the ball for short gains. The Horns defense played

excellent football and prevented long substantial drives by the Lions.

2nd Quarter

In the 2nd quarter both defenses kept each other at bay. Most of the Lion's total 93 yards rushing was accumulated in the 1st and 2nd quarters. Neither team was able to dominate the game in the 2nd quarter.

3rd Quarter

The 3rd quarter saw an entirely different Longhorn team hit the field. Clint Brashear took the kick-off and almost broke it up the middle. The offensive line began to open up holes and Keith and Russel did their job picking up good yardage. After three first downs the ball was on the Roby 30 yard line. Keith Treadaway heard the endzone calling and he raced 30 yards for the TD. The PAT by Phillip Ratliff was good and the Horns were up 7-0 with 7:47 remaining in the 3rd quarter. The "Lion King", and

the "Lion Tamers" went to work and allowed the Lions one first down in the third quarter. Russel and Keith continued to move the ball.

4th Quarter

In the 4th quarter the Horns continued to move the ball, with 11:12 remaining in the 4th quarter, Keith took the ball in from 1 yard out and Bronte was up 13-0. The PAT failed. The Lions were not able to move the ball in the 4th quarter. Cory Robinson, Keith Treadaway and Russel Vaughn took advantage of the offensive line's generous holes and picked up good yardage. The Lion defense was on the field most of the 4th quarter. When the Lion offense got the ball, David Wilson and Cory Robinson helped themselves to the Roby passes and the Horns had 2 interceptions in the 4th quarter. The victory was a good team effort offensively and defensively. Friday is Homecoming and Santa Anna comes to town.

Lady Longhorns

The Lady Longhorns will play Albany at home on Saturday, Sept. 24th. The freshman team starts at 12:00 noon with JV and Varsity games following. Let's pack the gym and root'em on!

Bronte's JV played a tough game Sept. 13th, losing to Lakeview 7-15, 11-15. In the first game, Tandy Briley and Laura Stevens had 2 aces and 1 kill each. Olivia Guzman had 1 kill in the second game with Katie Collins and Tandy each scoring 1 ace. Danielle Parker was the strong server for the evening, serving for 5 consecutive points in game two.

The Lady Longhorns continue to improve with Lakeview slipping past 9-15, 11-15. In game one, Joni Barrett and Wendy Johnson each had 2 aces. Mandy Dunn and Wendy had 2 kills apiece, with 1 kill each from Jill Johnson, Jamie Sullivan, and Kim Hall. In game two, Joni had 2 aces and Wendy and Jill both scored with 1. Kills in the second game came from Jill - 4, Kim - 4, Joni - 2; Julia Gentry - 1. Jill led digs with 10, and leading in assists were Julia - 8 and Laura Thomas - 6.

Colorado City Invitational

Colorado City's Invitational Volleyball Tournament was held Saturday, the 17th. The Lady Longhorns walked away with the third place trophy and Kim Hall made the All Tournament Team.

The Bronte team defeated Tahoka 15-2, 15-2. Aces in the first game came from Jill Johnson - 3, Julia Gentry - 3, and Kim Hall - 2. Wendy Johnson, Kim and Jill each had a kill and Joni Barrett had 2. In the second game the aces were from Kim - 3, Stephanie Martinez - 2, Gina Clayton - 1, and Joni - 1. Gina, Kim, Joni, and Jamie Sullivan each had 1 kill. Courtney Stokes and Melinda Mackey also saw action.

The Lady Longhorns then went up against Plains and came up on the short side

with scores of 4-15, 7-15. In the first game both teams played exceptionally well defensively. What hurt the Lady Longhorns was their inability to execute their offense. "We couldn't put the ball down," Coach Fox said. In the second game they did a little better offensively, but had let Plains jump into a big lead, and it was too late. Joni Barrett was the only player to have an ace.

The Ladies were ready for their third set against Colorado City, upsetting them 15-10, 10-15, and 15-12. Good serves were the key in their wins. In game one, Laura Thomas had 2 aces and Jill had 1. Joni and Jill had 1 each in game two and in game three, Joni and Wendy had 2 each and Julia had 1. Coming off the bench, Jamie Sullivan did well.

HEALTH NOTES

Low Blood Pressure

High blood pressure is one of the most common disorders of the cardiovascular system, with few outward symptoms, but when blood pressure is too low, the symptom is immediate. The person faints.

Dr. Rose Robertson, professor of medicine at Vanderbilt University Medical Center says low blood pressure affects fewer people than does high blood pressure, but there are many factors that may cause a person to faint or become dizzy. She says the best definition of low blood pressure is a functional one—if you have symptoms from your low blood pressure, it is probably too low.

The first step in diagnosis is to determine whether the problem is in the heart and circulatory system or in the autonomic nervous system. Common fainting, such as standing in a hot, stuffy environment with an inadequate supply of blood to the brain, may not be life-threatening, but except for a very simple faint in an obvious situation, it is important to find the cause of fainting spells or dizziness before serious injury results from a fall or loss of balance.

'64 Study Club

The '64 Study Club of Robert Lee met Tuesday evening, Sept. 13, at Bryan's Barn with fourteen members and three guests attending. Hostesses were Lucile Bryan, Thelma Jo Hinnard, and Opal Jacoby.

Refreshments were served before a very interesting program which was given during the rather intense wind and rain storm that produced more fury than rain.

Mr. John Parsons, Senior Representative of District 4 of the AMERICAN CANCER SOCIETY presented the program. He had much information concerning many wonderful means of assistance available to families who have a cancer victim. Equipment needed by the victim can be furnished at no expense. Free transportation for a patient and one caretaker to a hospital where treatment is obtained is available, and payment for the caretaker at a motel during treatments.

This is not for patients who are in advanced stages of the disease only, but for ANY cancer victim. Families needing help should call AMERICAN CANCER SOCIETY in San Angelo: 1-800-ACS-2345. Families who are not destitute are eligible as are all who contact the organization.

Mr. Parsons urged his audience to report families who are known to qualify, and the Society will contact them. Folders with information concerning much more valuable help were given to club members.

AMERICAN CANCER SOCIETY sponsors the "no smoking day" the third week in November annually. Parsons stressed that cigarettes are the greatest cancer causing agents in common use.

Parsons warned that there are illegal groups who send out letters to the public at the same times of the year when the AMERICAN CANCER SOCIETY does, and some donors send money thinking it is to reach the proper organization. He urges people to be sure they donate to the group with the correct name and logo.

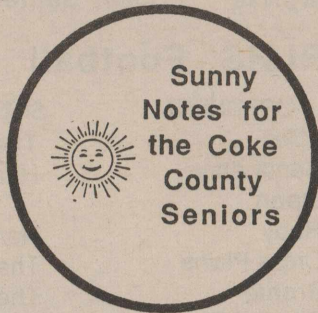

Genealogical & History Society

The San Angelo Genealogical and Historical Society will meet Tuesday, October 4, 1994 at 7:30 pm in the West Texas Collection on the second floor of the Angelo State University Library. The program will be "Using the West Texas Collection". The speaker will be Betty Jane Smith, Curator. The beginners Genealogical Class, taught by Billee Scattergood, will meet at 6:30 pm, at the Angelo State Library. Visitors are always welcome.

Burl and Joan Davis have returned home to Robert Lee from Houston's M. D. Anderson Cancer Clinic after 10 days of testing and doctor's appointments. One node in his chest was not cancerous but an apparent lesion on his right lung will be tested in two weeks. It has been 5 1/2 years since a melanoma was removed from his head.

The Davises stayed in Liberty (about 50 miles northeast of Houston) during their trip with Dubb and Billie Wallace who are on a short construction job in the area. Between appointments, they saw the Baytown underground tunnel, which allows traffic to pass under the bay rather than make an extended trip around; visited the San Jacinto Monument; and fished in a bay channel at Anahauc where Dubb killed a big cotton mouth water moccasin which was quite aggressive. The relatives did not purchase anything at the country meat market which advertised quail, wild rabbits, and alligator meat.

Children and Competition

The expression "rat race" refers to the constant striving to achieve and get ahead. As adults, competition can be a motivating force in our careers and personal lives. Gearing up for school, many children will be involved in team sports. Team sports for children provide opportunities for teamwork, building self-esteem, physical activity and winning, as well as losing.

How parents deal with competition is important. Parents need to keep in mind how they want their children to compete in the future. Do they want them to be constantly striving to get ahead as adults, even at the expense of others, or do they want them to be cooperative and focus on working together in an effort in which all players benefit? These patterns are established early on in how they respond to their childhood successes and failures.

The old saying, "It is not whether you win or lose, but how you play the game", can be an important concept to reinforce as children compete. Oftentimes, the desire to win on the part of the team, the coach, and other parents, put tremendous stress on children. Specialists remind us that "Childhood sports should be fun. We need to remember that they are kids

and are developing their motor skills. Sports should be a learning experience, not an ordeal." Concentrate on the improvement and achievements of each game.

Parents can help children feel good about themselves and competition by keeping these simple things in mind: *Make sure to explore a variety of activities. Let children try out different activities to find one they feel good about. Specialization in a sport can come later in adolescence.

*Make sure the sports program keeps in mind that the players are children. Avoid programs that abide by adult rules and regulations.

*Remember that it is your child playing, not you. Do not compare your child's accomplishments to your past achievements. Help them to set their own goals, consistent with their skill level.

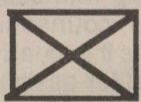

*Most importantly, be positive and reinforce your child's achievement. The right attitude can make childhood sports a fun and positive experience.
