Candidates gear up for the stretch run

Political candidates are gearing up for the stretch run in their campaigns prior to the General Election on Tuesday, November 8.

Voters in various precincts of Coke County will see slightly different ballots to provide for commissioner candidates, James Arnold Tidwell and Billy Joe Luckett. Other county candidates on the ballots will be Chris Wyatt, county attorney; Royce Lee, county judge; Ettie Hubbard, District and County Clerk; Phelan Wrinkle, county treasurer; Joan Davis, Justice of the Peace, Precincts 1, 3, 9,

and 10; and Bruce Sonnenberg, Justice of the Peace, Precincts 2, 4, and 5.

Stirring interest in the upcoming election are two official write-in candidates. Jackie Walker filed for the county judge position while Jack G. Moore is a candidate for Justice of the Peace, Pct. 2.

Early balloting counts are running unusually high. On Tuesday, County Clerk Ettie Hubbard said an even 100 voters had cast ballots in her office. Early voting continues through November 4 in the county clerk's office at the courthouse in Robert Lee.

On the state level, Democratic Governor Ann Richards and Republican George Bush are deadlocked in a hotly contested race for the governor's seat.

Locals are also awaiting the outcome of favorite son congressman Charles Stenholm's race, opposed by Republican Phil Boone. Republican U. S. Senator, Kay Bailey Hutchison is being challenged by Democrat Richard Fisher. State Senator Bill Sims, a democrat, is expected to finish strongly against his republican opponent, Hugh D. Shine.

Pony express riders, stagecoach slated

Bronte

The Butterfield Overland Mail and Passenger Stage was established in 1858, and it came right through the heart of Old Coke County. The United States Postal Service and the Historical Commission is commemorating the Stage-line and the people who were involved in the delivery of the mail in its earliest times in the "Old West".

The fun begins in Bronte November 1 at the Gazebo with the dedication ceremony beginning at 10:00 am. There will be many activities throughout the day including a special production written by author and historian Joe Peacock. The Coke County Roping Club will make a "Pony Express" mail run between Bronte and Robert Lee Post Offices at 11:00 am. They will carry letters from the public for a nominal fee. The Butterfield Stagecoach will be in town throughout the day. Bronte Postmaster Ray Barnett says "Everyone is invited to come share in a little bit of Coke County history".

RL hunter barbecue slated

West Coke County Community Development will sponsor its sixth annual Hunters Appreciation BBQ on Saturday evening, November 5th. It will again take place in the Rec Hall in the county park at Robert Lee. The supper of plenty of meat with all the trimmings, including dessert, will begin at 6 pm and serve until 9.

The event is at no cost to hunters but tickets are necessary. They are available either from the party from whom they lease or from participating individuals or businesses who have supported the BBQ by donations.

The big feed spills over into the park and livestock barn to accommodate the huge crowd. The hunters are appreciative of the event and say so; everyone has a good time, with lots of visiting and swapping stories.

Deer, turkey, and quail hunting has become increasingly important to Coke County during a sagging economy. The Hunters' Appreciation BBQ is a way of welcoming them back to the area. It has grown to gigantic proportions in just four years. The group fed nearly 1,000 people last year. It is a family affair; many wives and children join the hunters.

Volunteers and WCCCD members do the work - preparations, cooking, serving, cleaning up, whatever is required to make the event suc-

ceed. More are always needed. If you can help in any way or you need to donate and acquire tickets for your hunters, please call Bob Wrinkle, 453-2414 at Ace Hardware in Robert Lee. Be a part of this community undertaking.

Bronte Lions to meet

The Bronte Evening Lions Club will meet for their regular monthly meeting on Tuesday night, November 1 at the Red Barn Restaurant.

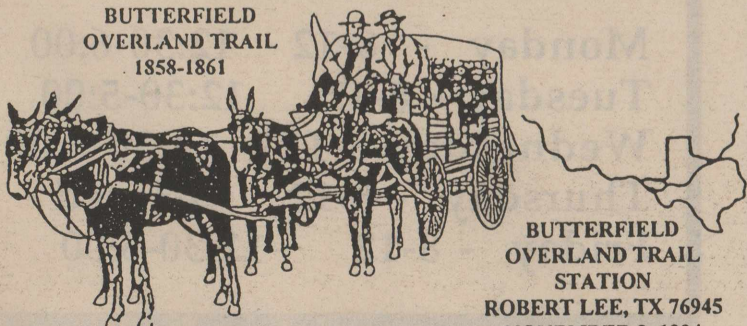

Fall Festival

The Fall Festival will be Saturday, October 29 at Bronte School, sponsored by All-Sports Boosters.

We will begin this event with a hamburger and fries dinner from 5 pm to 7 pm. All other events will begin at 6 pm and go till 9 pm. These events are being held in order to raise money for the classes, so please send any donations that your child's teacher asks for. Support our kids! Also please work in areas that you are able. We need volunteers. The school will be open around 9 am on Saturday for the festival booths to be set up. You will be responsible for your own setup and cleanup. Tickets will be available at the elementary and high school entrances.

Also, if your child plays in any Bronte sports, Jr. Hi - High School, we are asking each one to bring a cake to the cafeteria by 5:30 pm on Saturday for the cake walk.

Red Ribbon Week

In observance of Red Ribbon Week the following facts were presented to school students.

Facts concerning the use of alcohol, drugs, and cigarettes are almost unbelievable!

First - ALCOHOL - drunk driving is the number one killer of men and women in their teens and early twenties. Please remember on an average weekend night one of every ten drivers are DRUNK! Seventy-five percent of all child abuse deaths due to fire and suicides are results of alcohol use. One in four students live in a family in which someone is an alcoholic. About two out of every 5 people in the U. S. will be in an accident that is alcohol related during their lifetime. Alcohol accounts for approximately 97,500 deaths annually.

DRUGS - as marijuana, crack, and all others are brain damaging and will appear years later in the human body or brain. Sniffing solvents or sprays can cause death. When using sprays be sure of good ventilation.

The most unbelievable fact humans completely ignore is the dangerous effect of cigarettes. There were 330,000 Americans who died in 1985 and there has been more averaged each year following as a result of smoking cigarettes. Nicotine, a drug in tobacco, is more addictive than crack or alcohol. Nine of ten persons who try smoking become addicted.

Cigarette smoke contains cyanide, a deadly poison.

Smoking is the number one preventable cause of death in the nation. More persons die from cigarette smoking and related illnesses than die from alcohol, traffic accidents, illicit drugs, murder, and suicide combined.

Stenholms to visit Coke County

Charlie and Cindy Stenholm are coming to Robert Lee and Bronte again. During 1993 Charlie visited elderly one of the 32 counties in the vast 17th Congressional District an average of more than five times. Voters have another opportunity to visit with their representative during the current bus trip planned for next week.

Plans call for the Stenholms and their party to arrive at 3 pm at the courthouse on Tuesday, November 1, in Robert Lee and depart for Bronte at 3:10 pm. Arrival time at the Bronte Post Office is set for 3:25 with departure at 3:35. A "whirl-wind tour" in every sense of the word, the trip will originate and end in Sweetwater, with stops in 14 towns.

Charlie has often said he was elected to represent the people of our area. This cannot be adequately done without visiting often and listening. One reason for the annual picnic at Ericksdahl is to give everyone a time and place they know they can visit with their elected representative.

Make your plans now to take advantage of this, another chance to be close and personal with Charlie and Cindy.

Judge Royce Lee presents rolls of Red Ribbon decorative ribbon, stickers, and individual ribbons to Robert Lee Superintendent of Schools, William Hood. He and Mrs. Lee provided the ribbons for school students Kindergarten through 12th grade for the observance of Red Ribbon Week. A program designed for students to say no to all drugs, alcohol, and tobacco, it has been highly acclaimed by educators.

Steers coast to victory over Wildcats

by Bill Burns

The Steers coasted to victory against the Water Valley Wildcats last Friday night. It was never much of a contest and everyone got plenty of playing time. The final score was Steers 47 - Wildcats 14. The Steers are now 7 - 0 for the season.

First Quarter

With 9:29 left in the quarter Aaron Hood hit Bart Goodman with a pass across the middle that went 57 yards for a Steer touchdown.

Lee McCown ran for a four yard TD on the next Steer possession and Jonathan Torres kicked the extra point.

Second Quarter

Deadline nears

Congressman Charles W. Stenholm has announced that the deadline for applications to the United States Service Academies is just one month away.

The deadline to apply to any military academy through Congressman Stenholm's office is December 1, 1994. Interested individuals are encouraged to contact the San Angelo office as soon as possible.

Eligible applicants must be at least 17, but not past their 22nd birthday, and need to have graduated from high school by June 30, 1995. They must also be single with no dependents and be a legal resident of the 17th District.

Competitive applicants should be in the top 20% of their class. They need to have SAT scores above 500 verbal and 550 Math or ACT scores of 24 English and 25 Math. Involvement in extra-curricular activities, including school and community organizations and sports as well as full or part-time employment, is also in the applicant's favor.

The Congressman will be making nominations for appointments to the Air Force Academy at Colorado Springs, Colorado, the Military Academy at West Point, N. Y., the Naval Academy at Annapolis, MD, and the Merchant Marine Academy at Kings Point, N. Y.

The U. S. academies offer young people an excellent education, while also developing skills in leadership and self-discipline. It is a one-of-a-kind opportunity to earn a bachelor's degree and earn a salary for doing so. An education at an academy also guarantees a career upon graduation as an officer in the U. S. Armed Forces.

Applicants who wish to serve as commissioned officers are strongly encouraged to contact Jayne Schoonmaker in Congressman Stenholm's San Angelo office. For more information call (915) 655-7994 or write to 33 East Twohig, Suite 318, San Angelo, Texas 76903.

Nominees will be announced in late December.

ter Lee McCown made an excellent run up the middle for an eleven yard TD. Torres was good on the extra point. Four minutes later McCown scored on a 7 yard run. Torres was again good on the extra point.

David Sevier recovered a Wildcat fumble for the Steers.

With 4:39 left in the quarter Adam Morgan scored on a 14 yard run. Torres kicked the extra point.

With 51 seconds left in the half Harley Waggoner scored on a two yard run, and again Torres was good on the extra point kick.

Eric Torres recovered a Wildcat fumble as the half

came to an end. Steers 41 - Wildcats 0.

Third Quarter

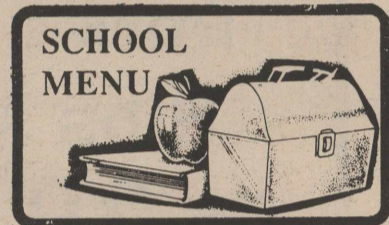

The Wildcats finally got on the scoreboard in this quarter with 7 points.

McCown had his only punt of the night that covered 39 yards. Jason Wyatt had 15 yards on four carries, and Waggoner had twelve yards on 2 carries.

Fourth Quarter

Each team scored once. The Steer score came on a forty-one yard run by Jerrid Vincent.

The Steer defense has been stingy all year as there have been only 27 points scored against them. Good Job Steers!

RL students celebrate "Red Ribbon Week"

Robert Lee students celebrated "Red Ribbon Week" during this past week. Judge Royce Lee and Education Service Center Region XV provided the ribbons for the students.

"Red Ribbon Week" is celebrated each year to bring a little more emphasis to the students about the dangers of drug and alcohol abuse. Robert Lee Elementary Principal Lane Jackson said that each class was spending at least a portion of class time this week on drug awareness and education.

Dogies go 5-0 on the season

by Chad Helwig

The Robert Lee Dogies just keep rolling up the victories. Their victim last Thursday was the Water Valley Wildcubs. While scoring one touchdown in the first half, the Dogies scored 28 points in the second half.

The ballgame appeared to be a close one, until the Dogies took the ball on their own six yard line and drove 94 yards for the first score of the game. Michael Munoz scored on a reverse for six. Then Will Simpson ran the ball in for the two point conversion.

The next score came after the kick to open the second half. This time Simpson ran over defenders for the touchdown. Chad Helwig ran for the two points. Munoz powered in for another six. The two point conversion failed.

Water Valley scored on a fake punt. Their two point conversion failed. Munoz scored on the first play after the Water Valley kick. B.J. Bessent caught a pass from Helwig to make the two point conversion successful.

The final score was 30-6 in favor of the Dogies. The Dogies will face an extremely tough opponent in the Roscoe Plowboys. I know the Dogies would be glad if the stands were filled as they lay their undefeated record on the line. The game will be at Robert Lee and will begin at 6:00 pm Thursday.

Longhorns tame G. City Bearcats, 30-8

by Stover Taylor

The Garden City Bearcats came to Bronte Friday night to tangle with the Bronte Longhorns. The Bearcats came out in the first quarter fired up gaining most of their rushing yards in this quarter and scored their only touch-down of the evening. The Longhorns were slow getting started and did not get cranked up until the second quarter. Nine different running backs carried the ball on 46 carries for 268 yards. Russel Vaughn had 19 carries for 75 yards; Cory Robinson had 3 carries for 72 yards; Clint Brasher had 8 carries for 42 yards; Keith Treadaway had 7 carries for 33 yards; Kale Beck had 4 carries for 18 yards; Cody Holland had 2 carries for 18 yards; David Wilson had 2 carries for 11 yards; Brent Taylor had 5 carries for 7 yards, and David Cason had 2 carry for 2 yards. The Horns were 3 of 10 for 31 yards passing, five punts for 33 yards average and six penalties for 50 yards.

The offensive line which consists of Todd Harrell, Darrel Sharp, Delvin Pierce, James Hambright, and David Cason gave the running backs plenty of room to run the ball. The defense shut down the Bearcats for three quarters. Leading the

defense were Darrel Sharp, Kale Beck, Clint Brasher, Cory Robinson, David Cason, Russel Vaughn, Phillip Ratliff, Todd Harrell, Nick Arrott, Gary Walker, Brent Taylor, and Jason Wilson. A lot of young men had an opportunity to play and it was a fun evening for the guys.

1st Quarter

The Bearcats came out ready to play ball, taking the opening kick-off and returning it to their 40 yard line. Quarterback Brent Seidenberger carried the ball every other down picking up good yardage. The Horn defense stopped the Bearcats on a fourth and 3 to end the long drive. The two teams traded punts, then the Bearcats started another long drive and scored with 1:20 left in the 1st quarter. The two point conversion was good. The Bearcats led 8-0 at the end of the quarter.

2nd Quarter

The Horns cranked up their offense and began to move the ball. Russel Vaughn, Cory Robinson, and Kale Beck had some large holes open in front of them and they picked up long gains before the Bearcat defense got to them. Russel Vaughn scored on a 15 yard run with 10:48 remaining in the 2nd quarter. A pass from Taylor to Arrott was good for the two point conversion. The Bearcats were not able to move the ball and punted. The Horns scored again when Cory Robinson broke loose for a 28 yard touchdown with 4:06 left in the quarter. Russel Vaughn ran the ball for the 2 point conversion.

3rd Quarter

The two teams traded punts for the 1st series of downs. Brent Taylor intercepted a Seidenberger pass and returned it to the Bearcat 20 yard line. Two plays later Russel Vaughn scored from 11 yards out. The 2 point conversion was good on a pass from Taylor to Arrott. The Bearcats were not able to move the ball.

4th Quarter

The Horns continued to move the ball with Keith Treadaway picking up good yardage. Keith scored on a 9 yard run to put the Horns up 30-8. The PAT failed. The Horns coaches gave all the young men a chance to play and the game ended 30-8.

The Horns travel to Sterling City Friday night to meet the Eagles who defeated Roscoe 33-26. It will be a tough football game, come and support the Longhorns.

Project Graduation

Parents working on Project Graduation '95 met at the Bronte School cafeteria this past Monday night to discuss plans for the project. Jerita Taylor opened the meeting by explaining Project Graduation to newcomers in the group. Project Graduation is a planned drug-free, alcohol-free alternative for high school seniors celebrating Graduation Night.

The treasurer's report was given by Patsy Dunn and Roenna Thomas read the minutes from the last meeting. Discussion was held regarding the various past and ongoing fundraisers and suggestions were taken for future projects. The group is currently selling Sports Buttons, BHS pennants, and are sponsoring a drawing for a cake at each home game. They plan to participate in the Fall Festival on October 29th at Bronte High School with "Spook Shots", buttons made while you wait, and a Pig Patty Contest with help of a local porker.

The Senior Quilters of Bronte have graciously volunteered to sew a quilt for a prize to be drawn at Project Graduation '95.

The senior class plans a car wash for November 5th, 9 to 5, in the Bronte Bank parkinglot, weather permitting.

The meeting was then adjourned.

Red Ribbons, stickers, and decoration ribbon were passed out during the week and were provided by Judge Royce Lee for all k-12 students. Judge and Mrs. Lee provided the ribbons in observance of Red Ribbon Week that was designed for students to say no to all drugs, alcohol, and tobacco. More Red Ribbons were provided by the Education Service Center Region XV. This helped the spirit of Red Ribbon Week. Judge Lee (l) is shown giving the ribbons to Vicky McCutchen.

Counselor's Comments
by Vicky McCutchen

Each year all of the schools and communities participate in Red Ribbon Week and we spend our time educating our students through activities, videos, and other drug education resources. Is this all we do for the rest of the year? Not hardly! During each school year our students in all grades are exposed to drug education through science and health classes, home economics and ag classes, social studies and math classes and through our guidance curriculum.

Our San Angelo Education Service Center Region XV Drug Free Schools Cooperative is committed to providing alcohol, tobacco, and other drug use prevention to our area youth. Prevention that is linked with student achievement is a positive step for successful students, successful schools, and successful communities. The goal of the Region XV Coop. is to enhance student achievement by striving to implement programs that meet students' emotional, as

well as academic, needs. Prevention is the most cost-effective answer to our Nation's substance abuse problems. It can help our youth make healthy choices and avoid the consequences of drug use.

William Glasser, educator and author of *Quality Schools: Managing Students Without Coercion* writes: "The most sensible approach to preventing drug use is prevention through need-satisfying instruction when the student is young and has not tried drugs." Prevention curricula in the classrooms and prevention programs within the community really work!!!

Our service center in San Angelo is to be commended for the great programs, resources, and workshops provided for our schools in order to bring drug-free messages for our students. Our educators are to be commended for their endless efforts to bring drug-free education to our most valuable resource--our students-- the leaders of tomorrow!

All Sports Boosters

The All-Sports Boosters met Monday, October 24th at 7 pm in the school cafeteria with Mike Johnson presiding.

Coach Rawls reported on the Jr. High loss last week to Garden City. Said the boys are improving, played good defense. They play Sterling City at home Thursday at 6 pm.

Coach McCutchen reported on High School game against Garden City. They won, played a good game. Their next game is away against Sterling City. November 4 will be our last home game and will be recognized as PARENTS NIGHT.

We finalized our plans for the Fall Festival on October 29.

Roenna Thomas made the motion to adjourn, seconded by Mike Johnson. Our next meeting will be Monday, October 31st at 7 pm. Everyone is invited to attend.

Longhorn Band

The Bronte High School Longhorn Marching Band, under the direction of Mr. George Tomes, rated top honors last Saturday at Wylie Stadium in Abilene by scoring a Division I rating at the UIL marching band competition. The band has not scored a Division I rating in marching since the fall of 1990.

The band is now working on scoring a Division I at the UIL concert and sightreading festival scheduled in the spring, so they can bring home the Sweepstakes Trophy for the year.

HOW ABOUT THAT LONGHORN BAND?!!

Students name best teachers

Lake Forest, II-A select group of America's teachers are being honored by their toughest critics, their former students, in the third edition of *Who's Who Among America's Teachers, 1994*

All of the 66,500 teachers being honored were selected by their former students who themselves are currently listed in *Who's Who Among American High School Students, or the National Dean's List*, publications which recognize the top 5% of our nation's high school and college students respectively. Paul Krouse, publisher of *Who's Who Among America's Teachers* said, "there is no greater honor teachers can receive than to be recognized by former students for their excellence and dedication. In this publication we clearly have the best teachers in America selected by the best students."

The students were requested to nominate teachers who "made a difference in their lives", by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence. Many of the students commented about the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as professional level. One student wrote about her teacher saying, "she made education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings, and showing me the best way to fly."

Local educators honored in *Who's Who Among America's Teachers, 1994* include Bronte teachers: Lawhon, Mary Rowland, Retired fourth grade teacher; Taylor, Jerita Bess (Michaels), Bronte Junior High School.

The week of October 22 through October 30 is Red Ribbon Week and your local McCoy's Building Supply Center invites you to show your support by pinning on a red ribbon. Red Ribbon Week is held annually to raise awareness about American's war on drugs. McCoy's is a drug-free company and supports anti-drug education. Stop by your local McCoy's for your Red Ribbon and "Pin One On!"

Millican and Arrott re-elected to SWCD Board

Wilbern Millican of Robert Lee and Mike Arrott of Bronte were recently re-elected to the Coke County Soil and Water Conservation District Board of Directors October 13, 1994. Millican represents Zone 1 of the District, while Arrott will represent Zone 2.

The purpose of the Coke County SWCD, with headquarters in Robert Lee, is to promote sound soil and water conservation programs on agricultural lands within the district and to serve as a voice for farmers, ranchers, and local community entities on conservation matters.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

The five members serving on the district board of directors are responsible for district policies and procedures for carrying out the district program within the framework of the Texas Soil Conservation

District law.

In Texas there are 213 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. Unlike most other legal subdivisions of state government, SWCDs do not have the powers of taxation or eminent domain. All conservation programs managed by the district are of a voluntary nature to the landowner or operator or other potential users of the SWCD's programs.

The main objective of **BRONTE CHIROPRACTIC CENTER** is to heal using natural methods. Their goal is to educate people to an alternative method of health care. People are suggesting need-

lessly. Many times a chiropractic examination of the spine will reveal the cause for many problems. In addition, it can help relieve a problem that is just beginning. The spine is such an important part of our bodies, but given little attention until pain shows up. By this time the problems may be of a serious nature.

Chiropractic uses standard diagnostic procedures. This includes chiropractic examinations, and use of x-rays

when needed. These procedures help reveal the problem so the body's balance can be restored to good health. The goal here is to find the cause for the pain and treat that cause.

BRONTE CHIROPRACTIC CENTER is located at 107 W. Main in Bronte, phone 473-2127.

We, the editors of this 1994 Fall Business Review, recommend this fine chiropractic center to all our readers.

Halloween Hints

With Halloween night around the corner, we present these safety tips, developed by the U. S. Consumer Product Safety Commission:
*Make sure your children save all the treats they get until they get home, so that you can examine them carefully before they eat them.
*Buy or make costumes that are "flame resistant". They will resist burning, and should fire threaten them, the fire should be quickly extinguishable. Flimsy materials and baggy outfits should be avoided to lessen the risk of contact with

Bird authors book

Mrs. Josephine Bird, long-time Sanco resident now of Rockport, has written and published a book "The Story of the Panhandle Bank". It includes histories of those families involved with the bank. Some of the 700 individuals mentioned in the book include the Lill and Rorex families, from whom Mrs. Bird is descended.

The Texas Federation of Women's Clubs accepted her book for their library saying "we are indeed glad to add it to our collection of books by or about Texas women."

A copy of the book is in the Coke County Library at Robert Lee. It is available for purchase by contacting Mrs. Bird at HC01-Box, Rockport, TX 78382.

Mrs. Bird is an experienced and articulate historian in her own right, having worked with her late husband, Ulmer Bird, on a lifetime of projects. The couple lived on their ranch near Sanco where she was a former postmaster.

*Costumes should be light and bright enough to be visible to motorists. They can be decorated or trimmed with reflective material or stickers.

*Children should carry a flashlight to see and to be seen.

*Costumes should be short enough to prevent tripping.

*Hats and scarves should be tied securely so that they don't slip and block the wearer's vision.

*A mask of cosmetics will be less restrictive and provide better vision. All masks should have eyeholes large enough to provide full vision.

*Swords, knives, and other accessories should be of soft, flexible material.

*An adult should always ac-

company small children.

*Children should use the sidewalk, and walk (not run) from house to house.

*Children should avoid walking out from between parked cars, or running across lawns with clotheslines and ornaments.

*The home children visit should have an outside light on or some other sign of welcome.

*Children should not enter a home or apartment unless accompanied by an adult.

If you're expecting trick-or-treaters, clear their path of obstacles, and keep jack-o'-lanterns away from areas where they might contact children's costumes.

Have a fun - and safe - Halloween.

HEALTH NOTES

Mental Health in America

One in three adults in this country will have a diagnosable mental disorder during their lifetime. That assessment is in a report to congress by a committee of the Institute of Medicine. Dr. Robert J. Haggerty, of the University of Rochester and chair of the committee that wrote the report, says hardly a family in America is untouched by mental illness.

It is estimated that economic costs for alcohol abuse, drug abuse and other mental illnesses totaled more than three hundred billion dollars in 1990, but the committee estimates that the federal government spends only about twenty million dollars each year for research on rigorous intervention to prevent mental disorders.

Dr. Haggerty and his colleagues say the opportunities for preventing or delaying some mental disorders such as depression are abundant and, while billions could be saved in treatment and lost worker productivity, the real savings could be in human suffering and lost opportunity.

Elderly encouraged to get flu shots

With the approach of autumn, it's time for older Americans to take precautions against the pneumonia and flu epidemics that are on the horizon. The cost of both pneumonia vaccinations and flu shots is covered by Medicare Part B (Medical Insurance) for those age 65 or older.

The National Institute on Aging (NIA), American Lung Association, and the Department of Veterans Affairs have launched a coordinated campaign to encourage elderly people to be vaccinated this fall. Statistics show they are twice as likely as younger persons to get pneumonia. Only about 20% of those over age 65 have taken advantage of the availability of the pneumonia vaccine in the past, according to the NIA.

The Public Health Service recommends an annual flu shot for people over age 65, even if they are generally healthy. Typically, shots are given in the fall or winter. Medicare beneficiaries do not need a doctor's prescription or supervision to have this vaccination covered by Medicare Part B. And, beneficiaries do not pay a deductible or co-in-

surance amount.

Medicare Part B pays the reasonable approved amount for either shot. If the cost exceeds the approved amount, the beneficiary is responsible for the difference.

Generally, the cost will be paid if the vaccine is provided at a doctor's office or by a hospital, skilled nursing facility, home health agency, rural health clinic, federally qualified health center, outpatient physical therapy provider, a comprehensive outpatient rehabilitation facility, or health maintenance organization (HMO).

However, when Medicare beneficiaries get either vaccination at a community clinic that normally provides the shots free of charge to the public, the beneficiaries should not be charged just because they have Medicare coverage. Medicare Part B will not pay for these shots or for shots administered under a plan where the employer arranges to have free shots for all employees.

Medicare Part B pays for pneumonia and hepatitis B vaccinations when the beneficiary is in the hospital, even though the hospital stay is covered under Part A (Hospital Insurance). Flu shots now are paid for in the same way.

Old Time Camp Meeting

Camp meetings provided some of the most exciting and inspiring moments of frontier life. There will be an Old Time Camp Meeting on Sunday, October 30, at the Tabernacle in Sanco. It will feature music by "The Pearly Gates" gospel choir, followed by guest speaker, the Rev. R. Daniel Jones. "The Pearly Gates" are well-known in this area for their uplifting gospel sound and were recently featured at the Concho Jazz Festival in San Angelo. Rev. Jones is an ordained United Methodist minister and is on staff at the First United Methodist Church in Houston. His area of concentration has been in evangelism at our nation's largest United Methodist Church.

The Camp Meeting schedule: 3:00 - 5:00 pm - Activities on the Grounds (including volleyball, childrens booths, dominoes, etc); 5:00-6:00 pm - Potluck supper; 6:00-7:30 - Music by "The Pearl Gates"; Message by Rev. Jones.

The public is invited. If you come, please bring a covered dish food item, a lawn chair or blanket. The Camp Meeting is sponsored by the First United Methodist Church of Robert Lee. For information, call Rev. Bill Frisbie at 453-2417.

In case of rain, the event will begin at the First United Methodist Church at 5:00 pm.

Toll-free Number Available Nights and Weekends

If you're like other busy people, finding time to take care of your personal business during the day is often a problem. That's why Social Security's toll-free phone number gives you service at night and on weekends, in addition to normal business hours.

When you call 1-800-772-1213 on your touch-tone phone at night and at any time during weekends and holidays, you get a recorded menu of choices that lets you take care of certain kinds of Social Security business. You can ask for:

* An application for an original or replacement Social Security card.

* A form to obtain a record of your earnings and an estimate of your future Social Security benefits. This is called a Personal Earnings and Benefit Estimate Statement.

* A document verifying that you receive Social Security benefit payments, Supplemental Security Income, or both. You may need this document to show proof of your income to other agencies.

You can also call to ask for these forms during daytime hours -- 7:00 am to 7:00 pm on business days. Our phones are busiest early in the week and early in the month, so if your business can wait, it's best to call at less busy times -- such as nights and weekends, or later in the month.

Shifting your call to less busy times helps not only you, but all callers. About one of every five calls made during peak periods are to request one of the three documents listed above. So if those calls are shifted to less busy times, other callers stand a better chance of getting through without a busy signal.

Other services available to callers at night and on weekends include recorded information about Social Security programs and the opportunity to order popular Social Security leaflets.
