OUT ON A LIMB
By CHARLENE WHITE

Jewell Bynum reports that he has some new furniture coming on September 15. Which is great only he's not sure that they can move into the new quarters until October 1. The problem arises: Where to store the stock? We suggested that he put it outside on the sidewalk. It's not going to get wet out there.

A couple of candidates in the county races ran like race horse trainer "Sunny" Jim Fitzsimmons advises his jockeys. "Go

directly to the front and improve your position."

Whoever wrote those referendums should get a literary booby prize of some sort. The way they were worded, you don't know if you voted the way you thought you did and now that the results are out, you don't know if you won or lost. The way we've got it figured, if you were for the thing, you voted against it and if you were against it, you voted for it, and if you're like us, you just ignored the whole mess.

Red Cross swimming lessons should be getting underway soon which prompts the quote from the Emporia, Kansas Gazette: "Emporia is doing its bit in urging more young people to learn to swim. There is alarm over physical fitness in the U. S. and swimming beats hot-rodging forty ways from Sunday."

Say that Mrs. Gene Overton is the best I ever saw with kids. She fed the Scouts when they went through Paint Creek on their way to the lake and the next day she had a gallon of peach and a gallon of banana nut ice cream for them. That day Scouting was a real pleasure! The Scouts got an extra treat at Rule, where Sheriff Bill Pennington had made arrangements for them to attend the Rule Drive-In gratis.

Stanley Furr got into the spirit of the elections Sunday, after all the returns were in. Instead of heading the menus "Sunday," he had "Sad-day for some people."

We were Johnnie-on-the-spot Monday when the county records were being "stolen." Mrs. Austin Coburn and Sandra came after some of the auditor's books. The doctor has given Mr. Coburn the green light on doing some work at home. Mrs. Coburn said her husband has been very patient, but that he said, "the last week has been longer than the four weeks before it!"

Mr. and Mrs. Leon Pearsey and Mrs. Wallace Ruff spent the week end in De Leon visiting Mrs. Ruff's mother, who has been ill.

Mr. and Mrs. R. I. Johnson and children have returned from Leon County, where they spent a week with relatives and friends.

Mr. and Mrs. Frank Reynolds and children returned Wednesday from a visit in San Antonio and other points in South Texas.

Mr. and Mrs. J. M. Crawford and family, who have been spending the summer at their new ranch home in Lehman, Texas, returned home the first of the week.

Mr. and Mrs. W. A. Nelson and the latter's brother, Elmer McKinney of Haskell, left Tuesday for a several days vacation trip. They will visit Carlsbad Cavern and other points of interest.

Mr. and Mrs. A. C. Boggs spent Sunday in Wichita Falls with relatives and friends.

Sam Hugh Smith, son of Mr. and Mrs. Clay Smith, had his tonsils removed Monday at the Wichita Falls clinic.

Mr. and Mrs. Curtis Ballard of Villa Green, Colo., are here for a several days visit with relatives and friends.

Mrs. Richard Sherrill was in Abilene Monday where her son Don had his tonsils removed.

The annual Haskell County Old Settlers Reunion will be held Aug. 20 in Baldwin's Pasture east of Haskell. Those in charge of plans for the affair announce that a barbecue will be among the reunion features.

Sagerton gravel pits are furnishing more than 100 cars of gravel a month which is being shipped to points throughout Texas and Oklahoma.

Bert Smith, well known Haskell automobile mechanic who has been working in Houston for the past six months, has returned to this city. He has opened a garage and repair shop just south of the Tonkawa Hotel.

Two bond issues, one for \$17,000 to be used in building a city hall, and the other for \$20,400 refunding bonds, were authorized by voters in the city election held Tuesday.

E. Segal, proprietor of the Haskell Bargain Store, has returned from Chicago where he attended the nation convention of Elks as a delegate from the Haskell lodge. He is Exalted Ruler of the local lodge.

Miss Marjorie Whiteaker returned to Stamford Saturday where she has accepted a position in the publicity department of West Tex Chamber of Commerce.

Mr. and Mrs. Chas. McGregor, Jr., who have been living in Des Moines, Iowa, have returned to Haskell to make their home.

Sheriff J. C. Turnbow left Saturday afternoon for Tennessee after being advised his brother was seriously ill. The officer was to drive through in his Dodge car.

The Wichita Valley is extending its switching tracks in Weinert this week. A large crew of workmen is engaged on the project.

Dr. J. Frank Cadenhead and family of Weinert have returned

from a week's visit with relatives and friends in Ellis County.

W. P. Caudle of Sagerton was in town Tuesday and reported A. F. Smith ad Emmett Caudle of that place sick with slow fever.

Martin Arend was in town Monday on business. He purchased the Whitaker Ranch northeast of town a few months ago and is well pleased with this country.

Alex. Henry and Theodore Jones of the northeast part of the county were in town Saturday. Theodore Jones said some of the oats in his section would thresh out 50 bushels per acre and that all crops are fine.

W. T. McDaniel completed placing his gin machinery this week and the plant is ready to go. It is as modern a gin as you will find anywhere.

Messrs. Hunt & Grissom have moved their stock of merchandise into the new McConnell Building on the north side.

John I. Lloyd of Taylor is in Haskell looking over some property offered him by O. E. Patterson, with a view of purchasing the real estate and moving here.

Mrs. L. D. Morgan of Emma, Texas, is visiting her parents, Mr. and Mrs. J. S. Boone.

M. S. Pierson and family arrived home Wednesday from San Antonio where they spent about six weeks.

J. Evers from Cooper, Texas, has rented the store vacated by C. M. Hunt & Co., and will put in a stock of saddles and harness.

why "do it yourself" when electricity's so cheap?

Electric saws and drills and other power tools can save you hours of work on a single project. And dozens of other electric servants—like washers, dryers and dishwashers—save work and worry for other members of your family.

Go upstairs, go downstairs, go all around your house and look at the ways electricity is working for you. Then think of the low price: just a few cents a day.

What else in your family budget does so much, costs so little?

West Texas Utilities Company

NOW HUMBLE RESEARCH presents to the motorists of Texas the world's finest automotive gasoline... Golden Esso Extra

This new gasoline is designed for the growing number of automobile engines with very high compression ratios, and for cars that tend to knock on "premium" gasolines. In many cars, it is the only gasoline that will give you knock-free performance.

It has the highest octane rating of any automotive gasoline in town—the highest by far.

But octane rating is only one performance quality. Other improvements match Golden Esso Extra's increase in octane rating: this new gasoline also sets new quality standards for quick starting and fast warm-up, for protection against vapor-lock, for minimizing engine deposits, for maximum acceleration, for protection against gum formation, for long mileage and maximum power.

It is the finest gasoline Humble has ever made—its performance rates it "premium over premium."

If yours is a car with a very high compression ratio—if your high compression engine tends to knock on "premium" gasoline—fill up with Golden Esso Extra at the golden pump under the Humble sign. You'll save the extra cost through performance, operating economy, and added gasoline mileage.

Golden Esso Extra is One of Three Great Humble Gasolines

Golden Esso Extra is for cars with very high compression ratios. But there are hundreds of thousands of automobiles in Texas that give perfect performance on Humble's famous Esso Extra gasoline, and there are others that perform well on regular grade Humble Motor Fuel.

Humble provides all three grades: Golden Esso Extra—premium over premium; Famous Esso Extra—premium; Humble Motor Fuel—regular.

Thus you pay only for the quality your car requires.

Those whose cars require Golden Esso Extra quality will find it profitable to pay more for this new gasoline.

For others, Humble Motor Fuel sets the performance standard among the "premium" is the only regular grade in Texas that contains the patented solvent oil to your engine clean.

Use and pay only for the gasoline your car requires... You'll find it under the Humble sign.

to take raise in phone rates so
that rural lines could be put in.
I hope it means more business
from Paint Creek people for the
Haskell merchants. However, we
won't have enough money till it
rains to give much business to
anybody. But we all have to eat,
and wear clothes to school and
Haskell sells that.
We can't have a phone directory

Oregon. Over 300 teachers at-
tended the conference, which is
sponsored annually by the De-
partment of Classroom Teachers
of the National Education Asso-
ciation.
The theme of the conference,
"Public Education—Our Demo-
cratic Heritage," was developed
through the general sessions fea-
turing top speakers of the college
and community, and through dis-
cussion groups and clinics on
professional organization interests
and instructional subjects.
Speakers included Martha Shull
of Portland, newly elected presi-
dent of the National Education
Association, who used as her sub-
ject "Cause for Celebration." Other
addresses covered "History
of the Northwest," "Promoting

Emotional Growth in the Class-
room," "Science, the Key Class-
room Tool," and "Providing for
the Truly Under-Educated—The
Gifted Child—in the Normal Class-
room."
Conferees were given an oppor-
tunity to elect subjects in two
areas for special study. The Per-
sonal Development series includ-
ed ceramics, travel French and
Spanish, letter and report-writing,
developmental reading, and na-
tural history of the Northwest.
The Professional Development se-
ries included improvement of in-
struction and professional lead-
ership. Adding to the program
from both the cultural and en-
tertainment standpoint were the
evening meetings which included
a presentation of "Rio Rita" at
the Holladay Bowl and the per-
formance of "The Four Poster"
by the Magic Ring theater group,
an all-day trip to Bonneville
Dam, the fish hatcheries, and
Mount Hood, and a tour of the
B. P. John Furniture Company.
The conference was directed by
Elizabeth Yank of California,
president of the NEA department
of Classroom Teachers, Hilda

MRS. GENE OVERTON

The Bicycle Tour Scouts came
through the community last Tues-
day and Wednesday and it was
fun entertaining them here at
noon. We surely appreciated Mrs.
Fred Shaw, Mrs. Roy Overton,
Mrs. Allen Isbell and Mrs. Ray
Overton who came and helped
serve the lunch, and everybody
in the community who helped en-
tertain our Scout guests in any
way. Veda was especially co-
operative and kept their breakfast
meat and milk on ice at her
house and didn't charge the Tour
anything, or the parents who vis-
ited their sons at the lake that
night.
Boys were in the tour from Cole-
man, Winters, Sweetwater, Abi-
lene, Stamford and Paint Creek.
All the little boys enjoyed the
lake, and couldn't get over our
calling this country Paint Creek,
when they expected Paint Creek
to be a town or a creek.
Mr. and Mrs. Fred Shaw are
announcing the marriage of their
daughter Christene to Sol Owens
of New Orleans on Sunday July
8. Mr. and Mrs. Owens will live
in New Orleans where he is gen-
eral manager of the Chevrolet
Co. there, and has rental prop-
erty. Christene has been office
nurse and assistant to a doctor
in New Orleans for several years.
Mr. and Mrs. Harvey Terrell
have had quite an eventful sum-
mer this year with all their col-
lege graduates and new grand-
babies. Their son Edwin Lee
Terrell received his B. D. de-
gree at Southwestern Baptist The-
ological Seminary in Fort Worth
July 13. He is working in Ft. Worth
now, but hopes to have a full
time church soon. Their
son-in-law E. A. Howard Jr.,
completed his work for his Mas-
ter of Education degree at Texas
Tech and will receive his degree
Aug. 24. He teaches at Texitine,
and taught Vocational Agriculture
at Paint Creek for several years.
Their daughter and her husband,
Mr. and Mrs. Lester Self of Abi-
lene had a baby in July, and
their son Jerry Terrell and his
wife of Colorado had a baby
daughter in July. Busy summer
for the Terrells.
Gene Bounds is home from Lub-
bock and is going to work on an
oil rig. He is also sporting a
brand new Healy Mercury.
Fred Selby recently helped di-
rect the song service at the
Church of Christ revival at Old
Glory.
Recent guests in the home of
Veda Selby were her sister Mrs.
C. I. Pressler and sons, David,
John and Paul, of Galveston; her
father Oscar Adams of Ehrenham,
and her son David, who is work-
ing on a tug boat out of Houston.
Mr. Adams is staying for a visit
of several weeks.
Manuel Thane, substitute mail
carrier for Route 1, Avoca de-
livered the mail last week with
the regular carrier, Glenn Ren-
nels was attending the Rural
Letter Carriers state convention
at Galveston.
Last year's pupils and pupils
who will be in her room this com-
ing school year received cards
this week from Mrs. Irene Bal-
lard from Germany. She is tour-
ing Europe this summer with Mrs.
Iva Palmer and from her cards
they are having a wonderful time.
We will hear all about it and see
her films this fall.
Frank Elmore suffered a stroke
last Wednesday and has been
quite ill in the Haskell Hospital
since. All his children have been
here with their families. They
are Chester Elmore from Ozona, J. W.
from East Texas, Tick from Rule
and Otis of Haskell. Tick also
has been hospitalized for several
days with a pinched nerve. The
report was that Mr. Elmore was
some better Monday.
Guests in the Durward Liven-
good home recently were Mr. and
Mrs. Jack Jones and family of
Abilene. Mrs. Durward Livengood
believes the bad luck adage con-
cerning Friday 13th. She ran out
of gas on her way home from
town. Luckily, Harold Spain came
along and took her home, and
Durward went back for the car.
Honoring Mrs. Billy Hughes, a
recent bride, Mr. and Mrs. Jewell
McLennan entertained last Sat-

RETURNS FROM DALLAS

Mrs. Bob Herren spent several days in Dallas last week to be with her sister, Mrs. Paul Comolli of Sweetwater who was taking treatment by specialists in Baylor Hospital. Mrs. Comolli and son Bobby, accompanied by Mrs. Herren, returned to Haskell Friday. They were joined here by Mr. Comolli and the couple's other two children, Kent and Carolyn. Mr. and Mrs. Comolli and Kent and Carolyn returned to Sweetwater Saturday, while Bobby remained for a visit with his uncle and aunt, Mr. and Mrs. Herren and with his grandparents, Mr. and Mrs. Jesse Collier in this city.

Sagerton News

By MRS. DELBERT LEFEVRE

Five Sagerton 4-H Club girls modeled their skirts which they made this summer, at the dress revue in Haskell Thursday of last week, and they brought home five blue ribbons. The skirts were judged on construction, fit, and suitability for the girl and the occasion, and they were also judged on the records of their clothing work they had kept. All scoring above 115 points were given blue ribbons.

The five girls were Sherry Counts, Joy Nierdieck, Jana Ulmer, Linda Stremmel and Linda LeFevre. They were accompanied by the sponsor, Mrs. D. W. Counts and Mmes. Herbert Nierdieck, Herbert Stremmel, Will Stegemoller and C. C. Bredthauer.

Mr. and Mrs. Bill Eskew of Dallas visited with Mr. and Mrs. A. C. Knipping last weekend.

Miss Dorothy Bredthauer and Mrs. Herbert Rinn of Old Glory accompanied Pastor Wendel to Roscoe Friday of last week where they attended a Sunday School Teachers Training Institute.

Rev. Vernon Mayfield of Hamlin is conducting a revival meeting at the Sagerton Methodist Church each night this week at 8 p. m. through Sunday morning, Aug. 5. Everyone is invited to attend.

Mr. and Mrs. Carl Opitz and sons of Abilene visited Mr. and Mrs. Otto Lehmann Sunday.

Mr. and Mrs. M. Y. Benton took their two granddaughters, Carolyn and Sharon Cook, home to Big Spring last week after the girls had spent two weeks here with them. Their parents are Mr. and Mrs. Eldon Cook.

Mrs. Gus Stegemoller and her son Gus, and daughter Hilda, of Washington, Texas visited in the home of Mr. and Mrs. August Balzer Tuesday and Wednesday of last week. They came for the funeral services for Mrs. F. W. Stegemoller Tuesday, July 24.

Other relatives here for the funeral were Mr. and Mrs. W. P. Neinst of Lubbock, Mr. and Mrs. J. W. Wells and daughter of Spade, Mr. and Mrs. Aubrey Neinst and daughter, Mr. and Mrs. Lonnie Neinst and Victor Neinst of Littlefield, Wm. Neinst of Spring Lake, Mr. and Mrs. Roland Stegemoller and Mrs. Olga Stegemoller of Slaton, Mr. and Mrs. Bennie Ernst and family of Tahoka, Mr. and Mrs. Marvin Stegemoller and daughter of Childress, Mr. and Mrs. Kenneth Stegemoller of Lubbock, Mr. and Mrs. Louis Stegemoller of Pottsville, Mrs. Glen Tomlinson of Indian Gap, Mrs. Adolph Reinert of Pottsville, Mr. and Mrs. Henry Tieman of Mullin, Mr. and Mrs. George Wagner of Friddy, Mr. and Mrs. Charles Stegemoller of Washington, Clarence Stegemoller and Will Stolz of Washington, Mrs. Osthus, a family friend of Spade, was also present.

A group of friends surprised Mr. and Mrs. A. C. Knipping on their 29th wedding anniversary Friday night, July 28. Each fam-

Mrs. Artie Mae Burkett Will Direct General Session of Educators Meet

Mrs. Artie Mae Burkett, supervisor in the Haskell Public Schools and second vice president of the Texas Association for the Improvement of Reading, is attending the fourth annual Reading Conference at West Texas State College, Canyon. The conference began Monday and will end today.

Among the outstanding speakers and consultants appearing on the program were Dr. Paul McKee, Colorado State College of Education; Bill Martin, Jr., author and storyteller; Mrs. Evelyn Thompson, University of Houston; Dr. Arno Jewett, specialist for language Art, U. S. Office of Education.

Mrs. Burkett will be in charge of the General Session as chairman, on Wednesday, August 8, at the Tenth Annual Conference of the Texas Association for the Im-

provement of Reading, meeting at Sul Ross State College at Alpine, Texas, Aug. 8-9.

The theme of this year's conference is "The Reading Child." Among the outstanding speakers and consultants appearing on the program are Dr. Anna Cordis of Rutgers University; Dr. Robert L. Sutherland, Director of the Hogg Foundation for Mental Hygiene, of the University of Texas; and Bill Martin, "The Winston Storyteller," well-known as a lecturer, and radio and television entertainer of both children and adults.

Consultation and discussion will be a feature of the special Section meetings, where attention will be given the problems of particular interest and significance in each group.

Navy Recruit Here On Leave; Will Study Electronics

Don Allred, son of Mr. and Mrs. Ark Allred, 300 N. 14th st., Haskell, is visiting his parents while on leave from the U. S. Navy. He has just completed basic training at San Diego, Calif.

Allred will leave July 31 for Norman, Okla. where he will attend aviation electronics school during a 10 month period. He will be in Norman for 5 weeks with the balance of the time spent in Memphis, Tenn.

The Haskell man is undergoing training offered to high school graduates through the new High School Program sponsored by the U. S. Navy Recruiting Service.

Airman training is of a highly technical and specialized nature. Upon entering the Navy all applicants are sent to a recruit training center with the option of going to San Diego, Calif., or to Great Lakes, Ill., for nine weeks of indoctrination and basic training, guidance and classification. Upon completion of this phase of training, Airman training is then administered through service schools located at Norman, Okla., Memphis, Tenn., Pensacola, Fla., and Corpus Christi, Texas.

Haskell and Knox Pioneers to Meet In Lubbock

The annual reunion of Haskell and Knox County Pioneers will be held in McKenzie State Park at Lubbock Sunday, Aug. 12, it was announced today by A. G. Jungman of Pep, Texas, chairman of the old timers organization.

A basket lunch will be spread at noon on large tables provided for the occasion. Entertainment will include music by old time fiddlers and guitar players.

Soil Bank Pay Total Figured At \$165 Million

The Agriculture Department reported at Washington that farmers had agreed through July 29 to retire enough land to collect 165 million dollars in payments under the new soil bank program.

Of this amount, \$11,275,000 will go to corn producers, cotton growers will get \$31,005,000, cotton growers \$16,899,000, tobacco farmers \$4,617,000, rice producers \$739,383 and peanut farmers \$863,623.

Participation this year will run far below the maximum authorized by law because the program was not enacted by Congress until after most spring crops had been planted. Payments are expected to be made in the late summer and fall.

The department said that 268,296 agreements signed through July 29 covered the retirement of 8,001,669 acres from production. Officials had set a 1956 goal of between 8 and 15 million acres.

J. A. Bynums Attend Furniture Market In San Antonio

Mr. and Mrs. J. A. Bynum returned Sunday from the week-long Southwestern Furniture Market in San Antonio, and visit to Lamesa.

Mr. Bynum stated that he had purchased stock in anticipation of the opening of the new store formerly occupied by Hattox Hardware and now undergoing renovation. Bynum said he hopes to be in the new quarters by September 15.

VISITORS IN JIMMY VOYLES HOME

Visitors in the home of Mr. and Mrs. Jimmy Voyles last week were their daughters and families, Mr. and Mrs. K. R. Easterling from San Francisco, Calif., and Mrs. George Scheets, Brenda Kay, Doris Faye and Sue from Fort Worth.

VISITOR SUNDAY

B. T. Gordon of Brownfield was in Haskell a short time Sunday, returning home from Seymour where he had been on business. Former Haskell Chief of Police, Gordon is now a deputy sheriff of Terry County in addition to operating his farm near Brownfield.

Haskell People Return from Vacation Trip to Western States and Canada

Mr. and Mrs. C. G. Burson, Sr., Nancy Brite and Shirley Norman have returned home from a vacation trip to several Western states and Canada.

First point of interest visited by the party was Fort Jordan, N. M., where they visited the zoo and saw buffalo, elk, porcupine and other animals native to that area. They also visited a museum where early day buggies, cars and furniture were on display, some of the articles being one hundred years old.

Next stop was at the Royal Gorge, one of the most beautiful sights on the trip. They crossed the world's highest bridge at this point, and were told that the cable holding the bridge if stretched out would reach from there to New York City. They enjoyed the thrill of riding the world's steepest railroad cable car to the bottom of the gorge where it crossed the Arkansas River.

Next they visited the Pike's Peak area. They spent one night at a dude ranch surrounded by snow-capped mountains and crossed by streams of clear, sparkling water, an impressive sight for West Texans. The two younger tourists, Nancy and Shirley went horseback riding and saw much of the beautiful scenery on the ranch.

Their next stop was in Yellowstone National Park. It had been snowing before their arrival, and the Texans had the unusual and enjoyable experience of playing in the snow in mid-summer. They visited many of the waterfalls and colored geysers for which the park is famous. In driving through the park, tourists find that none of the wild animals are afraid and are so tame that bears can be petted. The party visited both the Upper and Lower Falls in the park.

Leaving Yellowstone Park, the party traveled to Canada. En route they went through a part of Glacier National Park with its beautiful scenery.

In Canada they found the weather almost freezing cold, but trees and grass were green and velvety. One thing noticed by the junior tourists was that the schools in Canada are open in the summer because in winter the weather is too severe for the children to attend school.

In Canada the party visited several cities and provinces including Blairmore, Alberta and British Columbia. Leaving Canada the Haskell group traveled through Oregon and Washington and into California.

There they visited Mr. Burson's daughter and family, Mr. and Mrs. Clovis Norton. The grandchildren, Darlene, Paulette and Dorcas were really excited over the visitors from Texas. The Haskell people also visited Mr. Burson's granddaughter and family, Mr. and Mrs. Spencer Billington and Mike and Gwen.

A highlight of the trip to California for Nancy and Shirley was a visit to Disneyland, where they saw Tomorrow Land, Frontier

Miss Madalin Hunt Returns from Portland, Ore.

Miss Madalin Hunt of Haskell has returned from attending an annual workshop of the National Classroom Teachers Association at Lewis and Clark College in Portland, Oregon.

The teachers spent two weeks on the college campus participating in an enrichment program combining professional development and recreation. The daily schedule included talks by Northwest educators and industrialists, field trips and seminars.

Highlighting the recreation program was an all day trip up the named Columbia River to Mt. Hood for dinner at Timberline Lodge.

Mr. and Mrs. George Wyatt and children of Wichita Falls were recent visitors in the home of her mother, Mrs. Ione Menefee, of Haskell. Last week, Mrs. Menefee spent a few days vacationing in Pecos and Albuquerque, N. M. with her daughter and family, Mr. and Mrs. Joe McDonald and Jo Beth of Wichita Falls.

mark of progress

A mark of progress for Haskell... that's the General Telephone Company of the Southwest rural telephone expansion and improvement program now completed. 140 rural homes - before without telephones - can now enjoy the convenience, the peace of mind brought about by modern telephone service. The Haskell rural telephone program cost \$90,000 and involved extending many new poles and miles of wires to the rural areas surrounding the city. This is another milestone in the General Telephone Company of the Southwest program of progress to continue expanding and improving to provide the best possible telephone service.

Helpful Tips to Make Vacation Carefree

Going on vacation? Then don't let an unpleasant experience spoil it. The National Safety Council says you can have a carefree vacation if you will remember these tips:

- Before You Leave
1. Stop milk, newspaper and other deliveries. Ask a neighbor to keep advertising circulars off your porch.
2. Don't lower your window shades. Arrange to have your lawn mowed. Prowlers watch for such tip-offs.
3. Notify postoffice to hold mail, or arrange delivery to a neighbor.
4. Lock windows and doors. Remember basement windows and coal chute.
5. Shut off gas and water at main valves. Shut off electricity at master switch unless refrigerator or food freezer is to be left on.
6. Inform police how long house will be vacant and where you can be reached in emergency.
7. Service car thoroughly with close attention to safety features such as lights, brakes, tires, steering, windshield wipers.
8. Put first aid kit and flashlight in the car. An inexpensive package of fuses may be a lifesaver if you have trouble along the road.

- On the Way
1. Speed kills—take it easy. Start a little earlier and don't try to cover too great a distance in a day.
2. Long drives at constant speed make you drowsy. Vary speed and stop occasionally to stretch your legs.
3. Be sure you understand driving techniques in different localities, such as in the mountains or on superhighways.
4. Don't be impatient to make time. It's unsafe, and it's not restful driving. Watch your passing.
5. Signs and signals are not uniform in all states. Read them carefully when in strange territory.
6. Scenery can be taken in small doses from a moving car, but if you want to drink deeply of nature's beauty, pull off the road and stop.
7. If you leave children alone in the back seat, be sure the doors are locked.

- After You Arrive
1. R-e-l-a-x! Don't try to crowd a year's exercise into two weeks.
2. Take the sun in easy doses. Don't nap in the sun. Wear sunglasses.
3. Stay out of the water for at least an hour after eating, and swim in sight of others. Be sure water is deep enough and free of obstructions before diving. Don't try to swim too far.
4. Distribute the load evenly in boats. Don't stand up. If you fall out and the boat stays on an even keel, climb in over the stern. Most boats won't sink, so stay with it until help comes if it capsizes. Check the weather before going far on a large lake.
5. Don't sample berries, touch unfamiliar plants or drink impure water.
6. Be sure of your footing when climbing.
7. Stay away from high ground and single trees in a lightning storm.

Grocer's Hobby of Collecting Old-Style Coins Leads to Solution of Burglary

By CHARLENE WHITE One man's hobby proved to be another man's poison last week when a 23 year old Negro man broke into Harrell's Grocery, North Ave. E., and departed with the hobby collection of Charlie Harrell, owner of the store. The burglary was particularly upsetting to the hobbyist 'cause he collects money, a special kind of money, mind you. Doubting that the South will rise again, Harrell disdains Confederate fodder for Liberty head coins. The collection, consisting mostly of nickels and quarters, amounted to approximately \$20. In an attempt to recover the loot, Sheriff Bill Pennington asked local merchants to report any old nickels or quarters which might come into the stores. Thursday he learned that a young Negro man had made purchases at a Haskell store with Liberty head quarters. Upon questioning, the Negro admitted taking the money and disclosed the remainder had been hidden. Sheriff Pennington identified the Negro as A. B. Bishop and said he would be held on a burglary complaint pending Grand Jury investigation.

Size of Poultry Flock Depends on Productive Birds

By F. W. Martin, County Agent How many hens are needed to provide a living income for the producer? The answer to this frequently asked question involves not only hen numbers but more important is the number of eggs required each week to earn the expected living income...

If average earnings were five cents a dozen, this production would return to the producer \$50 each week. Since feed and flock depreciation represent about 90 per cent of the cost of producing eggs, the successful producer should concentrate on these two items of management...

To produce 32,000 dozens of eggs in a year with hens that average 17 dozens of eggs each, about 56 per cent production, the poultryman would need a flock of slightly more than 3,000 laying hens in production the year-round. Since mortality and culling will take out about 20 per cent of the hens during the laying year, the poultryman will have the equivalent of a 12 months production from 90 per cent of the pullets housed...

By upping the rate of lay per hen, the total number required to produce the 1,000 dozens of eggs each week can be cut. It is just good business for the poultryman to carefully estimate his average costs and earnings and then set a reasonable potential profit per dozen.

The egg producer should seek a dependable graded egg market where he can get full pay for producing eggs of top quality. By starting replacement chicks several times each year, the producer can maintain both uniform marketing or egg volume and income from his egg business. Thus making his living income more stable.

Mr. and Mrs. Nathan Millman and children of San Angelo visited with their parents, Mr. and Mrs. Weldon Turnbow of Haskell, Monday of last week.

Compound Being Tested to Reduce Loss of Water from Evaporation

OKLAHOMA CITY—Water savings of as much as 50 per cent may be possible in Southwestern city reservoirs if a new compound being tested here lives up to expectations.

Some of the nation's leading water scientists are watching a chemical film one-millionth of an inch thick over the surface of Kid's Lake here. They hope it will reduce at least half the loss of water through evaporation.

The study was set up by the U. S. Bureau of Reclamation with the cooperation of the U. S. Geological Survey, U. S. Public Health Service Weather Bureau, Oklahoma State Health Department, Oklahoma City officials, and the NTSC limnology group.

"So far as we know," Dr. Silvey said, "nowhere in the world has an investigation like this been made of both the effectiveness of cutting evaporation loss and of the effect of hexadecanol on the plant life in it."

The next 60 days will tell the story. One of the NTSC students will be hired by Oklahoma City to stay on the lake, continuing the intensive tests to measure even the slightest variation in evaporation and the lake make-up. Dr. Silvey will return with a smaller crew at least twice during that period for further checks.

"We are hopeful of getting favorable results," he declared. "But if hexadecanol isn't the answer, something else will be found to do the job. The water evaporation problem has to be licked."

Coach J. C. O'Neal To Attend Six-Man Coaching School J. C. O'Neal, athletic coach at Paint Creek Rural High School will be among the 100 grid mentors expected to attend the eleventh Six-Man Football Coaching School at Schreiner Institute in Kerrville, August 1-3.

Mr. and Mrs. Verdie Oates were in Odessa the first of the week where they visited in the home of their son and family, Mr. and Mrs. Wayburn Oates and infant son, Sammy Lynn, born Monday.

Water Shortages Develop in Parts Of State as Drought Continues

Drought conditions during the month continued to grow worse as alarming water shortages developed throughout the state, the Board of Water Engineers said in its June report released July 10. The famous Comal Springs at New Braunfels have ceased to flow for the first time of record. In marked contrast to a long-time average discharge of 300 cfs, these springs which head Comal River diminished rapidly in early June to no flow as a result of the drought and withdrawals from the common reservoir.

A record low for the San Antonio River of 1.7 cfs was measured on June 14. The previous minimum at Goliad was 35 cfs in 1954. Average flow of the Guadalupe River above Comal River at New Braunfels reached a record low of 0.69 cfs where as the previous low monthly flow was 3.79 cfs in September 1954. A record low daily flow of 0.2 cfs occurred June 14-16 as compared to the previous low daily flow of 2.2 cfs in September 1954.

Canadian River discharge was about 14 percent of the 20 year average, and flow of the Red River (near Terra, Okla. gauge) was about 26 per cent of the 15 year average. Sabine and Neches River flows were low with releases from Dam "B" sustaining the below-normal flow of the Neches River at Evadale.

The Trinity River flow at Romayor was very low for June, receding to 336 cfs at the end of the month, and the flow of the San Jacinto River into Lake Houston did not equal pumping demands. There was flow in the Brazos River near South Bend the entire month, but the Brazos below Julliff was dry due to pumpage and was unable to supply demand.

Releases from upper reservoirs maintained sufficient flow in the Colorado River below Austin to satisfy requirements. The Neches River and the Rio Grande failed to yield sufficient flow to meet demand and maintain safe levels downstream reservoirs. Reservoir Storage Storage continued to decrease in the Fort Worth and Dallas reservoirs. The City of Dallas supplemented storage in Lake Dallas by diversion from the Red River. Storage in the San Angelo reservoir was below the conservation pool. On June 24 the Texas share of storage in Falcon Reservoir was around 50,000 acre feet. Total conservation storage for the state decreased about 5% during June.

Rainfall during June was less than that of the previous month, and regardless of some heavy local showers, no general area of the state could claim normal precipitation. The areal average for the state was less than half of normal. Precipitation According to the U. S. Agricultural Marketing Service, cooperating with the Texas Agricultural Extension Service, based on data collected by the U. S. Weather Bureau for about 120 selected rainfall gaging stations, the statewide precipitation average was 1.37 inches, or 46% of normal. Although some rain was reported in all areas of the state, there was a considerable variation in amounts and in the resulting areal averages. Sparse showers in Central Texas yielded an areal average of 0.43 inches, or 17% of normal, while in northeast Texas the average was 3.19 inches. However, it should be noted that this latter amount, which is 94% of normal, was the result of heavy rainfall in two isolated areas, namely near Texarkana and Palestine. Consequently, the high areal average suggests a more favorable condition over northeast Texas than actually existed.

The southern tip of Texas approached the top end of rainfall range with an areal average of 2.74 inches—82% normal. One of the state's richest producers of beneficial streamflow—the Guadalupe River basin—has been reduced to a small percentage of the long-time average flow by the depletion of Comal Springs and San Marcos Springs and the drying up of major tributaries. Flow of the Guadalupe River at Victoria receded to less than 50 cfs at month's end. A

A. C. Pierson Is Senior Ranking Director General Telephone Co.

A. C. Pierson, the General Telephone Company of the Southwest senior ranking director in whose honor the company's board will be meeting here Aug. 6, has practically grown up with interests in the telephone business in Haskell.

His father, M. S. Pierson, was a director of the Haskell Telephone Company in 1908, only three years after the Company began, and served until his death in 1909. A. C. Pierson became a board member of the Haskell Telephone Company in 1924.

The first minutes of a Haskell Telephone Company board meeting dates back to March 2, 1905, when the directors of the company included F. M. Morton, J. F. Posey, S. M. Scott, and G. R. Couch. Morton was president of the concern.

In 1908, when the senior Pierson's name first appears as a board member, Posey's name was no longer mentioned as a director but E. B. Combs, A. J. Combs, Jr., and A. J. Combs, Sr., had also been added to the board.

Morton was president until 1924 when he died and Scott was elected to the position. He served until 1930 when General acquired controlling interest in the company.

A. C. Pierson is a native of Haskell, where he attended public schools. He later went to Hardin-Simmons University. After college he ranched in Stonewall for four years.

Pierson's banking career began in 1920 when he became a book-keeper with the Haskell National Bank. He was elected cashier in 1924, vice president in 1946, and president in 1947.

Pierson served eight years on the Haskell City Council and was president of the Haskell Chamber of Commerce for two terms. He is presently a director of the Haskell Chamber. He has served two terms of the Haskell Lions Club and is a member of the Masonic Lodge, Central West Texas Oil and Gas Association, and the West Texas Chamber of Commerce.

Football and baseball are two big interests of Pierson's. He keeps up with big league baseball and sees several Southwest Conference football games each season. He likes to hunt and fish. Pierson has seen the number of telephones increase considerably in Haskell. In 1930, there were only 467 telephones in Haskell. This number decreased to 370 in 1940, then increased to 187 in 1945. Then the increase

J. M. Murray of Hobbs, N. M. Is Director

Representing New Mexico on the Board of Directors of General Telephone Company of the Southwest is J. M. (Jim) Murray of Hobbs who is president of the Hobbs Houses, Inc. He is the first director from New Mexico to serve on the board.

A native of Cleveland, Oklahoma, Murray attended the University of Oklahoma and University of Texas. He is a former chairman of the Board of Directors of the New Mexico Electric Service Company, former president of the Lea County State Bank in Hobbs and president of Me-TeX Supply Company in Hobbs.

A. C. PIERSON

began. By 1950, the number of telephones had more than doubled in only five years and totaled 1,262. Today there are 1,262 telephones in Haskell.

Telephone Company President

WALTER G. WRIGHT

Walter G. Wright, president of General Telephone Company of the Southwest, Texas Telephone Company and the Oklahoma Telephone Company, is one of the directors of General Telephone to be in Haskell, August 6.

He became associated with the New York Telephone Company soon after his graduation from Rutgers University. In 1929, Wright joined the International Telephone and Telegraph Corporation where his assignment took him to England, Rumania and Spain, in Europe and Buenos Aires, Argentina and Rio de Janeiro, Brazil. In 1931, Mr. Wright became operating vice president of General Telephone and president in 1933.

DON HUNSAKER

Don Hunsaker, vice president of General Telephone Company has been a director since March, 1934.

Hunsaker entered the telephone business in 1909 doing construction work for the Chicago Telephone Company. He was transferred to Southwestern Bell Telephone Company in 1928 as Exchange Sales Supervisor. After 26 years with Bell, he was elected president and general manager of the San Angelo Telephone Company, Del Rio and Winter Garden Telephone Company and United Telephone Company. He remained in that capacity until the San Angelo company was acquired by General Telephone in 1933. After the purchase, he was elected to his present position.

W. T. BUSCH

In his 14th year as director of General Telephone Company of the Southwest is W. T. Busch, president of the First National Bank in Baytown.

A native of Cedar Bayou, Busch received his business college training at Massey Business College, Houston. During World War I, he served as a chief machinist mate in the U. S. Naval Aeronautics. After the war he was associated with the Bankers Trust Company of Houston and in 1926, was named executive vice president of the Security State Bank at Goose Creek. In 1942, he was elected president of the bank.

Busch is also chairman of the board of trustees for the Cedar Bayou Methodist Church, a 32nd degree Mason, past president of the Lions Club and past president of the Chamber of Commerce.

HERBERT J. NICHOLS

Herert J. Nichols, General Telephone Company director, is a graduate of Yale University where he studied electrical engineering.

He has been associated with the utility operating field since 1917 when he became president of Southern Minnesota Gas and Electric Company. Since 1942 Nichols has been chairman of the board of Southwestern Public Service Company with headquarters in Dallas. In 1936 he was elected a director of General Telephone Corporation in New York and still serves in that capacity. In March, 1933, he was elected director of General Telephone Company of the Southwest. He is currently a director of the Mercantile National Bank and the Mercantile Security Life Insurance Company in Dallas.

Pvt. Spencer Baize Finishes Medical Basic Training

Pvt. Spencer Baize has recently completed eight weeks medical basic training at Fort Sam Houston, San Antonio, and has been reassigned there for an indefinite time.

Pvt. Baize is now working in a dispensary but will be assigned to Animal Research when a new laboratory is completed in the fall.

His wife, the former Bobby Merchant of this city and their son Russ live at 135 Forbush Drive, Sam Houston Village No. 1, San Antonio.

Pvt. Baize entered the service Feb. 8, 1934 and was in Fort Chaffee, Ark., for basic training. He is the son of Mr. and Mrs. Sam Baize of Stamford.

HERE FROM PLAINVIEW

Mr. and Mrs. Thurman Lusk and children of Plainview spent the weekend here with relatives and friends. They were accompanied home by Mrs. L. N. Lusk who will visit in their home several days.

NEELY LANDRUM

General Telephone's Director Neely Landrum of Dallas has had a diversified career that has included being an athletic coach, oil operator, insurance man, hotel man, builder and banker.

Landrum is now president of First Federal Savings and Loan Association in Dallas and president of Mercantile Security Life Insurance Company, Dallas. In that where his assignments took interest, Landrum organized the Dallas County Association for the Blind which sponsors the Light-house for the Blind.

RAY H. WILLOUGHBY

Ray H. Willoughby of San Angelo (well-known West Texas rancher) has been a member of the Board of Directors of General Telephone Company of the Southwest since 1934.

Willoughby operates approximately a quarter of a million acres of ranch land in six West Texas counties and has become known as one of the largest sheep, cattle, and wool producers in the nation. He is vice president of the National Finance Credit Corporation, Fort Worth; first vice president of the Texas Livestock Marketing Association, Fort Worth, San Antonio, and Kansas City and serves as vice president and director of the First National Bank of San Angelo. He is also a director of the National Livestock Producers' Association of Chicago; the Kansas, Missouri and Orient Railroad and the Southland Insurance Company.

E. H. DANNER

The newest member of the board of directors of General Telephone Company is E. H. Danner, operating vice president of General Telephone Company of the Southwest, Texas Telephone Company and the Oklahoma Telephone Company.

Danner literally worked up from the ranks, beginning as a groundman soon after his graduation from Illinois College in Jacksonville, Ill. He was also lineman, cable splicer's helper, switchboardman, combinationman and the assistant to the plant superintendent. He became manager of Durham Telephone Company until 1940 when transferred to Telephone Services, Inc., Fort Wayne, Ind., as vice president. Now a director of General Telephone and formerly secretary and president of the North Carolina Telephone Association, he is also active in civic affairs in Sherman where he resides.

Approximately 1,000 men are expected from the seven associations in twelve counties which make up District 17. The counties are Haskell, Knox, Stonewall, Jones, Fisher, Nolan, Taylor, Shackelford, Kent, Eastland, Stephens and Callahan.

Clifford Leddy of Abilene, president of Brotherhood of District 17, will preside for Tuesday night. Judge B. A. Cumbie will preside in the afternoon.

The meeting opens at 3 p. m. and will conclude at the night service.

Fred C. Hughes of Boerne, state Brotherhood president, will speak on "Organized Manpower" at 7:15 p. m.

In the afternoon Rev. Byron Bryant of Stamford, Encampment president will review the history of Luaders Baptist Encampment; Rev. L. L. Trott, district secretary, will talk on Man and Royal Ambassadors, which is the boys' organization; Rev. C. A. Powell of Crowell on "Men and Their Pastors."

Bryan Bradbury of Abilene will talk on "World Conditions and Christianity," giving his views on European countries based on his visit to Europe last year.

A fish fry will be held between 5:30 and 7 p. m. at the cafeteria with meals at \$1 per plate.

Governor Gary is a noted speaker and was on the state brotherhood program last year.

THANKS VOTERS OF PRECINCT 3

I wish to express my sincere appreciation to the voters of Precinct No. 1 for the substantial vote given me for a second term as Constable. It is less to say that I need and will appreciate continued support in the Second Primary.

To those of you who voted for me in the First Primary, I respectfully request your consideration and vote on August 25.

BOB MARLOW

TO THE PEOPLE PRECINCT 3 AND HASKELL COUNTY

I want to express my most sincere appreciation to all of you for your business, courtesy, and interest during my campaign for Commissioner. Though I did not receive enough votes to win in the second primary, I will ever be grateful to all of you.

Sincerely yours,
ESTLE GILLELAND

Thanks TO THE VOTERS OF PRECINCT 3

I want to express my sincere appreciation for the fine support I received in Saturday's Primary and for the encouragement you have given me since the election.

I want to solicit your continued support and influence for the second primary. To those of you whose candidate did not get in the run-off, I want to solicit your vote and influence.

If I am successful in becoming your Commissioner, you may be sure that I will put forth every effort to give you an administration that you will appreciate. I will be diligent at all times in taking care of county finances and will distribute my time, effort and precinct money to the greatest benefit of all the precinct.

Again may I say 'thank you' and say your vote will be sincerely appreciated.

LOUIE L. KUENSTLER Candidate For COMMISSIONER PRECINCT 3

THANKS TO THE VOTERS OF THE 39th JUDICIAL DISTRICT

For the fine support given me in Saturday's Primary and especially to Haskell County for the lead given me over my opponent.

BILL RATLIFF

To the People of Haskell County

I sincerely appreciate the wonderful vote given in nominating me for full elective term as your Tax Assessor and Collector. It is my desire to thank all of you who loyally supported me and to assure you of my genuine appreciation of your friendship and the confidence expressed by your vote.

It will be my earnest endeavor to conduct the business of the office have entrusted to me in an efficient and courteous manner at all times.

Farm Bureau Head Opposes Change In Wage, Hour Law

Expansion of the Wage and Hour Law would greatly cripple the farmer's economy in this county according to S. M. Royal, president of Haskell County Farm Bureau.

Farm wages have increased 5.38 times since 1910-1914, whereas farm prices have increased only 2.32 times since then.

Some of the legislation now pending would include \$1.25 to \$1.50 minimum wage, including farm hands, provide for overtime payments for work in excess of eight hours in any day; provide for time and a half for over 35 hours per week; maintain records of name, address, time work starts and stops each day for each employee and other records.

Because many farm workers have a handicap of: Youth-age experience, or lack of education; extending wage and hour regulation to the farms would greatly price the general farm labor out of the market.

This means an increase in the costs of farm labor as well as everything the farmer has to buy to grow his crops.

On Smith-Doxey, 33 said they bought some cotton on S-D classification and in 1934 about 38 per cent of their total purchases were made on the basis of "green cards."

Publications Now Available from Agricultural Information Office

College Station - Two recent Texas Agricultural Experiment Station publications, B-830, Cotton Production on the Texas High Plains and B-832, Smith-Doxey Classification, Fiber Testing and Problems of the Cotton Trade, are now available from the Agricultural Information Office, College Station, Texas.

Such items as seedbed preparation, planting, cultivation, irrigation, fertilization, insects, diseases, varieties, detoliation, harvesting and field storage of cotton are discussed.

partially so; 20 said it was not satisfactory and practically all made some criticism of the S-D classification.

Some use of fiber testing was noted by 33 firms. Approximately half of the 4.8 million bales handled by the 64 firms was sold on the basis of Micronaire tests, but only 27 per cent was purchased on this basis.

The first named was prepared by the staff of the Lubbock sub-station headed by Supt. D. L. Jones and Dr. H. C. Lane of the Department of Plant Physiology and Pathology.

Such items as seedbed preparation, planting, cultivation, irrigation, fertilization, insects, diseases, varieties, detoliation, harvesting and field storage of cotton are discussed.
