Westex Cotton Producers Advised to Seek Revision of Allotment Formula

Funeral Rites for W. L. Hise, 64, Held Here Sunday

Funeral services for Walter Lee Hise, 64 prominent farmer and businessman, were held at the First Baptist Church here Sunday at 3 p. m.

Cotton producers of West Texas will have their cotton acreage allotment reduced by 242,054 acres if the proposed program of the State Agricultural Stabilization and Conservation Committee for 1956 is followed, a group of 80 farmers and businessmen from nine area counties was told here Wednesday afternoon.

The State ASC committee demanding that the allotment formula be changed, they were advised. Under marketing quotas for 1956, Texas cotton acreage is to be reduced approximately four per cent below the 1955 allotment.

Walker gave figures showing the 1955 acreage allotments for counties in West Texas, along with the 1956 proposed allotments. He declared that West Texas and Southwest Texas would bear the entire reduction burden, and cited figures showing that East Texas counties would gain acreage at the expense of this section.

Final Plans Being Readied for Mattson School Homecoming

Committees in charge of plans for the Mattson School Homecoming to be held Saturday, Oct. 29, met Monday night to work out final details for the coming event.

One of the highlights of the day's program will be the selection of a young woman as Homecoming Queen, with the coronation to take place at halftime during the Homecoming football game Saturday night between Mattson and O'Brien.

The formula which the State Committee proposes to use in making the 1955 allotments is a complete reversal of the policy of previous years," Walker said. He added that unless West Texas farmers and businessmen protest quickly, the formula will be followed. He named an East Texas organization, the Old Cotton Growers Association of Austin, La Grange and Taylor, as one group which is backing the proposed program in order to gain increased cotton acreage for East Texas.

Cows Open Lower. Stockers Steady, At Fort Worth

By TED GOULDY

Fort Worth—Cows opened weak to 50 cents lower to slaughter interest at Fort Worth Monday, but stocker buyers were active on kinds suitable to go back to the country and bought these steady. Mature steers and fat yearlings were steady, and bulls brought firm prices.

Stocker demand was again dominated by strong Southwestern demand, and good and choice sorts were sold at prices that were steady with last week's advances. However, the plainer kinds were inclined to lower levels.

Choice slaughter calves were steady, and the others sold around 50 cents lower. Cornbelt interests were still talking lower prices on all replacement cattle and calves, but the greening pastures in much of the Southwest influenced prices at Fort Worth more than the Northern conditions.

Packers were uniformly pessimistic in view of the heavy cattle offerings of recent days.

Comparative prices included: Good and choice slaughter steers and yearlings \$18-\$22; common to medium \$12-\$17; fat cows \$10-\$12; canners and cutters \$6.50-\$10; bulls \$9.50-\$13, few \$13.50. Good to choice slaughter calves \$12-\$15; culls \$9-\$11. Stocker steer calves \$21.50 down; heifers \$18 down; steer yearlings \$19.75 down; stocker cows \$8-\$13.

Vet Land Requests Due October 31

The Veterans Land Board will begin accepting requests for application forms to purchase land through the veterans land program Oct. 31. Land Commissioner Earl Rudder announced details for renewal of the opportunity for Texas veterans to participate in the program which was rocked by revelations of scandal nearly a year ago. Rudder, appointed commissioner after the resignation of Bascom Giles Jan. 1, said funds on hand should allow approximately 1,000 more veterans to participate. Rudder stressed all requests for application forms must be by mail. Requests received before Oct. 31 will not be honored and will be returned. Requests received in the five-day period of the first week beginning Monday, Oct. 31, will be placed in a locked box, then

drawn and numbered. A limited number of veterans will be mailed application forms immediately. The remainder will be notified of their relative position.

ANOTHER GULF FIRST!

New Super-Refined Gas-Oil Team

gives you more miles per gallon...more miles per quart

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

Gulf No-Nox burns clean. Here's proof: Note the black deposit on plate at left, caused by the "dirty-burning tail-end" of gasoline—the part which Gulf refines out in making new NO-NOX. But see how clean new NO-NOX leaves the plate at right. Now—in your own car, see how new NO-NOX can give you more miles per gallon in the kind of short-trip, stop-and-go driving you do most.

Gulfpride Select works clean. Here's why: Most conventional oils are refined only to the stage shown in A. But New Gulfpride Select is further refined by the Alchlor Process—removing up to 15% more of the carbon-formers, in B... C contains the new super-refined oil that gives you more miles per quart because it has natural viscosity (body)—contains no artificial thickeners that break down in service.

Together they give you thousands of extra miles of new-car performance...new-engine economy

Gulf now brings you not just a gasoline... not just an oil... but a great new gasoline and a great new motor oil which, working together, boost each other's efficiency. This new Gas-Oil Team will help your car retain all the horsepower you paid for— help you enjoy thousands of extra miles of new-car performance. Now that fall changeover time is here, switch to Gulf's great new Gas-Oil Team to get more miles per gallon—more miles per quart... plus complete engine protection.

Get the new super-power team

Hogs at Lowest Since Late 1949 At Fort Worth

Good and choice hogs sold steady with the low close of last week at Fort Worth Monday and Tuesday at \$15.25 to \$15.50. This marked the lowest price there since December 1949. Mrs. Cornbelt points Monday reported top hogs around the \$15 marker or under, many of them at 8 and 9-year lows. Less desirable weights and kinds drew \$13.50 to \$15 at Fort Worth. Sows sold at \$10 to \$14. Surplus hogs from Cornbelt points are beginning to arrive in Texas in considerable numbers and these shipments will reach high tide within the next 60 days in all probability.

Last year 1,329 Texas Schools, with 305,328 pupils, participated in the special School Milk program. During the period an increase of 18,235,000 pints of milk was consumed and Federal expenditures were \$718,000.

(Continued from Page 1) allowed before sentencing, and asked that Judge Chapman impose the sentence Friday. A companion robbery indictment against Otis C. Hamilton, 49, also of Sweetwater, charged as a principal and accessory in the robbery, was dismissed on motion of the District Attorney. Hamilton testified that he was a guard while serving in the U. S. Navy and partially lost his hearing. He is now under treatment at the Big Spring Veterans Hospital. He testified Hamilton, although admitting he was in a car with Braswell after the Stamford robbery, testified that he did not know that a robbery had been committed. Questioning of Hamilton also brought out the fact that he was related to the defendant Braswell. Hamilton testified that his sister was the wife of Braswell's father.

ATTEND PRISON RODEO

Attended a performance of the famous Prison Rodeo in Huntsville Sunday were Chas. E. Smith, Roy Lusk, Bob Segoe, J. B. Gagnon, Floyd (Satch) Lusk and Lon Pate. They visited in the home of former Sheriff Bob Cousins and Mrs. Cousins and children. Cousins, who is assistant warden at Central Farm No. 2 accompanied the Haskell group for an interesting tour of a large part of the prison.

MRS. GENE OVERTON

Mrs. Vernay Howard, our luncheon supervisor wanted me to print the lunch menu for last week so that parents might get an idea of the meals being served in our luncheon. She would have given me this week's menu but said sometimes she has to make changes, so here is last week's: from Oct. 10 to 14. Monday: Pinto beans with pork, buttered cabbage, onion rings, corn bread, milk and apricot cobbler. Tuesday: Hamburger steak, creamed gravy, whipped potatoes, lettuce and tomato salad, bread, butter milk, grapefruit sections.

Wednesday: Home grown hens, egg noodles, buttered peas, pepper, tomato, celery-salad, butter, bread, milk, chocolate-marshmallow pudding. Thursday: Steak, cream gravy, boiled potatoes, pickle slices, butter, bread, milk, jelly with fruit and sugar cookies.

Friday: Beef stew, cheese slice, lettuce and tomato salad, bread, butter, jelly, crackers, milk, banana pudding.

These wonderful meals only cost the boys and girls 25c because some of the staples are furnished by the government in the school lunch program. We should all be grateful that our boys and girls are able to have hot lunches and we want Mrs. Howard and her co-workers to know we appreciate the meals they are serving.

Mrs. Irene Ballard spent last week end as guest of Mrs. Iva Palmer in Burnet. Mrs. Palmer, who is a former County Superintendent of Haskell County, is now Co-ordinator in Burnet County. Saturday they attended a Classroom Teachers Conference sponsored by the Texas Classroom Teachers' Association in Austin. Mrs. Ballard said there were some wonderful speakers at the meeting, and they had panel discussions and round-table discussions of teaching problems. Special attention was called to the exceptional or the unusual child.

Mr. and Mrs. Bill Kuenstler of Odessa have been visitors this week in the homes of Mr. and Mrs. J. E. Kuenstler and Mr. and Mrs. Roy Overton.

Little Jeanine Isbell and Melanie Livengood celebrated their 6th birthday together Oct. 14 with a day of play at the home of Mrs. Durward Livengood. Brothers and sisters of the little girls helped them celebrate, too.

The FFA boys and the FHA girls attended the State Fair of Texas Saturday in Dallas. Mack Earles drove the girls' bus, with Mrs. Mack Earles, Mrs. Paul Fischer and Miss Clements as sponsors, and Willie Lee Medford drove the boys' bus.

John (Buz) Hisey and his father, H. Hisey, made a business trip to Hobbs, N. M., and spent three or four days last week.

Miss Mary Helen Bounds and L. Harry Logan of Big Springs were week end visitors in the home of her parents, Mr. and Mrs. Raymond Bounds, Gene and Carolyn last week end.

Mr. and Mrs. John Scheets and children, Mr. and Mrs. Carl Day and Danny Carl were week end visitors at the State Fair in Dallas.

Miss Thelma Wirges and Mrs. Buck Bland met at the home of Mrs. Paul Fischer Tuesday afternoon with a group of women

of the community to make plans to organize a Home Demonstration Club. There were not enough there to complete the organization, so there will be another meeting next week. Mrs. Fischer served a refreshment plate of punch or coffee and cup cakes and punts to Mesdames Bill Griffith, Frank Sims, Alec McClennan, Gene Overton and the guests Mrs. Bland and Miss Wirges.

Guests in the home of the Gene Overtons last Tuesday were Mrs. Matthew Kavanaugh and her daughter Patricia, of Dallas. Mrs. Kavanaugh is Mr. Overton's cousin.

Benjamin beat Paint Creek 46-36 last Thursday in a real good game. Benjamin has a real good team, and a team of big boys. We had five of our good men out of the game, but Benjamin might have beat us with them in.

Paint Creek thought they would be, and it was a real good game. The pep squad had an amusing halftime stunt.

The community extends sympathy to Mrs. Glen Walton and Mrs. Virgil Shaw, whose father, W. L. Hise, died Saturday. The funeral was Sunday afternoon at the First Baptist Church in Haskell, and many Paint Creek people attended.

Mr. and Mrs. J. M. Watts and Mariene Watts were in Fort Worth this past week end to see Dr. Van Zan.

Mrs. J. C. O'Neal's grandmother Pace is seriously ill in Dallas following several heart attacks last week. The O'Neals took Lynn Pace to Dallas last week to be at his mother's bedside. She was not much better Tuesday night when they phoned.

School buses took the high school students to Haskell to the Chamber of Commerce office where they received chest X-rays. The children in the lower grades will receive TB patch tests.

County TSTA Unit To Meet Nov. 7 At Rochester

The November meeting of the Haskell County unit of the Texas State Teachers' Association will be held at Rochester, on Monday, Nov. 7. Supt. Ray V. Stark of O'Brien, president of the organization, has announced.

A meeting to organize for the year's work of the county unit was held recently at O'Brien, and at that time officers were elected and committees appointed.

Public relations committee for the current school year is composed of Mrs. Mabel Derr, Weirter, chairman; Mrs. LaVeda Ray, Haskell, and Mrs. Lillian Brown, coordinator of Haskell.

School board members of the eight schools in the county are invited to attend meetings of the TSTA group. Each school also is asked to elect a representative to keep the personnel of respective schools informed.

Philadelphia, Penn., was chartered as a city in 1701.

The Korean armistice was signed at Panmunjom on July 27, 1953.

Haskell Firemen Take One First, Two Second Places at Area Meet

Members of the Haskell fire department captured one first place and two second places in the three hose-laying contests staged as a feature of the semi-annual meeting of the Mid-West Texas Firemen's Association at Merkel Thursday.

Teams from five area towns competed in the events, Haskell, Snyder, Roby, Hamlin and Albany.

Haskell Fire Chief Ray Lusk, president of the association, presided during the convention. In the closing business session, Snyder was selected as host city

Snyder took the pumper race in 19.1 seconds, followed by Haskell with 23.5, Hamlin 26.5, Albany 27.2, Roby no time. In the six-man hook-up, Haskell won first place with 13.9 seconds, Hamlin placed next with 16 flat, Roby 20.8, Albany and Snyder, no time. In the two-man hookup contest, Hamlin with 14.7 seconds

for the April, 1956, meeting of the organization. Results in the three contests, which netted trophies and cash prizes to the winning teams were:

Local Telephone Exchange Direct Dial Service Over Nation. Haskell telephone operators can now dial 33 million telephones throughout the United States without the aid of another operator, either at the distant point or at an intermediate point. Don Mortimore, District Manager for General Telephone Company of the Southwest, said Haskell was the first manual (non-dial) exchange of the company to get nation-wide "operator toll dialing," the name for the faster, improved-type service. Under the new service, Mortimore explained, machine switching equipment in Dallas and Abilene does the preliminary switching and routing of calls formerly handled by operators at those points. As an example, a Haskell operator calling a telephone number in New York City formerly rang the Dallas operator who dialed the New York number. But now, Mortimore continued, a Haskell operator merely plugs

Expects Nearly All Homes to Have Warning Devices In Next Few Years

Working with the Civil Defense Administration, it is expected that in the next few years, 99 percent of American homes can be equipped with a warning signal. The study was made by the National Academy of Sciences and the National Research Council.

These studies included various types of warning devices, using electric power lines, telephones and radio. More than 100 such devices have been suggested within the last three years—even one that would use water supply lines and by varying the pressure create a pulse which would activate an alarm.

For the most part, these suggestions fall into two categories. Either they work well but are too costly, or they could be produced cheaply enough for mass acceptance, but have not proved entirely workable.

The Michigan study concluded that a system could be developed that would warn more than 90 per cent of the people in any target area, at a moderate cost. It suggested that the plan of using electric power lines was the best of the systems suggested and that such a system was technically possible. The study pointed out that factors other than technical or economic will enter into the feasibility and effectiveness of any warning system and suggested that a large scale test should be made.

The home signal device would be priced under \$10, and would use a negligible amount of electrical power. One of these devices has been successfully tested on a small scale.

Now that funds have been made available to FMDA for research on this project, it has been given top priority rating. It is hoped that research and preparations can be completed during the present fiscal year and that during the next fiscal year full scale tests can be completed in a number of large cities. If these tests prove satisfactory, home warning systems can be made available throughout the nation.

By reaching families in suburban and rural areas—now beyond the range of sirens—the home warning devices would make the Civil Defense warning system almost 100 per cent effective.

Haskell Ensign Receives Navy Commendation

San Diego, Calif. (FHTNS)—Navy Ensign Bill Matthews, son of Mr. and Mrs. C. B. Matthews of 203 South D St., Haskell, was recently commended for his contribution to the success of the North Island Naval Air Station Swimming Team.

Ensign Matthews participated in the Armed Forces YMCA Meet, the San Diego County AAU Meet, the Fiesta Bahia AAU Meet and in several other exhibitions. A letter of appreciation and a varsity award jacket were presented to him by the Commander Air Force, Pacific Fleet.

Ensign Matthews is serving with Anti-Submarine Squadron 23, flying the Grumman S2F aircraft. His primary duty is flying and along with that he performs the duties of Post Ground Training Officer.

O'Brien Forfeits Game to Weinert Thursday Night

The Weinert Bulldogs six-man football team won a District 4 victory without suiting up Thursday night.

O'Brien, another district member, forfeited. The game was to have been played at O'Brien.

Coach Jay Cox of Weinert said no reason was given for the forfeit other than that the O'Brien school board met and said they thought it best not to play the game. They did not elaborate.

Weinert is now 2-0 in district competition and 6-0 for the season. Benjamin is tied with Weinert for the district lead.

HASKELL VISITORS

Mrs. Will Wheeler and daughter Hazel, of Fort Stockton were visitors in the home of Mr. and Mrs. Walter Vinay during the weekend. Mrs. Wheeler is a sister of Mr. Vinay.

Farm Accidents Due Increase in Busy Seasons

Farms across Texas are humming with activity. Harvest season in full swing means longer hours and hard work with more highway travel for farm residents.

It is also the season, says W. L. Ulich, extension agricultural engineer, when farm accidents statistics usually take a sharp turn upward. More complicated machinery is used during the long hours on the job means more fatigue, both heavy contributors to farm accidents.

Ulich believes that farm families can reduce accidents greatly if they'll answer a simple question: "Can I possibly get hurt doing the job this way?" If the answer is yes, better change the method of doing the job or be more careful and always alert, says the specialist.

Auto-trailer-trucks are usually increased during the fall because tractors often are used to pull trailers loaded with cotton, grain and other farm products. "Be sure," he says, "that your tractor is properly lighted if it is to be on the highway after dark."

Also be sure you can see ahead as well as to the side and rear of the vehicle you are operating. Make sure others can see your tractor. Use flags during the day and proper lights at night and check brakes and steering mechanism before going on the highway.

Ulich says the year-end collisions account for about 36 per cent of tractor accidents and 14 tractor-driver fatalities occur for each auto fatality from highway-tractor-auto accidents.

And concludes Ulich, "Satisfies won't harvest crops especially when used to record a fatality from a needless farm accident."

Weinert Soldier Returning Home From Germany

By MILDRED GUESS

Specialist second class Keaton Jetton, son of Mr. and Mrs. T. W. Jetton of Weinert, and who has been in Stuttgart, Germany for the past 15 months with an Army Anti-Aircraft unit, will return to the United States by plane Oct. 27.

The Weinert soldier has written his parents that it would have been wonderful to have been home for the recent Weinert Homecoming and that he regretted he couldn't make it. However, he hopes to attend next year's event.

His wife, Pauline, who has been living near her parents, Mr. and Mrs. William Trinchan in Kildeer, North Dakota, where she has been employed, will meet her husband and accompany him home for the Thanksgiving holidays. The couple will make their home in Texas after young Jetton receives his discharge.

The Weinert soldier wrote his mother of visiting the Henri Chappell Cemetery in Belgium, where his mother's two brothers, Charlie and Raymond Chirwood who were killed during World War II, are buried. He sent pictures of the place taken in color and it is a beautiful burial plot. Young Jetton also took a picture of the grave of William Pope from Rule and sent it to the soldier's mother, Mrs. B. F. Pope.

Munday Soldier's Given Assignment To Army Hospital

Fort Benning, Ga.—Army Pvt. Delmar L. Ford, son of Mr. and Mrs. John L. Ford of Munday, recently was assigned to the U. S. Army Hospital at Fort Benning, Ga.

Private Ford entered the Army in March 1955 and was last stationed at Fort Sam Houston, Texas.

He is a 1948 graduate of Munday High School. Ford's wife, Mary, is living in Columbus, Ga.

A U. S. Bureau of Labor was created in 1884.

HERE FROM WICHITA FALLS

Mr. and Mrs. A. Bartell of Wichita Falls were in Haskell Thursday on a business trip. They also visited with Mr. and Mrs. John Tubbs. Mr. and Mrs. Bartell are former residents of Weinert.

The U. S. War Department was created August 7, 1789.

HASKELL VISITORS

Mrs. Granville Riley of Coleman visited the past week with her daughter, Mrs. Morrell Dick and Mr. Dick. Also visiting in the Dick home were Lt. and Mrs. J. E. Gray and family of Lubbock.

There are 77 rooms in The White House.

Expanding School Milk Program Foreseen

Expansion of the special School Milk program is in prospect for this school year, reports Assistant Secretary of Agriculture Earl L. Butz.

The Special School Milk program was authorized by Congress to increase consumption of milk by children in nonprofit schools of high school grade and under. It was first operated during the 1954-55 school year. The program was administered nationally by the department's Agricultural Marketing Service, and within the states by the state educational agencies.

Texas reported 1,329 schools with 305,328 pupils participating in the program last year. During the period there was an increase of 18,255,000 half pints of milk consumed by Texas school children. Federal expenditures for the program in Texas amounted to \$718,000.

On June 16, the Department of Agriculture announced modification of the program to permit more schools to participate.

"We expect a better record this year because of the improvements which have been made in the program," said Butz. "Reports show that many more schools will be taking advantage of the program than in the previous year."

The records of the complete program show a total of 41,460 schools visited the past week with 8,874,328 children taking part. As a result of the program, more than 451 million additional half pints of milk were consumed during the school year.

On May 29, 1953, a British expedition climbed Mt. Everest, highest peak in the world.

Haskell Farmer Protests Transfer of West Texas Cotton Acreage Allotment

A protest against the proposed transfer of West Texas cotton acreage allotment to sections of East Texas as unfair to this section has been made by John W. Brock, Haskell farmer. Brock has written F. Marion Rhodes, director of the Cotton Division of the Commodity Stabilization Service, stating that the contemplated transfer of cotton acres would be unfair. Excerpts from the Haskell farmer's letter follow:

"I am writing you about a matter that is in my opinion and the opinion of all West Texans, very unfair if it is allowed to materialize. Honorable George Mahon has just informed some of us of the likelihood of a considerable amount of cotton acres being transferred from West Texas by the State ASC Committee. Now we know that all State ASC Committees have a very delicate problem on their hands when it comes to distributing counties their just and fair share of the State allotments of all basic crop that are affected by acreage allotments; but it seems strange to me that one section or part of our State should be even asked to reduce as much as 48 per cent, when some other section or part is encouraged to increase as much as 2 per cent over or under the last so called free of allotment years, as the case may be. All of us know that until cotton went under acreage allotments the trend in East Texas was away from cotton. They just did not plant it because they did not want it in the so-called non-allotment free years. Now when each section should do its part in reducing the much publicized surplus, they and their pressure groups want someone else to do all the reducing. It is also a well known fact that

due to the higher rainfall in East Texas, fertilizer can and will be used to double and triple the production per acre, and thereby defeat the purpose of the reduction program if the 100,000 plus acres are transferred by the State ASC Committee. "If it was a good law or practice to consider the trend in previous years, why isn't it just as good now, or why the sudden reversal as to trend? "I understand 'All' States have considered the trend and will for 1956, except Texas. "Now, we farmers in West Texas are willing and anxious to take our proportionate acreage cuts; but it just doesn't make sense to ask farmers to reduce in 1955 as much as 7 or 8 per cent from the previous year (1955) while another part or section is allowed and encouraged to plant as much or more in 1956 than they did in 1953 when there were no allotments. "Any action you see fit to take that would prevent this injustice from happening will be appreciated—John W. Brock, Star Route, Haskell, Texas." Few common cattle parasites are costly to livestock producers as cattle grubs. They take several million dollars annually in the form of damaged hides, lowered meat quality and reduced dairy production. Apply control measures when they begin to appear in the backs of cattle during the fall months. Rotenone will do the job.

Gary Ivy Member Of 100-Piece ACC Band

Abilene, Texas—Gary Ivy of Haskell is among the 100-member band which is helping Abilene Christian College celebrate its Golden Anniversary during the 1955-56 school year. Gary is the son of Mr. and Mrs. Vernon Ivy, 206 S. Ave. C. He plays the cornet.

The Wildcat band, directed by Douglas E. Fry, presents a program of music and maneuvers at each home football game, and accompanies the football team on occasional trips during the season. In addition, the band appears at pep concerts and in parades in some cities in which the games are held.

This year the band was scheduled to march at halftime for home games with McMurry College Oct. 15, Mississippi Southern (Homecoming) Nov. 5, and Youngstown, Ohio, Nov. 19.

In addition the band will march at Brownwood for the Howard Payne game (Thanksgiving) and possibly at Wichita Falls for the Midwestern University game November 12.

During the Homecoming they will march in a parade downtown the afternoon of Nov. 4, and that evening will play for a pep rally and then a bonfire. The next afternoon they will play for the ball game and participate in a festival of music that evening.

**Indians B Squad
Trample Seymour
25-0 Thursday**

The Haskell Indians "B" squad ran and passed their way to a 25-0 victory over the Seymour Panther "B" team Thursday night in Panther Stadium at Seymour.

The win gave the Haskell grid-ders a 5-0 record for the season. Jimmie Brock, Haskell half-back, opened the scoring for the evening when he rolled 14 yards for the first touchdown of the game. John Rike booted the extra point.

A few minutes later Don Pennington, quarterback, passed to John Rike for 8 yards and the TD.

In the third period the Haskell team reached paydirt again when Cliff Spinks went around right end for 12 yards and the count-er. It was in the fourth period before the Indians could muster another drive, but halfback Jerry Grisham gave the fans a thrill with his 50-yard gallop that put the ball on the Seymour 14-yard line. Spinks carried over for the TD.

Seymour's line was tough through the middle, and the Indians had to circle the end to find running room.

**Paint Creek Drops
First Season Tilt
To Benjamin**

The Paint Creek Pirates suffered their first loss of the season, 46-36, Thursday night to the Benjamin Mustangs in a District 4 Six-Man game played at Benjamin.

The loss was Paint Creek's first against five victories. For the Mustangs, it was the first victory over the Pirates in the two school's history.

Johnny Hudson went wild for the Mustangs with five touch-downs with Jimmy Bateman and Sam Pierce scoring the other two. Hudson ran over the extra point and Wayne Searcey kicked the other.

Leon Hokanson passed for three touchdowns and tallied all six extra points for Paint Creek. He hit Ray Hughes with a 20-yard-er, passed to Eddie Thane for eight.

Dub Sims passed to Thane for another TD and Thane aeri-ated to Hokanson for No. 5.

**Mattson Edged 32-31
By Vera in 6-Man
District Contest**

Vera High School six-man grid-ders edged Mattson, 32-31. Thursday night in a district 6-man football tilt played on Mattson field.

Scoring for Mattson were Gene Mapes, three touchdowns; Durwood Campbell, one touch-down and Jackie Bowen, one touchdown. Hugh Smith kicked one extra point.

Darrel Coffman scored three touchdowns for Vera and kicked two extra points with Bennie Coulston adding the other two markers.

Austin, Texas—Texas public schools will get state aid this year whether integrated or segregated.

Right of both to state aid was upheld last week by the Texas Supreme Court. It says U. S. Supreme Court decision overturns Texas' school segregation laws but does not force immediate integration.

Apparently the court action removed need for a special session of the legislature. Litigation originated in Big Spring. Suit was brought by the Texas Citizens Council in district court to prevent payment of state funds to mixed schools.

High court judges, in effect, upheld District Judge Charlie N. Sullivan's ruling that portions of state law requiring segregation are unconstitutional.

Gov. Allan Shivers was quick to point out that neither the state nor U. S. courts set a deadline for desegregation, but both leave it to local school authorities.

Atty. Gen. John Ben Shepperd, who has sided with the Citizens Council, merely said the decision "settles the law in Texas on a statewide basis." He added that timing will be a "district-by-district matter."

Hospitals Move Forward
A priority list has been set up to use the remaining \$10 million in the state hospital building program fund during the next two years.

On the day a new medical and surgical building was dedicated at the Austin State Hospital, the State Board for Hospitals and Special Schools decided on this order for new projects, by cities: Mexia, Wichita Falls, Austin, San Antonio and Abilene.

Two others, one in Austin, one in Harlingen, are under construction now.

Gov. Shivers spoke at the dedication of the \$1,312,000 medical-surgical hospital in Austin.

Narcotics Hearings Under Way
Texas has been labeled a "national gateway" for illegal narcotics trade from Mexico.

Witnesses so testified before U. S. Sen. Price Daniel's subcommittee in Austin.

Department of Public Safety Director Homer Garrison charged that Mexican authorities are not cooperating with Texas officers in trying to halt the flow of dope across the border.

Garrison and W. E. Naylor, chief narcotics agent of the department, testified that 90 per cent of the heroin and 98 per cent of the marijuana reaching Texas or flowing through Texas, came from Mexico.

Daniel invited the Mexican

secretary of state and the Mexican representatives on the narcotics committee of the United Nations to attend hearings. They did not show up at Austin, however.

From Austin, hearings went to San Antonio, Houston, Dallas and Fort Worth.

Judge Criticized, Supported
Judge Lloyd Davidson of the Court of Criminal Appeals has been the target for both verbal brickbats and bouquets.

Davidson a new judge, tipped the scales in the court's two-to-one decision nullifying 104 Duval County indictments on grounds the grand jury was illegally constituted.

Atty. Gen. John Ben Shepperd and Duval County District Attorney Sam Burris were sharply critical of the court's opinion. They announced plans to file a motion for re-hearing and said they were considering a motion to disqualify Davidson. He had "expressed himself" on the cases before they came before him as a judge, they contended.

Meanwhile, Hunt and Hopkins County Bar Associations sent telegrams affirming their faith in the integrity of Davidson and the court. Hunt lawyers expressed regret that "politicians have seen fit to abuse Judge Davidson."

Texas Farm Income Down
Texas farm income for the first eight months of the year

dropped six per cent below 1954. Decreases in prices of 10 of the 16 major farm commodities account for the slump, said the University of Texas Bureau of Business Research.

Reported down were cotton, cottonseed, wheat, oats, flax, rice, calves, hogs, wool and poultry. Corn prices remained about the same. Increases were noted for grain sorghums, peanuts, cattle, sheep and lambs, mohair, eggs, milk and fruits and vegetables.

Though cotton prices are down, prospective production is up. U. S. Department of Agriculture forecasts put the 1955 Texas crop at 4 million bales, 150,000 bales more than was expected a month ago. This would be 2 per cent more than in 1954, 18 per cent above average.

Ramsey Choice Explained
Lt. Gov. Ben Ramsey was chosen national Democratic Committeeman, at the suggestion of U. S. Sen. Lyndon B. Johnson, the Senator explained.

Johnson explained that when Shivers returned to Austin, he mentioned the discussion to Ramsey. The Lt. Governor then called Johnson to talk over the matter. Ramsey said he wasn't asking for the job, but would take it if it would help solve a difficult situation.

Further discussion between Johnson and House Speaker Sam Rayburn resulted in the choice which surprised many Texans.
