## Organization Formed To Promote Increased Travel on Highway 24

fund.

In a meeting in Denton recent-ey and information before con-tacting those towns and asking chambers of commerce in six cities, the State Highway 24 Association was officially formed, and three officers were elected. Haskell stands to benefit from the organization, which has for its purpose the attraction of both mittee will report to the associa-tion at its next meeting which has been scheduled Sept. 18 at west and eastbound traffic along the highway. Officers elected are V. L. Denman, a member of the Greenville Chamber of Commerce, chairman; Rex Felker, manager of the Haskell C of C, as co-chairman; and Otis Fowler, manager of the Denton C of C. as secretary-treasurer.

The group decided the best way to attract traffic on Highway 24 was to point out by custom built signs that the highway is the shortest route to the west. F. E. Starling of the transportation division of the Greenville C of C pointed out that Greenville is the logical spot from which tourist attraction activities could be directed on the eastern end of

the highway, while Haskell is the spot on the west. Discussing means, Felker stated that the Haskell Chamber of Commerce had done some work Back-to-School Program Has on the subject in 1952. "There's not a thing in the world to attract a tourist to Highway 24 except the shortness of the route,"

he told the group "But if only one tourist a day, a tourist who spent just \$1 in one terested citizens were given a preview of coming school activities and organizations identified Pep Squad and Band, was the of the towns, travels the route it would mean \$365 a year,"

It was mutually decided that strategically-placed signs, with no advertising except the route, would be the best attraction for

It was also suggested that the sign might read, "The shortest For the large crowd assemb-route to Lubbock," or even to ling for the occasion, estimated points further west, such as Al- at more than five hundred, the ue, Tucson or San Die- event was more of a neighborly titude and spirit of Indian squadof the Post go. ## Near-Record Enrollment Marks School Opening Haskell schools have enrolled

## Mattson School First Week Enrollment 90 Students; Start Homecoming Plans

The Mattson Rural High School completed its first week of the 1956-57 year successfully. A total of 90 students enrolled the first day. One or two more are expected to do so next week.

Coach Bill Baker has had football workouts five nights in pre-paration for the Mustangs first game of the season at Mattson on Friday night, Sept. 7. The opponents are to be the Klondike Cougars from near Lamesa. The Cougars failed to win a game last year in District 7 Six-Man. They lost seven. The Mustangs won and lost 4 contests. The Mattson team has had 13 players, the biggest number in some years.

The Mattson Homecoming of 1956 will be held on Oct. 20, with Weinert to be the guests at the football game that night. The original game date was moved from Thursday to Saturday for the occasion. Leo Stiewert, president of the Mattson Homecoming Association has called a meeting at the Mattson school building on Sept. 11 for all interested in preparing for tht event. Other officers of the Homecoming are Leon Newton, vice president, and Mrs. Frankie Jo Baker, secretary. All are urged to attend the September meeting, Stiewert said.

Last year's first Homecoming was successful, with more than 500 being present. The Mustang team beat O'Brien 65 to 34. Miss Barbara Ueiser was chosen Homecoming Queen for the occasion. Master of ceremonies was H. Howard Homsley, former superintendent. Elmer C. Watson, first Mattsen school head made principal address. Other ex-Mattson administrators present were Homer C. Merriott, L. Weldon Norman, and George Beard, now superintendent at Eula. Various teachers were on hand.

The complete Mattson high school football schedule follows: Sept. 7 Klondike here; Sept. 14, Girard at Girard; Sept. 21, open; Sept. 27, at Goree; Oct. 4, Paint Creek here; Oct. 11, at Vera; Oct. 20, Homecoming game with Weinert; Oct. 25, at O'Brien; Nov. 3, St. Joseph of Abilene here; Nov.

Benjamin here. The grade school football schedule has not been set, but probably will be this week. The games will probably be on Tuesdays.

## Distribution of Commodities Is Delayed

Distribution of USDA Surpus commodities relatively set for ept. 10 has been delayed for several days, states County Judge Alfred Turnbow.

The food supply center at Lub-bock services the entire West Texas area and their facilities are limited. Each county is given day in which trucks may come into the center and procure the commodities. Local officials have not yet been informed of the date when the supplies may be obtained for this county.

Other difficulties have been en countered in obtaining the building where the commodities will be housed and in setting up stor-

age facilities.

Applications for the supplies began Tuesday morning with more than 50 persons making appli-cations for aid.

Mrs. Ora Stovall and Mrs. Bert Harrison spent the weekend in San Angelo, guests of Lt. and Mrs.

## ter Jones. Other officers Ernest Kimbrough, vice dent; Sara Roberson, secretary-treasurer; Kay Henry, reporter, and Fitzhugh Williams, serg

leen Diggs, Mrs. Thelma The as and Harvey Huddleston. The sophomores chose for their president is Tommy Cathey; sec-retary, Sam Pace; treasurer, Lin Currie and reporter, Eugene Mul-lins. Elected as sponsors were Jess Stiles and Haskell Stone.

### Lad Escapes with Bruises at Motor Scooter Rams Car

Lon Dennis McMillin, 13-year old Junior High student, escaped with severe bruises Wednesday morning when the motor scooter he was riding was involved in collision with a 1955 Ford owned by W. F. Warren of Bloom

The mishap occurred at 8:45 a. m. on South First. Warren was backing his car out of the cer zone. He failed to see the who had turned east, and the me tor scooter rammed into the rear of the Warren car. Lon De was thrown forward from the motor scooter to the pavement, re-ceiving bruises on his legs and

Holden ambulance was called to remove the lad to the Haskell Hospital, where examination re-vealed he had suffered no fractures. He was removed to the home of his parents, Mr. and Mrs. Lon McMillin, where he will like-ly be confined to his bed for several days. The lad had only recently purchased the motor sco er to use on his afternoon paper route. The small vehicle was slightly damaged, as was Warren car.

Officers who investigated the accident termed it unavoidable. Warren who with the U. S. De partment of Agriculture, is here for a few days working with the local ASC office.

#### Registration for Kindergarten Set Monday, Sept. 10

Registration for Kindergartee classes will be held at 8:30 a. m. Monday, Sept. 10 in the Kindergarten Room, designated by the buff colored door, at the Riemantary School.

Bigible to attend is any child who will be old enough to attend public school next year, that is, the child must be six years old by Sept. 1, 1987.

Instructor will be Mrs. D. Y. Hiebert, formerly advertising manager for The Press Press, the tan elementary school major and has attended Minneste. State

## Enthusiastic Q-B Club Members Vote Strong Support for School

and will give 100 per cent support to the athletic program of Has-kell High School.

This was the enthusiastic expression of a sizeable group at-tending the initial meeting of the Q-B Club Tuesday night when officers were elected for the ensuing year.

A supper of fried chicken was served to all attending, prepared by the lunchroom staff of Haskell High School.

women in the county to attend In the business meeting, R. A. Infant Injured the meeting to discuss the organizing of a Ladies Auxiliary of the lie Chapman, vice president, and George Neely was re-elected sec-retary. Lane succeeds Bob Her-ren, president for the past year. In urging a strong membership "We are hoping for a large group of ladies interested in this project to attend this meeting."

## Financial Support for C-C is Investment A one-month old baby was in-In Haskell

By REX FELKER

It has often been said, "The chamber of commerce is the heart beat of your community."

But to make it possible for us to maintain an active and aggressive chamber of commerce for Haskell we must have fin-ance, the life blood of the civic organization which works solely for the betterment of your town.
Our local chamber is financed by volunteer membership of business and professional personnel as we do not qualify from a population standpoint to be tax supported as many chambers of commerce in other towns and cities.

Upon being approached for membership in the organization, some people are prone to ask the following questions: What does the chamber of commerce do and why should I invest money in the

organisation?

In answering those questions, I want to enumerate a few of the projects in our program of work which we have successfully carried out during the past five years while I have had the privilege of serving as your chamber of commerce manager.

During my first week as manager I heard rumors that Schlumberger Oil Well Surveying Corporation was looking for a location somewhere in this area. After several tries and meetings with officials of that Corporation, they established headquarters in Has-

year of operation here with annual payroll of \$61,000 and it is easy to see that this additional income for Haskell has already reached the quarter million dollar mark. Needless to say other towns were interested and would lked to have had Schlumberger as a new industrial addition.

Your chamber of commerce was active in the organization of Highway 277 Association and county was fortunate to be first in this highway expansion pro-gram. This was a million dollar project and through efforts of the chamber of commerce all work-ing units of the program were located in Haskell. Consequently Haskell merchants had the bene-fit of some one hundred employees for approximately one year while the widening and re-sur-(Continued on Page 10)

That is a good way to show how you appreciate them. This applies not only to our A

## In Car Wreck Saturday

hap Saturday night, while the in-fant's parents and the driver of the car in which they were passengers escaped with only bruises when the car went out of control and overturned.

Danny ,infant son of Mr. Mrs. Bobby Pike of Wichita Falls, suffered a possible skull fracture and was removed to a Wichita Falls hospital Sunday after receiving emergency treatment at the Haskell County Hospital.

The couple and their baby son were passengers in a car driven by Richard Edward Scruggs, 19, also of Wichita Falls. They were traveling south on Highway 277, en route to Odessa and Crane when Scruggs lost control of the car, officers said. The vehicle, a 1953 Kaiser "rolled" several times and was badly wrecked, investigating officers said.

Mr. and Mrs. Henry Tucker of Corpus Christi came upon the ac-cident scene minutes after it oc-curred, and brought Mr. and Mrs. Pike and the baby to the hospital. Officers were notified and ambulance sent to the wreck. Sheriff Bill Pennington, Deputy Garth Garrett and Chief of Police Tom Paul Barnett investigated the mishap and accompanied Scruggs to the hospital.

Scruggs was later removed to the county jail pending further investigation.

Haskell Quarterback Club will in the Q-B Club, the retiring and B squads, but Junior Hi as have a full season of activities president told the group. "We are and will give 100 per cent support all familiar with the football sit-The incoming president, Lane uation. Regardless of that, we seconded Herren's expression and announced that an intensive

> Head football coach Jess Stiles expressed his appreciation for the turnout at the meeting, and the support of the organization in en-deavoring to keep football alive in Haskell.

"You can count on our boys and girls—they're doing their dead level best to maintain school spirit, not altogether in athletics but in all phases of activities, the Pep Squad, Band, and other or-ganizations. When you show them you're behind them it means a lot. This bunch of fellows can do a lot for those youngsters and I know you're going to do it because they deserve it," Coach Stiles confidently predicted.

Stiles told the group that the

Indians would travel to Wichita Falls Friday, where they meet Grandfield, Okla., high school for scrimmage at 5 p. m. in Mid-western University stadium.

During the business session,
Thos. B. Roberson and Coach
Stiles were named as a commit-

tee to work out a suitable date for the annual Texas-Oklahoma Colored Classic. Other committees named in-

cluded Bill Lane, Buck Everett and Tom Watson to head the Q-B Club's membership drive; Jim Byrd, Bud Herren and Rudy Aguilar to direct sales of season football tickets. Quarterbackers will meet week-

ly on Tuesday night, Lane an-nounced, and urged a 100 per cent turnout at next week's meet-Marriage License

Bet the James Kelley's have the most expensive dog in town. To date, he's cost a picket fence, one sheet, one dozen diapers, a blouse, a kitchen chair, a baby's rocking horse and swings and mop. The dog, Puddles by name, is a boxer or so his owners insist. Private observation indicates that he's half Percheron and still growing. This is not to imply he's an unfriendly dog, however, much to the contrary. In fact, should a burglar approach the Kelley menage, we have not the slightest doubt that Puddles would griningly meet the man at the gate, lick a friendly greeting and then show him where the family silver is located. He thinks he's a lap dog and when he starts loping toward you, the immediate sen-sation is much the same as was experienced by the Tartars when faced with the thundering hordes of Genhis Kahn.

After all the slurs being thrown at the younger generation, what with Elvis Presley, rock 'n roll and juvenile delinquency, it's a treat and a near shock to hear a mother brag about her teen-ager. At the back-to-school program committee meeting last week, Mrs. Jean Elliott WAS mournfully awaiting the beginning of school. She says her girls have been so wonderful this summer that the only way she figures she'll be able to manage is to take the oldest out of school or put the baby in.

Although the youngsters of the "20's" claim the distinction, ours was really the lost generation. Too young for Frank Sinatra and too old for Elvis Presley. The Board of Equalization last

week ran into all kinds of people in all kinds of moods ranging from just plain mad to incinderary, but John Payne was probably the only man to show up with a sheepish expression, He was the first down, bright and early Monday morning. He walked in, threw his hat on a table and sat down to wait. After the board arrived, he stated his case, picked up his hat and departed. It was still cool he went for a drive to the lake. For some reason the wind kept blowing his hat off; a smart looking hat he thought admiringly as he picked it up to put in the car. So fresh looking after all this time, those new miracle fabmed the Stetson was a size maller than he usually wears. Micken, he hurried back to the Qualization hearings, but no one ald claim the hat. So if there's anyone in town who can't seem to fight his way out of a Grayish Stetson, please contact John setting Payne and maybe a swap can be for

arranged. From Aberdale, Wales comes the news flash of an unfinished symphony that wasn't what Shubert had in mind at all. At the Welsh Music Festival, the orchestra started the symphony before anyone noticed the flute player was absent. Conducter Leonard James tried manfully, but reports saw his whistling didn't sound very much like a flute. Jerry Jones, 15 year old son of

Leslie Jones, finished the summer with a flourish Labor Day by bagging a 35 pound wildcat, while hunting on Paint Creek. He thought at first that the cat had been shout in the south portion of his anatomy, but turned out to have a hole in his head. These BB gun boys are terrible and a dead shot with a 410.

## Haskell County History

20 Years Ago—Sept. 3, 1936
Haskell County youths who desire to apply for enrollment in the Civilian Conservation Corps should make application by Sept. 8, it was announced this week. Applications will be taken by Mrs. Mack Perdue at the County Relief Office.

The Lloyd Tidwell Service Station east of the square was broken into Sunday night. Loot taken included a quantity of candy and a revolver.

Mr .and Mrs. B. C. Chapman visited relatives in Breckenridge the first of the week.

A. F. Thurman, former mayor of Haskell and minister of the Church of Christ, who recently moved with his family to Bowie. has taken over management of one of the leading hotels in that city, according to information received by friends here.

Jim McCoy, city marshal of Rule for the past three years, resigned his office Sept. 1 and has accepted a position with the State Highway Department. Joe Meacham and George William Fouts made a business trip to Lubbock this week.

Mr. and Mrs. Carl Arbuckle chase and Mrs. T. J. Arbuckle were in land. Wichita Falls Tuesday. Mrs. Ar-buckle remained in the clinic for observation.

Judge Clyde Grissom and Mrs. Grissom and their children spent several days here with relatives the first of the week. They returned to their home in Eastland Wednesday afternoon.

Mayor F. G. Alexander announ-

ced Wednesday that the summer water rate would be continued through September. It provides for a minimum of 7,000 gallons for \$1.50. Ordinarily, the mini-mum is 3,000 gallons per month, and the 4,000 gallon increase was made in order to encourage the growth of lawns and shrubs. Miss Helen Mabel Baldwin returned Monday from Dallas and other points, where she visited relatives.

#### 30 Years Ago-Sept. 2, 1926

Miss Linnie Mae Turner has returned from her vacation and has resumed her duties in County Clerk's office.

A new daily newspaper was launched in Abilene yesterday morning, The Abilene Morning News. It will be published by the Reporter Publishing Company. It will be under a different mechanical and editorial staff from the Abilene Reporter but will be pub-

lished in the same plant.

W. E. Adkins, who lives southwest of town, brought in the first bale of cotton of the season Wednesday. It was ginned at the Swift Gin Plant and was purchased by M. S. Shook at 20 cents per pound for the 465 pound bale. a total of \$93.00. Adkins also received the first bale premium offered by Haskell merchants in the sum of \$62.50. L. S. Gay of the Post community brought in the second bale a few hours later and received a premium of \$32.45. He sold the 485 pound bale

for 17 5-8 cents per pound. Don Means and family have returned from a vacation spent in Lamesa and he is back on the job in the Mask Grocery. Mr. and Mrs. C. R. Cook and

sons O. D. and Carl returned Tuesday from a trip to Athens and other ponts in East Texas. D. E. McDonald, who has been employed on the Baldwin Ranch east of town for quite a while left Thursday for Detroit, Mich. He has accepted a postion with the Ford Motor Company in that city. Before coming to Haskell, he was employed in the plant for several years.

J. T. Therwhanger of Weinert is erecting a new five room residence on his farm near that

Bryant Jeter of Center Point and Shelby Johnson of Sayles left Sunday morning for the Plains where they have a contract for installing two Gilmore farm light plants.

Mr. and Mrs. H. M. Stone have returned from a vacation spent in the Ozarks in Arkanasas.

50 Years Ago-Sept. 1, 1906 Whit Williams brought in two cales of new cotton this week and says he has two more open in his field. He is heading the boll worms off in good shape. His the first new cotton brought ato the gin this year.

Misses Cecil. Anna Lida and Lucile Hughes and Eula and Alice Poole spent two or three days this week visiting in home of Capt. and Mrs. W. M. Wood 12 miles north of town. Miss Lola Smith who has the department of elocution and art in Haskell School arrived Mon-

ty was here this week and purchased 480 acres of good farm

### Cotton Allotment For 1957 Set at 17,391,304 Acres

A national allotment of 17,391, 304 acres—the minimum allowed by law—was set for the 1957 cotton crop Friday by the De-partment of Agriculture at Washington.

The allotment, on which growers will vote before Dec. 15, is the same as was approved for the growers voting in a referendum last Dec. 13.

The 1956 farm law, under which Secretary of Agriculture Benson acted Friday, provides that the acreage allotments for the 1957 be less than for 1956. The law also provides that no state allotment may be more than 1 per cent below 1956 and that small growers may not be cut below four acres.

RECEIVES MASTER'S DEGREE Miss Betty Jo Lynch, bride-elect of Cecil Jack Gholson, Haskell, was awarded a Masterof Business Administration degree with a major in commercial teaching at the commencement exercises of West Texas College, August 24 in Canvon. The college awarded 89 undergraduate and 110 graduate degrees.

VISIT IN CANYON, **PLAINVIEW**

## **Push-button housekeeping?**

Plenty of electricity can make your home of the future a house of marvels! From a central control panel, you may be able to wash your dishes, raise and lower windows, control the lighting in every room even make your beds!

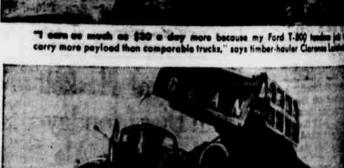

To really live electrically, you'll need much more power - and it will be there waiting. America's more than 400 independent electric light and power companies are planning and building now for years ahead.

Unlike federal government electric systems, these companies don't depend on tax money to build for your future. Carrying their full share of the tax-burden, and operating with private capital, the West Texas Utilities Company and other investor-owned electric companies will provide the dependable, low-cost electricity to help you Live Better Electrically.

In the future - as always - you will benefit most when you are served by independent electric companies like this one.

West Texas Utilities

Ford trucks," says John Karks. "Ford's power total

Ford's low prices mean real savings. But the on-the-job savings you get in Ford trucks count even more!

Take running costs; they're downright low. Because only Ford gives you the gas and oil economy of Short Stroke power. Only Ford offers Short Stroke engines backed by over 5 billion miles of on-the-job experience.

Upkeep costs are low because Ford trucks are built extra strong. They outlast all other leading makesproved by insurance experts. That same stand-up ruggedness means greater dependability, too,

And when it comes time to trade-you'll gain from Ford's traditionally high resale value, too. You'll find that, from start to finish, Ford trucks cost less. THE BIG FLEETS BUY MORE FORD TRUCKS THAN ANY OTHER MAKE

### Share the Road Driving Urged as Safety Measure

"Share the Road - Arrive

In those words E. C. McFadden of Dallas, president of the Texas Safety Association, today urged all motorists to support the Share the Road program of the Texas Safety Association, the Depart-ment of Pulic Safety and the National Safety Council. This pro-gram is being conducted in co-operation with the Slow Down and Live program of the National Conference of State Safety Coordinators.

"To stay safe in traffic, the driver must be keenly aware that he's not the only man on the road," McFadden said. "He's just one of the many drivers, so he must keep in step with the others and share the road with

He said this involves, first of all, a willingness to share, and then the skill and judgment to do

then the skill and judgment to do the right thing at the right time.

He gave the following rules as a guide to drivers to help them fit their driving to the pattern of traffic around them.

1. Keep alert. Develop defensive driving. Study the road ahead for accident situations. The higher the speed the farther ahead. er the speed, the farther ahead your attention must be fixed. 2. Think ahead. Plan emergen-

cy measures. Know your own and your car's capabilities. If the car ahead should suddenly block your lane, could you stop? Could you swerve to avoid an accident? 3. Be adaptable. Get the "feel" of the changing traffic, road and

weather conditions. Adjust your speed immediately.

4. Pace yourself by the traffic around you. This includes noting traffic behind through constant use of your rear-view mirrors. Don't race. Don't lag. Don't ride

the bumper of the car ahead. 5. Take only your share of the road—in the proper place. Keep in the proper lane. Pass only when you see you have ample time and space to avoid cutting out and in too sharply. Signal all turns and lane changes. turns and lane changes.

6. Obey to the letter all traffic laws, signs, signals and the dictesy. If you make a mistake, don't lose your head. Don't jeop-ardize yourself and others by hasty, foolishly sudden moves.

McFadden had a special word to say about safety on superhighways, pointing out that the higher speeds permissible on such roads make the above rules doubly im-portant and vital. In addition, he said, this rule should be added: Watch signs carefully for rules governing the particular road you are traveling-such things as dithe highway.

## Press Perry of Fort Worth is To Keep Tar Spots Out of Cotton

Cotton producers of Texas and the nation are bein asked to take every possible step to keep tar spots out of their otton. The problem has become serious enough, says Fred C. Elliott, extension cotton work specialist, to warrant a belt-wide campaign of elimination.

A chief source of contamination is believed to come from the use of tar coatings for pick sacks. But, according to Elliott, tar spots may also get into unginned cotton from tar tracked into the trailer or wagon, from tar thrown into the cotton when the trailer is pulled over roads coated with tar or from tar spots left in the trailer or truck.

During the hot weather which is prevelant during the cotton picking season, close attention should be given to the problem of tar picked up from roads or driveways either by the vehicle or on the feet of those working with cotton. It's an easy matter to track the tar into cotton, says Elliott, for the wheel of the trailer is often used as a step for entering the trailer and tar carried on the wheel or tire is easily transferred to the cotton or to the sides or floor of the trailer

wagon. Cotton manufacturers are penalized for materials contaminated with tar spots. By enecking on orgin of the contaminated cotton, the mills can tell exactly the bale was produced. At least one manufacturer has already called on producers in an area where cotton has been bought for years to eliminate the tar spots or lose their market

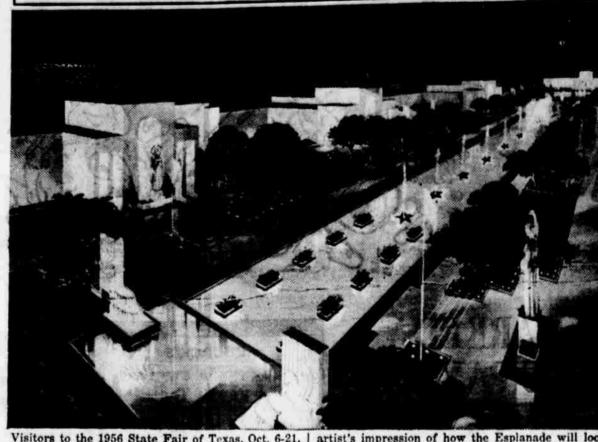

(not in Texas). Right now few items are more important to cotton producers than markets and Elliott advises farmers to do everything possible to help hold what they have and

The specialist advises growers to check the sacks of pickers who furnish their own sacks to make sure no tar is present and to also caution the pickers on tracking ar into the truck, trailer or wagon. If sacks must be bought, don't buy those with a tar coat-

## 'Esplanade of Light' Planned for Fair

Visitors to the 1956 State Fair of Texas, Oct. 6-21, will be dazzled as they enter the fairgrounds by the brilliant "Esplanade of Light" which will transform the concourse just inside the main gates into a spectacular vista of dramatic illumination and scenic water effects. The lighting will be the most striking since the Texas Centennial Exposition in 1936. This

artist's impression of how the Esplanade will look at night shows how it will utilize enough electricity to light a small city and a total of 1,772 fountains of water shooting high into the air. The manmade scenic wonder is co-sponsored by the State Fair and Dallas Power and Light Company.

## Cornerstone in Sherrill Building Yields Interesting Sidelights on Pioneer Days

After laying undisturbed for almost half a century, the contents | Peace, Precinct 1.
of a small leaden box placed in | "Gus Barkley, Constable Preof a small leaden box placed in cornerstone of the old Sherrill Building in February, 1907, came to light last week when workmen found the box while tearing out the front of the build-

The contents were in a perfect state of preservation, and included a Bible, the Presbyterian Confession of Faith, several letters dealing with early days in Haskell County, a copy of the Christian Observer, and then-current copies of two Haskell newspapers, The Free Press and The Haskell Herald.

In the new building, all of the original contents were replaced in the box, along with a recent copy of The Free Fress and a brief review of the damage caused by the fire in April and subsequent remodelling plans. After again being sealed the box was placed in the cornerstone of the new front being placed on the building.

Existence of the box had been forgotten by the few local people who since recall the ceremony attending the laying of the corner-stone. Workmen finding the box and curious about what it might hold, ripped the container open and inspected the contents. Later, after hearing of the find, members of the Sherrill family were able to gather up all the contents of the box except a copy of the Herald.

History of County The three letters enclosed in the box all were in historical vein. One was written jointly by the late C. D. (Charley) Long and the late J. E. (Ed) Wilfong. Both men came here in 1883 and were prominent in the developof this section. Their letter reads:

January 22nd, A. D. 1907
"A short history of Haskell Couny and some of her citizens since January, A. D. 1883.

"On January 27th, A. D. 1883, We, C. D. Long and J. E. Wilfong, arrived at Abilene, Texas, then a new town on the Texas & Pacific Railroad and the dwellings were mostly composed of tents. Abilene was at that time and remained so until 1890 the railroad point for Haskell and the sur-

rounding country.
"The town of Rice Springs, now Haskell, was surveyed and platted by W. R. Standifer, Surveyor for Walton and Hinds, the then owner of the property on which the town of Haskell now stands. In the latter part of the year A. D. 1883, W. R. Standifer, J. L. Laberrie and R. D. Wilfong erected the first houses in the town all of which are still standing R. D. Wilfong was the first white settler in Haskell County and the first one to plow a furrow which was done in 1876 about twelve miles west of the town of Haskell.

"Haskell County was organized on January 13 A. D. 1885. C. D. Long was one of the clerks of the Election and carried the re-turns to Throckmorton, Texas, the county to which Haskell County was attached at that time for Judicial purposes.

"The first County Officers were as follows, to-wit: Thos. F. Tucker, County Judge. "A. D. Tucker, Sheriff and Tax

Collector "Oscar Martin, County attor-"J. L. Jones, County and Disrict Attorney.

'Lewis Casner, County Tax As-"S. J. Preston, County Treas-"R. D. Wiltong Hide and Ani-

"W. R. Standifer, County Sur-M. M. Harvey, County Com-missioner Precinct No. 1. S. R. Mills, County Commis-sioner Precinct No. 2. "S. F. Cumming, County Com-missioner Precinct No. 3.

mal Inspector.

cinct 1.

ford County frequently visited Haskell County to hunt and lay in their winters supply of game. There being at that time all over the country thousands of deer, antelope, turkeys, wild horses and some buffalo. Besides quite a number of black bear, panther, mountain lions, also thousands of wild hogs, lobo and coyote wolves and various other kinds of small game in great quantities.

The first persons to settle in this county and engage in farming as an occupation were Bennett Wray and Geo. W. Cook, who lo-cated near the mouth of the Double Mountain Fork of the Brazos River where Jud now is in this county. These parties made a success at farming from the beginning. The first child born in Haskell County was Gentry Owsley, who is now 22 years old. His parents are Burch H. and Stardy Owsley. The first couple to marry in this county were F. C. Wilfong and Miss Ellen Preston. They married in the spring of 1885 and went to Kaufman County, Texas, but moved back to Haskell a few years later and F. C. Wilfong lives here now, his wife being dead.

"These items of memory are given by us as the oldest settlers at this time in this county, at the request of Mr. R. E. Sherrill, who has been here since 1890 and is now one of the most enterprising business men and the one who is now erecting this magnificent building

J. E. Wilfong C. D. Long. Another letter was written by the late R. D. Wilfong, who help-ed build the first house and who

was the first white settler to locate in the county. He wrote: Haskell, Texas. "The first farm in this country was opened about two miles this side of the Brazos River at the forks of the Double Mountain by a man by the name of Cooke, just above the Cooke Springs, near where Mr. Lackey afterwards lived. The only three ranches this

side of Fort Griffin at that time

were the Lil, Horse Shoe, and Call Bar, or the only ones importance.
"My brother and I have killed as many as sixty wild turkey at a time, just as many as we wanted to haul off to market. And the buffalo bones were all over the country, in some places enough to load a wagon in half an acre. Men would come here from the east and pile them up in piles as big as houses and then haul them off to Abilene to sell, and get as high as \$18 to \$20 per ton for them. This was after the days when the buffalo hunters had kill-

still some buffalo here. "The Rice Springs were the main water place for the antelope and I have set in the house built by my brother and myself, the first every built in Haskell, and shot the antelope through the windows as they came to water at the springs. The springs was the watering place for all the country between the river on the

ed them in here, though there were

west and the creeks on the east." The third letter was written by the late F. C. Wilfong, oldest settler living in the county at that time (1907). He is the father of M. C. Wilfong, Haskell business-

One fact mentioned in the pioneer's letter is pertinent now-"I've seen the time when it didn't rain for eight or twelve months. His letter: "Haskell, Texas

"On the 18th day of October, 1879 myself and brother R. D. Wilfong left Carawba County, North Carolina for Texas. On No-Jan. 14, 1907

"S. V. Collum, Justice of the | vember the 18th we ate dinner at this place then known as Rice Springs. Thet evening we drove to Double Mountain River. ### Hay Fever Season Is Year-Around Affair in Texas

Austin, Texas-Hay fever season is a year-around affair in

The reason behind this sad state of affairs, says the Department of Health ,is Texas' wide range of climatic and soil conditions which produce an assortment of offendng flora-trees and shrubs and

Ragweed pollen is still the biggest enemy of the watery-eyed set, Department officials say, but mountain cedar, scrub elm, and a variety of other plants and grasses also cause their share of meezing misery.

There are some bright spots in Texas, though. Department hygienists say pollen counts in El Paso, Amarillo, and other West Texas towns have been "amaz-

ingly low."
From midwinter until early spring, susceptible people from Dallas southward will be affected by the pollen of cedar, a profusely growing tree with a bad habit of pollinating in late autumn and winter rather than in

Fall hay fever seufferers probably have the scrub elm to blame for their troubles. A late summer and autumn pollinator, the elm is common over most of the state, but is particularly profuse in the bottomlands of the Guadalupe and Trinity Rivers. The mesquite, a member of the legume family. causes "minor" allegeric trou-ble in West Texas during May.

June, and July.
Grass hay fever is possible throughout spring, summer, and fall over most of Texas, and in the winter in the Rio Grande Valley. Bermuda grass is the chief offender. Rhodes grass in a "potential" hay fever grass in the Lower Rio Grande Valley.

Ragweed pollen is almost as abundant at Dallas and Houston as in north central states. It is a serious problem as far west as San Antonio and all along the Gulf Coast to Brownsville.

In Brownsville, the ragweed season begins in June or July. The source of the pollen has never been positively determined. Along the rest of the coast, ragweed pollination does not begin before September, a full month later than in the north-central states. Pollination continues into November all along the Gulf.

In arid parts of Central and West Texas, Russian thistle is a ing cause of inhalent allergy. Other local causes are sugar local and Palmer's amaranth. pollen is a potential factor West Texas, but information distribution is not available. and sagebush, a dominant native nt in the Panhandle, is susect as a troublemaker.

How do you get relief from room. But since neither action is Valley. Lynette Fouts, sister of practical, check with your doctor about a series of "pollen extract" shots.

The adult membership of the American Red Cross has grown from 3,000 in 1905, to 23,200,000 in 1955

Moderate grazing of land in the Great Pains region is more profitable in the long run than either too heavy or too light grazing. Twenty years of research at the U. S. Livestock Experiment Station in Montana has furnished the proof, says A. H. Walker, extension range specialist.

Equipped with a canted deck, the US Antietam was affectionately dubbed the "Cantietam" after a rumor swept the ship that a well-known reformer was investigating them. He had, so the rumor went, heard reports that a "bunch of sailors were running around the Caribbean with a crooked deck."

Gulf Coast Prairie soils, especially those east of the Brazos River, and those in much of East Texas could profitably utilize application of agricultural lime-stone, says M. K. Thornton, extension agricultural chemist.

Farmers are reminded by C. H. Bates, extension farm management specialist, that they have until Oct. 1 to file a claim for refunds of the Federal gasoline tax on gasoline used for farming. The claim will cover the period from Jan. 1 through June 30,

School Bells Ring Out For mil-lions of Texans the political cla-mor is almost drowned out this week by the ringing of school

As usual, a "biggest ever" pub-lic school enrollment is expected. Texas Education Agency estimat-es enrollment at 1,754,833, com-pared to 1,740,784 last year.

No official reports or estimates were availbale on how additional schools will be integrated this year. TEA officials, always careyear. TEA officials, always carefully aloof on the subject, said they had "heard of only a few." Only known trouble spot was in Maisfield, Tarrant County, where white citizens patrolled is a school to prevent registration of Negroes."

A more common problem is shortage of teachers. Some 6,000 additional teachers are needed, says Texas State Teachers Asso-

Business Record Still Expected Despite a summer slump and farm troubles, forecasters expect Texas' total business volume to set another record in 1956.

According to the University of Texas Bureau of Business Re-search, business activitity declined 2 per cent in July. But the in-dex was still two per cent above July, 1955. "Plight of the drouth-stricken

Texas farmer continues to be the most serious aspect of the state's business situation," aid the report. "Farmers not only face falling prices, but have very little to sell."

Texas farm prices have fallen 36 per cent since 1951, livestock prices 48 per cent in the same period.

New Mental Health Code-Proposals to streamline Texas' mental health code are being drafted by the University of Texas Lak School.

Suggested changed would (1) encourage earlier care for mental cases to speed recoveries and reduce expense of the state and (2) modernize administrative procedures for the state hospital system.

Crimemobile Launched-Texas' unique new crimemobile is on the road. It was officially launched in Austin last week with a flask of "truth serum" (sodium amy-tal) substituted for traditional champagne.

Dallas was the first stop for the 40-foot trailer truck with its educational display of modern crime detection equipment. Oth-er major cities are to be visited

Texas Law Inforcement Foundation assembled the crimemobile with contributions from industry. Short Snorts-Univesity of Texas will have its final admission tests for the fall semester at the main campus Sept. 10. Total stu-dents tested before school's opening will be about 4,500, officials estimate . . . . Texas Department of Public Safety cancelled leaves and off-days to put every available man on the highways during the holidays. Their goal: to beat the odds that 32 would be killed in weekend accidents . . . State inheritance taxes on stocks are based on the number of shares owned, times the quoted value of stock on the date of the hold-er's death. This method of taxation is being contested by the executrix for the estate of Calvert Smith, wealthy Houstonian, who died in 1952. Involved is 31,-350 shares of Humble Oil & Refining Co. stock on which the tax of \$180,410 was paid under protest. Executrix contends that if that amount of stock was dumped on the market at one time the value would drop. District Judge Jack Roberts ruled against the State. Notice of appeal to the Supreme Court was given by the state.

Overseas Sales of

Surplus agricultural commodities valued at about \$11/2 billion have been sold to foreign countries in exchange for their own currency since September 1954. Of this, sale of \$759 million worth was arranged for in the first six months of 1956, says Economist John G. McHaney. He reports that the USDA's Foreign Agricultural Service has

had primary responsibility for these agreements for sales of surplus commodities. The program of foreign surplus sales was provided for by Congress under Title 1 of Public Law 480. To date 59 agreements with 27 countries have been arranged with

27 of the agreements coming during the first six months of 1956.

Commodities sold for foreign currencies include wheat and wheat flour, feed grains, rice, cotton, tobacco, dairy products, poultry, fats and oils, dry edible beans, fruits and vegetables. fruits and meat products, cotton linters and seeds. In terms of dollar value, wheat flour leads the list of commodities exchanged (\$526 million worth), with cotton seed (\$358

The foreign money received is being used to buy strategic materials, for developing agricultural markets abroad, payment of U S. debts, and loans to friendly countries for trade and economic development

Public Law 480 provides other ways of disposing of surplus farm commodities. These include shipments for famine relief and other assistance abroad, donations for foreign and domestic relief through non-profit voluntary agencies and inter-Government organizations and barter con-

#### Careless Use of Insecticides Can Be Dangerous

Austin—State health authorities have raised a red flag of warning against careless use of insecticide compounds around the homes and gardens.

Despite being "tremendous agents for good" when used properly, the potent compounds can be fatal when absorbed through the skin or fucous membrane or when inhaled, Health Commissioner Henry A. Holle said.

Only last week health department food and drips officials ask-

ment food and drug officials ask-ed that a roach paste containing thallium be recalled from the market because its odor and taste made it attractive to chil-

Two of the newer garden spray products—parathion and tetraethyl pyrophosphate—come from a group known as "organic phosphate" insecticides. They were originally designed for professional was only by were professional was only by sional use only, by workmen thoroughly familiar with the dangers associated with them. Now they are available in small packages or bottles which frequently reach the general pub-

Dr. Holle urged persons who in-

sist on using either of the two powerful formations to handle them as professionals do. "They wear special protective clothing with goggles to keep spray from their eyes, and respirators approved for protection against organic compounds.
"They never smoke or eat un-

til they have thoroughly washed after using the preparations, and they know the symptoms of in-

vision, weakness, nausea, cramps, diarrhea, or chest discomfort as symptoms of insecticide poison-

"Unless a man has the equip-ment and technical know-how, he'd better steer clear of organic phosphate insecticides. And he would do well to read the precautions on the label of any insect poison, regardless of the in-

fredients." As further insurance against poisoning, Holle suggests:
Keeping the insecticide out of reach of children and pets, and keeping it in the original con-

tainer, covered and with the warning label attached. Never give insecticides to a neighbor in an unmarked con-tainer. Write a warning in bold letters and personally attach it to the neighbor's bottle or can.

#### Items of Interest

The Navy is credited with sav-ing more than 200 lives by means of helicopter rescue during Northern California's fool disaster, while Naval Reservists contributed their part by keeping communi-cations open around the clock.

The Navy's Office of Naval Research is pioneering new possi-bilities for predicting weather conditions now that rockets are soaring to record heights equipped with cameras. Recently, pictures taken as high as 100 miles up revealed a remarkable portrait of storm clouds and weather over 1,250,000 square miles of the earth's surface.

The Submarine Service is youn; hardly older than the air-plane. Yet since 1900 submarines have sent to the bottom more secticide poisoning." have sent to the bottom more

### Bill Hames Shows, Ringling Circus Stars Attractions at Abilene West Texas Fair

once again Sept. 10-15 with the revival of the West Texas Fair after waiting five years for a new exposition center.

Exhibitors will compete \$18,454 in prize money at the six day historical extravaganza that will be held at the new Taylor County Exposition Center located on the east side of Abilene on State highway 36

This fair, that had its beginning in 1884, will present the best of West Texas livestock and agriculture shows, commercial exand entertainment. General admisssion is 50 cents and children under 12 are admitted

Bill Hames Shows and carnival will be here with rides, games, and tented shows.

Booked to get the Fair off to a head start in a free program on Monday night at 7 p. m. are three nationally headlined attractions. They are the topnotch song stylist, Skinny Ennis, and his orchestra; Tex Ritter, Amerca's best-loved cowboy; and Movie Star, Preston Foster, the 'Cap'n John' of TV's top-rated 'Waterfront,' with Sheila D'-

Arcy, star of stage and screen. The Cordons, the center ring attraction for the Ringling Bros. Circus before it closed, lead the six acts to be presented on the midway twice nightly. The Cor-

the right amounts.

The Valencianos are the largest group of trampoline artists ever put together. They came to America two years ago from Switzerland.

Other midway acts include: The Bulgarus, a horizontal bar act: Les Arturos, unsupported ladder performers; Miss Ulla, trapeze artist, and Craig's Chimps, the clowns of the animal kingdom who ride bicycles, unicycles and motorcycles and dance the rhumba and mamba.

Early entries indicate the livestock departments will be major events for breeders from throughut West Texas.

The agriculture and horticulture departments will draw entries from many areas. There are ounty exhibits and a junior di-

In the women's department, ontests have been arranged for Women's Home Demonstration Clubs, Girl's 4-H and FHA club exhibits, textile, culinary, art, relics and antiques, flower festi-val and youth department.

Industrial and commercial shows will take over 100 booths in the general exhibits building and a oig tent set up on the esplanade. All in all, there will be plenty to see and do every day and night of the six-day event at the new \$600,000 center built to show off the progress of the area.

## Haskell Among 100 Leading Sorghum Growing Counties Sorghum for all purposes ex-

cept sirup was grown on 17,564,-922 acres on United States farms in 1954, with 10,313,390, or 58.7%. in 100 leading counties, according to 1954 Census of Agriculture figures for ranking counties released by the Bureau of the Census, U. S. Department of Commerce.

Haskell County, with 83,364 acres ranked 50th in the nation's top 100 counties, Jones County, with 81,631 acres, ranked in 53rd place. Hale County, Texas was the leading county in sorghum acreage with 233,541 acres, or 1.3 per cent of the U. S. total, Five Texas counties ranked second, third, fourth, fifth and sixth respectively: Terry, 230,773 acres; Lubbock, 228,160; Dawson 225,145; Lynn, 206,919; Lamb, 203,125. Finney 206.919: County, Kans., was seventh with 200,917 acres.

Among the top 100 counties in sorghum acreage, 44 were in Kansas; 42 in Texas.

production. Drouth has been the big factor here. Texas normally produces only 7 per cent of the nation's wheat crop and hence has only a slight effect upon the total production of the nation.

Production per acre in the nation has climbed steadily and coupled with falling exports, surpluses have climbed. Foreign wheat production is on the increase and this has cut exports, says McHaney. The decline in domestic per capita consumption has about offset the increase in population, therefore, total consumption has remained fairly stable. Canadas were arrive in the ugh the average the snow geese aid, "is because by to to see." Commission cement late the waterfowl ma The Com-resied half an se on November

Births

One birth was reported at Haskell County Hospital this week, A son. Jeffery Hollis, was born to Mr. and Mrs. Hollis Lindsley, Haskell at 12:59 a. m. Sept. 2. The infant weighed 7 pounds 3

#### R. C. Mowery to Judge Livestock At State Fair

R. C. Mowery, Haskell Soil Conservation official, will be one of the judge for the Jr. lamb division the Junior Livestock Shows and Sales during the second week of the 1956 State Fair of Texas, Oct. 6-21.

Premiums in the junior shows amount to \$17,192 for fat and steers, dairy heifers, lambs, barrows, broiers and market turkeys, but the big jackpot the end of the rainbow nes the auction sales which follow the

Last year 1,074 youths from all over Texas went home from the livestock and poultry sale that brought a grand total of \$176,974 .-51 over the auction block. These receipts were in addition to all cash premiums and sales by private treaty after sifting.

Two Local Youths Join Navy; Training At San Diego

Two Haskell youths, Roy Earn-est Wright and Lee Edwin Hollar recently enlisted in the U. S. Navy at the Navy's recruiting station in Abilene and are now in boot training at San Diego, Calif. \$100 Check from Wright is the son of Mr. and Mrs J. A. Wright of Haskell. He went in the Navy for a fouryear enlistment.

Hollar is the son of Mrs. Ruby Lee Pitman, Haskell. He signed up for a minority enlistment which means he will receive his discharge one day before he reaches the age of 21.

The two boys were sent to San Diego, Calif., under the buddy program for basic training. Under the buddy program the youths remain together while going through boot training.

After finishing their basic training period the youths will be granted 14 days leave to come home and visit with their parents and friends.

#### Local Insurance Man 1s Granted National Award

Wix B. Currie, Jr., local insurance man, has been made a member of the Texas Leader's Round Table and granted the National Quality Award, it was recently announced. The Texas Leader's Round Table

is a select group of Texas insurance men with only 578 members in the association. The selection is made on the basis of the amount of insurance sold and the amount of premiums involved.

The National Association of Life Underwriters and the Life Insurance Agency Management Association grants the National Quality Award to agents whose services to the public is deemed

VISITS PARENTS

Mr. and Mrs. Jason Smith, Haskell, had as guests over the week end their sons, Dr. and Mrs. J. D. Smith, Waco; Jason Smith, Jr., Dallas, and Don Smith, Houston.

A VAST NEW HOLIDAY LAND in the heart of Texas will be created under the Brazos River Authority's master plan for development of the river. The map shows how the Authority's Six-Dam Program will provide a chain of lakes 250 miles long stretching between Whitney Dam at Waco and Possum Kingdom above Mineral Wells. This continuous body of water, convenient to virtually all Texas sportsmen, will become a center of a great new recreation industry. This Land o' Lakes of Texas will provide boating, fishing and camping facilities on a scale never before known in the Southwest. They also will assure the Brazos Valley of an ample water supply for irrigation, industry and municipal use far into the future. A by-product will be hydro-electricity. Besides the Six-Dam Program, the Authority plans various other reservoirs for local water supply and for special purposes, such as Allens Creek and South Bend, shown on the map.

#### **Band Boosters** Elect Officers, Plan Activities

Organization meeting for the Band Boosters Club for the cur-rent school year was held Tuesday evening, when officers were

elected for the ensuing year. Elected president was Ferrel oston. Jean Elliott was elected vice president, Mrs. Robert Sego secretary, and Mrs. Chas. Swin-

Financial report of the club showed a successful season last year, when Band Boosters netted approximately \$879 for the HHS The organization has a substan-

tial balance on hand to begin the current year's activities, and enthusiastic plans are being shaped for active support of the school band.

All interested school patrons are nvited to enroll in the Band Boosters. Meetings are held each Tuesday night preceding home football games.

#### Sportsmen Report Dove Hunting Good As Season Opens

Local sportsmen who have taken advantage of the dove hunting season which opened Sept. 1, report birds fairly plentiful. number of hunters state they have bagged their limits daily since the season opened.
One local hunter, Jay Weaver

of White Auto Store, got an added thrill Monday when he killed a dove which had been banded by the Fish and Wildlife Service. Weaver has written the agency and is eager for a reply which he believes will tell where and when the bird was banded.

### Firemen Receive Abilene Concern

A check for \$100 has been re-ceived by the Haskell Volunteer Fire Department from Compton Trucking Company of Abilene, for service rendered by local firemen recently when an oil transport truck owned by the Abilene oncern caught fire.

The fire occurred on the Harris ease northwest of town where a 'splice' was being placed in a rude oil line.

Firemen were able to extinguish the blaze before the tank section of the transport was damaged. However, extensive damage was caused to the truck.

#### Area Jehovah's Witnesses Plan San Angelo Meet

A group of approximately 12 persons from Aspermont, Rule, Haskell and Stamford are planning to attend a three day assembly in San Angelo, Sept. 14-16, announces Johnnie Winn of the Rule Congregation of Jehovah's Witnesses.

The event is sponsored by the Watchtower Bible and Tract Society of Brooklyn, New York. A second meeting is planned for Sep-tember 28-29 in Lubbock.

SPEND VACATION IN SOUTH TEXAS

Mr .and Mrs. Thurman Rhoads and Carolyn spent a week vaca-tioning in South and East Texas and Louisiana. They visited Orange, Port Arthur, Galveston and points of interest in Louisiana and East Texas and also traveled through the Davy Crockett For-

RETURN FROM PHILADELPHIA Mr. and Mrs. Kenneth Roy Al-HERE FROM FORT RILEY
Pfc. and Mrs. Jimmy White and sons are visiting in Haskell with his parents, Mr. and Mrs. Ben White. Pvt. White is stationed in Fort Riley Kansas.

Mr. and Mrs. Kenneth Roy Alvis and children have returned from Philadelphia where he was an Army Radar Technician. After receiving his discharge recently he accepted a position with Convair of Fort Worth, leaving for that city Wednesday mersing.

### 1957 Wheat Soil Bank Program Available

College Station-The Acreage Reserve program is now available for participation by farmers for their 1957 winter wheat crop is the second of four such programs authorized for wheat and other basic crops, according to Robert G. Shrauner, chairman of the State Agricultural Stabilization Conservation Committee. Winter wheat growers who wish to take part in the 957 program should call at the County ASC office and sign an agreement. Applications are expected to be available toward the end of Aug-

The Soil Bank legislation, enacted late this spring, authorizes such a program for basic crops over a 4-year period, that is, through 1959. Each Acreage Reserve agreement, however, covers the particular crop for only one year at a time. For 1957, the program is being made available early enough so that most farm ers should be able to make their plans before planting. Chairman Shrauner

explains

that the whole purpose of the Soil Bank's wheat Acreage Reserve is to help farmers reduce the acreage of wheat below acreage allotments, thereby reducing excessive supplies of the crop. Land "reserved" under the Acreage Reserve may not be cropped or grazed for the period of the contract. For this reduction in his wheat acreage, the farmer receives a payment to offset the income he would otherwise have received from the diverted acres. Farmers who wish to divert land from the production of tilled crops to a conservation use may also designate acreage for inclusion in the Conservation Re-serve for periods of up to 10 years, or up to 15 years for tree practices. For this, they may receive two types of payment: An annual payment for "reserving" the land from production, and a payment for the frst year of the contract covering a substantial part of the cost of carrying out an approved conservation practice on the land.

HASKELL VISITORS

Mrs. Chas, Oman and son Brady Dan, of Wichita Falls, were visitors during the weekend in the home of their parents and grand-parents, Mr. and Mrs. Hill Oates.

VISITS PARENTS

Oris D. Gibson, employee at the El Paso Natural Gas Co. at Bloomfield, N. M., visited in the home of his parents, Mr. and Mrs. Oris Gibson of this city. Other guests Sunday were Wayne Conner of Fort Worth, David Strickland, Grand Prairie, Mrs. C. W. Marion of Haskell and Danny and Jimmy Atkinson, Haskell.

NOTICE TO BIDDERS

Notice is hereby given that the COMMISSIONERS' COURT of COURT of Haskell County, will take bids on Tuesday, September 25, 1956 at 10 o'clock a. m. for the purchase of one used Diesel Crawler Tractor, equipped with radiator mounted hydraulic bulldozer. The tractor shall have at least 80 drawbar horsepower. The County will
offer in trade on this machine
one used AD-3 Allis-Chalmers
Motor Grader, and one used TD9 International Tractor, with

The COMMISSIONERS' COURT reserves the right to reject any and all bids. ALFRED TURNBOW 36-37c

VISITING IN HASKELL Mrs. Lester Smith and little

facing project was going on.

Many chambers of commerce
in Hantell have worked on Rural
Telephones for our trade area and
this year we have seen this long

range project completed by the General Telephone Company of

from Page 1)

This year we were privileged to have a new post office dedicated in Haskell after many years of work by chamber of commerce members seeking better postal facilities for our town and com-

We have taken actve part in urging the development of Scott Memorial Park, a recreational spot which is being frequented by thousands of sportsmen who patronize our local merchants.

A much needed improvement to the park and the West Texas Utilities Company Power Plant on Lake Stamford, is a hard-surfaced road leading from the Farm-to-Market road to each of these installations.

Any merchant will tell you that Haskell is indeed fortunate to have the personnel of the Power Plant living here. With cooperation, planned additions to the will mean even more Haskell by the employment still other families to aid with operation of the plant.

Another project in our program of work is the publicizing of Highway 24 as a direct route to the East and at a recent meetciation was organized with A. V. Denman of Greenville, Texas as chairman and Rex Felker of Haskell as co-chairman. Purpose of the association is the re-routing of tourists along this route and improvements of Highway 24. Too often we are privileged to hear this remark: "It can't be

done in Haskell." One outstanding instance was the Rice Springs Roundup which sponsored annually by the Saddle Tramps Riding Club of this city. This organization has sponsored three very successful rodeos and already the local show is being rated as one of the best Amateur Rodeos in Texas.

The same remark was made in connection with the annual Tex-as-Oklahoma Colored Classic sponsored by the Haskell Quarter-back Club. To date five annual classics have been promoted here and the sponsoring organization has netted several thousand dollars which in turn was spent for additional facilities to the high

school athletic plant.

Tis remark is also being made relative to the proposed Municipal Lake. How do we know it can't be done in Haskell until we have explored every conceivable an-gle of the project to see whether it is feasible or not?

We learned in grade school English that the word Can't is an abbreviation for the word cannot so we suggest that the "t" be dropped and then it will read, "It CAN be done in Haskell."

We have sponsored many dol-lar days and Christmas programs along with numerous other special events designed for the pur-pose of attracting more people to Haskell thereby making the town a trading center for a wide

Some people are prone to be-lieve that the membership dues are strictly for the managerial salary. Of course the salary is a most necessary item but it in turn has been spent back with Haskell business concerns along with approximately two thousand additional dollars which the manager has made announcing rodeos and as a correspondent for the Times Publishing Com-

VISIT IN OKLAHOMA

Mr. and Mrs. A. J. Josselet spent the weekend in Oklahoma, where they visited relatives and friends. In Oklahoma City they visited in the home of Mr. and Mrs. W. M. (Bill) McDonald, former residents here. "Bill" as ing of chamber of commerce managers and members in Denton, Texas, a Highway 24 Association was organized with A. V. he is remembered by Haskell people, operated a shoe repair business here for years. In Seminole, Okla., Mr. and Mrs. Jossephinole, Okla., Mr. and Mrs. let visited in the home of her sister, Mrs. W. H. Moris. Mr. former Haskell residents. Morris was a rural mail carrier in the local post office when he lived here.

pany of Wichita Falls, Texas.

There is no doubt but what everyone realizes that times are not normal due to the prolonged drouth which is affecting us. However, it certainly is not the time to quit but the time to work even harder than when the going J. W. Double to the process of the proc

was easy.
What we have acomplished has been through the very fine cooperation of a great number of people and to these we want to express our sincere gratitude for partment of p

plan for a better Haskell.

May we solicit your membership in the Haskell Chamber of Commerce so that we may have er and is the an active organization planning and working for a better place in which to live and do business?

HOLIDAY VISITORS
Visiting in the home of Mrs.
Maggie Larned over the holidays
were Mr. and Mrs. Jack Davis and family; Mr. and Mrs. Wendel Jarman and family; Mr. and Mrs. Wendel Jarman and family; Mr. and Mrs. Don Larned and baby and Clar-ence Tidwell all of Houston.

HASKELL VISITORS
Mr. and Mrs. Willie McClung
of Kermit and Mr. and Mrs. Arvil Jarman and daughters of Dallas visited their father and other relatives over the Labor Day weekend.

VISITS IN CALIFORNIA

Mrs. M. H. Hancock is on an extended visit in Englewood, Calif., with a daughter, Mrs. Geo. B. Hall.
