Florida Youth Leaves Trail of Stolen Cars Before Being Nabbed Here Sunday

A 14-year-old Florida youth was jailed here Sunday after leaving a trail of stolen cars and burglaries extending across several states. Identified by officers as Charles Montgomery of Lakeland, Fla., the youth was apprehended about 4 p. m. Sunday by Sheriff Bill Pennington after the culprit had attempted to flee and had successfully eluded the officer for a time.

After his arrest, the youth talked freely to Sheriff Pennington and detailed the activities of himself and a companion he identified as Donald Allen, 18, of Barto, Fla.

Montgomery related to the officers that he and his companion, Allen, stole a 1956 Chevrolet in Lakeland July 15. They wrecked the car near Kingston, Tenn., and a short time later stole a 1957 model Chevrolet there.

From Kingston, Montgomery and Allen drove to Broken Bow, Okla., where they separated with the understanding they would meet at a certain street address in San Francisco, Calif., at noon on July 24.

Allen took the car stolen in Kingston, Montgomery related, and the Lakeland youth stole the 1956 Chevrolet in Broken Bow while he was driving when apprehended here. Montgomery said he drove to Wichita Falls, and on to Seymour, where he told the Haskell Sheriff he burglarized a Phillips 66 service station Sunday. The youth said he took oil, candles, and chewing gum at the station in the daylight; burglary, which he committed about 11:30 a. m.

Flown on Foot
Coming to Haskell from Seymour, Montgomery had stopped at the Harry Howard service station on Highway 277 north of the square when the out-of-state car was spotted by the Haskell officer. Sheriff Pennington stopped to make a routine check of the car. (Continued on page 10)

Olney Man Killed In Wreck on Highway 277 Tuesday Night

Thomas Wayne Dixon, 33, Olney oil field worker, was fatally injured Tuesday night in a one-car accident five miles north of Stamford.

Dixon, traveling north on U. S. Highway 277, was driving a 1957 Pontiac sedan when the car went off the right side of the highway, investigating officers said. The vehicle went 248 feet in the muddy bar ditch, then struck and hurled a 24-foot culvert, coming to rest 50 feet past the culvert.

Dixon was thrown headfirst against the windshield, apparently by the impact of the car landed after striking the culvert. Dixon was found crumpled on the floor of the car, which was upright, officers said.

Highway Patrolmen Ocie Renrow and Cecil Weems, said that rain had fallen earlier in the afternoon but that it was not raining at the time of the accident, although the ground was muddy away from the highway.

Dixon was en route from Seminole, where he had been working as an oil field roughneck, to his home in Olney. Time of the accident was placed at 10:30 p. m. A passing motorist who noticed the wrecked car, drove to Stamford and notified Stamford police, who in turn called Highway Patrolmen Ocie Renrow and Cecil Weems and dispatched an ambulance to the scene.

Haskell Sheriff Bill Pennington and Deputy Garth Garrett joined Patrolmen Renrow and Weems in investigating the wreck. Officers said that Dixon, unconscious, was still alive when they arrived but was pronounced dead on arrival at the Stamford Sanitarium.

Tuesday night's tragic wreck was the second traffic fatality on Highway 277 in two months. Five persons were killed in a head-on collision of two cars six miles south of Haskell last June 2. Body of Dixon was prepared for burial at Kinney Funeral Home, Stamford. A funeral coach from Morrison Funeral Home in Graham came for the body Wednesday. Burial will be in the Proffitt Cemetery between Throckmorton and Graham.

Mr. Dixon was born Feb. 6, 1924, in Newcastle. He is a veteran of World War II, and a member of the Baptist Church. Survivors include his mother, Mrs. T. E. Dixon of Olney; a sister, Mrs. Chester Cagle of San Antonio; and four brothers, M. C. of Garden Grove, Calif.; Wiley of Graham, Ernestine of Olney and Samuel of Seminole.

This one wants you to get choosy! The fussier you are, the more Chevy can show what it's got inside, outside and in performance.
Take the solid way a Chevy is built. It's the only car in its field with Body by Fisher—sturdily put together, with a look of sub-

stance other cars in its price class haven't quite captured. Everywhere you look, fine finishing touches confirm the craftsmanship that goes into a Chevrolet.
Chevrolet's response and performance are pretty special, too. There's a well-what-are-we-waiting-for spirit in the engine, especially when you show a Chevrolet a mountain. Haskell County Scouts At Jamboree Visit Historic Spots in Philadelphia

By WILLIAM OVERTON

Jamboree City, Valley Forge, Pa.—The 37 Scouts and their three leaders who represent the Chisholm Trail Council at the 4th National Jamboree arrived here by special train Thursday morning. They had traveled from Abilene in three and one-half days by way of St. Louis and Washington, D. C.

Representing the Haskell area are Tom Bill Holden, son of Mr. and Mrs. W. O. Holden of Haskell; William Waller and Mike Overton of Paint Creek, Larry and Tom Horton, sons of Mr. and Mrs. Connor Horton of Rule, and Jackie Whorton, son of Mr. and Mrs. E. B. Whorton of Rule.

Boys from all over the United States and 16 foreign countries where Scouting exists are attending the Jamboree, fifty thousand of them, and the boys from the Chisholm Trail Council have enjoyed the meeting and talking with boys from many different places. One of the most popular activities here is swapping and trading. Jamboree Scouts enjoy trading items representing their section of the country for various things brought by Scouts they meet.

Boys from our Council brought horned toads, cotton bolls, neckerchief slides, Western hats, and other things which they made or collected. The horned toads are especially popular for many of the Scouts have never seen one. The boys are keeping the horned toads for which they swapped and are taking them home for pets.

Friday, the boys in our group took a trip to Philadelphia, and they enjoyed seeing the Independence Hall, the Liberty Bell, Betsy Ross's Home, Ben Franklin's grave, the old Christ Church where many of our nation's founders worshipped, Old City Hall where the first Supreme Court convened, Carpenter's Hall where the first Continental Congress met in 1774, and many other places of interest in the historic old city. They were taken to Philadelphia by train and were met there by a Philadelphia Scout who conducted the tour.

Friday night, the 50,000 Scouts met at the giant amphitheatre and with almost as many visitors had their opening ceremony. After an opening prayer, Scouts from the various regions of the United States as well as the foreign Scouts gave demonstrations as the state flags were raised into place. Then a beautiful mass flag ceremony with 1,200 flags participating was given. Guest speaker for the occasion was Vice President Richard Nixon, who his impressions of a Jamboree and gave the Scouts a challenge of citizenship as well as wishing

them good luck and "Good Swap-pin!" Following his address, a magnificent pageant was given across the football field-size stage. It depicted the history of Valley Forge, the winter encampment of General Washington and his Continental Army, and the great sacrifices these early countrymen made in order that we can enjoy freedom today. More than five hundred took part in the story. Then 50,000 Scouts looked skyward, for a giant fireworks display closed the ceremony.

This morning (Sunday) religious services were given; Bahi, Buddhist, Christian Science, Church of Christ, Mormon, Eastern Orthodox Catholic, Quaker, Jewish, Roman Catholic, and a giant United Protestant Worship which most of the boys from our area attended.

Local Farm Bureau Officials Attend Conference

Adell Thomas, C. H. Herren and Bobby, and Mrs. Gene Tonn attended the presidents, secretaries and directors Farm Bureau District Conference Monday in Wichita Falls.

The group reported a very interesting and informative meeting. Each county of the 17 in this district was represented. Group singing was led by Mrs. Tonn and C. H. Herren of this county gave the invocation.

After roll call, minutes of the last meeting, and the membership report was made by O. K. Hoyle, the following issues were discussed with Loys D. Barbour, District Director presiding: Policy Development, Committee Report, Legislation on Livestock "check-off," Queen Contest, to be held in Vernon for the finals August 27, 1937; Alternative Cotton Plan; Commodity Committee report; Blue Cross; Texas FB Institute to be held in Austin August 4-7; F-M Roads, and many other issues were brought up.

The group was also reminded of the fine response of the 109 radio stations in putting on the Texas Roundup each Saturday on that number of stations at no charge to the Farm Bureau. This service has been enjoyed for some time now and the public is urged to tune in on their local station to receive some valuable information each Saturday, Barbour said.

O. K. Hoyle and the new organization representative, Frank Price from Matador, came to the board meeting Monday night and tentative plans were made for a meeting next month to arrange for the Farm Bureau membership drive the latter part of September, Thomas said.

Paint Creek... Community News

MRS. GENE OVERTON

Texas is the driest, dustiest, hottest and best state in this whole United States and Paint Creek is the very best part of Texas. Just go off for ten days, and you'll know what I mean when you get home. It was a wonderful trip, and we enjoyed every minute of it, especially the Jamboree, but there's no place like home.

Our Paint Creek boys made us all proud at the Jamboree. Wallar Overton served as Senior Patrol leader for the Chisholm Trail Council group, William Overton was scribe and sent the news back to the papers as well as edited the film Ed Burnam made of the Jamboree. Dan Riley Griffith was patrol leader for the Comanche patrol. We are anxious for them to come home tonight (Tuesday) and tell us all about their camp.

A Jamboree to a Scout like a pilgrimage to Mecca for a Moslem, or a visit to the holy city for a Jew. Every Scout dreams of attending a Jamboree, and he has to plan and work a long time to be able to attend. For one thing a Jamboree costs a Texas boy quite a lot of money, because they are always held a long way off. He is supposed to make the money himself, and you can imagine how hard it is for a boy 12 or 13 years old to make \$150 or \$250 or whatever it takes. Our Mike has worked almost four years, raising pigs, selling Christmas cards, raising and selling friers and any other job he could do to make some money. It was good for him and made his Jamboree mean a great deal to him. The older boys could plow for the neighbors and they had their own crop to make theirs, and Dan Griffith raised and sold dressed fryers and raised sheep and pigs for his. So a boy has to plan his Jamboree trip several years in advance.

There will be another one in four years, and any Scout who wants to go should start planning now and making his money for the trip. It is a wonderful experience and one that teaches a boy things and gives him experiences he will never have again.

At the 4-H dress review at the Baptist Church annex in Haskell last Thursday night Linda McRae won a blue ribbon on the skirt she had made. Joan Griffith won a blue ribbon on her dress. Carolyn Livengood won a red ribbon on her skirt, and Mary Lou and Ann McLennan won red ribbons on their dresses. The girls modeled their garments and were judged as to construction of the garment and the way she modeled it, choice of material and pattern for her type figure, etc.

Mr. and Mrs. Louie Kunstler spent last week end in Fort Worth with their son and family. Rev. and Mrs. Truett Kuenstler and daughter, and their daughter's family, Mr. and Mrs. Glen Sandefur, who had spent the past month with her grandparents.

Mrs. A. E. Eubanks suffered a painful injury while visiting her daughter's family in Fort Worth last week. Mrs. Eubanks had been there for several weeks since the birth of the Ornsby's baby daughter. She was preparing lunch, and when she started to light the oven to cook bread it exploded, throwing her across the kitchen and burning her face, hands and arms. She spent from Tuesday until Friday in the Harris Memorial Hospital and was able to return to Paint Creek Saturday. She said the burns were not as painful as the bruises she suffered in the explosion.

Rev. and Mrs. Jack Ormsby are the parents of a new 10 pound daughter whom they have named Mary Joyce. Mary Joyce has a 2 year old brother, Paul who is spending several days with his grandparents.

Mr. and Mrs. W. R. McRae and children of Hurst spent the 4th holidays with his brother, Dan McRae and family.

Mrs. M. B. Howard has been a recent patient in the Stamford Sanitarium.

Mr. and Mrs. Tom Bunkley entertained during the rodeo with

a dinner party honoring our Paint Creek Sue Micker, bride-elect of Phillip Williams and Judy Metz, Stamford sponsor of the Cowboy Reunion. The Bunkleys daughter, graduation is on a European tour, a graduation gift of her grandmother Roulac, and since Judy and Sue are close friends of hers, Mrs. Bunkley entertained for them. Guests were Sudy and Phil, Judy Metz and Jimmy Alexander, Halene Lipe and Doug Kendrick and Sandra Swenson and Dan Smith.

Mr. and Mrs. Jack Alston and baby of Abilene recently visited his mother, Mrs. Alston and brothers. Jack is attending McMurry.

Mrs. Lester Seth of Abilene, her baby son and Mrs. E. A. Howard were in an automobile accident last week as they were leaving Abilene to come to visit their parents, Mr. and Mrs. Harvey Terrell at Purdue Ranch. The husbands of the two women had to come on in another car, and they received a phone call after reaching the ranch telling of the accident. Helen Joyce (Mrs. Howard) suffered a broken leg and bruises and Mrs. Seth was in shock. The baby was only slightly injured. Both their car and the one with which they collided were badly wrecked.

Mrs. Sandra Childress of Odessa and Gene Bounds of Paint Creek were married Thursday, July 11. Chris Hager served as best man, and Mrs. Mildred Mitchell of Odessa was maid of honor. Parents of the couple are Mr. and Mrs. Owens of Odessa and Mr. and Mrs. Raymond Bounds. The couple is living in Stamford.

Mr. and Mrs. M. E. Hughes were hosts for a fish fry last week after Mr. Hughes caught a 14 pound fish in the creek. Guests were Mr. and Mrs. O. G. Houston and Peggy.

Bolding of Stamford. Guests in the home of Mr. and Mrs. Mack Earles last week were Mr. and Mrs. Dan Booe and two daughters from Munday, Mr. and Mrs. Fred McMillan and children from Goree and his brother, Mr. and Mrs. F. M. Earles of Shamrock.

John R. Watson Sr. was a recent patient in the hospital. He is better now, and he and Mrs. Watson are celebrating their golden wedding anniversary next Sunday.

Sammy Griffith and Jimmy Griffith and Mrs. Gene Overton were in Abilene Tuesday night to meet the Scout Jamboree special train.

Cars were furnished the Jamboree staff by the Plymouth Co. this year. Chevrolet furnished them last time. Anyway, these cars were put on sale at the close of the Jamboree and Gene bought one of the sport Suburbans, which is sorta like a station wagon. After nine long years, the old Buick can rest awhile. Skipper Willis and Kenneth Lafferty drove it through for Gene.

New Corn Hybrid Developed For Drouthy Areas

College Station—A new early-maturing hybrid which produces good yields under conditions of low moisture and high temperatures has been developed in the corn improvement program of the Texas Agricultural Extension Experiment Station.

This new hybrid, Texas 38, is a yellow double-cross with ears slightly smaller than other Texas hybrids. Its plants are usually about two feet shorter than the other hybrids and the ears are borne one to two feet lower. Because of its earliness, Texas 38 escapes some insect damage suffered by medium maturing hybrids now grown, according to a leaflet just released by the Experiment Station.

Copies of this leaflet are available from the Agricultural Information Office, College Station, Texas. Just ask for L-345.

B47 Crash Victim Was Husband of Haskell Girl

First Lieut. Frank B. Kelly of Washington, D. C., one of the four airmen killed in the crash of a B47 bomber near Abilene Wednesday night, was the husband of a former Haskell girl. Lieut. Kelly was married last May 26 to Madalin Carol Gilstrap of Abilene, formerly of Haskell.

The four victims of the crash, members of the 10th Bomb Squadron at Dyess Air Force Base, were Lt. Kelly, Maj. William A. Price, Capt. Coleman A. Adams, and S. Sgt. William C. Burdette.

The four men died about 8:50 p. m. Wednesday when their B47 took off on a routine SAC training mission, but crashed about a mile and a quarter from the south end of the runway.

Memorial services for the crash victims were held at Dyess AFB Saturday. Major Price was buried in Dallas, Lt. Kelly and Capt. Adams in Arlington National Cemetery at Washington, D. C., and Sgt. Burdette was to be buried at Talledega, Ala., his home town.

In addition to his wife, Lt. Kelly is survived by his mother, Mrs. Mrs. S. Kelly of Washington, D. C.

Cows, Slaughter Calves Weak at Fort Worth

By TED GOULDY

Fort Worth—Trade developed unevenly on slaughter cows and slaughter calves at Fort Worth Monday. Early prices were steady but the later trade was 25 to 50 cents or more lower. Slaughter classes made up less than 40% of the day's receipts.

Stocker and feeders were again very active and at strong to uneven higher prices. Slaughter steers, yearlings and bulls also cleared at fully steady to strong prices.

Very few fed cattle arrived, and high choice to prime cattle were lacking in the day's receipts. Good to choice slaughter steers and yearlings sold from \$20 to \$23, and common to medium sorts sold from \$13 to \$19. Fat cows sold from \$13 to \$15.50, and canners and cutters cashed at \$8.50 to \$13, a few strong cutters at \$13.50. Bulls sold from \$13 to \$17.

Good and choice slaughter calves cleared at \$19 to \$21.50 with a few higher. Common and medium sorts sold from \$14 to \$18, and culls sold from \$10 to \$13.

Good and choice calves cashed at higher calves range down.

A traveling salesman was Harry G. Blum. Who could sell ice cubes to an editor? But he fell for a line slicker than his. From a new car salesman—wow! what a car! The car had style—years out of date. The features were new—back in 1930. Harry's still smiling, the tears hardly show. But how he wishes he could get back his dough!

Moral: Don't get "bargain-talked" into yesterday's styling and features

Like a lot of people, Harry was looking for a "good buy" in a new car. But a car is a bargain if it's outmoded before you drive it a mile. For the same money Harry could have stepped up to a dashing Swept-Wing Dodge—so new it actually obsoletes other cars in its field. Obsoletes their high, boxy design with the low, low look of tomorrow. Obsoletes their old-fashioned features with advances as Torsion-Aire Ride, Push-Button TorqueFlite and Total-Command Brakes. So don't do what Harry did—please. See your Dodge dealer today!

Join the swing to the Swept-Wing Dodge!

Vacation Trip to Galveston Turns Into Busman's Holiday for Retired Haskellite

Ordinarily, a man retiring after more than 30 years in business and taking off on a vacation jaunt to Galveston and other points on the beach would be expected to live the life of Riley and take it easy, for a few weeks at least.

Not so with R. L. Burton of this city.

Three weeks ago the veteran automobile dealer disposed of his interests in a local automobile agency.

Then, he and Mrs. Burton and her sister Mrs. Alice Ray of Kermit left for a vacation in Galveston.

The Haskell man hadn't been in Galveston two days until an automobile dealer there, Bill Brown

Chevrolet Company, had prevailed upon him to help in moving out a stock of new and used cars.

Getting back into harness after a week's "retirement" Burton outlined an advertising campaign and staged a three-day "Selling Spree" that set a sale record for the Galveston automobile company.

Burton returned to Haskell Monday for a few days. He will go back to Galveston, where his wife and her sister are vacationing, sometime this week.

"I really intend to take a vacation this time," he said.

Perhaps so, but we'll wait and see.

Florida Youth - - -

(Continued from page 1)

Going inside the station, he inquired for the owner of the automobile, and Montgomery said it was his car. As they walked outside Pennington asked for the boy's drivers license.

The youth whirled and ran behind the station, through a patch of weeds and hid in a small shed or garage. As the officer continued the search, he "flushed" the boy, who darted down an alley, around a building and outdistanced the sheriff.

Pennington hailed Dugan Starr, Haskell welder who was passing, and Starr joined in the chase when told what was happening. A one-time HHS football and track man, Starr was unable to overtake the culprit as the youth raced back toward the service station and his stolen car.

Reaching the automobile a few yards ahead of Starr and Sheriff Pennington, the young desperado jumped into the vehicle and locked the car doors as he attempted to start the motor.

However, a part of the ignition system had become disconnected and the engine failed to start.

The youth, still unken and defiant, finally unlocked the car doors after Sheriff Pennington warned that he would break the door glass if the car was not unlocked immediately.

After hearing the youth's story, Sheriff Pennington contacted officers at Broken Bow, Okla., and they identified the car in Montgomery's possession as belonging to Harry Cluck, Broken Bow resident.

Montgomery was released to Baylor County officers Tuesday, Sheriff Pennington said, and the car was held here for the owner. The FBI also has been notified, since the stolen car was transported across state lines.

Lions Hear Report On San Francisco Convention

Members of the Lions Club heard a report on the recent convention of Lions International in San Francisco, Calif., and were given a list of committee assignments for the coming year at the regular meeting and luncheon Tuesday.

J. M. Crawford, who was Haskell's representative at the International convention, told some of the highlights of the meeting. The Lions Club parade on Market Square was the first allowed there since 1915, he related. Texas had about 40 men in the Lone Star State's section of the gigantic parade.

Crawford told of the interesting sightseeing tours for the Lions, including a trip to the top of Telegraph Hill, where ships are signalled into the harbors and docks. A visit to the famed Golden Gate bridge was another highlight, for sightseers.

Convention delegates met in the Cow Palace, where the initial session was opened by the past president. Representatives from Finland and Bombay were among the speakers, Crawford reported. Flags were presented by 58 countries, and Lions Clubs now operate in 82 nations, the delegates were told.

One of the most impressive programs was a memorial service honoring Lions Club officers who had died during the past year.

Also, Crawford reported hearing a talk on Red China by Secretary of State John Foster Dulles, one of the top-flight speakers on the program. Among novel bands furnishing music for the convention were those from China and Scotland, Crawford noted.

During a brief business session, club president Wallace H. Cox, Jr., announced appointment of the following committee chairmen for the ensuing year:

Finance, Dr. J. G. Vaughter; Information, Theron Cahill; Agriculture, C. O. Holt; Civic Improvement, Bailey Toliver; Community Betterment, Rex Felker; Greeter, F. C. Hipp; Traffic Safety, Howard Perry; Program, Harold Spain; J. M. Crawford, Robt. R. King, W. H. Cox, Jr., co-chairmen; Health and Welfare, Dr. T. W. Williams; Sight Conservation, Dr. Frank C. Scott; Citizenship, Rev. Oscar Bruce; United Nations, Dr. R. K. McCall; Boys and Girls Activities, Harold Spain; Membership, J. M. Rains Help Farm Outlook, Ease Local Water Problem

Light rains and cooler temperatures this week have resulted in easing the demand on municipal water supply which has been at critically low level in recent weeks.

Also, scattered rains ranging from light showers to near-cloud-bursts which have fallen this week served to brighten the farm outlook and improved prospects for early feed which had started deteriorating rapidly.

Heavies; rain was in a small area southeast of town, where 3.25 inches was gauged on the Willie Farrell farm Tuesday afternoon.

In Haskell, precipitation was

measured at .45 inch, with a similar amount reported at the Norman Nanny farm northwest of Haskell. Rains up to one-half inch were also reported southwest of town.

In the Paint Creek section, heavier rainfall was reported, ranging up to 1.25 inches.

Apparently, the rains extended only a short distance north of Haskell, with no moisture falling in the Weinert area. Rochester reported only a trace, while an estimated one-half inch was received at Knox City.

A hard shower at mid-afternoon Wednesday brought an additional .10 inch, with heavier precipitation reported south and west of town.

Heaviest rains Wednesday were in the Rule area, where estimates of the downpour ranged up to four inches.

The municipal water picture was brightened further, at least temporarily, with the addition of a new well completed in West Haskell. Continued tests will be made in searching for more wells, city officials said.

Chairmen Named For Rotary Club Committees

Committee assignments for the ensuing club year were announced by President Robt. R. King at the meeting of the Club Thursday in the banquet room of the Texas Cafe.

President King also reported that the club's road signs were being installed at prominent places on the highways leading into town. The signs list the date, hour and place of meeting of the local club. They are for the convenience of out-of-town Rotarians desiring to make up an attendance at a club meeting. The signs are being erected by Carl Anderson, a member of the Haskell club.

President King announced appointment of the following committee chairmen and sub-chairmen, as approved by the board of directors:

Community Service, Carl Anderson, chairman. Youth Activities, R. F. Cosgro; Rural-Urban Activities, Ed Hester; Safety, E. J. Stewart.

International Service, Ira Hester, chairman; International Contacts, Wm. P. Ratliff; Rotary Foundation, Jean Elliott; International Information, Chas. M. Conner.

Vocational Service, R. A. Lane, chairman. Buyer-Seller Relations, Bob Wheatley; Competitor Relations, J. A. Byrum; Four-Way Test, Roy K. McCall.

Club Service, Thos. B. Robertson, chairman. Attendance, Stanley Furrh; Fellowship, J. A. Byrd; Public Information, Alfonso Pate; Inter-City Meetings, W. O. Smith; Program, Wm. P. Ratliff, Roy K. McCall, Hooper Wilkinson, Tom Barfield; Classification, W. R. Johnson; Rotary Information, Roy K. McCall; Rotary Magazine, Tom Barfield.

Special guests at the meeting were Frank Porter, new HHS band director, and Sara Sue Roberson, pianist, who entertained with several numbers and was accompanied by the club singing.

Out-of-town Rotarians attending the meeting were K. K. Francis, C. S. McNeely and Jim McCulloch of Stamford, and Sonny Herman of the Downtown Rotary Club in Abilene.

County Ahead of Goal in Savings Bond Purchases

During the first six months of 1957, the citizens of Haskell County invested \$186,306 in Series E and H Savings Bonds. Of this amount \$13,364 was purchased during the month of June. This report was made today by J. M. Crawford, chairman of the Haskell County Savings Bond Committee.

Sales in Texas during the first half of 1957 were \$85,566,885 or 44.8% of the 1957 goal of \$193,100,000. June sales in Texas were \$12,988,481.

Bond purchases in Haskell County to date amount to 64.8% of the county's 1957 goal, Crawford said.

"I would like to remind the people of Haskell County that there is no safer investment in the world today. Both the principal and interest of U. S. Savings Bonds are fully guaranteed by the full faith and credit of our government. Savings Bonds now earn higher interest and mature sooner. Remember, our slogan for 1957 - Part of every American's savings belongs in U. S. Savings Bonds." Chairman Crawford concluded.

Beer Cargoes Cost Haskell, Stamford Men \$100 Fines

A cargo of 10 cases of beer in his car resulted in a fine of \$100 and costs in County Court for a Haskell man last weekend. The fine was imposed by County Judge Alfred Turnbow after the defendant had entered a plea of guilty to a charge of transporting.

The load of contraband was seized by Sheriff Bill Pennington and members of his department after they had stopped the car Friday night for a routine check.

A Stamford farmer also drew a fine of \$100 and costs for a similar offense last week, after he had entered a plea of guilty. Sheriff Pennington, Deputy Garth Garrett and Constable Bob Marlow became suspicious of the Stamford man's actions when they saw him driving through the colored section of town. Checking his car, officers confiscated several cases of beer, they reported.

In other recent court action, a Dumas man was fined \$50 and costs, with automatic suspension of his driver's license, after pleading guilty to driving an automobile while intoxicated. He was arrested by city police and members of the sheriff's department after other motorists had reported the man's erratic driving on the highway as he neared Haskell.
