Mrs. Shelly Royall Named President Of Local Council of Camp Fire

Mrs. Shelly Royall, prominent leader in Camp Fire Girls activities, will be installed as president of the Local Council of Camp Fire, Thursday, Dec. 1.

Mrs. Royall, prominently identified with the Council since its organization a year ago, succeeds Chay Hattox of this city, who has served as the Council's first president.

Also to be installed Dec. 1 is Mrs. Jewel Bynum as secretary and treasurer of the Council. She succeeds Mrs. Robert Sego who has served as secretary and treasurer during the past year.

Douglas Lees was chairman of the nominating committee submitting the slate of new officers for the Council.

During the one year the local Council has been in operation, a number of Camp Fire and Blue Bird groups have been formed here and a comprehensive program of activities has been carried out.

Major accomplishments during the year included a Summer Camp of Camp Fire girls and a

Day Camp for Blue Bird groups, in addition to special programs at intervals.

Assistant County School Nurse Is Employed By County School Board

Mrs. Jessie Griffin of Rochester has been employed by the County School Board as School Nurse in the Rule and Rochester schools, as assistant to Mrs. Stella Trice, County School Nurse for the past seven years.

Mrs. Griffin, who has already assumed her duties, takes over the work in the Rule and Rochester schools which has been done by Mrs. Trice since 1949, when the position of school nurse

was set up by the Gilmer-Aiken law.

With the additional helper in Rochester and Rule, Mrs. Trice will devote her time to the other schools in the county.

At the time the position of school nurse was created in 1949, Mrs. Trice was employed for all the schools in the county, with her services being extended to an average of 3,000 pupils annually during the school term each year. This has become an increasingly heavy burden for one person, resulting in the county board employing an assistant.

School patrons are probably interested in knowing how it came about that a second nurse could be employed. Miss Jessie Vick, County Superintendent, said she explained that according to the Gilmer-Aiken laws of 1949, a school nurse comes under the classification of "special teacher" along with visiting teachers, itinerant teachers, and librarians. A special teacher is provided by state funds, one for each 20 classroom teacher units, or CTUs, that the schools have. (In the small school, the CTUs are determined on the basis of 25 pupils per teacher.) Small schools in a county are allowed to pool their CTUs and share the services of the special teachers, the county superintendent explained.

Heretofore with their CTUs the schools have had one school nurse, and either a visiting teacher or an itinerant teacher—the latter teaching music or some other special subject, on a cooperative basis. This year no other special teacher could be found, Miss Vick said, and so the second nurse was employed for the rest of this school year.

The Christmas shopping season in all its glitter and glamor will be officially opened in Haskell Thursday, December 1, to be followed by the traditional visit of Santa Claus Friday afternoon, Dec. 2.

Work of stringing multi-colored Christmas lights throughout the business section will be started during the next few days. Additional decorations will be added, including lighted Christmas trees on awnings around the square in the business section and atop the courthouse to make the business section a blaze of colorful holiday lighting.

Haskell stores, packed with new Christmas merchandise, will hold open house Thursday evening from 6 to 8 p. m., to display the largest and most complete line of holiday and gift merchandise featured in years.

As a special feature of the Christmas opening, show windows will be filled with holiday merchandise. The windows will be unveiled at 6 p. m. for the first time. As an added attraction, those visiting the stores will be invited to guess at the value of merchandise in the display windows, with the nearest guess being awarded a valuable gift from the store.

Santa Claus will visit Haskell Friday, Dec. 2, and will lead a parade in the downtown section at 4 p. m. Immediately following the parade, Santa will remain for a visit with his little friends, and will present gifts of candy and talk with the children on the courthouse lawn.

Free Turkeys
Santa Claus will bring special gifts for adults, too, and 10 dressed turkeys will be given away on the courthouse lawn after the parade.

Winners of the turkeys will be determined in drawing from a list of car license numbers for Haskell County. Every person whose car was registered in Haskell County will be eligible, and their numbers will be in the container. However, the winner must be present. Persons whose cars were not registered in the county will be included if they list their license number at the C. of C. Office.

Drawings Each Saturday
Additional drawings will be held on Dec. 10, 17 and 24, and on each of these dates, approximately 40 gifts valued at more than \$200 will be distributed, for a total of \$600 during the holiday season.

Children Home to Visit Father, Hold Open House
F. T. Sanders, prominent retired cotton gin owner, had all his sons and four of his grandchildren as guests in his home during the weekend. It was the first time all of his children had been together at one time in several years, and to honor their father open house was held in the Sanders home in East Haskell Sunday afternoon from 2 to 4 o'clock.

Calling during the afternoon were scores of Haskell friends, and numerous others from out of town.

His sons and their families, present included, Mr. and Mrs. Earnest Sanders of Fort Worth, Mr. and Mrs. Jerome Sanders of Cleveland, Ohio, Mr. and Mrs. Roy Sanders and daughters, Carol Ann and Linda Kay of Wichita Falls, Mr. and Mrs. Wallace Sanders and children, Wallace, Jr., and Linda Ann of Wichita Falls, and Fred Sanders, Jr., of Brownsville.

Mr. and Mrs. Jerome Sanders came by private plane. An executive with Standard Oil Company, Mr. Sanders, accompanied by his wife, had been in California on a business trip in their plane. They flew from California to Stamford Saturday in order to spend the weekend here.

Two of the Haskell man's sons, Earnest and Wallace, are prominent Fort Worth attorneys. Another son, Roy, is with an oil industry concern in Wichita Falls, and a younger son, Fred, Jr., is in the furniture business in Brownsville.

A West Texas pioneer, Mr. Sanders came to Haskell County in 1888. As a young man, he taught school three years. Entering the gin business in 1901, he continued as owner and operator of cotton gins until his retirement in 1947.

The Haskell man holds the distinction of being among the first ginners to process "pulled" or boll cotton. As early as 1909, his gin pioneered in this field of ginning by using part of a threshing machine through which the boll cotton was first run to remove most of the burrs before being run through the gin stands.

Homecoming to Be Held at Rockdale Church Nov. 27

All-day Homecoming will be held at Rockdale Baptist Church southeast of Haskell on Sunday, Nov. 27, it has been announced.

All former pastors, as well as members who have moved away, and all friends of the church are being invited to attend the Homecoming. Short talk will be made by visiting ministers and some of the early-day members of the church. A full day's program is being planned which will include singing and several vespertine periods.

At the noon hour an old-fashioned basket dinner will be spread for everyone present.

"Juke Box" Dance Slated Saturday For Legionnaires

A "juke box" dance will be held at the American Legion Building Saturday night, sponsored by the Rogers-Cox Post No. 221.

The dance will be for members only, with their wives or friends. Popular recorded dance music will be used, and refreshments will be served.

Dancing will be from 8 until 11 p. m.

Retired Trapper Awarded Certificate and Medals

Middleton, veterinarian and wildlife trapper, was appointed trapper for Haskell County in 1931, and served continuously until his retirement last July.

Previous to 1931, however, Middleton was an old hand at the business, having worked some eight or ten years as trapper for The Matthews and X Ranches in Haskell, Throckmorton and Shackelford Counties.

During the time he worked for the X or Reynolds Ranch, Middleton's records show that he trapped or destroyed 3,600 coyotes and bobcats. He has no estimate of the total number of predatory animals he has destroyed, but is certain the number would run into multiplied thousands.

He recalls that one of the largest wolves, believed by many persons to have been a "Lobo" was killed in the late 40's by a cyanide gun Middleton had set on the Lennis Jones place near Rule. The huge wolf weighed 63 pounds, he recalls.

In his earlier trapping, and until about 1944, Middleton used steel traps exclusively in his war on predators. Normally he used about 75 traps, "enough to keep a man plenty busy running them," he declared.

Around 1944 he used his first cyanide gun sets, and they proved so successful that the units replaced steel traps altogether, Middleton said.

Although he has retired from active trapping, Middleton still loves the outdoors, and only last week pursued from a deer hunting trip in New Mexico. He brought back a large buck, too.

City Buys Water Well Site, Hires Nightwatchman

The City Council, in regular meeting Tuesday night, approved a contract for purchase of a lot in the Shook Addition where a new city water well has been developed, and voted to employ Richard Spinks as regular city nightwatchman in the business section.

Night Officer Spinks, who went to work under a tentative agreement about three weeks ago, succeeds former Nightwatchman W. C. Allen, who gave up the job because of health.

The City had held an option for purchase of the site where the new water well has been drilled. Tuesday night the Council authorized purchase of the property from H. C. King and O. L. Darden of this city.

Goodfellows Face Huge Task In Providing Xmas for Needy

The Goodfellows Club, sponsored by the Haskell Lions, faces a monumental task during the next few weeks if the needy families and underprivileged children of Haskell are to have a Merry Christmas.

This will require money—more than the Goodfellows have prospects of getting unless everyone gives generously. They have on hand now approximately \$325, and at least \$800 to \$1,000 will be needed.

"We have not made anything like a complete survey of the need," Warren said Tuesday, "but it is a definite fact that many families in our town are hard pressed to obtain the bare necessities much less the luxury of a toy or doll, a bag of candy or a basket of Christmas food," he declared. Dr. McCall and other members of the committee said the demand on the Goodfellows this year would be much greater than last year, when approximately \$800 was expended.

So—it's up to you and me—all of us—we who never miss the price of a cup of coffee or pack of cigarettes.

Penalty Erases Indians' Title To Give Albany Lions IA-8 Win

The Haskell Indians decisively outplayed the strong Albany Lions in every department of football here Friday night in the District IA-8 encounter between the two teams.

But the Indians could not compete with official's rulings which denied a well-earned title to the championship team and awarded an empty victory on a 0-0 score to the visiting Lions.

To the 3,000 or more fans who witnessed the title battle between two of the top schoolboy squads in West Texas, the spectacle of clean and honest competition was marred almost from the start by the obvious partiality evidenced in penalties against the Indians.

What happened to the Indians in having a hard-earned touchdown swept aside by a questionable penalty should not happen anywhere this side of the Iron Curtain.

This is not to detract from the tough, determined performance of the stout-hearted Lions who played their hardest game of the season again their most formidable foe to date in the rugged and unbeatable Indians.

But the verdict which went into the record at the end of the game to give the Lions a district title did not represent a victory won on the playing field. Rather than reflecting player performance borne out by statistics, it was in contradiction to these, and in the opinion of spectators, contrary to all rules of fair play.

The Indians had the only touchdown of the night nullified by a 15-yard penalty for "holding" (in a line buck on the 2-yard stripe) late in the fourth quarter and had 115 yards stepped off against them in penalties.

The Indians hammered away at the middle of the Albany line and swept the ends for consistent yardage until they neared the Albany goal line. Drive after drive by the Tribe was stymied by fumbles or penalties.

Though the Indians were penalized their only score, they rolled up 217 yards on the ground, principally on rushes of Jimmy Love, Don Mullins and John Pittman.

The highly-acclaimed Albany attack that had carried the Lions to nine consecutive victories this season, was mired time after time in the stubborn Indian forward wall, led by Guard David Strickland, Tackle Wayne Conner, and Center John Holt.

In all, Albany managed only 95 yards on the ground and 39 in the air. The Indians also had a wide edge in first downs, 12 to 7. Penetrations were even.

Albany threatened seriously only once, early in the first period on a drive to the Haskell five where it was halted by a fumble.

Haskell's lone trip to the pay zone came with 6:10 left in the fourth. From the Lions' 33-yard line, Love squirmed his way through the entire Albany defense to the two yard line, where he was caught from behind and run out of bounds by David Mitchell on the two.

This group will consist of a sponsoring Professor of Dallas Christian College and two young men and three young ladies who are students of the college.

"They will bring us a program of special numbers, pictures of the college activities and the story of the College so that we might know more about the College and their plans and their needs," Minister Gresham said.

Continuing, Minister Gresham explained, "This school is operated on Faith in God and in those who believe on the Lord Jesus Christ. This will be a grand program and we hope many will avail themselves of this opportunity of seeing these young people in action."

Everyone is welcome to this special service.

Thief of Grain Brings \$20.50 Fine Against Mexican

A Mexican man caught taking grain from a loading elevator near the railway track shortly after dusk Sunday was fined \$20.50 in justice court Monday, after entering a plea of guilty.

The Mexican claimed he thought the grain was waste and that he was taking it for use as poultry feed. He was apprehended by Sheriff Bill Pennington, who became suspicious after noticing the man in the vicinity of the elevator and investigated.

Work was being done on the roads in that vicinity and a deep ditch had been cut where the Center Point road joined the Haskell-Stamford road unknown to Mr. Kirby, and he ran into it before he could stop his car. Newly-Designed Post Card-Size Bill To Be Used by West Texas Utilities

Reddy Kilowatt, West Texas Utilities Company's versatile service symbol, will greet customers on the monthly service statements in a new manner beginning next month, on handier more convenient post card statements. WTU's local office here in Haskell will mail out the new cards for the first time next month, instead of the long statement form used so many years.

Inauguration of the new statement form was decided on after lengthy study and investigation which showed the new method would provide a more convenient statement for the customer and a more efficient system for the company.

H. C. King, WTU's local manager, said, "The new post card statements are prepared on long sheets of heavy paper that feed through machines in a continuous run much the same as newspaper runs through a printing press. The machines figure the statements, print them, and separate them for mailing automatically. The 2c postage is printed on each statement at the time the statement is figured and the information is printed on the statement. Use of a mailing permit eliminates the need for stamping the statements separately."

Postmaster Urges Early Mailing of Christmas Parcels

"It's time to start those Christmas mailings!" Postmaster Harold R. Spain warned today, launching his 1955 "Mail Early for Christmas" campaign.

"On the calendar it's a month away but here in the post office it's Christmas today—and every day until Christmas 25th," he said. Extra mail carriers and office help have been secured, the delivery trucks serviced, post office inkwells filled and in fact everything is ready for the mammoth flood of Christmas mail that is expected to smash all records.

The post office has already dispatched a tremendous quantity of gift packages headed for members of the Armed Forces overseas, Christmas cards for service personnel can still be delivered in time if they are sent by air mail before Dec. 1. In the U.S.A., smart people are now mailing gifts to friends and relatives in other states.

Postmaster Spain especially calls on housewives to help in his effort to deliver every package and Christmas card before Dec. 25th. "The lady of the house," he emphasized, is really in charge of each family's Christmas mailing program. She selects the Christmas cards, buys most of the gifts and sees to it that the mailing list of friends and loved ones is up to date.

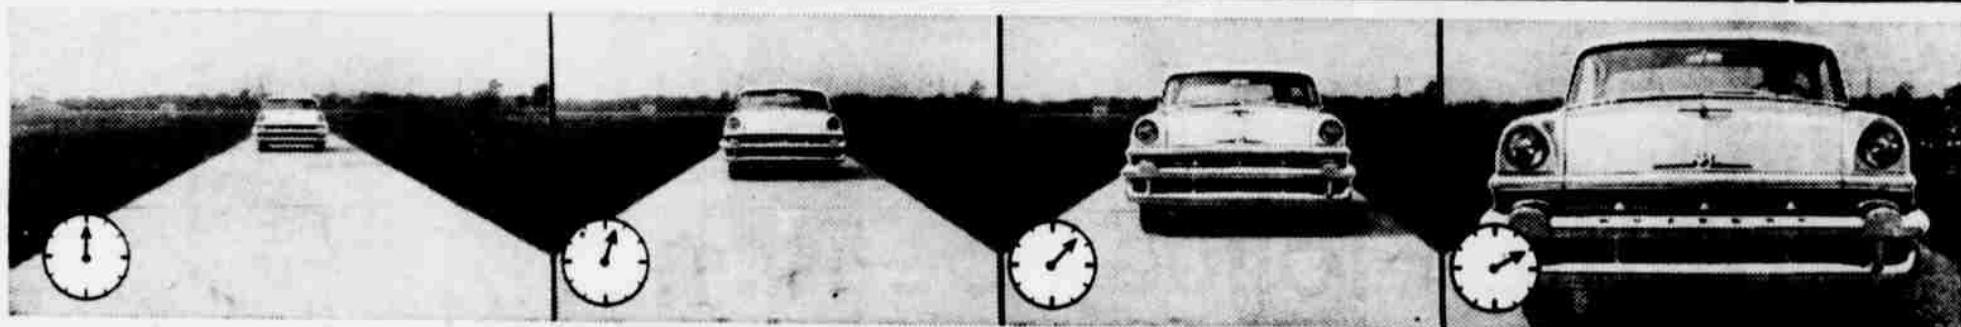

"Actually, success in having all Christmas gifts and greeting cards delivered on time is largely a matter of advance planning and preparation which should be done this week," Postmaster Spain pointed out.

He recommends the following steps at once: Get out your Christmas card list and carefully check through it. Make sure that each address includes the full name, street number, city, zone and state. Then, pay a visit to the post office, stock up on stamps (use 3-cent stamps on your Christmas cards for first-class mail service) and ask for copies of two new publications for patrons, "Packaging a and

Two Legionnaires Win Turkeys for Thanksgiving

The Thanksgiving dinner problem for two members of the local American Legion post was solved Thursday night, when two turkeys were given away at the conclusion of the Post meetings. Approximately 40 members were present for the meeting and entertaining period, Post Commander Earl Wiseman said. A report on the current membership drive listed 48 new members added to the Post since the drive was launched, and a record membership is in prospect for 1956.

A drawing for two Christmas turkeys will be held at the Dec. 15 meeting, Wiseman announced, and all members are reminded to be on hand at that time.

other school groups also furnished program numbers. Wednesday evening, Nov. 16, Dr. Finis E. Engleman, Hartford, Conn., co-chairman of the White House Conference on Education and State Commissioner of Education in Connecticut, was principal speaker. For Re-Dedication Day Thursday, the more than 2,500 members present were divided into eight groups for workshops. Appearing before the groups were panels in which the members presented the objects of the P-TA organization and the many problems that arise, along with suggestions how these problems can be met. Then, after each panel, the two group leaders held discussion periods in which all members participated. These group sessions proved very informative and helpful. Thursday was highlighted by the appearance of a very highly rated and entertaining speaker in the person of Dr. Andrew Holt of Knoxville, vice president of the University of Tennessee, who spoke on "What Teachers Expect of Parents." Friday morning the local unit presidents or delegates were presented on the stage in the "Battle of the Districts," where each delegate marched through a miniature boxing ring in the center of the stage. There they presented to the attendants and seconds their amount of subscriptions to the magazines that had been sold in their units. These were tabulated and announced. The 14th District won first place in having the greater amount, and the 17th District won second place. During the program, the State Board members were seated at the ringside in the cheering section. The convention proper ended at noon Friday, with a meeting of Past Board members held from 2:00 to 5:30 p. m.

State AAUW President is Guest at Social in R. C. Couch, Sr., Home

Members of the Haskell County Branch, American Association of University Women, met in the home of Mrs. R. C. Couch Sr., Friday evening for a social honoring the State AAUW president, Elizabeth Hindman Taylor of Greenville, who was making her official visit to the Haskell organization.

While in Haskell, Mrs. Taylor was a guest in the home of Mrs. Couch.

She talked to the Haskell Branch about the International Association of University Women's convention to be held in Paris, France, next summer. Mrs. R. C. Couch, Sr., president of the Haskell Branch, presided over the meeting.

Mrs. Taylor lives in Greenville, where she is an independent business woman, but belongs to the AAUW chapter in Commerce. She was reared and educated in Greenville, attended the East Texas State Teachers College and the University of Colorado before graduating from the University of Texas with a major in geology for her bachelor's degree; a major in anthropology for her master's.

At the University of Texas, she was a member of Chi Omega Sorority. She has traveled extensively in Europe, Mexico, Canada, Alaska and the Bermudas, and has recently returned from an extended visit in Hawaii. During World War II she resided for more than two years in New York City, Baltimore and Washington, D. C.

A teacher in Tyler public school for six years and in Wesley College for one year, Mrs. Taylor found that her interest and ambition lay in the field of child training.

In Greenville she served four years as chairman of a citizens group who voluntarily raised funds to provide food, clothing

and a nursery school for a large group of underprivileged children and the children of working mothers.

Mrs. Taylor first became a member of the AAUW in 1932 in Tyler after her graduation from college. In 1948-50 she was president of the AAUW branch in San Marcos, and it was during her presidency that Southwest Texas State College was placed on the AAUW approved list.

Since 1951 Mrs. Taylor has been a member of the AAUW branch in Commerce. She has served for four years as AAUW state social studies chairman. In 1952 she attended the national convention in Rochester, Minn., and has attended the last two regional conferences in Stillwater, Okla., and in St. Joseph, Mo.

Her term of office as president of the Texas division, AAUW, began early this year, immediately following the convention in Los Angeles. She will be speaking to the more than 73 AAUW branches in Texas during her term of office.

Railroads are vigorously promoting a so-called "Cabinet Committee plan" to restrict public controls over transportation rate-making—returning such power to railroad hands.

Both Are Modern!

Your rights and privileges as an American citizen are protected by the Constitution, a unique and magnificent document whose principles are as sound today as when written, over 150 years ago. Through the years, amendments have been added to keep the Constitution up-to-date. The same is true of the regulatory powers of the Interstate Commerce Commission.

Commerce Commission. Congress has enacted more than 150 amendments to the Interstate Commerce Act since it was passed in 1887, completely overhauling it twice. In principle, present ICC regulations governing the various transportation systems are pertinent, constructive, and modern in concept. Under these principles, we have developed the greatest competitive transportation system in the world!

Paint Creek . . . Community News

MRS. GENE OVERTON

I'm afraid Paint Creek didn't look much like district champions at Jayton Thursday night. Some times the very plays that look so clever in one game, just don't jell another time. As coach says though, "some games we win, some we lose, and some get rained out." Anyway we had a good team this year, and we can get on with basketball now that we don't have to go on to Regional.

Most everyone in the community is through with their cotton, and I think it all made much better than was expected. Most farmers are finishing their grain sowing, and plowing cotton land. A big rain would be most welcome.

Mr. and Mrs. Isbell have as their guests this week Mr. Isbell's mother, Mrs. Emma Isbell from Graham and his sister, Mrs. Ethel Callahan from San Antonio. Mrs. Callahan brought with her a pet monkey and it has been quite a topic of conversation and center of interest among the children in the family.

The Methodist Church has a new Baldwin Acrosonic piano which has been needed by the church for some time. Many of the merchants of Haskell and Stamford helped buy the piano, and the congregation is most grateful.

Mr. and Mrs. Dan LeFevre had as their guests Sunday Mrs. LeFevre's parents, Mr. and Mrs. Fred Burger of Stamford.

Mr. and Mrs. Jim Adams and Mr. and Mrs. John R. Watson, Jr. have as their guests their little granddaughters Annette, Linda and Amy Box of New Braunfels. The little girls are the daughters of Sgt. and Mrs. Joe Allen Box.

Mr. and Mrs. Press Perry and daughter of Fort Worth spent Sunday in the home of Mr. and Mrs. Wayne Perry.

The Mattson football team and pep squad were guests of the Paint Creek team and squad at the Jayton game Thursday. The two pep squads rode in the bus together, but the Mattson team took a small bus from Mattson.

Mike Overton spent the week end in Rule with his uncle and aunt, Mr. and Mrs. L. W. Jones, Jr. Mr. and Mrs. ones and children and Mr. and Mrs. L. W. Jones Sr., brought him home

Sunday afternoon.
 The Scouts of Troop 48 had their monthly hike and camp out at the Jones Ranch northwest of Rule last week end. They took all their supplies and bed rolls on their backs and hiked to their campsite where they spent the night. They hunted arrow heads and flint the next day, hiking to the river and back. Those taking part were Scouts Wm. Haynes, Jerry Hughes, Mike Shaw, Walter Overton, Dan Griffith, Wm. Overton, Jimmy Griffith, Johnnie Watson and Mike Overton.

Mr. and Mrs. Cecil Gibson of Hasca spent Saturday night with their cousin, Mr. and Mrs. W. A. Montgomery. They were here for the funeral of Mrs. Howard Montgomery's father, J. L. Dilbeck.

Little John Paul Montgomery of College Station is spending the week with his grandparents, Mr. and Mrs. J. H. Montgomery and Mr. and Mrs. Woodrow Smith. His parents, Mr. and Mrs. John Carlos Montgomery, will be here for the Thanksgiving holidays and he will return home with them.

Little Roberta Free, daughter of Mr. and Mrs. Robert Free, was a weekend guest of Mr. and Mrs. Ray Overton, Jr. of Haskell and attended church at Paint Creek with them Sunday night.

Fred Buerger attended a directors meeting of the Midwest Co-op Oil Mill in Hamlin last week.

Mrs. A. M. Daniel of Abilene is spending the week in the home of her daughter and family, Mr. and Mrs. Sammy Griffith.

Mr. and Mrs. J. M. Mickler had as their guests recently their daughter, Mrs. E. J. Young and her husband of Pecos.

Mr. and Mrs. Twain Mickler of Rotan spent the weekend with homefolks, her mother, Mrs. Veda Griffith and his parents, Mr. and Mrs. Jess Mickler.

Mrs. Joe Gardner and children, Louise and Billy, of Dallas spent last week end in the home of her parents, Mr. and Mrs. W. S. Cox while Mr. Gardner was on a deer hunt.

Mrs. Allen Isbell entertained with a party honoring her little daughter, Janice on her 5th birthday Monday Nov. 21. After play, they came in for birthday cake and Cokes. Miniature dolls and cowboys and horses were favorites. Guests were Mrs. Allen Overby and Kay, Mrs. Dale Middlebrooks and Phyllis, Mrs. Roy Overton and Stevie, Mrs. Irvin Overton, Dwight and Marsha, Mrs. D. E. Livengood, Carolyn, Melanie and Eloise, Mrs. Richard Mickler and Vicki, Mrs. H. B. Montgomery, Diane and Susie, Mrs. Ray Perry, Rickey and Melba, Mrs. John Hisey, Brenda and Danny, and the honored guest and her sister, Jeannine and brother Danny.

Mr. and Mrs. Fred McMillan and children from Goree spent Sunday with the Mack Earles.

The Junior RA's met Monday afternoon at the Baptist Church with their leader, Mrs. Vernay Howard. They learned the pledge to the flag and their RA song. Cokes and cookies were served.

Magazine Club to Send Gift Box to State Hospital

Mrs. L. R. Burkett called an Executive Board meeting before opening the regular program of the Magazine Club in the club house Friday, Nov. 18th.

Mrs. Burkett, club president, read the business letters and showed the cup towels that Mrs. Roy Weaver had made and donated to the club kitchen.

It was decided that club members pack and send a box of gifts for patients in the Wichita Falls State Hospital.

Club By-laws, Article 5, was set aside and it was voted that the club shall adjourn at 5:30 o'clock instead of 6. Mrs. R. C. Couch, Sr., introduced her house guest, Mrs. Elizabeth Taylor of Greenville, Tex. Mrs. Taylor is president of the American Association of University Women.

She met with the Haskell County Chapter in a business meeting and reception in her honor Friday night.

"Her Home and Family" was the topic for the program as members continued their study theme "A Worthy Woman." Mrs. R. G. Wheatley directed a symposium, consisting of Mrs. Geo. Hauser, Jr., Mrs. C. O. Holt, Mrs. Wm. H. Wilson, Mrs. Virgil Bailey and Mrs. Bill Gamble.

Each member on the symposium discussed various phases from a standpoint of her home and family that characterize "A Worthy Woman." Mrs. W. L. Richey's subject "Grandma Moses Starts a Trend" gave humorous sketches from Norman Rockwell's interview with Grandma Moses who began painting after 80 years of age and became world famous. Mrs. Jack Pippin ran pictures of Mrs. Richey's kindergarten class.

Hostesses Mrs. John Couch, Mrs. Jack Pippin had the assembly room attractively bedecked with bright colored mums. Mrs. W. R. Johnson had made for the speakers table a cornucopia spilling over with sparkling pine burrs, fruit and mums. Mrs. Couch and Mrs. Pippin invited members and the guest to view exhibits of club grandmother's hobbies.

Present were Mike Shaw, Jerry Hughes, Dubbie Howard, Larry Edwards and Paul McLennan.

Mr. and Mrs. Bill Hager had their children home for Sunday dinner last Sunday. Mr. and Mrs. W. R. Hager, Kathy and Carolyn of Mattson, Mr. and Mrs. Jack Hager and two sons of Lueders and Golda June Hager of Stamford.

Friends of John Mray, Sr., will be glad to learn that he is feeling much better.

Several children have been out of school with a sort of intestinal flu, or some sort of virus. Little Vicki and Janay Morrison, and Linda McRae missed a day or two. There has been quite a bit of this among children and grownups, too. Many people have colds and sore throats also.

Of course, practically everybody in the community was hoarse for a day or two after the Weinert game, but that does not count because they felt wonderful. Gene Overton has had a painful catch in his back, and since there is so much of him to hurt, he has had quite a miserable time of it.

displays of their hobbies were Mrs. W. R. Johnson, flowers and pottery; Mrs. Jack Merchant, Swedish hand embroidery and crochet; Mrs. Ada Rike, needlepoint, oil handpainting, child's dress and an old fashioned hand bag; Mrs. Theron Cahill, a collection of books; Mrs. R. Penalty—

(Continued from Page 1)

magnificent run, quarterback Rob Starr dived into the end zone for an apparent score, with three officials signaling a TD. But behind the defensive line of scrimmage, the red flag of one official went down for a penalty—against the Indians.

Offender on Bench

A stunned Indian captain, asking the official who committed an infraction and what it was, got the reply that it was a holding penalty against Haskell's No. 16. When the official was told that No. 16—John Clifton—was on the bench, the official then hazarded the offending Indian was No. 60—Guard David Strickland—who was on the bottom of the piled-up players.

The discouraged but courageous Indians, although driving 20 yards in a final thrust in the fading two minutes of the game, were never able to move into the pay zone.

The Indians completely dominated play during the game. Haskell had the ball 64 times to 39 for Albany.

A flurry of excitement resulted immediately after the final whistle ending the game, when a former Indian griddler took vigorous exception to the evident partisanship of one of the game officials.

Apparent attitude of spectators as they left the stands favored the former football player in his resentment at the official.

The four officials for the game were from Abilene association of officials. They were Jake Bentley, Jack Russell, W. P. Mullins, A. L. Echols.

Three Nimrods Find Good Hunting in Burnett County

A hunting party of which Clifford Thomas, Jr., of this city was a member had exceptionally good luck during the first three days of the deer hunting season. Mr. Thomas left Tuesday afternoon and was joined by Rev. and Mrs. Walter Copeland of Azle, Texas, and Max Copeland of Briggs, for a hunt in Burnett County. The party arrived at their lease and were on hand for the opening of the season.

Rev. Copeland was among the first hunters in that vicinity to kill a large buck on the first morning of the season. His shot was made within ten steps of the place from which he shot a buck on the first day of the season last year.

Mr. Thomas killed a large buck about 2:30 p. m. on the same day and he returned home Mrs. Copeland returned home Thursday.

On the following day, Max Copeland bagged one of the largest bucks that has ever been killed in Burnett County, according to veteran hunters and residents of that area.

Woodson Rams Beat Frederick Wildcats 25-19 In Annual Colored Grid Classic

The fifth annual Texas-Oklahoma Classic maintained its favor with football fans of this area, who turned out in chilling weather to see a hard-fought contest between the Woodson High School Rams and Frederick High School Wildcats here Saturday night.

The game, sponsored by the Quarterback Club, netted the organization a substantial sum, club president Bob Herren reported.

With the two teams battling to a 13-13 tie at the half, the Rams forged ahead to the front in the third period to dominate the remainder of the contest and defeat the Wildcats 25-19.

The Wildcats struck first with a brilliant 67-yard touchdown run by Daniel Logan and R. McCoy converted. The Rams' first TD was on a 25-yard pass from Louis Kelly to H. D. Woodruff. It was Kelly again late in the first period when he got away from his own 30 for a 70-yard TD sprint. Freddy Spear-

man kicked the extra point. Frederick's Clarence Byrd intercepted a Woodson pass on the Rams' 25 in the second period and went the distance to knot the score 13-13 at halftime.

The Rams scored in the third period on an 18-yard pass from Kelly to E. A. Sims behind the goal line to put Woodson out in front.

In the fourth quarter, a Kelly to Sims pass for 10 yards gave the Rams their fourth TD. Late in the final period the Wildcats took to the air. McCoy passed 10 yards to Byrd for Frederick's third and final marker.

Billie Lou Fought Becomes Bride of Joseph W. Hix

In a ceremony solemnized in the Weinert Church of Christ Sunday, Nov. 20 at 4 p. m., Miss Billie Lou Fought, daughter of Mr. and Mrs. Roy Fought of Weinert became the bride of Joseph Wayne Hix of Wichita Falls. The bridegroom is the son of Mr. and Mrs. Joe Hix of Weinert.

Minister Payne Hattox read the double ring ceremony uniting the couple. Decorations in the church included an archway of greenery centered with wedding bells. Baskets of gladiolas were arranged on each side of the archway.

Preceding the ceremony, Pat Patterson of Wichita Falls sang "Because."

Miss Letha Hix of ACC, cousin of the bride, was maid of honor, and Charles May Hix of Midland, brother of the groom, was best man.

The bride, given in marriage by her father, wore a street length dress of periwinkle blue acetate, fashioned princess style with three-quarter length sleeve jacket, with scooped neckline and covered buttons down the front. Her accessories were black, and she carried white carnations on a white Bible, which was something borrowed. Something blue was a garter, something old were pearl earrings. Something new was her bridal dress, and she wore a penny in her shoe.

The maid of honor's dress was white embossed tulle, princess style, with three-quarter length sleeves and covered buttons down the front. Her accessories were black, and her flowers were pink gladiolas.

The bride is a 1954 graduate of Weinert High School and is employed by the City National Bank in Wichita Falls. The bridegroom, a 1950 graduate of Weinert High School, is employed by the Wichita National Linen Service in Wichita Falls.

After a wedding trip to Oklahoma and Mexico, Mr. and Mrs. Hix will make their home at 1406 Burnett Street in Wichita Falls.

Haskell Man Bags One of Season's Biggest Deer

One of the largest deer killed in the Hill Country in Kerr County in recent years was brought back last week by a Haskell man, Plez Baxter, local painter and contractor.

Baxter's "king size" flag tail buck, an eight-pointer, dressed out 136 pounds, about twice the size of the average deer killed in the Hill Country. Baxter, who got his first glimpse of the huge buck on the first day he hunted, could not convince his companions that such a large deer was in the vicinity.

Baxter downed the big buck the next day, then had to go for help to get his prize trophy back to camp and then to a storage house. His companion on the trip, J. D. Dean of Wichita Falls, salesman for Allied Fence Company, bagged a nice five-point buck. The two men hunted three days on a lease near Mountain Home in Kerr County, returning home Saturday.

The continent of Antarctica is estimated to be an area of six million square miles, approximately the area of the United States and Europe combined.

Now! You may be sure!

THIS year, for the first time, you, as a high school student, can start the new semester with complete peace of mind as to your future military service obligation. Your inevitable service requirement can be discharged, in many instances, in your own home town — while you continue your civilian education right at home.

High School students between the ages of 17 and 18½ are directly concerned with the Reserve Forces Act of 1955. You may become draft deferred by enlisting in the Army Reserve for eight years. Only six months of that enlistment must be served in active duty training. This you may do when you complete high school, or in any event, upon reaching 20 years of age.

While serving in any Army Reserve unit, you will receive a full day's pay in the grade you attain, for each two-hour drill period you attend. With promotions and periodic increases in pay, this can become a valuable source of income to any young man starting out in life.
