# Jaycees to Stage Top 'Social' Event, or "What Did We Do To Deserve This?"

A womanless woman's ball game-which sounds paradoxical and will probably be worse-will be played by the Haskell Jaycees at 8 p. m., Friday, April 26 at the HHS Indian Field.

The game is being sponsored by the Haskell Jaycees for the benefit of the local Little League. Wisely the group decided not to charge admission for this event which will probably cause Abner Doubleday to flip in his grave and may set the time honored game

REV. JAMES EASTERWOOD

# Anson Minister to Lead Revival at East Side Baptist

at the East Side Baptist Church in this city beginning Sunday, April 28 and continuing through Sunday May 5, Rev. Roland Williams, pastor, has announced.

Rev. James' Easterwood of Anson is to be the evangelist and John Winters of this city will direct the music.

Services will be held twice daily. Morning service is sche-duled at 10 o'clock and in the evening, prayer services will be held at 7:30, with preaching at

o'clock.

Rev. Easterwood is pastor of he First Baptist Church of Anson and is moderator of the Jones County Baptist Association. addition to these responsibilities, he is district board member of District 17, and member of the Lueders Encampment Board. Be-fore going to Amson he was pas-tor of the First Baptist Church

of Iowa Park, Texas. John Winters is music director of the East Side Baptist Church. He is also associational youth di-rector of the Haskell-Knox Bap-

list Association. Everyone in the community is cordially invited to attend the revival services.

## the regaged in farming the role of years. He was in 1946, and also by a lar. Bessie Mes. B Will Speak at Rule C-C Banquet

Dr. Poe Williams of Chickasha, Okla., will be the guest speaker for the Rule Chamber of Commerce banquet, Tuesday night, April 30, at 7:30 at the Rule school cafeteria.

Dr. Williams is a well known pastor and speaker. He finished his AB work at Hendrix College. Conway, Ark., in 1941; received his BD degree from Southern Methodist University in 1944; and his DD degree from John Brown University at Sileam Springs.

Ark., in 1953.
At one time Dr. Williams was pastor of the First Methodist Church in Odessa, Texas. He has held pastorates in Oklahoma, Texas and Arkansas.

lovers are invited. The program will feature old time gospel sing-ing, Cobb announced. Tickets are on sale by members of the Rule Chamber of Commerce for the fried chicken dinner at \$1.50 each. They may be obtained in Haskell at the Cham-RETURN FROM Mr. and Mrs. Frank McCurley recently returned from Ft Worth where they spent a week visiting friends and relatives. ber of Commerce office, or may be purchased at the door by fate comers. REV. RALPH HOVEY

## Easter Revival to Begin Sunday at Pinkerton

The Rev. Ralph Hovey, pastor of Bellevue Baptist Church in Hurst, Texas, will be the evangelist for a revival beginning Easter Sunday, April 21, at the Pinkerton Baptist Church. The Rev. Bill Pemberton, pastor, will assist in the revival, which will continue through Sunday, April

Services will be held each night beginning at 8 o'clock. A special feature each evening will be the song and music service led by Sam Reddell, music and educational director of the Haskell First Baptist Church.

A cordial invitation is extended the public to attend the services.

Car Registrations

#### Show Gain Over Last Year A substantial increase in the

number of new license plates is-sued this year is reported by Tax Assessor - Collector Elizabeth

Deadline for securing the 1957 car tags was March 31, and a total of 4,785 of the new black and white plates had been issued through that date, the collector's office reported. This total com-pared with 4.120 on the same date

Tags issued for the current year include: Passenger cars, 3,887; commercial vehicles, 712; farm trucks, 484; truck tractors, 27; trailers, 165; house trailers, 2; motorcycles, 13; dealers, 22; re-

of C. should undertake to make Haskell and its surrounding area

a better and more prospers place in which to live and we A series of meetings at interproblems and needs of interest to various groups. Local busine men and women will serve as chairmen, and Ralph Duncas manager of the Community Chamber of Commerce and m bers of his staff will assist dur-

ing the sessions.

Each person who attends the sessions held throughout the day, will be given a card and asked to list his or her suggestions. These cards will be taken by the WTCC staff and will be analysed and worked into a program of work which the local Chamber of Commerce can use now and in

Hattox and Chamber of Commerce Manager Rex Felker explained that the Clinic on April 25 will feature seven different sessions during the day. A session is set for retail merchants, housewives and club women, high school seniors, farmers ranchers, services, trades and industry, professional groups, and store employees.

The Community Clinic has been sucessfully used in a number of West Texas towns and cities with the assistance of the WTCC, Hattox explained.

"This survey and the detailed, specific discussions which will be developed in the various sessions should bring our civic ills to light, and if it is practical to correct them, steps can be taken to do so," Hattox said.

New Hope Seen

For Victims of

Cerebral Palsy The West Texas Rehabilitation Center in Abilene announced new hope for speech handicapped cerebral palsy victims. This hope comes as the result of experiments now being carried on with the purchase of Easter Seals.

The use of a Monagham portable respirator-the type often used on polio patients-has aided speech therapist at the West Texas Rehabilitation Center to accomplish in six months what previously had taken two years toward correcting speech deficiencies of athetoid victims of cerebral palsy. Since last September Miss Mary Margaret Evertson, speech therapist, has carried out this unique experiment under direction of the medical staff of

the Center. At present the experiment is the only one of its kind in this area; perhaps the only one in the

United States. The West Texas Rehabilitation Center is the Easter Seal Agency in this area and offers Physical Therapy, Occupational Therapy | An all-day picnic was held for and Speech Therapy to crippled

# Haskell County History

20 Years Ago-April 16, 1937 of livestock being permitted to run at large along county roads, and highways, the Commissioners Court has instructed the County Attorney to prosecute all future complaints filed.

Earl Kennedy returned home Monday after accompanying his wife and daughter to Stephenville, where they are visiting in the home of Mrs. Kennedy's mother, Mrs. John Cameron in

that city.
Wednesday was a busy day for workers in the County Welfare office, when approximately 2,000 garments, consisting mainly of infant's, children's and women's clothing were distributed to 135 families listed with the agency. Carpenters and plumbers have been busy for several days in making preparations for installing

a new, modern fountain in Oates Drug Store.
R. C. Montgomery returned Wednesday from Dallas where he had been for several days recovering from a major operation. He is recovering nicely.

Final citizenship papers were issued to three residents of Haskell County last Friday in a final hearing on naturalization held in Federal Court in Abilene. Applications of A. A. Bessire of O'-Brien, Wm. Schwarz of Sagerton, and J. S. Grand were presented to the court and approved.

An exhibition baseball game between the Haskell Braves and the House of David team has been scheduled here Saturday, May 15. Mrs. R. J. Reynolds left Sat-

urday for Fort Worth where she will be joined by her brother, Delbert Hudson for a trip to Houston where they plan to visit in the home of another sister and her family, Mrs. John E. Rob-

Mrs. W. M. Reid has returned home from Sulphur Springs, where she spent the past week with her mother and sister.

#### 30 Years Ago-April 21, 1927

The Texas Fox and Wolf Hunters Association opened their annual three day hunt on the Sam Davis Ranch between Haskell and Throckmorton Tuesday.

Following numerous complaints Creek in the pasture of Uncle Billy Cox's place, where a picnic dinner was spread at noon. An Easter egg hunt for the children was held in the afternoon.

> Prof. E. H. Sellards of the department of geology of the University of Texas, spent several days in Sagerton this week examining fossils found in gravel pits recently near that place.

During the heavy rain and hailstorm Tuesday evening, the farm home of Mr. and Mrs. Hannsz in the Center Point community was struck by lightning. The house was badly damaged, but none of the occupants was injured.

Announcement was made this be opened here at an early date. Messrs. Guy Mays and Ben Bagwell have leased the Hancock Building on the north side of the square and are at market this week selecting merchandise for the new store

The murder trial of a Mexican attending a commercial school in charged with the slaying last December of a Kent County farmer has been transferred to Haskell. The case has been set for trial in district court here May 16. Mrs. R. C. Montgomery is visiting relatives in Graham this

ton Baptist Church. Bob Edwards has moved up with his family. was elected president and Debs Allison vice president. The group will meet each first and third

Sunday afternoon. Miss Mary Ella Pace, student in Southern Methodist University spent the Easter holidays here with her parents, Mr. and Mrs. John W. Pace.

#### 50 Years Ago-April 20, 1907

At the election held Monday, April 15 to determine whether or not the town of Haskell should be incorporated under the general laws of the state, the vote was more than three to one for in-corporation. The vote was 134 for incorporation and 40 against.

The First National Bank has just installed a modern new safe It is a Victor patent maganese teachers, pupils and patrons of steel safe with automatic time the Howard school Friday. The lock and is as near fire and burg-

lar proof as the installations in large city banks.

Hardy Grissom and little brothers, Ernest and Clyde, went out to W. H. Day's Tuesday and spent he day fishing on Paint Creek.

John D. Hughes of Georgetown came up last week and will be here for some time looking after his cattle ranch in the southeast part of the county.

R. L. Jackson of the new town of McConnell south of Haskell was in the city Wednesday. He says he has 85 acres planted in cotton and that his corn is up and growing nicely. However, he thinks warmer weather would help cot-

H. C. Wyche and J. W. Denning-ton went on a business trip to Snyder this week.

Will Whitman, who returned home a week or two ago, has week of a new dry goods store to given up ranch life for a time at least, and has accepted a position with Cason, Cox & Co.

G. H. Cobb was in from his ranch in the southeast part of the county Wednesday and reports that he has 30 acres of corn up and growing off mighty fine. Charles Parsons, who has been

attending a commercial school in

J. L. Robertson, who made a trip through Jones and Fisher Counties last week, says the new towns of Hamlin and Hawley on the Orient and Central are building up rapidly.

J. A. McKee of Williamson A singing class was organized County, who has purchased land sunday afternoon at the Pinker- in this county some time ago, in this county some time ago,

## HHS Band News

Haskell High School Band was one of the approximately 17 bands Is Developed to attend a band clinic at Jacksboro recently. The clinic opened at noon with a downtown parade. Next on the agenda was a concert consisting of two sections, "Carnival" a march, and "Three Themes for Band," an overture. After the concert came sightreading contests, where "White Pine," an overture, was read. The HHS Band was awarded a Division II rating in sightreading and a Division III rating in concert playing. Carroll Thompson, accompanied by Gail Spain, was awarded a Division I rating

Band memoers who represented the HHS Band at Interscholastic League contests for soloists and ensembles held in Sweetwater were:

Solos Rodney Davis, cornet, accompained by Gail Spain; Carroll Thompson, cornet, accom-pained by Gail Spain; Paul Merchant, bass, accompained by Gail Spain; Nancy Fancher, clarinet, accompained by Kay Henry; Kay Culbertson, flute, accompan-ied by Danna Smith; Danna Smith, flute, accompanied by Kay Culbertson; and Barbara Elliott, oboe, accompanied by Gail Rat-

The ensembles were a woodwind quartet composed of Barbara Rexrode, Shirley Norman, Louisa Herren and Kenneth McCollum: woodwind quartet composed of Danna Smith, Suzanne Weaver, Nancy Fancher and Sandra Hadaway: flute quartet composed of Kay Culbertson, Robbie Robertson, Barbara Rexrode and Suzanne Weaver; clarinet quartet composed of Carolyn Josselet. Sara Robertson, Christine Thomas and Janice Hattox; and a cornet trio composed of John Gannaway, Calvin Wester and Rodney Davis. Contestants winning first division ratings on the solos were Nancy Fancher and Kay Culbert-

The next trip scheduled for the band is April 27 when they go to Abilene for Interscholastic League contests. There concert playing and sightreading will be en-

### New, All-Purpose Insect Repellent

College Station - The latest pellents is diethyl toluamide. Test repellents containing this chemical display twice as much resistance to normal "wear-off action" as do other types. It will probably be available in several

commercial products this spring.

The new repellent can be safely applied to the skin or clothing and will successfully protect the wearer against mosquitoes, chiggers, ticks, fleas, and biting flies, according to the USDA. It offers better protection against mosquitoes generally than any other single chemical or combination of chemicals.

Its high resistance to rubbing means longer lasting protection for farmers and all outdoor sportsmen. The new repellent outperforms all others gainst the stable fly and is as good as any other for deer flies or sand flies. It is the best repellent so far developed for ticks. In addition, pleasant lotion "feel" makes it ideal for picnickers and backyard gardeners.

Clothing and other fabrics can be readily freated with diethyl toluamide by saturating them with emulsions or dry-cleaning preparations containing the chem-

#### Storm Warning Siren Moved to New Location

An electric siren used by the fire department as a storm warning and supplementary fire alarm was moved Sunday to a new location at the Jim Byrd residence, 1507 North Avenue F. Byrd, city alderman and assistant fire chief, will operate the unit when it is needed.

The siren has been located in the west part of the Lindsey Addition, but that location was never considered advantageous for the purpose intended, firemen said. Some repair work will be done on the motor of the siren, but it is expected to be ready for op-

eration within a few days.

**Urging Better Government Legislation** A Senator from the Panhandle and a West-Texas Representative have joined hands in sponsoring one of the 15 anti-secrecy bills requested of the Texas Legislature by the Texas Press Association Measures advocated by the press stem from recent scandals in Duval County, the Land Office, and in a less spectacular way in several areas of the state. Pictured above are Rep. Howard Greet of Fort Worth (standing) and Sen. Andy Rogers of Childress (see ed), as they confer on HB 167 and SB 224. Their companion bill require that suits be filed by county and district attorneys for the recovery of missappropriated or unlawfully expended monies belonging to a county, school district or other political subdivisions Should those officials refuse to act, then the Attorney General empowered to do so.

## Car Registrations Total Fifty-Nine During March

New car registrations reached a record high for the past few years during the month of March according to reports from the office of the county tax assessorcollector, Elizabeth Stewart.

The registrations totaled 59 for March and included: H. Harris, Haskell, Buick 4door, Richey-Strain.

#### Plane Model Club Members Compete At Wichita Falls

Members of the Texas Chiefs Model Club participated in a model airplane contest at Wichi-ta Fails Sunday afternoon. Doug Tyler gained a first place in Ju- surface moisture and that subnior Combat and barely missed another first in Junior Rat Race because of a motor over-run. Ervin Frierson placed second in Open Combat. Other club members attending the contest were Kenneth Tucker, Nolan Lees, Lewis Taylor, Woody Turnbow, Rodney Davis and Gary Davis.

The meet, held at Weeks Park. was sponsored by the Tail Twisters Model Club of Wichita Falls. This was the first large contest for some of the local modelers but from all indications it won't be the last, as they are already making plans to attend other contests this season.

Membership in the Texas Chiefs
Model Club is open to anyone
in this area who is interested in
any type of model building. Anyone desiring further information about the club is asked to contact Ervin Frierson. Tucker or Nolan Lees.

The Atlantic salmon spawns in fresh water and returns to the sea. The Pacific salmons spawns in fresh water and then dies.

## Farmers in All Sections of State Eyeing Prospects for Bumper Crops

than they have had in almost a decade Texas farmers and ranchers are looking toward good crops and a bumper harvest this year, the Texas Agricultural Extension Service said today.

"Only in far West Texas where high winds were drying the surface is the picture short of good for this time of the year," director G. G. Gibson of the extension service reports. In the Gulf Coast and South

Texas farmers are waiting for fields to dry enough for planting; in East and North Texas moisture is described as "adequate," and .n Central Texas planting is un-

Wheat farmers in the Panhandle have enough moisture for growth and for germination of seed planted recently. Now they hope for late rains and other favorable conditions to mature their crop.
Fruit trees, unburt by the freeze, are in full bloom and promise heavy yields. Cattle are on pastures in most of the state instead of going to markets in big numbers. Feeding is widespread in the Panhandle, West Texas and parts of South Texas.

In South Texas, where for years soil has been powder-dry, Joe lands, ravaged by "seven lean Glover of Gonzales said. "Plant- years" of drouth? ing crops is being held up by showers, but good planting conditions are assured in all sections. Ranges are greening up and small grain is making excellent growth, and the condition of livestock is improving. However, some herds Rueben H. Harrell, Snyder, are getting feed."

At Amarillo Knox Parr reported enough moisture now to help wheat, and that even though there is an outside chance for a late crop farmers are not expecting a big crop. It's "wait and see" if enough rain falls later to help the rop mature.

Onions and potatoes are being planted in Deaf Smith County. There is enough moisture to green-up ranges when spring comes, but cattlemen are feeding heir herds.

Farming is increasing in Central Texas as conditions permit. Corn and grain sorghum is being planted. Many cattlemen are moving their stock from small grain pastures to allow for growth of a grain crop. Some bloat in cattle s reported. Pastures in the Eastland-Brownwood area are improving, but are still inadequate for much grazing.

Conditions in East Texas are generally good. Some corn and watermelons are being planted and tomato plants are being set in the field. Small grain and winter legumes are making excellent growth. Some cattlemen are letting their herds overgraze. Cattle are improving and the market is steady. Dairymen still buy grain and hay. Peaches, pears and plums are in full bloom.

At Fort Stockton high, dry winds are drying out previous goats are being fed. Farmers are and Children.

A delay of planting crops at least 10 days is evident in the Gulf Coast area.

In the Rolling Plains surface moisture still is adequate for planting and growth, but high winds are drying it in some counties. Small grain growth is excellent. Winter grain mite is caus-ing damage in Baylor County and the green bug is attacking small grain in Wichita County. Corn and grain sorghum planting has begun and land preparation continues. Ranges have improved.

Some cotton and grain sorghum will have to be replanted after heavy rain in some parts of South Texas and the lower Rio Grande Valley. Moisture is adequate in most counties for a while. Wet fields hinder planting near the

#### Spring Rains Seen As Big Boost, But Drouth Not Broken

Austin, Texas How big a boost toward recovery have spring rains given Texas farm and ranch

Here are the answers from the University of Texas Bureau of Business Research:

Range and pasture conditions over the state are greatly improved. Dryland wheat, corn, grain sorghum and vegetables have received germinating moisture. Storage in major reservoirs increased 5 per cent in February (but was still at only 46 per cent of potential usable capacity). Ground-water levels are not up appreciably.

Most observers are hesitant in declaring that the state is out of the woods.

"It will take years to replenish our underground water resources and without these resources, we are still in a state of drouth," State Agriculture Commissioner John C. White stressed.

With herds no longer on feed, cattlemen have stopped their rush to the market. But most are not restocking yet. An attitude of watchful waiting prevails. Farmers, too, are watching the skies for assurance of more rain before they start making crop predictions.

James H. Keahey, Bureau of Business Research staff writer, surveys the state's agriculture and rainfall picture in the current issue of Texas Business Review, the Bureau's monthly publication.

"While it is difficult for a Texan to suppress his natural optimism, those who have been teased before are not rushing headlong into farming and ranching operations," Keahey says.

#### CARD OF THANKS

I want to thank each and every moisture is inadequate. Ranges one of my friends and neighbors are greening-up, furnishing some who came and helped plant my grazing to sheep and goats, but field. May the richest blessings all cattle and some sheep and be upon you.-Mrs. R. L. Leclaire

#### Study of France and French Composers Is Theme of Harmony Club Program

France and French composers was the theme for the program of the regular meeting of the

Harmony Club.

Mrs. O. E. Patterson as director, gave a sketch of the life of Debussy and some important facts on French music. Debussy was born at Germaine en Lave. France and was educated at the Paris Conservatory. He took prizes in piano playing and in 1884 won the grand prize of Rome at the institute with his carriata, L'Enfant Prodique. Then he was acclaimed for his orchestral prelude, two nocturnes and a string quartet which were produced in Paris in 1893. The "Afternoon of a Faun" has been perhaps the most admired of any of his

His greates work in opera is "Pelleas and Melisande." His most recen- work is an opera based on the Triestan legend. Debussy's music is described by his friend Bruneau as "mysterious, vague, fluid, haunting and impossible to grasp." He is a leader among the more progressive to the French motif with her French composers, a poet and a dreamer.

The original Celtic inhabitants of France had a natural love for music and with the introduction of Christianity into France came the religious songs of the early Christians. Later occurred the German invasion of Gaul and this added a more warlike spirit. Victories were celebrated by singing in chorus of war songs accompanied by the dance. The early songs were very primitive, the narrative songs of the bards, love songs, dance songs, drinking songs, lullabies, religious and patriotic songs.

From the time of Charlemagne until the Revolution the kings and nobles of France faithfully guarded the interests of music. Before the invention of the opera, the ballet had been a favorite entertainment of the French court. Of contemporaneous composers of French opera the most eminent are Massenet, Chabrier, Bruneau, Charpentier and De-

Mrs M. E. Helber played Claire de Lune, one of the most loved of Debussy's compositions.

O. L. "Jack" JOHNSON

Mrs. O. E. Patterson rendered the best known French number. 'Amaryllis," an old French ronto by Henri Thys.

The vocal solo, "The Eligie" by Massenet was sung by Mrs. J. M. Littlefield and Miss Martha Meadors played the piano solo 'The Swan' by Saint Saens, Mrs. R. L. Harrison read the Marseilles, preceding the duet by Mrs. M. E. Helber and Mrs. Dan Collier. The club sang the hymn of the month, "When I Survey the Wondrous Cross."

The hostess, Miss Meadors, assisted by Mrs. Meadors, decorated the music room table with a beautiful cloth of black velvet on blue net centered with a French Dresden figurine and French perume bottle and fan.

The buffet featured velvet and net centerpiece, and a typical French coquette fan on the piano vas an attraction.

The hostess served French pasry and grapejuice from wine pottles on tables in the French sidewalk cafe style. Mrs. Meadors added an attractive feature crayon drawings of the Eiffel Tower which she was privileged to view on her tour of Europe.

Those enjoying the occasion were Mesdames O. E. Patterson, M. E. Helber, Dan Collier, J. M. Littlefield, R. L. Harrison, C. L. Lewis, A. C. Foster, V. W. Meadors, C J. Robinson, Tommy Hawkins, Tannye Squyres, Miss Beryle Boone.

#### WTU Women's Club Elects Officers For New Term

WTU Women's Club met Thursday night in the home of Mrs. Dewey Wester for the regular business meeting and election of officers for the coming six months. Club officers named are: Pres-

dent, Gertie Waggener: vice president, Margie Huss; secretary and treasurer, Dora Mont-gomery; reporter, Dwanna Klose.

Committee appointments included: Benevolence, Chris Correll, Evelyn Cobb, Betty Wainscott; Program, Margie Huss, Ruby Holt, Eva Dunnam.

Refreshments of Cokes, congealed salad, olives and crackers were served to Mesdames Jo Tucker, Eva Kuenstler, Wanda Langford, Gertie Waggoner, Evelyn Cobb, Evelyn Mercer, Oma-tine Ammonett, Chris Correll, Florine Larned, Betty Turnbow, Dora Montgomery, Betty Wainscott. Dwanna Klose, and the

MR. AND MRS. THOMAS RAY INGRAM

#### Double Ring Ceremony Read For Karen Pitman, Thomas Ray Ingram

marriage Miss Karen Pitman, the bride. daughter of Mrs. B. B. Pitman and the late Mr. Pitman, and Thomas Ray Ingram, son of Mrs. Bonner Ingram and the late Mr. Ingram. The wedding was at p. m., Saturday, April 6.

Rev. Bill Pemberton, pastor. officiated at the ceremony performed before an arch of greenery entertwined with white gladiolus. Other decorations were side baskets of white gladiolus and white tapers in greenery decorated candelabra.

played the traditional wedding music throughout the ceremony and accompained Mr. Bell as he sang "Oh Promise Me" and "The Lord's Prayer."

Given in marriage by her uncle. W. H. Pitman, the bride wore a blue lace gown fashioned with a scoop neckline and three quarter length sleeves edged with blue satin, the billowy waltz length skirt fell from a long torso waistline. She wore a white hat of bridal illusion and carried a casbouquet of white roses atop a white Bible. For the traditional something old, she chose a single strand of pearls and pearl earclips which were a gift of her grandfather, A. B. Campbell, De Leon. Something new was her gown and something borrowed was the Bible belonging to Mrs. Myron Biard and for something blue she wore a blue garter, the gift of a friend, Mrs. Leon Robbertson. In her shoe the bride

wore the good luck penny. The matron of honor, Mrs. Roy Casey of Rochester wore a dress of white polished cotton and carried a bouquet of blue carnations. The maid of honor, Jeanette Gibson, and the bridesmaid, Shiriey Rasco, both of Haskell, wore gowns identical to the dress

# Filming of First Outdoor Scenes Of 'The Haskell Story' Started

Haskeli Story," a film history nessman who holds a Master's De- kell County, was started recently in the picturesque ranch country southeast of town.

The film production, to be the work of local taient in its entirety, is a project of the public relations committee of the Haskell Chamber of Commerce. Purpose is to commemorate the 100th anniversary of Haskell County, created by the Legislature on Feb. 1, 1858. Most of the historical events to be re-enacted will be based on R. E. Sherrill's "Haskell County History" and the film will portray in sound and color, many of the early-day scenes in the locale where they originally occurred.

Going "on location" for the first outdoor scenes were 32 persons, including several members of the Saddle Tramps riding club who furnished horses used in several

The scenes depicted a band of Tonkawa Indians on a scouting expedition, and the warriors return to their camp of tepees, where the squaws were pictured busy weaving multi - colored blankets, or grinding corn crude stone vessels.

The setting was in the rugged breaks of Paint and California Creeks near what is now known as Scott's Crossing. Juncture of the two streams was an early-day rendezvous for Indian tribes making forays into East Texas. Portraying the roles of Indian

braves were high school youths decked in war paint and war bonnets, while high school girls in colorful costumes, neckiaces and beaded arm and headbands played the role of Indian squaws. Students taking part included Gary Anthony, Jerry Hannsz, David Springs, Jack Sonnamaker, the son of Mr. and Mrs. Roy L. Larry Gilliam, Susan Redwine, Christy Royall, Charlotte Redgrandson of Mrs. L. D. Ratliff of wine, Paulette Allen, Freddie Gilliam, and Craig Correll.

Cameraman for the production is Charles E. Swinson, bank er. Rex Felker, chamber of comrector and is being assisted in the script arrangement by Lon Pate and Charlene White. Mrs. Shelly costumes and make-up.

Felker, former trick roper with H-SU Cowboy Band and who has performed in several Western pictures, is the only member of the production staff with previous movie experience.

"The first afternoon's filming was in the nature of a trial run, and frankly, it went off a lot better than we expected." Felker said. "If we can do as well on the rest of the production it will breathing device, known as a Filming of historical events will

## Drouth Cut Down Last Year's Quail Hatch in Texas

AUSTIN - Impact of Texas' record drouth, now possibly end-ed, on the Animal Kingdom was reflected in still another way by incomplete quail population stat-istics confirming that generally the bobwhite hatch was far below normal, reports the Assistant Director of Wildlife Restoration for the Game and Fish Commis-

He said research by Wildlife Biologist Clyde Holt shows that North Central Texas habitat apparently was hardest hit since quail wing returns from counties in that area showed fifty per cent of the harvest bobwhites were young birds.

The Assistant Director said that in normal years quali hatched during the preceding spring comprise from seventy to eighty per cent of the population on the average.

He explained that technicians, by studying the wings sent to the Commission by cooperating sportsmen, can determine the spring hatching success from the number of young birds in the hunter's bag. Also, he went on, valuable data is compiled as to hatching dates and age classification of the harvested popula-The partial returns were announ-

ced in connection with a renew-ed movement by the Commission to again encourage quail habitat restoration. The program, launched last year depends on public aid in providing food and cover.

For the North Central zone,

Lubbock, Texas-The U. S. De- committees are the Special Farm Labor Committee, composed of that the minimum acceptable agricultural representatives from each state, and the Labor Advisory Committee on Farm Labor made up of representatives of organized labor.

"The changes in the minimum standards include the addition of appeals procedure for employers and spell out in more detail than before the kind of housing and sanitary facilities that must be by employers for the provided Mexican workers they contract and employ under the terms of the Migrant Agreement," Johnson

"The amended standards cover adequacy of shelter, adequacy of space per worker, water supply, cleanliness, sanitation, ventila-

tion, heating, and facilities for eating and laundry." Regional director, Ed McDonald of the Bureau of Employment Security in Dallas is mailing a copy of the amended standards to all approved employers and as-sociations of employers of Mexi-can National workers. Copies are available at the field office here or at the regional office in Dal-

Exclusion from standards is provided for bracero ranch hands while they are away from ranch headquarters. In such cases living conditions on the range comparable to those under which domesic workers live are acceptable. The source materials used in

he development of the amended standards include the provisions of the Migrant Labor Agreement. state agricultural camp codes, and the suggested language for regulations of agricultural labor camps issued by the President's Committee on Migratory Labor.

#### Central Ward School News

By B.T. W. BREMBRY Principal

We are extremely grateful to the Women's Society of Christian Service of the First Methodist Church of Haskell for two visits to Central Ward School in March and April. Mrs. J. G. Vaughter and two other members of the society made interesting talks which were enjoyed by students and teachers alike. Their talks, words of commendation and wisdom were inspirational and help-

We appreciate beyond measure the valuable and much needed gifts of good used Twentieth Century Webster Dictionary and three selected brand new books, Teachers and students are making use of them. At all times we welcome interested citizens of good will to come by to see us and lend a elping hand.

We are interested in a community-centered school, where children have a sense of belonging and security, with parents, teachers, and the community aiding children in their development and growth. Children are our best investment and America's most prized heritage. Improved human relationships of the home, church. school and community will offer a solution to our varied and complex problems that plague our youth. All that our children need is a chance and an opportunity to prove themselves during this age of "Automation and vicious circle in this, our changing world.'

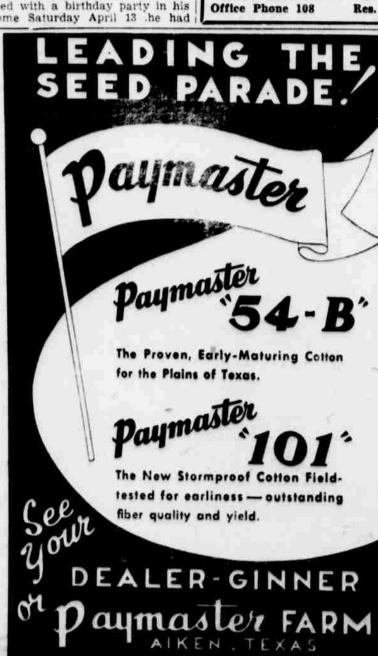

We celebrated National Negro
Health Week April 7-14, founded
by the immortal Booker T. Washington, an outstanding American citizen, educator, and humanitarian. Historians rate him with Pestalozzi, Owens, Douglas, Armstrong and other outstanding educators.

Mrs. Stella Trice, our competent County School Health Nurse, visited the school April 9. She gave and interesting and worthwhile address to the faculty and student body on polio, personal hygiene, and sanitation. She also served as an able dentist, extensions test for three or four of the served as an able dentist, extensions test for three or four of the served as an able dentist, extensions test for three or four of the served as an able dentist. tracting teeth for three or four of our students. Her constructive and helpful talk was enjoyed by all and we will benefit and profit from it. The principal and sev-eral students gave the history of Negro Health Week, and of several major diseases that plague mankind. The writer believes every day and every week should be a health day and health week. We hope and trust that our friends and more of them of good will will visit us more often and lend us a helping hand in the de-

A new age of automobiles begins with this car Touch a button-in less than a the steel top disappears magic the trunk—and you're in a supe elegant convertible. It's two can

Here Today! The FORD SKYLINER - world's only Hide-Away hardtop

Once in a long, long while a car comes along that people remember and talk about for years after its introduction.

The first model "A" Ford was such a car ... The first Ford V-8 was such a car . . . The first Ford Thunderbird was such a car.

Today Ford Division is proud to announce still another car that many say is destined to become the most famous Ford of all: The Skyliner-world's only hide-away hardtop.

If you plan to buy a new Ford, or already own one, the fact that Ford created this car is important to you. For all the exhaustive research, planning and testing that went into the Skyliner is evidence of the engineering skill you get in every Ford model.

The Ford SKYLINER, the only all-steel hide-away hardtop, is a car for history. This is an old dream of Detroit, a dream of two generations of motorists.

And today Ford has made that dream come true-in steel. But the story behind this dream is a story of men who refused to accept "no" for an answer. In the Ford tradition they

kept striving toward the goal long after others had given up the chart. To understand this Ford mirit you

nust go back to 1908. That was the year

when many Detroiters smiled smugly as Henry Ford announced, "We will build a motor car for the great multitude . . . so low in psice that no man making a good salary will be unable to own one."

And they did.

Today, nearly a half century later, Ford continues to cause the "experts" to change their tune. When you see this all-steel hardtop that retracts into a convertible, you'll be seeing a car that many said would never be mass-produced.

But Ford did it.

It was December 1956 - after years of research, planning expering and testing—when Ford unvei masterpiece . . . unveiled it amid pomp and splendor of the No Automobile Show.

And now this history-making o prototype of a whole future gen of cars, is ready for your own poinspection in the showrooms of Ford Dealers.

Plan to see it soon. And ask your to show you the exciting advance models of the new Ford line for 5

singers that once monopolized our

talent shows with their guitar, and patting a booted foot as they

# Paint Creek Community News

There isn't much time for hob- from Mercedes, and Mr. and Mrs. ies these days, but if I have any Ray Calloway Jr., of Lubbock, hobbies they are young people and music. A talent show such were recent visitors in the home of their son and brother's family, as Paint Creek had Monday night Mr. and Mrs. Garland Calloway is a good place to study both the trends in both. I was interand daughters. Mrs. Jewel McLennan and Mrs. ested and amused to see the change in them. Those cowboy

Alex McLennan have completed a 4 weeks course in upholstery under Miss Wanda Greenhill at the office of the home demonstration agent at the courthouse. Paint Creek students attending

High School Day at ACC Saturday were Dub Sims, Fred Selby, Cyn-thia Russel., Wallar, William and Mike Overton and Martha Stephens. The track meet with ACC-Baylor and North Texas competing was called off because of the weather, and the young people attended the Scouting Exposition weighed 6 pounds and they have at the Abilene Armory building that afternoon. William Overton and his mother attended the opera "Lakme" given by the ACC music department Saturday night.

Vaughn Cox from Floydada was a recent visitor over the weekend with his parents, Mr. and Mrs.

W. S. Cox. Mrs. Ray D. Gressett of Lubwild with enthusiasm, and Mrs. Ray D. Gressett of Lubjust who can out-Elvis, Elvis who sanitarium last week. She is at the home of her parents, Mr. and Mrs. Raymond Bounds.

We are still hearing of damage from the storm. Mr. and Mrs. Bohannon's garage blew Lee away, and their water tower, and TV antenna were blown down. Mr. and Mrs. John R. Watson had five windows on the southeast blown in and one pillar on their porch blew away in the field. An-

other pillar is leaning way over. The Junior class entertained the Senior class of 1957 with one of the most beautiful and colorful banquets Paint Creek has ever

Guests were greeted by strains of Hawaiian music, and under a blue sky sprinkled with silver stars with a beautiful golden quarter moon, the tables were placed in a Hawalian setting. At one end of the room was an island with a canoe tied to a palm tree. There were palm trees with colored "coconuts", multi-color-ed place mats and colored lilies. Favors for each guest were at each place as well as nut cups, and china Hawaiian dolls. The program was in multicolored ocok with a Hawaiian scene on the front. A dinner plate of steak, baked potatoes, peas, rolls, pine-apple salad and pecan pie was served by sophomore girls dressed in liowered skirts, and wearing flowers in their hair. Alice Early was Mistress of Cermonies, and the program consisted of the invocation by Dan Griffith; Toast to the Seniors, Alice Early; Welcome, Kendel Watson; Response, Judy Earles; Prophecy, Dub Sims; Special music, Mrs. Gene Overton and Willie Lee Medford: Story of Hawaii, G. #### Safe Living in Recreation

Safe living in recreation is imirtant, just as important as afety in homes, schools and ocupations. By wearing the right kind of

By Kathle Lee Dorner

othing we are not as likely to get hurt. For instance, the baseball glove is worn to protect the and from the hard ball. In football, the football helmet protects the head. In basketball, kneehads protect the knees.

It is wise to obey the rules beause they are made for our benefit and safety. If we do not obey the rules we will probably find surselves in a dangerous situa-

We need to eat the right kind food so that we can play well nd build strong muscles and ones. Proteins build and repair our worn out cells. Vitamins are necessary to normal growth and development of our bodies Sugars and starches give us energy We need the foods containing proteins, vitamins, sugars and starches in the right amounts so our muscles and bones will oned to the tune of "perfect health" to play safely each day Every day we should eat the seven basic foods. Proper nourishment is necessary to lead a full happy, and healthy life.

To observe safety in sports and games, we shoud not over-exert ourselves. If we have not played and have not had much exercise recently, then we should slowly work our way up to it. Almost all games are divided into halves a rest period. It is bad on the heart to over-exert ourselves. Therefore, we should observe the law of safety by resting at the halves and quarters.

To have good health we must get plenty of exercise. Sports are important. They give us enterainment and exercise. Exercise s needed to keep us from having fatigued muscles or tired mus-

To keep from having permanent njuries we should do many things. By obeying the rules w will have more fun and it will be safer. Roughness is another reason why people have permanent injuries. It is not necessary. Roughness is the chief cause why people have broken arms and legs after games.

Do we do all of these things? If not, we should start doing them now. All of us will find that it is more fun and is much safer.

#### Safety at Home

By Charlotte Redwine A home should be the safest place, but it is the most dangerus about three out of four deaths ocur in the home, most of them

#### Safe Living in Traffic

By Kathryn Ann Kretschmer I think safe living in traffic is ne of the most important things n our lives, because we are on he road most of the time now

Cars are becoming very comon and people are beginning to ake their own safety for grantd when they get behind the

I think our teen-agers are some f the most careless people when hey get in a car to drive. They do reckless things just to get attention or to show off. They think it smart to pass a car when another one is coming or to drive with their light out at night. Also not stop at a stop sign or to spin a wheel around a corner. There's one thing they think is a of fun to do, they will drive right at a car and then turn away pretty fast. Just to scare the wits out of a person. They sometimes will race each other on the highway to see who can go the fastest, this sometimes results in a car accident and they do things such as driving on the wrong side of the road.

Old people also can be a probem in driving. They may go too slow and cause someone to drive

into them. They may have bad eyesight and can't see on which side of the road they are on or if the light is red or green. Then there are some people

who are just on the go all the time. They may take chances just to save a little time. There are two slogans we should

all remember: One is, "If you 'Slow down and live." Not only driving too fast, too

slow, and things like that are the causes of accidents. Another is having your car in bad condition small child should not be left so it doesn't run well. So remember to be a careful driver you have to obey traffic

## C. of C. Will Sponsor Local Entries In WTCC Essay Contest on Industry

At a meeting of the Industrial Committee of the Haskell Chamber of Commerce Thursday April of ideas advanced in the essay, 11, it was decided to sponsor the (2) evidence of serious study and essary writing contest conducted each year by the West Texas Chamber of Commerce in cooperation with local chambers.

The local prizes for the best essays on "What My Town Can Do To Have More Industry" will be sponsored by the chamber of commerce and will include all senior students in the schools of Haskeil County. If they do not live in Haskell, they are urged to participate anyway with their essay pertaining to their own town or community.

Members of this committee also endorsed the need for a hard surfaced road to the West Texas Utilities Power Plant and Scott Memorial Park at Lake Stam-

H. C. King of the Utilities Co. advised that construction on the third unit of the plant would be-gin in the fall of 1957 and would take approximately 18 months for completion. Additional employees needed after completion would possibly run the total to 40. The need for all Haskell citi-zens to get behind the Millers Creek

project which will provide lake water for seven surrounding towns of the area, was stressed by W. O. Smith.

Wallace Cox, Jr., chairman, presided for the meeting with others present being Henry King, Carl Anderson, Guy Kennedy, W. O. Smith, A. C. Pierson and Manager Rex Felker.

Plans for holding an oil field calchestion in October of this

celebration in October of this year were discussed by committee members.

Essay Contest Rules Grand award offered by the In-

dustrial Committee of the West Texas Chamber of Commerce will be a \$250 scholarship to the college or university in West Texas chosen by the winner. The contestant, to be eligible.

must be a high school student who is to be graduated from high school not later than August 31,

The contest entry must be an article or essay not more than 1,500 words on the subject: "What My Town Can Do To Have More Industry.

Entries should be typed or plainly handwritten, double spaced, on plain white paper. Only one side of each sheet should be

The contestant must not receive assistance in the actual composition of the essay: but any type of research for material, including interviewing adults, is not only authorized but encouraged.

Judging in the contest will be

investigation toward arriving at answers posed by the title of the essay, and (3) the usual considerations of good composition and neatness.

The winning entry in the local phase of the contest will be forwarded by the local chamber of commerce to the West Texas Chamber of Commerce to compete in district and final judging. These entries become the property of the West Texas Chamber of Commerce.

Entries must be submitted to the local Chamber of Commerce. The Haskell Chamber of Commerce will pay cash prizes for the three essays judged the best. Prizes will be \$15.00. \$10.00 and

# Telephone Co. And Workers Sign New Contract

General Telephone Company of the Southwest and Communication Workers of America Local No. 6180 on April 9 signed a 12 month agreement after 31 days of negotiations, according to F. W. Hamper, industrial relations director of the company.

The highlights of the new con-

tract include wage increases and benefits which amount to almost one-half million dollars, and a provision which allows the company to schedule plant craft employees on other than five con-

secutive work day week. Wage increases up to 12 cents an hour were granted depending up-on the group and classification of

he employee. Some employees of the former Texas & Oklahoma Telephone Company will receive additional wage increases in order to place them on the General Telephone Company's wage schedule.

The new work schedule will give the company an opportunity to provide a more effective and efficient method of scheduling work forces.

Other provisions of the new contract will make changes in ermination allowances, military leave, town reclassification, and double time on certain Sunday work schedules. A new agreement was also reached on plant employee group benefits.

Company and union spokesmen both stated that a fair and rea-sonable settlement had been

#### Haskell and Rule Entries Win In Talent Show

Winners in the Talent Show held at Paint Creek Rural High School Monday night were: First. Gayle Brown and Phil Spinks of Haskell with a pantomime of "Anything You Can Do I Can Do Better.'

Second, Roy Tate and Albert Boyd of Rule with a guitar duet. Third, was a tie between the "Joy Notes" a girl's quartet of Rule, and Selda and Judy Callowho pantomimed and bop-

## Nation's Second Largest Circus Coming May 21

The second largest circus in the nation is scheduled for a one day only engagement at the Saddle Tramp Rodeo grounds in Fair Park afternoon and night on Tuesday, May 21.

informing us that he had completed the preliminary arrangements for the visit of this famous

Wild Animal Show, which is making its 36th annual tour. Al G. Kelly and Miller Bros. is now exceeded in size only by the famed Ringling Bros. Barnum and Bailey show, and is now conceded to be the largest circus touring under canvas in 1957. Also this year, it is featuring Col. Tim McCoy, famous Western movie and TV star, in person.

The advertising cars, compris-ing six motorized units, with a crew of 28 advertising and publicity men will arrive soon to publicize the coming event, by placing bright, colorful posters within the city and surrounding communities. In addition, newspaper space, TV, radio time, boxholder mailing lists and aerokell on Tuesday, May 21st.

This will mark the first appearance of a big circus here in 15 years. undoubtedly the very first one to bring such outstanding and unusual animals Giraffes, Hippopotasuch as: mus, and Rhinoceros. In addiion a herd of 21 elephants, besides more than 200 animals including: Lions, Tigers, Pumas, and Leopards, numerous species of monkeys, apes and baboons; Black, Grizzley, Himalayan, and Polar Bears; Hyenas, Baby Gorllas, Kangaroos, Mandrills, Gnu. Emu, Llamas, Seals, Sea Lions, Hogs, India Water Buffalo, Zebu, Bison, Persian White Sacred Deer, Zebras, Camels, Tapirs, Dromedary; An aviary of ropical birds, dens of tropical eptiles; also 127 head of horses, onies, Kylo, Yak and donkeys. Now recognized as the largest, most varied and costly collection f rare animals ever exhibited with an American circus.

The first paying oil well in the United States was drilled in 1859 at Titusville, Pa., by Edwin L. Drake, a railroad conductor.
