Annual Pinkerton-Whitman Reunion Scheduled Here Saturday, May 5th

If you are or have ever been in the Pinkerton or Whitman resident, better get out the picnic basket and decide what to put in it for the big old fashioned get-together being planned here for 5 p. m. Saturday May 5.

The event will be held in the American Legion building in Haskell and plans are being made for a large attendance.

Cards will be sent to a large number of former residents, but those accidentally overlooked should send up the basket and family and come to the reunion too.

During the early development of the farming in Haskell County, Pinkerton and Whitman were two of the most thriving communities in the county. Both had good rural schools and at one time, Pinkerton had a post office, and several business establishments.

Members of the county committee present at Saturday's meeting were J. P. Moeller, E. Kupat, Harry W. Smith, O. E. Patterson, Tom Holland, Preston Weinert, Joe Lowery, Sam Hanson, J. C. Coleman, Wayne Perry, Virgil A. Brown, Robt. R. King, Chas. M. Conner.

John B. Martin, former administrator of the Haskell County Hospital for two and one-half years, has accepted a position as business manager and purchasing agent of the Gainesville Sanitarium in Gainesville, Texas.

The Gainesville hospital, one of the largest and most modern in this section, has a medical staff of 14 physicians and specialists. It has a capacity of 56 beds, and an expansion program now being planned will add 25 beds. Martin said.

Martin has already assumed his duties in the Gainesville hospital. Mrs. Martin and their two children, Johnny Carl and Suzanne will remain here until the end of the current school term.

In connection with plans to form a County Tuberculosis Association, an organization meeting has been scheduled at 4 p. m. Friday, April 27 in the district courtroom, when a State work-up committee has been named representing all sections of the county, as the first step in forming the county association, Mrs. W. P. Trice, County School Nurse, explained. At the meeting here April 27, the State representative will outline necessary steps in organizing the unit, a program of work and other details.

All members of the committee are urged to attend the meeting, and all others who are interested should attend, Mrs. Trice said.

The general county committee as now composed includes the following persons in the community listed: Haskell—Mrs. Grace McKel-

Turnbow stated to the group that there is a real need for the type of service that the Salvation Army renders in our county. He urged all workers and the people of Haskell to go all out to make this drive a success.

The type of program that the Salvation Army has established here is a new operation in this county. A local committee headed by Courtney Hunt will administer assistance to people in need of emergency help in the name of the Salvation Army and will work closely with Army officials in solving welfare problems and meeting the needs of the people. There are now 137 Service Unit Committees in Texas.

The campaign now underway will be on an annual basis and there will be no future taborine solicitations in Haskell County. This will be the only opportunity that Haskell County people will have during the year to support the work of the Army in the local and state program.

All together there are about 100 people helping in the campaign and Judge Turnbow expressed his thanks for everyone who has accepted places of responsibility and for the fine reception that people are giving to this new program.

Final plans are being completed to entertain the record attendance expected for this year's program, Chapman said. The Haskell man has headed the convention as president for the past 12 years.

Some of the best known singers and quartets of West Texas have indicated they would be present for the program, in addition to local song leaders and music groups of this immediate area.

Among the quartets to be featured on the day's program will be the widely-known Ozarks Quartet of Wichita Falls, the Stamp-Baxter Quartet of Dallas, and others.

The all-day convention will be held in the American Legion auditorium south of the square.

The program will begin at 10 a. m. and continue until 4 p. m. A brief business session will be held at 1 p. m. for election of convention officers.

All seating accommodations in the large Legion auditorium will be made available to the public for the program. Also, grounds around the building will provide free parking space for several hundred cars.

OUT ON A LIMB

By CHARLENE WHITE

Mrs. Gene Tonn is trying to rent a motor scooter after getting stranded on a lonely road last week. She was headed to town with a coffee percolator for a board meeting at the Farm Bureau office. After flooding the carburetor of her car, she started walking. She says it wouldn't

have been quite so bad if it weren't that she was trudging along in high heels and the north wind hadn't been blowing a gale and the water hadn't started sloshing out of the percolator and she hadn't been carrying a package in the other hand besides. A car came by, but it was a young couple and they didn't even see her, having their minds on less prosaic things. Finally a little black sedan came by filled to the bursting point with teenagers. They turned around and came back for her—all seven of them. She squeezed into the front seat with three others and off they rolled to town expecting the springs to go at any time. Mrs. Tonn said she doesn't know their names, but if they happen to see it here, "Thanks a lot!" To add insult to injury, once she got to the meeting, the guest speaker talked to the members about telephone co-operatives. She says that if anyone could ever have used one, she could.

Haskell County History

20 Years Ago—April 16, 1926

Thieves who looted Walton Drug Store in Rochester sometime Wednesday night secured watches and jewelry valued at between \$400 and \$500. Officers are investigating, but have made no arrests. The burglars are believed to have entered the store during a severe sandstorm which struck early Wednesday night.

30 Years Ago—April 16, 1926

The two story brick building being erected by the Haskell Telephone Company is rapidly nearing completion and will be ready for occupancy within two weeks. When the building is finished, the telephone exchange now located on the second floor of the Haskell National Bank will be moved to the new quarters.

Property owners in Precinct 2, voting last Saturday, blocked a proposed \$10,000 bond issue for road improvements. Although a majority, 222 voted for and 173 against, the measure failed to receive the necessary two-thirds majority.

John V. Davis of Freeport, Ill., is here this week visiting his parents, Mr. and Mrs. R. R. Davis. The home of J. A. Hartsfield southeast of town was destroyed by fire Wednesday afternoon. Most of the household effects were saved through the efforts of friends and neighbors who came to the assistance of the family.

Mrs. E. O. Chapman of the Roberts community, who is seriously ill with the "flu" was removed from her farm home to the home of her son, Mr. and Mrs. Hallie Chapman in this city Tuesday.

Fritz Ganzart of Round Rock spent last week here looking after his farm interests east of town. Marling Middlebrook of the Post community, who has been employed at the Stamford Cotton Oil Mill, has accepted a position in the Rio Grande Valley and moved there this week.

Haskells new official family will take charge of the city government this afternoon at 4 o'clock, when the old Council holds its last meeting and installs the new officials. They will be: F. G. Alexander, mayor; Sebo Britton, city marshal; Austin Coburn, city secretary; John Rike, J. W. Gholson, Ben Bagwell, John V. Davis, aldermen; with Anton Theis the only hold-over member of the council.

Mrs. H. D. Bland, Mrs. W. E. Bland, Mrs. Johnson Ivy and Ethel Bland staked a novel campaign last week to raise money for improvements at the Center View Church. The women canvassed that section and collected 50 hens, two roosters, several dozen eggs and a few cash donations.

Miss Elsie Bradley left Tuesday for Iowa Park where she will visit several days with friends. While returning home from church last night, Mrs. J. T. Wilson fell from a narrow sidewalk culvert several blocks east of the square, and broke her left leg just above the ankle. She was carried to the Stamford Sanitarium by Andrew Josselet.

Mr. and Mrs. Edward Burleson and little son, of Waco are here visiting Mrs. Burleson's parents, Mr. and Mrs. John A. Couch.

Margaret Herren tells us she wants to be a reporter when she gets out of school. Poor kid. Guess that really shows what the younger generation is coming to. What with the situation in the Near East and the Middle East, and Russia, it must have been rather peaceful in colonial days when all they had to worry about fighting was the Indians.

G. T. Scales of Lubbock, who formerly was manager of the ice and light plant here, was in town several days this week on business.

John A. Arend is spending a few weeks here with his parents, Mr. and Mrs. Martin Arend before going to South America. He has accepted a position with Messer Oil Company as assistant manager of their headquarters office in Argentine Republic.

50 Years Ago—April 21, 1906

J. J. Pollard, who lives west of town, was here Thursday doing some trading. He says the rain this week makes a fine prospect for the small grain.

A. B. Carothers, promoter of the new town of Rochester between Rule and Carney on the Orient, has been advised by Chief Engineer Paret of the Orient that he has ordered the switch put in at Rochester and that a plat of the town is being prepared.

J. E. Weiser and son Frank Weiser of Dublin were here several days this week sizing up this section and its prospects. Mr. Weiser owns flourishing mills in several towns, and may establish one here.

a lot on the north side of the square and is planning to erect a business house on the property.

50 Years Ago—April 21, 1906

L. M. Hamilton was in town Tuesday and sold to Haskell buyers 13 bales of cotton at a price of 10 1/4 cents.

J. A. Parish of Marcy was in town Wednesday and reported a good rain and fine prospects in his neighborhood.

D. W. Pitchford and family have returned from a week's visit in Weatherford. J. N. McFatter of Dublin has purchased property here and plans to move his family to Haskell.

Walter Webb of the Pinkerton community sold two bales of cotton to local buyers Tuesday. The first copy of The Rule Review has reached our desk. The publisher is G. W. Power and he has made an excellent start, judging from the appearance and newsy content of the initial issue.

W. F. Draper was in town Thursday and said that most of the wheat is knee high and over and is looking fine. He says the prospect for oats is equally as flattering as that of wheat.

Dear Friends

As a part of their work in Humble's Refining Research Laboratory, Humble scientists bombard petroleum hydrocarbons with electrons in a 2-million volt Van de Graaff Accelerator.

But if you ask one of these scientists what he expects to find, he'll answer, who knows!

For this is fundamental research. Results may be quick or they may be a long time developing. Who knows?

... Perhaps the scientists will find a way to increase the yield of useful products from a barrel of crude oil.

... Perhaps they'll be able to make improvements in the fine products already supplied you.

... Perhaps they'll develop an entirely new group of petroleum products. Who knows!

This much, however, is certain: Humble research scientists at Baytown use every device of physics, chemistry, mathematics and mechanics to provide you with more and better petroleum products.

Two quick examples: The specifications for Esso Extra gasoline, the formula for Humble Uniflo motor oil. These, without question, are the finest products you can use in your car.

Sincerely
HUMBLE OIL & REFINING CO.

Williams was apprehended a few weeks later and released in \$1,000 bond pending trial.

When the trial date came, Williams didn't, and officers have been on the lookout for him since.

A few weeks ago he was apprehended by Taylor County officers, who advised local officers. Williams was brought here by members of Sheriff Pennington's department for the hearing before Judge Chapman.

**Sagerton and Stamford Men Rescued
After Boat Overturns in Lake Phantom**

Oscar Manske, 40, Sagerton, and Catarino Macis, 33, Rt. 3 Stamford, spent an hour in the waters of Lake Fort Phantom Hill Sunday night after their boat overturned. They told rescuers they were out looking for trotlines when the boat hung on a stump and overturned.

The two men were rescued by W. K. Wair and Howard Kelly, lakeshore residents, Mrs. Kelly called the Wair home shortly before midnight saying she thought she heard Wair calling for help. Mrs. Wair went out on the porch of her home and heard calls for help. She notified the Abilene Police Dept., and Jack Collum, a neighbor, heard the phone ring on the party line and learned of the trouble. He picked up Wair in his car and drove to the dam to let the men in the water know help was on the way.

Collum's car got stuck while he was turning around to go back to Wair's boathouse and Kelly picked up Wair in his car to go to the boathouse where they got into Wair's 15 foot boat, taking along extra life preservers.

When they reached the overturned boat, Macis was so weak he could hardly hang onto the boat so they took him aboard

first, then Manske. They then tied the overturned boat onto the Wair boat and returned to the boathouse. At the Wair home, the rescued men were given dry clothes and first aid was administered. Later they were taken to Hendrick Memorial Hospital where they were treated for shock. Capt. L. A. Martin and Sgt. E. L. Odell of the police department arrived at the scene by the time the men arrived at the boathouse and assisted in getting them to the Wair home.

TODAY'S BIG SPECIAL

at a price that will open your eyes (and Purse)

If you're in the market for a real buy, take a good look at this one.

It's a 1956 Buick SPECIAL—which means, of course it's a big car.

But look again at the price news it carries.

It tells you this big Buick SPECIAL can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars. (And the price we'll show you proves how true that is.)

The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series.

Even that, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones.

To understand the big reason, you've got to know something about how much pure automobile you get for your money in a 1956 Buick—

The extra satisfaction of commanding Buick's walloping new 322-cubic-inch V8 engine—

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure—

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflo.†

†New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Those are some of the things we'd like you to know, firsthand, about the 1956 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

To understand the big reason, you've got to know something about how much pure automobile you get for your money in a 1956 Buick—

†New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

New York Concert Pianist Will Judge National Guild Piano Auditions Here

AURORA RAGAINSI Mrs. Hubert Bell, local chairman, announces that the National Guild of Piano Teachers will hold auditions for their students at Haskell Wednesday and Thursday, April 18 and 19. Mrs. Bell was advised by the National Guild that the Haskell auditions would have as visiting judge the New York teacher and concert pianist, Aurora Ragainsi. Miss Ragainsi studied at the Dana School of Music, Youngstown University, where she received the degree of Bachelor in Music as well as the Artists Diploma in Piano with honors. In New York she has studied and coached with such artists as Maria Carreras, the late Harold Bauer and Frank Sheridan. She maintains studios in Carnegie Hall, New York City and in Elmhurst, Long Island, N. Y. She has appeared many times in New York and eastern states in recital, has given four programs in Town Hall, New York City and has appeared on various programs such as the Key-board Masters Series of New York Station WNYC. She will come to Haskell directly from New York City, with the auditions here the first in a series to be judged by Miss Ragainsi in a one-month tour of the South. While in this area she will be visiting judge for auditions scheduled in Olney by the National Guild. Music critics have been lavish in their praise of Miss Ragainsi. A recent review in the New York Times read: "Miss Ragainsi was able to weave a spell with those pieces that were suited to her gifts. The E Flat Brahms Intermezzo, the A Flat Chopin Etude and the three more tender Rach-

maninoff studies for instance were all quite beautiful. The tone was unflatteringly pleasing; they had a sense of romantic nostalgia and the melodies were hauntingly evoked."

"South Pacific" Provides Harmony Club Program, Directed by Mrs. Cadenhead

The stage musical, "South Pacific" was the entertainment for the Harmony Club program, Thursday, April 12 at the Home-making Cottage, under the direction of Mrs. J. F. Cadenhead, Sr., who gave the story interspersed with the overture from the recording of the play. The musical selections were "Younger Than Springtime," a beautiful love song, performed by Mrs. Gene Tonn. Then the records, "I'm Gonna Wash That Man Right Out of My Hair," and "I'm In Love With a Wonderful Guy,"

were played featuring Mary Martin, original cast member. Mrs. Jack Lane sang in dialect "Ball Hai," which was very impressive. Highlighting the program was the finale, "Some Enchanting Evening," the recording featuring Ezio Pinza. Rodgers and Hammerstein reached an unprecedented high in their musical score of "South Pacific." It was adapted from one of the post war books, "Tales of the South Pacific" (Michener) and has become the most widely seen and heard stage musicals to the present date. The setting is in the small islands of the South Pacific area during the war, populated mostly with homesick and uprooted U. S. military personnel. Here is intertwined the love stories "Nellie," a navy nurse, portrayed originally by Mary Martin, and her love for the island planter, played by Ezio Pinza. Their shyness of approach in telling of their feelings to each other provokes much misunderstanding, especially since they each see themselves at great disadvantage to the other. The second love story portrays a young officer and his love for a beautiful island girl. Their racial and social differences, as seen through the eyes of a society in our country, bring about much of the score's most beautiful music.

Ford goes First!

In Performance
At NASCAR's Speed and Safety Event at Daytona, Ford won the Manufacturer's Trophy for best all-around performance. And Ford's 225-h.p. Thunderbird Special V-8, in one day, smashed 30 world speed records at Kingman, Arizona. No wonder Ford is the world's largest-selling eight.

In Safety
When the editors of "Motor Trend" unanimously voted Ford's safety program "the top car advance" of 1956, they had in mind Ford's Lifeguard Design... a whole family of safety features, including a deep-center steering wheel and double-grip door latches, to help protect you in case of accident.

In Economy
In this year's Mobilgas Economy Run, a Ford Customline V-8 with Fordomatic won over all cars in its class. The sturdier, heavier Ford carried more weight with greater gasoline economy per pound than any competitive car... "sixes" as well as "eights"! Ford proved itself a regular gas miser.

The way a Ford performs, the way it saves, the way it protects you, go hand-in-hand with the way it looks and lasts. Ford's look was inspired by America's most exciting car, the Thunderbird. Its rugged K-bar frame and carefully-built body give it the endurance and reliability traditional with Ford. These are the facts behind Ford's reputation as the car that's worth more when you buy it... worth more when you sell it, too! Come in and let us show you!

ton inspect it at any time," he said.

"In May of 1950 we added a new fire truck to our fire department and other improvements were made in the department itself which, by the way, lowered the insurance rates of citizens," said Mayor Hunt. "Haskell also has the lowest rendition in taxes in the area."

"We added a modern street sweeper in December, 1950 and put our trash cans on the streets to insure a cleaner city. We now have a city garbage disposal truck which is a big saving."

"Previously we had to hire a truck, but now the operation is self sustaining," said the retiring official.

"One of the things we're proudest of, is that Haskell has one of the lowest renditions of any city in this part of the country," stated the outgoing Mayor. "But I can't claim all the credit. We've always had good men on the city council. That's what did it. We were fortunate in having complete harmony."

Mayor Hunt served first in that capacity in 1918. He has also served as State Representative from this district in 1938. "I've served a pretty good sentence, long enough for one man," he declared.

Earlyday Haskell Banking Business Started in General Mercantile Store

(One in a series of articles on earlyday Haskell, taken from material in the late R. E. Sherrill's "History of Haskell County.")

By CHARLENE WHITE
On May 2, 1887, Sam H. and Walter F. Johnson, who were doing a general mercantile business in Haskell added banking to their business, calling it the Haskell County Bank. They continued this for three years till the summer of 1890.

The Haskell National Bank was organized July 19, 1890, and opened for business in Johnson Bros. store in December of that year with M. S. Pierson president, A. C. Foster and H. G. McConnell vice presidents and S. H. Johnson cashier. Its first directors were the above men together with W. E. Johnson, J. L. Jones, J. G. Lowden and E. W. Taylor.

However, the country had not advanced sufficiently to justify two banks and after passing through the depression of the next five years, the First National Bank sold on June 17, 1895 to the Haskell National Bank its banking house and half of its notes, and Haskell National then moved to the First National building which it has occupied ever since.

In the early days when the country was thinly populated with no railroads, telephones or telegraphs, few schools or churches, they did not have the same entertainment we have now. But they had lots of it, nonetheless. Picnics, fish fries, house parties, candy pullings, barbecues, Weddings and dances were frequent.

Men found entertainment hunting deer, turkeys and bears along the breaks of Paint and California Creeks or in the breaks of the Brazos River where bears were found. Deer, antelope and prairie chickens abounded on the prairies. On the lakes and water holes were ducks and geese. In the streams fish in plenty afforded sport and also food for the hunter and his family. The first court house in Haskell was a two story frame building erected in the summer of 1885, the year the county was organized. The commissioners failed to sell the bonds voted for this purpose and engaged R. C. Lomax, a young man recently come from the Treasurer's office in Austin, to sell the issue of \$15,000.

Lomax went to Austin and easily disposed of the bonds to SKIN ITCH HOW TO RELIEVE IT. IN JUST 15 MINUTES.

MK&T Official Says Haskell Seniors Are "Tops"

HHS Seniors might well be titled Texas Good Will Ambassadors according to E. L. Luckett, of the MK&T Railroad Line.

In a letter to J. F. Coghlan of the company, he stated, "It was the most congenial group it has been my privilege to accompany. They are a credit not only to their sponsors but to their parents and to the citizens of the community as well. They were appreciative of the itinerary planned for them and the reservations. They were highly complimentary of the manner in which the Hotel Lennox accommodated them."

He added, "In checking out of the hotel, I inquired of the manager as to the department of the group. He replied that they were welcome to return any time. 'In fact if you bring me more groups like that, I'll be satisfied.'"

MRS. GENE OVERTON
They just moved the house where the Kingstons lived over right next to theirs, repainted and papered it inside and built a breezeway connecting it with their house, thus adding extra needed room. The Hoyt Perrys have repapered every inch of their home, and now are putting new rugs in several rooms. The H. B. Montgomerys bought the Thurman Lusk home in Haskell and they are repapering and repainting several rooms in it.

Lt. and Mrs. Raymond Medford no more than got to Bermuda than Ramond had orders to return to Fort Worth. When he phoned his mother he didn't know whether he would be there two days or two weeks. Here he is back in Fort Worth and Billie is in Bermuda. But he will return to Bermuda.

The Plainview Baptist Church closed their revival Sunday with an all-day meeting and "dinner on the ground." In the afternoon they had a singing and three men were ordained as deacons.

Rev. Billy Crews who is the new pastor of the church preached for the revival and Nick Huggins led the singing. Mrs. George Hanson is pianist for the church. Coach J. C. O'Neal had a narrow escape in a car accident Saturday night. He was coming to ward Paint Creek on the farm to market road going south from the Throckmorton highway. His car turned over and was badly damaged. Coach suffered a bad cut on one ear. He was taken to the Haskell Hospital where several stitches were required for a cut on one ear. He was back in school Monday, though, and taught his classes.

The parents of the Cubs in our new Paint Creek Pack met Monday night to see some training films sent to us by the Boy Scout office at Abilene. Den Chief Mike Overton entertained the Cubs while the parents were seeing the films. The organization of the Pack has been completed and will be sent to the office. We have two dens with Mrs. Arthur Bittner as Den Mother for Den 1, and Mrs. Hildred Patterson, Den Mother for Den 2. Lem Ivy is the Cubmaster, Manuel Thane is institutional representative, Vernay Howard is advancement chairman and Mr. Bittner and Carl Manske are Den Dads. Assistant Den Mothers are Mrs. Carl Manske and Mrs. Lem Ivy.

Last Thursday the Cubs went to the highway and cleaned around the Capt. Marcy monument. They made rows of rocks around three sides and planted iris. Ray Lusk has offered them some plants for it, too. The Den Chief told them the story of Capt. Marcy and his men, and then a Mrs. Stone and her husband from Wichita Falls, were just passing and saw them working around the monument. They stopped and gave us a big sack of chocolate and candy Easter eggs for the boys because they thought what the Cubs were doing was such a nice thing. We didn't find out their address, but the Cubs and mothers surely appreciated it.

Parents attending the training meeting Monday night were Mr. and Mrs. Emil Dukatnic, Mr. and Mrs. Vernay Howard, Mr. and Mrs. Albert Bittner, Mr. and Mrs. Leo McKeever, Mr. and Mrs. Lem Ivy, Manuel Thane, Mrs. Hildred Patterson, Mrs. Carl Manske, Mrs. Allen Isbell, Leo McKeever's mother, and Mrs. Gene Overton.

The Boy Scout Troop 48 had its Spring Court of Honor last Tuesday night at the school cafeterium. The Explorer patrol had charge of the program, and Supt. Dan McRae served as master of ceremonies. Star Scout William Haynes gave the oath, Eagle Scout William Overton explained the parts of the First Class Badge. First Class Scout Johnny McRae led the songs. Scout Paul McLennan gave the motto and the slogan, and Star Scout Dan Griffith told about the Scout Magazine Boy's Life. Pat Morrison awarded the Tenderfoot badge to Jeff Smith and Paul McLennan. A P. Williams awarded the Second Class badge to Mike Overton. Several Scouts were not present to receive their awards and these will be presented at the next Court of Honor.

Mrs. Garland Calloway who underwent surgery in the Haskell Hospital for the removal of a tumor, will be able to come home the latter part of this week.

Gladstone McLennan underwent surgery last Tuesday for the amputation of one leg. The leg was so badly burned that amputation was necessary to save his life. Two days later he developed uremic poisoning and was very ill for a day or two, but he had another blood transfusion Friday, and Sunday he was much better.

Mrs. Morris Haynes had a telegram the afternoon of the Drumright, Okla. storm that all her people there were safe. Then later she had a letter saying that their property had not been damaged either. The worst part of the tornado came just about a block from her sister's store, but they didn't even know about it until it was all over. Miss Emma Keys, Mrs. Hawnes' sister, has been the manager of a variety store in Drumright for years and years.

Mrs. Arthur Hill and baby daughter of Opalock Fla., Mrs. G. W. Stanford of Lueders and Mrs. H. C. Adams of Odessa were Monday visitors in the home of Mrs. Hill's aunt and family, Mr. and Mrs. L. E. Jones. Mrs. Hill is the former Doris Wynn Watson, daughter of the late H. Watson.

Jones of Throckmorton, and the hostess.

The three trustees whose terms expired this year were re-elected the first Saturday in April. They were Paul Fischer, Roy Medford and Clarence Raughton.

Mr. and Mrs. Boyd Cathey and daughter of Grand Prairie were weekend guests of Mrs. Cathey's parents, Mr. and Mrs. W. A. Montgomery.

David Cox returned from the hospital a week ago Saturday. Mr. and Mrs. Cox purchased an oxygen tent for him to have at home so he could enjoy his television.

Mr. and Mrs. Bill Nicks and daughter Linda of Plainview were weekend guests of Mr. and Mrs. Ray Overton. Mrs. Nicks' mother, Mrs. Arthur Terry returned with them to her home in Petersburg. She had been visiting with the Overton's.

Jesse Cox left Sunday for Chicago where he will attend a two weeks school on the Republic motors. That is the kind of motors he is in charge of at the West Texas Utilities power plant at Paint Creek Reservoir.

Now that Spring has sprung, everybody is remodeling or repainting or repapering their house. The Livengoods have finished their home and moved in. The Jodie Earles have moved in to the new part of their house.
