Paint Creek FFA Elects Officers For School Year

Paint Creek FFA met Sept. 4 in the Ag Shop and elected officers to serve for the new school year.

Other members are: Robert Weaver, Albert Roberts, Roy Scheets, Bill Russell, Hollis Boase, Gabby Edwards, Mike Shaw, John R. Watson, Martin Coleman. Sponsor of the group is W. L. Medford.

Couple Charged Here Admit Forgeries In 150 Texas Cities

A Dallas couple who had left a trail of forged and worthless checks through at least 150 towns in Texas was apprehended Saturday by Dallas officers on information furnished by Haskell Sheriff Bill Pennington, who had sought the couple since their indictment by a Haskell County Grand Jury last week.

The couple, identified as Willie Alvin Donaghey, 39, and his 17-year-old wife, Martha Jean, were returned to Haskell Tuesday by Sheriff Pennington, for arraignment here on the Grand Jury indictments.

Basis of the indictments was a \$35 forged check given by Mrs. Donaghey to Fouts Dry Goods in this city a few weeks ago. Sheriff Pennington learned the identity of the suspected forgers, and finally traced them to Dallas, where officers were alerted to be on the watch for the couple.

Dallas County Sheriff Bill Decker, describing the Donagheys as "probably the state's 'most wanted' check culprits," credited Sheriff Pennington with tracing the forgers. Despite widespread activities of the couple, they had been able to evade apprehension until definite informa-

August Rainfall Of 1.33 Inches Measured Here

Rainfall of 1.33 inches recorded in Haskell during August boosted the year's total to 19.41 inches to date, according to records kept by Sam P. Herren, local observer for the U. S. Weather Bureau.

Sam Reddell Takes New Church Post In Washington

Sam Reddell, associate pastor and music director of the First Baptist Church in this city since September, 1955, has accepted a call to Longview, Washington, as minister of music and education in that city's First Baptist Church.

The Longview church is affiliated with the Southern Baptist Convention, Reddell explained.

Mr. and Mrs. Reddell and their children, Mike, six years old, Phillip, two and one-half years, and Gaytha, 17 months old, plan to leave the first of next week for their new field of work in the Pacific Coast state.

Mr. Reddell is a native of Idalou, received his Bachelor degree with major in music from Wayland College. He attended Howard Payne College and was music director in Broadway Calvary Baptist Church in Brownwood before coming to the Haskell church.

Mrs. Reddell is the former Johnnie Ruth Wilson, whose parents, Mr. and Mrs. J. M. Wilson, live in Delta, Colo.

During his two years' work in the local church, Mr. Reddell has been singularly successful in enlarging and re-organizing the church choir, including the forming of two new choir groups. In this he has been capably assisted by Mrs. Reddell in her work with the younger groups.

Church choir under Mr. Reddell's supervision include the adult, or Church Choir, Youth Choir, and Carol Choir. New groups organized are the Cherub Choir for children six to eight years, and the Celestial Choir, for children age four to five.

Combined membership in all choirs is approximately 175, with 125 of this number regularly taking part in the music program of the church.

Jaycees Plan to Entertain State President

Haskell Jaycees Tuesday night finished the Cemetery Working project, with 26 members showing up for work preceding the regular meeting of the organization.

Jaycees have been active in the clean-up program since the project was launched several weeks ago.

At the regular meeting Tuesday night, 27 members were present, including one new member, Jack Medford.

During the business session, plans were discussed for welcoming and entertaining State Jaycee President Pete Snelson of Midland, who will be in Haskell Tuesday afternoon, Sept. 17 around 5 o'clock on his way to Seymour to charter a new club there. He will return to Haskell to stay overnight and the following morning local Jaycees will host a breakfast in his honor at 6 o'clock. Arrangements for these events were turned over to Ted Gottas.

Tuesday night's program was highlighted with a talk by County Agent Frank Martin, during which he told something of the agricultural resources of Haskell County.

In discussing the cotton crop, Martin estimated the 1957 crop in Haskell County would yield between 50,000 and 55,000 bales. He explained that approximately 20,000 acres of the county's cotton land was in the Soil Bank this year.

Pointing up the development of farm irrigation in recent years, Martin estimated that 20,000 acres of irrigated land would produce a bale per acre, while 90,000 acres of dryland cotton would yield around one-third of a bale per acre.

City Unable To Grant Site In Park For City School

Kenneth W. Howard Earns Cadet Major Rank in ROTC

Kenneth W. Howard, Haskell, has been appointed operations and training officer with the rank of cadet major of the Army ROTC unit at TCU.

He is the son of Mr. and Mrs. Hollis Howard of Haskell. The announcements were made this week by Lt. Col. Eugene A. Watts, professor of military science and tactics.

Indians Meet Olney Here Friday Night

The Haskell Indians, determined to even their season standing after a loss to Jacksboro last week, met the Olney Cubs Friday night on Indian Field in the season's second game, a non-conference contest. Game time is 8 o'clock.

The Cubs, who also lost their season opener, 13-7, to Albany, hold a strong rating in Class AA football and constitute a formidable foe for the Tribe. In their games with the Lions, Olney held a 7-0 lead until breaks in the third frame sparked an Albany rally.

Barring further injuries, only Indian squadmen out this week are Tackle Gary Anthony, who is ill, and Halfback Eugene Mullins, who is still out of play due to injuries received in practice.

The Haskell Indian Band will be featured in halftime activities.

Probable starters for the Indians in Friday night's game, compiled Wednesday afternoon, listed the following:

Offense: Wheatley or Linton, re; Conner, rt; Farrell, rg; Holley, c; Galvan, lg; Turner or Cathey, lb; Rike, le; Brock or Pennington, qb; Decker or Pennington, rb; Harris, lh; Kimbrough, fb.

Marriage License Issued 10 Couples In August

Marriage licenses were issued during August to 10 couples, according to records in the office of County Clerk Horace Oenal. Couples securing licenses were:

Edward Harvey Motwood and Mrs. Nona Casey of Ruis.

Wilson Alexander Strickland and Audrey June Oates, Rochester.

George Elaine Taylor and Lena Leota Kemp Haskell.

Cecil Ray Epley and Beverly Juanece Shirley of Rochester.

James Lee, Andrea and Clara Jane Holt, Haskell.

Former Resident Of Berlin Speaker At Rotary Club

The worldwide depression of the 30's was a major factor making Hitler's rise to power possible, a young Haskell matron, a native of Germany who is now an American citizen, told members of the Rotary Club where she was a guest speaker.

She is Mrs. Tom Paul Barnett, wife of Haskell's chief of police, who with her husband were guests at the luncheon meeting of the club Thursday, Sept. 5. Other guests were Harry J. Pearman of Lubbock and Miss Paula Ratliff of this city, who was pianist for the club songs.

Program chairman was Wm. P. Ratliff, Haskell attorney, who introduced Mrs. Barnett.

"When we consider all the bad things that Hitler did, it seems amazing that he could have gained control as he did, and we wonder why he was tolerated because the German people as individuals are persons of strong intelligence," the speaker said in her opening remarks.

"Then we remember during the depression, Hitler not only promised the people work, he built highways that are unsurpassed in the world, and many good public buildings. Naturally the people followed him as their leader."

When the military build-up and rearming of Germany started although there was no apparent enemy threat, the people should have suspected something wrong, but they were reluctant to reason that they were being led toward a war, the speaker said.

She told briefly of the last stages of the war, when the situation in Berlin was "pretty bad" but even in the last weeks of the war the people knew nothing except what they were told by Hitler.

When the Russians first came into Berlin, they were not too oppressive on the residents but gradually became worse, the speaker related. "The Russians would steal anything they could, even articles they had no use for," she stated.

Next they placed travel restrictions between the East and West zones. Residents are not permitted to take anything out of the occupied zone. "If they slip out, they must leave everything, just like refugees," Mrs. Barnett said.

Club President Robt. R. King, who presided for the meeting, told members that the club had 100 per cent attendance in August. He also announced the Rotary Information Institute which will be held in Olney Oct. 16 and urged attendance of a representative group from Haskell.

LEAVES FOR COLLEGE

Miss Vicki Medley, daughter of Mr. and Mrs. E. C. Medley, left Monday for Stephens College, Columbia, Mo., where she will be a freshman student.

Rule Selected as Site of Rebekah, IOOF Meet in April

Rule was selected as site for the April, 1958, meeting of the West Texas I.O.O.F. and Rebekah Association of District 1, in the afternoon session of the association's semi-annual meeting here Tuesday.

More than 200 members of the two fraternal orders attended the meeting, held in the local I.O.O.F. lodge hall with Haskell Rebekahs and Odd Fellows as hosts. Delegates and visitors were from Rule, Tuscola, Rotan, Abilene, Aspermont and Baird.

Mrs. Mary Green of Abilene, president of the association, presided for the afternoon and night sessions. District Attorney Royce Adkins of Haskell gave the welcome address, with response by Marion Barney of Abilene.

During the evening program, Haskell Rebekahs conducted installation of officers elected Tuesday afternoon, as follows:

Cliff Dunnam, Haskell, president; Stella Wyatt, Abilene, first vice president; Carl Hoag, Rule, second vice president; Pansy Harris, Haskell, secretary; Queen Hawthorne, Abilene, treasurer; Marie Loofborough, Abilene, chaplain; Theresa Dycus, Rotan, musician; Eva Speer, Haskell, counselor to the president; H. H. Hines, Rule, historian; R. L. Weems, Rotan, marshal; Clara Hines, Rule, reporter.

Haskell Rebekahs served supper to delegates and visitors preceding the night session.

Fred Gilliam Is Named President Saddle Tramps

New officers of the Saddle Tramps riding club for the ensuing year were elected Monday night at a business meeting which followed the monthly chuck wagon supper held at the Corral on Rice Springs Rodeo grounds.

A sizeable turn-out of members and their wives were on hand for the steak supper.

Officers elected, who will assume their duties Oct. 1, are:

Fred Gilliam, president; Dr. T. W. Williams, vice president; C. O. Holt, secretary-treasurer; Gene Hunter, parade captain; Adell Thomas, assistant parade captain; T. C. Cobb, chuckwagon boss.

Directors of the club, including the above officers, are: Shelley Royall, Cecil Eager of Stamford, Brooks Middleton, Jetty V. Clare, Rex Felker, Lloyd Tankersley of Knox City, Sidney Winchester of Munday, E. H. Tankersley of Knox City, Bob Herren, Buford Cox, Roy Cook, B. R. Webb of Stamford, Nat Wash of Stamford, J. W. Nicholas of O'Brien.

Coach Ray Overton Guest Speaker at Lions Club

Football was the principal discussion topic at the meeting and luncheon of the Lions Club Tuesday, when Coaches Ray Overton, Jr., Dick Gaines and Jimmy Browning of Haskell High School were guests.

Lions also welcomed a new member, Jimmy Turner, member of the insurance and real estate firm of Harfield & Turner in this city.

The City Council, in regular session Tuesday night, was advised that site for a Negro school building in the city's Negro Park could not be sold or leased to the Haskell School District unless authorized by a vote of the people.

Two weeks ago, a delegation of Negro residents had approached both the City and School Board with the suggestion that a proposed new Negro school building be located on land in the park. This plan also contemplated making the park playground facilities available to the school children.

This suggested plan had been under consideration since by both city and school officials, but no agreement had been reached.

In the meantime, an opinion was requested from City Attorney Dennis P. Ratliff. Meeting with the Council and School Board Tuesday night, the attorney advised that State laws required a vote by the people before the City could sell or lease any part of a City Park.

With the park site definitely out of the picture as location for the new school building, a suggestion was made that a site adjacent to the park might be advantageous. Then, the park and facilities could be used in connection with the school, it was pointed out.

Other business transacted at the Council meeting included approval of approximately \$2,013 in August bills.

Payment was refused on a bill for several hundred dollars for expense incurred in the latter part of 1953 and 1954 by a local contractor in anticipation of doing the work on a street job for the city. Discussion brought out the fact that the bill was presented to the Council for the first time on August 27 this year.

Relative to a new Farm to Market Road to be built soon, City Water Superintendent Roy Oshphant was instructed to work with Highway Department engineers in making any necessary changes required in city water and sewer lines.

J. R. Ballard Is New Caretaker at Scott Park

Alton Middleton, who has been caretaker and owner of concessions at Scott Memorial Park since March, 1955, has sold his concessions contract at the park to J. R. Ballard, formerly of Lovington, N. M.

Permission was granted Middleton to sell his five-year contract, by the Commissioners Court at its regular meeting Tuesday, August 27.

Middleton, former Haskell dry goods merchant, has operated a store and boating concessions at the Park under a five-year contract executed March 2, 1955. Also, several rental cabins have been built at the Park during the past year as concessions.

The concession owner serves as caretaker, peace officer and deputy game warden at the Park, located on a tract adjoining Lake Stamford. The original contract specified that the caretaker should enforce all state laws at the Park, and all fish and game laws, supervise all safety precautions pertaining to fishermen and hunters, parking of vehicles and boats, etc. However, since the original contract was made effective, the City of Stamford has annexed the lake and has supervision over the entire lake area.

As owner of the combination residence and store building at the Park, built at a cost of more than \$20,000, the county is entitled to 10 per cent of the net profits from operation of the store and concession over and above the first \$5,000 of net profits. The county has not received any revenue under this provision, as the \$5,000 figure has not been reached.

Addresses Needed Of Several 1944 HHS Grads

Members of the Haskell High School graduating class of 1944 in charge of plans for this year's Homecoming, need information regarding the addresses of several members of the Class of '44. If you can furnish such information please call Mrs. Jack Piggan at No. 28. Needed are present addresses of the following: Faye Jean Blake, Bettie Maude Cowley, E. A. Howard, Crawford Holloway, Buster Keeling, Billie Jo Morgan, Raymond Schwartz, Pauline Sanderson (Mrs. Thurland), Gwendolyn Whitley (Mrs. Gilbert), and others.

Haskell County History

20 Years Ago—Sept. 3, 1917

At a called meeting of the City Council Friday morning, aldermen accepted an offer made by the Southwestern Tank Service Company of Amarillo for the old water tower, erected in 1908 and which was replaced with a new and larger reservoir last year. A crew of men will be sent here to dismantle the tower, a representative of the company stated.

Mr. and Mrs. Parks Woodson have returned from a visit in Kaufman with Mr. and Mrs. J. K. Griffin. Mr. Griffin was formerly court reporter here for the 39th district.

City Marshal Sebo Britton announced this week that safety crossing zones were being marked on the highways in the area of both the North Ward and High School and the South Ward School. A speed limit of 15 miles will be enforced in the area, City Marshal Britton stated.

Miss Martha Head spent the weekend in Fort Worth where she visited Miss Hortense Walling. Miss Walling returned to Haskell this week for a visit with her parents, Mr. and Mrs. J. E. Walling.

Miss Kate Morris has returned to her home in Spur after spending the summer here with her sister, Mrs. T. J. Arbutckle and Mr. Arbutckle.

Mr. and Mrs. French Robertson moved to Sweetwater the first of the week, where Mr. Robertson will be associated in the law firm of Robertson & Grindstaff. Mrs. Robertson and children are visiting in Houston this week.

Haskell's seven gin plants have processed 221 bales of cotton from the 1937 crop to date, canvass of the gins showed today. Ginners and cotton buyers estimate the county's crop this year at 40,000 to 50,000 bales.

Supt. C. B. Breedlove has announced that the Haskell Public Schools will begin the 1937-38 term Monday, Sept. 8.

30 Years Ago—Sept. 15, 1907
Ralph Raney, cotton buyer from Waco, arrived in the city last Thursday to remain for the balance of the season. He has been buying cotton in Haskell each fall for the past four or five years, and his arrival is accepted by the general public as marking the official opening of the cotton season.

Mr. and Mrs. Hill Oates have returned from a vacation spent in Medicine Park and Wichita Falls.

Mr. and Mrs. R. C. Montgomery returned last Thursday from Carlsbad Cavern, N. M., and a visit to several points in the Davis Mountains. While in that region they attended the famous Boy's Camp Meeting, an annual event.

More than 2,000 bales of cotton have been ginned in Haskell this season, a check with the six local gin plants today showed.

Mrs. Marshall Pierson and little daughter Daisy Bell have returned from Galveston where they visited their sons and brothers, Dr. Rogers Pierson and Ryan Pierson.

Misses Lela Welsh and Lewis Manley visited relatives and friends in Abilene last week.

Miss Ellen Clifton left Sunday for Canyon where she will attend the Institute before going to Texline, where she will teach History in Texline High School.

Mrs. Alice Nolen left Sunday for Dallas where she will visit her son, Richard Nolen. He plans to accompany his mother to Haskell for a visit here.

For the second time in less than two months, Haskell County voters will ballot on a \$1,500,000 road bond issue Saturday. If voted, the proceeds from the bonds would be used in building hard-surfaced highways across Haskell County east and west, and north and south.

50 Years Ago—Sept. 14, 1907
Capt. M. S. Pierson and family are visiting this week with the families of Messrs. D. R. Couch

and S. B. Pierson at Aspermont. The brick work on the Steins-McCullough-Killingsworth building on the northeast corner of the square has progressed rapidly in the past two weeks. Bricklayers are above the second floor of the large structure, which will be one of the largest buildings in the city when completed.

Cattle men of this section loaded 14 cars of cattle Tuesday at the Wichita Valley pens for the Fort Worth market. The shippers and number of cars shipped were: H. J. King, two cars; W. T. Hudson, 3 cars; M. R. Hemphill, 3 cars; J. S. Boone, 2 cars; F. M. Morton, 2 cars; J. C. Short, 2 cars.

Paul Solomon of Cooke County is visiting his sons, J. E. and P. D. Solomon of this county.

Mr. and Mrs. D. W. Newton of Newton were in Haskell Wednesday. Mr. Newton is the hotel and liveryman at Weinert.

Arthur Cummings came in Monday from El Paso County, where they are ranching near Van Horn, and spent several days with Haskell friends.

C. M. Hunt, late of the firm of Hunt & Grissom, is now with Higginbotham, Harris Company in their Haskell lumber business.

Miss Minnie Ellis has gone to Iowa Park, where she will teach in the public school.

The local Farmers Union has advised farmers to hold their cottonseed this fall for \$16 per ton. They are offering free storage in their warehouse for farmers desiring to hold their seed for that price.

Several Haskell parties took advantage of the excursion rate and went on a pleasure trip to Galveston last Saturday. Among those making the trip were Joe McCrary, J. L. Baldwin, A. W. McGregor, John Ellis, Walter Hicks, Roy Shook, Felix Winn, Earl Odell, Frank and Press Baldwin.

Mr. and Mrs. Boyd Cox of Lubbock were weekend visitors in the home of Mr. and Mrs. Carroll Thompson.

Letters to the Editor

Editor, The Free Press:
Fines have not solved moving traffic violations. Better results might be obtained by impounding the car for a few days instead. This might prove to be a deterrent big enough to stop some of our careless driving.
William R. Sullivan,
720 West Tenth Pl.,
Los Angeles, 15, Calif.

Nephew of Haskell Man Will Manage Research Center

John Q. Trice of Waco, nephew of W. P. Trice of this city, has been named manager of the asbestos fiber department at Johns-Manville research center in Manville, N. J.

Trice, 35-year-old Waco native and Baylor graduate, is a son of Mr. and Mrs. R. Q. Trice of Waco. He was with the Pan American Airways during World War II at Brownsville and in Central America. Resuming his studies after the war, he graduated from Baylor in 1946 with a degree in physics and mathematics.

He joined Johns-Manville that year as a research engineer for Transite pipe. Six years later he became chief of the asbestos-cement Transite pipe section and in April 1956 became manager of the new pipe department.

GUESTS IN HOME OF MRS. MARY BARNETT

Recent visitors in the home of Mrs. Mary Barnett included: Chaplain and Mrs. Robt. Barnett and family, Ft. Lewis, Washington; Mrs. Mary Spillers and children of Miami, Fla.; Mr. and Mrs. J. C. Barnett and family of Amarillo; Mr. and Mrs. John Coontz, Altus, Okla., and G. M. Coontz of Abilene.

Night, Saturday Classes Offered At H-SU

Hardin-Simmons will offer 31 evening and Saturday classes this fall in separate fields, according to the new schedule released by Dean H. B. Smith.

The fields include business administration, education, history, speech, art, Bible, English, geology, journalism, economics and religious education.

Classes will be held Monday, Tuesday and Thursday from 7 to 9:45 p. m. One education class is slated for 9 a. m. Saturday. Classes meet only once each week.

Registration for evening classes will be held in the H-SU Student Center from 7 to 9 p. m. Thursday, Sept. 19. Registration for the Saturday class will be held in the registrar's office from 6 a. m. to 12 noon Saturday, Sept. 21.

The Saturday class will be Education 303B which is Natural Science for elementary teachers.

Monday classes will include Principles of Management and Elementary Shorthand in the Division of Business Administration and a Symposium in Guidance in the Education Department and United States History and Speech Correction.

Tuesday classes will include Painting, Advanced Painting, The Life of Christ, Principles of Accounting, Intermediate Typewriting, Introduction to American Education, Teaching Reading in the Upper Grades, English Composition, Literature of the Victorian Period, Principles in Geology, Sedimentation, Seminar in Texas History, Editorial Writing and Fundamentals of Speech.

No classes are scheduled on Wednesday or Friday mornings.

Thursday classes include Painting, Advanced Christian History, Principles of Accounting, Auditing, Principles and Problems of Economics, Elementary Shorthand, Intermediate Typewriting, A Shakespeare Survey, Principles of Geology, and Sedimentation.

Dean Smith pointed out that the university reserves the right to cancel courses or make schedule changes.

Tips on Reducing Kitchen Work Are Given in Bulletin

College Station—Many housewives dislike kitchen work—and, in many cases, their dislike is justified. Kitchen work, with its reaching, bending and moving from place to place, can be rather tiring and unpleasant.

But why not rearrange that kitchen and make it a place of convenience? Why not add a few shelves and storage devices? Convenient storage can save you lots of time and energy.

Two recently released publications of the Texas Agricultural Extension Service—MP-209, "Kitchen Storage Devices You Can Make," and L-348, "Arrange Your Kitchen for Convenience and Comfort"—give many labor and time-saving tips. Arrangement suggestions and simple storage devices that can be constructed with little cost and effort are discussed. Diagrams and illustrations are also given.

These publications are available from local county home demonstration agents or from the Agricultural Information Office, College Station, Texas.

JESSE B. SMITH IN DALLAS HOSPITAL

District Clerk Jesse B. Smith is in Medical Arts Hospital in Dallas, where he had major surgery Sept. 5. Reports to friends state that the popular county official is making satisfactory recovery. Mrs. Smith is in Dallas with her husband.

School Day at West Texas Fair Observed by Mattson School Group

(School Reporter)

Monday at nine o'clock a. m. the school buses of Mattson school transported the entire student body and the teachers and many Dads and Mothers of the pupils to the West Texas Fair in Abilene.

President of the School Board T. C. Walker and wife, Mr. and Mrs. Felix Flose, Mr. and Mrs. Jack Chapman, Mrs. George Moeller, Mrs. Homer Putman, Mrs. Leon Newton and the entire Mattson faculty were among the adults learning of the West Texas Fair.

Stories of fairs had been found in basic readers and other books at Mattson and eagerly read by pupils in their pre-trip study and planning. Manners for the trip had also been formulated by the students.

Richard and Raymond Moore who were experiencing their first day at Mattson found it a most wonderful way to start a school year, yet they reported more prolific learning Monday than any day they had ever spent in a classroom. Mrs. Donald Mapes, and daughter who is in the first grade at Mattson gave the same report.

Mrs. Don Mapes and family who view from Venezuela last month were especially enthusiastic in their praise of the long day fair, and Parade of activities of our West.

The big, clean rabbit hutch was an object of much study in the animal exhibits because there were "baby rabbits" and one "lamb rabbit" trying to bury himself in the grass of his hutch. An array of happy sheep, goats, cows, pigs, chickens, turkeys and horses too, brought forth the deep desire of one child "to go home and see that our animals are better fed and watered." One family reports bringing home a "Mountain

Western Cattle Movement Hits New High

By TED GOULDY

Fort Worth—Despite the fact that cattle numbers going to market in the Southwest continue to be below normal this year, the other parts of the nation are proceeding to cash fully normal numbers. The nation's twelve major markets reported over 143,000 cattle and calves Monday, the largest of the fall season. Chicago with 25,000 and Omaha with 23,000 led in numbers.

Cattle prices were inclined to weakness at virtually all points and despite relatively light numbers prices at Fort Worth were lower on steers and cows. Fed steers closed 50c lower and cows closed 50c to \$1 off. Bulls were fully steady.

Slaughter calves and stocker and feeder classes of cattle continued to sell steady at Fort Worth.

Good and choice slaughter steers and yearlings sold from \$20 to \$23.50, and common and medium offerings sold from \$13 to \$19. Fat cows drew \$12.50 to \$14, and canners and cutters sold from \$8 to \$12.50, with some shelly lightweights attracting bids below \$8.

Bulls sold from \$11 to \$15.50. Good and choice slaughter calves bulked at \$17.50 to \$20, and common and medium offerings sold from \$12.50 to \$17.50. Culls sold from \$10 to \$12. Stocker steers calves of good to choice grades from \$19 to \$23; heifer calves ranged from \$21 downward. Stocker steer yearlings sold mostly from \$20 downward, a few lighter weights to \$20.50.

Hogs and packing sows were generally steady at Fort Worth Monday, as good and choice butchers sold from \$21.50 to \$21.75 and some medium to good hogs cashed at \$18 to \$21.25. Sows drew \$17.50 to \$19.50.

goat." Two "reporters" from the third and fourth grade room "rode in an old fashioned buggy" and "saw a real stage coach."

Their teacher registered for the charming doll house that seemed to intrigue all.

Mrs. Don Mapes registered for a car to take back to "South America" because she had to fly here last month and her family came last month. Many registered for the sewing machine and for the scholarship as well as for the hearing aid (the 7th and 8th grade boys and girls wanted to win the aid for their beloved Carl Rueffer).

The oil industry derrick and "penetrating stems" were much studied and talked of by speech and English groups Tuesday in class. Science exhibits, and an old-fashioned doll that had been in the "same family for seven generations" was enthusiastically described, as was a sugar windmill, and water fountain with rose buds in it.

A very wide-awake class told of meeting Mrs. Lorene Parker again giving away a globe from the World Book Encyclopedia booth. Mattson recognized Mrs. Parker as their friend who organized "Look-it-up Clubs" in their school last year. The X-ray machine was a matter of study for many Mattson folk.

Then came the colorful parade with the lovely FFA Sweetheart and also the Farm Bureau Sweetheart watched by many school groups, Merkel, Blackwell and others. Haskell band as well as that of Wylie, Webb Air Force, and Abilene and the gracious Negro band of Abilene enhanced the lure of the parade.

About six o'clock Monday evening the school buses delivered many weary, wiser Mattson people back home. Gene Leonard had found out how to spend \$9 and get nothing in return and so we hear had Mrs. William R. Baker wasted \$4 with not even a teddy bear or kyeple doll to show for the gone-money.

The post-trip enthusiasm and learning that went on at school Tuesday proved that much wisdom from the excursion will be retained and utilized in living at home. Many expressed the desire to go back Saturday in couples for a more minute study of some phases of the Fair that they found of particular interest.

State's Cotton Yield Forecast Hiked

The Department of Agriculture at Washington Monday estimated the Texas cotton crop at 4,050,000 bales, a big increase of 275,000 bales from the previous monthly forecast.

The crop for the nation was set at 12,713,000 bales. This is \$16,000 bales more than last month's estimate.

The new forecast was above the 3,615,000 bales harvested in Texas last year and the 3,742,000 bales average for the 1946-55 period.

The expected yield of 328 pounds per acre was higher than last year.

If the yield reaches expectations it will top the previous record yield of 325 pounds per acre that has stood since 1866.

August weather favored development of cotton in late areas and harvest in the early districts, the USDA said.

"Crops remained later than usual in all areas," the forecast said. "Final production is therefore highly dependent upon conditions between Sept. 4, and the completion of the harvest. Lateness of the season is particularly hazardous in the High Plains where a much earlier than usual frost could be disastrous. Control measures have generally been effective in holding insects in check."

The Texas crop was estimated at 4,050,000 bales. Acreage for harvest was set at 5,925,000 and the condition of the crop was fixed at 31 per cent of normal. Abandoned Texas acreages was estimated at 5.2 per cent.

Bulletins Answer Questions About Water Laws

College Station—What is surface water? What is ground water? Is it lawful to use them for irrigation? If so, how much of this water can you use? Is a permit necessary?

These questions and others of similar nature are being asked by farmers relative to an individual's rights to use surface or ground water for irrigation.

Robert Thurmond, extension agricultural engineer, has prepared two bulletins, MP-214, "Questions and Answers on Ground Water Laws in Texas for Irrigation," and MP-215, "Questions and Answers on Rights in Surface Water for Irrigation."

Persons interested in this subject will find these bulletins very helpful and informative. They may be obtained from local county agents or from the Agricultural Information Office, College Station, Texas.

PARENTS OF SON

Mr. and Mrs. Dale Dixon of Dumas, Texas, are the parents of a son, Michael Dale, weight eight and one-half pounds, born Sunday morning, Sept. 8. Grandparents are Mr. and Mrs. Jim Byrd of Haskell and Mr. and Mrs. J. M. Dixon of Lindsey, Okla.

Asphalt Lining Being Used for Surface Pits

Evaporative pits, made seepage-proof with asphalt lining, may be the answer to the problem of salt water disposal from oil wells in this area. Carl Anderson, local oil field contractor, believes.

In the past few weeks, Anderson has constructed a number of surface reservoirs for this purpose, lining the pits or reservoirs with sheets of prefabricated asphalt lining which are then sealed together to provide a leakproof coating over the entire reservoir surface.

First reservoir of this type in this immediate area was constructed in the South Haskell Field for Pan-American Oil Company. Anderson said. It is 46x66 feet in size and 6 feet deep, used as reservoir for backwash from a filter tank installation. The Haskell contractor also has built several pits of this type in the Humphrey-Gray Oil Field near Avoca.

Anderson has recently completed an evaporative pit 101x101 feet square and five feet deep at the Durwood Livengood well in the North Pardue Field south of Haskell. He also has a contract for constructing several similar res-

ervoirs in the Nocona Field for Pan-American Oil Company.

Because of the danger of pollution when salt water is placed in ordinary earthen pits, oil companies have been faced with providing some type of reservoir from which seepage cannot occur. Anderson believes use of asphalt sheet lining provides an easily applied method of construction which will be long-lasting and satisfactory.

HASKELL VISITORS

Mr. and Mrs. D. M. Kingston of Andrews spent the past weekend visiting his mother, Mrs. B. M. Kingston and with his sister and family. Mr. and Mrs. Johnny Earles of Paint Creek, and with Mrs. D. M. Kingston's mother, Mrs. J. L. Dilbeck of Haskell. The Andrews couple were on their way to Palestine, Texas, where Mr. Kingston will work for Ace Drilling Company in that area.

TAKES POSITION IN LOCAL WTU OFFICE

New addition to the personnel in the local office of West Texas Utilities Company is Lavonne Glenn of Throckmorton, who has been employed as assistant bookkeeper and cashier. The daughter of Mr. and Mrs. Ernest Glenn, Lavonne is a '37 graduate of Throckmorton High School, where she was cheer leader and Band Sweetheart in her Senior year.

Excessive Speed Major Factor in All Accidents

"Excessive speed continues to be the most disastrous driver violation in both urban and rural accidents," J. O. Musick, general manager of the Texas Safety Association points out.

"For example," he continued. "Driving too fast for conditions accounted for 58 per cent of the rural fatal accidents in Texas during 1936."

When asked for the chances of survival at various speeds, the traffic safety expert gave the following figures:

"At 60 miles per hour—the daylight speed limit in Texas—if the motorist has an accident, the chances of someone being killed are about one in 20.

"If the speed is stepped up to 75 miles per hour, the chances of survival are only one in 8.

"On the other hand, to reduce the speed to 45 mph will increase the odds to one in 75. At 35 they are one in 115, and at 25 they are one in 300."

Poisonous snakes native to Texas are copperheads, water moccasins, rattlers and coral snakes.

Winter Pastures Will Pay Off, Says Specialist

College Station—Winter pastures are not an expense—they are an investment. They are the only dependable source of green grazing in the late fall, winter and early spring. Good quality winter grazing can help reduce the cost of wintering livestock and to maintain growth and production, says E. M. Trew, extension pasture specialist.

Winter pastures pay off from the soil standpoint, too, points out Trew. They cover the soil preventing severe soil erosion and the roots add organic matter.

The seed should be planted at the proper time even if dusting is necessary, advises the specialist. Operators who have planted at the regular time in the fall—even when they had to dust the crop in—were way ahead when rain did come. The plants came up, grew off and gave grazing much sooner than where seed were not sown until after the rain. However, some subsoil is usually necessary for successful dry seeding.

A legume-grass combination often gives the best winter pasture. Such a combination often gives greater total production, a forage that is higher in protein and min-

Good Season on Migratory Birds Seen in State

Migratory bird hunting seasons have been set for Texas, the Interior Department at Washington announced Aug. 31, with shooting expected to be about as good as last year.

Last year was considered a good year, the Interior Department said.

The hunting dates for the country were selected by state game administrators for the 1957-58 season on migratory waterfowl. Approval of the hunting seasons, as chosen within federal frame- work announced Aug. 15, made them official.

All states in the Central flyway, which includes Texas, chose 75-day seasons on ducks and coots. Generally that flyway again will have a 60-day season on geese, with certain special provisions de- signed to protect the great basin Canada geese.

The season for ducks and coots in Texas is Nov. 1-Jan. 14. The geese season will be Nov. 1-Dec. 30. Snipe may be shot Dec. 16-Jan. 14.

The department reiterated that hunters can look for fall flights of wild ducks and geese to be about the same as last year. Of- ficials say last year was a good year for hunters.

Weinert News

By MILDRED GUESS

The Annual Staff has been elect- ed for Weinert High School. Co- editors are Charlene Sturdy and Carolyn Davis; business man- ager, Edwood Bruton; special fea- ture editor, James Hawkins; Snapshots, editor, Patsy King; boys sports editor, Truman Therwhang- er; girls sports editor, Joyce Wal- ker; Assistant snapshot editors, Danny Earles, Junior class, San- dra Jetton, Sophomore class; and Chesley Forehand., freshman class.

Weinert WMU

The Week of Prayer program for State Missions was observed at Weinert WMU this week with a 3-day program at the church. Leaders are Mrs. C. T. Jones, Mrs. R. S. Sanders and Mrs. O. W. Vaughn. Hymns used were: "We'll Work Till Jesus Comes, I'll Go Where You Want Me To Go, Bringing in the Sheaves. This year's theme is "In Our Vine- yard," from Psalms 107:37. The Mary Hill Davis offering goal is \$210,000.00.

Haskell's youngest "motorist," Margaret Lynn Cook, daughter of Mr. and Mrs. M. L. Cook is shown at the wheel of the Junior Thunderbird won in a drawing at the Bill Wilson Motor Co.

7-Year-Old Girl Winner of Junior Thunderbird

Proud owner of a Junior Thunderbird automobile, a gift from Bill Wilson Motor Company, is 7-year-old Margaret Lynn Cook, daughter of Mr. and Mrs. M. L. Cook of this city.

The Junior Thunderbird, an ex- vival at the Methodist Church there.

Mr. and Mrs. H. W. Liles visited in the home of Mr. and Mrs. Bruce Davis and family in Floyd- ada.

Mr. and Mrs. Herschel Alexan- der and family have moved to Weinert from Abilene and will make their home here.

act replica of Ford's famed Thunderbird sports car, was the major award given away Saturday, August 31, by the local automobile concern in connection with its 12th anniversary in Haskell.

Margaret Lynn's name was drawn as winner of the Junior Thunderbird, and R. L. Greenwood of Aspermont was winner of a \$45 set of Tailored Seat Covers as the second anniversary award.

Margaret Lynn is a pupil in the Second Grade at Haskell Elementary School. Most of her after- school hours are spent driving her "new car" and taking her little friends for a ride in the motor- driven vehicle.

J. B. Gipson, manager of Bill Wilson Motor Company, states that several hundred men, women and children registered for the anniversary awards.

Warren G. Harding is the only man who went direct from the Senate to the Presidency.

Weinert Bulldogs Win 51-6 Over Roaring Springs

(Special)

The Weinert Bulldogs started the 1957 season on a cheerful note as they walloped the Roaring Springs Yellow Jackets 51-6 Friday night at Weinert.

Luther Rainey gave warning of things to come as he broke loose on a 58-yard touchdown jaunt on the second play from scrimmage. On the ensuing kickoff the Yellow Jackets returned the ball to the Bulldog 30 and in five plays tied the game 6-6 as Boyd Long went 3 yards for a TD.

Other first quarter scores were made on a 65-yard run by Jimmy Walker and a 15-yard run by Bob Raynes.

In the second quarter, Weinert scored twice with Bob Raynes going 20 yards for a TD and Bill Rainey turning in the only extra point kick of the game.

Then Jimmy Walker scampered 15 yards for the final first half tally with Luther Rainey running the extra point over. The first half score was Weinert, 33, Roaring Springs 6.

All the second half scoring was made by forward passes, two by Jerry Walker to David Boykin, and one by Bob Raynes to Jerry King who lateraled to Luther Rainey, who went the last 15 yards to score.

This week the Bulldogs journey to Guthrie for an 8:00 o'clock date Friday night. From all accounts the Jaguars are a strong ball club and the Bulldogs will probably encounter much stiffer opposition than they faced this past week.

Sen. Yarborough To Speak Oct. 12 At Abilene Rally

Sen. Ralph Yarborough will be the principal speaker at a Demo- cratic political rally in Abilene Oct. 12.

The rally will wind up a Dollars

News from Rule

MRS. FAYE DUNNAM

The annual staff for Rule was selected last week. Larry Horton, a senior and son of Supt. and Mrs. Connor Horton, will be the editor of "The Bobcat." Jan Ous- ley, a junior, will be his assistant editor. Juanita Pike, a senior, will be business manager.

Those on the advertising staff are: Pat Jeter, Audrey Smith, LaVelle Baugh, Judy Quinn, Kay Ball, Linda Higgs, Jackie Estes, and Myrtle Murray. Sales staff: Daylene Jones, Myra Wheeler, Kay Hertel and Janet Hannsz. Activities editor, Sonja Carroll; sports editor, Eddie Johnson; snapshots, Mary Whorton; Art, Gerald Saffel and Troy Scoggins. Mrs. C. W. Dunnam is the facul- ty advisor.

A well-filled auditorium of stu- dents and parents marked the opening day of school in Rule, on Sept. 3.

Rev. Dan Bartfield led the group in singing "God Bless America." Rev. Rodney Dowdy gave a short talk and Supt. Connor Horton made announcements and in- troduced the teachers.

At the end of the first week of school there was an enrollment of 255 in elementary school and 84 in high school.

Mr. and Mrs. Boyce Foll and Mr. and Mrs. E. C. Smith left Sunday for a two weeks trip to California, Colorado, Grand Can- yon and other places.

Mr. and Mrs. Harry Kindley, Jr., of Graham visited in the

First Fall Meeting Delta Kappa Gamma Set Sept. 14

Members of Beta Chi chapter, Delta Kappa Gamma, international society for women educators, will meet in the first meeting of the fall season on Saturday afternoon, in Munday high school band hall, with Munday members of the organization serving as hosts.

Mrs. Luther Burkett, Haskell, president, will preside for the business meeting when reports of the chapter's work throughout the summer will be reviewed. Plans for the group's participation in the regional meeting to be held in Wichita Falls will be announced by Mrs. Burkett. Mrs. A. D. Martin, first vice president from Aspermont, will reveal plans for the year's course of study and committee chairmen will be named.

Officers serving during the year with Mrs. Burkett and Mrs. Martin are: Mesdames E. R. Carpenter, Knox City, second vice president; Tom Bowdoin, Vera, recording secretary; Faye Woodson, Haskell, corresponding secretary; Ramon Liles, Weimert; and John P. Ward, Aspermont, parliamentarian.

Haskell, Knox and Stonewall Counties comprise the chapter's area. Schools represented in the membership include Haskell, Knox City, Goree, Vera, Benjamin, Old Glory, Weimert, Rule, Munday and Aspermont.

18th District P-TA Board Members Slate Meeting

The Board of Managers of the Eighteenth District of Texas Congress of Parents and Teachers will meet in the Hamlin High School auditorium on Tuesday, Sept. 18.

Mrs. Bob Herren, president of Eighteenth District, will preside at the board meeting. Mrs. W. O. Holden, Mrs. Ed Hester and Mrs. R. R. King are members of the board.

Mrs. T. A. Swenson, State Representative, will speak to the group, and will conduct two parliamentary courses while in the district. On Tuesday Mrs. Swenson will be presented by the Snyder P-TA City Council at the Snyder High School auditorium at 9:30 a. m., and on Thursday she will conduct a course in Spur in the home of Mrs. Horace Wood, 701 N. Willard, at 10 a. m. Both courses are open to all members of the Eighteenth District. Material for the course should be ordered individually from the State P-TA office at a cost of 50 cents.

Local LVN Group Attends Meeting In Stamford

Members of the Licensed Vocational Nurses Association of the Haskell District attended the meeting of the LVN of the Stamford division at Stamford Monday night.

Guest speaker was Mrs. Berlie Graham of Austin, president of the State LVN Association. The group attending from Haskell reported an enjoyable and instructive meeting.

WOMEN OF INTEREST

MRS. HERMAN LLOYD

First Methodist Church Is Setting For Strain-Lloyd Nuptial Rites Sunday

Arrangements of white chrysanthemums, white gladioli, tall white tapers and satin covered kneeling bench formed the altar decorations in the First Methodist Church Sunday evening at 6:30 when Doris Strain, the daughter of Mr. and Mrs. James Henderson Strain of Haskell became the bride of Herman Lloyd, son of Mr. and Mrs. J. W. Lloyd of Longview. The Rev. J. B. Thompson of Tahoka, a former pastor of the local church, officiated for the double ring ceremony.

Diane Clare played pre-nuptial organ selections and accompanied Dorothy King of Throckmorton when she sang "I Love Thee" and "The Wedding Prayer."

Candlelighters were Don and Diane Lloyd of Longview, nephew and niece of the bridegroom. Family pews were marked with white chrysanthemums and white satin ribbons.

The bride, given in marriage by her father, was attired in a gown of silk organza, fashioned with sweetheart neckline and long tapered sleeves. The bodice was trimmed with imported sequined

lace appliques. The lace appliques were repeated on the skirt and attached to floating panels, the center back panels forming a chapel length train. Her fingertip veil of illusion was attached to a Juliette cap of Chantilly lace studded with pearls and sequins. The bride's bouquet was a cascade of white carnations and gladioli centered with a white orchid.

Matron of honor was Mrs. Glenn Hogan of Oklahoma City, and maid of honor was Miss Paula Ratliff of Haskell. Other bridal attendants were Mrs. Jim Tate of Corpus Christi and Mesdames Ernest Strain of Edmonds, Wash., and James Strain of Abilene, sisters-in-law of the bride. Their dresses and that of the candlelighters were of candlelight taffeta with bouffant waist length skirts and draped empire bodice of mat jersey with square neckline. Their headresses were picture hats of candlelight horsehair braid. They carried cascade arrangements of red roses.

Bob Lloyd of Longview was his brother's best man. Ushers were Frank and Russell Lloyd of Longview, brothers of the bridegroom, Ernest Strain of Edmonds, Wash., and James Strain of Abilene, brothers of the bride. For her daughter's wedding Mrs. Strain chose a beige dress with black satin trim. Her accessories were black and her corsage white carnations. Mrs. Lloyd, the bridegroom's mother, wore toast with black accessories and a corsage of white carnations.

Following the ceremony the reception was held on the lawn at the home of the bride's parents. Assisting the couple in receiving the guests were Mrs. J. H. Strain, the bride's mother, Mrs. J. W. Lloyd, mother of the bridegroom, and the bride's attendants.

Jeanie Duncan of Haskell registered the guests. Mrs. Bob Knowles of Oakwood, Texas, sister of the bridegroom, served cake, and Mrs. Russell Lloyd of Longview, sister-in-law of the bridegroom, laded punch. Assisting with the serving were Kay Henry of Haskell, June Cook of Abilene, Betty Waldrip of Wichita Falls and Gloria Ratliff of Haskell.

The bride's table was laid with floor length white satin and overlaid with beige crocheted top. The satin was caught in folds at intervals with clusters of red roses. The registry table was identical to the bride's table, the crocheted covers for both being hand-made by the bride's maternal grandmother. The table was centered with an arrangement of red roses. The three-tiered cake was decorated with red roses and topped with a miniature bridal couple. Each layer was elevated with mirrored standards. Other table appointments were crystal and silver. Hurricane lamps marked the entertaining area.

Mrs. Lloyd's traveling costume was a toast two-piece suit with ruffled collar and cuffs. Her hat was white moussé and she wore white kid gloves. Other accessories were brown and lizard. She wore the orchid from her bridal bouquet.

After a short wedding trip the newlyweds will be at home in Byron where Mr. Lloyd is a student at Texas A&M College. Mrs. Lloyd is a graduate of N.T.S.C., Denton, having received her Bachelor of Science degree in June.

A rehearsal dinner was hosted by Mr. and Mrs. Wm. F. Ratliff

and Paula Ratliff Saturday night at the Ratliff residence.

Out-of-town guests, other than those in the wedding party attending the wedding were Mrs. Dave Moore of Longview, Mrs. Bob Ball of Fort Worth, Mrs. D. E. Grimes of Mineola, Mrs. Hunter Strain and Mrs. J. E. Mallard of San Angelo, Mr. and Mrs. Ray Spurgin of Albany, Mr. and Mrs. Bill Brown, Mrs. B. O. Brown, Mr. and Mrs. Bobby Jack Price, Jayne Strain, Mr. and Mrs. George Henderson, Cunningham of Munday, Mr. and Mrs. G. T. Collins of Throckmorton, Mr. and Mrs. Forest B. Buford of Sweetwater, Mr. and Mrs. Lynn Waldrip of Wichita Falls, Rev. and Mrs. J. B. Thompson of Tahoka, Glenn Hogan of Oklahoma City.

Fidelis Class Meets in Home of Mrs. Kendrick

The Fidelis Class of the First Baptist Church met in the home of Mrs. Buck Kendrick for the monthly meeting.

The meeting opened with the class song, Love Lifted Me, and another song, I Love To Tell the Story.

Mrs. J. F. Cadenhead Sr., lead in prayer. Mrs. Moore brought the devotional and her theme was Patience. "Love is patience and each Christian must possess them. Job was a man of great patience in the Old Testament, and Paul in the New." Mrs. Moore closed with prayer.

Mrs. Cadenhead read the minutes of the last meeting. Eula Orr gave her group report. The other group captains were absent. The teacher appointed Eula Orr, Tillie Chapman and Flossie Rogers to select officers for another year. Mrs. Moore is the associate teacher. After the business meeting, games of 84 were played.

The hostess served homemade cream and cake to the following: Effie Jenkins, Brytis Chamberlin, Mrs. Moore, Mrs. Cadenhead, Sr., Eula Orr and Allie Kendrick. Messrs. Buck Kendrick and Cliff Chamberlin were present for refreshments.

Mrs. L. D. Ratliff Observes 81st Birthday

Children and grandchildren of Mrs. L. D. Ratliff of this city gathered in her home Sunday in observance of her 81st birthday.

Mrs. Ratliff's birthday was Friday, Sept. 6, but the observance was postponed until Sunday in order that members of the family living out of town might be present.

A native of Collin County, Texas, Mrs. Ratliff is a long-time resident of Haskell. Her husband, the late Judge L. D. Ratliff, Sr., was a well known attorney in West Texas, prior to his death in 1942.

Highlights of the birthday observance included recalling happy incidents of the past. Refreshments were served.

Those present included: Judge and Mrs. Dennis P. Ratliff of Haskell, and daughter, Mrs. Joe E. Thigpen and children, Joseph, Peggy Jane and Anita, all of Haskell; Mr. and Mrs. Roy Ratliff, Abilene, and their son and his wife, Mr. and Mrs. Jim Ratliff of Houston, and daughter, Mrs. Steve Powers and two children of Abilene; Mr. and Mrs. C. T. West of Goree; Mr. and Mrs. W. P. Ratliff of Haskell, and their children, Paula, Gloria, Leah, and Bill; Mr. and Mrs. O. B. Ratliff of Lubbock; State Senator and Mrs. W. David Ratliff of Stamford and their daughters, Lynora and Janie, and sons, David Ratliff of Austin and Johnny Ratliff of Stamford; Mr. and Mrs. Lynn Pace, Jr., of Haskell, and their sons, Lynn, Jr., Stephen and Patrick; Mr. and Mrs. Hugh C. Ratliff of Haskell and their daughters, Ann and Gail, and their sons, Tom and Bill. Children unable to be present were T. J. Ratliff of DeQuincy, La., Judge L. D. Ratliff of Spur, and Mrs. Paul Pearson of Orange, Texas.

Service Pipe Line Women's Club Meets With Mrs. Hairston

The Service Pipe Line Women's Club met in the home of Mrs. E. Hairston Sept. 5.

Members made plans to start work on a quilt which the club will raffie on Halloween.

Visitors were Mrs. Mae Burrows of Fort Worth and Faye Miller of Levelland. Next meeting of the club will be Sept. 19 in the home of Mrs. Billie Buerger.

MR. AND MRS. DON SUMMERS

Brenda Brewer and Don Summers Wed In Rites Read in First Baptist Church

A double ring ceremony in the First Baptist Church here, united Brenda Brewer of Haskell and Don Summers of Stamford in marriage. Parents of the couple are Mr. and Mrs. Raymond Brewer of Haskell and Mr. and Mrs. C. A. Summers of Stamford.

Rites were read by the Rev. M. D. Rexrode, pastor of the First Baptist Church. Vows were said before an improvised altar covered with lemon leaves accented with baskets of white gladioli. Slender white tapers burned in wrought iron candelabra.

Mrs. E. L. Elmore of Rule, sister of the bride was matron of honor. Mrs. Barbara Newman of Stamford, cousin of the groom, served as bridesmaid. They were dressed in light blue fall princess dresses with pink corsages.

Tapers were lighted by Paula and Elaine Elmore, nieces of the bride. Flower girl was Debbie Brewer of Odessa, niece of the bride. Ringbearers were Rickett Medford of Rule, cousin of the groom and Eddie Elmore, nephew of the bride, also of Rule.

Bobby Dean Druessow, Haskell served as best man. Loyd Klose of Haskell served as groomsmen. Ushers were John Lee Holcombe of Haskell and Gene Elder of Stamford.

The bride, given in marriage by her father, wore a waltz length gown of white lace over satin. The dress was princess with long lace sleeves making a point at the wrists, styled by her mother. Her fingertip veil fell from a seed pearl crown. She carried a bouquet of feathered carnations atop a white Bible.

For something blue the bride wore a garter, a gift from Mrs. C. LeClaire; something old was a white stone necklace given her by Mrs. Ed Wilfong; something borrowed was the white Bible from Mrs. A. C. Brewer. In her shoe the bride wore a penny.

Gayle Spain of Haskell played the wedding music and accompanied Mrs. Gene Overton who sang "Because" and "O Promise Me."

For a short wedding trip the bride chose an embroidered satin sheath dress with black hat.

gloves and black shoes and bags to match. Mrs. Summers attended Matson High School. Mr. Summers is a graduate of Pait Creek High School and is employed with Safeway in Stamford, where they will make their home.

A reception was held in the Fellowship Hall of the church. Sue Watson and Barbara Druessow of Haskell and Kay Mercer of Stephenville served refreshments. Mrs. Vonay Davis of Morton registered guests.

Legion Auxiliary Hosts Party for Hungarian Girl

The American Legion Ladies Auxiliary of Post 221 sponsored a farewell party for Priscilla Mori in the home of Mrs. Walter Kierepka, Friday night.

Priscilla, a native of Tatabanya, Hungary has been visiting in Haskell for the past three months. The following girls were present and brought memory gifts: Betty Pittman, Kay Becker, Dorothy Rueffer, Jean Becker, Barbara Littlefield, Tona Patterson, Carolyn Fisher, Carol Jo Kierepka and the honoree.

The American Legion Auxiliary presented Priscilla an American Language Dictionary. Games and refreshments were enjoyed by all. Priscilla will return to Dallas where her parents now reside and will attend one of the Dallas schools this year.

Ralph Merchant of Abilene, former longtime resident and tractor and implement dealer here, was a business visitor in Haskell Monday. He is now a representative of Patton Equipment Company in Abilene.

MRS. CLIFF BERRY

Linda Joy Allen, James Cliff Berry Repeat Marriage Vows in Bowie Rites

Miss Linda Joy Allen of Bowie became the bride of James Cliff Berry of this city at 4 p. m. Saturday, Sept. 7.

Rev. L. H. Davis of Fort Worth read the double ring ceremony in the home of the bride's parents in Bowie, with only members of the two families and a few friends attending.

Parents of the couple are Mr. and Mrs. C. D. Allen of Bowie, former residents of Haskell, and Mr. and Mrs. Cliff Berry of Haskell.

The candlelight ceremony was performed before an archway of greenery flanked with baskets of yellow chrysanthemums and standing candelabra accented with white tapers which were lighted by Mrs. Bill Holley, sister of the groom, and Jerry Allen, brother of the bride.

Organ recordings furnished the traditional wedding music. The bride, given in marriage by her father, wore a gown of white Chantilly lace over satin styled beautifully with a Sabrina type neckline scalloped with hand clipped lace. It featured an Elizabethan waist and long pointed sleeves. The ballerina length skirt's crisp lace bouffantness was scalloped at the bottom with the same detailing as at the neckline. Her veil of illusion was held by a crown of seed pearls and iridescent sequins. She carried a white Bible topped by a spray of white asters, centered with gardenias. For something old the bride car-

ried a white lace handkerchief belonging to the groom's aunt. Something new was the bride's dress. For something borrowed she wore pearl and rhinestone earrings belonging to the groom's aunt. A blue garter, a gift of the bride's aunt was worn as something blue.

Miss Cloye Allen, wearing a yellow brocaded cotton satin frock and carrying a bouquet of Garza mums, was her sister's only attendant.

Jerry Matthews of Haskell served as best man. At the reception the table was laid with a beautiful white imported Madeira cloth. Members of the houseparty included: Mrs. Wayne Hooks, aunt of the bride from Stephenville, Mrs. J. A. Medford, sister of the groom from Haskell, Miss Ira Sue Bell of Haskell, Miss Sharon McKinley of Cleburne, and Miss Margaret Wyatt of Dallas.

After the reception the couple left for a short wedding trip. For traveling the bride wore a blue section and silk suit. Her corsage was of gardenias.

Both Mr. and Mrs. Berry are graduates of Haskell High School. She attended North Texas State College and the groom attended Texas Tech and Tarleton State College.

After the wedding trip the couple will be at home in Clyde, Texas, and the bride will continue her studies at Hardin-Simmons University in Abilene.

B&PW Club Plans Attendance at District Meeting

The Business and Professional Women's Club met Sept. 3 in the Texas Cafe banquet room. Mrs. Leone Pearsey, president, presided during the business meeting. Plans were made to attend the District 10 Conference to be held in Snyder Sept. 21-22.

Mrs. Rosa Aguilar, Program Co-ordinator chairman, presented the yearbook and discussed each meeting to be held.

In an election for nominations for state officers, Miss Madalin Hunt was nominated for District Director, Mrs. Rosa Aguilar as state membership committeewoman with Mrs. Clara Bird as alternate, and Mrs. Artie Mae Burkett as State Legislation committeewoman. The final election will be held at the conference in Snyder.

The membership committee had charge of the program and each committee chairman was asked to give a review of their plans for the year.

One new member was welcomed into the club, Miss Stella Campbell. Refreshments were served to the following members: Leone Pearsey, Artie Mae Burkett, Clara Bird, Opal Deaton, Veta Furr, Callie Robinson, Eva Speer, Juanita King, Fada Hassen, Francis Lee Frazier, Lelia Conner, Gertrude Robinson, Lou Kuenstler, Louise Greene, Edna Mae Lyles, Reba Harrell, Ozella Frazier, Rosa Aguilar, Wanda Greenhill, Vera Montgomery, Stella Campbell, Winnie Sherman and three guests: Bera Hatton, Cleo Dick, and Mrs. R. L. Fooks.

LADIES . . .

You Did It, We Sincerely Appreciate It

Our opening was all that we could ask and much more than we had expected, and we want to thank our friends and customers from the bottom of our hearts. Your words of encouragement gave us enthusiasm and made us more determined to see that our customers receive only the best in service and courteous, appreciative treatment at all times.

THE WINNER Of The \$20 Permanent

Was Mrs. David Hiebert. We want to congratulate her and wish it had been possible to have given many more awards so that many of you could have won.

Again We Say Thank You!

Freshen up for perfect shape... with overland front panel for extra control. Small, medium, 65¢ Black large, extra large 75¢ or white Nylon elastic 95¢, Silk elastic \$10.95. Also available in Self Skin's Super Control... extra firm built that combines amazing support and springback with comfort! 85¢.

Williams Becomes Bride of Poisson in Stamford Rites

Williams of Rule and Poisson of Nederd... in marriage on Sept. 11 at the St. Ann church in Stamford.

The bride wore grey tweed with black accessories for their wedding trip to Galveston.

State Board Ups Scholastic Aid \$2 Per Capita

The State Board of Education, in session at Austin Monday, raised the amount of money set aside for public school education from \$78 to \$80 per pupil.

The per capita apportionment from the available school fund was based on the 1956-57 census of 1,923,849 students.

Members of the board said the per capita increase resulted mostly from a transfer of one per cent of the income from the permanent school fund to the available fund.

The total cost of the state foundation program for financing was estimated at \$336,116,108 for the 1957-58 year compared to \$290,767,518 for last year.

School financing provisions were modified to make certain they would apply to late afternoon and evening classes for scholastics as long as the classes meet the same requirements as regular daytime classes.

A group of Haskell people who recently visited Texas Longhorn Cavern near Burnet included Leo Frances, and Linda Kay Stewart, and Raymond, Fay, Jerry and Terri Stewart.

Most of us spend one-third of our lives in bed asleep.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

By VEIN SANFORD Texas Press Association

Austin, Texas — Students are trooping back to school for another year of reading, writing and arithmetic.

But the knottiest school problems are not in the math books. For parents the problem is the high cost of practically everything.

On a bigger scale Texas school agencies and administrators have the problem of the "old woman who lived in the shoe."

Some 1,885,640 children are expected to enroll this month. That is 70,000 more than last fall.

It's now or never for Texans to solve their water problems in an orderly manner.

This, in effect, is the attitude of Gov. Price Daniel as he sets the wheels in motion for a "big push" this fall.

First attack will be by a 100-person statewide water planning committee appointed by the governor. It is to meet in Austin beginning Sept. 9 to develop planning and leadership for a master plan for water conservation and flood control over the state.

Second phase of the governor's plan is the special legislative session to pass needed additional laws. Target date for the session still is October, the governor has indicated.

Two pieces of water legislation are proposed by Gov. Daniel: (1) Creation of a state water planning division to draw up a master plan and (2) a law enabling the state to purchase federal water storage space in federal reservoirs.

Greenhill Appointed

Joe R. Greenhill of Austin will become an associate justice of the State Supreme Court on Sept. 30.

Greenhill was appointed by the governor to replace Judge Few Brewster, who is resigning because of ill health.

Greenhill, 43, will be the youngest judge on the high court.

He is a former assistant attorney general to Daniel and was the governor's campaign manager in '56. Daniel termed him "one of Texas' ablest lawyers."

Customs Crop Slow

Ginnings of Texas' cotton crop is lagging behind 1956, but a larger yield than last year is still expected.

By mid-August only 365,504 bales had been ginned, reports the U. S. Dept. of Agriculture.

But crops in many areas are late due to prolonged rains. USDA still predicts the '57 crop in Texas will be 3,775,000 bales compared to 3,615,000 last year.

More Errors Found

All the excitement over moving the State Insurance Dept. out of the International Life Insurance Co. building in Austin was for naught.

Atty. Gen. Will Wilson has ruled invalid that part of the reorganization bill which ordered a new building.

Wilson says the bill was improperly drawn.

Whether or not to fertilize fish ponds through the summer months is a question in many landowners' minds.

Fertilization during the summer is one of the most important factors in fish pond management.

Where a combination stocking system of bass and blue gills is used early summer is spawning time for blue gills.

These many tiny fingerlings depend indirectly upon fertilization as a source of food.

Fertilization increases the growth of algae—a microscopic green plant. Small water worms feed on this algae and the blue gills feed on the worms.

If the algae and worms are not plentiful during the summer months the fingerlings do not grow.

Summer Is Best Time To Fertilize Farm Fish Ponds

Whether or not to fertilize fish ponds through the summer months is a question in many landowners' minds.

Fertilization during the summer is one of the most important factors in fish pond management.

Where a combination stocking system of bass and blue gills is used early summer is spawning time for blue gills.

These many tiny fingerlings depend indirectly upon fertilization as a source of food.

Former Rule Man Accident Victim In Mexico

Funeral service for D. E. Lindsey, 46, former resident of Rule, was held at 10 a. m. Tuesday in the Rule Presbyterian Church with the Rev. Dan Barfield, pastor, officiating.

Burial was in Rule Cemetery, under direction of Pinkard Funeral Home.

Mr. Lindsey was killed in an automobile accident last week near Mexico City. He was on a vacation trip at the time.

He was born in Rule May 5, 1911, and graduated from Rule High School. He moved to California following the death of his

wife, Adena Norman Lindsey, Sept. 14, 1946.

Mr. Lindsey, a machinist, had been living in Downey, Calif. His parents, Mr. and Mrs. James E. Lindsey, were killed in a car accident last year while returning to Rule from a visit with him in California. He was a Mason and member of the Presbyterian Church.

Survivors include one sister, Mrs. L. R. Denton of Rule, and a brother, James E. Lindsey, Jr., of Van Nuys, Calif.

Palbearers were R. E. McCandless, Bill Kittley, E. B. Whorton, Orville Tanner, Allen Davis and Buddy Lewis.

HASKELL VISITOR
Sheriff Wesley Styles of Seymour was a business visitor in Haskell Monday night.

Dist. 4 Six-Man Football Schedule Is Announced

Elvin T. Mathis, O'Brien school superintendent and chairman of District 4 Six-Man football, has announced the district's schedule for this season. Teams are allowed ten games during the season, Mathis explained.

Lueders, who dropped out of 11-man football play recently, will probably play Vera, Paint Creek and Goree, since all other teams in the district had previously scheduled their ten games, Mathis said.

Teams in District 4 are Vera, Goree and Benjamin in Knox County, and O'Brien, Weinert, Paint Creek and Mattson in Haskell County.

The schedule began Friday, Sept. 8, with all games this month starting at 8 o'clock, with October and November games moved up to 7:30. Remaining games scheduled:

- Sept. 12: Odell at O'Brien; Hobbs at Paint Creek.
- Sept. 13: Peacock at Mattson; Harold at Vera; Oklaunion at Benjamin; Weinert at Guthrie; Goree at North Side, Vernon.
- Sept. 19: Mattson at Paint Creek.
- Sept. 20: Weinert at Ackerly; Benjamin at Odell; Goree at Oklaunion; Roaring Springs at Vera; O'Brien at North Side.
- Sept. 26: Vera at Weinert; Paint Creek at O'Brien.
- Sept. 27: Goree at Mattson; North Side at Benjamin.
- Oct. 3: O'Brien at Vera; Hobbs at Weinert.
- Oct. 4: Mattson at Harold.
- Oct. 5: Paint Creek at Forsan; Benjamin at Goree's Homecoming.
- Oct. 10: Weinert at O'Brien; Paint Creek at Benjamin; Vera at Mattson.
- Oct. 17: Goree at Paint Creek; Mattson at Weinert; Benjamin at Vera.
- Oct. 18: O'Brien at Guthrie.
- Oct. 24: Vera at Goree; Weinert at Benjamin; O'Brien at Mattson at 2:30 p. m.
- Oct. 31: Paint Creek at Vera; Benjamin at O'Brien; Goree at Weinert.
- Nov. 1: Mattson at Hobbs.
- Nov. 7: Mattson at Benjamin; Weinert at Paint Creek; O'Brien at Goree.

GUESTS IN HOME OF FLOYD MCGUIRE

Mr. and Mrs. Floyd McGuire had as week end guests in their home recently: Mr. and Mrs. Gene Garlan, Sr., Lubbock; Mr. and Mrs. Woodrow Blackburn, of Eddy; Mrs. John McGuire, Haskell; Mr. and Mrs. Melvin Josselyn and Danny, Weinert; Coach and Mrs. Billy Row McGuire and daughter, Deborah Lynn of Newcastle; and Mr. and Mrs. Foyd McGuire Jr., and sons, Mickle and Stevie of Alpine.

Mr. and Mrs. Mack Matthews and Jan spent the weekend in Vernon with Mr. and Mrs. Frank Early, and also visited in Altus, Okla.

Charles Bates Thornton, Former Haskell Resident, Given Tech Honorary Degree

Charles Bates Thornton of Beverly Hills, Calif., formerly of Haskell and nephew of Mr. and Mrs. C. L. Lewis of this city, was presented an honorary doctor of laws degree at summer commencement of Texas Technological College, held Aug. 28 at Lubbock.

Thornton, a former Tech student, is chairman of the board and president of Ligon Industries, Inc., Los Angeles, Calif. Also awarded an honorary degree was R. E. Karper, grain sorghum specialist for the agricultural experiment station at Lubbock.

Dr. E. N. Jones, Tech president, said the men were selected by the board of directors to receive the honors because of their outstanding contributions in the fields of industry and agriculture.

Thornton, son of Mrs. A. J. Lewis of Lubbock, and the late Tex Thornton, has shown particular success in management of industries, Dr. Jones pointed out.

O'Brien School Has Enrollment of 168 Opening Day

Carney Rural School, O'Brien, resumed classes Sept. 2 with a total enrollment of 168 students, according to Elvin Mathis, superintendent of schools.

Prior to the opening of classes, a program was held in the school auditorium with Rev. Travis LaDuke, former O'Brien resident and now pastor of the Calvary Baptist Church, Midland, delivering the principal address. The program was opened by Rev. T. A. Mason, Methodist pastor at O'Brien. Approximately 250 attended the opening day program, stated Mathis.

Teaching in the high school this year will be Delmer Crye, commercial subjects, 7th and 8th grade and grade school boys coach. Crye is from Coleman and last year taught in the San Antonio school system. Mrs. Doug Benham of Benjamin will teach home economics. She has taught previously at Benjamin and Vera. Vocational agriculture instructor will be George E. Piller, Abilene. This is his first year to teach. He is a graduate of Texas Tech and Abilene High School. Letha Hix of Weinert will be the English instructor and pep squad sponsor.

Charles Yarbrough of Odessa will be the high school principal and will teach math, science and coach. He taught at O'Brien last year and is a recent graduate of McMurry College, Abilene where he was a physical education major with a minor in science. Supt. Mathis will instruct the social sciences.

Primary teachers will include: Mrs. Ruth Robin, Knox City, first grade; Mrs. Marie Gibson, Dallas, 2nd grade; Mrs. T. A. Mason, O'Brien, 3rd grade; Mrs. S. D. Jones, Knox City, 4th grade; Miss Tommie Bailey, Albany, 6th grade; James B. Gibson, Dallas, 5th grade and principal of the grade school.

Bus drivers are Miss Anne Underwood, T. F. Wilcox, and Charles Yarbrough. Lunchroom workers are Ransy Herring, Mrs. Dave Cummings, Janitor Henry Clark is beginning his 12th year in that position with the O'Brien school.

Members of the board are: Alton Hester, president; Dempsey Emerson, secretary; Milton Rowan, Cyle Garver, Floyd Middlebrook, Jack Underwood and Leonard Force.

CARD OF THANKS

May we extend our heartfelt thanks to all those of you who expressed your sympathy in so many thoughtful ways during our recent bereavement in the death of our husband, father, and grandfather. The food and flowers were greatly appreciated. May God richly bless you.—Mrs. O. E. White, wife, Vernon; Mr. and Mrs. E. A. Howard, Haskell; Mr. and Mrs. A. L. Dishman, Santa Maria, Calif.; Mr. and Mrs. Sam White, Stamford, Texas; all grandchildren. 37p

Electric Cooking is COOL

It's truly an exciting song when you have an electric kitchen. You feel so thoroughly modern with electricity to help with every task. Electricity keeps and cooks the food, does the dishes, makes the toast and coffee and even stirs the cake. It's dependable too! Night or day, whenever you flip a switch, you know electricity is there, ready and willing.

Cool, of course it's cool, because the heat cooks the food and not the cook. Electricity is so inexpensive you can use a lot of it.

CHEVROLET PICKUP CLIMBS PIKES PEAK THE HARD WAY ...OFF THE ROAD!

An off-the-road run up Pikes Peak was called impossible by people who know the mountain well. But a production Chevrolet pickup actually did it ... to prove its pulling power and ruggedness!

Steep grade near timberline—a rugged test of power. The power and torque of Chevrolet's famous Thriftmaster 6 proved more than a match for the most difficult grades.

Miles of loose boulders and thinning air offer extreme challenge. Yet the big Chevy engine never faltered; it performed flawlessly mile after mile, all the way up the mountain!

Final effort achieves summit! Pickup conquers Pikes Peak... shows why Chevrolet trucks are famous for staying and saving on tough jobs! Trucks with your Chevrolet dealer.

By HUGH WILLIAMSON

Outdoors business is picking up rapidly right now. When the weather begins to get a little cooler conditions will be exactly right for bass. The hunters have already started on doves, with open season on other game coming along soon.

Let's talk about fishing first. Although a lot of fishermen take home full strings in summer, it's pretty generally agreed that fall is a better time for several reasons.

In cooler weather, fish are inclined to move around more. That takes more energy, and the fish therefore are prompted to do more feeding.

Thus, in fall, the bass are hungry and their normal sources of food are apt to be somewhat scanty. So they look with favor on your minnow or plug. Old timers in the bass fishing game have started already as a matter of fact. Their topwater lures dusted off and hooks sharpened, they may be seen at daylight these mornings and late afternoons, moving along slowly in their boats, tossing plugs or flies along the edges of weed bed, under willows, close to stumps and rocks.

Such a procedure is calculated to pay off, especially when that change in weather comes. Want advice? Try just before and just after the first norther.

Those Old Cats

Catfishing has been the best bet for most anglers during the summer, and in many lakes and streams, the trotline operators have been highly successful. Catfishing is good in Texas the year round. Here's a fish that responds readily to almost any bait, offers excellent sport to the still fisherman, and affords a tasty dish for the table.

A word about carp. This fish was imported from Europe many years ago. There, it was and is considered a delicacy. Taken handsily in most Texas lakes and streams, the carp is valiant fighter, and he comes in king size. Rig your line with a nylon leader, and tie your sinker so the fish won't feel tension when he samples the dough bait. Let him run with it and then strike—hard.

Now about coastal fishing—the outlook is excellent. Back in 1951 there was a freeze that killed many game fish. But now, the young have had time to mature. Indication of good salt water fishing came in the summer, when many anglers returned with record catches of trout. In numbers and size they were better than they had been for years.

Nine-pound trout were captured. A pair of Austin anglers, Steve Eicheberger and Eldon Powell, took 229 specs, weighing 394 pounds in 3 1/2 hours from the intercoastal canal near Austwell. The fish took shrimp as long as the supply lasted, then they hit spoons.

That was the biggest catch ever made by two fishermen, as far as the boatman knew.

Come fall, there will be more catches of trout, and the redfish will start striking. When it gets a little cooler, the sheephead will be active.

Pleanty of Birds

Dove hunters know that the supply of these birds is abundant

this season. Spring rains caused the cover crops to grow well. Rains during the season will cause the birds to scatter, and cold weather will inspire them to migrate southward, but all considered, the dove hunting prospects are superb.

The same applies to quail. Not only has there been a good normal hatch, but landowners have contributed by adding to the supply.

Hunters Get Ready

Range is good for deer and antelope, as a result of spring rains, and the hunters are getting that look in their eyes. Unquestionably, there will be a fine deer harvest this season.

Turkeys abound, too, but there has been a reduction in limit in some counties. And that statement calls for warning: Check local regulations before you go hunting, because county laws vary widely.

From Canada, the news is that there has been a fine season for the duck and goose hatch. These birds will be in Texas when wintery winds blow.

Doves Get Around, Banding Program Reveals

Every hunter knows that doves begin mass migration after the first norther of the season. Biologists of the Texas Game and Fish Commission for a number of years have been tracing this migration, with the assistance of sportsmen. A breakdown on the movement of doves has just been issued.

Most of the Texas doves seem to move into Mexico, with the coming of the winter months, according to figures of the report. It also shows many of the doves are killed within the first year after banding.

The baby birds are banded while they are still in the nests. Hunters are then asked to send in the bands from the birds bagged telling where they were killed.

One dove, banded by Warden Jack Gregory, three miles north of Kerrville, on July 3, 1951, was killed Dec. 22, 1956 near Hacienda San Angel, Humaniqueo de Mora les Michoacan, Mexico.

Since most of the dove banding was done in the Panhandle of Texas, a majority of the bands returned are from that area. Strangely enough many of these birds are killed in Michoacan in Mexico.

One bird banded by Warden Cecil Fox, 12 miles north of Dickens, July 26, 1954, was killed two years later in Guatemala, in Central America.

A dove banded by biologist E. G. Carney, near Mt. Pleasant, July 2, 1956, was killed Nov. 13, the same year at Mexico City.

A number of doves banded by biologist W. H. Kiel, near Edinburg, in the Valley, in 1955, were killed in Louisiana in 1956.

Other states also participated in the banding program. Bands have been returned showing that 44 birds banded in Louisiana, were killed in Texas.

The piccolo is the highest pitched of all instruments.

Retired Colonel To Supervise WTU Building Program

John Norvell (Pete) Green, retired Army colonel, who is assigned to the West Texas Utilities Company's general engineering department, will work as construction supervisor for WTU's five year expansion program announced recently, according to Bob Kennedy of Abilene, director of the public service department of the company.

The expansion program includes the building of an additional unit at WTU's Paint Creek Power Plant southeast of Haskell.

Green was employed by the company June 1. The former colonel is presently supervising the construction of WTU's second 5,000-watt gas turbine station in Fort Stockton. Work began on the plant earlier this spring. The Fort Stockton project is part of WTU's five-year expansion plan.

Green retired from active duty in the Army July 31. He had completed 30 years service with the regular Army and the National Guard.

At the time of his retirement he was chief of the Iowa Military District. He had been Iowa's Army chief since April 1, 1954.

Col. Green began his military career in Texas. He was commissioned second lieutenant with the Texas National Guard on July 30, 1925. He had previously attended the University of Texas.

In 1940, he went on active duty with the 36th Texas National Guard Division. He commanded the 132nd Field Artillery Battalion in Europe from 1943 to 1945. From 1947 to 1950, Green served as Regular Army adviser with the National Guard in Abilene and later was post commander at Camp Chaffee, Ark., and served in Korea.

He experienced combat in Germany, France and Italy (notably Salerno beachhead) during World War II. He holds the following decorations: the Silver Star, the Legion of Merit with Cluster, the French Croix de Guerre, the Purple Heart, and the Commendation Ribbon.

Green and his wife live at 1442 Beechwood St. They were married in Abilene in 1925. She is the former Helen Cox.

The couple has two daughters, Mrs. Rudy Halle of Lockney and Mrs. Harold Boehning of New Orleans, La. Mrs. Halle's husband is head football coach at Lockney and Mrs. Boehning's husband is a doctor.

Now the brown-banded cockroach has gone in for television. They're not interested in the viewing but in using the TV cabinet as a hiding and nesting site. Extension Entomologists recommend the use of chlordane or deodorized malathion for controlling these pests. Don't apply a spray to the TV set but a small amount of powder may be sprinkled around the edge of the case. The important thing is to control them in the home so there'll be none for infesting the TV cabinet.

W. C. Ikard is credited with bringing the first purebred Herefords to Texas in 1876.

Texas' natural gas provides fuel for 35 states and two foreign countries.

Texas ranks first among the states with railroad track mileage—some 21,500,000 miles.

Proper Handling Is Important To High Egg Quality

Egg quality declines rapidly unless the eggs are handled properly from the time they are laid until consumers use them. Thousands of dollars are lost annually by poultrymen and egg handlers because of this loss in quality.

But this loss can be greatly reduced if the eggs are cooled and handled properly, says F. Z. Beamblossom, extension poultry marketing specialist.

He points out that heat is one of the greatest causes of loss in egg quality. Research indicates that 50 to 55 degrees F. is a good temperature in which to hold eggs on the farm when they are marketed at least two or three times weekly. Any temperature above 70 degrees causes a rapid deterioration of quality—the higher the temperature, the quicker the deterioration.

The specialist advises gathering the eggs at least three times daily, and cooling rapidly to remove animal heat. The egg temperature is about 105 degrees F. when laid. If the temperature in the hen house is around 100 degrees, it is obvious that little cooling will occur unless the eggs are removed.

Beamblossom says that age, or the length of time eggs have been laid, is another factor affecting egg quality. This loss in quality is reduced greatly if the eggs are kept at 50 to 55 degrees F. The eggs will maintain quality even longer at 30 to 31 degrees, but this low temperature is not recommended for short holding because of the cost and the greater tendency toward sweating.

Humidity is another factor in maintaining favorable egg conditions, continues the specialist. Eggs are more likely to hold their maximum quality at a relative humidity of 70 to 80 percent, but a low humidity will not cause undue quality loss unless eggs are to be stored for several weeks.

The new egg law makes it even more important to maintain good egg quality. A leaflet, "Most Important Enemies of Egg Quality," gives recommendations relative to the above factors as well as some important suggestions on maintaining high egg quality. It may be obtained from county agents or from the Agricultural Information Office, College Station, Texas. Ask for L-339.

Turkeys and Pears Head September Plentiful Foods

College Station—Turkeys will be the big food value in meat departments for a third successive month, the Agricultural Marketing Service reports, in announcing its September plentiful food list. Supplies are ample and prices are expected to remain low.

Bartlett pears are a co-feature on the list, as a larger than average crop is expected. Canned pears will also be plentiful.

Other September plentiful listings suitable for main dish family meals will include broilers and fryers and fresh and frozen fish. These plentiful are the result of high broiler and fryer production and the good catches following the height of the fishing season.

Milk, with a back to school emphasis on good nutrition, is a September plentiful. Vegetable fats and oils, dry peas and Italian prune plums round out the listings.

Indians Nudged 13-7 by Tigers Friday Night

After taking an early lead in the first period, the Haskell Indians had two determined drives stalled by the Jacksboro Tigers during the final quarter, with a pass interception by the visitors in the fading seconds of the game giving the Tigers a 13-7 win over the Tribe.

Friday night's non-conference game drew a near record crowd to the Indian Stadium, with the majority of fans remaining despite gusty winds and a flurry of rain. The Indian's touchdown was scored from the two-yard line in the first quarter by left halfback Lyndon Harris, after Tiger fullback Travis Mustin lost 18 yards on a snap-back from center. Harris hit paydirt for the Indians in four carries, with Sam Rike adding the extra point.

After knotting the count in the second, with Tiger halfback Mitchell Patrick plunging through from the one and Davis kicking the extra point, the Tigers were held scoreless until the final 15 seconds. A pass interception by T. Mathis, Tiger back, enabled Patrick to plunge through for his second TD. Try for extra point failed.

HERE FROM ARLINGTON

Robert Fitzgerald of Arlington was here the first of the week on business and visiting relatives and friends.

VISIT IN WICHITA FALLS

Mrs. Virgil Bailey and granddaughter, Kay Overton, spent Saturday night, and Sunday in Wichita Falls, visiting in the home of Mrs. Bailey's son and family, Mr. and Mrs. D. C. Bailey.

VISIT FROM NEW MEXICO

Visiting in the homes of Mrs. J. W. Medley and Mr. and Mrs. Ed Hester last week were Mrs. Joe Jackson and Walter Medley of Santa Rosa, N. M.

Coturnix Quail Young Are Seen After Planting

Austin—Hatchery produced coturnix quail are already raising families of the oriental import in parts of Texas, according to the Assistant Secretary of the Game & Fish Commission.

"We have reports of several chicks having been seen, particularly in Travis County," the assistant secretary said. "Indications also point to hatches in other areas where the birds have been distributed."

Some 5,300 of these birds have been released in Mason, Tom Green, McCullough, Hudspeth, Kerr, Travis, Wise, Andrews, Martin, Ector and Midland Counties. The game department hatchery at Tyler still has between 2,000 and 3,000 more birds to release, he said.

More than 22,000 bobwhites also have been produced and released from the hatchery this year, he said. Land owners with proper cover areas, can buy these birds at 50 cents each for release on their places. Applications should be made through the local warden, or in writing to the commission in Austin.

"Yankee" comes from the Dutch word "yanku" meaning to snarl.

Community Clinic

(Continued from page 1) mittee with Dr. Williams and Joe Harper. C. of C. President Gaston Hattox, who presided for the breakfast meeting, stated that an effort would be made to hold this type of gathering on a regular monthly schedule.

Clinic Suggestions

The major suggestions submitted during the Community Clinic, based on the number of times suggested and in that order include the following:

Civic Improvement, Public Education—Work for adequate municipal and industrial water supply; Enforcement of existing traffic ordinances; Improved Negro school facilities; City-wide sanitation program; Additional paving; Study feasibility of City Auditorium or Community Center; Civil Defense program and improvement of existing storm warning system; Develop study on feasibility of Public Library; Negro and Mexican section of city improvement.

Highways—Transportation, Communication—Continue efforts for paving to Scott Memorial Park and WTU plant; Expanded Farm-to-Market road program; Improve commercial transportation facilities; Seek expansion to rural telephone program.

Commercial, Retail Trade Development—Additional trade expansion needed; Store front modernization program; Inaugurate 'newcomers' welcome program; Establish retailers council; Develop off-street parking areas for shoppers.

Industrial Development—Continue efforts to locate adaptable small industries; Specific effort to locate additional oil supply branches; cotton compress, cotton oil mill.

Agriculture and Livestock—Lend encouragement to truck farming; Work to develop market for farm products; Work for expanded dairy program throughout the trade area; Work for establishment of feed mixing plant.

Parks, Recreation—Continue support to Youth Recreation program; Work for additional recreation facilities, including strip, municipal golf course, drag strip, bowling alley, improved baseball park facilities, drive-in movie, junior rodeo.

Member Relations, Public Relations—Periodic Town Hall type meetings; Increased budget support for chamber; Annual community party.

ENROLLS IN MIDWESTERN

Jeanie Strickland, honor student in Haskell High School this year, has enrolled in Midwestern University at Wichita Falls for the fall semester. Miss Strickland was valedictorian of the 1957 graduating class. She is the daughter of Mr. and Mrs. David S. Strickland.

Oil Progress

(Continued from page 1) County Committee. To be eligible for entry in the queen contest, the girls must have reached their sixteenth birthday by September 1 of this year, never to have been married or had a marriage annulment, be of good character and a good student.

Local prizes will be awarded in the County Contest and Wichita Falls merchants will give hundreds of dollars worth of fine gifts to the county queen while in her city. Also, tentative plans call for their presentation at the State Fair in Dallas.

The Haskell County Contest will be held in conjunction with another showing of the Haskell County Story which has been requested by quite a number of persons who did not have the privilege of seeing the premiere showing of the historical film in August.

The selection of an honor oil man for Haskell County will be announced by the county committee in the near future.

The committee is composed of Carl J. Anderson, chairman; C. A. Smethie, Carl Wheatley and Rex Felker.

A full coverage of publicity will be given the contestants both locally and in all the media of the Wichita Falls area.

Each school may handle their selection of an entry in the County Contest; as they wish but all are urged to be represented at the Texas Theatre on the night of October 3 when "Miss Haskell County Oil Progress Queen" will be selected.

The County Queen will then be a contestant for the District title at Wichita Falls on Oct. 19.

Paul Harvey, renowned after dinner speaker, will give the keynote address at the banquet which will pay tribute to the "honor oil men and the queens."
