Season's 'Biggest' Negro Minstrel Show To Be Presented Nov. 18-19

The biggest Negro Minstrel show ever to be staged in Haskell, according to sponsors, is scheduled for two nights, Nov. 18 and 19 in the High School auditorium.

A cast of 61 High School students, all playing Negro roles, will stage the production.

Important Meeting Of Football Fans Slated Tuesday

All football fans of Haskell and supporters of the HHS Indians are invited to attend an important meeting of the Indian Boosters Club Tuesday evening, Nov. 12, in the high school lunchroom.

At this meeting, scheduled to begin at 7:30 o'clock, one of the major items to be considered is whether local grid fans are interested in having the annual All-District Football Banquet of District 2A4 held in Haskell.

John Watson, Jr., Dies Unexpectedly Tuesday Afternoon

John R. Watson, Jr., 46, prominent farmer of the Paint Creek community, died unexpectedly at 2:30 p. m. Tuesday shortly after he was admitted to the Haskell Hospital. Death was attributed to a heart attack.

Mr. Watson apparently was in normal health, and was visiting at the home of a daughter in this city when stricken.

Rotarians Plan For District Governor's Visit

Plans for the visit of District Governor W. Truett Walton were discussed at the meeting of Haskell Rotary Club Thursday, and members and committee chairmen were reminded of a special meeting scheduled Wednesday night, Nov. 6.

Vice President Tom Barfield presided for the business session in the absence of President, Robt. R. King. Jané Bynum, talented High School Senior, was pianist for group singing.

Public Hearing Is Scheduled On Proposed F-M Highway

A public hearing, as prescribed by the Federal Aid Highway Act of 1956, is to be held in the Commissioners Court room in the courthouse at 3 p. m. Tuesday, Nov. 12.

The hearing will be held for the purpose of informing the citizens of Haskell about the route and design of proposed F-M Highway 1834 within the city limits of Haskell.

October Rainfall Here Measured At 3.33 Inches

Rainfall here during the month of October was measured at 3.33 inches, to bring the total for the year to 23.61 inches, according to Sam P. Herren, local observer for the Weather Bureau.

This year's rainfall through October is above average of 20.83 for the first ten months of the year, and compares with only 8.05 inches of rain to the same date in 1956.

Congressman Mahon Opposes Proposed Change In Texas Cotton Allotments

Rep. George Mahon of the 19th District said this week he was "greatly disturbed" over a proposal to change the method of determining cotton allotments in Texas which is now pending before officials of the Department of Agriculture.

Mahon said in a statement from California, where he is currently on an emergency inspection tour of the nation's missile program in his capacity as chairman of the Defense Appropriations Subcommittee, that he had been alerted to the proposal about two weeks ago.

Legion Will Sponsor Memorial Service

E. L. "Stonewall" Jackson, Cisco, past state commander of the American Legion will be the speaker at the Memorial Services of Rogers-Cox Post, 221 on Veterans Day, Nov. 11. An address will also be delivered by Arthur Shurlock, of the Veterans Land Board, Austin.

New Farm-to-Market Road Designated for O'Brien Area

A new farm-to-market road for Haskell County is included in the two-year F-M Road Program for Texas which has been announced by Marshall Formby, chairman of the Texas Highway Commission. Money for this program is derived from the fund established by Senate Bill 287, Fifty-first Legislature.

Impassable Roads Halt Paint Creek School Buses

Paint Creek School, hit by an epidemic of "flu" which made it necessary to dismiss for several days recently, had another factor to contend with this week—muddy roads.

Workers in Scout Fund Drive Will Meet Monday

A special meeting of Boy Scout Fund Drive Workers has been called for Monday at 8 p. m. in the Texas Cafe by Viars Felker, community campaign chairman.

Cotton Harvest At Standstill As Result of Continued Rains

Gathering of this section's cotton crop, which at best had been a stop-and-go affair since the harvest started has been brought to a complete standstill by winter rains which set in Saturday night.

Continuing rainfall which ranged from light showers to heavy downpours was general over the county and a wide area of West Texas from Sunday through Tuesday, bringing the heaviest fall rains in a decade.

District Governor Of Rotary Clubs Is Visitor Here

Haskell Rotary Club was host last night and today to W. Truett Walton, Abilene, Governor of the 57th District of Rotary International, who was making his official visit to the local Rotary Club.

Haskell Men Leave For Deer Hunt In Colorado

Frank B. Reynolds and Fred Brown of this city left Tuesday for Colorado on a deer hunting trip.

Voters of County Approve Three Amendments

Haskell County voters followed the state-wide trend in the special election Tuesday, both in the light turnout in balloting, and the heavy margins given the three constitutional amendments submitted for approval or rejection of the electorate.

Mock Wedding Bells Will Toll at Mattson For Hefty Bride and Diminutive Groom

On Tuesday evening, Nov. 12, at 7:30 o'clock charming and petite "Miss Henrietta Smith" will become the bride of Mattson's huge, handsome athlete, Jack Chapman, in a "womanless" wedding to be staged at Mattson School auditorium.

Legion Auxiliary To Conduct Poppy Sale Saturday

"Lest we forget!" will be the theme of the Poppy Sale to be conducted by members of the American Legion Auxiliary Saturday, Nov. 9, when for the second time this year the people of Haskell and Haskell County will be asked to wear a small red poppy in memory of the nation's heroic war dead.

W. H. Wiseman, 81, Dies Monday at Family Home

W. H. Wiseman, 81, prominent retired farmer, died at his farm home in the Sayles community southwest of Haskell at 10:35 p. m. Monday from a heart attack. He had been in ill health for several years.

Workers in Scout Fund Drive To Meet Tuesday For 'Stuffing Session'

Members of the Haskell County TB Association and voluntary workers are asked to meet at 6:30 p. m. Tuesday, Nov. 12 in the courthouse for a stuffing session.

Rites Held For W. E. Robertson, Former Resident

W. E. (Ed) Robertson, former Haskell resident, died Friday afternoon in a Wichita Falls hospital after an illness of several weeks.

PROCLAMATION

WHEREAS, the President of the United States has issued a proclamation calling upon all the citizens of this nation to observe Monday, November 11, 1957, as Veterans Day to pay appropriate homage to the veterans of this Nation who have contributed so much to the well-being of this Nation; to solemnly remember the sacrifices which they made so valiantly on the seas, in the air, and on the land to preserve our heritage of freedom, and to observe Monday, November 11, 1957, as Veterans Day;

WHEREAS, the Governor of the State of Texas has further requested all citizens of the State to observe Monday, November 11, 1957, as Veterans Day;

THEREFORE, I, J. E. WALLING, JR., Mayor of Haskell, Texas, do hereby call upon all the citizens of this city to observe Monday, November 11, 1957, as Veterans Day, and to request all citizens of this City, business organizations and city officials to assist in the observance of Veterans Day in the most fitting manner possible for the observance of November 11, 1957, as Veterans Day.

WITNESSED WHEREOF, I have hereunto set my hand and the official seal of the City of Haskell, this 4th day of November, 1957.

J. E. Walling, Jr., Mayor

Precipitation here for the four-day period from Sunday through Wednesday measured 3.04 inches on the gauge kept by Sam P. Herren, local weather observer for the Government.

Hardest hit by the rains are the cotton farmers who had just begun gathering this year's crop. The rains have hurt the grade of the cotton, on top of some damage from the early frost of ten days ago.

Heavy crop damage could result to grain sorghum still in the fields, and particularly on irrigated land. Following the early killing frost, milo and other grain sorghums has been hard hit by rains which may result in breaking or falling of stalks before the crop can be combined.

The siege of wet weather also created a hardship for transient workers who had come to this section for the cotton harvest, but most of the laborers are remaining to finish gathering the crop. Ginnery and farmers report.

After the return of open weather, most farmers estimate that it will be a week or longer before they can get back into water-logged fields to resume the cotton harvest.

On the brighter side of the picture, the soaking rains have been the most beneficial in years for ranges and farm pastures and have resulted in unprecedented growth of volunteer wheat and oats.

As a result, livestock men and farmers report prospects for winter grazing as the best in years. Grassland which had become almost denuded during the long drought has shown a surprising "comeback," according to ranchers. They state that a good growth of winter grass is evident in pastures and ranges which were covered with broomweeds following late spring rains.

Wichita Falls Says "Thank You"

That our neighboring city of Wichita Falls appreciates the good
will and patronage of the smaller towns in its trade area was amply
proven here Tuesday night of last week.

Manufacturers and wholesalers of Wichita Falls were hosts
for a "Thank You" barbecue supper and entertainment program which
was attended by more than 500 businessmen and employees from
Haskell and a dozen towns in this area. They were here from Anson,
Stamford, Knox City, Woodson, Throckmorton, Munday, Seymour,
Rule, Rochester, O'Brien, Aspermont, Weinert and filled the large
Fairground building to overflowing.

The "Thank You" theme prevailed to the fullest extent, with
the evening spent in meeting neighbors and enjoying friendly fellow-
ship. Speechmaking was held to a minimum, and what there was con-
sisted merely of get-acquainted introductions.

The entire affair was one of the friendliest get-togethers we
have seen anywhere, staged in keeping with the friendly civic spirit
which has been a factor in the growth of Wichita Falls.

New F-M Road for County

Good news for Haskell County comes in the announcement by
the Texas Highway Commission of its new two-year Farm to Market
road program, under which Haskell County will be allotted at least
one project.

The new road will be a stretch of eight and one-half miles
in the O'Brien area. It will extend from an intersection with State
Highway 283 at O'Brien, east and north to the Knox County line, serv-
ing one of the best farming sections of the county. Work is to be start-
ed just as soon as final planning is completed and right of way secured.

Meanwhile, the securing of right-of-way deeds and easements
remains to be completed on two other F-M Road projects which have
been surveyed and approved, in Precinct 3 and Precinct 1. These two,
and the new O'Brien project, will give the county valuable additions
to its network of farm roads.

Another badly needed road project on which little has been
accomplished to date, is an all-weather highway serving the West
Texas Utilities Paint Creek power plant and Scott Memorial Park. The
road would involve only seven miles of grading and surfacing along
the existing right-of-way, and would serve a larger flow of traffic than
several of the F-M roads in the county. Because of its need and im-
portance, we believe that through concerted efforts of city and county
officials, the badly-needed project can be built within a matter of
months.

Public Notices Protection for Officials

Taxpayers frequently place the blame for increased rates on
public officials when the real reason for higher taxes is to be found
in improvements and additional expenditures authorized by the voters
themselves.

In such cases the best proof public officials can use to demon-
strate their own integrity and to place the blame for increased ex-
penditures where it belongs is an itemized notice published in a news-
paper of general circulation. Adverse criticism, when it is based upon
guesswork or malice, is obviously unfair to the public servant who is
exercising his duties with care and unselfish interest. His protection
from those who seek to prejudice voters against him is a public report
of his case in such a manner that its completeness will disprove un-
sound, and unfair, contentions.

It is sometimes said that the books of all public offices are
open for inspection by any taxpayer at any time, and therefore, the
publication of regular, or annual reports is unnecessary.

This is a half-truth at best. The books of every public office,
theoretically, are open to the inspection of any taxpayer, but in actual
practice, as every honest official knows, it is a physical impossibility
for taxpayers to get their information in that way.

It would require the services of at least one additional person
to each county and municipal office to direct taxpayers to the re-
cords, and assist them in finding the information in which they are
interested. That would be an expense many times the cost of the pub-
lished statement. The taxpayer would not be able to have a complete
copy of the receipts and expenditures of every public office unless he
could take several weeks of his own time in which to copy them.

Furthermore, if 10 per cent of the taxpayers in any county
choose to inspect the public records and to make copies of a part of
them, the records never would be available for office clerks to use.
Consider, too, how impractical this system would be on those occasions
when public interest runs high in some certain office and facts and
figures must be obtained for thousands of people in the space of a
few days.

Any method, therefore, which does not make it easy and con-
venient for each taxpayer to have a copy of every report of a public
official is inadequate in a Democratic system of government. The very
least to which a man or woman whose money goes to support govern-
ment is entitled is a simple, complete, clear statement of what was
done with it.

Haskell County History

20 Years Ago—Oct. 29, 1937

Twenty-four Haskell County youth were enrolled in the Civilian Conservation Corps Wednesday at the Wichita Falls recruiting station. They will be sent to a camp in the Grand Canyon in Arizona. Enrolled were: Charles Adams, Charles Allen, Holland Bell, Glenn E. Cherry, Eugene Corzine, Johnnie Cox, Porter Donnell, Luther Freshour, Aubrey Hines, Billie Gordon, Billie Gregory, Nathan Lindley, Chester Neal, Alvin Medford, Jack Pennington, Goble Prince, Archie Sedberry, Alvin Singleton, Earl Smallwood, Jessie Smith, Carl Spicer, Clyde Via, Buford Westmoreland, Holland Weaver.

Voters in the consolidated Paint Creek Rural High School district will ballot on a proposed bond issue of \$35,000 Nov. 20. If voted, proceeds would be used for construction of a modern school building for the district. The election will be held at Howard school-house.

Mr. and Mrs. W. E. McElroy of San Angelo were visitors here last week in the home of their daughter, Mrs. Leon Pearsey and Mr. Pearsey.

A human skeleton, believed to be that of a man, was discovered by children in a field west of Rule last week. Evidently buried in a shallow grave possibly 50 years ago or longer, wind and rain had eroded the soil to leave part of the skull visible leading to its discovery by the children. The find was reported to officers, but no records could be found which would reveal identity of the skeleton.

Tentative plans for the \$60,000 Haskell County Hospital have been submitted to the Commissioners Court. The plans, subject to change, call for a one story and basement structure with 20 rooms for patients, in addition to operating rooms, laboratory, kitchen, offices, and other quarters.

30 Years Ago—Nov. 10, 1927

In one of the largest raids ever conducted in Haskell County, Sheriff Al Cousins, assisted by Chief of Police Welsh and his men, arrested 63 Negroes and three white men when they raided several buildings on a farm in the northeast part of the county Friday night. All of the persons were charged with gambling or liquor law violations. A man arrested by Constable Bell at Rochester and placed in jail there Saturday night, later escaped jail and is being sought by officers.

On last Sunday Mr. and Mrs. R. L. Harrison and sons and Mr. and Mrs. W. B. Harrison and Marvin Harrison of Denton motored to Seymour and visited Mr. and Mrs. Leonard Harrison and also spent a part of the day at Lake Kemp.

Rev. and Mrs. W. E. Vaughn left Tuesday for Big Spring where they will attend the Northwest Texas Conference of the Methodist Church.

The Board of the Christian Church met Sunday and tendered an unanimous invitation to Rev. G. R. Forrester to continue as pastor of the church, with a substantial increase in salary. Lynn Pace and Clyde Grissom were elected new members of the Board at this meeting.

Haskell officers have been notified of the robbery of the Ford City post office last Friday night. Miss Myrtle Murry, district Home Demonstration Agent, spent several days here this week with Haskell County H. D. Agent, Miss Mildred Gunn.

50 Years Ago—Nov. 1, 1907

Press dispatches in the daily newspapers state that President Theodore Roosevelt killed a 375-pound bear on his hunt near Stamford, La. He killed the animal with one shot as it came out of

canebrake near where the president's hunting party is camped. Miss Maud Isbell of Munday spent several days here with friends this week.

F. L. Meadow has purchased an interest in The Haskell Herald and will be connected with the newspaper in the future.

A bunch of keys was found yesterday at McDaniel's Gin. The owner should call for them at The Haskell Free Press office.

J. J. Stem left Tuesday afternoon on a business trip to Bell County. He expects to be accompanied back by a party of prospectors.

Dr. and Mrs. C. L. Terrell have gone to Dallas to see the State Fair and will also visit relatives in Ranger.

J. E. McPherson, a real estate and insurance man of Johnson County, has moved to Haskell and will be associated with the real estate firm of Sanders & Wilson.

Mr. and Mrs. D. W. Pitchford and Miss Tommy Boone attended the Dallas Fair last week. Miss Tommy went from Dallas to McKinney, where she is visiting relatives.

D. McLendon of the south side was in town Thursday. He says the cotton crop is about half gathered in his section.

Rev. J. Nicholson and Mr. and Mrs. W. L. Cason are attending the Baptist General Convention in San Antonio this week.

T. J. Lemmon returned Saturday night from Kansas City, where he had gone in charge of several cars of cattle shipped to market by M. S. Shook. Mr. Lemmon said there was more improvement going on in Haskell than he saw from the train at any point along his trip.

Capt. W. W. Fields, T. B. Morgan, G. T. McCulloch and Hollis Fields went down on the Clear Fork this week to spend several days hunting and gathering pecans.

Safety Award Won By Lone Star Gas

Lone Star Gas Company's Transmission Division fleet of 428 vehicles won first place in the 26th annual National Safety Fleet Safety Contest, co-sponsored by the National Safety Council and the American Gas Association. During the July 1956-June 1957 period on which the award was based, the 765 drivers in Transmission Division drove 9,552,775 miles with a frequency of only .30 accidents per 100,000 miles. This

is equivalent to 329,000 miles per accident.

This award is the first for Lone Star with both trucks and cars judged together, according to A. W. Breeiland, assistant director of personnel in charge of safety. The company won top honors four years ago in truck competition only. Lone Star is in the Gas Industry Division of the contest. Glynn Covington, West Texas safety engineer for Lone Star, accepted the award at the Safety Council's Chicago meeting October 24.

News from Rule

MRS. FAYE DUNNAM

Bobcats Defeat Knox City
 Doug Davis, right halfback, scored three touchdowns, kicked the extra points and a 20 yard field goal to lead the Bobcats to a 24-6 victory over the Knox City Greyhounds last Friday night at the Bobcat stadium.

The game was the district 7B opener for Rule.
 In the first quarter the 160 pound Davis made the game's only pass interception to set up the first score. The drive covered 45 yards in six plays with Davis going the final 2. In the same period he capped a 70 yard drive with a 37 yard scamper.

Knox City scored in the third period when Bobby Day broke away for 62 yards and 6 points.
 Davis capped a 38 yard Rule drive in the third period by scoring from the 2, then in the final period he booted a field goal from the 20.

The Bobcats meet Aspermont this Friday night at Aspermont.

Kittens End Season
 The Kittens' season came to an abrupt end when their game with Aspermont forfeited what would have been the Kittens' last game of the season. This gave the Kittens 4 wins for the season and two losses.

Salesmanship Award Presented
 At the Pep Rally last Friday Connor Horton presented Curtis Publishing Company Salesmanship Certificates to Bobby Whorton, Sara Williams, Larry Horton and Davene Jones, for outstanding sales records in the recent Senior Magazine Sales Drive.

Bobby Whorton was presented a movie camera as high salesman from the class.

Merit Awards Given
 At a general assembly of the student body last Friday four of the school bus drivers received awards of merit in recognition of their accident-free records during the last year.

Supt. Connor Horton presented the awards to Coach Frank Baker, Gary Bailey, Lawrence Schensted and Herbert Hines. Herbert Hines was recognized for having driven the school bus for 26 years without an accident.

Favorites Named
 The high school students had their contest for the Most Talented Boy and Girl and the Most Popular Boy and Girl in the high school last week.

Davene Jones, senior, daughter of Mr. and Mrs. Davis Jones, was selected as the Most Talented Girl. Runners-up were Pat Summers, Sonja Carroll and Lavelle Baugh.

Allen Boyd, Junior, son of Mr. and Mrs. Travis Boyd, received the Most Talented Boy vote. Runners-up were Doug Davis and Jerry Hannaz.

Pat Summers, Senior from Sagerton, was voted the Most Popular Girl in high school. Runners-up were Davene Jones and Myra Wheeler.

Jerry Hannaz, senior, son of Mr. and Mrs. A. R. Hannaz, was voted the Most Popular Boy. Runners-up were David Springs, Doug Davis and Jimmy Hamilton.

Rapid Honor Roll
 A large number of students were on the "satisfactory" honor roll for six weeks, but the number making the "rapid" honor roll was small. Two seniors, Fred Wendeborn and Sonja Carroll. One junior, Jan Ousley.

Seventh Grade—Lynn Beard, Marguerite McQuinn.

Sixth Grade—David May, Dolores Stryker, Carol White.

Fourth Grade—Crawford Allison, Edith Murray, Beth Simpson and Donda Stryker.

Third Grade—Edith Chambers, Jim Carpenter.

Second Grade—Tommy Jo Anderson, Derrel Davis, Nan Jones, Jimmy Kitley, Linda Kay Gore, Susan May, Maryjane McAdoo, Johnny Westbrook.

Thanksgiving Services
 All churches in Rule and surrounding areas are invited to participate in a community-wide Thanksgiving Service Wednesday evening, Nov. 27, at 7:30 p. m. in the First Methodist Church.

Rule schools will be dismissed on Nov. 11.

U of T Speakers' Bureau Is Help To Civic Groups

Austin—The University of Texas operates a Speakers' Bureau to serve Texas civic clubs, service organizations and other groups planning informative programs.

Dr. Howard W. Townsend, bureau director, has a list of faculty and administration members available to speak on their fields of major interest. Interests areas represented include literature, engineering, the science of speech, history, education, languages, business training, art, music, travel, health, religion, cooking, designing, social work and government.

The university, itself, which observes its 75th year in 1918, is a frequent speech topic.

When a speaker is requested, the Bureau consults one who is trained in the particular field suggested and who can conveniently fill the assignment. His name and address are sent to the group making the request. Details of the arrangement are settled between the organization and the speaker.

Dr. Townsend said requests for a speaker should be made at least two weeks in advance of the date he is needed and should indicate the general subject on which the speaker will be expected to base his talk. No fee is charged by the Bureau, but the speaker's food, lodging and travel expenses must be paid by the group served. Payment is made directly to the speaker.

Requests should be addressed to Speakers' Bureau, Speech Department, University of Texas, Austin 12.

JUST ARRIVED! All-new '58 DODGE Power Giants

4-WAY LEADERS OF THE LOW-PRICED 3!

Here—for you to drive now—are the first trucks ever built that lead the low-priced three all four ways! Styling, power, payload, economy—Dodge for '58 is definitely way out front.

New economy-engineered V-8's and Sixes give super performance, more miles per gallon (on regular gas).

New Full-Traction Drive makes "getting stuck" in mud, snow or sand almost impossible.

Check the 4-way leader before you buy—and get your Dodge dealer's special 40th-anniversary deal!

Drive a **DODGE Power Giant** today!

- 1 FIRST IN STYLING!**
 All-new design! Sleek, yet rugged. Deluxe chrome grille and trim... modern twin headlights for safer night driving... sweeping, futuristic-inspired lines... sparkling new colors and two-tone combinations.
- 2 FIRST IN POWER!**
 New Super-Torque '58 Power Giant V-8's deliver whopping 204 to 264 horsepower. Extra power cuts trip time, lets you pass more easily, reduces engine strain, assures long engine life.
- 3 FIRST IN PAYLOAD!**
 Advanced Dodge construction is extra strong, but without an ounce of load-robbing excess "fat". Lets you haul as much as 1/2 more, thus cut down on trips, on time, on gas, on tire wear.
- 4 FIRST IN ECONOMY!**
 Most advanced of all short-stroke V-8 truck engines. Exclusive V-8 Dome combustion puts extra miles into every gallon, ends power-stealing carbon deposits, slashes maintenance costs.

O'Brien Smashes Benjamin to Keep Perfect Record

O'Brien kept its perfect District 4 six-man record intact Thursday night with a 38-14 triumph over Benjamin, in a conference game played at O'Brien.

O'Brien is 4-0 in district, play and 7-1 for the year. Benjamin stands 2-4 in district play. Sammy Grindstaff started the O'Brien scoring with a 40-yard TD run. John Tom Johnston scored from the one, and Danny Walsworth added two touchdowns on runs of 22 and three yards.

Walsworth passed to Jerry Covey for 32-yard and 18-yard touchdowns. He passed to Johnston and to Jackie Cox for extra points.

Billy Trainham romped 66 yards for a Benjamin score and Jimmy Bateman crashed over from the one for the other. Trainham kicked for the extra points.

Two From Haskell Given Promotions At Tarleton

The Professor of Military Science and Tactics at Tarleton State College in Stephenville, has announced the promotion of Cadet Franky Don Mullins and Cadet John D. Pitman, both of Haskell, to the grade of Sergeant First Class in the ROTC Corp of Cadets.

Sgt. Mullins is the son of Mr. and Mrs. Raymond Melton, and Sgt. Pitman is the son of Mr. and Mrs. Hollis E. Pitman. Both young men are graduates of Haskell High School.

Presentation of the appointments was made by Lt. Col. Belton E. Weeks, Jr., at Tarleton State College. Both men were selected on the basis of leadership, knowledge and proficiencies in military subjects and academic standing. Pitman is majoring in agriculture, while Mullins is majoring in physical education.

MATTSON NEWS

CHRISTENE GREENE

The Mattson Ponies played their last football game of the season Tuesday night. They were defeated by Benjamin.

After the game, the ball team and Pep Squad were entertained with a chili supper in the school lunchroom. Halloween decorations were used throughout the room. Jerry Kuykendall was chosen football hero of the year, and Brenda Campbell was crowned Sweetheart. Hostesses were Mrs. C. C. Campbell, Mrs. T. C. Walker, Mrs. Bill Baker and Mrs. H. Putman.

Plans for the Harvest Festival are well under way with each class cooperating to make their Princess "Queen." The Fifth, Sixth, Seventh and Eighth Grade classes pulled bolls one day and gave the money to their classes, so we know they really want to win.

Residents of the community were surprised Wednesday evening to hear a knock at their door and see a travelling Bake Sale.

The Freshman Class sponsored this unusual affair.

Mrs. Bessie McWilliams was hostess to a party for the Third and Fourth Grade rooms Thursday afternoon. Mrs. McWilliams gave the room a lovely pin cushion doll to use for the Harvest Festival. These classes are also selling candy and chances on an electric bean pot.

We have received 2 1/2 inches of rain to date (Monday night) since Sunday morning and it looks like we will get more.

Proved and approved around the world and now it's here for you... the 58 FORD

One look tells you... there's nothing newer in the world!

You'll ride in a new world of style in the 58 Ford

- New deep-sculptured styling
New Interceptor V-8 power
New Cruise-O-Matic Drive
New Ford-Aire Suspension
New Magic-Circle Steering

The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

Here's a car so new, so beautiful it made eyes pop from Paris to Pakistan . . . a car so rugged it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the world's most beautiful new bargain!

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. Smoother power! From test goal One secret in Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, move for all normal driving, lets you move smoothly, automatically—with just a touch of your toe—from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air pillows literally soak up the bumps! And Ford's new air suspension relieves the car every time someone steps inside or luggage is loaded. An extra cost option, you get all this at traditionally low Ford prices!

You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are, virtually friction-free—give you the closest thing yet to power steering! Come in and try it!

Come in today... Action Test America's only world-proved car!

Unbeaten Weinert Bulldogs Edge Goree, 37-36

The undefeated Weinert Bulldogs added No. 8 to their season's victory string Thursday night when they edged Goree 37-36 in a District 4-B six-man tilt at Weinert.

W. J. Swanner ran six yards for the touchdown that brought Weinert from behind, 36-29, to 36-35 with 1:30 left on the clock. Then, after a five-yard penalty, Bob Raynes kicked the winning extra point.

Weinert and O'Brien are tied for first in district with 4-0 records. Weinert has won eight straight this year. In district play Goree is 2-2.

Swanner had another touchdown on a 30-yard run, and two extra points. Jerry Walker scored on runs of one and four yards and Luther Rainey made a four-yard scoring trip.

Walker passed to David Boykin for one extra point and Raynes kicked for extra point after one other TD.

For Goree, Don Lambuth scored three touchdowns, and Stacy Mathis and Fats Edwards scored one each. Doug Donohoo added six points in conversions.

Mr. and Mrs. Abe Turner of Canyon were weekend guests in the home of A. M. Turner and daughter Miss Mary Turner.

Christmas Seals Will Be Mailed To All Texans

Austin.—Texas' increasing population is reflected in the 430 million Christmas Seals which are being readied for mailing in the state.

This is the greatest number of seals mailed in Texas in the 50 years tuberculosis associations have been organized here.

What, exactly, do you buy when you buy Christmas Seals? You buy a share in the fight to outlaw the dread disease of tuberculosis. You buy a share in the vigilance necessary to keep this disease from each home in each town.

True, you can purchase less expensive seals for your Christmas cards and packages, but they do not bear the magic message, and the fight against TB continues and that you are a part of that fight.

You buy research when you buy the seals, research which has already resulted in the wonder drugs which are helping curtail this illness. None of those drugs, unfortunately, works for all patients, and none is an absolute cure. Further research, it is hoped, might someday accomplish these aims.

It is estimated that about one-third of all the people in the U. S. have TB germs in their bodies. Not all of them will develop active cases of the disease but some of them break down. In the U. S. last year 15,000 died of TB. But many more are spending their lives as chronic invalids as a result of this oft-recurring illness.

Of your Christmas Seal dollar, six cents goes to the National Tuberculosis Association which supports year-round research. The remaining 94 cents stays in Texas: Friday, Nov. 22, home-medical scholarships, and all the other factors in the fight against tuberculosis.

Haskell Merchants Attend Showings Of Fashion Market

The Greater Dallas Fashion Market's early spring and resort showings, held Oct. 27-Nov. 1, were attended by eight Haskell merchants.

Attending were: Mrs. S. Hassen, Mr. and Mrs. Robert Wheatley, Mrs. Elma Guest, Mrs. R. A. Lane, Mrs. W. V. Felker, Mrs. Veta Furrh and Mrs. Opal Dotson.

The report is that a new look in fashion is in the offing for Spring of 1959, influenced by recent developments in the European and American couture. Modifications of "the sack," "the chemise" and "the cocoon" are being shown, in wearable versions adapted to this area.

Ford Models For 1958 On Display To Public

The 1958 Ford car line featuring major styling changes, the most efficient engines in the car's history, a new automatic transmission and new optional air suspension, go on display at Ford dealerships November 7, J. O. Wright, Ford Motor Company vice president and Ford Division general manager, announced.

"At a cost of \$185,000,000 we have developed a new Ford that incorporates some of the most extensive changes ever made in the car," Mr. Wright said.

Historically, auto companies have made basic changes in their cars every three years, he pointed out.

"But in its 1958 models, Ford has actually created fundamental design and engineering changes just one year after its completely new 1957 model," he said.

Demonstrating this change are 21 models on two separate wheelbases, the Fairlane and Fairlane 500, with an overall length of 207 inches, and the Custom, Custom 300 and the station wagon measuring 202 inches.

The external appearance of the new car features Ford's sculptured-in-metal treatment in which styling lines are molded into the sheet metal itself.

The distinctive styling is emphasized in a front view of massive wrap-around one-piece bumper with anodized aluminum "jet intake" grille, dual headlights, Power Flow hood. New sheet metal treatment incorporates redesigned front fenders, new roof with seven front-to-rear flutes or grooves, and trunk lid and rear quarter panel innovations. From the rear, the 1958 Ford is distinctive with a "V" sculptured lid flaring into twin safety oval tail-lights.

'Cheaper' Stockers Out of Picture

Advises reaching Fort Worth this week indicate that observers in the Cornbelt are advising farmers there that further waiting for "cheaper" stockers and feeders is useless, according to Ted Goudly, Fort Worth market reporter.

The improved conditions in the former drought area are resulting in many cattle being held at home and many others going into restocking programs in the area.

Reports reaching Fort Worth this week from Western and Western Cornbelt areas, Goudy stated, indicate that this Fall the offerings of stocker and feeder calves and yearlings have been far below last year, in many cases well established special stocker sales drew only fifty per cent as many.

Nine Students From Haskell Attend H-SU

Nine students from Haskell are among more than 1,500 students attending Hardin-Simmons University in Abilene this fall.

Included are: Kenneth Wayne Andrews, son of Mrs. Willie Andrews; Wanda Nelle Brown, daughter of Mr. and Mrs. Floyd King; Emilee Griffith, daughter of Mr. and Mrs. S. L. Griffith; Mary Ann Guinn, Nell Craddock Pogue; Opal Martin Richey, daughter of Mrs. J. W. Martin; Wanda Sue Rhoads, daughter of Mr. and Mrs. Thurman Rhoads; Delbert Layle Rose, son of Mrs. Opal Rose; Gail Kay Smith, daughter of Mr. and Mrs. Travis Smith.

Miss Griffith is a member of Life Service Band, Missions Club and Young Women's Auxiliary. Miss Rhoads is a member of Baptist Student Union Greater Council and Life Service Band.

Jerry Zahn Enlists In Air Force

Jerry Zahn, who has been making his home with Mr. and Mrs. Ray Merchant of Haskell for the past 16 years, volunteered for enlistment in the U. S. Air Force Oct. 30. His father, Herman Zahn, lives in Oakland, Calif.

The youth has been sent to Lackland AFB, San Antonio, for basic training. Jerry would appreciate cards and letters from his friends and teachers. His address is: Jerry Zahn, AF18533507, 3700 Mil. Tng. Wg., Lackland AFB, San Antonio, Texas.

Lieut. Lester S. Smith, who is stationed in Japan with the U. S. Air Force, arrived Monday afternoon to join his wife and their two daughters, who have been here for the past six weeks. Mrs. Smith and children returned in September to be at the bedside of her mother, the late Mrs. Stella Harrison. Lieut. and Mrs. Smith and children will visit in Coleman and San Angelo before returning to his overseas station.

Pirates Smother Vera, 52 to 12 Thursday Night

The Paint Creek Pirates, scoring almost at will, smothered Vera, 52-12, in a District 4B six-man football encounter, played at Vera Thursday night.

Simms and Griffith led the Pirates scoring with 12 points each, while Carlton got 10. Edwards Weaver and Gunn all tallied six points.

Travis Bradford and Douglas Gore each scored a TD for Vera.

RETURNS FROM VISIT IN CENTRAL TEXAS

Mrs. Sarah Cox Reeves has returned home after an extended visit in Central Texas. She visited her sisters, Mrs. B. T. Arnold of Gatesville and Mrs. Jewel Sorley of Waco, and then spent several days with her son, C. H. Reeves and family in Meridian. She returned home by the way of Eastland where she visited a few days in the home of another son, Cecil Reeves and family. She was accompanied home by Mr. and Mrs. Cecil Reeves, who visited briefly in Haskell.

Paint Creek . . . Community News

MRS. GENE OVERTON

Honestly! Isn't this weather just awful? If the wheat were in the ground and the cotton pulled or stripped, we could just sit back and enjoy the nice rain. But as it is, well, if I said what I am thinking about the weather, I would have to go wash my mouth out with soap. So far it has rained about 2 inches during the week end, and it is still thundering and raining steadily this afternoon (Monday). School was to be dismissed Tuesday and maybe Wednesday at Paint Creek because the roads are such a mess.

This morning G. W. Wright's bus slid in a ditch over near Woodrow Smith's, and when Mack Earles came in to school with his bus he went over to help G. W. get the bus out. They finally managed to get it out and turned around by 1 o'clock, so G. W. just took the boys and girls back home. School was to dismiss at 2:30 anyway. One of the other buses had trouble and was real late.

School favorites to be honored in the annual were chosen two weeks ago. Voted most popular boy was Dub Sims, most popular girl was Sandy Earles; wittiest boy was Gabby Green, wittiest girl was Sandy Earles, most athletic boy, Burl Medford; most athletic girl, Sue Watson; best all-around by, Dub Sims; most attractive boy, Dub Sims; most attractive girl, Seida Calloway; most friendly boy, H. W. Wright; most likely to succeed, Dolin Hughes; girl most likely to succeed, Mina Griffith.

Ray Perry has been in the hospital over the weekend with pneumonia. This weather will probably postpone his coming home a day or two. Clarence Isbell has returned from Graham and is working for the Kimbell Grocery Co. Durward Livengood, Woodrow Smith and Glen Berry returned from the Plains Friday to spend the weekend with homefolks. They are to go back to Brownfield the first of the week and continue harvesting the maize crop.

Richard Selman visited with his uncle and family in Seymour last Thursday evening. They honored Mr. Selman with a birthday supper. The sophomore class, which Mr. Selman sponsors had a party with refreshments of birthday cake on Friday for him, and his home room, the 7th grade, and guests, the 8th grade, had another party at a P. E. period. I think

Mr. Selman had four birthday cakes given him Friday.

Mrs. Durward Livengood and children Eloise and Donald were in Abilene several days last week as guests of Mr. and Mrs. Jack Jones and family.

Douglas Kohout, son of Mr. and Mrs. Louis Kohout, and grandson of Mr. and Mrs. John Kohout, has completed his training as a dispatcher at the telegraph school in Fort Worth. He is the telegraph operator for the T. & P. Railroad in Big Spring.

Mrs. J. C. Coleman has been a patient in the Stamford Sanitarium for the past week. She has returned home, but has not resumed her teaching yet. Mrs. Dave Walker has been teaching for her at the Oliver Street school.

Mr. and Mrs. Glen Walton, Larry and Terry were in Cisco last Sunday for a visit with their daughter Nelta, who attends Cisco Junior College. Nelta has had the flu but is better. Eddie Mack Earles and G. W. Gunn spent last weekend at Cisco visiting Leon Hokanson, Roddy Kuenstler and Eddie Lee Thane who are students at Cisco Junior College. Last week was Homecoming at the college.

Mr. and Mrs. Jim Dean have as their guests Mr. Dean's brother and family, Mr. and Mrs. Henry Dean of Oklahoma. The Henry Deans are going to stay and help Mr. Jim gather his crop. Other guests were their daughter and family, Rev. and Mrs. Truett Kuenstler and Nanette of Fort Worth, and Mrs. Dale Middlebrooks and Phyllis. Mr. and Mrs. J. R. Adams are in Shamrock this week visiting her brother and family. Lloyd Terrell worked last week and is working this week in Kermit.

Cattle and Calves Slow in Opening At Fort Worth

By TED GOULDY

Fort Worth—Trade on stocker cattle and calves at Fort Worth Monday turned uneven, as the lighter and thinner types sold about steady, but other replacements were inclined to drift lower.

The settling tendency in the market appeared to stem from a combination sympathetic weakness toward developments late last week around the country when stockers slowed up. There was also indications that the recent sharp advances had brought some caution as buyers feared a "too high" level had been reached.

In the packer trade, there was some effort also to cheapen costs, especially on fed cattle, and some bids in that department, were 25 to 50 cents lower. Cows and bulls ruled steady, and slaughter calves sold pretty much in line with a week ago, except for a slow tendency which appeared to reflect some of the stocker trade's drag.

Comparative prices: Good and choice steers and heifers \$19-\$22.50; common and medium \$13-\$19; fat cows \$13-\$15; canners and cutters \$9-\$13.50; bulls \$11-\$16; good and choice fat calves \$19-\$21; common and medium \$14-\$18; culls \$11-\$13; stocker steer calves \$20-\$25; heifer calves \$22 down; stocker steer yearlings \$21.50 down; replacement cows \$10-\$16.

Hogs opened 25 cents lower and later sold steady at Fort Worth Monday. Lighter supplies in the Cornbel, enabled salesmen to successfully resist lower bids for the most part.

Choice hogs ranged from \$17.50 to \$18, mostly \$17.75. Medium and good hogs sold from \$16.50 to \$17.25.

O'Brien FFA Boys Will Sponsor 1958 Community Fair

The O'Brien chapter, Future Farmers of America, will sponsor a Community Fair early in January, 1958, chapter members voted at their regular meeting Thursday night, Oct. 24.

Also at that meeting three O'Brien students, Royce Cox, Joe Lopez and Jerry Rowan were initiated into the chapter as "Green Hands." Fathers of chapter members and Supt. Elvin Mathis were special guests at the impressive Green Hand initiation ceremony.

After the initiation a discussion was held as to the possibility of having a Community Fair, and the project was approved. Date for the event will be some time between January 1 and 12 next year.

It was decided that livestock, crops and homemaking exhibits would be included in the fair. There will be classes for breeding beef animals, dairy cattle, steers, lambs, barrows, gilts and poultry in the livestock division.

In the crop division there will be cotton stalks, grain sorghums in either heads or threshed grain and guar.

The Future Homemakers of O'Brien High School will be in charge of the homemaking divisions and will announce later what entries will be eligible.

Everyone in the O'Brien school district is invited to enter. George Plier, the Vocational Ag instructor, emphasized. Adults and juniors will compete against each other in all classes, but the adults will be eligible for ribbons only.

A committee composed of Ross Walsworth, Dwight Watson and Jerry Carver will make arrangements with Northern Star Seed Farms or the gin for a place to exhibit the livestock. The school building will be used for any exhibits that it can conveniently accommodate.

Chapter members attending the meeting in addition to the Green Hands were Danny Walsworth, president; Jerry Covey, vice president; Jerry Carver, treasurer; Dwight Watson, secretary; John Tom Watson, reporter; Junior Hester, sentinel; Dempsey Harepeche, Mers. Ross Walsworth, Melton Rowan, Supt. Mathis and V. A. Instructor Plier.

HHS Indian Lose Anson Friday In District Tilt

A combination of flu, fumbles and injuries contributed to the second conference defeat of the Haskell Indians Friday night at Anson, with the Tribe going down 32-6 in a District 2A-4 tilt.

The Indians, hampered by injuries which limited the services of several regulars, including alternate quarterback Don Pennington, were able to mount only one scoring offense. Haskell hit in the second with Fullback Ernest Kimbrough in the role of chief ball carrier. After Kimbrough had powered to the one, Pennington knifed through for the Tribe's only marker. Kick for extra point was wide.

An Indian fumble on the Haskell 18 set up the first Tiger TD in the initial stanza. The Tigers repeated later in the initial period, then struck once in the second and twice in the third frame for additional TDs.

The Indians have an open date this week.

Final game of the season will bring the Hamlin Pied Pipers here Friday night, Nov. 15 in a conference game.

'Home Nursing' Course Planned At Paint Creek

A course in Home Nursing and Care of the Sick and Injured is to be taught at the Paint Creek School, according to Mrs. Crabb, homemaking teacher.

The course deals with the care of the sick and the helpless at home. It provides for the learning of basic home nursing skills, which, however, are not a substitute for needed professional nursing service.

There are seven lessons in the course, composed of two hours each. Instruction deals with, 1. Observing evidence of illness. 2. How to take temperature, pulse and respiration. 3. How to make an occupied bed and bathe the patient. 4. How to feed the sick. 5. Give medicines accurately and in accordance with the doctor's orders.

In no way does the course diagnose or treat illness, but is carried out on a doctor's orders.

Those interested in this course, offered free to the public, should contact Supt. Dan McRae or Mrs. Crabb at the school. A class will be organized in the near future.

New Chevrolet Models Shown To Public

Dramatic new styling and outstanding engineering advances mark the 1958 Chevrolet, which made its bow last week.

Labeled "the car of the year" by newsmen and technical writers who have attended private showings, the new model was unveiled Thursday, Oct. 31 in Chevrolet dealerships across the country.

Also on public display for the first time was the rakish 1958 Corvette and the latest in the Chevrolet truck line.

The 1958 Chevrolet is new from bumper-to-bumper and from frame to roof line. The all-new features include:

A completely re-styled car which is longer, lower and wider and emphasizes flowing sculptured lines from the dual headlamps to softly flared rear fenders.

An X-shaped frame which allows a lower silhouette but retains ample head room and increases leg room and luggage space.

Two suspension systems for a more luxurious ride along with remarkable handling, stability and durability. Sturdy coil springs, front and rear, are standard. A new "Level Air" system which automatically adjusts to all load weights is optional.

A 348-cubic inch engine which is new from fan to flywheel. Designed primarily around a new combustion chamber, the optional Turbo-Thrust V8 offers greater torque for improved mid-range performance.

Fat Stock Show Entry Deadlines Announced

Fort Worth—Deadlines for entry of cattle, sheep, swine, horses, poultry, pigeons and rabbits in the 1958 Southwestern Exposition and Fat Stock Show have been announced.

Potential exhibitors of cattle, sheep and swine must have their entry blanks postmarked by Dec. 15. Horse show entries must be postmarked Jan. 1 and poultry, rabbits and pigeons by Jan. 10.

The Fort show, scheduled Jan. 24 through Feb. 2, is offering cash awards totaling \$188,374 for livestock and horse exhibitors and rodeo contestants.

Seven breeds of beef breeding cattle, Herefords, Polled Herefords, Shorthorns, Aberdeen-Angus, Brahmans, Santa Gertrudis and Brangus have been allotted \$45,180 of the premium total.

Junior show premiums total \$11,919, which includes \$3,761 for steers, \$2,880 for heifers, \$2,000 for dairy calves, \$1,128 for lambs and \$2,150 for swine.

Open show steers will compete for \$4,180; open dairy cattle \$7,635; poultry, pigeons and rabbits, \$2,000; sheep \$5,875 and swine \$8,950.

Awards in the judging contest will come to \$1,000.

Entry fees and horse show premiums probably will be more than the estimated \$37,185.

Rodeo contestants will be trying for an estimated \$63,950, which includes entry fees.

State Employment Commission Sees Hike In Jobs

The Texas Employment Commission predicted at Austin this week that a record three million Texans will be working through December.

The commission said September employment totaled 3,012,400. The state's jobless total was estimated at 131,700.

Cutbacks in aircraft and defense installations brought an increase of 1,100 in unemployment during September over October, the commission said.

More than 20,000 were back on school payrolls, working in cafeterias and other school services. It gave the non-manufacturing employment a big lift. Teachers are considered as year-round employees.

Farm employment fell to 194,600 as the midway point in cotton harvests was reached.

The weekly average of unemployment, insurance claimants last month was 25,407.

Postage stamps originated in Paris in 1853, but they were letter covers or wrappers on which was stamped or printed a distinctive mark. Adhesive stamps, as we use today, were then introduced in England in 1840.

Lentils are the food of the poor in all countries where they are grown.

THIS IS OUR SIGNED AND RECORDED "CODE OF ETHICS"

We recognize that the primary duty of all cotton ginners shall be to use our knowledge, skill and equipment to produce quality products which will bring the greatest long-term benefits to our producer-customers. This entails our obligation to operate our gin plants in such manner that maximum protections shall be afforded to the superior properties bred into our cotton and cottonseed.

We acknowledge our responsibility to provide fair prices for goods and services, honest weights, true samples, prompt payment of debts, true and complete representation of facts, and equal and impartial treatment to all customers.

We recognize our duties to community, state and nation shall include leadership in programs designed to conserve soil and water resources and improve the living standards and general welfare of farm people.

To fulfill the above obligations as members of a time-honored profession, we deem it necessary to charge, receive and retain prices for our services which shall be adequate for maintaining and improving our gin plants while providing a reasonable profit.

In recognition of these responsibilities we pledge ourselves to join with all groups and agencies, both public and private, who believe in the desirability of these objectives and will work actively toward their attainment.
