Everyone in the community is encouraged to come spend the evening at the school and support all these worthy causes.

### SWCD Director elected

Tom Price of Robert Lee was re-elected to the Coke County Soil and Water Conservation District board of directors on October 12, 1995. Price represents Zone 3 of the district.

The purpose of the Coke County SWCD, with headquarters in Robert Lee, is to promote sound soil and water conservation programs on agricultural lands within the district. In addition, the district serves as a voice for farmers, ranchers, and local community entities on conservation matters.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

The five members serving on the district board of directors are responsible for district policies and procedures for carrying out the district program within the framework of the Texas soil and conservation district law.

Price is also active on the board of directors of the Concho Valley Electric Cooperative.

In Texas there are about 214 soil and water conservation districts. All conservation programs managed by the district are of a voluntary nature to the landowner, operator or other potential users of the SWCD's programs.

**West Coke Co. Sr. Citizen news**

The flu shots have arrived in Robert Lee! Any person of any age needing a ride to the Shamrock Clinic can call the Senior Citizens building at 453-2314 for a ride. Here are five good reasons for taking the shot:

1. Flu can lead to pneumonia. Many Americans over the age of 65 die each year from this.
2. It is important for people with long term illness, and for those who spend a lot of time around sick or elderly. People in these groups are more likely to get sick.
3. A flu shot helps protect the people you are around.
4. Even if you don't develop serious problems, the flu can cause you to suffer from fever, chills, headache, cough and sore muscles for days.
5. Medicare Part B pays for it. You pay no "coinsurance" or "deductible." Also, if the person giving the shot agrees not to charge more than the amount Medicare pays, you pay nothing! This is the case in Robert Lee, so please bring your Medicare card and have a healthy winter.

Don't forget, the Thunderbird goes to San Angelo every Tuesday, and Fridays are the days we run errands in Robert Lee.

**FBC Bronte to hold revival**

The First Baptist Church of Bronte will be holding revival services Sunday, October 29, through Wednesday, November 1. The theme for these special services will be "Come Unto Jesus." Service times on Sunday will be 10:55 am and 7:00 pm. Services on Monday through Wednesday will be at noon and 7:00 pm. A covered dish potluck luncheon will be held in the church's fellowship hall immediately following the Sunday morning service. The noonday services will feature a covered dish lunch and bible study geared to fit the lunch hour time frame.

The preacher for these revival services will be David Burk of Total Surrender Evangelistic Association and Staff Evangelist for San Angelo's Hillcrest Baptist Church. Bro. Burk has preached revival services in Texas, Oklahoma, Missouri, New Mexico, Alaska, Brazil, and Russia. He has also been involved in Cowboy Camp meetings for several summers. He and his wife Debbie have three children. Bro. Burk has served as a youth minister and a pastor. He has a burden to see people come to a personal relationship with Jesus Christ that is real, growing, and filled with purpose. He relates well to people of all ages in both his preaching and his personal encounters.

**Legislative update on MIPs**

by Joan Davis

Most Texas counties have suffered through a number of changes in the past year concerning minors in possession of alcohol. The laws relating to the violation are found in the Alcoholic Beverage Code. Following a period of sending defendants to county court, the law was changed and clarified by the 1995 Texas Legislature.

The effective date of the new laws governing the purchase, possession, and consumption of alcoholic beverages was September 1, 1995. At that time the law provided new sanctions for the Justice Court and the offenses have been returned to the Justice of the Peace offices throughout the state.

Those violators who are in violation, first offense, are fined \$135.00 and must attend an alcohol awareness course. Subsequent offenses carry a fine of \$500 to \$1,000 and defendants must also attend alcohol awareness courses. There is a charge for these courses, payable at the available seminars. If the course is not completed in 90 days, the judge may suspend the defendant's driver's license for up to six months.

These are the new laws, presented in a basic, simplified explanation. In short, minors can no longer afford to risk an MIP violation in light of the new sanctions.

**WCCCD meets**

The West Coke County Community Development met in regular session Tuesday evening at 7:00 pm at the Ranchland Restaurant. Foremost on the agenda was the upcoming Hunter's Appreciation Barbecue set for

November 4, opening day of hunting season. Chairman Bob Wrinkle informed the group that plans are complete and now volunteers are needed to help with cooking (beans and cobbles), setting up tables and chairs on Saturday afternoon, serving, and cleaning up. If you can help, talk to Bob at Ace Hardware.

Hunters eat free each year (and hundreds of them); everyone must have tickets given to them by either businesses or hunting lease managers who have made donations to the BBQ fund. Obviously, the donations must cover the price of what tickets are received. This will be the 7th annual BBQ; it takes over \$3,000 to feed the hungry crowd each year.

In other business, the organization accepted the resignation of Carol Hardaway as treasurer and Jackie Walker was elected by acclamation during a board meeting September 28.

Plans are being made for Christmas in Robert Lee. All the local businesses will have Open House on December 1, a Friday. Downtown lighting will be increased and plans for a map directing visitors to Christmas lights is in the planning stage. Plans for Christmas are on hold, however, until after the big BBQ.

**McCown named among nation's best decathletes**

A leading national sports publication, Track & Field News, recently named Lee McCown as the nation's #3 decathlete. Lee, a 1995 RLHS graduate, is currently attending Stephen F. Austin University on a track scholarship. He gained 7,108 points at last summer's national invitational Dan O'Brien - Visa High School Decathlon in Klamath Falls, Oregon to take second place. At that prestigious meet, he set a national decathlon record of 55 feet, 7 1/2 inches in the shot put.

During his high school athletic career at Robert Lee, Lee was outstanding in the track program, as well as football and basketball. He was a well-rounded student, participating in all activities while achieving academic goals which included being named salutatorian of his 1995 graduating class.

Lee is the son of Coach and Mrs. Sid McCown of Robert Lee.

## Steers retain County Championship

by Bill Burns

The battle for the Coke County Championship took place last Friday night on the Steers' playing field. It was a classic match-up between two good teams, a game that could have gone either way. At the end, it was the Steers that came out on top and retained the championship for another year.

The Steers seemed to escape the game with no major injuries, which is a real blessing for a team that has sustained many during the first half of the season.

### First Quarter

Bronte received the opening kick-off with a good return to their own 41 yard line. The Longhorns made a big first down at the Steer 46. The Steers held Bronte at the Steer 39, and the Longhorns punted to the Steers. The Steers made a first down, but had to punt back to the Longhorns. The Steers again stopped the Longhorns, but the Longhorns faked the punt and pass complete for a 69-

yard TD. The kick failed and Bronte led 6-0.

### Second Quarter

Battle, battle, battle. Both teams played hard, but neither team could score. The Steers had three penalties, Bronte had two. The Steers punted two times, Bronte punted one time. Robert Lee gained 16 yards on the ground, the Longhorns 13. The Steers had 29 yards in the air, Bronte had 13.

The difference in this quarter was, with 12 seconds left, Kory Pitcock stripped the ball from the Longhorn quarterback deep in the Longhorn territory. Adam Morgan scored from 4 yards out. Gilbert Torres kicked the extra point and the Steers led, 7-6.

### Third Quarter

The Steers seemed to come alive with the earlier play by K. Pitcock. Statistically, the Steers dominated the Longhorns in this quarter, but the Longhorns still were able to keep the Steers out of the end zone.

### Fourth Quarter

The Longhorn offense came back around to help their defense, and the statistics for this quarter balanced out pretty evenly. With 7:47 left in the game, Morgan scored his second TD of the night on a 9-yard run. On Bronte's next possession, the Steer defense forced a fumble, and Jason Wyatt recovered for the Steers.

With 4:57 left in the game, Morgan again scored, this time from 13 yards out. Gilbert Torres was good for his third extra point of the night.

Aaron Hood intercepted a pass for the Steers but could not get a first down, and the Longhorns got the ball for the last time of the night. Bronte made good and scored on an 8-yard pass play.

Final score: Robert Lee - 21, Bronte - 12.

**Good Job, Steers !!!**

Festival fun, food, prizes, booths, and BINGO... all just seem to go together, and on October 28, the Robert Lee Fall Festival will bring them all together once again. The annual October event hosted at the Robert Lee ISD will this

year be sponsored by the local PTA Chapter. Chapter officers began work early in 1995 to once more provide Bingo for festival goers. When the permit finally arrived, Festival planners happily added Bingo to the agenda for the Saturday, October 28 Robert Lee Fall Festival.

Don't miss the Fall Festival, Saturday, October 28, 1995, at the old gym and cafeteria of Robert Lee ISD. Booths and Mexican Supper kick-off at 5:00 pm and Bingo begins at 7:00 pm. See you there.

### Dogies lose

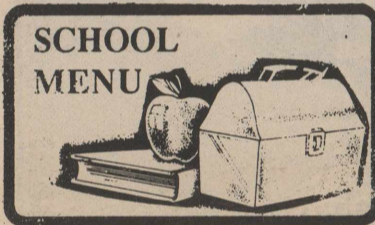

by B.J. Bessent

The Dogies finally faced their first defeat. It was against a tough Bronte Shorthorn team. The Shorthorns scored quick but couldn't get the extra points. The Dogies came back and scored on a run by Andrew McCabe. The 2 point conversion failed. The Shorthorns scored again but once again couldn't get the extra two points. The Dogies scored again this time on a short run by B.J. Bessent. This is the way the half ended. The two talented teams were locked in a 12-12 tie. The Shorthorns scored again and the Dogies couldn't get the ball back into the end zone. That's the way the score was at the end of the game, Dogies - 12, Shorthorns - 18. The Dogies put out a good effort last week and came up a little short.

This week the Dogies travel to Garden City. Good Luck, Dogies!

## Horns drop District Opener to Steers

by BHS Business Communications

The Bronte Longhorns traveled to Robert Lee on Friday night to play their first district game against long-time rival, the Robert Lee Steers.

### First Quarter

The Bronte Longhorns and the Robert Lee Steers fought an extensive defensive battle the first quarter. The Longhorns were the only team to score when Michael Sallee received a pass from Keith Treadaway on a 4th down to run for a 69-yard touchdown, making the score 6-0.

### Second Quarter

The second quarter was, for the most part, a stalemate until a turnover allowed the Steers to score on a 4-yard run with 12 seconds left in the half. The halftime score was Robert

Lee, 7 and Bronte, 6.

### Third Quarter

The third quarter marked a defensive struggle trying to prevent each team from scoring. Darrel Sharp had an outstanding game defensively for the Bronte Longhorns.

### Fourth Quarter

After a strong Robert Lee drive to the Bronte 10 yard line, Cory Robinson intercepted the ball at the 1 yard line; however, the referee called it out of bounds. Therefore, Robert Lee was granted the ball, and two plays later, they scored a touchdown, making the score 14-6. Robert Lee soon capitalized on a Bronte turnover to make the score 21-6.

At the end of the game, Cody Holland blocked the punt and Gary Walker caught the deflection and ran into Robert Lee territory for a first

down. Nicholas Arrott completed a 33-yard pass to Keith Treadaway, putting the Longhorns on the Robert Lee 9 yard line. Arrott then completed a 9-yard pass to Russel Vaughn, scoring a touchdown for the Longhorns and making the final score Robert Lee, 21 and the Bronte Longhorns, 12.

The Bronte Longhorns will play their second district game Friday night at home against top-ranked Roscoe at 7:30 pm.

## Br. Elem. hits perfect attendance again!

Bronte Elementary has done it again! On October 13th and October 17th we had perfect attendance. We have been in attendance 42 days this year and have had perfect attendance 11 of those days. This is an indication that Bronte Elementary students want to come to school and that their parents know the value of an education. Congratulations students, parents, and teachers!

## Longhorns visit Bronte Elementary

Bronte Elementary kindergarten, first grade, and sixth grade were treated to a visit from the Varsity Longhorn football players. Nicholas Arrott, Russel Vaughn, Gary Walker and Drew Peterson arrived early Friday, October 6, dressed in their game gear to the first grade classroom. The players came to give a presentation to the young students about all the equipment needed to play football, why they enjoyed the sport, and they even let the students try on their uniforms. The younger students were surprised at how big and tough the players looked in their uniforms. One first grader called them giants. Each student had a great time trying on the uniform, and they gained a lot of admiration and respect for our Longhorn players. Gary Walker said he was honored to participate because he had always wanted the football players to visit him when he was in kindergarten and was not given the opportunity.

The visit was very enjoyable

to all the students and teachers. It created a lot of enthusiasm for our homecoming football game. We would like to extend a very warm thank you to Coach McCutchen and all the players who took time to visit the elementary and we wish you the best of luck through the remainder of the season.

## Alzheimer's study

Women with mild to moderate Alzheimer's disease are needed for a study assessing the impact of estrogen replacement therapy on the disease. Volunteers, age 60 or older, must have had a hysterectomy, must not be taking estrogen replacement therapy and must be in good general health. Potential volunteers will be screened for eligibility.

The 15-month study involves six office visits. Each appointment includes a brief physical exam, a blood test, and tests of memory and behavior. Participants will receive one of two levels of estrogen or a placebo pill that contains no estrogen.

For more information or to volunteer, call Jamie Sims at (713) 798-5325.

# TIPS ON STAYING SAFE AND SOUND WITH NATURAL GAS.

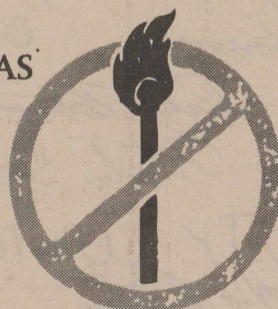

For more than 80 years, Lone Star Gas has been providing safe, dependable energy to its customers. By following a few simple rules, you can help make sure you and your family stay safe and sound with natural gas:

- Always have qualified service people install, regularly check and maintain all gas heaters and appliances, following the manufacturer's instructions for installation, ventilation, and operation.
- Always use a gas appliance only for its intended purpose. An oven, for example, should not be used to heat a room.
- Always keep flammable materials and substances away from gas heaters and appliances. Remember, a pilot light is constantly burning.

### IF YOU SMELL GAS

in your home, or know you have a gas leak, follow these rules:

- 1 Everyone should leave the house immediately, leaving the doors open for ventilation.
- 2 Do not switch anything electrical on or off.

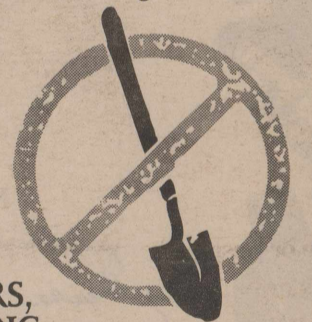

3 Do not use your telephone (telephones use small amounts of electricity).

4 Do not strike a match or do anything else that might cause a spark.

5 Go to the nearest telephone and call Lone Star Gas Company. Wait until we have found the cause of the gas leak before returning to your home.

If you smell gas while you're outside, contact Lone Star Gas immediately.

**—Counselor's Comments—**  
by Vicky McCutchen

Researchers have reported if people repeat an action each and every day for at least 21 days, it is highly probable the action will become automatic. One of the best actions students need to be encouraged to repeat is that of a responsible student. If actions are automatic, a student will do them without thinking. Responsible students do this and are more successful in school. This also develops a good habit and carries over into other areas as well.

There are seven habits of responsible students as reported by The Parent Institute. They set goals. Goals help keep students focused on the future. That's why they are the foundation of responsible behavior -- and success in school. Parents need to help their child set goals. Goals help students focus on what's important and what's not. If they have a vision of where they want to go, they're more likely to get

there. And students with goals find it easier to say "NO" to irresponsible behaviors . . . because they are saying "YES" to their vision of the future. They also plan their time. Responsible people meet their obligations, but it takes planning. Remember the old saying, "If you fail to plan, you plan to fail." The use of a calendar can help plan time and keep up with assignments and appointments. These students also study each and every day. Setting aside time for homework or studying each day is the true mark of a responsible student. They take notes in class without being told to do so. They have learned that what teachers say is usually important. It is usually what will be on the test coming up. Grades will go up if the student will do this and review the notes before the test. These students also have the tools they need when studying at home or going to

class. They also keep commitments to others and to themselves. Assignments are on time, and they go to track workout even when it is cold outside. They get ready ahead of time by starting early. Planning what to wear the night before, making sure homework is ready and books are in order for the next morning, and getting up early enough to fix their lunch.

How would you say your student rates on responsibility according to these habits? Remember that responsible students grow up to be responsible adults.

**Medicare may pay for flu shots for elderly**

Older Americans are urged to take precautions against the pneumonia and flu epidemics that come with the approach of winter. The cost of both pneumonia vaccinations and flu shots may be covered by Medicare Part B (Medical Insurance) for those age 65 and older.

Statistics show older people are twice as likely as younger persons to get pneumonia or flu. The Public Health Service recommends an annual flu shot for people over age 65,

even if they are generally healthy. Typically, shots are given in the fall or winter. The best time to get a flu shot is mid-October to mid-November. Medicare beneficiaries do not need a doctor's prescription or supervision to have this vaccination covered by Medicare Part B. And, beneficiaries do not pay a deductible or coinsurance amount.

Medicare Part B pays the reasonable approved amount for either shot. If the cost exceeds the approved amount, the beneficiary is responsible for the difference.

Generally, the cost will be paid if the vaccine is provided at a doctor's office or by a hospital, skilled nursing facility, home health agency, rural health clinic, federally qualified health center, outpatient physical therapy provider, a comprehensive outpatient rehabilitation facility, or health maintenance organization (HMO).

Medicare Part B pays for pneumonia and hepatitis B vaccinations and flu shots when the beneficiary is in the hospital, even though the hospital stay is covered under Part A (Hospital Insurance).

**United Methodist Women meet**

United Methodist Women Dorcas Circle of First United Methodist Church of Robert Lee met October 11, in joint session with the new Satellite Group. President Charlotte McKnight presided over a business meeting before Di-anne Simpson led a poignant program related to women and children around the world. Scripture from Matthew 25:40 provided a good background for her information: "Truly, I tell you, just as you did it to one of the least of these who are members of my family, you did it to me."

"Sustaining the vision of mission, United Methodist Women provide more than twenty million dollars annually for witness and outreach around the world." As statistics show the condition of many women and children has increased to crisis proportions, United Methodist Women have responded in love and concern.

The meeting closed with each member signing her pledge card promising her annual contribution to the cause.

**'64 Study Club meeting held**

The '64 Study Club of Robert Lee met in regular second-Tuesday meeting at First United Methodist Church with Pat Carwile, Opal Jacoby, Pauline Vaughan, and Carolyn Long as hostesses. Refreshments related to Halloween in color and texture were served before a book review given by Alice Beaty.

The story reviewed, one of several books written by Barbara Johnson, Mama, get the Hammer: There's a Fly on Papa's Head, was very entertaining. Mrs. Johnson stated in her preface that "Humor is a powerful force, and anything that makes us laugh is valuable. Love Makes the World Go Round (a familiar song declares), but laughter keeps you from getting dizzy."

Club President Fay Roe presided over a business meeting during which two new members were voted in: Della Alexander and Nancy Allen.

The Club's November meeting will be a Thanksgiving Dinner with husbands and/or other guests.

**Letter to the Editor**

Dear Editor,  
I would just like to reflect on a few things I noticed at last week's football game between Bronte and Menard.

I just had to write a short note to let everyone know how proud I was of the Bronte Longhorn football team, the Bronte band, cheerleaders, and the Bronte community and fans.

Excitement was in the air, but as the Bronte Longhorn football team took the field, there was something else I noticed. The leadership and team work that the team demonstrated was to be commended. The respect the football team showed by removing their helmets while kneeling while trainers and school personnel examined the injured player was to be admired. I also noticed that head were bowed. I do not know if a verbal prayer was said, but it really doesn't matter; the young men before me were showing their concern and respect. The same acts of respect and concern were shown when a member of the opposing team was injured. This was equally inspiring.

At the end of each quarter the entire team gathered to show support and unity among themselves. It didn't matter if you were on the field as a player or on the sidelines. YOU were a part of this team led by the senior's leadership and team spirit.

In addition, I would like to point out the rest of the sideline supporters. The Longhorn Band displays the pride and the skills of a growing group of leaders. The spectators in the stands sit a little taller when the band walks on the field. Did anyone notice how the band added to the spirit and momentum of the football team in the 3rd quarter? The players on the field started clapping and were given a second wind when the band played one of its spunky toe-stomping and hand-clapping tunes. Did you realize that this award-winning band played over 15 different pieces of music? WOW!

The cheerleaders never missed a beat . . . they tried to maintain the spirit throughout the evening.

Last but by no means least . . . the fans. The families sat together and cheered together. The children did not run unattended around the field. I think this is a true reflection on the parents and the school of Bronte. Everyone in attendance enjoyed the company of friends and family as they watched the Bronte football team and the Bronte band.

The seniors are truly exhibiting acts of leadership and teamwork. I am proud to see such acts of compassion and concern in a time when the television and radio reek with discontentment.

Hats off to the football coaches, McCutchen, Rawls, Lee, and Peterson, for being examples for these fine young men to look up to. A round of applause goes to George Tomes for instilling and developing the PRIDE that grows within the Longhorn Band. Three cheers to the cheerleader sponsors, Mrs. Jackson and

Mrs. Arrott, and the Bronte teaching staff, who touch the minds of our future.

Well. . . so much for a short note. . . but let the record stand that it is easy to find GOOD THINGS in a community that cares about their children and students.

I'm ten feet tall with respect and admiration for the Seniors of 1996.

**Sorosis Study Club meets**

Mary Frances Glenn hosted a meeting of the Sorosis Study Club on Thursday night, October 12.

President Mary Frances Glenn presided at the business meeting. Secretary Diane Luckett and Mary Glenn, Treasurer, presented their reports. Frances Kemp, Federation Counselor, presented her report.

Other business included discussion by the members of the upcoming attendance of the group to attend the show "Fiddler on the Roof" in Abilene on Sunday afternoon, October 22.

Also, they made plans for a Rummage Sale to be held on November 4, at First National Bank parking lot. The dedica-

tion of the new marker at the site of the Capital Gazebo is scheduled for December 2 during the "Christmas in Olde Bronte" ceremonies.

The program on "Public Affairs" was presented by Margaret Martin when she read and discussed the 14 propositions to be on the November 7 ballot. She read each amendment, and members were involved with the explanations and encouraged the group to vote on these at the election.

A plate of hors d'oeuvre, apple pie, coffee, and tea or cokes were served by the hostess.

Those present were Jean Fancher, Mary Frances Glenn, Mary Glenn, Frances Kemp, Diane Luckett, Margaret Martin, Mildred Thomason, and visitors Dorris Sonnenberg and Janet Womack.

**Personal**

Visitors two weeks ago in the home of Joan Davis of Robert Lee were Billie and Dubb Wallace of Fort Worth and Jim and Donna Wallace, Melissa and Ty of Buda. The families took their "tailgate" lunch, worked on their deer blinds, and did some dove hunting.

**Hunters reminded of education requirements**

The Texas Parks and Wildlife Department reminds hunters born after September 1, 1971 that proof of hunter education certification must be carried and be available for inspection while hunting in Texas.

Even though mandatory certification for hunters born after August 1971 and who are currently 17 years of age and older has been in effect since 1987, state game wardens continue to find large numbers of hunters that are not in compliance. Game wardens are issuing citations for failure to comply with the law, which can result in a maximum fine of \$500.

For persons ages 12 through 16, completion of the course is required to hunt without supervision or you must be accompanied by a licensed hunter 17 years of age or older.

Hunter education courses are offered around the state to people of all ages. Children under 12 cannot be certified, but will receive recognition for attending the course. As an

added bonus, many other states recognize Texas' certification while hunting in their state.

For further information on schedules and sites of future classes, call your local TPWD Law Enforcement office or 1-800-792-1112, ext. 4999 or 1-512-389-4999.

**Flu season fast approaching**

It's not too early to start thinking about influenza season, especially for people most at risk for developing possibly fatal complications.

Flu season for North Americans normally starts some time after Thanksgiving but has been known to strike as early as October, as happened in 1991.

"That's why we recommend that people in the high-risk categories get vaccinated for influenza as soon as the vaccine is available, which is usually about this time of year," said Dr. W. Paul Glezen, epidemiologist at the Influenza Research Center at Baylor College of Medicine in Houston.

Chief among those in the high-risk groups: the elderly. Every year, thousands of people 65 and older die from pneumonia that results from influenza, Glezen said, and many, perhaps most, of those deaths could have been prevented by inoculation.

Also at high risk: people with heart disease; lung disease, including asthma and chronic bronchitis; diabetes; chronic kidney disease; chronic anemia, including sickle-cell anemia; and immune-system disorders.

Influenza usually strikes suddenly and produces fever, generalized muscle pain, severe weakness and fatigue, a sore throat, and a dry, hacking cough.

To reduce fever and pain, adults may take aspirin or aspirin substitutes; children can take acetaminophen, said Glezen, a pediatrician. All flu victims should get plenty of bed rest and liquids.

For influenza A, there are prescription drugs, Amantadine and Rimantadine, which will shorten the duration of the attack and lessen the severity of the symptoms, if the drugs are taken within 48 hours of the onset of symptoms. These drugs are ineffective against influenza B, however.

But the best idea is to avoid the flu altogether. The vaccine is about 85 percent effective in accomplishing that, Glezen said.

Some people worry that they will get the flu from the vaccine, but that is not possible, Glezen said, because the vaccine is made from killed virus.

**Farm Bureau holds annual convention**

The annual Coke-Sterling Farm Bureau County Convention was held in the Robert Lee Recreation Center on Saturday, October 14, 1995. A barbecue supper was prepared by the Board of Directors, office staff, and with special help from John Stephens. It was served to approximately 100 members. The business section of the meeting followed with the minutes of the last meeting and a membership report being read by all. An insurance agency report was given by the Agency Manager, Tommy Sisemore. Fred C. Homeyer reported for the Nominating Committee that we have four members going off the board and one new member coming on the board. The new mem-

Seminar at Angelo State University in June. This year's guest speaker was our State Representative, Rob Junell. He gave a very

knowledgeable speech touching on such subjects as the Juvenile Justice System, Education, State Budget, and Welfare Reform, among other topics. Our State Director, Bill Tullos, also spoke on the

Cotton Bollweevil Eradication Program, Term Limits, and Home Equity. Door prizes were the last items on the agenda, with several winners taking home some very nice prizes.
