Burning poses threat

Due to the extreme dry weather the conditions are perfect for range fires. The smallest of sparks can set off a blazing fire.

The County Commissioner's Court would like to request that all outside burning be stopped until weather conditions change. We simply cannot afford to take a chance.

We have volunteer firemen, and when they have to leave their jobs, it takes them away for a minimum of two hours, with some fires running into days. This is time without compensation for their work. Also, rarely do they fight a grass fire without ruining at least one tire. Then they have to do the repairs on the trucks and get ready for the next fire.

These dedicated men need our help now, and the Court is confident the citizens of Coke County will do their part. Below are listed the fires for the last month. If you meet a fireman on the street, be sure to tell him how much you appreciate him and that **YOU, FOR ONE, WILL NOT BURN UNTIL CONDITIONS IMPROVE.**

* Bronte volunteer firemen had six fires during January and February. All fires were grass fires with thirty-five men responding to the six fires. One fire was started by a welder, and the other causes were not reported.

* Robert Lee volunteer firemen had three fires in February. All three were grass fires and they had an average of eight men responding to each fire.

We've been lucky so far this year with the conditions we have, so **PLEASE, PLEASE** do your part and do not burn.

Sheriff warns of phony paving crew

According to Coke County Sheriff Marshall Millican, reports from around the county indicate an unscrupulous paving crew may be working in the area again. A few years ago a group used the same technique by contacting homeowners, saying they had asphalt left from a larger job and would lay it for practically nothing. They would almost have enough to finish a drive and sell the rest of the job at an exceptionally high price, using high pressure tactics after "giving" them the initial asphalt. The first rain caused the loose mix to disintegrate and weeds to push through.

The crew now working has been seen in a gray extended cab pickup. If you are contacted by this crew, please call the sheriff's office.

Filing continues for city offices

Filing for the May 4 ballot in the City of Bronte election is now underway and will continue through March 20 at 5:00 pm. To file for a place on the ballot, candidates may come by city hall weekdays, 8:00 am until noon and 1:00 - 5:00 pm. On the ballot this year will be the Mayor's position, a two-year term, and two city council members for two year terms.

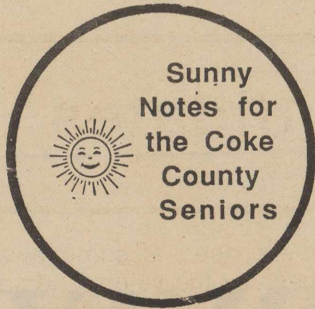

Congressman Charles Stenholm, Courtney Stokes, Pam Stokes, and Rep. Rob Junell (pictured, l. to r.) display the quilt made by the Ladies' Quilting Club of Bronte.

Profiling local candidates

Paul Burns

(Editor's Note: After some discussion, Paul Burns decided that he'd rather give the voters an update on our current county economic situation in lieu of a personal profile. Below is the result of that interview.)

In order to give the residents of Coke County a realistic picture of what we are facing in county government, we must go back and get a little economic history. In 1986, county ad valorem tax valuations (the basis for our county tax revenue) totalled \$282 million. In 1995, this same figure has gone down to \$175 million, a 38% drop from the 1986 figures. What this means is that the county has roughly 38% less funds to operate on than we had in 1986.

This has led to some very difficult choices in county government as to which programs should be funded and at what level, and which departments should receive reductions and by how much should they be reduced.

The county missed an excellent opportunity by not adopting the unit road system, which could have consolidated some of these func-

tions and solved some problems, but the voters at the time turned it down. This may come up again in the future, and if it does, I will continue my support for the unit road system.

Oil interests still pay approximately 60% of our county taxes. We are not in a critical situation, but at some point in time we could end up in one unless some wise choices are made.

What we in county govern-

ment need is some awareness by the voters and some public input concerning our economic problems. Whom you as voters put in office is also very important. You control whom you put in office, and I'd also like to remind everybody to be sure and get out and vote.

In closing, I'd like to thank the voters of Precinct 1 for their continuing support and encourage more involvement in our county government.

Mr. and Mrs. M. Royce Lee of Bronte celebrated their Golden Wedding Anniversary on February 16, 1996, with a family dinner in Big Spring, Texas.

The Lees have two children: Royce L. of Austin and Melissa Hoch of Garden City. They have six grandchildren.

The Lees have lived in Bronte most of their married life and both have been active in all community affairs and activities and the Methodist Church.

Ladies lose to Zephyr

Robert Lee's Lady Steers stumbled in their bid for a Regional title last Friday. The girls fell to Zephyr 62-55 in OT. Robert Lee fell behind in the first quarter and was not able to pick up the momentum until the final minutes of the game when it looked like things were finally beginning to heat up for the Ladies. RL went on a scoring drive and tied the game 50-50 with five seconds left on the clock in the fourth. Zephyr grabbed the lead early in OT and never looked back as RL once again wasn't able to hit the board.

Scoring for Robert Lee were Shalon Waldrop with 24, Jaclyn Waldrop with 16, Jennifer Scott with 6, Heather Millican 5, Maranda Wojtek 2, and Bree Bolding 2.

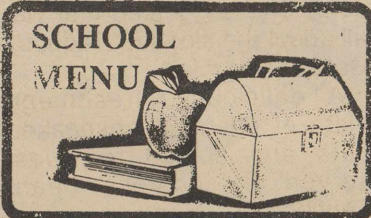

Smith snags hole-in-one

During spring golf practice on Tuesday, Feb. 27, sophomore Melissa Smith aced hole #8 using her 6 iron. The hole-in-one covered about 160 yards. Patricia Minjarez and Meagan Hill witnessed the feat. The girls were pretty excited and are looking forward to beginning their golf tournament schedule.

Melissa is the daughter of Tony and Debbie Smith of Robert Lee.

Model respect for your children

In order to teach children respect, we as adults and parents must try to be a model of respect for our children. Just telling kids they need to respect rules, authority and

other people is definitely important. All the advice and lectures in the world won't even make a dent if adults and parents don't do themselves what they are asking the kids to do.

As adults and parents we can ask ourselves a few honest questions on our own actions concerning rules and authority. Do we obey the laws (such as wearing our seat belt and obeying the speed limit)? Do we speak about the importance of doing so? Will Rogers left us all with an encouraging word: "You must never tell a thing. You must illustrate it. We learn through

the eye and not the noggin." Do we stay away from drugs? Do we speak respectfully of teachers, police officers and others in authority? Are we courteous and polite? Do we accept people's differences and beliefs different from our own? Do we show our own parents respect? Do we talk about the Golden Rule -- "Do unto others as you would have them do unto you," and do we try to live by it? Do we

openly show moral reasoning -- letting kids see us wrestle with such questions as, "What is the RIGHT thing to do?" "How would I want to be treated in this situation?" What are likely consequences of my actions for others?"

Are we positive role models of respect for our children? If we want children's respect, then we must first give it to them.

BISD recognized for employee safety

Mr. Allen Richey, Superintendent of the Bronte Independent School District, was recently honored for outstanding employee safety by the North Texas Educational Insurance Association at its annual meeting conducted in Austin, Texas. The Association consists of 121 participating school districts located throughout northern and central Texas. The district is a member of a uniquely designed partially self-funded workers' compensation program developed by Hibbs-Hallmark & Company and administered by Claims Administrative Services, Inc., both located in Tyler. Hibbs-Hallmark & Company currently provides workers' compensation programs to over 26 percent of all schools in Texas. The purpose of the meeting was to recognize those districts that have held both the number and severity of employee accidents to a very low level. The combined savings during the 1994-95 school year for all participating districts was over 2.5 million dollars when compared to the costs of fully insured programs. The total savings for all districts since inception of the programs in 1991 exceed \$28 million dollars.

The Bronte Independent School District was a Gold award recipient with the actual losses from employee accidents equaling less than 50 percent of the fund set aside by the district for claims expenses. The actual savings to the school district was \$12,714. "Our self insurance program was designed to provide the highest level of safety and offer the greatest potential for premium savings to the districts," said Billy Hibbs, President of Hibbs-Hallmark & Company. "We have a team of safety professionals who help the districts to implement a strict set of safety policies and procedures."

Claims Administrative Services, Inc. President, Barry Jones, stated "Member districts' commitment to safety is one of the key reasons for the Association's success. Their participation in HHC/CAS's program sets the standard for all schools across the state to reduce on-the-job injuries and save taxpayer dollars. The taxpayers should also be pleased to know that the Board of Trustees and the administrative staff of the Bronte Independent School District is doing everything possible to insure a safe working environment for its employees while reducing the cost of workers' compensation insurance," continued Jones.
