## 1999 Coke County Livestock Show results announced

The 59th edition of the Coke County Stock Show, held last weekend, will be remembered by most participants for the excellent weather and above average temperatures. A closer look will reveal that much of the success of this year's (and every year's) show is due to a dedicated group of stock show committee members. These volunteers rise to the occasion to ensure that each and every entry and exhibitor are afforded the best county show possible, from check-in to load-out time.

Their leadership, along with the outstanding work of the cooks, servers, helpers, and others are a hallmark of our county stock show. A simple thank you seems insufficient

**FSA announces hog producer program**

Producers qualify for the direct cash payments if they (1) marketed fewer than 1,000 hogs during the last 6 months of 1998 and (2) are still in operation. Eligibility is based on marketings during the last 6 months of 1998.

Producers will be paid up to \$5 per slaughter-weight hog (or equivalent for feeder pigs) multiplied by the number of hogs marketed during the last 6 months of 1998. The actual payment may be less than \$5 given the limited amount of funding. Producers will only be paid on up to 500 market hogs (or the equivalent number of feeder pigs), so the maximum payment per operation is \$2,500.

Sign-up for producers is February 1, 1999 through February 12, 1999.

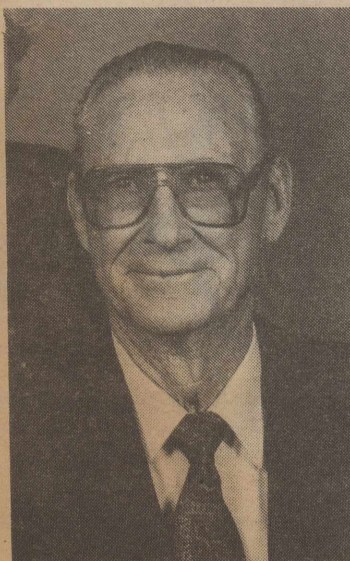

Contact the FSD office for more details at 915-453-2751.

**Don't be bugged by the Y2K; It's a challenge, not a problem**

by William H. Allen  
President-  
Robert Lee  
State Bank

If you haven't spent the past year fishing through the ice at the North Pole, you've probably seen the headlines and heard the news reports on the Year 2000 Millennium Bug, or - as it is affectionately called - the Y2K.

Scare stories are being written daily about just what could (or could not) happen when the world's clocks click over to 12:01 am on January 1, 2000. Will airplanes fall from the skies? Will automobiles stop in their tracks? Will telephones work? Microwaves?

They are all legitimate questions, since everything we use in our modern society involves computer chips, and the fact that years ago manufacturers decided to take a shortcut to save space and placed the numbers "00" into the brainy devices instead of "2000." No one knows for sure whether those computer-driven devices will think it is 1900 and send us back to the horse-and-buggy days or if life will continue with minor inconveniences like a VCR that won't record properly.

One thing we can tell you for certain - our bank, as well as other community banks, will be Y2K proficient, and all transactions involving your accounts at our bank will meet the Year 2000 tests. In fact, auditing of the Y2K preparedness nationwide shows financial institutions second only to the software industry and just ahead of computers in readiness.

Nevertheless, a lot of time and effort is being spent to make sure that we are ready. Banking is a heavily regulated industry. Fortunately, the Federal Deposit Insurance Corporation, Federal Reserve, Office of the Comptroller of the Currency, Office of Thrift Supervision and state regulators have all agreed on the same Y2K evaluation standards. They have met with every bank in the country and will be back again to ensure that the standards are met.

Each family and company needs to take steps to ensure that they meet the preparedness deadlines. The challenge is compounded by the fact that we all live in a connected world. Your business is connected electronically to your suppliers and customers. If your supplier's shipping system fails because of a Y2K problem, you don't get your order. Production is halted. Income is lost.

The President's Council on Year 2000 Conversion has in-

Bob and Millie Henderson of Andrews and Rodney and Carolyn Flanagan of Ballinger are pleased to announce the engagement and forthcoming marriage of their daughter, Kellie Lyn Flanagan of San Angelo, to Stephen Dewain Ebenstein, son of George and Mary Grim of Robert Lee.

The couple will be joined in marriage in evening ceremonies Saturday, June 5, at the First United Methodist Church in San Angelo.

The bride-elect graduated in 1989 from Andrews High School. She graduated from Texas A & M University in 1992 and is currently employed with the Christoval Independent School District as a multi-age first and second grade teacher.

The future groom is a 1988 graduate of Robert Lee High School and attended Tarleton State University. He is currently employed by Cain Electrical Supply in San Angelo.

roduced a new toll-free phone line to provide consumers information on the Year 2000. The hot-line provides pre-recorded information 24 hours a day, seven days a week, on Y2K issues related to government, banking, personal computers, small business, airlines, telecommunications, electricity, and elevators. Information specialists are also available Monday-Friday from 9 am to 8 pm EST to assist callers with additional questions and information on Y2K. The toll-free number is 1-888-USA-4-Y2K.

Our bank has focused on the challenge from the Board of Directors down through the ranks to all employees and we can assure you that we are addressing all concerns. You can be confident that this bank and your accounts will be O.K. If you have questions or concerns, we'll be glad to talk to you. We've been around for over 60 years and plan to be here many more.

## Lady Steers win 2 more

The Lady Steers continued their winning ways last week, but they didn't come easy. The local team beat Abilene Christian in a non-district game last Tuesday by a score of 53-50. The Lady Steers battled back in the 2nd half, led by the strong play of DeShira Dickey on both ends of the court. DeShira led RL with 9 points and 6 steals. Kim added 7 points and also had 6 assists. Whitney Millican and Jodee had 6 points each, Whitney Montgomery added 4 points and had 2 key 4th quarter steals. Dixie Simpson and Kelli Osborn had 2 points each.

# Mattresses are for sleeping—not safekeeping.

(Or, why your bank is always safer than keeping money under your mattress.)

Some people claim you should keep money under your mattress because many computers may not work after the Year 2000.

Well, we beg to differ. We're your community bank and here are the facts.

Bank regulators confirm the banking system is taking every possible step to insure your banking services continue to be safe and secure. So you don't need to worry about your accounts, your loans, or even your direct deposit.

In other words, we're Y2KOK (which means we're prepared for the Year 2000).

So worry about more important things—like the melting polar icecap, counting the stripes on the nearest zebra, or why the chicken crossed the road.

**It's important:** Although women should get an initial mammogram by age 40, it's especially crucial for older women to have regular screenings because the risk of developing breast cancer increases with age. Women ages 40 or above should have annual screenings, because early detection is a key factor in successful treatment.

**Singers wanted for Easter musical**

Singers are wanted to participate in the Easter musical which will be presented by First United Methodist Church of Robert Lee on April 4, 1999. Male and female singers ages 12 and older are invited to join us at our rehearsals held every Wednesday evening from 7:30 pm until 8 pm in the Church Sanctuary.

Being able to read music is not a requirement. Choir members will be provided a song book and an audio cassette tape which has their part on it. One simply has to listen to the tape to learn the songs. It is a simple method which was very successful in completing the church's Christmas musical without hours of rehearsal time.

Any singer interested in more information should call Rev. Jim McWilliams at 453-2417, or attend the 7:30 pm rehearsal any Wednesday evening.

Parents of teenagers who like to sing are encouraged to participate with their youth in this uplifting musical presentation. Membership in the church is not required for participation.

First United Methodist Church is located at the corner of 9th Street and Chadbourne.

To our wonderful friends both in Robert Lee and Bronte, thank you. Your prayers, cards, food and other acts of kindness have and will always be greatly appreciated and remembered during Mom's long stay in the hospital and during our loss of her. Special thanks to the WCC EMS, Ray and Leta Aldridge, Garry Bivins, Loyd and Leslie Thurman, for your love and prayers in ICU. If we miss anyone in saying thank you, it is with great regret. It takes two great towns like Robert Lee and Bronte to realize how lucky we are to live in a small town where not only does everybody know you but they also honestly care. Thank you again.

**64 Study Club**  
Judge Jackie Walker was guest speaker when the 64 Study Club met Jan. 12th. The meeting was held in the Robert Lee United Methodist Church. Judge Walker spoke on County Programs. She pointed out that Coke County has two pools, two senior citizen buildings, two recreation buildings, one show barn and several baseball fields. Most counties with just small towns only have one. We are lucky to have more, but in hard times our tax dollars really have to be stretched.

Leta Caston thanked members for helping with the Rehab Phone Bank. She said we raised more than four thousand dollars for Rehab.

Thelma Jo thanked members for helping to host Bryan's Barn. This was fun and some members found out, "that just because it's cold," don't keep people from coming.

Our hostesses for the evening were Dale Fields, Nita Duncan, Virginia Fikes, Sarah Green and Thelma Jo Hinnard. Twenty-four members and our guest speaker enjoyed a beautiful selection of sandwiches, dips, chips, and a relish dish. Also served was peach tea and some great homemade candies and cookies.

**Blackwell CISD bonfire notice**

Due to the contents and variety of materials being dumped at the bonfire area, Blackwell CISD will no longer accept refuse on school property. We will reopen for wood products only approximately one month before homecoming.
