Coke County Relay for Life set for this weekend

The Coke County Relay will be this Friday and Saturday, June 6 and 7. The theme for this year will be "Celebrate, Remember, Fight Back". The Relay will kick off at 7 pm with the Survivor Lap, followed by the Caregiver Lap. If you are a Survivor (anyone who has had or is battling cancer of any kind), we are asking that you be there by 6:30 pm to register and complete a form. Also if you did not participate last year, please call Glenda Draper at (325) 473-2050, or Rhonda Hood, at (325) 453-2065, and give them your name and T-shirt size.

Everyone will want to come out and join their neighbors in this fun-filled evening to help raise money to fight back against cancer.

Why do we Relay? One in three people will be diagnosed with cancer during their lifetime. The funds raised at Relay save lives by funding cutting-edge cancer research, early detection and prevention education, advocacy efforts and life-affirming patient services. This happens only because of your involvement.

A very special and meaningful Luminaria Service to Honor and Remember those who have

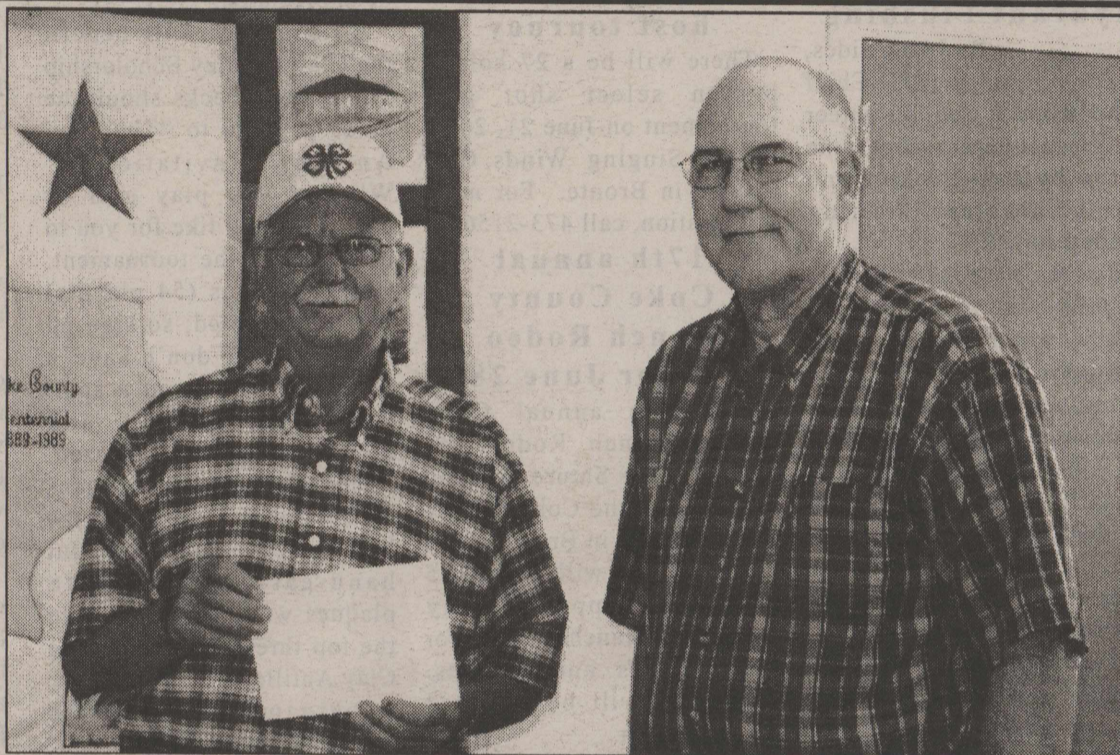

had cancer or who have lost their battle will be held around 10 pm in the evening. Forms to purchase luminaria can be obtained from Dian Coulter, who can be reached at (325) 743-2038, or at various locations in Bronte and Robert Lee.

RLVFD to resume Hydrant Flushing

By Mark Sidés, RLVFD Chief

The Robert Lee Volunteer Fire Department will resume its fire hydrant flushing and testing program starting Monday June 9.

The main goal of this program is to assure a reliable water supply in the event of a fire. Flushing and testing are required by the Insurance Service Office (ISO) and must be carried out regularly in order to maintain our ISO rating. The ISO rating directly affects your homeowner and business insurance rates.

When hydrants are flowed, mineral and rust sediments are stirred up causing possible discolored water in your home and/or business. This is not a health hazard.

Run your cold water for a short time to ensure that any sediment is cleared from the lines. DO NOT run your hot water, bathe, or do laundry until you are sure your water lines are flushed clear of sediments. In most cases this should not take long, but if you experience more than several hours of discolored water contact the water department.

Hydrants scheduled to be flushed on the 9th include but are not limited to East of TX 208 and South of TX 158 bordered by Mtn. Creek West of Commerce and South of 10th.

The department apologizes for any inconvenience, but our ultimate goal is to ensure your safety and the safety of the department volunteers.

Coke County Dance slated for June 10

The monthly dance for Coke County will be held from 7 pm to 10 pm Tuesday, June 10, at the Robert Lee Rec Hall. Everyone is invited to take this opportunity for some fun.

There is a break from dancing around 8 pm for a little snack. After the finger foods, it will be time to get out once again and dance to burn off those calories.

The turnouts have been good, but it would be nice to have a few more pairs and/or spares to make it a really fun evening. It is a good time for a little socializing and a lot of dancing!

Singing Winds to host tourney

There will be a 27 hole, 2 person select shot golf tournament on June 21, 2008, at the Singing Winds Golf Course in Bronte. For more information, call 473-2156.

1st Clay Antilley Invitational Golf Tourney slated

The first annual Clay Antilley Invitational Golf Tournament is scheduled for Mountain Creek Golf Course in Robert Lee on Saturday afternoon, June 28. Tournament Chairman Dick Sims said that the tournament is to honor the memory of Clay Antilley, who was tragically killed in a vehicle accident almost a year ago. His involvement with golf along with all his great contributions to 4-H and FFA made Clay one of Coke County's favorite sons.

The tournament will be an 18 hole, three person scramble beginning with a 1 pm shotgun start. Entry fee is \$80 per person. There will

be a free lunch before play and free barbecue dinner with live entertainment by Stephen Myers, Jeff Brisbin, Randy Flanagan, and friends after play.

All donations are appreciated, which are tax deductible with written receipts given out. Diamond sponsors are donations of \$500 and above. Gold sponsors are donations of \$200 - \$499. Silver sponsors are \$100 - \$199, and bronze sponsors are under \$100. Donations of any amount as well as those who would like to donate door prizes would be appreciated.

All proceeds will benefit the Clay Antilley Scholarship Fund. All checks should be made payable to "The Clay Antilley Invitational." Whether you play golf or not, we would like for you to be a part of the tournament. Only 18 teams (54 players) will be accepted; so sign up now. If you don't have a team we'll find you a spot. Early entry fees and donations are appreciated. There will be free mulligans on every hole, closest to the hole prizes, and beautiful hand-carved mesquite plaques will be presented to the top three teams honoring Clay Antilley.

Tournament committee members include Bill Ballew, Clay Allen, Jessie Flores, Terry Eaton, Randy Smith, JD McClelland, Ricky Ross, Randy Flanagan, Jeff Brisbin, Tim Phillely, Thad Metcalf, Don Powell, Stephen Myers, Nancy Baty, Dana Sims, Don Hodge, Tom Sawyer, Doug Roberts, David Bautista, Jimmy Skinner, Dick Sims, and the Tommy Antilley family. For more information contact Dick Sims at 453-9977 or the club house at 453-2317.

Car Crusher coming to Bronte

The City Council is continuing its efforts to improve the appearance of Bronte. Numerous dilapidated buildings have been torn down and the properties cleared. The Council will now pursue the removal of disabled/dismantled and inoperable vehicles from the City limits.

Disabled/dismantled and inoperable vehicles are eyesores and provide areas for rodents, skunks and snakes to live. These vehicles are health hazards and it will be a benefit to all citizens to remove them. Owners of these vehicles will

be offered an opportunity to have their vehicles removed from their properties.

A "car crusher" will be in Bronte in June. If you have vehicles to be removed that week, contact the City Hall at 473-3501 to make arrangements.

The City has set a deadline of July 1, 2008, for the removal of these problem vehicles. Action will be taken if owners do not have their vehicles removed by the deadline.

The City Council hopes that everyone will take advantage of this program to improve the appearance of the City and raise funds to benefit the Fire Department.

Family celebration

Holiday and birthday fun came Friday, Saturday, and Sunday to visit Pat and Nelson Fredrickson.

Pats' six children, Kelly Watson of Aubrey; Sherry McClung and friend James Jarvis of Irving; Terry and husband James Everitt of LaPorte; Kenny Watson of Robert Lee; Mashelle Watson of Robert Lee; and Jimmy Ban Watson of Irving came to visit recently. The Fredericksons' also hosted three grand children, Donny Wood and fiance Staci Swartz of Dallas; Kellsy Watson of Aubrey; Kevin McClung of Dallas; Jamie Everitt of LaPorte and great-grandson Chrisopher Everitt of LaPorte.

Special guests were Sid and Johnnie Eubanks, life time friends and new friends, Arnold and Cheryl Carpenter of LaPorte.

A cook-out was held Saturday evening for Pat's 74th birthday. The cake was by Johnnie Eubanks, a very special Italian Creme.

Afterwards, James Everitt and Arnold Carpenter, who have a gospel band out of LaPorte entertained.

There was lots of fun, food and noise and Pat says she is lucky to reach another birthday. It was the first

**Cloudburst dumps
more than
4 inches on West
Coke County**

by Hal Spain, Publisher
Monday night (May 26) was a little scary in the western parts of Coke County, as a cold front dumped up to 4.5 inches of rainfall in a short period of time. About 11 pm the bottom fell out, and the rain came in buckets. I recorded a total of 3.6 inches across from Lake Spence on Harmon Lane, and if I had to guess, I would say that nearly three inches of that total came in about twenty minutes, if that is possible. The next morning we examined the erosion damage, and there was a tremendous amount of caliche in our driveway and at the barn that had washed somewhere downstream. The water that ran through the barn lot showed to have been about a foot tall in places as it raced through to get to the creeks that flow into Lake Spence.

We got a few rainfall reports in the area that morning, with Tim Millican recording a whopping 4.5 inches near Pecan Baptist Church. Also in that vicinity, Dub Metcalf had 4.2 inches. A little farther out, Wilbern Millican had 2.8 inches, while Marshall Millican recorded 3.3 inches about two miles out of Robert Lee on Hwy 158.

Other parts of the county recorded substantial moisture without the flooding. Blackwell got about 2 inches, while Bronte received around 1 inch, depending on where you live on the east side.

I have heard reports of Lake Spence being up over a foot, but a look at the USGS

website tells a little different story. The elevation of the lake before the rain was about 1847 feet. By Wednesday the elevation was 1847.4 feet, with the current level as of June 3 being 1847.29 feet. As to volume, the lake was at 66,000 acre feet before the rain. By Wednesday the volume had risen to 67,500 acre feet, a net increase of 1500 acre feet. On June 3 the volume is being reported at somewhere near 67,000 acre feet.

The rain has been a blessing, even when you consider the flooding. Pastures have greened up, and hayfields (that weren't washed out) are growing like a weed. The downside is that with the limited moisture during the winter months, these fields and pastures are going to start burning up quickly with these 100 degree days, unless we get some timely rains over the next few weeks.

**HEB issues
tomato recall**

In an abundance of caution, H-E-B is issuing a precautionary recall for fresh Roma and salad (round) tomatoes, following an alert issued by the Texas Department of State Health Services (DSHS).

While none of its customers have reported illnesses, H-E-B, who is committed to ensuring the safety of its customers, is removing the products from its stores immediately.

"Ensuring the safety and quality of products sold in our stores is a top priority for H-E-B," said Winell Herron, H-E-B Group Vice President of Public Affairs and Diversity. "We continue to monitor the situation closely and will return the product to our stores once it is absolutely safe for our customers."

(Continued from Page 7)

The refreshments included punch with fresh peaches, trays of mints, nuts, and a beautiful array of cookies. Also adorning the table were French style cream puffs provided by Dolores Roe.

Presiding at the refreshment table was Christi Jones with her daughters Sarah and Nicole.

All the ladies of the UMW had a part in visiting with the guests and making the reception a success.

It was a joyful evening for everyone. A welcome was extended to 75 guests including visiting ministers from other Robert Lee Churches.

The first Senior Reception was held in 1957, it has been a tradition since then.

Banish summer boredom for your kids

By Jason Alderman

Summer's almost here and you know what that means: warmer days, longer evenings and endless choruses of 'there's nothing to do.' Before you park your kids in front of the TV or at the mall, consider a few activities you can do together that might help bring you closer while also teaching them valuable lessons about managing their personal finances.

Vacation planning. With fuel at record prices, many families are curtailing their summer travel plans. If you've got computer-savvy teenagers with time on their hands, enlist their help planning possible itineraries that fall within your budget. Discuss expenses they'll need to track such as airfares, lodging, meals, gas, taxes, attraction entrance fees, souvenirs, etc.

They can compare airline, hotel and rental car rates at websites like www.travelzoo.com, www.kayak.com and www.cheaptickets.com. To calculate gas costs, use MapQuest and Yahoo Maps to estimate mileage between destinations.

Empty the closets, earn cash. If your kids continually ask for money to buy more stuff, try the 'one in, one out' rule: If they want a new toy or sweatshirt, they first must get rid of an old one. Hold a garage sale (maybe in tandem with neighbors), sell things on eBay or donate goods to charity. It's not that they'll earn anywhere near what you originally paid for these items; but they'll learn about moderation, valuing and caring for what they already own and, of course, their packrat tendencies will get nipped in the bud.

Unleash your green thumb. Many younger kids have no idea where their food comes from — maybe they assume carrots come out of the ground already peeled and sliced. Run your family's own mini-science project by carving out a portion of the yard or a sunny windowsill where they can plant a few vegetables and flowers.

Your local nursery can recommend seasonal, easy-to-grow varieties. Weeding and watering are tasks even small children can handle and they'll be amazed to watch fast-growing plants like watermelons or sunflowers develop. The connection they'll form with the food they'll eventually eat teaches patience, responsibility and pride in workmanship.

To market, to market. Grocery shopping with kids in tow can be a real drag unless you can make it interesting for them. Start by getting them involved in menu planning and meal

preparation so they become familiar with fresh and packaged ingredients. In the produce department, show them what the fruits of their gardening labors eventually will look like and point out how much money the family can save by growing your own.

The supermarket is also a good place to learn about comparison shopping and living within a budget. Have your kids clip coupons and make it worth their while by splitting any savings they uncover.

Fun and games. Many family friendly websites provide financial education games you can play with your kids or they can safely play alone. Check out the American Library Association's list of appropriate websites at www.ala.org/greatsites.

Also visit Visa Inc.'s free personal financial management site, Practical Money Skills for Life

(www.practicalmoneyskills.com). It includes interactive games for grade-schoolers (Ed's Bank) through teenagers (Financial Football) that teach math and financial skills in challenging, fun ways. The site also features a parent's resource section that can arm you with facts and suggestions on how best to talk to your kids about money.

Just because they're out of school all summer doesn't mean your kids have to stop learning valuable life lessons.

Child Car Safety Seat Tips

The widespread use of children's car seats has reduced the number of injuries and fatalities on American roads, but experts agree that more needs to be done.

"Every state requires that children under the age of 4 are secured while riding in a car," noted Ray Palermo, director of public information for Teachers' Insurance Plan™. "Yet despite the laws and warnings, car crashes are still the single largest cause of death among children under the age of fourteen." It is estimated that

Zoo! Some residents and staff of the Bronte Health and Rehab Center traveled to the Abilene Zoo recently. All enjoyed a nice picnic lunch and a good look at some creatures, big and small.

half of the approximately 1,500 fatalities each year could be prevented with the proper use of a child car seat.

Although State laws vary and parents should check to ensure they are complying with all local regulations, the insurer offered some general guidelines for parents to follow.

Start Out Right: The best way to get children in the habit of using safety restraints is to learn from their parent's example. The driver, all adult passengers and all infants and children should be safely secured before starting the engine.

Infants Up to 20 Pounds: Infants from birth to 1-year old and under 20 pounds in weight should be secured in an infant car safety seat on the back seat of the vehicle, facing the rear. This avoids injury from an inflated airbag and will be less of a distraction for the driver. If your vehicle does not have a back seat, deactivate the airbag for that trip, but be sure to reactivate it when an adult is the passenger.

Infants 20+ Pounds: Infants from birth to 1-year and more than 20 pounds should be either secured in a convertible safety seat or in an infant seat approved for their weight. The seats should be secured on the back seat of the vehicle, facing the rear.

Children 20 to 40 Pounds:

Children older than 1-year who weigh 20 to 40 pounds should be secured in a child safety seat on the back seat of the vehicle, facing forward.

Children 40+ Pounds: Children who have outgrown their child safety seat, but are still too small (less than 4' 9") to use the standard adult safety belt in the car, should use a booster seat. The lap belt should sit across the

hips and the shoulder belt should not cross the neck or face.

Teachers' Insurance Plan also offered these cautions: Be sure to read the manufacturer's instructions on proper installation or check with your local police or fire department, who are often certified to inspect car seats. When buying a car seat, look for the DOT tag. Do not use a car seat that is broken or missing parts.

Check Out Coke County Library

The Coke County Library invites all Coke County readers on a Road Trip this summer. Gas prices are too high to take a trip to New Orleans, or Arizona, or the jungle, or the beach, or somewhere over the rainbow.

But, at the Library, you can go anywhere. Take a reality trip with a non-fiction book or go with someone else in a fiction book. Choose your destination.

Reading for entertainment is like swimming for fun. Swimming keeps the muscles active even though its really just fun. Recreational reading keeps the brain active and it's really just fun, too. Sitting in a chair in front of television is an inactive process. No gains are made mentally or physically. That's why a Road Trip can entertain and strengthen at the same time.

A drawing will be held each Friday from June 6 to July 18 with a new set of names each week. A grand prize drawing will be held on July 18. The grand prize drawing will include all names turned in during the

summer. A maximum of ten names from one person will be accepted each week.

Library hours are Tuesdays, 8-12; Wednesdays, 8-4; Thursdays, 1-5; Fridays 8-12. When the library is not open, books may be returned in Bronte to the Main Street Market and to the 24/7 book drop on the Library porch.

Pet owners from the Coke County area are welcome to enter to win a share of the prizes. The deadline for the contest is June 15. The contest is open to everyone and entry is free. Dog and cat photos are welcome. The photo may contain one pet or
