 MAKING SENSE OF INVESTING

Humility Means Submission

By humility and the fear of the Lord are riches, and honour, and life. • *Proverbs 22:4*

A man's pride shall bring him low: but honour shall uphold the humble in spirit. • *Proverbs 29:23*

Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time. • *1 Peter 5:6*

Let this mind be in you, which was also in Christ Jesus: who, being in the form of God, thought it not robbery to be equal with God: but made Himself of no reputation, and took upon Him the form of a servant, and was made in the likeness of men: and being found in fashion as a man, He humbled Himself, and became obedient unto death, even the death of the cross. • *Philippians 2:5-8*

At that time the disciples came to Jesus, saying, who then is greatest in the Kingdom of Heaven? And Jesus called a little child to Him, set him in the midst of them, and said, "Assuredly I say to you, unless you are converted and become as little children, you will by no means enter the Kingdom of Heaven. Therefore whoever humbles himself as this little child is the greatest in the Kingdom of Heaven." • *Matthew 18:1-4*

It has been said before, this area is a great place to live and you don't realize how true that is until you are faced with such a loss. It is wonderful to have friends who stand along beside us during this time. You have been a source of strength for the family. The outpouring of love and concern were tremendous and very much appreciated. Thank you for being there in our time of need and honoring Wilbern and his life.

Texas Groundwater conference set

Groundwater Management Area 7 will conduct The Texas Groundwater-Your Future Conference beginning at 8:45 am April 17 in the Texas AgriLife Research and Extension Center auditorium at San Angelo.

The center is located north on U.S. Highway 87. The meeting is free and open to the public. A noon meal will be served.

The one issue that will be addressed that will have an effect on all the people within

the area beginning Sept. 1st is the legislative mandate requiring every state groundwater management area to establish goals for the pumping of groundwater.

By law, the groundwater conservation districts within Area 7 are required to establish the "desired future conditions" of the aquifers within the area by the Sept. 1 deadline. Currently, that means that the district must set goals for the condition of each aquifer at the end of a 50 year period.

The law requires the groundwater districts to establish "desired future conditions" for all aquifers within their management area, including those areas not located within a groundwater district.

Once the recommended conditions are approved, they are submitted to the Texas Water Development Board. The board then notifies each district concerning the amount of groundwater that can be permitted for pumping to meet the 50-year goal. The implemented plans must then be reviewed and updated every five years.

Groundwater Management Area 7 covers 32 West Texas counties and includes 20 groundwater conservation districts.

Presentations will include talks on water issues, policy, law, legislation, geology, water quality, weather, riparin areas and brush control.

By hosting the conference, the groundwater districts hope to give the general public the opportunity to better understand the water issues we're facing now and in the future.

Census forms available at Library

Stop by the library for lost or misplaced 2010 Census forms. Ten minutes, ten questions, will determine Coke County's piece of the pie for the next ten years.

The first census took place in 1790 to determine the number of seats each state would have in the U.S. House of Representatives. That is still what it is used for, along with the determination of the distribution of tax revenue which is returned to states to highways, hospitals, schools and other services to citizens.

The Coke County Library will have replacement copies of the Census 2010 forms. For information, contact the library.

Check Out Coke County Library

The Coke County Library hosted an Easter egg hunt on Thursday, April 1, in the Wilson Bryon Mini-Park. The children carefully searched through the bluebonnets trying not to step on any of the flowers.

The children filled the Easter baskets they had made at Head Start with eggs, candy, and a surprise or two. Parents, caregivers, siblings, and the staff at Head Start made the morning a huge success.
