## CITY SALES TAX

At a special meeting last Thursday night, the City council voted to call a special election for a one cent sales tax for Seminole. The tax was deemed necessary because of added operational expenses due to inflation and a need in the near future for additional expenses for street repairs and additional water field working expenditures. At present, some city equipment is in need of repair or replacement. It was pointed out at the meeting that there are sizable expenditures in these three areas and that there has been no tax increase since 1960.

The ordinance to call an election on a one per cent sales tax was in accordance with House Bill No. 207, Local Sales and Use Tax.

December 12 was selected as the date to vote on the city sales tax. There are a number of Texas cities planning to vote on the new city sales tax before the end of the year. The tax went into effect on August 28 of this year and thus far, 24 out of 25 cities have voted in favor of the tax. In Electra, voters defeated the issue. Lubbock citizens will cast their votes on November 9. The new sales tax will be applicable to all items that are taxed at the present time and it would be in addition to the present taxes. It was also pointed out at the meeting that the city is still operating within their budget but that added operational expenses in the foreseeable future deem this election necessary.

## SEMINOLE FIRE

On Sunday afternoon everything was quiet, the Dallas Cowboys were winning, and a fire broke out at Wickson Texaco Station, 501 Lamesa Highway. This was Seminole's largest fire loss in a number of years.

From several reports, the fire broke out in the inside front of the station. Some young men had been painting a car and left it in the wash room. There was some kind of explosion, whether from paint or something else it is not known, that caused the fire to spread rapidly. Mr. Wickson stated, "Our loss may reach \$25,000." See P. 12

## HOG KILLING TIME

### FAIRVIEW NEWS

by Mrs. R. M. E. (Opal) Hughes

Mr. and Mrs. R. C. Pattie have been real sick and have been going to the doctor --flu and cold, I guess.

(I) Mrs. Opal Hughes went to see Mrs. Homer Whitaker, she has not been doing too good.

Mr. and Mrs. D. F. Rice are both doing pretty good and seem to be in good spirits.

Mr. and Mrs. Wootsie Houston and family are at home, but have been real busy with school and daily activities for their children. See P. 7 & 11

### Seminole men injured in accident

Three men, Doyle Lee Goss, 506 Avenue G, SW; Gary Poston, 607 SW 8th; and H. O. (Hoss) Crutcher were badly burned about the face and hands when the 1965 Chevrolet in which they were riding caught on fire Monday morning. See P. 2

The bearded man, starting on the left, is W. H. Kirk, father of Arzie, Oyd Allison, with his knife, Dave Kirk (holding one of Judd's girls), and Judd Kirk.

That time of the year has arrived. The leaves have begun to fall from the trees, tumbleweeds have begun to loosen and roll across the Plains, and wood has been put up for the fireplace. The second cold spell is here. We will kill hogs in the morning!

Hog killing time is a delightful time - - fresh meat in the house, neighbors over to help.

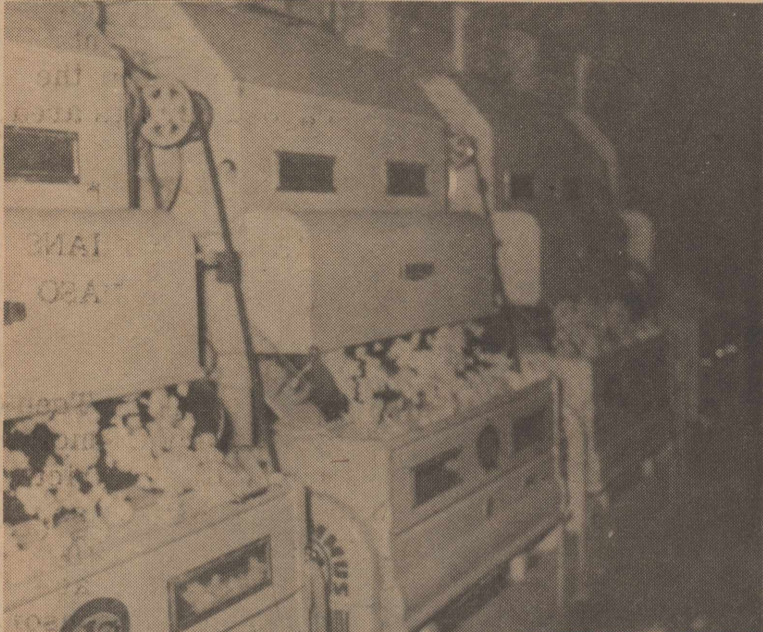

There are so many interesting things to note about a hog killing site. First of all it takes a heavy pipe to hold up four hogs. In the late twenties, it would have been an insult for a man to have killed a hog weighing only 200 pounds. These must have weighed 400 to 500 pounds. The pipe was placed between two trees or into the windmill stand. They also had to be near water. The barrel in the foreground was used to scald the hog. It took quite an expert to tell exactly the temperature of the water; it had to be hot enough to slip the hair but not too hot to set the hair and cook the outer part of the skin. In those days a hog had shoulders and hams (no picnic hams). When the hog was dipped in the barrel, it was difficult to find a partner that could slide him out, stand him exactly in the right place on his head, and slip the other end back in the barrel.

From hog killing time came not only the ham and the shoulder, but the sausages, pig's feet, fresh backbone, and many gallons of lard. The hog that is being gutted is still hanging on a single-tree. Others are hanging on a sharpened stick. The hooks on the single-tree were hooked in a leader behind the back feet. He could either be pulled up by a block and tackle after he was scraped or pulled up with a rope over the top of the pipe with others lifting up on the front quarters. Most everything about the hog was saved. The pig's tail was sent to a girl that had jilted her boy friend or an old maid aunt. Some people preferred to shoot their hogs with a rifle and stick them. Others knocked them in the head with a single bladed ax and cut their throat. Some preferred simply to cut their throat, or combinations.

## With Cotton

The Seminole area has ginned about 3000 bales of cotton. Seagraves and Loop started before this area. Inside a cotton gin - as the cotton goes through the stands to separate the seeds from the lint.

The lint cleaner is shown in operation to further clean the cotton.

LIEUTENANT GOVERNOR, PRESTON SMITH

Preston Smith, Texas Lieutenant Governor from Lubbock, Texas, will be at the Raymond Restaurant for a coffee from 3:00-4:00 p. m., Tuesday, November 14. All his acquaintances and friends are invited to drop in for a visit at that time.

Mr. and Mrs. Frank Davis of Biggs, California, arrived Sunday for a visit with their daughter, Mr. and Mrs. George Earl and Dusty.

The remains of the car that Goss, Poston, and Crutcher were in returning from work when the fire occurred.

The car was on butane and had been filled up and driven 80 miles when the fire occurred.

Goss, the driver, stated, "We were driving down the highway at about 70 miles an hour, ten miles northwest of Seminole on the Denver City road, when I lit a cigarette and the inside of the car flashed with fire. I opened my eyes once after I hit the brakes but could see only smoke (evidently there was a small butane leak). We knew we were burned pretty bad when we lost flesh off of our hands on the door handles in trying to get out."

Tuesday evening late they were resting well in the local hospital and were able to smile. "No pictures, please."

The car was a total loss.

It costs the City of Seminole \$75 in parts to repair  
a leaky water main. Bob Wilson, in charge of water  
and sewers for the city, told THE NEWS that it was  
a shame when water mains were put down that they  
could not be checked for thin walls or other deficien-  
cies that might develop into a crack. Besides Wil-  
son, Julio, Frank, Joe, and Bruno Saldana were  
working on the main. Besides the equipment that it  
took to dig out the main, the 3' X 15' X 4' ditch had  
to be refilled, picked, and repaved. If you wonder  
from time to time where your tax money goes, you  
can charge a lot of it to maintenance. These men  
had little time to talk because a lot of people were  
out of water and they were in a hurry.

The Senior Class sponsored a supper at the school cafeteria Friday night for the ex-students and community. Reports are that they did real well, and they send thanks to every one.

The Turkey Shoot went off with a bang with Hearne Freeman and San Rusty walking off with high honors in turkeys and hams. The young farmers sponsored this event, and due to the men that could not attend, they will sponsor another turkey shoot on November 18.

Mr. and Mrs. Shermon Conner and Tommie visited the weekend in the home of his father, B. W. Conner at Miles, Texas.

The Golden Anniversary for Rev. and Mrs. Joe C. Thompson will be held at the Ashmore Baptist Church in the Fellowship Hall from 6 until 9 p. m. Saturday, November 11, 1967. If you are a friend, come by and say "Hello" to these nice old people. It will be a special pleasure for them to see you.

The homecoming was a real success. Every one reported a nice time visiting with all the ex-students who could attend. The Longhorns lost their ball game. They fought bravely through even though they were outnumbered and out-weighted.

Nancy Brooks was crowned queen. Her attendants were Denise Coats, a Junior, and daughter of Mr. and Mrs. W. M. Coats; and Debra Dishman, a Sophomore, and daughter of Mr. and Mrs. Earnest Dishman. Miss Brooks is a Senior and is the daughter of Mr. and Mrs. Howard Brooks.

Visitors in the home of Mr. and Mrs. Hearne Freeman, Sunday, were Mr. and Mrs. Vebbie Buck of Andrews, Mr. and Mrs. Lee White, Loop, and Mr. and Mrs. Kenneth White and family of Denver City.

Mr. and Mrs. J. W. Kennedy of Seminole visited in the home of Mr. and Mrs. Luie Hamilton, Sunday.

Dr. Gene E. White and family of Euless,

Texas, spent several days visiting in the home of his parents, Mr. and Mrs. J. E. White.

Mr. and Mrs. R. L. Hunt and Bernice Johnson were weekend guest in the home of their son and nephew, Mr. and Mrs. Jerry Hunt and girls, in Munday, Texas.

Bro. and Mrs. C. F. Fehl returned this week from a two-week vacation. While gone, they visited a daughter, Mr. and Mrs. Jack Chase and family, in Hutchinson, Kansas, and also another daughter, Mr. and Mrs. Paul West, in Houston. They also visited his mother, Mrs. Cara Fehl of Eastland, Texas.

Mr. and Mrs. Chiper Hobson of Whitharrl were weekend guests of her parents, Mr. and Mrs. J. E. White.

Ronnie, Randy, and Russell Armstrong visited Sunday with Barry, Gale, and Ricky McConal.

Mr. and Mrs. Walter Johnson visited her sister and family, Mr. and Mrs. James Pool in

## LOOP LONGHORNS VERSUS WELLMAN WILDCATS

Barry McConal, a sophomore back from Loop, broke through the center of the line and ran 43 yards for a touchdown. This made the score 14 - 6, Wellman's favor, and Wellman added it on for the balance of the ball game.

On the first play from scrimmage, the Wildcats set their pattern. Dohmy Tubb threw to Keith Martin for six points. Randall Redman pitched to Max Hulse for a two-point conversion. One minute was gone. Three minutes later Martin broke loose for a 47-yard gainer, and the score was 14 - 0. Wellman passed around the scoring. It was Randall Redman's turn the next time out. The half ended 20 - 6.

In the third quarter Keith Martin passed to Max Hulse for six points from 20 yards out and kicked the extra point. The Wildcats scored again in the fourth period - - this time with Dohmy Tubb tossing again and Gerald Bevers catching. The two-point conversion was good. Final score was Wellman 35 and Loop 6. The Loop Longhorns were out - weighed and out-manned, but were game to the very end.

In eight-man football, there are five linemen and three backs. The field is 40 yards wide and 80 yards long instead of the 50 x 100. The game was fast and furious and exciting. (You were a gracious host. Thanks for asking us.)

# Homecoming

Friday night after the Loop - Wellman game, one hundred - fifty to two hundred people, exes and friends, met for their homecoming party at Loop.

In one of the skits at homecoming, suitors were many. Number three is in the process of proposing. Notice the table in the foreground - that is one suitor that has been made into a table. The one in the background is a hat tree with clothes hanging on his arm.

Miss Nancy Brooks, the daughter of Mr. and Mrs. Howard Brooks of Loop, was named homecoming queen in ceremonies at the half. Her attendants were Denise Coats and Debra Dishman.

Mr. and Mrs. L. H. Hughes are at home at present. They come by to see Mrs. Opal Hughes yesterday afternoon. They are quite all right.

For those who use to know Joe Dickerson who use to be at Fairview, he is at Odonnell, Texas, now. They sold out in Colorado and have bought an appliance at ODonnell.

Mr. and Mrs. Jettie Burk went to Odessa over the week-end and visited son J. M. Burk and family.

Birten Lee Burk is still in Baytown, Texas.

(I) Mrs. Opal Hughes had a little hard luck-- just a mash fender, nothing serious, kind a like a man bringing home the groceries and says If you are looking for the stamps, I traded them for a seat on the bus.

Mr. and Mrs. Robert Whitaker and three children came to visit Mr. and Mrs. Homer Whitaker and Mrs. Moon-- (Mrs. Whitaker's mother) over the week-end. Mr. and Mrs. Robert Whitaker live in Midland.

(I) Mrs. Opal Hughes visited Mrs. Homer Whitaker a while Sunday afternoon. We had a good laugh together.

Mrs. Gene Allen went to town to a home demonstration meeting. They showed short cuts on sewing.

This rain is what I call a ground soaker, but sure has made the farmers get out of the field.

He further stated that he had some insurance and this was verified by Mr. Moore; that it was only a small per cent of the sustained loss.

To make the loss still worse, Royal Manufacturing Company, after having moved there two weeks ago, had about a \$10,000 to \$15,000 loss in the building adjoined and directly behind the station. Pete McClellan and Joe McKinney stated that they would begin anew with the business. Other officers of the corporation are Carver Earl, Lloyd Coffman and Jack Rhea, who live in Seminole.

## Jr. Study Club

The Seminole Junior Study Club met at the home of Mrs. Charles Stephenson at 2114 West Avenue B for its meeting on November 2 at 4:00 P. M. Mrs. Frank Karvas was co-hostess. During the social, members were served mystic pie with coffee and cokes.

After the meeting was called to order, Mrs. Glynn Chandler, program chairman, introduced Mrs. Kent Denson, who gave a report on the bilingual kindergarten held this past summer at the Denson farm west of Seminole.

Mrs. Denson, who was assisted in the work by Mrs. Paul Condit, said that classes were held three days a week for four weeks. The object of the kindergarten was to teach English to young Spanish-speaking children to prepare them for entrance into public school. The school day began for the eleven children who attended with a time during which they were free to get acquainted and explore their surroundings. After that a short lesson in English was given. The children then played a game or took part in some type of physical exercise.

The kindergarten covered other areas of normal child development. Small muscle co-ordination was developed through art activities which involved the use of crayons, scissors, and paste.

Mrs. Denson said the kindergarten was a success and that she believed the children who attended would be better prepared for classwork in the public schools.

After the report, Mrs. Paul Condit lead a discussion on the problems of the bilinguals in our schools.

Many times they are fearful of new places or of trying new things. Their lives have been very much the same thing day after day until the time they enter public school. Curiosity about the world outside their home or family has never been encouraged.

Most of the bilinguals are class conscious; they feel deeply that they are different. The language barrier is the root of this, but it often produces extreme shyness or hostility and resentment towards teachers and other classmates.

Mrs. Condit mentioned some things you might not expect to find among the bilinguals. She said they were eager students and that once they had confidence in their teacher and themselves, they were very co-operative and appreciative. She said also that the parents of these children seemed to understand the importance of education and insisted that their children respect and obey the teachers.

Most of these children are secure in their home life and also independent in their care of themselves. Many come from large families and have learned personal responsibility as well as how to share willingly.

The language barrier is the basic problem, and it must be broken early if these children are to develop normally in their educational growth.

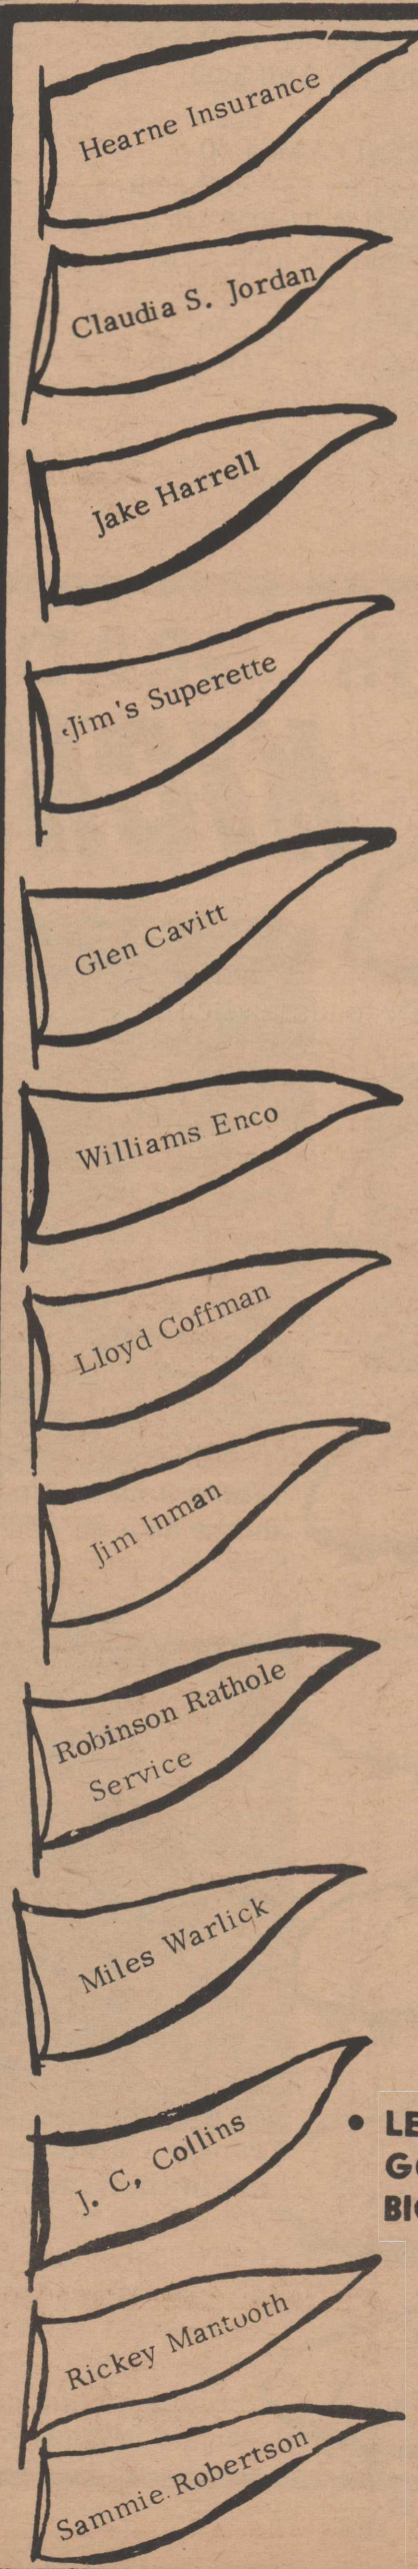

After the discussion, it was reported that four of the club members had given a Halloween party for the children in the Special Education Department of the Seminole schools. Mesdames Hilbern Briscoe, Paul Condit, Kent Denson, and Mike Jenkins entertained the children with games and refreshments at school after the Halloween parade.

Club members present for the meeting were Mesdames Hilbern Briscoe, Glynn Chandler, Paul Condit, Marcus Crow, Kent Denson, Eugene Dew, Wayne George, Herbert Hicks, Don Hughes, Mike Jenkins, Frankie Karvas, Gail McCullough, Sammy Robertson, Charles Stephenson, and Kenneth Willis.

## CHEER the FRESHMEN

The Freshmen defeated Kermit by the score of 28 - 12 last Thursday night in Kermit. The game was played in near freezing weather, but it did not seem to cool off the young Indians as they had their best game of the season.

The Freshman scoring came on a 70 - yard run by Kenneth Price, 40 - yard and 30 - yard runs by Lavern Bennett, and a 10-yard blast by Bill Hearne.

The defensive team held Kermit to only four first downs and did not allow them to cross their 50 - yard line in the second half.

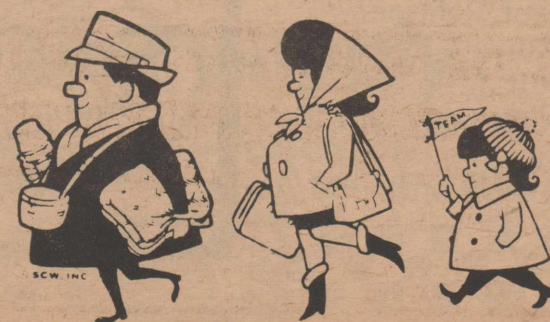

Headhunter awards went to Bill Hearne, Mike Lewis, Bobby Presley, Everett Haller, and Thomas Gonzales.

The Freshmen take on Level-land next Thursday night in Level-land to end the season.

Unsung Brave Men!

• LET'S ALL GO TO THE BIG GAME!

**TRAILRIDERS ON CHILLY SUNDAY JAUNT TO ANDREWS**

The riders are on their way to old Florey place and the fried chicken.

Three riders from Seminole - Jess Strickland and his sons.

The young also rode. The party met in the draw just south of Seminole where there had been many gatherings of Indians and cowboys in years gone by.

**INDIAN BAND - - FRIDAY NIGHT**

Friday night, November 10th, the half-time show will be dedicated to the graduating seniors of the Seminole Indian Band. The seniors along with their parents will be introduced during the band's performance. The seniors this year and the instrument they play are: Don-

nie Brasher, Cornet; Marie Gowdey, B<sup>b</sup> Clarinet; Sherry Pullam, B<sup>b</sup> Clarinet; Steve Young, Trombone; Janis McNaughton, Bells; Richard Jones, French Horn; Billy Thomas, Baritone; Brenda King, Bass Clarinet; and Nancy Billups, Cornet and Twirler.

Sunday morning, November 5, twenty-five members of the West Texas Trail Riders left Seminole on their way to Florey Park just this side of Andrews. This was to be their last ride of the year. They planned to arrive at the park around 1:30 o'clock, where they were to eat lunch or go home as soon as the ride was completed.

The riders gathered Saturday night at the Gaines County Show Barn for a wiener roast. Glenn and the Misfits of Seminole furnished entertainment for the group.

There were approximately thirty-five riders from Seminole, Plains, Odessa, Lovington, Monahans, Lubbock, Kermit, Big Springs, and Rankin. The ride was to take approximately four hours.

Elby Choate was the acting trail boss, and said, "Be sure and tell the nice people of Seminole how much we appreciated the use of the barn to spend the night."

Mr. and Mrs. Lynn Jones and children have moved to Lamesa where Lynn will be working with Mesa Irrigation. They previously resided in Canyon. Their parents are Mr. and Mrs. Charlie Benson and Mr. and Mrs. Laverne Jones, Seminole.

Mrs. McGuire is the former Andrea Minnick, daughter of Mr. and Mrs. A. H. Minnick. (Thanks, Andrea, for bringing this interesting card in and sharing it with our readers.) We are printing the message on the card below.

Seminole, Texas  
 March 28

We are 14 miles from Seminole in Gaines County this morning and sand, I never seen anything to equal it. We had to stop 2 miles from water last night. Marion's mare gave out and couldn't get any farther. It is bad sand on to Seminole. I don't know whether we will ever get there or not. There hasn't been any rain here since last fall. Will finish when we reach Seminole.

Well we have reached Seminole at last. We are now about 43 miles from our stopping place. Gertie

Lyn Ann and Kathy Sue Fowler of Fort Worth spent several days with their grandparents, Mr. and Mrs. Oscar Fowler. Their parents, Mr. and Mrs. Max Fowler, reside in Fort Worth. Mr. and Mrs. Fowler were in Fort Worth over the weekend to take their little granddaughters home. Halloween was a delight for Oscar and Evelyn as they had Lyn and Kathy with them. Evelyn says that the "quiet" is too much now! We get the idea that they think the girls are "fine".

**Teachers**

The Seminole Classroom Teachers Association will have a meeting Monday night at 7:30 in the high school library. Eugene Dew, President, stated that Randy Pendleton would be here to speak, his subject: Teacher's Role in Legislation. A special invitation is being sent to the Board of Education and Administrations of Seminole schools. Also invited were all teachers and administrators from Andrews, Seagraves, and Loop.

**LAST RITES FOR MRS. SHERRILL ATTENDED BY LOCAL RESIDENTS**

Funeral services were held Saturday at 11:00 a. m. at the First Methodist Church in Fort Stockton for Mrs. Rebecca Smith Sherrill, 68, who was found dead at her Pecos home Friday morning. Burial was in Lawnhaven Cemetery, San Angelo.

A native of Coke County, Mrs. Sherrill was a teacher at West Elementary School in Pecos. She had lived in Pecos for three years.

For many years Mrs. Sherrill and her late husband, Charlie Sherrill, ran a Hardware Store in Seagraves.

Survivors include one son, District Judge Charles Sherrill, Fort Stockton, three granddaughters, one brother and five sisters.

Mr. and Mrs. C. V. Singleton were in Fort Stockton and San Angelo Saturday to attend the funeral of their son-in-law's mother, Mrs. Rebecca Sherrill.

**MARCHING CONTEST**

The Region VI Marching Contest was held Saturday, November 4th, in Odessa. In Class AA the following bands received second division: Denver City, Colorado City, Marfa, Hamlin, Stamford and Crane. Those receiving third division were Stanton, Big Lake and McCamey. Carver Midland received a four.

In Class AAA Ft. Stockton, Snyder, Monahans, Ector, Kermit, and Pecos received second division.

In Class AAAA Midland, Big Spring, Odessa Permian and Odessa High received a first division, Midland Lee and Abilene received a second division.

# A Story About Your School

## ARTS AND CRAFTS WITH MRS. ANDERSON

One of the oldest crafts known to man-kind is ceramics which is being taught in Junior High Arts and Crafts classes.

There are many Biblical references to this activity, which remains one of the outstanding industrial enterprises in the modern technological world.

Junior High pupils in arts and crafts not only learn to create an article from raw clay, but fire their clay to bisque at 1625 degrees. Later the glazed piece is fired to 1825 degrees making it water and bake proof.

In reference reading in arts and crafts pupils find the importance of ceramics in a scientific world, quoting from *Ceramics*, by Vincent A. Roy: "Scientists and engineers are on the brink of new ceramic discoveries that were undreamed of a few years ago. New ceramic materials are mass produced to very close tolerances. By standard glass-making methods, they are drawn into sheets, rods, or tubing, or even blown, cast or pressed. These ceramics are light in weight, yet remarkably strong under severe conditions of temperature and stress. They resist chemicals. Some are so hard that they will cut steel and can be used as special cutting tools in metal working machines."

An interesting project of the art department for second year pupils is internal carving of plastic. One of the first things a beginner at internal carving must do is to learn the "feel" of the high-speed tool as it bites into plastic material. Cutting tools turn at the rate of 12,000 to 18,000 r.p.m. A cutting tool rotating at such high speed can be dangerous, hence safety rules must be observed any time the drills are in use.

At this time of year candle-making has top priority as a project in arts and crafts classes. The students have taken great pride in displaying their work in the art department exhibit window for parents and visitors to enjoy.

The arts and crafts classes are organized in such a way that students rotate in assuming responsibilities in the department. Tools and supplies are checked out to students by the chairman for that week. Everyone has a specific duty to perform each week.

Mrs. Anderson states that all students are not

gifted in working with the various media of arts and crafts, but that all students can learn an appreciation for art and beauty and individual creativity.

Mrs. Agnes Anderson, teacher of Arts and Crafts in the Seminole Junior High School, gave a demonstration last Friday in Seagraves on the art of candle making.

Mack Seay is shown in class as he fastens a candle mold together with clothespins.

Around the hot plate heating the wax and making candles are Mickey Clark, Mike Wright, Tommy Schuler, Earl Bennett, Ronny McPherson, Terry Head, Windell Miller, and others, in Arts and Crafts.

## THE OSWALTS' RETURN FROM HAWAII

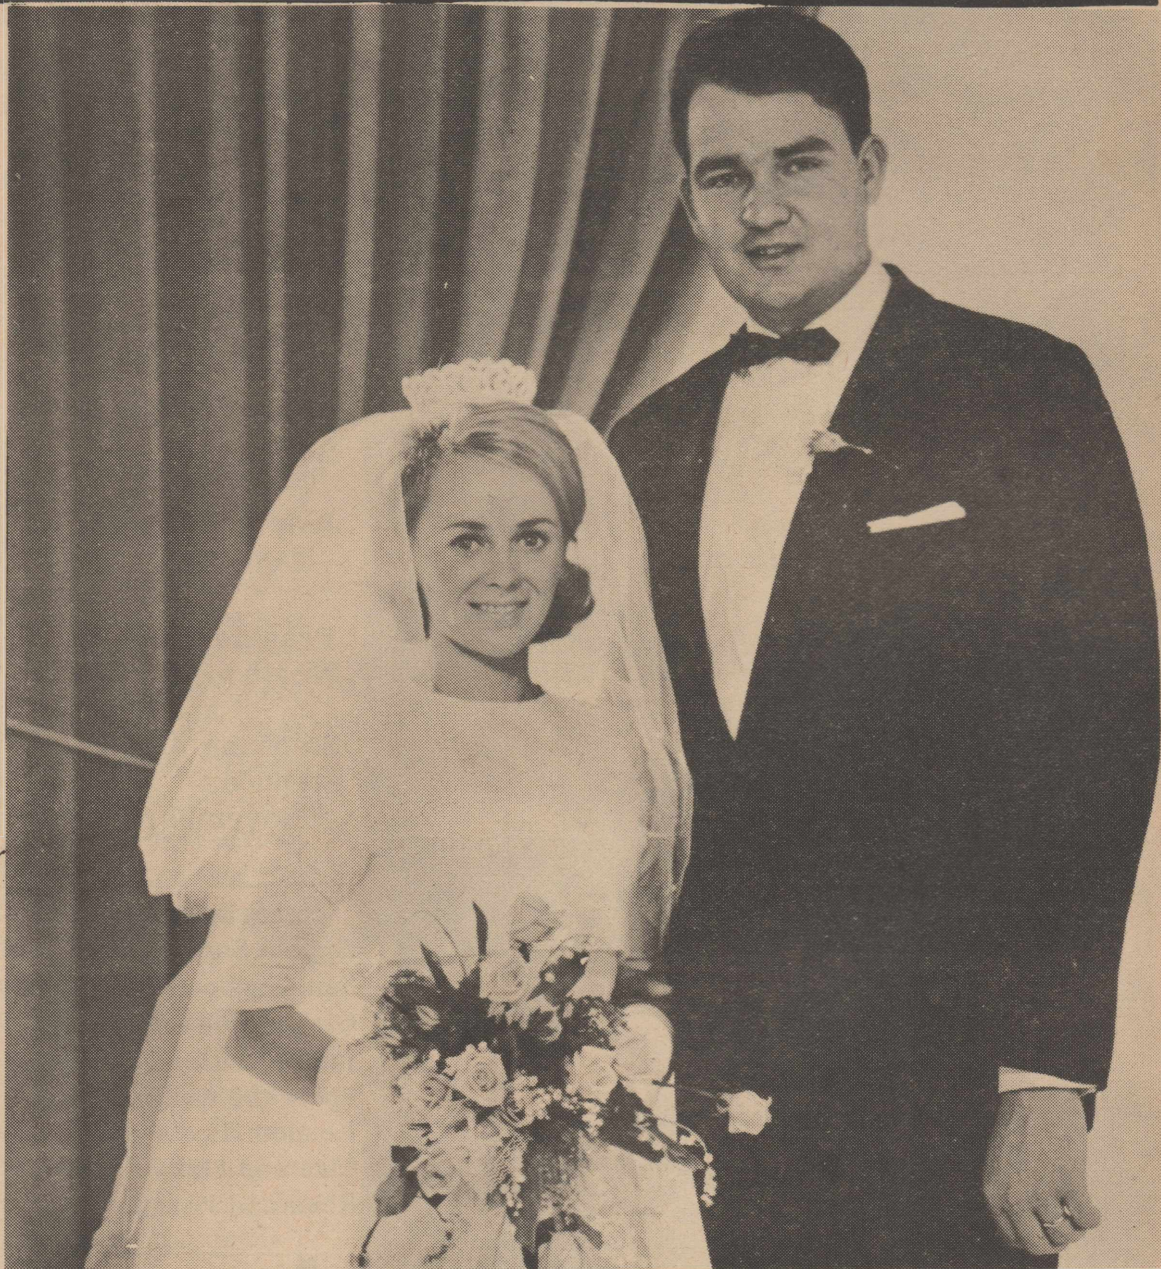

The W. R. (Bill) Oswalds have just returned from their vacation in Hawaii. They made two firsts on the trip itself. One was on a 250-passenger aircraft. Another was the first direct flight to Hilo from the mainland, which is on the big island. They were given the royal greetings and treatment that only Hawaiians know how to give. Their account of the way they were treated by natives, the beautiful flowers, and their pleasant stay delights anyone's heart that has ever visited the big island.

### SOUTH SEMINOLE BAPTIST CHURCH

The Adult I Department of the South Seminole Baptist Church rented the Junior High Gym Friday night. The group enjoyed playing volleyball and Saturday morning, bruised and limping, participants of the Friday night game were scattered throughout Seminole.

Championship was undecided--but it was unanimous that a most enjoyable time was had by all those attending.

MR. AND MRS. RONALD D. NORTON

## Wedding of Interest

Of interest to Seminole residents was the wedding of Miss Merete Aas and Ronald D. Norton. The wedding took place in Oslo, Norway, at the Haslum Church. Parents of the couple are Mr. and Mrs. Arnid Aas of Oslo, Norway, and Mr. and Mrs. B. C. Norton of Seminole.

Given in marriage by her father, the bride wore a formal gown of peau de soie. The semi-fitted princess gown had three-quarter length sleeves. Her illusion veil was attached to a tiara of seed pearls. The veil formed a cathedral length train. Pale pink roses and Bells of Ireland interspersed with delicate blue lace ribbons on a white Bible were carried by the bride.

Serving Mr. Norton as best man was Tormold Aas, brother of the bride.

Miss Sidsel Aschjm was maid of honor. Miss Aschjm wore a formal gown of black peau de soie with a bodice of sequins. She wore emerald green velvet gloves and carried a bouquet of pink roses. Lilya Hojer was the flower girl. She wore a white dress similar to the bride's.

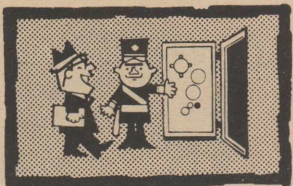

The bride's mother wore a formal gown of gold brocade. Her accessories were white.

Blue and white flowers were used in the church and also at the reception, which was held in the U. S. Embassy following the ceremony. In addition to the traditional wedding cake, a dinner was served to the guests. The dinner consisted of shrimp cocktail, Reindeer Steak, potatoes, asparagus, salad, gravy, ice cream, and cake. The wedding cake was a four-layer cream cake filled with fruit. The decorations included American and Norwegian flags. The couple had a short honeymoon in the mountains of Norway.

Mrs. Norton graduated from Oslo schools and attended college in her native Norway. Ronnie graduated from Seminole High School in 1961. He attended Baylor University and West Texas State University. He entered the service in 1964. He has been in Norway for the past year and served in Korea thirteen months prior to being stationed in Norway. The couple are at home in Oslo, Norway.

CARLSEN - SMITH

## Ring Vows Are Read

The Portlaurst Presbyterian Church, at San Francisco, California, was the scene of the marriage of Diane Pearl Carlsen to Arnold Douglas Smith of Seminole, Texas, on Saturday, October 14, 1967, at three o'clock in the afternoon.

The bride wore a traditional long empire gown of white satin with embroidered lace bodice. A pearl tiara was used to design the headpiece which held the bride's elbow length veil of silk-illusion. She carried a spray bouquet of white butterfly orchids and stephanotis.

Marilyn Carlsen Barham, the bride's sister, served as matron of honor. She wore a long gown of yellow crepe and gold brocade and carried a nosegay of yellow carnations.

Clarence Smith of San Diego, California, the groom's brother stood at the altar as best man. Ushering were Michael Barham, the groom's brother-in-law, and James Peardon.

Following a reception in the church social hall for all guests, was a family dinner at the bride's parents home. The newlyweds honeymooned at Guerneville on the Russian River. They will make their home at 935 Burnett Drive, San Francisco.

The bride is the daughter of Mr. and Mrs. Raymond A. Carlsen of San Francisco. A graduate of Abraham Lincoln High School and Automation Institute Business College, she is employed by Laurentide Finance Company.

The groom is the son of Mrs. Fae Smith of 402 S. W. 11th Street, Seminole. Arnold served with the U. S. Navy on the U. S. S. Agerholm. He attended Seminole High School before joining the Navy. He is presently employed by the Pacific Gas and Electric Company of San Francisco.

## YOUNG HOME - MAKERS MEET

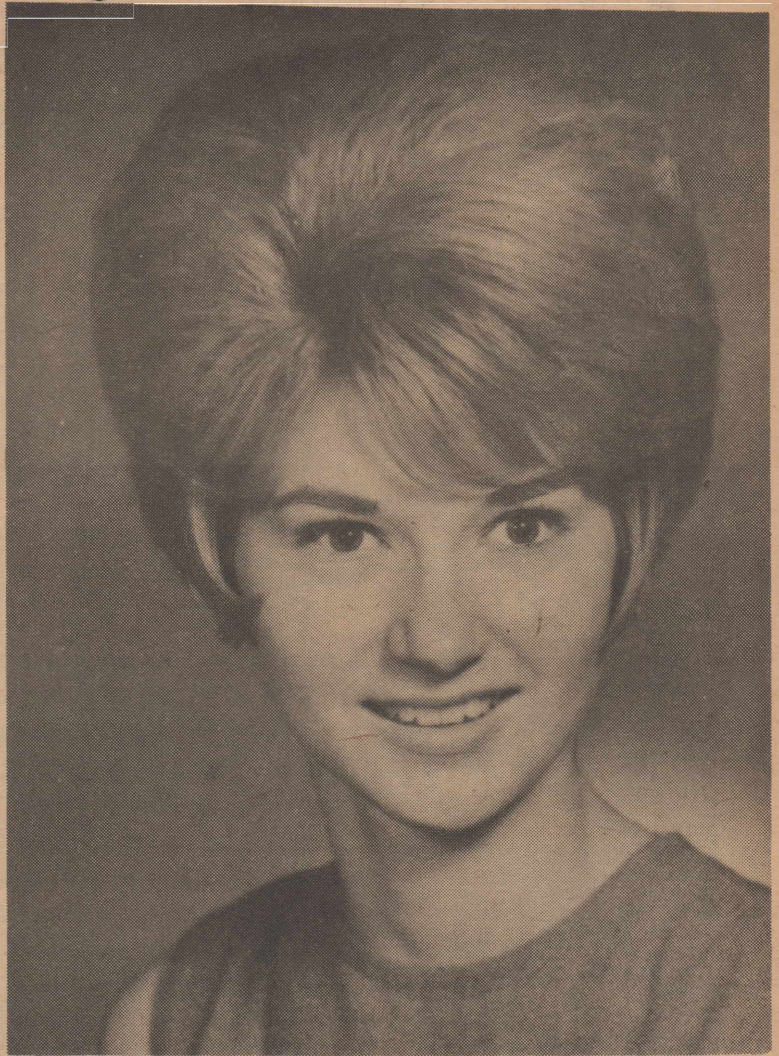

Seminole Young Homemakers met Thursday morning at 8:30 a. m. in the homemaking lab at Seminole High School for a workshop on candlemaking conducted by their adviser, Ellen Massengill.

Each made a "whipped" candle and added decorations making a centerpiece with a Christmas theme.

The group planned a garage sale for Thursday and Friday, November 10-11, in the garage of one of the members at 208 S. W. 17th. St.

A Christmas party is planned for December in the honor of the girl from Girlstown, U.S.A. near Whiteface, Texas, whom the chapter is sponsoring.

Mr. and Mrs. R. E. Huckbay of Lubbock spent the weekend with their mother and brother, Mrs. J. A. White and Mr. and Mrs. W. A. White.

MISS LUCIA BETH SALMON

## Wedding Plans

Mr. and Mrs. Wade L. Salmon announce the engagement and approaching marriage of their daughter, Lucia Beth, to Freddie Lee Waldrop, son of Mr. and Mrs. L. T. Waldrop. They plan to be married at the First Baptist Church, December 29, with Rev. Gene Hawkins officiating.

\* \* \*

\* \* \*

Rev. Gene Hawkins left Monday morning for Rapid City, South Dakota, where he will be assisting in the formation of a new Four State Baptist Convention.

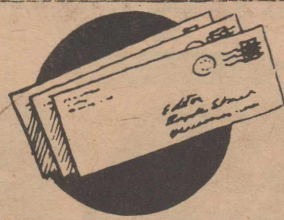

Mrs. Sonny Lane and Suzie of Level-land visited in the home of her son, Mr. and Mrs. Jack Lane and Larry, Sunday.

The altar of prayer can alter circumstances.

Dear Editor:

Congratulations for the fine front page article on the Seminole coaching staff. I'd personally like to see more of this. As a former Seminole teacher and co-worker with most of them, I feel that it is truly an understatement to say that the people of Seminole are very fortunate indeed to have coaches of the caliber, character and integrity that these men display.

Thanks for this article.  
Sincerely,  
A. W. Reaves.

## Letters to the Editor

Dear Sir:

Please send NEWS to my Box 564 instead of Gen. Del. Really enjoy receiving the NEWS each week.

We are enjoying living here in Del Rio, but miss our friends in Seminole. Oh, yes, the fishing here is great.

Thank you,  
Mrs. Kenneth  
Henson

Dear Editor:

Your article on the Texas Highway Department in the October 25 Seminole News has just been read, and I must thank you for this nice article. It was very factual and thorough, and I know that the employees of Gaines County appreciate your nice account of their activities, and I certainly appreciate your recognizing the value of the Department to the local economy and welfare of the area.

The Highway Department employees perform many other services that actually are not a part of their scheduled activity, such as fixing flats, taking gasoline to stranded motorists, and many, many other services as they are needed during the routine work day.

Again my sincere thanks for the very nice article.

Yours truly,  
O. L. Crain  
District Engineer  
District Five  
Texas Highway Dept.

## SEVENTH GRADE

The Seminole Seventh Grade won their sixth game by defeating Kermit by a very impressive 42 to 12 score. The game started out to be a tough contest but the fired-up Seminole team soon broke the game wide open. There were many stand-outs in the game. Mike Foster, Ron Bartley, Glenn Smith, and Doug Haskins did tremendous jobs on offense by opening gapping holes in Kermit's defensive line. This was one of those games where everything went right. All the players looked good. Donald Roberts did a fine job at quarterback while Burt Bennett did a real good job at sweeping the ends. Richard Mansell, who has just won a starting job in the backfield, did a fine job of going down the middle where the going is tough. Larry Bearden also did a fine job of running and a better job of blocking for everyone else's fine runs.

The second and third teams got plenty of playing time and did a fine job. They showed a lot of hustle.

Burt Bennett scored twice, breaking many tackles on each run. Both were on long yardage. Burt also almost ran a kickoff back all the way behind the blocks of his teammates. Donald Roberts scored once on a fakey quarterback keeper play around left end. Wesley O'Neil scored on a long pass play from Donald Roberts, and Mike Foster scored twice from his tailback position.

Richard Mansell was chosen as offensive headhunter, and Ron Bartley was chosen as defensive headhunter. Good hustle and good job, Seventh Grade!

Mrs. Sharp, P.E. teacher for seventh and eighth grade girls, says, "We're playing some touch football and getting ready for the game." Shown in the picture are Sherlyn Mayberry, Margaret Menjarez, and Ketecia Stracener, and others.

Leta King, Pam Farrar, Rosemary Gutierrez, and Edna Sample. The girls are practicing passing, running, and catching the football. They have just finished their volleyball.

Mrs. Sharp did not say so, but I know she is proud of the form of this quarterback as she gets ready to throw a 50-yard pass.

The younger generation quite often thinks that they have market on certain ideas. Around Seminole today, there are several sandbuggies. The old pictures this week were furnished by Arzie Kirk. His sandbuggy was built from a 1929 or 1930 Model "T". It had been shortened, and the drive shaft cut to 18 inches. "We also had balloon tires in our times. The ones on this car were 4 x 22 instead of 30 x 3 1/2." The picture was taken on the "old Kirk place" eight miles south of Seminole.

# "B" TEAM

The score was as sad as the weather Thursday night when the Cavemen from Carlsbad took on our B-Team. The Bees fell 32 - 14. Danny Whisenhunt, Ronnie Dunn, and Ricky Thornbury carried well on two sustained drives - - once when Whisenhunt kept for an end around and went in from twelve yards out to close the gap after Carlsbad had scored the first touchdown 8 - 6.

The plays went something like this: Dunn for six, Thornbury for 7, Dunn for 15, Whisenhunt for 15, Thornbury for 4, Dunn for 4, and Whisenhunt for the touchdown for a 64-yard drive.

Seminole scored late in the fourth quarter on pass play from Whisenhunt to Mike Walker. They made the two-point play but were far behind in final score 14 - 32.

Tommy Harrell looked real good on defense, making several good tackles, as did Charles Donohoe and Ray Hitch.

Donohoe, Barrett, Bell, and a few other brave souls brave the Thursday night blow as they watch the B-Team.

**HISTORY OF THE OLD WEST CAPTURED IN BARB WIRE**

The six-shooter, it is said, brought law and order to the West and Barb Wire tamed it. The earliest patent on Barb Wire was registered between 1850 and 1860; the latest in 1893. During these years probably between 250 to 300 kinds were made. These four are shown to give our readers an idea of how collectors identify the kinds of wire they find and trade for.

Wallace Powers, Andrews Highway, is one collector that has shared his story with the NEWS readers. "The best way to get interested in a collection is to find some old wire. I found 300 yards of single strand patented in 1888, in Kerrville, Texas, on my Uncle Charley Rogers' place. I was in business." A standard collector's length of wire is 18 inches. Gaines County is not a good place to find old wire because of the age of the county. Also, galvanized wire lasts longer because of its protective coat.

Wallace Powers has in his collection now 89 different kinds of wire--everything from Barb, Rowel, Twist, Square, Double Loop, Tack, Ribbon, Bent Staple, Spiral, Buffalo, and on and on.

There has never been a person that has been around Barb Wire for any length of time that could not appreciate it and at the same time hate it.

Wallace Powers is shown with his collection of Barb Wire.

**TWO  
WORLDS**

Here is an enduringly beautiful new collection of fine Living Room and Occasional Furniture from Fort Smith Chair Company — fittingly named "TWO WORLDS" because it blends the most attractive design features of Spanish/Mediterranean with the ever-popular Colonial influence.

Richly browned distressed Oak finishes contribute an inviting aura of warmth to the TWO WORLDS collection, while a wide selection of decorator-styled fabrics serves to accent its inherent beauty of design.
