"With malice toward none—With charity to all." Abraham Lincoln

Vol. III Page 1 No. 13 Pages 32 SEMINOLE, GAINES COUNTY, TEXAS 10¢ July 2, 1969

I like the country in which I live. I like the state in which I live and I especially like my hometown. My hometown is the size where generally everybody knows everybody else. Now, people who do not like to pay their bills and resent others knowing about their comings and their goings don't like my hometown.

It's relaxing for me to drive up to my house and see neighbors cutting the lawn, visiting from yard to yard and seeing the kids playing together peaceably (well, most of the time, peaceably). Our neighbors not only speak they drop over occasionally just to say hello. Our neighbors are the kind who put your dog up when he gets out and just plain enjoy being neighborly.

Two or three times each day I enjoy visiting the coffee shops, seeing friends meet and the pleasant atmosphere that exists. I know the coffee break lasts too long sometimes but this is one of the things that makes my hometown.

I've never understood how people worked together and fought and fussed all the time. They don't do that where I work. I like the people I work with. The people I work are fond of their husbands or their wives and look after their children.

Not many days ago I met some strangers moving into Seminole, gave them a traditional welcome and told them how much we liked our hometown. Their answer, "We've never seen such a friendly town. We've been here three days and already love it."

The people I go to church with do not approach perfection. I know of none of them who say they do. They remind me of myself - hence, I like the people I go to church with.

I like for the postman to come in and visit for a moment. My repairman's bills are high. Maybe one reason is because I like to visit with him. I like my druggist, my groceryman, my doctor and my banker. One of the big reasons I like my banker, groceryman, doctor, druggist, repairman, postman, and neighbors is because they like their hometown too.

I do not want anyone who does not like my hometown to move but I would like to have the opportunity to try to sell you on the town in which we all live.

Our hometown is the home of Peaches, Potatoes, Patches (oil) and Pretty Good People.

REUNION

EDITION

## Truck-Horse WRECK

The four men riding in this truck were very fortunate to escape injury when they turned over 1½ times after hitting and killing a horse.

Joe Martin, 200 SE 2nd St., said, "I was travelling toward town when these three horses suddenly showed up on the highway. I swerved and missed them and the truck hit them."

A 1969 2 ton Chevrolet truck owned by Cathodic Equipment & Rental, Midland, was traveling southeast 5.3 miles from Seminole on Telephone Road when they struck one of three horses, overturning 1½ times. The driver, 20 year old Jimmy Don Hamilton from Midland,

swerved trying to miss the horse when he ran off the left hand side of the road, flipping the truck.

Highway Patrolman Phil Upton estimated damage at \$2,000. Injured in the accident but not seriously were Steve Fisbeck, 18, and Joe Betterton, 29, both from Midland. The other passenger was John Alvarado Gonzales, Midland.

The truck was loaded with material which is used to protect the inside of pipes.

## James W. Kennedy Dies

James Walker Kennedy, well-known resident of Gaines County, died Monday morning at 7:10 a. m. in the Permian General Hospital in Andrews, Texas. He had been hospitalized since last Thursday and had undergone recent surgery in Houston. Death was attributed to a heart attack.

Services will be held at 3:00 p. m. today in the West Side Church of Christ in Seminole. Officiating will be Don Fleming. Burial will be in the Seminole Cemetery, directed by Seminole Memorial Funeral Home. See Page 2

A gaping hole in the mason building caused by the explosion at Fireball Irrigation, 703 S. Main.

At 9:29 p. m. last night an explosion rocked Seminole and the Seminole Volunteer Fire Department rushed to 703 S. Main, the building occupied by Fireball Irrigation Company. The complete building suffered severe damage when some sort of gas exploded, blowing out a portion of the rear wall and the south wall. Inside partitions were moved, causing extensive damage to the complete building.

Upon arrival the fire department found a bottle of acetylene gas on fire. Bill Barrett, fire marshall, pointed out that the bottle on fire had not been in use. However, the neck of the bottle was broken off.

He further estimated \$12,000 to \$15,000 damage.

No one was injured. What caused the fire to ignite is not known.

## Editorial!

On June 18 this paper had a news editorial concerning the Southwestern Appraisal Company and their appraisal of all lands and personal property in the county. The editorial pointed out that the above company had done appraisals in the following counties, Aransas, Castro, Limestone, Ward, Yoakum, Victoria, Tom Green and Jim Hogg; schools, Decatur, Groesbeck, Lamar Consolidated, Mart, Tom Ball, Hill-Daisetta, Lyndale, Kingsville, and Clyde; cities, Decatur, Addison, Lewisville and Kingsville.

Evidently the appraisal company is well equipped and well qualified for the type appraisal they are to do in Gaines County. Because of a law suit that exists today in Tom Green County the commissioners court of Gaines County and the school board are being asked in this editorial to please check on the following things.

1. Have as many classifications as necessary, if it takes 25, to classify every type land; 2. have the spread of land prices with plenty of range; (example: from \$1.00 an acre to \$250 per acre if necessary); 3. have appraisal company provide data to back up every classification; 4. produce in writing classifications, descriptions, and prices so that neighbors will not be unhappy with neighbors, ranchers will not be unhappy with farmers, farmers will not be unhappy with businessmen and all of them will not be mad at the commissioners court and the school board; and, 5. make public classifications, prices and valuations so that every tax payer might know.

The News has been advised if these steps are taken, placing the burden of proof upon the appraisal company instead of upon the school board or the commissioners court, that our problems in Gaines County and the school district will be cut to a near zero level.

The ranchers of Wall Independent School District, just south of San Angelo, have entered into a law suit (not against Southwestern Appraisal Company but against the school board) for relief under the new appraisal. Evidently the school board was not furnished with ENOUGH BACK-UP DATA to justify their explanation to ranchers concerning re-evaluation.

The News is of the opinion (1) that a re-evaluation is good, (2) that it is necessary; (3) that it will work out for the good of the school district and the county, if it is done properly and correctly.

Let us insist upon a job well done by the appraisal company then there will be no need of the commissioners court being called to question or an unpaid school board receiving unjust criticism.

MANY TIMES HAVE I SHED TEARS -- THERE HAVE BEEN TEARS OF JOY AND TEARS OF SADNESS. IT WAS 8:15 A.M. MONDAY MORNING WHEN FRANCES CALLED AND SAID, "JIM KENNEDY IS DEAD." A PART OF ME DIED. BEFORE I KNEW IT, TEARS DROPPED FROM MY CHEEKS. BIG JIM WAS DEAD! 62 YEARS OF AGE - 300 POUNDS OF SOLID HEART - A MAN OF SERVICE - A MAN'S MAN.

JIM KENNEDY HAD TIME - WHERE IT CAME FROM NO ONE KNEW. HE VISITED FRIENDS ACROSS THE UNITED STATES. HE LOVED HIS COUNTRY AND COULD TELL YOU ABOUT THE WEST COAST, COLORADO, NEW YORK, AND MEXICO. HE FISHED, HE HUNTED, BUT MOST OF ALL HE SERVED.

HE HAD SUCH A PROFOUND INTEREST IN EVERYTHING AND EVERYBODY. HE OWNED FARMS, BUSINESSES, AND WORKED FOR SHELL PIPE LINE. HE WAS ALWAYS A COMPANY MAN. HE LOVED TO DISCUSS THE OIL BUSINESS, DRILLING, LEASING, FARMING, CATTLE AND ON AND ON.

HE NOT ONLY KNEW SOMETHING ABOUT CATTLE BUT WAS A TOP HAND WHEN WORKING THEM.

HE WROTE RELIGIOUS SONGS AND LOVED THE CHURCH. HIS PEW WAS ALWAYS FILLED, SUNDAY MORNING - SUNDAY NIGHT AND IN-BETWEEN. HE COULD SING EVERY SONG IN THE BOOK AND KNEW EVERY PART.

HE PLANTED FRUIT TREES, SHADE TREES, FLOWERS, VEGETABLES AND ENJOYED MOST OF ALL DIVIDING THEM WITH FRIENDS.

JIM WOULD STOP ON HIS ROUNDS AND HELP FIX A WINDMILL, PUT UP A RANCHERS STOCK, OR LOAN YOU A GALLON OF GAS. HE NEVER SAW A STRANGER - AND NEVER REFUSED ONE IN NEED.

IN ABILENE, IN LOS ANGELES, IN HOUSTON, LOOP, AND NEW MEXICO, THE QUESTION WAS ASKED OF ME - "DO YOU KNOW A BIG MAN THAT LIVES IN SEMINOLE? MY ANSWER - "SURE, JIM KENNEDY." THEN YOU WERE TOLD WHAT A WONDERFUL MAN HE WAS.

NOT TOO LONG AGO JIM SAID TO ME, "ONE OF OUR LIFE-TIME AMBITIONS HAS BEEN REACHED - ALL EIGHT OF OUR CHILDREN HAVE AT LEAST ONE COLLEGE DEGREE, PLUS ANOTHER ONE WE HELPED RAISE." AND AGAIN, "WALTER, YOU WILL NEVER CATCH UP WITH ME HAVING GRANDCHILDREN. THEY ARE WONDERFUL TO HAVE."

JAMES W. KENNEDY COULD HAVE BEEN MANY THINGS, A DOCTOR, A FARMER, LAWYER, OR A GAMBLER. A FEW TIMES IN WHAT WAS AN EMBARRASSING SITUATION FOR OTHERS, I HAVE OBSERVED HIM WHEN HIS EXPRESSIONS NEVER CHANGED - FOUR ACES WOULD NOT HAVE FAZED HIM.

MOST OF ALL HE WAS MY FRIEND. JIM, PLEASE HOLD THE DOOR FOR ME.

Half-knowledge is worse than ignorance.

## FARMERS SHOULD REPORT CHANGES IN HIS FARM PLANS AND OPERATIONS TO ASCS OFFICE

Responsibility often rests with the farmer to notify his county Agricultural Stabilization and Conservation Service county office of changes in his farm plans and operations. This reminder came today from Chairman Troy Martin of the Gaines County ASCS Committee. "The County ASCS office needs to know, for instance, if your allotment crop is destroyed by weather and you plan to plant a different crop, if your practice under the Agricultural Conservation Programs will be delayed beyond the completion time, if you are in any of the programs administered by ASCS and you buy or sell or lease farmlands," said the ASCS Committee Chairman.

"Most farmers know they should notify the county ASCS office about such matters," he added, "but sometimes in the midst of a busy time they forget. And sometimes this can cause difficulties which could have been avoided."

He pointed out it is not usually necessary to visit the county ASCS office in person, "Often a phone call or a short letter is all that's necessary. Then, if the county ASCS Office people find more information is needed, they will let the farmer know."

"Of course, visitors to the ASCS Office are always welcome," he said. "Not only do we find it easier to keep the records straight for the farmer who comes in, but we also keep ourselves better informed about the entire agricultural picture."

The local ASCS Office is located at Seminole, Texas, in the County Courthouse, Room B-7.

Sandy Vickers, daughter of Mr. and Mrs. Whitey Vickers, stands holding gathered onions against a background of corn and other vegetables.

## KILL EVEN THE "SUPER" FLIES

It might be said that flies are flies. But there are strains of "super" flies that have developed an immunity to older insecticides.

**Purina Fly Baits**—(Dry Killer and Sugar Base) are highly effective against "super" flies as well as the ordinary kind. They contain two remarkable insect-killers that kill flies outright... plus "come-and-get-it" attractants that lure flies, then kill 'em in bunches.

**Purina Fly Bait**—(Dry Killer) is a dry, granular scatter-bait for use on rough surfaces. **Purina Fly Bait (Sugar Base)** is a finely granulated sugar scatter-bait well suited for use on wood flooring.

Control flies this summer with powerful, low cost, Purina Fly Bait (Dry Killer) or Purina Fly Bait (Sugar Base)—available at our store.

This picture in 1919 or 1920 has 3 outstanding features, (1) the girls in their high top shoes, (2) the 3 door model-T Ford, and (3) the railroad track in the background. The girls were Lou Mattie Stork, Chrystal Ansley, and Ethyl Stork.

When the Seminole News asked for pictures of Hackberry Grove there was no idea that there were such jewels available. That's Hackberry Grove in the background. The year was 1920 or 1921. In the foreground are five lovely lasses: Ethel Stark, Maybelle Page, Eunice Stark, Lois Revelle and Lou Mattie Stark. The Hackberry trees can be seen - also further groves on up the valley.

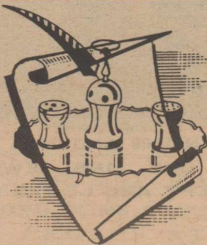

## WOMANLESS WEDDING

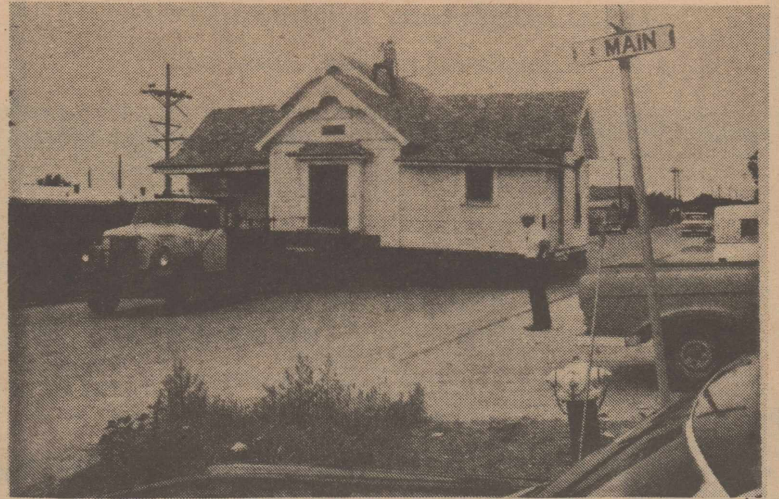

You men think you can have a Miss America Contest---us girls had a womanless wedding - And it was a success too. Here is the lineup: Mmes. F. D. Stark (Eunice); Foster Lindley (Foster, Jr.); Guy Stark; W. A. Cox; C. C. Cothes; Frank Britton; Mattie Stone; M. S. Doss; (Miss) Lois Morrow; Ed Rollins and Mrs. Halley. We know for sure that Mrs. W. A. Cox served as the preacher. (We're waiting for someone to volunteer for the bride and groom...) 1920 - 1924.

THE RESIDENCE OF SAM MALONE, "TOP" HURD, TOM ROSS, BERT ANCELL, AND OLAN LOCKER. THE HOUSE WAS LOCATED ON AVE. C AND 2ND, ST., S.W. ACROSS THE STREET FROM THE GAS OFFICE, BEHIND FOREST LUMBER COMPANY. THE HOUSE WAS 40' X 54'. THE CEILINGS WERE 9'. THE ORIGINAL PART OF THE HOUSE WAS 'BOX'. PART OF THE FLOORS ARE STILL PINE, OTHERS HAVE BEEN COVERED WITH OAK.

THE HOUSE IS APPROACHING MAIN STREET AS IT MAKES ITS TRIP TO THE LOCKER GIN.

## A LANDMARK GOES

Fifty-seven years ago Sam Malone's father gave his son and daughter-in-law a 5-room house that had just been moved from S. W. Ave. C and 2nd St. There were several outstanding features of the home; the trim on the gables, the window with a window seat, and a kitchen on the front. "Why, people just come from all over to see that bay window", said Mrs. Malone.

"The old Gaines County Hotel had just been built. The Boyds owned it. There was no Andrews then, no Hobbs, no Lovington and no Lamesa", so said Mrs. Sam Malone. "The house was a wedding present from Robert Malone. The Joe Dennis home, just south of there was owned by the W. S. Dunns, who were ranchers. I was Georgia Jenkins before I married. The Boyds were kin to the W. B. Austins. They had one girl and five boys."

"We all pitched in and built the first Presbyterian Church and everybody helped. Then, later on we all built the Methodist Church. Sam's brother was the first to be married in that building and Sam and I were the second couple to be married there. Then our oldest daughter was the last to be married in that building."

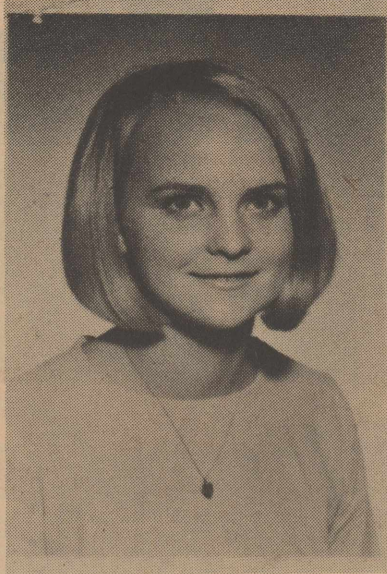

"In those days we didn't have any doctors, any hospitals or any nurses. The young people just helped take care of all the sick."

"We lived in the house three years and Sam decided to go to Simmons College in Abilene, to study. We moved here the last day of 1905 and drove about 200 head of cows down from near Lockney, Texas. We moved the cattle out near what is now Old Florey."

"A few people lived in town", Mrs. Malone went on to say, "but most of them had homesteaded and had to live on the land. The draw south of town was such a pretty place. The only trees in the county were there. We had the nicest times and nicest picnics there."

Bert Ancell bought the house in 1928. Pauline Ancell said that Howard Deen built onto the house as his first job when he came to Seminole. "We built onto the house twice," she said. The Ancell's bought the house from 'Top' Hurd. He was a cattle buyer and was in business with W. A. Cox, who was an insurance man here. 'Top' Hurd, I think, bought the house from Tom Ross.

MRS. WAYNE LEE MURRELL

## Vows Solemnized

Altar arrangements of fan-shaped white gladioli were flanked by brass candelabras for the formal background setting of the marriage of Miss Dayna D'Layne Lamm and Wayne Lee Murrell of Lubbock. Rev. James D. Caldwell officiated the double ring service at 8 p. m. June 28 in St. Paul's Presbyterian Church. Jade foliage arrangements completed the altar setting. Pews were marked with ribbons and jade foliage.

Mrs. Robert Kelsey played traditional wedding music on the organ and accompanied Mrs. Nojem Libson in selections of "Because" and "The Lord's Prayer."

Parents of the couple are Mr. and Mrs. Alvin H. Lamm, Jr., Odessa, and Mr. and Mrs. M. J. Murrell of Seminole.

The bride wore an exquisite formal empire gown of chantilly lace and silk organza when escorted to the altar by her father. The molded bodice of chantilly lace was designed with a sabrina neckline and net-lined lace sleeves tapering over the wrists. The empire waistline was accented with a bias band of organza above the A-line organza and lace skirt. The attached Watteau, topped with a lace bow, was formed of tiers of lace, edged with lace borders, flowing into a chapel train. Her tiered veil of multi-tiered silk illusion fell in bouffant fullness around a forward headpiece of lace brow petals, richly accented with bridal pearls, crystal beads and drops. She carried a bouquet of white butterfly roses, arranged on a white lace fan, surrounding the central white roses.

Miss Shyree Renee' Lamm, sister of the bride, was maid of honor, gowned in apricot floor length chiffon. The caged silhouette was designed with high scooped neckline, cap puffed sleeves and fern green velvet applique, edging the fitted bodice line. The draped Watteau flowed softly into a flared effect. Her head was adorned in an apricot chiffon forward headpiece of petals topped with dainty rolled chiffon roses. She wore white wrist length gloves and carried a bouquet of apricot gladioli arranged on fans.

Jim Powell of Luling, La., served his brother as best man. Ushers were Rodney and Ronald Propst of Lubbock, cousins of the bride, and Dick Morrison of Seminole. Candlelighters were Rickey Murrell, brother of the bride, and Jerry Brown, cousin of the bride, Seminole. Unrolling the aisle carpet were Tommy Spitzer of Lubbock and Bryan Mason of Seminole, both cousins of the bride.

Keni Scott of Seminole, cousin of the bride, was flower girl, dressed in an apricot floor length dress and veil identical to the maid of honor. Tye Lamm, Pecos, was ring bearer.

The reception was held in the fellowship hall of the church. The table was covered in a floor length cloth of apricot net and satin, trimmed in wedding greenery, and white flowers, made by Mrs. Ham Holman, aunt of the bride. The three-tiered white cake was separated between layers with columns and fan arrangements of apricot fresh flowers in the top. The cake was served with orange sherbet punch, floating apricot floral ice ring, nuts and mints. Misses Nancy Billups and Trevah Mason, of Seminole, registered guests at a table graced with a budvase holding apricot flowers. In the house-party were Mrs. Jeanette Scott, Seminole; Vicki McDermott, Lubbock; cousins of the bride; Mrs. Clyde Brown and Mrs. Ray Irvin, Seminole, great aunts of the bride; Mrs. C. H. Spitzer and Miss Sue Propst of Lubbock; Mrs. Ray Smith, Post; and Mrs. Ham Holman,

A few weeks ago readers were asked to share scenes in the draw just south of Seminole with the readers. Mr. R. W. Pittman (the Old Timer) is shown at a picnic in the draw.

The Hackberry Grove, in the first draw south of Seminole just west of the highway, numbers seventeen trees, from 10 to 12 inches in diameter, up to three feet. The well is between the fourth and fifth tree in the main line of five. (Old time Indian campground.)

"Yes!" Mrs. C. T. Wescott said, "we used the Hackberry Grove for picnics, I remember making a senior trip down there for a senior picnic, and some couples used it as a 'sparking place.'" "The picture shown here was probably a Fourth of July picnic, the year, 1935." Those shown, starting on the right are Granny Lamb, Mrs. Bob Wright, Mrs. C. T. Wescott and daughter, Dorothy, Mrs. Allen (Jean Allen's mother), Mrs. Fred Mock and baby, Mrs. C. H. Wescott, Mrs. I. E. Dodd, and Mrs. Willie Crapps.

While backing out of their parking places when leaving church Sunday, they backed into each other ---If I don't go to town, I never see my neighbors. **MEDICARE PROGRAM CELEBRATES THIRD BIRTHDAY JUNE 29TH**

As the nation's Medicare program celebrates its third birthday on June 29th, Medicare has covered 1,008,600 hospital stays of elderly people in Texas. And there were more than 56,800 admissions for posthospital extended care. Older people have also received visits in their own homes from visiting nurses, physical therapists, and other health care specialists, paid for by Medicare.

Payments under the hospital insurance program in Texas totaled \$485,033,000 for the 3-year period, and a total of \$193,707,000 has been paid under the medical insurance program. The success of the program can be shown statistically, but the real proof of what is meant to the personal lives of elderly people here in the Seminole area and the country over cannot be measured with statistics. Because of Medicare, many thousands of older people who might have put off or gone without care have been able to afford treatment. Millions have the peace of mind that comes from knowing that an illness will not eat up a lifetime's savings or make it necessary to call upon their children for help in paying medical bills.

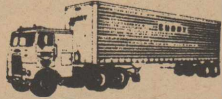

Generally speaking, Medicare claims have been filed properly and processed timely. However, we know that an individual may need assistance in filing Medicare claims. To improve our services in the payment of claims, we have given broad publicity to our desire to assist in filing claims or to discuss any phase of the payment procedure. Please continue making referrals to us. We will telephone or make personal contacts to assist in every way possible.

B. Airhart, Coach.

You have seen the football team representing Seminole in 1935. They played eleven strong. Seminole also had eleven on their faculty that year. Dewey Davis, Superintendent; Winifred Halley, English; Louise Campbell, Seventh Grade; Ura Merrick, Second Grade; Eddie Lynn Howell, First Grade; Fay Singleton, Fourth Grade; Ouida Middleton, History and English; Ruth Barton, Fifth Grade; Doll Birdwell, Sixth Grade; Louise Brock, Third Grade; and Andrew Jenkins, Math.

In 1931 Seminole had the one building that is presently the Junior High School Building, which has been added onto since then. The school was served by four busses which carried between 100 - 125 students. Eighty-five thousand dollars worth of bonds were voted and not nearly all of it was spent to build this building. One trustee said, "Seminole will never need to build another school building."

As the buildings grew, so have the busses and the bus routes. Today the school system owns twenty-five busses and runs fifteen routes. They drive between 1500-1600 miles a day or an average of about 100 miles per route. They travel approxi- mately 275, 000 miles per year. Six hundred and four students make up the passengers on the fifteen routes.

Of the twenty-five busses, two are 1957; three are 1967; the balance were bought in 1958, 1959, and 1960.

The Seminole Volunteer Fire Department was called out at 6 p.m. Tuesday to the home of Bessie Sample, 308 SW 11th. Faulty wiring behind the stove and ironing board well apparently started the fire. Smoke damage was extensive. Water damage was held to a minimum as shown in the picture as firemen used little water to extinguish the flames.

LT. AND MRS. JAMES R. KEYES

## Couple Says Vows

In an impressive double ring ceremony, Miss Leah R. Hogan, Wilmington, Illinois, became the bride of Lieutenant James R. Keyes, Joliet, Illinois, June 14, 1969 at 2 p. m. in the Church of Christ, 206th and Crawford Ave., Matteson, Illinois. Mr. Jesse Clayton read the wedding vows. The front of the auditorium was flanked with 3 vases of red carnations and white mums.

Traditional wedding music was presented by a choir.

Parents of the couple are Mr. and Mrs. Claude Hogan, Sr., 1212 North Joliet St., Wilmington and Mr. and Mrs. V. N. Keyes, 509 SW 19th St.

The radiant bride entering with her father was gowned in a toe-touching gown of white imported organza and Chantilly lace. The gown featured a high, scalloped neckline, elbow-length sleeves and a fitted basque bodice that continued into the bell-shaped skirt with a chapel-length train. Her triple-tiered imported silk illusion veiling was worn shoulder length and held by face encircling lace petals with an organza bow. She carried a bouquet of white gardenias with lemon leaves.

Mrs. John McNamara, sister of the bride, was matron of honor. She was attired in a navy and white linen gown overscored with red embroidery, styled similarly to the bride's gown. She carried a colonial bouquet of red carnations.

Cecil Parker of Lubbock and friend of the groom, served as best man. Tom Keyes, brother of the groom, and Dan Hogan, brother of the bride were ushers.

The bride's mother was attired in a turquoise silk shantung coat and dress ensemble appliqued in matching lace with color-cued accessories. The bridegroom's mother chose a blue dacron knit dress with matching hat and white accessories. Both mothers wore white cymbidium orchids.

Immediately following the ceremony a reception was held in the church hall. The houseparty was composed of Mrs. Claude Hogan, Jr., Miss Jo Ann Keyes, Miss Linda Caldwell and Mrs. Cecil Parker.

A buffet supper was served to the immediate families and out-of-state guests at the home of the bride's parents immediately following the reception.

For her wedding trip, the bride designed a lime green knit dress styled with an A-line skirt, long sleeves and high mandarin collar, complemented with a floral sleeveless coat of red-green - purple design and matching pillbox hat complimented with black reptile accessories.

A graduate of Wilmington High School and Humboldt Institute, Minneapolis, Minnesota, the bride is employed by Ammunition Procurement and Supply Agency, Joliet, Illinois. The bridegroom is a graduate of Seminole High School and Abilene Christian College. He is completing a three year tour of duty with the U. S. Army and is presently stationed at Joliet Army Ammunition Plant, Joliet, Illinois.

Lt. and Mrs. Keyes will be at home in Lubbock after August 1, where he will be employed by Lubbock Independent School System as math instructor and coach.

The rehearsal dinner was hosted by the bridegroom's parents June 12 at Brun's Restaurant in New Lenox, Illinois.

## Shower Honors Bride-Elect

Miss Suzanne Sparks, bride-elect, was honored with an evening display shower, Thursday, June 26, in the Seminole State Bank Party Room.

Miss Sparks and David Ben Fortson will be married July 26 in the Avenue B Church of Christ. Parents of the bride-elect are Mr. and Mrs. Joy Howell and the groom-to-be is the son of Mr. and Mrs. J. E. Fortson, Big Spring.

The serving table was laid in white linen, centered with a recipe tree. Refreshments included punch, mints, nuts and heart shaped cookies tied with a ribbon. The bride-elect's colors of aqua and white were used in decor. Crystal and silver appointments were used.

Special guests were Mrs. Howell, Mrs. Fortson and Mrs. G. A. Brasfield, Miss Sparks' grandmother.

Hostesses were Mes. Marguerite Marcus, Ina Yates, Janie Johnson, Dale Willett, Coleman Henson, R. G. Moretz, W. E. Cox, Jr., Charles M. Shelton, James Clark, Jimmy Baker and Miss Jean Flippin.

### BIBLE CONFERENCE SET

A Bible Conference is set for July 14 through 18 at South Seminole Baptist Church at 8 p.m. each evening.

Speakers for the event will be Arnold Fruchtenbaum of Dallas and Glenn Reece, pastor of First Baptist Church of Sundown.

Mr. Fruchtenbaum was born in Sieberia, Russia and came to the United States in 1951. He received orthodox Jewish training as a child and was won to Christ in 1957.

A graduate of Cedarville College, he has studied Hebrew, archeology and ancient history at the Hebrew University in Jerusalem and received his M.A. degree. He was in Jerusalem during the historic Six-day War between Israel and the Arab nations. His observations of this period and a thorough study of the Bible have led to his being considered an expert on interpreting current events in the light of these matters.

Mr. Fruchtenbaum will be speaking on the topic, "The Jew and Prophecy"

Glenn Reece will speak each night on the Holy Spirit. He is a graduate of Sul Ross State College and has pastored churches in Penwell, Marfa and Imperial, Texas.

MR. W.B. EUBANKS WAS THE DRILLER OF THE FIRST IRRIGATION WELL IN GAINES COUNTY, TEXAS, AND IS THE MAN IN THE LEFT FOREGROUND. BEHIND HIM ON THE LEFT IS THOUGHT TO BE GRANDMA EUBANKS. THE THREE YOUNGER MEN SHOWN ARE PROBABLY THREE OF THE FOUR EUBANKS SONS, CHARLIE, WELLS, BEN OR BERT. THE MAN STANDING BEHIND THE OLD FAIRBANKS MOTOR IS JOHN B. KING (HE CHEWED TOBACCO AND WAS ALWAYS RUNNING OUT).

NOTICE UNDER THE DISCHARGE PIPE IS A PIECE OF AN OLD WAGON, THE CROSS BOW THAT THE WAGON BED SET DOWN IN. IT'S TURNED UPSIDE-DOWN.

IN 1908-1910 THE FIRST IRRIGATION WELL WAS DRILLED IN GAINES COUNTY, TEXAS. THE WELL WAS LOCATED ABOUT TWENTY MILES SOUTH-WEST OF SEMINOLE. IT WAS DRILLED BY W.B. EUBANKS AND HIS FOUR SONS. THE PIPE OF WATER WAS THREE INCHES IN SIZE. THE WELL WAS DRILLED ABOUT 3'X4' WIDE AT THE TOP AND WAS HAND-DUG DOWN ABOUT 10-20 FEET AND MACHINE-DUG SOME DEEPER. THE WELL WAS DRILLED BY HORSE-POWERED DRILL AND THE HORSE WENT ROUND AND ROUND LIKE ON AN OLD HAY-BALER OR A STUMP-PULLER. THE WATER WAS USED TO WATER VEGETABLES BUT DID NOT PROVE TOO SUCCESSFUL.

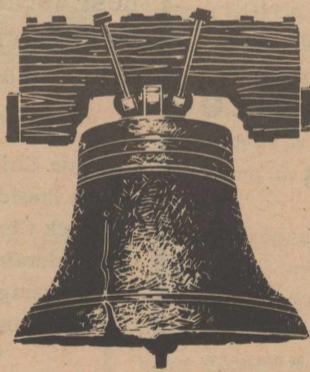

THE BELT-DRIVE FROM THE GASOLINE MOTOR TURNED THE OPEN SHAFT THAT DROVE THE CENTRIFUGAL PUMP, LIFTING THE WATER.

SOME PEOPLE SEEM TO THINK THIS WAS THE OLD WARD WELL BUT IT SAT BELOW HACKBERRY GROVE IN THE DRAW SOUTH OF SEMINOLE.

# HOG KILLING TIME

Courtesy of:

*Seminole Service  
Co., Inc.*

SINCE THE WEATHER TURNED COOL BACK IN NOVEMBER, THIS NEWSPAPER HAS BEEN LOOKING FOR A PICTURE OF HOG KILLING TIME. THIS IS IT AND WHAT A HOG! TOM FINCHER IS SHOWN IN THE PICTURE WITH THE HOG, THE YEAR WAS 1937. IT TOOK A STRONG WINDMILL TO HOLD UP THIS 700 POUND HOG. NOTICE THE BLOCK AND TACKLE THAT HAS BEEN USED TO RAISE THE HOG, ALSO THE SINGLETREE THAT WAS USED TO LIFT HIM WITH. THE HOOKS ON THE SINGLETREE HOOKED INTO THE TENDON RIGHT ABOVE THE HOG'S FEET. CLAUDE FINCHER (TOM'S SON) BOUGHT THE HOG FROM BARNEY ELAM IN 1937.

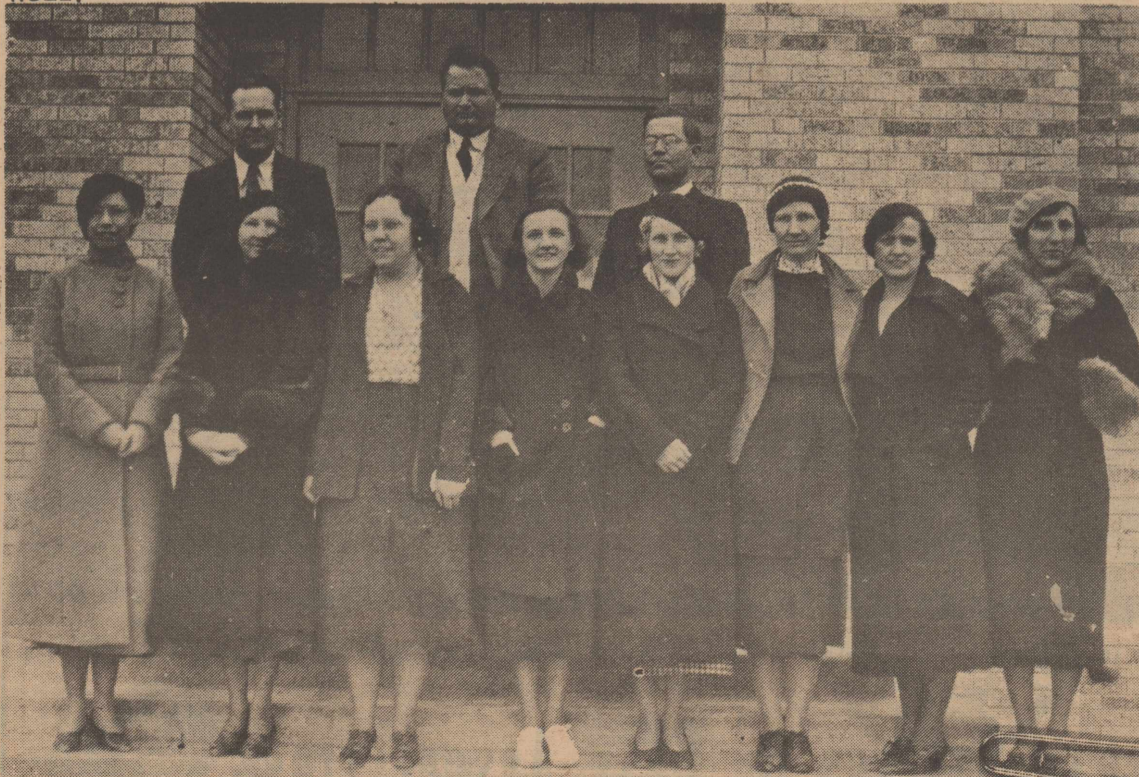

WHAT DID THEY DO WITH A HOG THIS BIG? NO DOUBT, MANY GALLONS OF LARD WERE RENDERED. (FOR SOME OF YOU PEOPLE WHO CANNOT REMEMBER THE 1930'S, CRISCO AND OTHER COOKING FATS WERE UNAVAILABLE.) THE BIG THING WAS MONEY.

MANY BOYS ON THE FARM WERE TAUGHT JUST HOW HOT TO GET THE WATER IN THE BARREL, HOW MANY ASHES TO PUT IN IT TO MAKE THE HAIR SLIP ON THE HOG. (HOW MANY OF YOU EVER HAD TO SHAVE A HOG?) ON A HUGE HOG SUCH AS THE ONE SHOWN HERE, TOW SACKS OR CROAKER SACKS WERE LAID OVER THEM TO HELP HOLD THE HEAT AND NEARLY BOILING WATER WAS Poured OVER THEM SO THE HAIR WOULD SLIP LOOSE.

THE HAMS PROBABLY WEIGHED 85-100 POUNDS AND THE HEAD A LIKE AMOUNT, THAT WOULD MAKE A LOT OF HOG'S HEAD SAUCE.

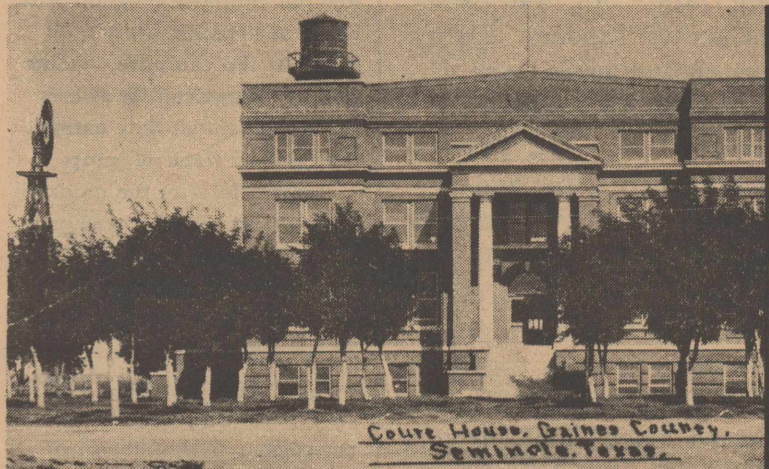

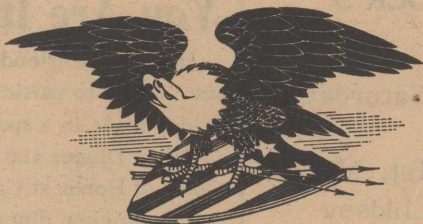

OTHER FINCHER SONS ARE LLOYD AND ARVIL. NOTICE IN MR. FINCHER'S HAND HE HAS A HUGE BUTCHER KNIFE AND IS GETTING READY TO GUT THE HOG. THIS WAS A GOOD TIME OF THE YEAR AND FRESH MEAT WAS USUALLY A PREMIUM, WHICH MADE HOG KILLING TIME A PLEASURE.

IT MUST HAVE BEEN SOME CHORE TO REMOVE THE KNUCKLE-BONES AND PUT THE SALT, PEPPER, SUGAR AND OTHER PRESERVATIVES ON THE HAMS AND SHOULDERS. FRESH BACKBONE AND FRESH SAUSAGES JUST COULD NOT BE BEAT.
