

My brother, Paul, measured 43" in the shoulders, 29" in the waist, stretched to be 6' tall, looked just like Tyrone Power, and was much of a man. He fought like a tiger, worked like an elephant, was strong as a bull and smart like a fox.

He fought my borthers, whipped my brothers, disliked his kin, and trained our live-stock. He was the one who played football with the rabbit and broke his hand, hitting the cow and stuck his fist through the door. "I can break that cow from kicking - let me milk her from now on." Now, if anybody could keep 'Ole Sinclair' from kicking my brother Paul could. He fed her extra, he petted her, and he talked kind to her. She would not respond. He got kicked every few days. He beat her. She kicked much harder. He got desperate. He hit on a plan.

"What's the rope for, hanging from the rafter?" "I'm going to break 'Ole Sinclair' from kicking." "Yeh", I said. But it got more interesting as he lifted the kicking foot up behind her and tied it securely. (No, he did not lift it up by her side but stretched it out behind her.) All smiles was my brother as the milk began to hit the bottom of the bucket, psst - psst - psst - psst. In rhythmic squeezes he milked 'old Sinclair'. She twisted and she squirmed to no avail. --- "Ah, I knew I could do it", he said. He had to tell everyone about his success.

The next milking came. The rope was still hanging. Up went the foot. The milking started on Sinclair. Then there was a terrible racket. --- "Help, help!" Paul yelled.

I hurried to help him. Sinclair had jumped high in the air, tried to kick him with the other foot, over balanced on the the leg tied up and fell into his lap. "Untie her foot, untie her foot - so she can get up." I untied her foot. She got up quickly - and then kicked him real good. --- What hurt most was his pride and feelings. See Woodenfoote page 9

They Keep The Records

Keeping the records straight for Gaines County are: Acting County Clerk - Iva Dumas; Marguerite Bennett, deputy; Alice Teston, summer help; and Jo Gatewood, summer help. Not shown are Doris Welch, who was on vacation, and Carrie Kuykendall, who was ill.

SCOUTS DAY CAMP

The Girl Scouts in Day Camp last week spent the night Friday in the Gaines County Park and did their own cooking. On the menu - Sloppy Joes, banana boats, (split - filled with chocolate chips and marshmallows, wrapped up in foil and cooked over a fire) and home-made ice cream. The 12, 13 and 14 year old girls had Mrs. Sid Johnson for a leader. (The News photographer was on a diet. Too-oo bad!)

First Load Of Milo

You would be all smiles too if you were Ray Russell, on the left, and you got a \$100 bonus for the first load of grain. In the center is Bill Bond, manager for Christian Grain, showing his pleasure for having the first load. On the right is R. T. "T-Bone" Foreman, an employee of Christian Grain.

The load weighed 18, 220 pounds, was grown 14 miles northwest of Seminole or 5 miles north of the elevator on 5 acres of land. Mr. Russell said he had 192 acres this year and had planted Northrup-King 222 seed. The load arrived at the elevator at 11:35 A.M. last Thursday. Its moisture control was only 11.49. Grain with this low moisture is so unusual this time of the year.

EDITORIAL

DEAR SIR: ONE OF THE MOST COMMON PHRASES HEARD IN OUR SOCIETY AND OUR CITY TODAY IS "POLICE BRUTALITY". PERHAPS I DON'T UNDERSTAND THE MEANING, BUT I WOULD LIKE TO GIVE YOU ONE MOTHER'S VIEWPOINT ON THE SUBJECT.

TO BEGIN, I SHOULD FIRST TELL YOU THAT I HAVE TWO TEENAGE SONS, AND BEING A MOTHER I CANNOT HELP BUT WANT THE VERY BEST OF EVERYTHING FOR THEM. I AM A "TYPICAL MOTHER" IN THAT I DON'T WANT TO SEE THEM HURT BY ANYONE. I AM NOT A TYPICAL MOTHER, FOR I SEE THINGS MANY MOTHERS NEVER HEAR OF, MUCH LESS BECOME INVOLVED IN, BECAUSE MY HUSBAND IS A MINISTER AND WE SEE THE VERY BEST AND THE SORDID WORST. I WOULD LIKE YOU TO BE BRUTAL WITH MY SONS. IS THAT A SURPRISE?

IF YOU FIND THEM SPEEDING IN A CAR, PLEASE BE BRUTAL! I HAVE SAT AT THE HOSPITAL HOLDING A GRIEVING MOTHER'S HAND BECAUSE OF SOMEONE'S MISTAKE. THAT WAS BRUTAL. I HAVE GONE WITH MY HUSBAND TO TELL A WIFE HER HUSBAND WAS KILLED. THAT WAS BRUTAL. I HAVE HELPED NURSE A BEAUTIFUL TEENAGE GIRL CRIPPLED IN A WRECK. THAT WAS BRUTAL. I HAVE PLAYED ORGAN MUSIC AT THE FUNERAL SERVICES FOR BABIES, TEENAGERS AND ADULTS BECAUSE SOMEONE DROVE TOO FAST, THAT WAS BRUTAL.

IF YOU SHOULD CATCH MY UNDERAGE SONS WITH LIQUOR IN THEIR POSSESSION, PLEASE BE BRUTAL! I HAVE SAT ALL NIGHT BY MY HUSBAND'S SIDE TRYING TO HELP PIECE TOGETHER TWO UNDER-AGE YOUNG MEN'S LIVES, BOTH BROKEN BY DRINKING. THAT WAS BRUTAL. I HAVE HELPED FEED HUNGRY CHILDREN BECAUSE DRUNKEN FATHER DIDN'T COME HOME. THAT WAS BRUTAL. I HAVE TRIED TO CONSOLE A MOTHER WHOSE DAUGHTER WAS KILLED AFTER BEING STRUCK BY A DRUNKEN DRIVER. THAT WAS BRUTAL.

IF YOU SHOULD FIND MY SONS WITH DRUGS IN THEIR POSSESSION, PLEASE BE BRUTAL! I HAVE TRIED TO HELP REHABILITATE A WOMAN JUST OUT OF PRISON FOR SHOOTING HER HUSBAND WHILE SHE WAS DRUGGED. I HAVE SEEN A HANDSOME YOUNG MAN TURNED INTO AN OLD, UGLY ONE BECAUSE OF DRUGS. THAT WAS BRUTAL. I HAVE SEEN A YOUNG MOTHER, WHO WAS ADDICTED TO A DRUG, SCREAM AND RAVE FOR LACK OF A "FIX". THAT WAS BRUTAL.

Burl Barron, ranch manager for the Higginbotham Cattle Company is shown here with a portion of the tremendous root system of a small mesquite. This root system enables the pesky invader to be a notorious user of water.

The Higginbotham Cattle Company has started a range war with mesquite, according to Charles Mickelson of the Soil Conservation Service. Mickelson stated that grubbing operations are underway which should clear about 3,000 acres of rangeland from mesquite this year.

Burl Barron, ranch manager, has been supervising the work that is underway. Barron was quick to point out that it makes a big difference in the appearance of the pasture and the accessibility once the mesquite has been removed. One of the pastures which has been cleared is used to pasture registered Angus cattle. Barron stated that he no longer will have to hunt for the cattle in the mesquite since it is now open. This is one of the advantages of the practice. Cattle can be located quickly making round-up much easier. This can save valuable time and reduce death loss as well. Young calves or sick livestock are more apt to be found on open rangeland than when brush such as mesquite hides them.

"Saving water and growing more grass is of course the primary aim of any brush control program," stated the conservationist. Mickelson added that brush is the number one problem on Texas grassland with mesquite being the most widely spread "pest" plant in the state. Over 88 million acres of Texas grassland are infested with one or more low value or worthless woody plant. Fifty percent of this acreage are so densely covered that grass is suppressed to the point that little improvement in the condition of the range can be made without reducing the competition from the brush.

Brush not only robs water which should be growing grass, but also occupies space which should be growing grass. Mickelson stated that all Texans are quick to realize that water and land are two of the state's most valuable resources. Resources which must be used efficiently to provide for continued growth and prosperity.

It was also pointed out that landowners and operators can utilize government cost share assistance for conservation practices such as brush control. This assistance is available through the Great Plains Conservation Program which can also include other needed practices in a sound program of soil and water conservation.

If you want to succeed in life, you must learn that you are not going to have your way all the time, and you must learn that things in life have to be paid for. Folly is the highest in price.

TEXAS FARM BUREAU ASKS FOR INVESTIGATION

The Texas Farm Bureau has asked for an investigation "to determine why the International Wheat Trade Convention has been such a failure" and also to find a way for the United States to withdraw from this treaty.

In a letter to Senator J. W. Fulbright (D., Ark.), chairman of the Senate Foreign Relations Committee to make those determinations.

"When France sells wheat to Taiwan at a delivered price equal to 99 cents a bushel--and this is just one glaring example--decisive action is imperative to prevent further abuses of the International Grains Agreement and to correct inequities which are contributing to total disruption of our traditional world grain markets," Dean told the Senator from Arkansas. France is one of the signatories to the international commodity agreement.

"Obviously, the first-year record of the IGA proves beyond any doubt that only the United States feels bound by terms of the Agreement," Dean asserted, "While other grain-exporting nations are pirating our export markets one after the other."

Dean charged that loss of export markets for wheat is reflected directly in 1969 prices to Texas wheat producers. Prices during harvest season were from \$1.12 to \$1.32 per bushel, lowest since the 1930's.

Wheat exports declined 29.7 percent in the past year, while wheat carryover climbed by 47.3 percent. The USDA announced Monday that it had cut wheat acreage allotments for the 1970 crop by 12 percent.

The Farm Bureau is backing a farm program, recently introduced in Congress, which would phase out acreage controls, marketing quotas and payments on wheat as well as cotton and feed grains. The Farm Bureau contends that market prices of government controlled crops continue to set record low levels, while uncontrolled crops and livestock continue to make new gains.

PREPARATIONS FOR NEW SCHOOL YEAR UNDERWAY

By John Thompson

Preparations for the new school year get underway with pre-registration for children in the first six grades Thursday. Senior high students register Thursday and Friday with seniors and juniors on Thursday and sophomores and freshmen on Friday. No pre-registration will be conducted for junior high pupils except for those new to the system, who will meet at 9:00 a. m. in the junior high library on Wednesday, August 27.

The first day of school will be Tuesday, September 2, and this will be a full day of school with buses running at the regular time and the cafeteria open. If a parent has moved into an area which was not on a bus route last year, he should telephone Director of Curriculum and Special Services, John D. Thompson, at the school administration building and report this. Otherwise buses will run the same routes they were traveling at the end of school last May.

All teaching positions are filled and the local system will open with twenty new faces in the classrooms, according to Superintendent James Bramlett. First scheduled staff meeting is set for Wednesday, August 27, at 9:00 a. m. in the high school library for these new teachers. All teachers will attend a general staff meeting at 9:00 a. m. on Thursday, August 28 in the high school auditorium. Friday will also be a workshop day with teachers meeting in their respective buildings.

As sorry as the Look magazine has been of late and as much as they've run down the military and given extended space to long-haired nothings I would like to discuss an article of August 12, 1969 on crayfish. You can call them crawfish, little fresh water lobster or crayfish. Call them whatever you want to, but they're still good to eat.

If you're one of those nice readers who turned up your nose or had some caustic things to say to this writer I quote, "If you're a seeker of good things to eat be on the look for crayfish. Your prime target is the sweet and tender tail meat with its lobster-like flavor." The article goes on to say how the Scandinavians fix it, how they fix it in Greenbay, Wisconsin, how local Polish families eat it and how to season it in the Cajun country. The article says how you can have dilled crayfish - crayfish etouffee. (Among other things in the recipe are ½ cup chopped onion, 1½ tablespoon minced garlic, ¼ cup sliced scallions, olive oil and Italian plum tomatoes with paste.) Also they tell how to eat them raw. I like them better the way I cooked them on the creek.

IF YOU FIND MY SONS COMMITTING ANY KIND OF IMMORAL ACT OR CARRYING ANY PORNO-GRAPHIC MATERIALS, "PLEASE BE BRUTAL". I HAVE LISTENED TO THE SAD CRY OF A YOUNG GIRL WHO WAS PREGNANT BUT NOT MARRIED. THAT WAS BRUTAL. I HAVE BEEN PRESENT WHEN A BOY AND GIRL BROKE THE NEWS TO THEIR PARENTS THAT THEY HAD TO MARRY. THAT WAS BRUTAL. I HAVE TRIED TO COMFORT A MOTHER WHOSE BEAUTIFUL DAUGHTER WAS CRIMINALLY RAPED. THAT WAS BRUTAL.

IF YOU EVER SEE MY SONS TAKING SOMETHING THAT ISN'T THEIRS OR WILLFULLY DESTROYING PROPERTY, "PLEASE BE BRUTAL". I HAVE WALKED INTO A HUSHED, SACRED CHURCH THAT WAS STRIPPED OF EVERYTHING THAT COULD BE SOLD. THAT WAS BRUTAL. I HAVE SEEN A LOVELY, EXPENSIVE HOME AND YARD COMPLETELY TORN UP BY VANDALS. THAT WAS BRUTAL. I HAVE WIPED A LITTLE BOY'S TEARS AND HELPED HIM HUNT FOR HIS STOLEN BICYCLE. THAT WAS BRUTAL.

IF YOU SHOULD EVER CATCH MY SONS DOING ANYTHING ILLEGAL, PLEASE BE BRUTAL! I HAVE COME TO REALIZE THAT YOUR KIND OF "BRUTALITY" CANNOT IN ANY WAY COMPARE WITH THE BRUTALITY THAT COMES FROM BREAKING OUR LAWS. MY HUSBAND AND I HAVE TRIED TO TEACH OUR SONS THAT THEIR RIGHTS END WHERE SOMEONE ELSE'S BEGIN. WE BELIEVE THEY HAVE LEARNED THIS LESSON, BUT IN CASE THEY FORGET, WE LOOK TO YOU AND OTHERS WHO INFLUENCE THEIR LIVES--TEACHERS, COACHES, ETC.--TO SEE THAT THEY REMEMBER. AND IF YOU MUST BE BRUTAL TO REMIND THEM--THEN PLEASE, BE BRUTAL! I DO NOT WANT MY TWO SONS TO GROW INTO TWO GROWN-UP BOYS, I WANT THEM TO BECOME MEN, ABLE TO ASSUME THEIR PLACES IN THE WORLD AND MAKE A GOOD CONTRIBUTION TO IT. I SINCERELY HOPE THEY WON'T NEED YOUR HELP, BUT IF THEY DO, AND IF YOU MUST, "THEN BE BRUTAL".

That time of the year is approaching. Many wrecks - grain trucks, cotton trailers, poor lights, many workers being hauled in trucks, pickups and trailers. Watch for parked vehicles on shoulders of the road. Help keep accidents to a minimum.

Mr. and Mrs. Glen Brown, 900 SW. Ave. C., were awarded the 'Yard of the Week' by the Garden Club and Chamber of Commerce. The Browns are shown in their backyard - the time - late afternoon. Notice how inviting the backyard porch is.

Sammie Robertson is shown with his new assistant, Ray Lashaway, the new junior high band director from Snyder, Texas. Mr. Robertson said "This year we will have approximately 400 kids in grades 6-12 in the band, 155 in the high school band, with 142 marching." He further stated that he hoped he would have 100 beginners from the 6th grade, pointing out the cost of some of the instruments --- a new bassoon this year which retails for \$1200, tubas, \$1500 to \$3,000. "It is sure fine to work with a budget program. I think I will have the best band this year I've ever had."

Mr. Lashaway stated that he hoped to have 120 in the 7th and 8th grade band, with 10 alternates and 110 marching. Girls will outnumber the boys 1 1/2 to 1. The director pointed out how the uniforms in junior high school adjust 7 1/2 inches in the trousers and at least 4 inches in the double breasted coat. "Every child" he said, "will have a plastic bag to protect the \$100 uniforms. How would you like to be a 7th grader, he asked, and be marching, make the right foot hit the right yard line at the same time watching the others, keeping knees high, head high, toes forward, carrying a horn, and playing music from memory? He pointed out that the 7th and 8th grade band would play at the B-team half time at least twice (because so many of the boys play

EDITORIAL

Those were the days! A rubber tired two row planter, a six mule hookup and 25-28 acres per day. What a rig! Such spans of mules.

That's 'ole Tobe' on the left, Big Sue next to him, Josh and Moses were the center mules. Josh could 'fly back' in a tight. That #5 mule is Kate and you were always wishing that a stalk would not spring back and scare her - she'd try to run away. John is the last one and the best one except for his ears. Be careful when you bridle him, unbuckle it and put it over his neck easy. Don't touch the ears.

Six better mules were never hooked to two trible trees. Those six mules were goers. When you got to the end of the row John knew how to cut and go back to the left. Tobe, on the other hand, knew how to crowd and make the others hurry on the turn.

Now it's a delight to work six good mules but they do remind me a lot of people. Some people I know are like Tobe - they will push on you to help get the job done. Some are like Sue - hook her up slow and easy or she'll kick. Some folks I know are like Josh - if the load gets heavy they want to quit, 'fly back' or let someone else do it. Thank goodness many people are like Moses - no noise, just steady, hard work, always getting the job done. Others, like Kate, streak out, tear everything up without notice. John's kin get the job done if they are handled with gloves.

It took all six of those mules to get the job done. When those twelve ears started to flop in unison - what a job they could do. People are the same way, whether it's in the church, the community or the great country in which we live. (Card received in 1952 from Federal Land Bank to Ross A. Smith, Ballinger, Texas.)

IMMUNIZATION CLINIC TO BE HELD THURSDAY

Ann Foster, Public Health Nurse, announces that there will be an immunization clinic Thursday, August 21, from 2 to 5 p. m. in the Public Health Office in the courthouse. Dr. Evelyn Smiley, director of the South Plains Health Unit, will assist Mrs. Foster with the 3-in-1 shots and immunization for smallpox, polio and measles. This clinic is for families who are unable to afford the services of a private physician.

1 KILLED - OTHERS INJURED IN 4 WRECKS

Mandy Ramirez, 15, along with her sister, Mary Frances Ramirez, 19, were treated and released from the local hospital last Friday after being involved in a one truck accident at 7:26 P. M. Friday.

The 1964 Chevrolet truck was traveling toward Seminole 4 miles southwest on the Frankel City Highway when the 15 year old driver lost control of the truck. It veered off to the right, missing a small culvert post, blowing out the left front tire and a left rear dual, when the wheels hit the edge of the bridge in the bar ditch. The truck knocked down three posts, went through a pasture, over mesquite bushes, knocked down three more posts and came to rest 579 feet from where it left the pavement, back on the right of way.

Another passenger, Martin Gonzales, 36, sustained a broken back.

An eye witness said the truck was not going very fast.

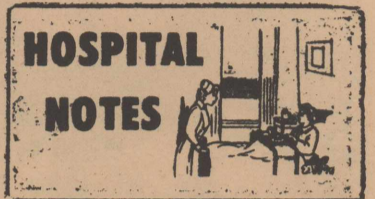

Five-year-old Eva Juarez, daughter of Mr. and Mrs. Steve Juarez of Loop, was dead on arrival at Seagraves Clinic Hospital Monday following an accident at 8:15 P. M.

The child was riding in the back of a 1955 Chevrolet pickup driven by her father when she fell out and the back wheel ran over her.

Other reports said the pickup was backing up when the child fell out.

Two minor accidents were reported last Sunday, one at Seagraves at 5:05 p. m. involved cars driven by Pedro Servin, 25, of Seagraves, and Dan Bounds, 60, Seagraves. The accident occurred in front of the Colonial Grill as Servin was backing out from the grill and Bounds was driving in. Damage was estimated at less than \$50 to both cars.

The other accident, at 10:20 p. m., involved a car driven by Denzil Cooper, 21, of Lubbock. He was headed toward Seminole 14 miles out on the Frankel City Highway when he hit and killed a cow which was in the middle of the road. Damage to the car was estimated at \$350.

AROUND TOWN

By Jackie Squires

Since JIM SAVELL has sold Jo's Resturant to BESSIE SAMPLE this week and I may not see him AROUND TOWN for awhile. I would like to take this opportunity to say what good sports I think he and IMAGENE have been, taking the little quips I have written about them in the spirit in which I intended. JIM has such a good sense of humor; he has always been a good subject for my column, I believe he gets a bigger kick out of what I write, than I do writting it. Thanks JIM, much luck in your next endeavor. By the way JIM! BESSIE sent over a banana cream pie and coffee Monday. We may not miss you so much after all, I can see now we're going to like having BESSIE across the street ---MOLLIE TYNER, LILLIE HADAWAY and EVA BENNETT out for hamburgers Sunday and having a good visit too--- BETTY CONN making a fast trip to Oklahoma over the week end. She says anytime a car heads that-a-way she hops in and away she goes--- RUBY GREEN telling me about her trip to Canada Monday---PHILLIP and GLORIA ADAMI of Seminole Furniture vacationing in California taking in the sights of Las Vegas on their return trip--- ANNA KELLEY taking her little dog, TOY, for his evening stroll by the school yard Monday evening---JACK SUBLETT saying they've added a new custodian at the First Baptist Church, BILL BARTON---DORIS FLEMING stopping for gas at Artesia, while taking a load of children to the Sky Ridge Camp in Cloudcroft last week end and drove off and left her son MARSHALL and LAN LOCKER behind. They caught a ride with BOB CLARK another member

Mental Health Unit for County a Reality

Seminole and Gaines County was honored last night. Seated left to right John T. Miller, Lubbock; Dr. Jerome Smith, Lubbock; standing left to right Dr. Preston E. Harrison, Superintendent of Big Spring State Hospital; Judge Chester Browne, and Walter Widger, Chief of Social Services at Big Spring State Hospital. Mr. Widger stated "we saw two patients today. Your County Mental Health Unit is a reality."

Judge Browne told the 76 people present that the county had secured the clinic building previously occupied by Dr. Hood. Telephone will be available in a few days. Janie Johnson will serve as clerk. It was pointed out during the course of the meeting that to have a county mental unit in Seminole it would be necessary to have the cooperation of local doctors, schools, churches, and the courts - that visiting doctors from Lubbock and Big Spring would be backed up by other doctors serving the state and the state hospital in Big Spring.

Such clinics have been established in Snyder, Colorado City and Lamesa. Doctors and social workers are known as circuit riders who serve satellite units outside of Big Spring. Betty Duncan said that one of their jobs would be to serve discharged patients in the area and to spread the word that mental health is no longer a bugaboo.

It was pointed out more than one time at the meeting that no one would be denied aid because of lack of funds or inability to pay - that drugs would be furnished and answers to questions were furnished. "We will see walk-in patients." "Yes the unit will be county wide. This is a county mental health unit." "Yes there will be help for children for tests." "Yes there will be psychologists available and will be coming to Seminole." "Yes families will be counseled so they will understand how to live with a mentally sick person."

The mental health group of the AAUW served refreshments to the group at the community building.

The Gaines County Commissioner's Court will provide permanent space and supply needed office equipment and utilities. The Texas Department of Mental Health and Mental Retardation of which the Big Spring State Hospital is a part, will provide the salaries and services of the Clinic Staff. The staff will consist of the Clerk, Mental Health Caseworker, Psychiatrist (one day a week), and Psychologist (as needed).

The Hospital further agrees to:

1. Provide consultant services from the chief social worker when needed.
2. Continue with the Mental Health Caseworker's in-service training by permitting her to make weekly visits to the hospital.
3. Provide other professional staff help as needed, which will include direct assistance from staff of the hospital "geographical unit" that serves Gaines County.
4. Assure direct admission for Gaines County patients into the Big Spring State Hospital.
5. Provide emergency admission privileges for Gaines County patients.
6. Send written reports as requested to the Clinic indicating patient progress or lack of progress, nature of the treatment program, desired contacts necessary with families, future plans for the patient and other information deemed important to the Clinic in its services to patients following their hospital release.
7. Provide psychiatric service to all members of the community based upon a sliding fee scale based upon ability to pay.
8. Provide medications to Clinic patients at a cost based upon ability to pay. In no case is a patient to be denied medication because of inability to pay.
9. Before planning patient discharge, the hospital will consult with the Clinic so that readiness and suitability of the home and family environment may be considered in making the discharge plan.
10. Consider and plan referrals to the Clinic for individuals and/or families needing follow-up care and/or services from existing community resources. This includes working with family physicians, ministerial association, the schools, or other rehabilitation, health or social agencies.

Other service prospects:

appointed by the Texas Department of Mental Health and Mental Retardation to provide the necessary on-going supervision for quality clinic services.

2. The Volunteer program, "Circuit Riders," will share space with the Clinic staff. They also plan to work cooperatively with staff in providing volunteer services to the community and shospital.

Additional Information:

1. Referrals will be accepted from health and social agencies at the Clinic but the responsibility for motivating prospective clients rest upon them.
2. Clinic patients may be persons and/or families who are not now in need of hospitalization, never have been hospitalized, nor may they require hospitalization. Evaluations and treatment will be accomplished locally in many, many cases.
3. Whenever possible, clinic and hospital staff, will promote good mental health by participating in educational programs, supplying speakers, and giving everyday information on request.
4. We ask that physicians, schools, and the courts use their service whenever the need for psychologically assessing clients is indicated. All we ask is that they share information with us after securing that person or family's permission in writing.
5. The Clinic will accept patients referred to it by the hospital for follow-up care, wherever possible. (For example, Alcoholics will be encouraged to attend the local AA rather than be only clinic patients).
6. The Clinic will submit periodic reports to the hospital on its services to families.
7. In line with its belief that our hospital is but an extension of your community, this Clinic will be a direct link to the Big Spring State Hospital and will receive the same assistance as if it were located on the hospital campus.

NOTE: Any question about the Clinic is welcomed now or later. When we have our phone in the Clinic please feel free to call. Any comment or difficulty you feel the hospital should know about should be directed to Dr. Preston E. Harrison, Superintendent, Big Spring State Hospital.

BREAKFAST for 64 takes a little longer but tastes so good when you're finished. Edith Armstrong, Mary and Joe Smith and Jackie Squires busy helping prepare the morning meal last week-end at the Sky Ridge Camp near Cloudcroft.

POLICE REPORT

On Tuesday, Sheriff Ed Welch reported twelve inmates in jail. For the week the Highway Patrol reported four wrecks and a total of 16 handled by all law enforcement officers.

Three 17 year olds were being returned to Hobbs where they had been charged with breaking into a liquor store; also minor consuming and minor in possession.

In another case one man was charged with seven traffic citations.

One was charged with DWI; 1 with no driver's license; 3 drunk; 1 fighting; 1 other minor consuming; 3 other minor possessions; 1 on a warrant for murder and 1 sleeper.

Grady Lloyd of Seagraves reported a breaking and entering on 8-17-69. Stollen was one TV, electric drill, tackle box and saws. Valued at \$515.

One young man, age 19, was returned to Hobbs last week after he was caught window peeping, disturbance and resisting arrest after a chase on foot.

We make a living by what we get, but we make a life by what we give.

"CHE"

The story of Che Guevara is one of the great stories of our century. As the fiery Latin American revolutionary, he seemed to stand bigger than the age in which he lived. Under the banner of freedom and idealism, he created a world of violence and terror.

He generated excitement every moment he lived. Young people adopted him as their hero. Others planned to destroy him. There was a power to this man who helped Fidel Castro topple Batista's Cuba. There is shock in the realization that a doctor would drop his Hippocratic oath in favor of mass executions.

We have made an honest film. We have probed deeply the mystery of the man no one really knew.

JERRY NORMAN, A MEMBER OF THE CREW AND A FRIEND OF 15 YEARS, WAS GIVING THE DRAGSTER A PUSH TO START IT AND SAID, "I WAS PUSHING HIM AND I DO NOT KNOW WHETHER THE ACCELERATOR HUNG OR HE HELD IT DOWN TOO LONG. THE DRAGSTER USUALLY STARTS AND SPINS THE TIRES TO CLEAN THEM. HE WAS TOO CLOSE TO THE FENCE TO TURN AND DECIDED TO GO THROUGH THE FENCE AND DOWN A LITTLE ROAD. A PIPE FROM THE FENCE PENETRATED HIS CRASH HELMET." CAGLE WAS PREPARING FOR A QUALIFYING RUN AT THE TIME OF THE ACCIDENT.

CITY COUNCIL AND INDUSTRIAL FOUNDATION MEET

MR. GUY NICHOLS FROM SUDAN, WHO IS INTERESTED IN PUTTING A COMPRESS IN SEMINOLE ALONG WITH WAREHOUSES, TOLD THE CITY COUNCIL AND THE INDUSTRIAL FOUNDATION THAT PUTTING A COMPRESS IN SEMINOLE "HINGED ON THE RAILROAD COMING THROUGH." "I TALKED TO MR. JAMES ROBERTS AT 5:30 P.M. TODAY. HE TOLD ME THEY WERE EXPECTING A CALL ON TUESDAY FROM SAN FRANCISCO CONCERNING MONEY AND FINAL PLANS WOULD BE FORTHCOMING." MAYOR WRIGHT POINTED OUT THAT TO GET ADEQUATE WATER TO THE OLD AIRPORT LOCATION WHERE THE COMPRESS FACILITIES WOULD BE BUILT IT WOULD NECESSITATE LAYING A 14 INCH WATER LINE. THE COST OF A 14 INCH WATER LINE FOR THE 9000 FEET WOULD RUN APPROXIMATELY \$75,000; A 12 INCH LINE, \$60,000. MR. NICHOLS REPLIED, "I WOULD NOT ASK THE CITY TO SPEND THAT MUCH MONEY BUT I MUST HAVE THE WATER SUPPLY SETTLED BEFORE CONSIDERING BUILDING." HE WENT ON TO SAY THAT HE WOULD COME BACK BRINGING A MEMBER OF THE FIRE PREVENTION BUREAU WITH HIM TO SEE IF THEY COULD FOLLOW AN ALTERNATE PLAN OF USING THE WATER FROM THE CITY DISPOSAL LAKE FOR FIRE PURPOSES. THE LAKE IS APPROXIMATELY 1500 FEET AWAY AND WOULD NOT TAKE SUCH A LARGE LINE BECAUSE OF THE DISTANCE. HE FURTHER ADDED THAT AN OVERHEAD TOWER, IF HE WAS MADE TO CONSTRUCT ONE OF THIS NATURE, COSTING \$65,000-75,000 WOULD BE PROHIBITED.

IN SUDAN, THE STORAGE FACILITIES OWNED BY MR. NICHOLS CONSIST OF 161,000 BALES APPROVED INDOOR STORAGE PLUS 60,000 BALES APPROVED OUTDOOR STORAGE. "I'VE NEVER," HE SAID, "SHIP COTTON THAT FARMERS HAVE AN EQUITY IN."

QUESTION: HOW MUCH OF THE 110 ACRES WOULD YOU NEED?

ANSWER: I WOULD HAVE TO LEASE SOME ADDITIONAL OPEN LOT AT TIMES.

QUESTION: WOULD YOU CARE TO APPRAISE THE LAND?

ANSWER: NO, I HAVE NO IDEAL WHAT IT IS WORTH.

QUESTION: WOULD YOU TURN LAND BACK TO THE CITY IF AT A FUTURE DATE YOU DID NOT USE IT?

ANSWER: YES, I WOULD, PLUS THE EXPENSE OF LAYING THE WATER LINE.

QUESTION BY MR. NICHOLS: WHAT IF THE CITY LAKE WERE TO RUN LOW IN WATER?

ANSWER: WE WOULD RELEASE WATER THROUGH THE SEWAGE SYSTEM TO BUILD UP YOUR SUPPLY.

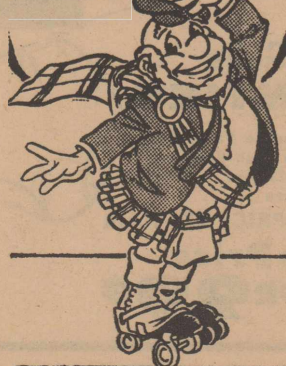

IN FURTHER STATEMENTS, MR. NICHOLS WENT ON TO SAY NO JUNK PILE WOULD BE BUILT ON THE PROPERTY. TOTAL COST WOULD RUN BETWEEN \$750,000-1,000,000. IN THE BUSY SEASON OUR GASOLINE BILL IS APPROXIMATELY \$2,000 PER MONTH AND PARTS MORE THAN \$1,000.

THERE ARE 22 WAREHOUSES IN SUDAN BACKED UP BY 15 YEARS EXPERIENCE. THE PRESSES WILL AVERAGE ABOUT 140 BALES PER HOUR, RUN BY STEAM, ARE 80 INCHES IN DIAMETER AND 6 FEET LONG. THIRY-FIVE PEOPLE WORK IN THE PRESS AREA WITH A HIGH FOR THE SEASON OF ABOUT 175 EMPLOYEES WITH \$200,000 PER YEAR FOR PAYROLL. THE COMPANY HANDLES BETWEEN 85000 AND 110,000 BALES PER YEAR.

REPRESENTING THE INDUSTRIAL FOUNDATION AND THE CHAMBER OF COMMERCE AND INTERESTED CITIZENS WERE DWAYNE HERMAN, EARL BARTLEY, B. C. NORTON, JIMMY NELSON AND MOCN MULLINS.

PIONEER NATURAL GAS AND THE RAILROAD COMMISSION ASKED THE CITY TO PARTICIPATE WITH THEM TO CHECK THE GAS TRANSMISSION LINES, THE VALUE OF EXISTING LINES AND TO DETERMINE ADEQUATE SUPPLY. MAYOR WRIGHT APPOINTED BART WALDEN, RAYMOND PATTON AND KARL DON HUGHES TO MAKE CONTACTS WITH PEOPLE AVAILABLE AND QUALIFIED TO MAKE SUCH A SURVEY.

Information From Social Security Office

BY DOROTHY FEAZELL

Persons receiving social security disability benefits must report improvement in their condition to the Social Security Administration. Disability beneficiaries must also report a return to any kind of work.

We are making this announcement because of several recent cases in which beneficiaries were overpaid because these two events were not properly reported and benefits not due were continued. Overpayments have to be refunded and this can work a financial hardship on those having to repay benefits.

Most overpayments in these cases occur because beneficiaries mis understand the requirements of the law. Disability benefits can be paid only if an individual is so disabled he can't do any kind of a job, not just his regular job. Therefore, any improvement in the disabling condition has to be reported. Too, when a disabled person does some work, even if it is sheltered or light work, it must be reported so that a determination can be made immediately about whether benefits should continue. In some cases, disabled workers can get benefits should continue. In some cases, disabled workers can get bene-
