GUEST EDITORIAL

Involvement is a term heard a lot these days. Also demonstration. Many of today's headlines involve youths who demonstrate. Well, this week -- October 5-ll, more headlines will be highlighting stories of youths who are involved and who do demonstrate for what they believe in: 4-H. This is National 4-H Week. It is observed by more than 3 million boys and girls from 9 to 19 years of age, and some 26 million men and women who once were 4-H members. These 3 million youth represent every State and county in the United States. They are red, yellow, black and white. They are from Indian reservations, ghettos, big cities, sprawling ranches, suburbs, hills and valleys, and small towns. When they "joined" 4-H they agreed to learn-by-doing the 4-H way. And they have. Backstopping these future citizens and leaders of our country are several million parents, aunts, uncles, grandparents, volunteer leaders and the thousands of men and women employed by the Cooperative Extension Service who supervise and guide 4-H youth work. Also scores of private business interprises have supported 4-H for half a century. And that's a sizable number of men, women and children to be "involved" in a group "demonstrating" the merits of 4-H. To them and to the boys and girls who have pledged: "My Head to clearer thinking, My Heart to greater loyalty, My Hands to larger service, and My Health to better living, for My club, my community, and my country," we extend our congratulations and sincere good wishes for their success in "learning by doing." We look forward to their continuing demonstration to show others how to prepare a better meal, grow better crops, raise better livestock, practice greater safety, to build a better way of life.

Any boy or girl between 9 and 19 years of age who wants to join 4-H and adults who would like to volunteer as leaders are invited to contact the County Extension Office at: Courthouse, Seminole, Texas. Phone 758-2241.

Have you ever been bilious? Have you ever had a little pleurisy between your shoulders? I still know a couple of people that I delight in asking how they feel. The answer - just tolerable.

Now if a person has never had a pergative, felt a little bilious, or suffered with a few aches of pleurisy, he just doesn't know some of the better descriptive terms for feeling bad. Have you ever taken any Calamel, Black Draught, salts or senna tea?

I went on the farm tour yesterday and we saw thousands of acres of castor beans. We saw varieties of Hale #1,Baker 296, Baker Hybrid 22, 44, 55, and 66; McNair 202 and 101.

As far as I know all of these are good varieties but the one I hate the most is the kind that comes in about a pint size flat bottle with sloping shoulders on the bottle (kinda like a whiskey bottle). This must have been the kind my dear mother liked. She believed that castor oil could cure many things; the main one being a boy who wanted to play sick and not go to school.

Nearly every year in the castor bean growing country someone gets poisoned from the husk of a castor bean seed. Evidently my mother had no fears with the oil, as she gave it in healthy portions. At our house if you looked peaked you pinched your face, you washed it in ice water, and you did anything to get color back in your face. No one wanted a dose of castor oil!

There is nothing, no, nothing, like the slimy, slick, revolting half cup of castor oil.

I have a lot of friends that plant castors but I am convinced that one of their medications while growing up WAS NOT castor oil. I've had to take it, hold it in my mouth, then spit it out, only to start over. About three times of this will make any growing boy hold his nose, take a deep breath and get it down. Sometimes a lemon or an orange was furnished to get the bad taste out of your mouthjust sometimes.

What I never could understand was why it was so good for everything. It must have been cheap for a bunch of eight to have afforded it during those years.

I've since gotten over my dislike for the growers of castor beans and the makers of castor oil but for a few years of my life I wished for them a rosey, bright future and where I wished they were it was bright, rosey and hot. Cond't on page 2

MEETS WITH SCHOOL BOARD

The Commissioner's Court met last Monday morning at 10 a.m. Present were all the commissioner's court, the school board and James Bramlett, John Thompson and George Cristy of the school administration to discuss two questions. (1) Would it be possible for the school board to have an earlier evaluation on properties located in the school district? (2) Can the commissioner's court raise the per cent, not on valuations, but that portion on which the tax is figured? The discussion between the school board and the commissioner's court was brought on because of the \$1,607,000.00 loss this year in valuations to this school district. This affected the school budget more than \$35,000.00 in a year when the budget could ill afford to lose this much revenue.

It may be that another year or future years will demand that the school go to an independent school district rather than stay a common school district. The difference between the two is mainly this: A common school district, such as Seminole, depends upon the commissioner's court and the county tax collector for the collection of and the setting up of taxes. An independent school district, on the other hand, has the authority to set its own tax rate and collect them.

The Soil Conservationist of the Year award was presented to Don Sanders last Thursday on the farm tour. A conservationist is a farmer that practices the conservation of the soil and to the best of his ability, carries out all practices laid down by the Soil Conservation Service.

Presenting the plaque is Roy Wicker, a district supervisor and committee chairman. Sanders farms land owned by Helen Hearne of Seagraves, Texas.

The 1969 Farm Tour, sponsored by the Gaines-Andrews Soil and Water Conservation District in cooperation with the extension's subcommittee, was indeed a success, chief among which was the Blue Lake green beans being grown under irrigation. The 90 people on the tour probably enjoyed seeing the beans harvested more than any other Cond't on page 3

Renee Moore of Anadarko, Oklahoma displays "Speedy" for viewers in the courthouse. "I was told" she said, "of the small bird (green on top and yellow underneath) that they came into the area from the coast during the last storm. He lets me pet him, feed him and water him. He flies off and I go pick him up or he flies back to me. "Mrs. Louise Christian, on the left, and Barbara LaVow from Seagraves are enjoying the story as much as the News photographer. Renee caught the bird Sunday in Hobbs.

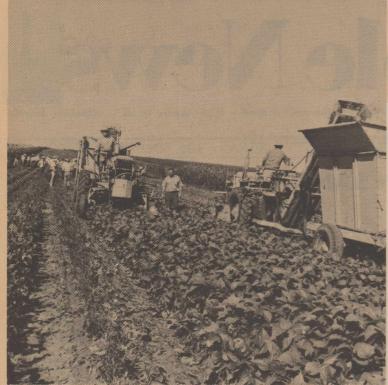

The Student Council of Seminole Junior High school conducted installtion services for officers, representatives, and alternates of the council for the current school year. The installation was held in Seminole High School auditorium at ten o'clock Wednesday morning, September 24. Installing officer was Bobby Whippo, president of the Seminole High School Student body.

Eight grade representatives and alternates are shown seated, left to right Kim Hughes, Sandy Chambers, Judy Henderson, Debby Autry, Marla Williams, Craig Cristy and Rhena Jobe. Standing left to right are Janis Harper, Larry Butts, Sandra Sawyer, Pete Ballew, Tim Hassell, Rory Lacy and Donna Waldrop. The seventh grade representatives and alternates are shown in the picture to the right, seated left to right, Russell Davis, Lei Jameson, Sheri Earl, Marty Ivy, Mark Stone, Debbie Grass and Gayle McNew. Standing left to right, Jackie Bell, Joe Garrett, Paula Gage, Gayland Gowdy, Randy Clark, Tom Worthington and Teresa Herman.

Two of nine mechanical machines are shown at work on the Herbert Hicks farm last Thursday on the Farm Tour. They are gathering Blue Lake green beans from 320 acres. Glen Cavitt is watching the brush strippers as they take foliage and beans off. The machine throws out the leaves and elevates the beans to a trailer, as shown on the right. Note the beans as they fall in the trailer.

ELECTION OF A DIRECTOR FOR ZONE I OF THE GAINES-ANDREWS SWCD HAS BEEN SET FOR TUESDAY, OCTOBER 7, 1969, 10:00 A.M. AT THE COUNTY AGRICULTURAL AGENTS OFFICE IN SEMINOLE ACCORDING TO ROY WICKER, CHAIRMAN OF THE BOARD. ZONE I INCLUDES THE WESTERN PORTION OF GAINES COUNTY LOCATED WEST OF THE DENVER CITY HIGHWAY AND THE FRANKEL CITY HIGHWAY. ALL LAND-OWNERS LIVING IN THE DISTRICT WHO OWN LAND IN ZONE I AND HAVE ATTAIN ED THE AGE OF 21 YEARS ARE ELIGIBLE TO VOTE.

HERBERT HICKS IS THE DIRECTOR REPRESENTING THIS AREA AT THE PRESENT TIME. WICKER ADDED THAT THE TERM OF OFFICE WILL BE FOR FIVE YEARS, DURING WHICH, THE ELECTED OFFICIAL WILL REPRESENT HIS ZONE AT THE MONTHLY MEETING OF THE BOARD OF DIRECTORS. IT IS DURING THESE MONTHLY MEETINGS THAT THE DIS-TRICT CONDUCTS ITS REGULAR BUSINESS. WICKER POINTED OUT THAT THIS IS AN ELECTED OFFICIAL SINCE THE DISTRICT IS A LEGAL SUBDIVISION OF STATE GOVERNMENT.

WITH THE COUNTRY'S NATURAL RESOURCES BEING USED MORE AND MORE EACH YEAR, IT IS IMPERA-TIVE THAT CONSERVATION OF THESE RESOURCES BE STRESSED. THE SOIL AND WATER CONSERVATION DISTRICTS THROUGHOUT THE NATION HAVE MADE THIS THEIR GOAL SINCE THEIR ORGANIZATION IN THE 1930/S. SINCE ORGANIZING, THEY HAVE GROWN IN EXPERIENCE AND SIZE. THEY NOW INCLUDE SOME THREE THOUSAND DISTRICTS WITH FIFTEEN THOUSAND MEN AND WOMEN SERVING AS DISTRICT DIRECTORS WHO REPRESENT AN IN-CREASINGLY STRONG VOICE FOR LOCAL SELF GOVERNMENT.

ANNUAL FARM TOUR

A part of the crowd can be seen on the Farm Tour last Thursday on the Marion Bowers farm. Being discussed is the castor bean plantings on the right side of the picture.

stop. The beans were viewed on the Herbert Hicks farm and were being shipped by Del Monte to Crystal City, Texas for processing. Mr. Hicks has contracted to Del Monte over 320 acres, with an approximate cost of \$200 per acre in the cost of growing them. Number 1 beans bring \$115 per ton.

The tour made their first stop on the Marion Bowers farm approximately 20 miles west on the Hobbs Highway to see castor bean varieties and their care. Shown were Hale, McNair 303, Baker 296, Baker Hybrid 44, 55, and 66, and McNair 101 and 202. On the same farm was seen cotton demonstrations on the following varieties Coker 404, Stromen 254, Lockett 4789, Lambright X-15-3, Stripper-Cala-N, Tamcot 24, Acala 1517-BR2, Dunn 56C and Tamcot 387-B.

Another interesting stop was a cotton demonstration on the Willie Easter farm in Higginbotham. The variety planted was Stripper-Cala-S planted on May 24. The crop was put in by shredding the old stalks, going over the land with a rod weeder and drilling the crop in with a grain drill. The crop has been hoed twice. On the six acre plot Mr. Easter reported that the seed cost \$6.00, the two irrigations \$6.00, hoeing \$7.50, fertilizer \$5.10, and land preparation \$3.75, with a total cost per acre of \$28.35. People guessing at the lint returned per acre guessed from one bale to $2\frac{1}{2}$ bales. (The News reporter guessed 1100 lint pounds per acre and is not a new-comer.)

The group viewed permanent pastures with pretty black cattle, also brush control at the Higginbotham Cattle Company. The mesquite brush had been mechanically grubbed and raked. Grazing will be deferred during the 1970 season to allow grass to receive additional mositure and for new grass to get started where brush had been removed.

The tour had lunch together at the Higginbotham Community Center with the meat being furnished by Higginbotham Cattle Co. Elinor Harvey made other preparations along with Chamber of Commerce members and served the meal.

The tour in past years has been south, west, north and northeast. People are made to realize that Gaines County is a large county, with approximately 1500 square miles of land.

OFFICIAL PROCLAMATION

Whereas the 4-H Club Program has since its beginning, over 50 years ago, contributed much to the health and welfare of the nation and has encouraged many young people to choose careers which help improve family and community living; and

Whereas 4-H members put into practice the skills and science they learn through their 4-H projects and activities and strive "To Make the Best Better", the motto of 4-H club work; and

Whereas the 250 boys and girls now enrolled in 4-H clubs throughout the County of Gaines, under the guidance of adult leaders, will soon be establishing homes of their own and taking their places in society as community leaders:

NOW, THEREFORE, I Chester D. Browne, County Judge of Gaines County, in recognition of the fine achievements of 4-H members and their families, do hereby proclaim the week of October 4-Il as NATIONAL 4-H WEEK in Gaines County.

In official recognition wherof, I hereby affix my signature this 29th day of September, 1969.

LOOP

BY MRS. BUCK CUNNINGHAM

Farmers in the area are making good use of the pretty open weather we have been having. Grain sorghum harvest is in full swing. Quite a bit of cotton is beginning to open although the rainy spell caused quite a bit of new growth.

Mr. and Mrs. Charlie Bob Hunt of Ft. Worth were honored with a gift reception at the Loop Community Building on Tuesday evening, September 23, at 7:30. The refreshment table was covered with a white lace cloth over pink and centered with an arrangement of pink roses. The white cake was decorated in pink and pink punch was served. The honored couple enjoyed opening their many lovely and useful gifts. The hostess gift to the newlyweds was a toaster-broiler. About seventy guests called during the evening. Hostesses were Mmes. Billie Smith, Phyllis Clark, Martha Smith, Sherri Scott, Edith Armstrong, Linda Owens, Gwendolyn Hand, Dorothy Caughron, Wanda Owens, Irene Smith and Glenda Smith.

The Loop Longhorns met the Southland Eagles on the home field Friday night and thrilled the crowd of home town fans with another vicotry. It was a tough defensive battle with a scoreless first quarter. The Southland Eagles scored in the second quarter but the try for extra

1, 1969 - Page 8
 points failed, making the score
 at halftime Southland 6-Loop 0.

The third quarter went by scoreless too but 2 minutes into the fourth period Loop scored on a 1 yard run by Danny Yocom. The point after failed, making the score tied at 6-6. With 3:25 left in the game Yocom hit Eddie Aldridge on a 29 yard pass play to put the Longhorns ahead 12-6. The Eagles blocked the try for extra points. After a series of downs the tough Loop defense held on a 4th down play to gain possession of the ball with 54 seconds showing on the clock.

Barry McConal broke free with a 65 yard run into the end zone to put the game out of reach of the Eagles. Eddie Aldridge scored the 2 points after, to make the score Loop 20-Southland 6. The Eagles took possession in the final seconds with the Pep Squad and fans counting down the last 15 seconds of the game to end a thrilling and enjoyable evening for the home folks.

The 4-H Club planning committee met Tuesday to plan programs for the year and assign work groups. Mrs. Delton Mills, organization leader, says group leaders are needed for both foods and clothing work for girls. If you would like to help with any of these projects get in touch with Mrs. Mills.

School news this week includes several reminders. There will be an all school assembly in the auditorium Friday at 1:00 p.m. A varied musical program will be presented. The girls choir, under the direction of Mrs. Connie Hoover, will sing and also some numbers from the elementary grades. Mrs. Hoover will also sing.

Mrs. Calfee's 6th grade band will perform and there will be other numbers. From 2:00-2:30 there will be a pep rally and school will dismiss at 2:30 so that buses will be available to take the football team and pep squad to Cotton Center for the game Friday night.

Thursday evening the Jr. High Shorthorns play their first game, with Dawson Jr. High at Welch at 6:30 p.m. Wayne Fincher also coaches the Shorthorns.

Let's give these teams our support as they represent our community and all of us.

The Loop High School students had a'Hobo Day' Saturday to try to earn enough money to pay for the indebtedness on the popcorn machine. These young people sprayed Johnson grass, picked up pipe, cleaned house, washed cars, hauled trash and anything anyone wanted done. Mr. McDonald, principal, reports their total receipts were \$260.00 which is sufficient for their needs. Mr. McDonald also states that the school certainly appreciates the help and cooperation of the community.

The Student Council representatives and officers have been elected for the Jr. and Sr. High School. President-Barry McConal, 12th grade; vice president-Ricky McConal, 1lth grade; treasurer-Danny Yocom, 9th grade; secretary-Elaine Freeman, 8th grade. Other members are Mike Fleming, 10th grade; Darrell Frasier, 7th grade; and Terry Hord, 6th grade.

Mr. J.E. White, Vo-Ag teacher, and a group of FFA boys went to Welch for their annual Mesa District meeting. Will have a full report next week.

The Loop Young Farmers are sponsoring a turkey shoot on October 11 and 12. This will be all day Saturday and Sunday afternoon.

Mr. White wants to remind everyone that the next Young Farmers meeting will be on Monday night, October 6, at 8:00 p. m. It will be at the Community Building and the public is invited and urged to attend. Mr. George Rice of the Department of Labor at Lubbock will be the guest speaker and will speak on the use of Mexican National laborers.

Another note from Mr. White states that there will be a Farm Electrification Short Course on November 3-6. This short course is for adults and will meet at night in the Loop Ag Shop. Fee per person will be \$3.00. Anyone interested should contact Mr. J. E. White, Vo-Ag teacher.

Mrs. L.L. McNew is at home and able to go out since her stay in Yoakum Co. Hospital.

Mr. and Mrs. Dean Westbrook of Quemado have come to Seagraves where Mrs. Westbrook is hospitalized with a fractured back. Mrs. Westbrook is a member of the Mills family and her friends and relatives are glad to have this opportunity to visit and help care for them.

SEMINOLE 8TH 12, LAMESA 12

The 8th grade Warriors spotted the 8th from Lamesa 12 points in the first half but came back pounding in the 2nd half and tied the score. Seminole only ran 5 plays deep into the 2nd quarter as they lost the ball by interception, fumbles and downs on their first 3 possessions.

In the 2nd half it was the fine running of Melsyki Edwards and David Boyce that tied the score. Edwards took a hand-off with 5 minutes remaining in the 3rd quarter, crossed over right tackle reversed his field and went 35 yards for the Warriors' first score. Points after failed.

One and one half minutes later David Boyce, halfback, made an interception and tied the score at 12-12 after traveling 54 yards. Again points after failed.

With 12 seconds showing on the clock in the 4th quarter Lamesa fumbled. In the first play quarterback Charles Wrenn threw to Edwards for 26 yards for what was an apparent touchdown and sure victory. What a bad break for the Warriors. They had time for one more play but the official said he stepped out on the 3 yard line.

The Lamesa line refused to give in the last play and the 8th settled for a 12-12 tie.

Edwards got off 2 booming kicks in the first half, one setting by the tailback for 47 yards and another one for 39 yards to keep Lamesa partially bottled up.

News of our servicemen

Sp - 4 Larry K. Davis arrived in Viet-nam last week. He is stationed at Phi Bai, located seven miles from the DMZ. Larry and his wife, the former Carol Murphee, returned in August from Mannhlim, Germany where he was stationed for a year. His parents are Mr. and Mrs. J. E. Davis, who reside in Snyder.

Police Report

Emmett Watkins reported the theft of 2 radiators, 1 battery, hand tools and 5 gallons of gear lube. All recovered. The police handled 13 other cases for the week; 3 theft under \$50, 2 drunk in car, 3 drunk, 3 minor consuming, 1 no driver's license, 1 worthless check, and 1 sleever.

Charles Quisenberry and Ron Roberts, two Seminole city policemen, left Tuesday morning for a three day traffic school in Stanton, Texas. The school will be held in conjunction with the Department of Public Safety.

Last Friday at 10 a.m. Roy B. Davis, 68, from Lubbock, driving a 1969 Ford station wagon, was involved in an accident with Billy White, 36, from Odessa. White was driving a 1969 Chevrolet. The accident occurred at Higginbotham on Farm Road 1757. Davis was headed east and making a left hand turn into the gin and didn't see the Chevrolet. Damage to the Ford was estimated at approximately \$200 and approximately \$1000 to the Chevrolet.

last Sunday morning at 4 a.m. Winston Murphy, 28, from Denver City driving a 1968 Ford pickup and pulling a tandem trailer loaded with cattle, turned the pickup over two complete times when the left rear tire on the pickup blew out. The trailer broke loose from the pickup. The trailer did not turn over but six head of cattle were lost from the trailer. The trailer still contained ten head. The accident occurred 2.9 miles south of Seminole on Highway 385. His wife, Wanda, 21, was taken to the Yoakum County Hospital by private automobile. The trailer was not damaged. The pickup sustained approximately \$1300 damage.

Monday night at 11:00 p.m. at the Pioneer Gin, 4.3 miles north of the Hobbs Highway from Payne's Corner, approximately \$1500 damage was done to a 1969 Buick driven by Aubrey Ray Russell when a 1959 GMC pickup driven by Bobby Gene Stringer, 23, failed to yield right of way. The pickup was headed east, the Russell car north. Damage to the pickup was estimated at approximately \$150. Milage on the Buick was 8,000.

LAMESA 22

The B-team scored 4 big touchdowns against Lamesa B's last Thursday in Lamesa and came away with a well earned victory of 28-22. The B's spotted Lamesa the first touchdown then came storming back with Renne Williams running off tackle for 7 yards with a keeper play and tying the score at 6-6. The run for extra points

Jim French scored in the 2nd quarter for Seminole when he also went off tackle from 5 yards out. The points again failed and the half time score read 12-6.

The B's continued their winning ways when Joe Flud took the opening kickoff in the second half and traveled 55 yards on an excellent run to Lamesa's 25 yard line. On the very first play from scrimmage Williams traveled 25 yards on a fine pass option play for the 3rd score. The 2 point play was good when Williams threw to Ivy on a pass play.

The score was 20-14 as Lamesa came back for another touchdown. Jim French of the Seminole B's skirted right end on an outstanding run for 7 yards and the final touchdown for Seminole. Marvin Boyd was the recipient of the 2 point play when Williams threw for the extra point.

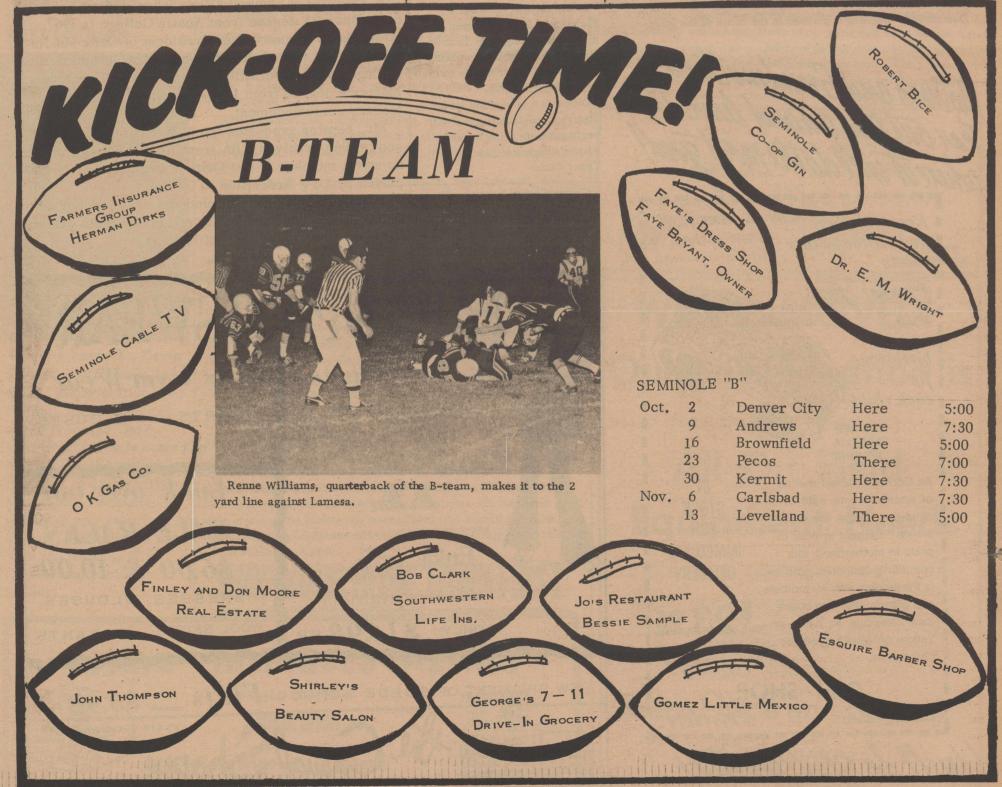

Lamesa scored again making the final score 28-22. It was a defensive battle for the remainder of the game.

170 MILES PER HOUR

Carl Bennett, owner of Carl's Auto Service, is shown seated in his "Funny Car" racer. Note the plastic body has been raised to make it easier to work on the power unit. Along with a crew made up of Jerry Norman, Dona Gerac, Bobby Wicker and Doyle Fincher, they took a first in their class at Roswell. The racer traveled $\frac{1}{4}$ mile from a standstill in 8.40 seconds, equalling 170 MPH. The motor turned up to 8800 RPMs, burned 5 gallons of fuel in two burn-outs and one ¹/₄ mile race. The crew has appeared in Hobbs and Green Valley Race Track in Fort Worth.

Bennett went on to say he had been building on the car for $2\frac{1}{2}$ years that the 1900 pound car cost him approximately \$7,000. This type racer costs between \$10,000 and \$11,000 if bought outright. The back tires alone, with the wheels, safety liners and tubes, cost \$500.

EDITORIAL

TO ALL DRIVERS

House Bill #12 was passed by the house and senate on May 13 and May 15, 1969 and signed by the governor, effective immediately, on May 27, 1969. House Bill #84 was passed on May 16 and May 22, signed by the governor June 14 and was effective September 1, 1969.

House Bill #84 reaffirms the necessity of stopping at stop signs, yield right of way signs, or traffic controlled devices, and can only enter an intersection without interference or collision with other traffic. Further - drivers must approach main intersections so as not to constitute a hazard.

The driver of a vehicle on an unpaved street or roadway never has the right of way over a paved street or highway (unless otherwise marked). The law is reaffirmed to an intersection of equal importance. The vehicle on the driver's right has the right of way. A driver involved in a collision at such an intersection is presumed not to have hielded the right of way required by this act.

House Bill #12 has to do with slow moving traffic and the importance of slow moving traffic keeping to the extreme right. The law specifically says "Slow traffic moving in the normal lane is subject to violation." (Please note - farmers, truckers, and movers of equipment - 5 miles below normal speed is considered slow traffic.) The law further states that a vehicle cannot pull into a main line of traffic from the left, leaving the right hand lane open. He must wait till the traffic clears his proper lane.

LIONS CLUB

An outstanding program was given by Les Berry Tuesday at the Noonday Lions Club on drugs, the importance of drugs, drug cost and especially the problems of getting a new product on the market. Mr. Berry gave a thumbnail sketch of the progress of a successful drug, pointing out that only 1 out of 800 to 1000 proved a real success.

In many instances he pointed out that it took from 600 to 800 small animals to prove a drug. All findings must be approved and studied by the FDA. If approved by them and tested on human beings, if no other drug will do what this one will do, then the drug can be ready for use by doctors. "Some drugs have taken ten years to overcome unnecessary or bad publicity before being accepted by the public and doctors. If you think drugs are high, think of the many, many days that some of you would have spent in the hospital, combatting disease that drugs cure up within hours or a day or two. So, in reality, drugs are not very expensive."

The freshmen on defense. #22 is Bert Bennett, #11 is Ron Bartley, and #23, about to make the tackle, is Mel Nelson.

SEMINOLE FRESHMEN 16 LAMESA FRESHMEN 14

The Freshmen could not get their offense moving last Thursday in Lamesa and fell behind by 14 points at the half. It was a different story in the 2nd half. Seminole Freshmen defense came out hitting hard, covered 5 fumbles, scored 2 big touchdowns, 4 extra points, and l in the 4th quarter. Final score Seminole Freshmen 16, Lamesa Freshmen 14.

In the 3rd quarter Roberts went 8 yards for a touchdown only to have the play called back on a penalty. On the very next play he skirted left end and did it again. Nelson went over for a 2 point play on a handoff and Seminole was on the scoreboard with 8 big points.

With 4 minutes remaining in the 4th quarter Bert Bennett swept left end on a 5 yard play to tie the score 14-14.

The Freshmen then faked a kick for a point after, Roberts threw to Nelson for the 2 big points and won the ballgame. Seminole rushed for 116 yards and 42 passing. Lamesa had none passing with 228 yards on the ground. First downs were even, with 8 each. The Indians were penalized for 50 yards, the Tornadoes for 35.

The big story of the game was the defense thrown up in the 2nd half to stop Lamesa.

Headhunters award was awarded to Caffey and Bennett by the coaches.

Jackies Squires

After having had a garage sale last week, I feel that I'm an authority on the subject. It's both a profitable and tiring experience, but a lot of fun.

JANICE MILLER and I put our wares out Wednesday night and displayed them as best we could in my cluttered garage. After going through each others goods and buying what we needed we were ready for business Thursday morning. I had just arisen when my first customer arrived. We were busy "wheelin' and dealin'" the rest of the day. By evening we had done quite well but still had a garage full. The next day as our stock was getting low, other neighbors, BOBBIE THOMPSON and VI FITZGERALD, replenished it from their houses. BOBBIE replenished her pocketbook with my hard earned money from the day before. I bought most of her goods, at fantastic prices, and later sold some of it for a profit, just for fun.

By Saturday we were really bushed and began wishing we had advertised the sale for just two days instead of three. We cut prices to the bone and then started giving clothes away.

We sold bedspreads, drapes, dishes, novelties, clothing, underwear, a dinette and some AVON bottles (we didn't know the value of until later).

We still have a good supply and may just do it again sometime.

If you are contemplating a garage sale, here are some Do's and Don'ts - advertise the date and time you'll be open, be sure someone else goes in it with you so you'll have help and someone to talk to between customers. It helps if a neighbor brings in new merchandise the second day because some people will return to see if anything new has been added, and they may have over looked something of yours the day before. Don't sell anything old without first knowing the value, you may be selling a valuable antique or collector's item.

We sold approximately \$130. worth of goods in our three day sale, my part being \$46.50 and I wound up with oodles of neighbor's belongings and \$13.10 cash. I have been asking myself ever since "Why their stuff looked so much better than mine?" and came up with a perfectly logical explaination - - Just look at the head start I'll have on them at the next garage sale!!!!

I just received word-my garage sale was a big success because BOBBY PHILLIPS, pastor of the South Seminole Baptist Church, forgot to take up the collection Sunday-Thanks Bob, I appreciate it - - - MRS. LARRY DAVIS, the former CAROL MURPHEE, shopping at the GIFT SHOP Tuesday - - - Retired postmaster, JEWELL COBB, shopping at JORDAN FURNITURE Tuesday -- - BUENA GLENN still showing pictures of that new granddaughter AROUND TOWN - - - DORIS FLEMING and children, MAR-SHALL and TERRI, shopping Sunday night at JIM'S SUPERETTE - - - IRA BOBO, JR. also picking up a few supplies there- - -

Indians Defeated By Hereford

This is a part of the story Friday night as John Frank Martin, 234 pound fullback from Hereford, was hard to bring down. Seminole 0, Hereford 20. Defenders shown are 33 Ricky Thornbury, 12 Lloyd Barker and Tommy Harrell.

Seminole lost to Hereford last Friday night 20-0.

Craig Wall at 160 pounds, Bill
Hearne at 153 pounds, along
with Tommy Harrell, 158 pounds,
were tough against the likes of
Marsh Pittman at 184 pounds,
John Frank Martin at 234 pounds,
and Tony Gorman at 232 pounds,
for more than 3 quarters but gave
up 3 touchdowns in the waning
minutes of the game to lose 20-0.
The Indians played well. The

Whitefaces showed 2 good backfields and an array of 28 seniors, 13 juniors, and 1 sophomore to win over the Indians. They were big and they were tough.

With $6\frac{1}{2}$ minutes remaining in the game Hereford got their first touchdown. It was a game of defense all the way to this point. The opponent started out like they were going to drive Seminole into the ground from their 21 yard line to the Seminole 10

before they bogged down.

Frank Gady got the first big tackle then it was Whisenhunt for a tackle and then it was Everett Haller. Next it was Tommy Harrell's time. Bill Hearne rose up to stop them, also Lloyd Barker, then Lavern Bennett and the see-saw battle game was on. Bennett recovered a fumble. Gene Sims intercepted a pass. Hereford's kicker was caught deep in their own territory, but their huge line refused to let the Indians go in for a score.

With Hereford's big interior linemen spread out it allowed their linebackers to move out and stop any sweep around right or left end. After the original score by Hereford the Indians got a bad break on penalties and that was the ballgame. Then Hereford took advantage of a beat down line and scored 2 more times. With 3 minutes to go Hereford scored again and a minute later they scored their final points.

Seminole missed another good chance to score in the final seconds when Lavern Bennett missed a pass. Seminole's punting was outstanding. They were sharp on defense and the Golden Cranes had better watch out Friday night as the Indians are going to win some ballgames.

Frank Gady makes a first down at last Friday night's ballgame against a tough Hereford line.

Gus says it looks to him like about the only thing different between the itch and an allergy is the size of the doctor's bill. Mrs. T. J. Brewer of Holdenville, Okla. is visiting in the home of her son, Mr. and Mrs. Monte Paxton and family.
