

## HAPPY FANS - CRANE

### SWOODENFOOTE

In 1946 when we moved from California to Texas we left good friends behind. You know, you forget how good friends they were until you see them again. The Reese Waltons visited us recently. We hugged them and they hugged us and our teenagers stood with open mouths. Since then we've seen the Les Burkharts, also the C. Burkharts.

In 1947 we moved from Odessa to Seminole and promised faithfully we would visit the Wesley Mickeys, the Bob Loves, the Rhodes, the Hobbs, and many more, only to be reminded when we see them that we have not visited many times.

There are friends in San Angelo, Waco, Navasoto, Troup, Houston, California, Hawaii, Michigan, Minnesota, and many other places that we'd like to visit, but no time.

One of the best things about living in Seminole is the wealth of good friends. The best thing about Hilo was the good friends we left behind, the people we went to church with, the people Frances went to school with, our Japanese and Chinese neighbors and the people at the newspaper. When they tell you good-bye they mean it and shed tears. See p. 3

### FARM BUREAU MEETS

October 16 will be the big day for the Gaines County Farm Bureau. The County Convention will be held in the Seminole Community Building, starting at 7:30 p. m., according to president Dayton Elam. Sydney Dean, president of the Texas Farm Bureau, will be in attendance and will make the main address.

To be considered this year at the convention are two important changes in the by-laws; (1) the number of board members from 14 to 9, (2) raising dues from \$10 to \$15 per year.

Mr. Elam went on to stress the importance of every member being present to participate in the 1969 County Convention for Gaines County and to hear and meet the president of the Texas Farm Bureau.

Coffee, donuts and drinks will be served.

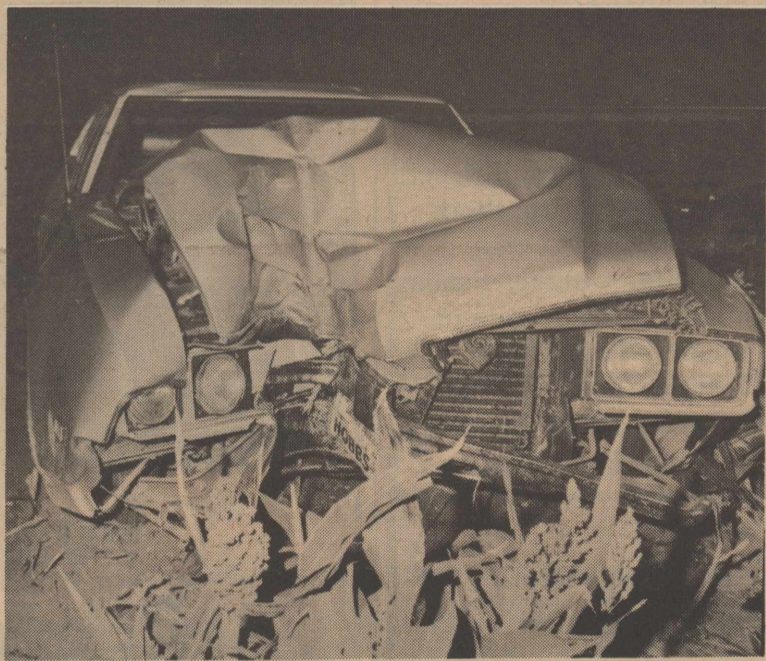

HAPPINESS IS --- A ballgame, a band and anticipation of winning.

AND SEMINOLE SCORES AGAIN --- A part of the fans at last Friday night's victory over Crane. Hey Foote, the ballgame's over this way!

## MANY WRECKS - SEVERAL INJURED - NONE KILLED ★ ★ ★

A 1969 Olds after it hit a high line pole. Note the electrical wire in line with the car roof in the right hand part of the picture. Only one wire came down with the pole. The other one came loose and stayed in its proper place.

And the woman lived! Donna Lee Strance, age 35, was released from Memorial Hospital at noon last Thursday after shearing a high line pole 13 miles west of Seminole on the Hobbs Highway. The driver's address was given as Hobbs Apartments, 1002 East Clinton, Hobbs, New Mexico. The accident occurred at 4:15 a. m. last Thursday morning when the driver, traveling east, evidently lost control and struck a high line pole on the right side of the highway.

Lee Jones, living across the highway, summoned an ambulance after being awakened by a passing motorist.

The 1969 Oldsmobile Cutlass did not sustain a broken glass. One had to be broken to release the driver. There were no passengers.

The Mercury Cyclone after a high speed chase last Sunday night. At 10:05 last Sunday night the

driver of a 1966 Mercury Cyclone lost control while drag racing with another car and completely demolished the car. Estimated loss was between \$1000 and \$1200. The two cars were headed north at a high rate of speed and were being pursued by James Clark, City Patrolman, when the accident occurred.

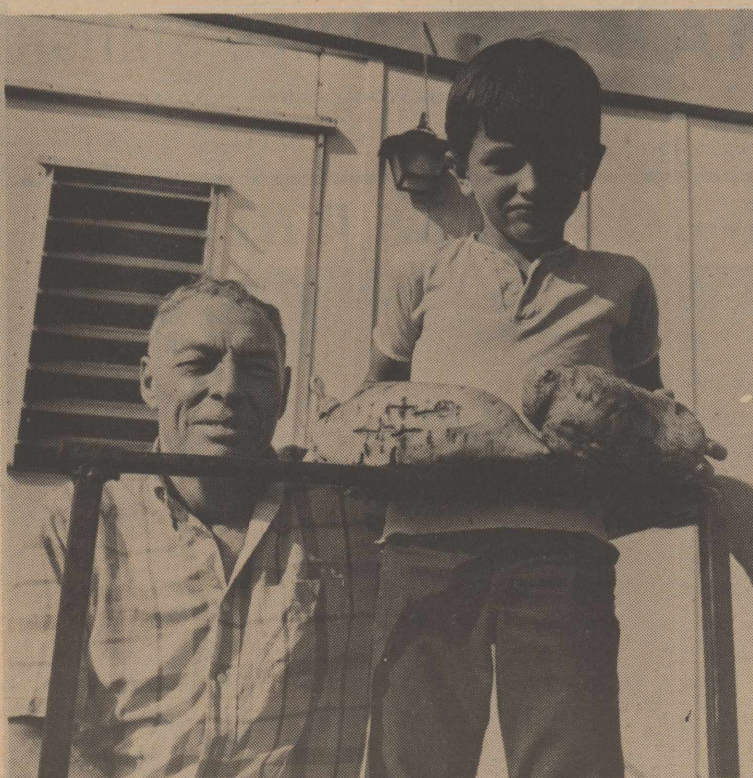

Vicente Rivera Adame of Brownfield, Texas, was the driver of the wrecked car. His wife, Alicia, 17, was a passenger along with Frank Gutierrez, 13. The 13 year old boy received a bad gash on the back of his head and was treated and released as were Mr. and Mrs. Gutierrez, with cuts and bruises.

The accident occurred .8 mile north on the Seagraves Highway on the curve. Patrolman Clark stated that he was making 90 MPH while in pursuit.

The car left the highway on the curve, went to the center median, tearing out a post and coming to its final resting place on its top.

The other car, a 1963 Ford, was driven by a 17-year-old of Seminole. Both drivers were given citations; contest of speed, also the Seminole resident did not have a driver's license.

### Anyone For Potatoes?

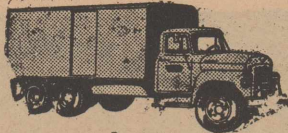

Fred Oliver displays two potatoes held by his seven-year-old grandson, Thomas Mack Wood. These sweet potatoes were grown at 214 N. W. Ave. H. and weigh 7 pounds. The potatoes were planted May 15 and dug last Thursday. Mr. Oliver said each hill or plant produced 11 pounds. Thomas Mack lives at 106 S. W. 12th St.

Mr. and Mrs. Kenneth Rhea talked with their son, Kenneth Lee and his wife, Ginger, Sunday night. They reside in Rhode Island where Kenneth Lee is in the service. They hope to be home for Christmas.

MISS MOLLIE HOLMES, AUNT OF E. L. ROBERTS, CELEBRATED HER 99TH BIRTHDAY AUGUST 20TH. MISS HOLMES RESIDES IN VERNON AND IS VERY ALERT FOR HER "YOUNG YEARS". SHE WAS BORN IN TENNESSEE AND CAME TO TEXAS WITH HER PARENTS AT AN EARLY AGE. SHE CAN REMEMBER AND ENJOYS TELLING ABOUT THE INDIANS BORROWING SUGAR FROM THEM IN ELLIS COUNTY. MISS HOLMES' SISTER, MRS. ELLA ROBERTS, RESIDES IN LAMESA. MRS. ROBERTS WILL HAVE HER 83RD BIRTHDAY THIS MONTH.

## Two Good Reasons for Feeding Creep Chow

The calf, of course, gets the benefit of the extra energy, protein and other nutrients in Purina Creep Chow. He needs them if he is going to reach market weight quickly and bring top price. Purina research shows that creep-fed calves average 40 to 60 pounds heavier at weaning.

But mother cow also benefits from creep feeding. She isn't "suckled down" as heavily by a creep-fed calf, therefore, she is in better condition during the breeding season. Creep feeding can make a dollars and cents difference in the conception rate of your brood cows.

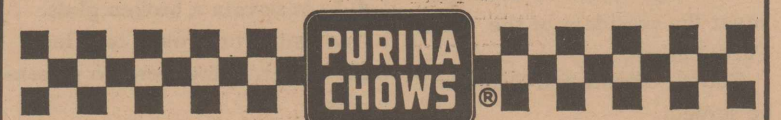

To learn more about how Purina Creep Chow can help you increase your herd production, drop in. We're at the store with the Checkerboard sign.

DENVER CITY 22

The first quarter was a defensive test for both sides and it wasn't until midway through the second quarter that Donald Roberts hit Mel Nelson for 22 yards and a T. D., to break the scoreless struggle. Bert Bennett converted the extra point and it was 7-0. Denver City came right back, and after seven plays, went 41 yards on an end sweep for a touchdown. They missed the extra point and the score was 7-6.

Denver City kicked off to Seminole following their touchdown and Bert Bennett carried the ball back 83 yards for Seminole's second touchdown of the day. The extra point was missed and the half ended 13-6 Seminole.

The second half was all Denver City as the young Indians fumbled the ball 13 times and lost 2 of them. The only bright spot for the Freshmen came after Denver City's third touchdown when Bert Bennett again returned the kick-off for 59 yards, setting the Freshmen up on the Denver City 20, but they fumbled on the next play and Denver City took over and the game had ended for the Freshmen. Final score Seminole 13, Denver City 22.

The Freshmen play in Andrews tomorrow at 7:30 p. m.

Seminole had 8 first downs, 214 yards rushing, 5 for 10 passing, 47 yards passing, 15 yards penalized, 13 fumbles - lost 2, to Denver City's 8 first downs, 235 yards rushing, 1 for 0 passing, 0 yards passing, 40 yards penalized, 2 fumbles, lost 2.

WOODENFOOTE

FROM P. 1

FRIENDSHIP

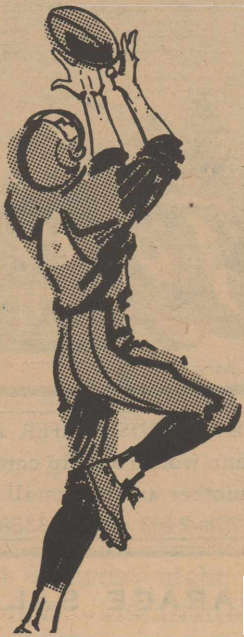

Friendship needs no studied phrases,  
 Polished face, or winning wiles;  
 Friendship deals no lavish praises,  
 Friendship dons no surface smiles.  
 Friendship follows Nature's diction,  
 Shuns the blandishments of Art,  
 Boldly severs truth from fiction,  
 Speaks the language of the heart.  
 Friendship favors no condition,  
 Scorns a narrow-minded creed,  
 Lovingly fulfills its mission,  
 Be it word or be it deed.  
 Friendship cheers the faint and weary,  
 Makes the timid spirit brave,  
 Warns the erring, lights the dreary,  
 Smooths the passage to the grave.  
 Friendship-pure, unselfish friendship,  
 All through life's allotted span,  
 Nurtures, strengthens, widens,  
 lengthens,  
 Man's relationship with man.  
 AUTHOR UNKNOWN

Undoubtedly some of the friends that I'm proudest of are some first and second graders who have been overheard to say, "That's Mr. Woods, he's my friend, he made my picture," or Loren Fleming who holds out his hand at school and says "Hi, Walter."

I close with this phrase from Helen King ---  
 If we give love and sympathy  
 Even to those who hate us  
 We fill them so with mystery  
 They know not how to rate us.  
 Spent the night with the C. W. Browns in McCamey Friday night.  
 It was wonderful to visit with you again.

Freshmen on defense against Denver City.

And he did it again, and again, and again, as Laverne Bennett scored three times against Crane. Two of the big reasons he moved the ball was because of Frank Gady, #40, and Gary Don Ray, #11, as they were blocking well.

**NO SIDE DRAFT**

*Works like a tandem; Cuts like an offset*

- Operates the way you operate a tandem harrow. Turns either direction at the end of the field.
- Properly adjusted, it creates no side draft.
- Extra cutting action eliminates necessity to overlap each turn over the field; eliminates furrow on each side of the harrow; leaves smooth, level field.
- Available with round and cut-out discs.
- Sizes suitable for all popular tractors.

### Letter to the Editor

Dear Editor;

Maybe Gaines County does have some forests! Note the information on shin oak. The shin oak of West Texas, a true oak tree, grows only three feet high. Here are some more you might like, I found the one about the weeping juniper interesting. The weeping juniper tree is found only in the Big Bend of Texas. Did you know about the corkwood tree and the Texas ebony? The corkwood tree from Texas provides the lightest wood grown in this country. Seeds of the Texas ebony tree are used by some Mexicans as a substitute for coffee.

John Golman

To John Golman and the many others who commented about Gaines County last week - thanks. We refer you to the issue of March 5, 1969 about the one bridge. It is 16 feet wide, just north of Cedar Lake, on the Homer Doak draw. However, we stand corrected about the forests. Bob Clark called to say that we are in one of the largest hardwood forests in the world. If the shin oak of West Texas is considered a forest tree, no doubt, he's right. Also if it is a true statement it's almost unbelievable because the root system is larger underground than the tree is on top of the ground. We not only live among the trees but on top of them. Thanks for your comments and contributions. The information concerning trees in this issue has been taken from the Credit Union Publication. SEMINOLE NEWS is 100% Home Owned.

### 39 YEARS YOUNG

Chester Browne, County Judge, returned to his office last Friday to find this birthday cake and a party awaiting him. He said it was Number 39. He did not say, however, if this meant years old or years in office. Coming in to join the party from the judge's chamber, is Eugene Davis.

SEMINOLE BEES 6  
DENVER CITY 16

The Seminole Bees scored in the final period of their play against Denver City but it was too little too late as they went down to defeat, 16-6. The Bees moved the ball real well but failed to make a first down on the Denver City 8 yard line on their first possession. A penalty killed them on their second possession.

Outstanding on defense for the Bees was sophomore Terry Ivy, who got 4 unassisted tackles, Joe Flud with 4, Grady Martin with 2 and Charles Russell with 2.

Denver City had a hard time moving the ball and did not score until 1 minute before the half. They scored again with 2:20 remaining in the 3rd quarter, to make the score 16 points in the

their favor after a fumble by the Indians.

Jerry Brown had some outstanding runs, 1 of 34 yard. Kregg Pierson made good yardage as did Joe Flud on offense. Jim French had the honor of making the only touchdown for the Bees. With 3:20 remaining in the game French took a pitchout on an option and covered the remaining 14 yards behind good blocking and on a fine run. They missed another chance in the final 2 minutes to score when a back missed an open field touchdown pass.

Final score Seminole Bees 6, Denver City 16.

Linda Rodgers of Grand Prairie spent the week-end with her brother, Mr. and Mrs. Edward Rodgers, David and Dianna.

### GIRL SCOUT TROOP 118 MEETS WITH LEADER

Girl Scout Troop #118 met with their leader, Mrs. Stan Basham on Wednesday, October 1, at the Community Building.

The girls practiced signs and hand salutes, learned the Girl Scout promise and the meaning. Later, they divided into groups to study their laws, made paper puppets, which the girls used to give a skit, dramatizing each law.

Lists were made of what each girl would like to do and accomplish this year.

One of the troop's accomplishments recently was to furnish all the brownies for the Girl Scout Booth at the Swine Sale last Saturday.

Members of the troop are Melody Morgan, Cristy Woodruff, Gwen Oats, Dana Autry, Donna Sawyer, Robin Willett, Vanessa McDonald, Celesta Wickson, Cristy Webb, Melissa Head, Diane Jones, Sherry Rumans, Mary Ann Sanchez, Kim Buck and Tenna Roberts.

The week of prayer and the GA coronation in December was emphasized Monday afternoon at the GA meeting at the First Baptist Church by the 8th grade girls. Any girl, age 9 through 15, is welcome to join the Girls Auxilary. They meet each Monday at 4:00 until 5:00 PM. Seated, left to right, Jan Mutchler, Annette Welles and Ina Beth Decker; standing left to right, Joni Salmon, Brenda Baker, Tanya Bailey, Linda Oats and their counselor, Mrs. Orville Rogers.

### CARD OF THANKS

I wish to express my many, many thanks for every expression of kindness and concern shown me while I was in the hospital and since I have returned home. May God bless each of you.

Pat Ballew

### Personals

Mrs. Ginger Buzan and Marsha were in Mineral Wells over the week-end to visit Ginger's mother, Mrs. Esther Maerk and brother, Mr. Allen Maerk.

## GUEST EDITORIAL

Always we hear the plaintive cry of the teenagers: "What can we do? Where can we go?" The answer is: GO HOME.

Hang the storm windows, paint the woodwork. Rake the leaves. Mow the lawn. Shovel the walk. Wash the car. Learn to cook. Scrub some floors, repair the sink. Build a boat. Get a job. Help the minister, priest or rabbi, the Red Cross, the Salvation Army. Visit the sick. Assist the poor. Study your lessons. And then when you are through---and not tired---read a book.

Your parents do not owe you entertainment. Your village does not owe you recreation facilities. The world does not owe you a living. You owe the world something. You owe to it your time and energy and your talents so that no one will be at war or in poverty, or sick, or lonely again.

In plain, simple words; Grow up; quit being a crybaby, get out of your dream world... start acting like a man or a lady.

### GAINES COUNTY RE-EVALUATION BEGINS

Maburn L. Harris, president of Southwestern Appraisal Co., Inc., visited Seminole and his company has begun their appraisal and re-evaluation of the surface of Gaines County. Mr. Harris assured the News "We do good work and we will do you a good job." He went on to tell how that land and improvements would be evaluated. (1) Go back for 2½ years and check sales on land, houses and other real estate to establish values. (2) What is the property doing, bringing in, or being used for? (3) What the property can be used for best. (4) Aerial maps will be obtained and properties set in. (5) Houses will be measured. What kind of roof, walls, construction, baths, etc., that would establish value.

"I have three men working here now, doing background work. At different times I will have as many as 12 to 14 people working in Gaines County."

Mr. Harris asked that the people cooperate with him and his workers in the checking of their property. They will not go inside of houses but ask questions concerning the inside of the houses. The question was asked the president of the company "Will you earn what you're charging?" Answer - "Every dime of it."

It is hoped that Southwestern Appraisal Company will do the kind of job that will earn their pay and that there will be only a minimum amount of adjustments that will have to be made.

A pickup load plus a 4 wheel trailer load of watermelons turned over when the right hand rear tire on the pickup blew out, causing the vehicle to go out of control. \$170 worth of watermelons were lost. \$900 worth of damages were done to the pickup and \$200 to the trailer.

The Gaines County melons had been purchased by W. S. Wright, 72, of Odessa, Texas.

The blown out tire plus the sheared off sign can be seen in the picture.

The accident occurred 18 miles north of Andrews and 10 miles south of Seminole on Highway 385, at 1:30 PM Tuesday.

The pickup was a 1969 International towing a four wheel custom trailer.

BY MRS. BUCK CUNNINGHAM

Mr. and Mrs. Keith Young were honored at a Housewarming party in their newly remodeled home on Tuesday evening, September 30. The refreshment table was covered with a gold tablecloth and centered with a crystal bowl filled with yellow mums and flanked by crystal candlesticks with yellow candles. Cake and cookies were served from a crystal plate and punch from a crystal punch bowl. Coffee was also served.

There is more home building going on in the area. Mr. and Mrs. Roy Medlin are building a new home on their ranch. It should be finished in two or three weeks. Mr. and Mrs. Monty Williams have nearly finished a remodeling job at their house, adding a play room and double garage. Work will start soon on a new home on the ranch for Mr. and Mrs. Jiggs Williams. Mr. and Mrs. Stanley Ancinec are continuing work on their new home. A friend of ours visiting in the community remarked on the number of attractive farm homes in and around the community.

Faculty members of the Loop School attended the T. S. T. A. meeting in Seagraves Monday night.

Apparently it wasn't our week for football. The Jr. High played at Welch Thursday evening and lost 52-0.

The Longhorns made a long trip to Cotton Center Friday evening to tangle with the Cotton Center Elks. The Elks proved to be too much for the Longhorns as they went down to defeat 44-6. Loop's lone score came in the third period.

District play begins at home Friday night when the Longhorns face the Garden City Bearcats at 7:30. The Longhorns have a record of two wins and two losses. There will be a social hour following the game in the

Community Building.

The Junior High plays Wellman at Longhorn field Thursday at 6:30. Twirlers for the Jr. High Pep Squad are Brenda Smith, Rhonda Smith and Elaine Freeman. Cheerleaders are Elizabeth Caughron, Tina Bingham, Genna Lee Ellyson and Pam McKenzie. Mrs. F.W. McDonald is sponsor.

Mr. J.E. White and FFA members, Larry Caughron and Jackie Newton, attended the Mesa District meeting at Dawson School at Welch. They were met there by Dave Cunningham of South Plains College, FFA member from Loop and Area Vice President.

The meeting was a joint FFA and Teachers Meeting. The program was by Mr. Tomlinson of the Material Center at Texas A&M University. He spoke on the numbers and types of jobs in agriculture.

After the program the group broke into separate meetings. The FFA heard a report from Dave Cunningham on the Area Leadership School. Plans were made for the District Sweetheart Banquet to be held at Lamesa later this year. Larry Caughron and Jackie Newton were voting delegates.

A very entertaining musical program was presented by the students Friday afternoon in the afternoon in the school auditorium. Following this there was a pep rally in the gym with lots of noise and school spirit.

Mr. and Mrs. J. C. Chaffin and family entertained with a birthday supper October 1 for Mrs. Chaffin's father, Mr. J.A. Merritt. In addition to Mrs. Merritt, guests were Grandmother Merritt, Mr. J.E. Burns, father of Mrs. J.A. Merritt, and Miss Estelle Merritt. Another daughter of Mr. Merritt, Mrs. Jimmie Anderson, called during the evening from Newport News, Virginia, to wish her father a happy birthday.

Mrs. Ellaree Holladay of San Marcos was visiting her sons and their families over the weekend. She visited with Mr. and Mrs. Billy Holladay and family, Mr.

and Mrs. J. C. Chaffin and family and Mr. and Mrs. Raymond Chaffin and family.

Visiting in the home of Mr. and Mrs. Buck Cunningham Friday night were their daughter, Margaret, and Miss Fern Mikiska, both of Kermit.

The Loop Co-op Gin ginned two bales of cotton last Friday for Mr. Louie Hamilton. This cotton was hand pulled and was a short staple variety. He had 4270 lbs. of seed cotton and ginned two bales weighing 580 lbs. and 660 lbs. This was the first cotton for the Loop area, although the Loop Gin ginned the first bale for the county in August for Mr. Clanton of Seminole. Mr. Bert Davis, manager, says they are ready for the new season with their equipment and facilities repaired and up to date.

The Paymaster Gin of Sawyer Flat is also ready for the season. Mr. Howard Brooks, manager, says if the weather clears they expect to have some cotton in about another week.

Mr. and Mrs. Richard Dickerson of Canyon visited her parents, Mr. and Mrs. Howard Brooks.

The Junior Class is now taking orders for mums for Homecoming. Prices range from \$2.75 to \$5.25 and the deadline for ordering is October 21, 1969. They will be ready to pick up by Friday, October 24, by 2:30 in the Home Ec Room. Remember Homecoming is October 24 so see any Junior Class member or Mrs. Patsy Walters.

The High School girls are beginning basketball practice with extra workouts after school, under Coach Fred Hamilton. The first game will be on October 21, so make plans now for basketball season.

The Loop Young Homemakers met Monday night in the Ag room at the school with Mrs. Keith Young, president, in charge. Dues were collected from those present and remind all those who wish to be members to pay their dues. They voted to meet on the first Monday night. They voted to

The employees of Jo's Restaurant surprised their boss, Bessie Sample, with a birthday party last Monday at 5 p. m. She is third from the left with gifts and flowers on the table. Those attending were Paula Gressett, Bobby Myers, Wanda Abshier, Carmen Driver, Al Pickett, Shasta Price, Georgia Ribble, Lola Grisham, Dolly Reid, A.B. Taylor, Tom Reid, Alice Bell, Pat Ward, Juan Garcia, Lillie Casanova, Bill Robbins and Dolly Ivy.

be the Loop representative in the Loop-Seagraves Community Chest.

The upcoming Halloween Carnival was discussed and plans were made to have it Saturday evening, November 1, in the Community Building. Committees were appointed for the different booths. There may be a surprise or two this year, so make plans to come. The "UGLIEST MAN IN LOOP" contest?? Mrs. Eldon Harris and Mrs. Donald Floyd served refreshments of punch and cookies. Present were Mmes. Keith Young, F.W. McDonald, Terry Tennyson, Royce Cornett, Jack Kelly, Eddie Foshee, Homer Smith, Eldon Harris, Robert Scott, Buck Cunningham, David Oats, Donald Floyd and Rusty Freeman.

There was a rather widespread shower area on Saturday evening. Most of the rain was east of the Loop community. Loop had about .2 inch, with just a shower to the west, but amounts ranged from an estimated 5 inches several miles to the northeast and around 2 inches in the Sawyer Flat area. We were glad to see the sun again this week.

The Loop Young Farmers met Monday evening in the Community Building. During the business session dues were paid and final plans were made for the turkey shoot. It will be this weekend, just east of Loop and will be all day Saturday and Sunday afternoon. After the business session Mr. George Rice, of the Department of Labor, spoke on the labor situation. About 25 men were present for the meeting.

Dr. and Mrs. Gene White, Brad and Dana of Eules visited a few days with his parents, Mr. and Mrs. J.E. White.

Now that my children are all out of school and our oldest grandchild is a first grader I was interested to see if the first grade was like it used to be. I paid a visit to Loop's first grade room and at first glance everything seemed the same, blue jeans, plaid shirts, cotton dresses, curls and pigtails. I found Mrs. Carolyn Lowe in charge of 25 little people. She explained their schedule and showed me

some of their work. That is where the difference is. Their approach to learning is different. As she explained it, instead of telling what one must learn, the pupils find out for themselves what they should learn. Their daily schedule calls for the pledge to the flags every morning. The children stopped their work long enough to recite the pledges for me. First the pledge to the National flag, then to my surprise, the pledge to our Texas flag. I had to admit I didn't know that one.

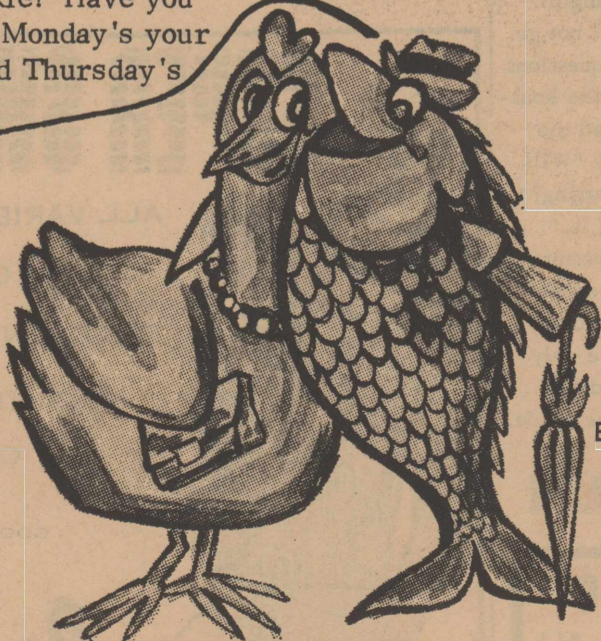

Arithmetic is first on the day's work, then reading activities until noon. During their reading work she is assisted by Mrs. Ann Hamilton, teacher's aid. After lunch there's the usual rest period, followed by a music period, with Mrs. Connie Hoover in charge. In the afternoon they have more work in reading and phonics. They were almost finished with their reading readiness book and are all looking forward to getting their first real reader next week. They have a recess of free play in the morning with a physical education period of organized activity under Mrs. Hoover in the afternoon. First grade students are Danny Alvarado, Sally Alvarado, Cheryl Bagwell, David Basquez, Sara Bingham, Robert Briscoe, Alvin Gusman, David Hamilton, Darrell Houston, Donnie Houston, Joe Juarez, Rhonda Mull, Debra Nail, Robert Owens, Carolyn Rolen, Penny Scott, Tanya Sellers, Michelle Smith, Mary Bodaya, Alicia Garcia, Alfred Garcia, Joe Garcia, Isabel Chavez, Odelia Salinas and Erasmo Rocha.

All in all, first grade is still a lot the same- the lost pencil, the questions after you've explained, and the pride on little faces when they show you what they've learned.

## SEMINOLE 28 - CRANE 14

HA!!!, A lot of you said it couldn't be done - Seminole over Crane? - How ridiculous - The Score? Seminole 28 - Crane 14. Ah Revenge - how sweet.

In the earlier ballgames during the year the defense far outdid the offense, but the charges of Jake Harrell put them both together when they played Crane last Friday night.

Big on defense was Ricky Thornbury with seven tackles, followed closely by Everett Haller with six. Mike Walker, playing in the secondary had 5, Lloyd Barker had four, as did Lavern Bennett. Ray Hitch was in on many tackles but had three, unassisted. Those with 2 tackles each were Frank Gady, Bill Hearne, Tommy Harrell and David Foote.

The big show last Friday night was the running of Lavern Bennett and the great option plays run by Gary Don Ray and the kicking of Danny Whisenhunt. Ray, a sophomore quarterback, ran the option like a pro. He made the Golden Cranes commit themselves and if more than one did, pitched over their heads to Lavern Bennett, and he made the 5, 6, 8 and 10 yard gains. If they did not play him tough he simply tucked the ball and went for the yardage himself. Bennett broke into the scoring column and scored 6 points with 1 minute and 58 seconds remaining in the first quarter when he scooted in on a 12 yard play. The first of Whisenhunt's 4 extra points were good.

Crane came back and tied it up on a 13 yard play but Seminole was not through before the half. Crane had to kick and the ball was centered over the kicker's head. He went back and fielded it on the 4 yard line, only to be roughed up.

The Indians made their big play with 25 seconds remaining in the half when they had a 1st down and 19 yards to go. Ray threw to Bennett for 15 yards and Bennett scored a TD on the next play. Seminole held

a halftime advantage of 14 to 7.

The Indians played well against the wind - when they scored their third touchdown and upped their lead to 21-7. When Ray kept on an option play for 14 yards, 10 minutes & 57 seconds remained in the game.

The Golden Cranes were not through. They came back to score again in 2 minutes time. Their rejoicing was all for naught with 1 minute & 42 seconds remaining in the game, Bennett scored for his third time, to bury the Golden Cranes.

The big play of the night was the 15 yard touchdown pass after the 15 yard penalty and Seminole's 2nd score. The two punts of Whisenhunt against the wind were great. The trip home was not nearly as long as it might have been if the score were reversed. The Indians will journey to Lovington Friday night for a game at 7:30 p. m. (Texas time).

AND ANOTHER THING, THEY HAD HOLD OF HIS FACE MASK!!

The Volkswagen that turned over one complete turn last Monday.

The Chevrolet that hit the Volkswagen last Monday morning.

At 7 a. m. last Monday morning a 1965 Volkswagen bus, driven by Franklin Delno Walker, 35, was rammed from the rear by a 1967 Chevrolet driven by Lee Oliver Brown, 26, from Midland, Texas. Mr. Walker, who had recently moved here, gave his address as 608 N. W. 4th St. and is an employee of Amerada Petroleum Company.

He was on his way to work when the Chevrolet, driver evidently asleep, struck him. The Chevrolet traveled 114 feet after the point of impact, the Volkswagen 156 feet, turning over one complete time.

Walker sustained a deep head laceration. Each vehicle was estimated to be damaged \$1200. The accident occurred 2½ miles northwest of Seminole on the Denver City Highway, with both vehicles headed toward Denver City.

With the weather getting cooler it's a lot more pleasant trudging from store to store in search of advertisement. More people seem to be out enjoying the cool weather after those terrible hot days not long past. Seeing DON MOORE and EARL BARTLEY in deep conversation on Main Street Monday morning. ---STAN BASHAM invites all of the local artists who wish to display their work at STAN'S FINE JEWELRY to bring it down. ---MR. and MRS. N. S. WOODS shopping downtown Monday. ---It isn't true that all banks have a cold atmosphere. The SEMINOLE STATE BANK seemed to be the gathering place Monday for friends to visit; LYNN GARRETT, JAMES PHILLIPS, BEN MIETH, CHARLES WRENN, BOBBY PHILLIPS, and N. S. WOODS were among those I caught a glimpse of. LYNN GARRETT asking about my garage sale and JAMES PHILLIPS saying he still has some cars, without too much hail damage, for sale. (Sure glad I bought mine before the hail storm.) The bank employees were busy bees waiting on this crowd. ---BESSIE SAMPLE was doubly surprised Monday evening at JO'S RESTAURANT, thinking she was being called back to the cafe to meet with an Internal Revenue Representative, she was pleasantly surprised with a birthday party. Birthday parties are a lot more fun than tax parties. Right, Bessie??? Happy birthday from the NEWS STAFF. ---LORETTA SUBLETT blending in so well with the blue decor in her show window at the MODE O' DAY. **7TH GRADE**

**SEMINOLE 14 - DENVER CITY 0**

The 7th grade defeated Denver City 7th last Thursday on the passing arm of Sammy Harrell and Mark Stone and the running of fullback Mike Nelson. After a see-saw battle in the first quarter the Warriors lined out in the second quarter and with 3 minutes to go before the half Mark Stone threw to #86 Doug Gressett for 20 yards and the first TD of the game. On the points after Pete Hicks, an end, hauled in a 2 point play on a pass from Sammy Harrell to make the score 8-0.

The 3rd quarter was a fine defensive game led by the tackling of Leland Sheets, a guard. In one stretch he got 5 unassisted tackles. Other good tackles were made by Ray Garrett and Randy Clark.

The Warriors scored again with 1 minute to go in the game. Harrell threw to Doug Gressett for 18 yards. Mike Nelson went for 7. Harrell to Pete Hicks for 10 yards. Harrell to Hicks again for 8 yards and then the quarterback threw to Jerry Medrano for the final score Seminole 14 - Denver City 7th 0.

The big story about the Seminole 7th; they have not been scored upon.

## EDITORIAL

In the last two or three weeks in the Seminole area, automobile drivers, usually of the younger set, have been drag racing one another, also trying to outrun City Police and the Texas Highway Patrolman

In the last two or three weeks in the Seminole area, automobile drivers, usually of the younger set, have been drag racing one another, also trying to outrun City Police and the Texas Highway Patrolmen. Both would like to point out several things that drivers fail to realize.

1. The great thrust of power that today's automobiles have available.
2. How quick an accident can occur when speeds in excess of 100 mph are obtained.
3. The inability of most drivers to recognize their deficiencies at the wheel.
4. The stupidity of any driver that thinks he can outrun a patrol unit that is built for fast speeds.
5. The stupidity of a driver that pits his skill against a Highway Patrolman that has been trained to drive his unit in every condition and on every kind of road.
6. Failing to recognize the importance of a driver's license and the importance of obeying the law.

I only wish that some of you who think you are such good drivers and have such good cars could observe the mothers and fathers as they have seen the remains of bodies, parts of bodies and twisted metal.

I further wish that some of the young drivers could see other drivers when they stood at the scene of an accident that they had caused and hear them pray out loud and cry out loud and beg out loud, wishing it could have been them instead of those that were awaiting the removal by the ambulance.

Would that some of you fast drivers could have seen the grandmother that tenderly picked up the doll of her two year old dead granddaughter.

If it were just you that got maimed or killed, that would be bad - - - but for a few minutes of pleasure enjoyed only by you, it is a great price for someone else to pay.

What is today's education all about? For one honest view of it, I decided to ask people who should know - the kids in class. I questioned pupils in six public elementary schools of Waynesboro, Va., to find out what six key words in our school system mean to them. Their unedited answers convinced me that, despite all the complicated vocabulary used by educators, the pupils really have the most interesting definitions.
