Seminole News

"With malice toward none—With charity to all." Abraham Lincoln

Vol. IV Page 1 No. 12 Pages 20 SEMINOLE, GAINES COUNTY, TEXAS 10¢ June 24, 1970

One of the fun things about living is living in the size town where you know nearly everybody. There's very definitely some disadvantages. You know a lot of my faults and I know a few of yours. But then there's such outstanding people to get to know that the good outweighs the bad.

Where else on earth could you find a Mrs. R. M. E. Hughes? Well, you just couldn't. We're having a party for her Friday, July 10. You're invited. You'll never meet another one like her in your life.

Where else would you go in this whole wide world to meet a R. W. Pittman? The Old Timer is such an individualist. He'll be found only at the Pittman building in Seminole, Texas. He has all the intentions of living to be a hundred and can give many convincing reasons concerning his intentions. He's the only man I know of past 80 years who when reaching a swollen stream, in the mountains in New Mexico, too wide to jump simply got a pole and vaulted across.

I can't think of a more delightful visit in the world than walking around the corner and knocking at the back door of the Dee Cokers'. I could smell the red beans cooking when I went in the back gate. It was only but 9:30 a.m. but I knew there was going to be cornbread, onion and ice tea. I like this town and I like these kind of people. If you've got an hour, Mr. Coker can tell you about his saddle that stayed on the dead horse overnight and ruined it. He can tell you about hunting for artifacts in all of West Texas and New Mexico and if he makes a mistake or needs help he has that delightful companion, Eunice, to help him out. There's the head of a buffalo. There's the findings in an Indian grave and prehistoric animal bones. There are many items of the horse and buggy days. Arrowheads and on and on. You couldn't find another.

JOE SMITH APPOINTED TO BOARD

237,000 Hens?

Kuhl Baugh, manager of Circle H egg farm, is shown in one of the laying houses with the laying hens elevated row on row with 4 to 6 to the compartment. Can you see the bills of the hens where they've been clipped off?

How long does it take to gather eggs from 237,000 hens? Ask Kuhl Baugh, manager of the Circle H egg farm, just north of the Gaines County Park on the Seagraves Highway. Workers start gathering eggs at about 11 a.m. and try to finish by 4 to 5 p.m. When you buy McMurry eggs, Ideal eggs or Circle H eggs, the eggs are from the operation where from 10,000 to 20,000 dozen are gathered per day.

The home place, or the McMurry operation, houses 180,000 hens in 28 houses. The Martin farm, 3 miles away, 13,000 in 3 houses, and the Seminole Farm, just south and east of Seminole on Telephone Road, 44,000 in 10 houses. The present owner is Anderson Clayton. The feed is hauled from Abilene, Texas and furnished by Paymaster.

- In major action Monday night the School Board unanimously appointed Joe Smith to fill the unexpired term of Dan Martin who has moved from Seminole.
- The Board also met with oil tax representatives to discuss the 1970-71 proposed school budget. The two companies represented were Texaco and Shell.
- The resignation of Novice Kniffin was accepted.
- Mrs. Ophelia Mercer and Mrs. Carrie Bridges were hired as elementary teachers.
- No action was taken on Coach Ronald Henderson who appeared to discuss the school's deducting a full day of pay from his salary when he was absent to discuss another position. He returned by 5:00 p.m. to assume his coaching duties in a game they were having that evening.
- There was discussion of the School Board joining the Texas Association of School Board Association and was approved. Rayford Bates was chosen as a delegate and Horace Jones as an alternate for the state meeting to be held in Austin in September.
- The Board gave its approval to participate in the National School Lunch Program and the State Department of Public Welfare Commodity Program for the 1970-71 school year.
- Dr. John Adams, M.D. asked that the Board consider contributing one or two trampolines for him to take to Africa to use in his Missionary work with the Southern Baptist Association. This request was granted.
- The Board set July 13 at 8:00 p.m. as the date and time for the public hearing on the 1970-71 school budget and set the tax rate. The tax rate must be set and the budget approved by July 20.

Joe Rowlett said, "I took giant steps when I got off that tractor." The Seminole Volunteer Fire Department was called at 6 p. m. Wednesday when fire started around a battery of a Ford tractor and kind of exploded. The tractor was being operated by Joe Rowlett 3 miles east of Seminole. Both front tires and the wiring were destroyed, along with other damage.

WOODENFOOTE CONT. FROM PAGE 1

er Mr. and Mrs. Dee Coker if you searched out the land.

It's near dinner time. A cup of coffee is being enjoyed with one of a hundred friends in my size town. Who is that couple talking and smiling at each other?--Why, that's Mr. and Mrs. J. E. Woodard enjoying eating out. They've just celebrated their 50th Wedding Anniversary.

The world is not full of this kind of people. You only find them in our size town. Good friends all. If you can't tell someone something good about our town send them to me. There are many others that could be talked about also.

POSTAL SERVICE CONT. FROM PAGE 1

Postmaster in Charge. The need for Saturday window service and parcel post delivery has declined at this office, Glass stated. Also the new service policy would meet the public needs and help achieve greater efficiency and economy in all local postal operations.

Glass pointed out there would be no change in delivery by carrier, other than parcel post, or post office boxes on Saturdays at this time.

Letter To The Editor

Dear Mr. Editor,
It's not my habit to write to strangers but we been getting your good paper ever since the very first one you wrote and I told my husband then I knew a good thing when I seen it and it still is.

I can tell you love us old folks so you must be a good man.

When you're as old as I am there aint much to look forward to but this paper of yours.

Well keep up the good work. P. S. Is Woodenfoote your real name? Are you part Indian?

Your friend,
Mrs. Beanie James

Editor's note:
No, I'm not part Indian. My mother accused me of being one when I rode bare to the waist and bareback until I was near grown.

My name is Walter Woods. I do love old people and if I had a hundred friends like you I could whip the rest of the world.

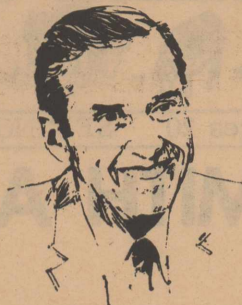

I had just completed a Woodenfoote on older people when I got your letter. Your letter made this a better day for me.

Mr. Woods:
We merchants of Seminole appreciate the free advertisement that was given through the Business and Professional Women on Krazy Day.

We like the idea of shaping up. That Ruby spread a lot of laughs and brought all of us closer together in friendship. We also enjoy one another's Krazy Ways.

What's right about America?

Today, the surest means of a book becoming a best seller is for the author to highlight and denounce bitterly the faults of this country. The same can be said of television and the movies, which prefer in these modern days to depict the seamier side of life in America.

But there's hope. As I have moved across this state, I have sensed that our people are growing weary of gloom. It's becoming easier to strike up a conversation on what's right about America.

I always suggest that there are a lot more level heads in this country than we are sometimes led to believe. There are a lot more decent, law-abiding citizens than there are criminals and cheats and sharks. There are a lot more young people in the "now" generation who want to improve America than the handful of radicals who want to burn it to ashes and start all over.

I can understand why the "majority" has broken its "silence." There's a growing impatience with agitation and controversy. But I feel we should continue to approach our nation's problems with a cool head and an open mind. I've listened to the voices of dissent. I think I know what they're asking of their government.

One thing they want is confidence. They want the assurance that their public officials have the courage to meet the issues of the 1970s with imagination and integrity, and not with some form of "old politics" that thrashes around with problems but never quite locates the workable solutions.

It was my desire to answer this urgent need that prompted me in January to seek the office of United States Senator.

Letters

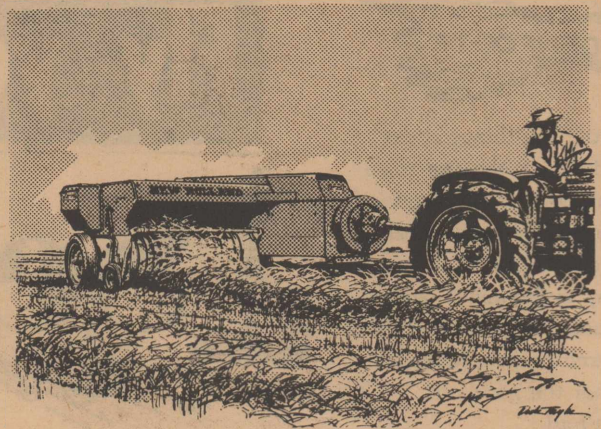

Dr. Jules Balette, M.D. sent the following letter to his patients, dated June, 1970.

"Dear Patient:
I would like to take this opportunity to thank you for letting me be of service to you during my stay in Seminole. Due to uncontrollable circumstances I will be leaving Seminole in the near future."

Sincerely yours,
Jules Balette, M.D."

To correct a rumor that's traveled around Seminole, Dr. Dow said, "It has been told that there will be another doctor here shortly. I do not know about it if that is true." In an interview with Ed Rodgers, hospital administrator, he said, "We are in contact with and have had doctors visit Seminole but to my knowledge it is not true that one is coming in the near future."

These statements are made so that Seminole residents will know the status concerning doctors.

Gabino Soto is shown with the electric cart that employees use to feed chickens, also to pick up the dead birds on the Circle H egg farm, located between Seminole and Seagraves.

237,000 HENS? CONT. FROM PAGE 1

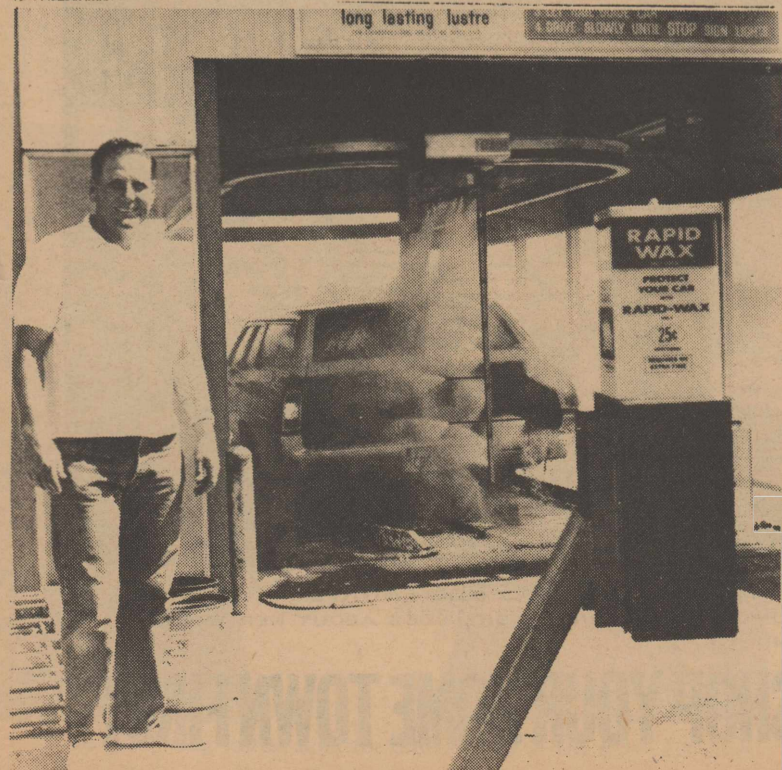

Ball said, "We inventory feed each week. We have 120,000 pounds capacity here. We give them a record of hens lost to death. Each month we inventory everything, including equipment, feed and supplies."

He went on to say that sanitation was a real problem. The laying houses are cleaned three times each year. One of the crews sprays two times per week, including inside and outside the houses. A sugar fly bath is put out once a week and the company spends approximately \$5,000.00 per year to control flies. The fly control program goes on each season of the year. The troughs are washed daily throughout the houses. Each day birds are pulled out and burned. Pullets replace the old hens at the end of each fourteen month period. They are 23 weeks old when placed in cages and have just begun their egg laying. The Hy-line chicken is a hybrid White Leghorn which only weighs 2½ pounds when she's laying. Her beak is clipped so she will not peck herself or one of the other four or five hens she's cooped with. Also she does not have the ability to waste food. At the end of approximately fourteen months she is sold for a baking hen or put into chicken soup.

The operation in and around Seminole requires eighteen employees. This does not include washing or grading eggs when they're taken to Lubbock. This does not include the hauling of the feed or the eggs. It costs about 33¢ per dozen to produce a dozen eggs. It's not difficult to see why egg farms suffer during summer seasons when the hen is at her peak production, especially when grocery stores sell three dozen eggs for \$1.00.

The manure is given to area farmers where they pay for the hauling. If the operation has no other place to go with the refuse it is put on their own pastureland with tractor, loader and spreader. If a chicken gets out of its coop it takes several hours for it to learn to walk on the ground. They've never touched the ground.

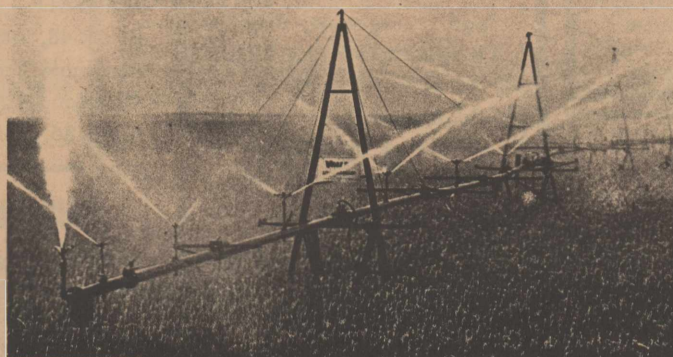

The company is in the process of putting automatic feeders in the houses at the McMurry place. In other houses electric carts, similar to golf carts, are used to carry the bulk feed for distribution to the feed troughs. When you pass by the Gaines County Park and you notice the bee hive of activity at the hen houses, remember that they're gathering eggs, cooling them, feeding chickens, repairing, spraying and taking care of 237,000 hens so that you can have that egg for breakfast that stands up pretty and fresh in the frying pan.

Howard Hassell is shown at his new automatic car wash station on North Main. Note the circular washing system in operation.

A man must look at three things to make irrigation pay.

Look for a reliable pump. One so well constructed that you know it's going to last.

Look for an efficient pump. One that runs so economically you'll find extra dollars in your pocket.

Look for a qualified distributor. One that has the experience, man power, and equipment to handle any pump installation.

As a Worthington distributor we give you all three. Reliability and efficiency in a well pump designed by the world's largest pump manufacturer. And we're a distributor who intends to make his service the best.

Friday was a KR-R-RAZY DAY for Seminole, with the merchants and citizens participating in the Krazy Day activities. MADELINE SHELTON, RUBY OWNBEY, and I took advantage of our crazy costumes and really had ourselves a good time. Ruby participated for the BPEW Club and was the first prize winner for the Kraziest looking. NELL NELSON, the club's secretary, accompanied Ruby, writing the names of the businesses we visited on tape, sticking them on Ruby, to advertise their business. Nell, not being dressed Krazy, was a little embarrassed at some of our antics, especially at JO'S RESTAURANT when Madeline played the guitar, I sang and Ruby danced for our dinner. Jo's Restaurant went all out, decorating the cafe and all of the employees were dressed appropriately. BESSIE SAMPLE won 2nd place for her costume and the plaque for the business contributing the most unique atmosphere. ---MR. MEADOWS, his son, LARRY, and granddaughter, JANA MARTIN, were in the spirit of things at the GIFT SHOP. Larry won third prize for his Krazy costume. ---CHARLES RAY at RAY'S MENS WEAR was a real Kool Kat dressed in a tux and red socks. ---They had open house at SYBIL'S INSURANCE COMPANY Friday. New owner, OTIS ROGERS, and his secretary, HAZEL HUFFMAN, were among the Krazily dressed. Hazel looked like an accident victim with black and blue marks and bandages all over her and a pair of crutches handy. One of the funniest happenings of the day was when Hazel started around town to take a look at the rest of the crowd and, crossing the intersection on her crutches, looked up and saw a car coming with a California tag and two young men inside. Hazel said she couldn't move fast enough with the crutches so she picked them up and ran on across. The fellas, watching her so intently, almost ran into the curb. - - -

I won the drawing at SYBIL'S INSURANCE OPEN HOUSE, a paid up policy for one year in the Motor Club. Thanks. - - - Everyone is looking forward to the next Krazy Day. --- JACK and LORETTA SUBLETT are meeting his mother and sister, MRS. MARY FRANCES EVANS, from Chico, Texas and their

as and their daughter and family daughter and family, MR. and MRS. J. B. BLANN and daughters, MONA and RENE, at Anson, Texas Sunday to celebrate Jack's and his sister, Mary Frances', birthday which are a day apart, the 28th and 29th. It seems this is an annual trip for the families, Anson being a half way point for them all. --- EMERIE GEORGE saying that she and husband MARBUT will also celebrate their birthdays this month and they too are a day apart, the 24th and 25th. She said for one whole day MARBUT is a year older than her. Hey, Emerie you never did say how old that would be. The NEWS wishes you all a HAPPY BIRTHDAY and many, many more. ---BOBBIE CHILDERS shopping in the CASUAL SHOPPE Monday evening, saying she had just put daughter, PAULA, in the hospital. Paula, could it be pre-nuptial jitters? Hope you're out soon. ---That PRUDENTIAL INSURANCE selling brother of mine, MAX McFATRIDGE, from Odessa by the office to see his favorite sister. --- FAY WOMACK's mother, MRS. TECK HYATT from Dallas has been here for the past few weeks, visiting. It was good to see Fay back on the job at the UNITED DEPARTMENT STORE this week, after having surgery recently. ---

43 PEOPLE GO TO JAPAN

The following people will be going to Japan from First Baptist Church: front row, left to right, Brenda Taylor, Gwen Mutschler, Larry Lane, Nancy Hawkins, Kay Huey, Jenna Maynard, Susan Barber of Anson, and Gay Foote. Second row, Mrs. Sammie Robertson, Mrs. Lynn Garrett, Teresa Herman, Terry Jefferies, Troylene Green, Debra Mieth, Mrs. Ben Mieth, Mrs. Gene Hawkins and Rev. Gene Hawkins. Third row, Sammie Robertson, David Foote, Lynn Garrett, Bill Barton, Ronnie Somers, Lynn Mutschler, Helen Morris, Mrs. Betty Jackson, Debbie Rogers of Snyder, Mrs. Leon Foote, Keith Hawkins and J. B. Dyess. Fourth row, Roger Foote, Ben Mieth, Mrs. Orvill Rogers, Mrs. B. W. Tomlinson, Randy Leopard of Anson, James Hill, and Jim Huey. Those not pictured are R. O. McClellan, Mrs. E. C. Payne, Eugene Osebeda and Sherman Driggers and Tommy McLeod of Trent who will also make the trip with the Seminole group.

Following is an article that appeared in The Japan Times, Friday, June 19. The article was titled "American Baptists Coming for Crusade."

On June 25 the first of two batches of American Baptists arrive in Tokyo for a people-to-people Baptist Evangelical Crusade in Japan this summer.

The Southern Baptist Convention, with 11,498,613 members the largest Protestant group in America whose field of faith scythes from California to Virginia, are sending 585 of their number to Japan in two groups to conduct a sister-church program at the invitation of Pastor Shuichi Matsumura of Tokiwadai Baptist Church, Tokyo.

The first party begins its campaign on June 28 and finishes July 5. It flies home three days later. The second arrives July 16 and will campaign from July 19 through 26 returning to the U. S. July 29.

The visitors from 20 churches mostly in Texas will pair off in "sibling" arrangements with leading Baptist churches throughout Japan from Asakikawa City in Hokkaido to Kagoshima City in Kyushu. The largest group is from the First Baptist Church, Dallas, which is sending 225 members, 200 of whom make up a massive chapel choir. Its sibling is Pastor Shuichi Matsumura's Tokiwadai Baptist Church in Itabashi Ward, Tokyo. However, although it is not providing the largest group, Seminole First Baptist Church in Texas may well be the best represented with 41 out of its congregation of 400 making the trip.

The detailed preparations for the tour have been made by the Rev. Dub Jackson, director of the World Evangelism Center at the New Orleans Baptist Theological Seminary, who has flown to Japan five times in the last year to finalize the arrangements. Jackson, a missionary for 18 years in Japan until two years ago, says that the group, more than half of whom are students, are coming to Japan to share their Christian convictions, meet people of their own occupations and co-operate in special services. The visitors have been nothing if not methodical in their preparations for their visit to Japan. They have been meeting once a month for orientation and training sessions in which they studied Japanese language and culture and all have learned to sing at least one Japanese song. It has not been easy for some of them to raise the \$850 apiece needed to pay for transportation, hotels and two meals a day. One girl is using the insurance money received from the death of her brother in Vietnam. Another has been mowing lawns for two years. The party leaves with the blessings of Vice President Spiro T. Agnew, Sen. Tower of Texas, and ex-President Lyndon B. Johnson. They are also carrying with them the governor of Texas' seal on a citation which commissions Prime Minister Eisaku Sato an honorary Texas citizen.

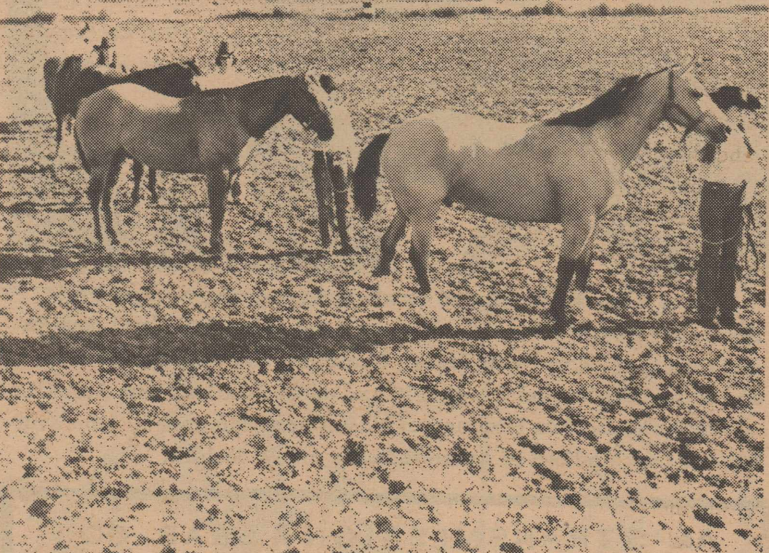

The Southern Baptist Convention hopes that one result of its visit will be to invite its Japanese counterparts to the U. S. to do a similar Crusade in the near future. Already there are plans for five Kyushu churches to band together to send a team to Korea, Taiwan and Indonesia.

EDITORIAL

It's that time of the year when people are plowing the earth and there's nothing as refreshing as the fresh turned dirt. The wheat is being called in. Two, four, six, eight, ten and twelve row tractors are planting and replanting. Peanuts are up and looking pretty. Potatoes are 2 feet high in some fields with baseball size fruit. Milo is hand high in some fields and thousands upon thousands of acres in the county. Blue Lake green bean plantings are being made ready, following small grains. Swathers (windrowers) are laying down fresh mowed alfalfa everyday. Farmers have planted their gardens, their little beans and peas that will be ready soon. Cantaloups and watermelons are up. (One farmer has already told me I'm welcomed and showed me where the stealing patch is.) It's a good time of the year. Hay balers are baling hay. There's a jillion bugs flying at night--always in evidence in irrigated coutry. The mockingbirds are singing in the early morning and the sparrow is pulling at another string trying to rebuild that nest that someone tore down. The grapes are about the size of small peas. Peaches are about half grown (and it's difficult for me to wait--my mouth waters and I can just dream and remember how the juice runs off your chin.) It's a good time of the year. About twenty-five cubing machines are running in the county making alfalfa cubes that measure 1 1/8 X 1 1/2 inches long to feed many feed lots full of cattle. It's a good time of the year. Young men (and older men) are seen with that red stained dirt up to their knees--irrigation wells are being started. It's a good time of the year. Cotton gins have trailers standing ready row after row by the hundreds. Re-work to the gins is going on making ready for the fall crop. Castor beans are surviving some of the wind damage caused to the other crops. Hurray for this time of the year. Little league baseball program is in full swing. There's a new baby calf enjoying his first dinner, the rhythmic swing of his tail tells you so. Crops are growing. We live in a great country. We're filled with anticipation of growing children and growing crops. God is in the heavens, so let us all be prayerful of a bountiful harvest.

Haskell Lyn Yandell of Seminole is among the record 125 veterinary medicine students scheduled to graduate August 7 from Texas A&M University.

Yandell, son of Mr. and Mrs. H. H. Yandell, 506 N. W. 3rd, will receive his Doctor of Veterinary Medicine degree at 7:30 p. m. ceremonies in the Bryan Civic Auditorium.

Dean Alvin A. Price explained Texas A&M's College of Veterinary Medicine conducts graduation separately from other units of the university because it operates on a trimester basis, rather than the standard semesters.

Included in the largest class ever to graduate from the college are six coeds. One degree will be awarded posthumously.

Dr. Price noted the largest previous graduation class was last year's, which totaled 122 students.

The annual Veterinary Medicine Honors Convocation is scheduled July 31, where outstanding members of the class are honored by the university, faculty and private organizations.

Haskell Lyn resides at 1816 Briar Oaks in Bryan with his wife, Lousanne, and new son, Haskell Lvn, Jr.

MANY, MANY HOURS ON RE-EVALUATION SPENT BY LOCAL COURT

Last Monday the Commissioner's Court met with representatives of about 25 major oil companies. It is reported that only two companies were unhappy with the surface re-evaluation just completed in the county. William B. Browder, a lawyer, was the spokesman for the Amerrada Hess and Atlantic - Richfield Companies. The companies and their spokesman claimed that only about fifty percent of the actual evaluation was claimed in the county, whereas the oil companies themselves claimed to have reported 100% evaluation.

Most of the land sales that were pointed out by them to back up their claim on the shortage in surface re-evaluation were sales by the Veteran's Land Board in smaller blocks.

The Commissioners Court is still hopeful of \$110,000,000 (\$110 million) evaluation in the county but, in private, spokesmen for oil companies doubted that it would reach this figure and the same was reported to the school board last Monday night. Also a local appraiser, Seth Woltz, appeared before the Commissioners Court on behalf of the major companies.

CARDINALS 18 CUBS 16

In Little League play last night the Cardinals finally came out on top when they Cubs' rally fell short in the 6th inning by 2 runs. Final score Cardinals 18, Cubs 16.

For the Cubs pitcher Joe Worthington started and was relieved by David Webb. The winning pitchers for the Cardinals were Bobby Villalva and Scott Jameson. The Cardinals were behind 9-10 when they came up with 9 big runs in the 5th inning to win.

PIRATES HAVE 2 RUN VICTORY OVER ASTROS

In Babe Ruth action last night the game lasted until 11:30 with the Pirates eeking out a 2 run victory over the Astros.

Dee Norton was the winning pitcher. Sims pitched for the Astros and was relieved by Craig Wilson. Norton was denied a 2nd bat and rightfully so when he batted out of turn.

Mr. and Mrs. Harold Courtney and children of Lubbock visited during the week end in the home of Mrs. V. B. Kidd and in the home of his brother, Mr. and Mrs. Eugene Courtney.

CUBS 15

YANKEES 1

Last Friday night in Little League action the Cubs could do nothing but score runs and the game was called after four innings with the Cubs 15, Yankees 1.

For the Cubs, Gordon George started and Joe Worthington finished up pitching. Roger Barnes was the loser for the Yankees. Alvin Gressett came on in relief. The Cubs got 7 runs in the 2nd and 7 in the 4th to annihilate the Yankees.

In Little League play the Braves and the Cardinals played the outstanding game thus far in the season. Neither team could score more than one run per inning. The Cardinals won 3-2 in the last of the 7th inning. Gary Wright and Randy Bailey pitched for the losers. For the Cardinals it was Bobby Villalva and Scott Jameson. Jameson was the winner in relief.

The Braves got their two runs in the 4th and 5th inning, to tie up the game after the Cardinals had gone ahead in the 2nd and 3rd.

DODGER'S 6

ASTROS 5

The Astros finally took it on the chin Friday night but it was after both teams had used all of their pitchers. It was Powers starting for the Astros, followed by Cavitt, Sims and Stennett.

The game played to 8 innings before the Dodgers eeked them out 6-5. Mike Nelson started on the mound for the Dodgers. Then Keyes had a turn at it. Then it was strong arm Caffey that held them scoreless for the final 2 innings and got the winning hit that made the Dodgers the first winner for the season over the Astros.

Horns honked and hats flew in the air. There was rejoicing in the Dodgers' dugout. The Astros left in disgust.

Mr. and Mrs. Marshall Heald had out of town visitors over Fathers Day, her brother and family, Mr. and Mrs. Raymond Lawson and girls Virginia, Bonnie and Barbara from Odessa, her mother, Mrs. E. P. Lawson, from Stanton and their daughter, Mr. and Mrs. Jerry Ford from Midland.
