

One Fried Snake

My week's over at Little League and I'm glad. I don't know what the best job at the Little League Park is. It could be commissioner but Glen Cavitt has that job and I understand the pay is not so hot. It could be commissioner for a week. I had that job and all I got out of it, as far as pay is concerned, is a few good eating outs and one real good apology.

The concession stand is a pretty good job and the pay in there is real good. You're close to hot dogs, Cokes, popcorn, peanuts and the ice cream. But every time you eat anything you feel real guilty if you don't put in the required going price. Say you start at 6 o'clock in the evening and work till 10:00 or 10:30 and you've got one or two or three of your kids with you. You can spend two or three bucks without even trying.

I'm convinced that Lions Club members spend more money in support of the Little League program than the rest of the town put together. This is okay, I guess; this is what we're there for.

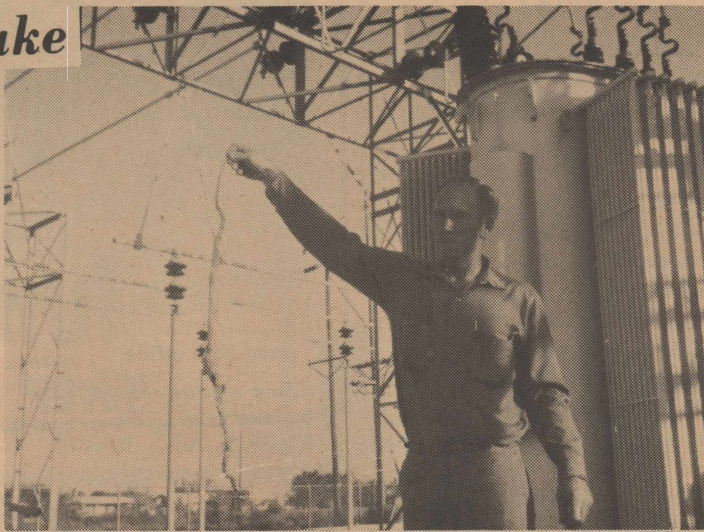

Really, I guess, calling 1st base, 2nd base, or 3rd base is the easiest job, but then you get into the most trouble. I like to observe a Lions Club member who's called very little in his time or none at all. He's wearing a new cap. He's very proud that he can serve. A Little Leaguer hits a dribbler. He takes off to 1st base. The ball reaches the 1st baseman 1/500th of a second before the foot of the runner does and he makes the big motion, "You're out!" Then he notices the 1st baseman's foot is 1 inch from the bag. He weakly gives the safe sign. The daddy of the kid playing first base is your best friend. His grandfather is your best customer. You try not to hear the cries from the stand. I'll tell you - it's a good thing you're doing it for free. You just wouldn't take this kind of work for pay.

The old ballgame ends up 17 to 16 and you're reminded cont. on page 2

Coach Chappell was reared in Van Horn and graduated from high school there. He captained his football team at the university at Texas Western, where he graduated. His coaching duties include six years as 9th grade coach in the Lubbock Public Schools, two years as head defensive coach at Lubbock High School and four years as head defensive coach at Harlingen. He moved to El Paso where he stayed one year as assistant varsity coach, where he could work on his masters degree.

He was given a one year contract at \$12,500.00, beginning Tuesday, July 21.

The Booster Club will honor the new coach at a "Get acquainted" party at the field house Thursday, July 23, from 7:00 till 8:00 p.m., as announced by Tommie Roberts.

Last Wednesday at 11:15 a.m. a chicken snake took 12,000 volts and Seminole residents went without electricity for a partial hour. Everyone was out for four or five minutes. Some houses had electricity and some did not, depending upon which phase they were serviced with. Alfred Sims, Southwestern Public Service employee, holds the fried chicken snake at the sub-station at S.W. 11th St. and Ave. G. Note each end of the snake is kind of dried up. He was cooked pretty good when he made the reach that shorted out Seminole's electric system and got 12,000 volts together. It affected other parts of the sub-station. A full force of employees rushed to the station and soon had air conditioners, cash registers and other appliances in service.

NEW COACH

The Board of Education employed Claude Chappell, age 36, as head coach and athletic director Monday in a special called session. The picture was taken when he visited the Noonday Lions Club on Tuesday.

He and his wife, Jomilee, a graduate of Texas Tech, will be moving next week to Seminole from El Paso with their two sons, ages 8 and 11.

NOTICE TO PARENTS OF FIRST GRADERS

PARENTS WHO WILL HAVE CHILDREN STARTING TO SCHOOL THIS FALL FOR THE FIRST TIME WERE URGED TODAY BY SCHOOL ADMINISTRATORS TO SEE THAT THEY HAVE A COPY OF THE CHILD'S BIRTH CERTIFICATE AND RECORD OF IMMUNIZATIONS. THESE ARE TO BE PRESENTED AT THE TIME OF ENROLLMENT AND WILL BE RETURNED TO THE PARENT.

SEMINOLE SCHOOL BOARD POLICY CALLS FOR EACH CHILD ENTERING THE FIRST GRADE TO HAVE BEEN IMMUNIZED AGAINST SMALLPOX, DIPHTHERIA, WHOOPING COUGH, AND POLIO. A MEDICAL CERTIFICATE IS NECESSARY FOR ALL EXCEPT SMALLPOX, IN WHICH CASE A SATISFACTORY SCAR IS SUFFICIENT EVIDENCE.

TO BE ELIGIBLE TO ATTEND THE FIRST GRADE, A PUPIL MUST BE SIX YEARS OF AGE ON OR BEFORE SEPTEMBER 1, 1970. A COPY OF THE CHILD'S BIRTH CERTIFICATE CAN BE OBTAINED FROM THE COUNTY CLERK IN THE COUNTY IN WHICH THE CHILD WAS BORN, OR FROM THE BUREAU OF VITAL STATISTICS IN THE STATE CAPITAL.

The location of four pieces of equipment can be seen in this picture of the wreck last Friday and where they came to rest. In the foreground the pick up after it turned over twice, on the left, the cover for the pick up and the Chevrolet that hit the trailer from the rear, all on the north side of the Hobbs Highway. Across the highway can be seen the stock trailer where it stopped still headed west.

Editorial

Surely something can be done about S.W. 11th St. Not only do the people on the street and the immediate area have to do without paving but also have to eat all the dust. It seems that as the days pass, the weeks pass, the months pass, that officials of South Texas Construction Company would complete the paving project on that street. At least the street could be sprinkled to keep down the dirt and the continuous clouds of dust that hover over the area. Some teenagers, much to their delight, "drive back and forth just to see how much dust they can raise," one resident said. Trees and shrubs are suffering and some, residents say, are dying from the build up of caliche dust. One lady says "I know that's what's wrong with my dog, and if it shouldn't happen to a dog, it certainly shouldn't happen to my kids."

Southwest 11th Street is probably the busiest street in town, other than the two main highways through Seminole.

A political announcement follows.

INVITED - ALL OFFICIALS ON 11th ST. PAVING PROJECT - to a front yard Eat Out, Friday, July 24, 1970 - 7 p.m. - 10:00 p.m. B-B-Q Sandwich, Dust Bowl Salad, Drinks, ETTY-GRITTY, Martini (Guaranteed Dry)

"DID YOU KNOW a tail light can be seen 1/4 block on S.W. 11th St.?"

"DID YOU KNOW we have only white bugs on S.W. 11th St.? They were black last year."

Doctors Still Needed

Seminole is still looking for doctors. Many places are. (2) Dr. Dow wants to go into semi-retirement within the next few weeks. (3) It would be most difficult to be reinstated for Medicare if it becomes necessary to close down the hospital. (4) The hospital board, Dr. Dow, the commissioners' court, Ed Rodgers - hospital administrator, and other officials and citizens have exerted themselves in the search. (5) The court is not in a position to buy the clinic that Dr. Dow and Mrs. Koberg, the widow of the late Dr. Frederick Koberg, own.

Please consider the five statements listed above. If we could obtain doctors by furnishing them a clinic facility, what in the world would be wrong with individuals of this community owning it themselves? Are we so small as to sit back and complain that the county will not do this or that, that the school will not do this or that, that the state will not do this or that or that the federal government will not do this or that? Where is the community pride that will let the right or the wrong of any governing board get in the way of our wants and needs when it's right?

Yes, we can have a fine clinic. We can have fine doctors. We can have a fine hospital to go with the other good things that we take for granted, if we want them. Where is the family that, when sudden tragedy strikes, would not give an extra \$100, \$200 or \$1000 to have a doctor available, rather than having to drive to Lubbock, Andrews, Hobbs or Lamesa? Don't tell anyone we can't afford it. The time may come. The time may be here when you cannot but help afford it.

(Editor's note: Not only will I help sell it, but I'll help buy it.)

Whatever it takes (within reason) to secure doctors is what we must do. If it takes the price of a clinic, if it takes free rent for a year, let's do it. If it takes something else, let's obtain it.

Brom Marchbanks, chairman of the hospital board, made a plea yesterday at the Lions Club meeting, after the foregoing article was written, for Seminole citizens to band themselves together in an effort to purchase clinic facilities owned by Dr. Dow and Mrs. Hildy Koberg, stating that we would have something to offer interested doctors.

Last Friday at 6:10 p.m. 10.4 miles west of Seminole on the Hobbs Highway a 1964 Chevrolet rammed into the rear of a stock trailer being pulled by a 1965 Chevrolet pick-up. There were only two drivers involved and no passengers. Both were males from Hobbs, New Mexico. Grover Allen Lawson, age 43, was pulling the trailer when William Jesse Moore, age 42, hit him from behind. Lawson sustained back injuries and was still in the Lea County General Hospital on Friday according to TDPS Clayton Koonce. Both vehicles were traveling west with the car traveling approximately 60' in a skidding motion before striking the trailer. The trailer and pick-up jack-knifed, breaking loose with the trailer ending up on the south side of the highway and the pick-up turning over two complete times ending up approximately 264' from point of contact. \$1700-1800 worth of damage was sustained by the pick-up, the trailer and the pick-up cover. \$400 worth of damage was sustained by the auto.

CONT. FROM P. 1
 that it was that bad call on 1st base that made the big difference and caused the team not only to get beat by one run, but furnished that spark that carried the other team on to victory. Maybe wounds will heal before another season starts, but my home town will never be exactly the same.
 If I ever get to be head commissioner, there's one, no two, improvements I'm going to make. Not only that parents cannot come, but that double bubble and all that other chewing gum that's sold by the thousands of pieces, are not sold. Used chewing gum is left on the ground, on the seat, on the benches, and on the base paths, and I believe that the two great problems around Little League Parks can be corrected by the banishment of both.

Besides all that, my little boy's team didn't win!

* * *

My home town was so small that when they made the one way streets all the people that came into our town came in from the east. There was only one street in our town.

Fannie: "Gee, Gertie, the bank returned my check."

Gertie: "Are you ever lucky. What are you going to buy with it next time?"

GAINES COUNTY ASCS OFFICE NEWSLETTER

DID YOU KNOW that August 1st is the final date to certify your cotton, feed grain, and diverted acreages under the 1970 commodity programs? If you are receiving measuring service, of course, you want to wait until you receive your report of acreages to certify. This work is progressing on schedule and you will receive your notice in plenty of time to certify. If you are doing your own measuring, we again urge you to be careful and accurate in your measuring and computation of acreages.

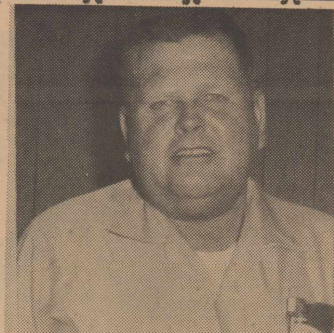

REMEMBER the day you certify is the final day you can adjust cotton and feed grain acreages. Administrative control checks are being made as soon as certifications are received and we have found several errors in certifications. These errors are expensive. The penalty for overstatement of feed grain acreage for example is one-half (1/2) of the Price Support Payment.

DID YOU KNOW that having a beneficial interest in the feed grain crop on a farm anywhere in the United States that exceeds its feed grain base makes you ineligible for a feed grain payment on any other farm in the United States? Also that failure to report an interest in the farm at certification time could cause you to lose all payments on all your other farms.

Final date for certification -- August 3, 1970.

Final date to redeem Cotton from the loan -- July 31, 1970.

July 26, 1947 the Dept. of Defense was created; and James Forrestal was the first Sec.; 1788 - N. Y. entered the Union as the 11th state.

MORE FARMERS OF COUNTY RECEIVE FARM PROGRAM PAYMENTS

Approximately 35 percent of the farmers of Gaines County have received payments for participation in the 1970 wheat, feed grain or cotton programs, according to Troy Martin, Chairman of the Gaines County ASCS Committee.

Happy Birthday to Jim Willingham who celebrated his 66th birthday July 20th.

SEMINOLE NEWS 100% HOME OWNED.

Payments will continue to be made as rapidly as farmers continue to certify program compliance, and as fast as records can be processed through computers at the data processing center in New Orleans and checks returned to the county ASCS Office for distribution, Troy said. The bulk of payments should be made by mid-August if farmers who signed up complete the necessary certification indicating that they have complied with all of the program provisions, Martin stated. This is earlier than payments have been made in previous years. Martin pointed out that these payments to farmers have an impact on the entire community because most of the money remains in the local area where farmers pay for the things they need to buy. Participation by producers in farm programs helps even out the year-by-year flow of farm products to market, which also helps stabilize food and fiber prices, a benefit to consumers, he said.

"Farmers earn payments by diverting part of their cropland to conservation uses," Troy explained. "This helps keep a balance between supply and demand for food and fiber, preserves the excess acres for future use when they are needed, and provides an orderly supply of farm products to consumers."

Half Way 'Round The World'

HI!
 I HAD THOUGHT I'D SIT DOWN TO THE TYPEWRITER, SPEND A BIT OF TIME AND TELL YOU ABOUT EXPO '70. SOMEHOW, I MANAGED TO GET INVOLVED DIRECTING VACATION BIBLE SCHOOL, AGAIN, TIME FLEW AWAY AND STILL NO LETTER TO YOU.

I HAD HOPED THE GROUP FROM THE FIRST BAPTIST CHURCH MIGHT GET TO "OUR ISLAND". BUT, THEY ARE GOING NORTH. I'M SURE THEY WILL BE ABLE TO SHARE MANY STORIES OF BEAUTIFUL SAPPORO WITH YOU. THEY WILL UNFORTUNATELY, NOT GET TO SEE THE GIANT ICE SCULPTURES THAT ARE DONE IN THE WINTER. THOSE WHO CAN INCLUDE EXPO '70 IN THEIR SCHEDULE WILL BE IN FOR A FEW SURPRISES AND A TREMENDOUS EDUCATIONAL EXPERIENCE.

OUR JOURNEY TO EXPO '70 WAS ARRANGED BY THE SERVICE CLUB. IT COST US \$80.00 PER PERSON. THIS WAS TRAIN FARE TO OSAKA AND BACK TO HAKATA, OUR GATE FEES AT EXPO '70, TRAVEL FROM OSAKA TO THE SITE, TWO NIGHTS IN A HOTEL AND TWO MEALS PER DAY FOR THE THREE DAYS.

WE LEFT HAKATA STATION ABOUT 10 P.M. I DO NOT RECOMMEND THE TOP BUNK ON A SLEEPER. THERE IS A MAT ABOUT 1 1/2 INCHES THICK ON A SHEET OF METAL. THE PILLOWS ARE CRIB SIZE AND NOTHING SHORT OF A ROCK SHOULD BE SO HARD. WE ARRIVED IN OSAKA SHORTLY AFTER 7 A.M., BOARDED A BUS AND WERE TAKEN TO THE AIRPORT FOR BREAKFAST. I CAN STARE BACK AT THE EYES OF 2 EGGS AND EAT OVER COOKED BACON, BUT THERE OUGHTA BE A LAW AGAINST WHAT THE JAPANESE CAN DO TO A CUP OF COFFEE. AFTER BREAKFAST WE RELOADED THE BUS AND WERE TAKEN TO THE MAIN ENTRANCE OF THE SITE. 5,000 PEOPLE WERE IN LINE AT THE TIME WE ARRIVED. 20,000 BY THE TIME THE GATES OPENED. EACH INTENDED ON BEING THE FIRST PERSON IN. WE WERE CRUSHED, SQUISHED AND SHOVED FROM SEVEN DIFFERENT DIRECTIONS AND HAD NO CONTROL OVER OUR DESTINATION.

OUR FIRST DAY WAS SPENT GOING THROUGH SMALLER PAVILIONS TO AVOID LINES AND BEING PUSHED. THE PHOTOGRAPHERS AND AUTOGRAPH SEEKERS GAVE US A BIT OF ATTENTION.

THE SECOND DAY, WE WERE MORE ABLE TO COPE WITH LINES SO WE TOOK ON LARGER PAVILIONS. THE PHOTOGRAPHERS AND AUTOGRAPH HOUNDS WERE A REAL PAIN. WE WERE ON GERMAN, CANADIAN AND JAPANESE TV. WE SAT FOR COFFEE AND WERE MOBBED. WE WOULD COME OUT OF A PAVILION AND THE OLDER PEOPLE, SITTING FOR A REST, WOULD ASK FOR AUTOGRAPHS. I THINK THE COMBINATION OF MY BLOND HAIR AND ERNIE'S SIZE WERE OUR MAJOR ATTRACTION. WHEN I SIGNED THE GUEST BOOK IN THE U.S.S.R. PAVILION, IT WAS A NEAR RIOT, BY THE YOUNG JAPANESE TRYING TO SEE WHAT I'D WRITTEN. THINK COLONEL SANDERS FRIED CHICKEN OWES US, FOR WE CERTAINLY DREW A CROWD FOR THE STAND WHEN WE STOPPED FOR LUNCH.

WE WERE DISAPPOINTED IN THE U.S.A. PAVILION, ITS SALVATION WAS AMERICA PARK, A SHORT WALK DOWN THE STREET, WHICH HAS A VERY NICE DISPLAY BY HOWARD JOHNSON, THE CHICKEN I MENTIONED, A STEAK HOUSE, ORANGE JUICE, THE CITY OF LAS ANGELES PAVILION, A TEEN CLUB, ETC.

ON THE THIRD AND FINAL DAY, WE UNDERTOOK 45 MINUTES IN LINE TO EXPLORE THE THYME PAVILION. THEY USED DARWIN'S THEORY OF EVOLUTION. I DON'T AGREE, BUT IT WAS WELL WORTH THE WAIT.

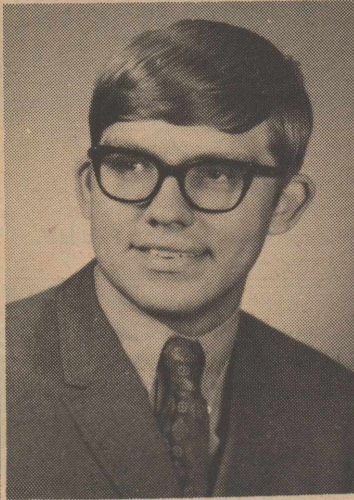

AS OUR LAST EFFORT A VIEW OF THE RIDE AREA WAS CALLED FOR. RIDES, FOOD AND SOUVENIRS OF EVERY AND ALL COUNTRIES.

THE LINES ARE SOMETHING ELSE. PEOPLE WILL STAND IN LINE FOR AS LONG AS 4 HOURS TO GET INTO THE U.S. AND RUSSIAN PAVILIONS. WE FOUND IT ONLY TOOK ABOUT 15 MINUTES BY WAITING UNTIL AFTER 5 P.M. STILL LEFT US WITH FOUR HOURS, BEFORE CLOSING TO TRY TO ABSORB AT LEAST PART OF THE EDUCATION PRESENTED.

THAT PEICE OF MOON ROCK SURE LOOKED LIKE AN OLE MILLS COUNTY ONE TO ME. RECKON IT WAS FROM BROWN COUNTY?

SORRY TO BE SO BRIEF AND BELATED. SINCE MY LAST NOTE I'VE BEEN TO TOSHI TO THE HOSPITAL, RAMRODED 2 WEEKS OF VACATION BIBLE SCHOOL, ERNIE SPENT 12 DAYS IN TAIPEI, TAIWAN, CHINA. JOHN HELPED TEACH A SESSION OF SWIMMING. STEVEN IS IN A CAST AND ON CRUTCHES WITH A TORN FOOT LEGIMENT, BOTH GIRLS ARE INVOLVED IN EVERY TYPE OF MISCHIEF TWO THEIR AGE CAN FIND AND TIME KEEPS FLYING.

OUR VERY BEST TO ALL OF YOU,
 EUNICE (LOCKRIDGE) AND ERNIE CURRY

And have enough hot water left to do the uniforms.

A GAS WATER HEATER does it all, and does it better, because with gas there's always plenty of hot water when you need it . . . at the cost you want.

Here are seven reasons why a gas water heater is best:

1. Fast recovery keeps your gas water heater way ahead of every demand.
2. The thermostat on your gas water heater automatically maintains a constant temperature, even when you use large amounts of hot water.
3. Gas is efficient. Gas burners start up instantly, deliver more heat to the water. And gas is clean too.
4. Nothing is more dependable than gas.
5. Automatic gas water heaters cost less to buy and install.
6. Gas burners last longer and give years of trouble-free use. That's another saving.
7. Gas costs so little to operate that you can afford to use all the hot water you want.

So, if it's hot water you need, and plenty of it, you need an automatic gas water heater. Call your plumber or gas appliance dealer soon.

Letters to the Editor

Dear Editor:

If we had had a national guard with which to disperse the assembly, we might not have heard Abraham Lincoln (that trouble-maker responsible for the Civil War) say, "It is a sin to be silent, when it is your duty to protest." With this thought in mind, I would like to comment on your "Dear Son" editorial.

You imply that you are a good American. You also imply that those who assemble to petition their grievances to the government of the United States of America are not good Americans. Thomas Jefferson and the Constitution of the United States of America say that you are wrong.

This is an example of hypocrisy, which is responsible for the "generation gap". In your lifetime, you (and those who feel as you do) have bent the Constitution to fit your needs. You became a nation of fair weather citizens who served the country only if you received financial security and vast luxuries. You became a nation with a lot of money and a big stick, and you became a nation of people afraid to speak up on unpopular issues.

You made a mockery of the Constitution, of religion, and of humane values by allowing segregation to stand until it took mass demonstrations to bring about passage of the Civil Rights Bill. Then, one of your peers, George Wallace, stood blocking the doorway of the University of Alabama and publicly defied the law. This is your domestic policy.

Furthermore, in your lifetime, you have allowed your government to support tyrants whose dictatorial policies have driven their own people away from the United States to Communism. This happened in Cuba, in China, and now you are allowing the same thing to happen in South East Asia. You have allowed thousands upon thousands of people to die needlessly. This is your foreign policy.

These policies have been bad in the past and are bad now. They are bad for the world and bad for the United States. These policies need to be changed and will be changed, with or without your approval.

You responded to peaceful demonstrations by killing its leaders. Violent protests now occur and you mutter, "shoot them".

If violent protests fall on deaf ears, a police state will be required to suppress what will follow, and then no one will have an America.

Sincerely yours,
s/Bob Masells

Dear Mr. Masells,

Your letter of July 13 concerning the editorial "A Father Writes His Son" that appeared in our May 13, 1970 issue did indeed have a great many truths. I do, however, feel that you, too, are not without some faults. When you point out 'my peer George Wallace,' I would want you to understand immediately that when the governor of Alabama stood in the doorway of the university and publicly defied the law that I did not feel that his having done so justifies someone else's breaking the law.

I am not against demonstrations. I am against Americans burning America. I am still against rioting, stealing and abusing others' rights of peaceful living. This is not my government. If it works it has to be our government. I have no argument with that great leader, Abraham Lincoln, when he said, "It is a sin to be silent when it is our duty to protest," and I appreciate your letter of protest and the fact that you did not burn down my house.

I wish someone had explained to my father the 'generation gap' when I stole that fifty cents and he used that well rope on me. I

may be a portion of those 'fair weather citizens' but I also found out it was better to work for a dollar a day than to take something that did not belong to me. Vast luxuries have escaped my hand. I fly the flag because I love the flag. The only big stick that I carry is the one that I discourage the dogs with when the Mrs. and I take a late afternoon walk. What little financial security I have I am willing to divide with the church and those who are in need, but not those who are able but will not work.

Also, I think you are correct. "If violent protests fall on deaf ears a police state will be required to suppress what will follow and then no one will have an America." Yes, America, if she does not heed God's law, I feel, will fall. A country crumbles from the inside and that through great sin. I am sorry that leaders of peaceful demonstrations have been killed. You see, there are NUTS on both sides. That's the reason it has to be OUR America, OUR Flag, OUR God and OUR Country.

Would you please send six of these pictures to her. I am enclosing \$1.00 for this, the postage and a coke or two for you.

Many, many thanks for doing this. I hope everything is smooth sailing for you. We, also, enjoy the News.

Perhaps you've never thought of life insurance as "happiness." But it is in many ways. It helps you get rid of financial worries so you can live a little! Each dollar you put into cash-value life insurance works like four. It works as a protection dollar. As an emergency dollar. As an opportunity dollar. And as a retirement dollar. Four ways. Ready money whenever you need it. That's a lot of happiness!

Letter

TO WHOM IT MAY CONCERN:

I am Jimmie Dick Davis, and do not mind signing my name to this even though some of you may not agree with me. I am proud of who I am and what I am and I do not expect everyone of you to agree with me, but I do expect you to give me the same freedom of speech as I would allow you. I have lived in Seminole off and on, all of my life, and have always loved it before now. I am so disappointed in this town.

This town is so concerned with petty hatreds and misconceptions of each other they will never be able to solve the problems we have. As far as a new doctor coming to our town, you might as well forget it. A doctor with ethics and love for humanity would never come here again. Not because we have no hospital, or that, as many of you have falsely stated, because of Dr. Dow. The reason is you and I. We have already drained one man completely of life and are trying our best to do another one the same way, all the while griping and complaining about every little thing we can find wrong with them. We set these men on pedestals and expect nothing less than perfection from them.

I was told one time that medicine is the "Process of Elimination". As so many diseases have the very same symptoms, they must try one thing and then the next to decide what is actually wrong. Only God can make a human being, yet we expect our doctors to know every detail of what is wrong with these complex organs. I know that Dr. Dow and Dr. Koberg were not perfect and have probably made many mistakes, but I know of no doctors that will ever try as hard to make you well. If you have found doctors that you think are much better you check their record of hours on the job, and patients seen, and mistakes made. Every doctor will make mistakes because they are not God. The judgement should come from whether they were trying to get you well or whether they were after your money when the mistake was made.

I went to school with David Dow and Rick Koberg and when all of you were at the school, etc. with your children, their daddies were trying to deliver a baby or sew up someone else's child, or tend to someone who really didn't need a doctor at all. I have seen many of you let them treat you well for years and the minute they do something you, as a layman, consider not right, you turn on them quick as a wink. The same holds true for Bill Oswalt, I know that he carried many of you for many years and yet if he won't fill a prescription for you that is not supposed to be refilled, you turn on him.

I would publicly like to thank Dr. Dow and Mrs. Dow, Mrs. Koberg and Bill Oswalt for a wonderful childhood and now for helping me with my own children. There are so many so called Christians in our town, but I learned more about God and the love of Jesus Christ from you. While everyone else is out sitting piously in some church, talking about the person sitting next to them, you are out living and doing God's word.

Dr. Dow could be practicing medicine elsewhere right now, but because he loved you all so much, he wouldn't leave you, but you would do nothing for him. Let's all examine ourselves and see if we are not to blame for the doctor shortage.

We will never have any industry come in here with no doctors here, and no doctors will ever come here without better facilities and a change of attitude in our town. Let's stop talking about God's love and forgiveness, and start living it. If you don't believe in God, then you must believe in humanity as you are a part of it.

s/ Jimmie Dick Davis

I like to feel that I'm not really superstitious. Of course I do avoid going under ladders and letting black cats cross my path and I always throw salt over my left shoulder when I accidentally knock over a salt shaker but I am beginning to feel there may be something to superstition after breaking a wall mirror the other day. Since then I have had two large painful bruises on my legs from running into immovable objects. And speaking of immovable objects, I backed into one Monday behind JORDAN FURNITURE and bent the bumper on my car so badly I must get a new one. I ran home for supper yesterday and spilled grease all over the stove. Now, if I were really superstitious I would figure 7 years bad luck for a broken mirror, so that just leaves me 6 years, 51 weeks and 2 days left of bad luck. Why, my goodness! That will just pass in no time. --- ROLAND LORENZ and daughter, KATHY, backing in at MONTGOMERY WARDS yesterday as I left, with a new electric range on the back of their pickup which had fallen and broken the glass on the oven and bent it up pretty badly. Say, Roland, you didn't break a mirror, too, did you? --- BOBBY PHILLIPS doing a little bragging on wife PATTIE for making the Dean's Honor Roll at Tech. Pattie drives to Lubbock each day to attend classes. I admire these housewives who have the ambition and the fortitude to continue their education under these undesirable conditions. We are proud of Pattie, too, because she use to be a "News" employee. --- We are always thanking BESSIE SAMPLE for her kindness to us. We can never get even with her for her generosity. Bessie, the cake and ice cream last week was delicious. We love ya. --- RUBY OWNBEY at KELLEY'S DRESS SHOP Monday running errands for the B & PW CLUB. EMERIE GEORGE giving ANN a helping hand while MARGE GLADSON is on vacation. --- RICHARD TIMMONS still saying "We're not 'monkeying around', you can't beat our deals" Monday at JORDAN FURNITURE. --- The post office employees had a swimming party Friday night at the local pool. Those attending were The DAVID BERRYS, The ERNEST LAMBERTS and children, SONNY HUFFMAN and children, The CURTIS STEVENSONS. VIRGIL Mc HANEY, just a poor unsuspecting spectator, was thrown in the pool, clothes and all. MR. and MRS. V. H. GLASS, DANFIELD joined the crowd later for homemade ice cream. --- JOE and GERTRUDE PATTIE visited in Lamesa Sunday with his parents, MR. and MRS. R. C. PATTIE. --- TOMMY and LEO MONTANDON and children, CINDY, PAUL and PHILLIP, had weekend guests from Lubbock, MR. and MRS. DICK WHITELY

GAINES COUNTY OIL CO.

BUTANE - PROPANE -

GASOLINE - OILS - DIESEL

HOBBS HIGHWAY 758 - 3502

OIL COMPANY FILES SUIT

ATLANTIC RICHFIELD COMPANY, MOBIL OIL CORPORATION, AND AMERADA DIVISION OF AMERADA HESS CORPORATION HAS FILED SUIT AGAINST GAINES COUNTY, THE COUNTY JUDGE, COMMISSIONERS COURT, AND TAX ASSESSOR OF GAINES COUNTY. THIS IS CAUSE NO. 6127 IN THE DISTRICT COURT OF GAINES COUNTY AND THIS SUIT WAS FILED ON JULY 17TH.

IN EXAMINING THE RATHER LENGTHY PETITION FILED BY THESE THREE OIL COMPANIES, IT SEEMS TO BOIL DOWN TO A CLAIM BY THESE THREE COMPANIES THAT THE RECENT RE-EVALUATION PROGRAM IN GAINES COUNTY HAS ENDED UP WITH A RESULT IN WHICH THE OIL PROPERTIES WILL BE VALUED TWICE AS HIGH IN RELATION TO ITS ACTUAL CASH MARKET VALUE AS THE SURFACE PROPERTIES. THESE THREE OIL COMPANIES, IN BRINGING THIS SUIT, HAVE TAKEN THE POSITION THAT THE PROPOSED SURFACE VALUES FOR TAXABLE PURPOSES IS ONLY 8% OF ITS ACTUAL CASH MARKET VALUE, WHEREAS THE VALUE OF THE OIL PROPERTIES, IT IS ALLEGED, IS 16% OF THE ACTUAL CASH MARKET VALUE. THE THREE PLAINTIFF OIL COMPANIES CLAIM THAT THEY WILL BE PAYING MORE THAN THEIR EQUAL AND FAIR SHARE OF THE 1970 TAXES, AND THAT THE SURFACE OWNERS WILL NOT BE PAYING THEIR EQUAL AND FAIR SHARE AND THAT THE RECENT RE-EVALUATION PROGRAM DID NOT RESULT IN THE SURFACE PROPERTIES BEING TAXED ON THE SAME PERCENTAGE AS THE OIL PROPERTIES ARE TAXED, WITH RELATIONSHIP TO THE ACTUAL CASH MARKET VALUE OF THE RESPECTIVE PROPERTIES.

THE COUNTY JUDGE, TAX ASSESSOR AND COMMISSIONERS COURT HAVE TAKEN THE POSITION THAT THE PROPOSED VALUES RESULTING FROM THE RECENT RE-EVALUATION PROGRAM HAS RESULTED IN ALL PROPERTY, BOTH SURFACE AND MINERALS, BEING TREATED EXACTLY THE SAME AND WITH ALL TAXPAYERS PAYING THEIR FAIR SHARE OF TAXES RELATIVE TO THE ACTUAL CASH MARKET VALUE OF THE PROPERTY OWNED BY EACH TAX PAYER.

ON A PLEA REQUESTING A TEMPORARY RESTRAINING ORDER, DISTRICT JUDGE TRUETT SMITH REFUSED TO ISSUE THE TEMPORARY RESTRAINING ORDER, BUT ON THE OIL COMPANIES REQUEST FOR A TEMPORARY INJUNCTION THE JUDGE SET THE CASE FOR HEARING AT 2:00 P.M. ON AUGUST 4TH.

THIS SUIT WAS FILED BY STUBBEMAN, MCRAE, SEALY, LAUGHLIN AND BROWDER; AT THE TIME THIS STORY IS WRITTEN ANSWER HAS NOT BEEN FILED ON BEHALF OF THE COMMISSIONERS COURT AND OTHER OFFICIALS, BUT WE ARE INFORMED THAT AN ANSWER IS TO BE FILED ON BEHALF OF THE COMMISSIONERS COURT AND OTHER COUNTY OFFICIALS INVOLVED, AND THAT AN AFFIRMATIVE DEFENSE TO THE PLEADINGS FILED BY THE OIL COMPANIES WILL BE FILED. (A RELEASE FROM COUNTY JUDGE CHESTER BROWNE.)

GRANDPARENTS PICS The "Brag Page"

Kelley and Kevin Dozier of Amarillo are spending this week with their GRANDPARENTS, Bill and Gene Oswalt. They posed with their GRANDMOTHER Sunday afternoon. It was GRANDDAD'S Sunday to work. The boys' big sister, Shelley Gene, is at Girl Scout Camp this week at Camp Kiwanis near Amarillo. Mom and Dad, Betty and John Dozier, are on a business and pleasure trip to Las Vegas, Nev. They will be attending a boat show.

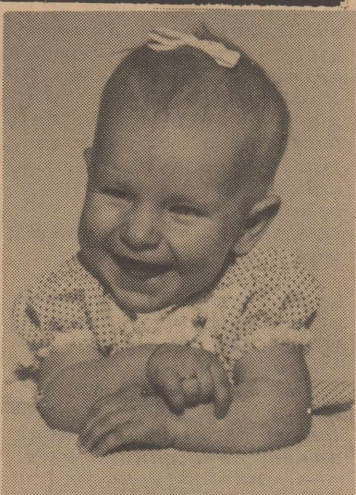

Kelley, who is nine years old, is proving to be quite a fisherman. The following article appeared in the Amarillo Globe recently. He said his fish felt like a man eating shark.

"Kelly Dozier, 9, son of Mr. and Mrs. John Dozier of 4218 Gary Lane, arose at 5:30 a.m. and started fishing. It was in a little cove right next door to Bugbee Canyon on Lake Meredith. On the hook he had a big night crawler worm."

"Kelly hooked something really worthwhile. John saw the action and he supposed it was a big carp. Finally Kelly wrestled the big fish close enough to be seen. It wasn't a carp--- it was a big channel catfish. He landed the fish after more struggle, advice from dad, noise, general confusion and excitement."

"The channel catfish weighed 13 pounds and 2 ozs. John knew his fishingpals would dispute him - so he weighed the fish at two places. Thirteen pounds and 2 ozs. It's a lake record at this time, as far as I know. And John says of Kelly, 'Naturally, I taught him all he knows. He handled the fish like a veteran but still, it's a little hard on rod and reel and pop's nerves.'"

Kelley won the trophy last year when he brought the biggest carp in from the lake last year.

KIMBERLY ANN KIRKLEN

Little Miss Kimberly Ann Kirklen is the 6 months old daughter of Mr. and Mrs. Bobby Kirklen of Abilene. Mrs. Kirklen will be remembered as the former Miss Glenda Henson. Editorial

The two women were probably sisters. They looked kind of alike. One had two little boys. The other one had a little red headed girl and a little red head boy. The first two little boys would look at their mother during church and they'd smile at Mama and she'd give them a reassuring smile back. The little red headed boy (probably 2½) would look at his mother with contempt and just dare her to correct him. She'd whack him one - just enough to make him mad. He'd sit in her lap. He'd lie down. He wanted a drink. He wanted to go to the bath room. She whispered threats close to his head that never got past his outer ear. He made up his mind he wanted his cousins' picture book, to claim it triumphantly and throw it in the floor.

His cousin looked at his mother, asked for the book, was told No, heard No, understood No, and smiled at his mother. She smiled back.

Red's mama went and got him another drink of water. He came back with a new toy - a tiny miniature set of water pump pliers. The mama kept breathing threatenings upon him. He kept trying to make up those water pump pliers where he could pinch her. During one of the songs he finally got a good hold on her upper arm with the pliers and gave that mama exactly what she needed. She drew back a hand that looked like it might have had murder in it. But he must have been giving her good measure because she stopped right before pounding him good, to get the bite off her arm. She hit him two or three good licks for that. He in turn hit at her with the pliers and hit her on the top lip. It must have smarted because she kept feeling and looking for evidence of blood.

I know I should have been listening to the preacher, but there's a lesson here that preachers can't preach. Anytime a 2½ year old boy can whip his mother in a hand to hand combat - just think how he'll act when he's five! I pity his first grade teacher. And if he doesn't change he'll be breaking and entering at 11, popping pills by 12, and carrying a deadly weapon by 14. On the other hand, I expect his cousins to remember their childhood with great pleasure, fall in love with their first grade teacher, sit in the first chair in the 6th grade, graduate with honors and return home in adult life to receive that reassuring smile from a mother that was wise enough to direct and love a child only 30 months of age.

The preacher preached on TOTAL COMMITMENT and that little boy was totally committed to give his mama TOTAL HORROR.

MAID TAX

IF YOU ARE ONE OF THOSE AFFLUENT AMERICANS WHO CAN STILL FIND HOUSEHOLD HELP YOU MAY HAVE A PROBLEM WITH YOUR MAID TAX. AS MOST FOLKS KNOW, HOUSEHOLD EMPLOYEES ARE COVERED BY SOCIAL SECURITY IF YOU PAY THE HOUSEHOLD EMPLOYEE MORE THAN \$50 PER CALENDAR QUARTER. THIS IS NOT AN OPTIONAL TAX--AND THE FACT THAT THE MAID DOES NOT WANT YOU TO PAY SOCIAL SECURITY TAX ON HER HAS NO BEARING. YOU ARE LIABLE UNDER THE LAW TO PAY SOCIAL SECURITY TAXES IF THE TOTAL WAGES FOR THE QUARTER EXCEEDED \$50 FOR THE EMPLOYEE.

UNDER THE NEW 1969 TAX REFORM ACT THE EMPLOYEES CAN VOLUNTARILY ASK THAT INCOME TAX BE WITHHELD FROM THEIR WAGES AS HOUSEHOLD OR AGRICULTURAL EMPLOYEES. WHEN INTERNAL REVENUE SERVICE ISSUES REGULATIONS YOU CAN ALSO WITHHOLD THE VOLUNTARY INCOME TAX DEDUCTION ON YOUR HOUSEHOLD OR FARM EMPLOYEES, AND PAY THIS IN ADDITION TO THE SOCIAL SECURITY TAX.
