STORM LAST FRIDAY

Southwestern Public Service had excellent service for Seminole last Friday. The company lost 110 poles running from the Denver City plant south to the Hobbs Highway. The city was without service only 45 minutes. "A company employee had to drive through the storm to get to the switch or it would not have taken that long." Jeff Wiggins, engineer, is shown viewing the damage. The poles started going down just north of Pioneer Gin and continued north 6 miles after crossing over the Seminole - Denver City Highway. An eye witness to the cloud that traveled up the power line said, "The cloud was not a very big one but it sure did look bad," A.L. Hill, 20th Street.

RANGER, TEXAS WASN'T BAD AT ALL ONE EYE WITNESS SAID, 'YOU SHOULD HAVE SEEN HOGTOWN (DESDEMONA) DURING THE OIL BOOM. NOTE IN THE PICTURE THAT THE WAGON ONLY HAD ON ABOUT 20 BALES OF HAY, THAT BETWEEN THE SPOKES OF THE BACK WHEEL IS SOLID MUD. THE WAGON ON THE RIGHT IS LOADED WITH LUMBER WITH AT LEAST 4 MULES HOOKED TO IT. PROBABLY GOING TO A RIG BUILDER, THE BUILDING BUILT OUT OF NATIVE CUT STONE ON THE RIGHT HAS OIL WELL SUPPLY COMPANY ON IT. IT WAS A DIFFICULT TIME FOR MAN AND BEAST. NUMEROUS TEAMSTERS MADE THEIR LIVING BY HAVING EXTRA HORSES AND TEAMS TO HELP A MAN IN JUST SUCH A FIX AS THE WAGON LOADED WITH HAY. THE MEN LOAFING NEXT TO THE RESTAURANT ARE NOT RUSHING TO HIS AID. ★ Band Receives Honor

The Mrs. and I have reached another milestone in life. Child Number 3 and Son Number 1 is 'flying from the coop' and, like many others parents at this time of the year, it will create a great void, almost chasm size. Three down and one to go. This is the time of a person's life when all inadequacies of a parent rush forth. Ready to go or not, they go. Taught or untaught, they go. Reasonable or unreasonable, their wings must be tested. In strength, more than a man. In height, 6' 2", an elongated boy. Hair, plenty of it; length, okay.

But, who's going to tell him to hurry and get out of the bathroom? Who's going to get him to the breakfast table? What person responsible is going to see that he gets out of bed?

CONT. P. 2

The Seminole High School Band has been selected as the Region XVI AAA Honor Band for 1970-71. This is the highest honor a band can receive at the region level. The selection is based on tape recordings of the band in contests throughout the past year. The award is alternated between classes and AAA schools are eligible only every other year.

This year's selection of the Seminole Band marks the first time Seminole has won since entering AAA.

The tapes will now be sent to the state selection committee who will select a state AAA honor band. There are 16 regions in the state and each one can enter one honor band. These are considered the top 16 AAA bands in the state for this year.

The band selected as the top AAA band will go to Ft. Worth in February to the Texas Music Educators Convention and present a concert.

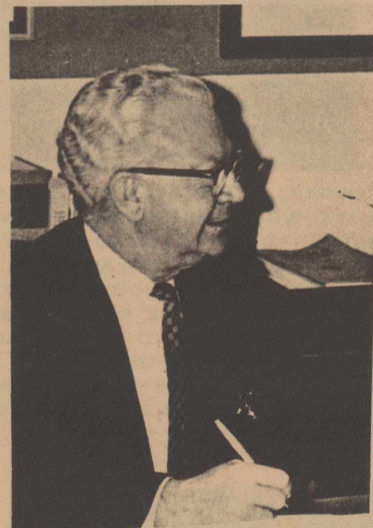

Farm hand

CONT. FROM P. 1 And then those questions rush at you—can he fix a meal if he gets hungry? Can he iron his own shirt? (That's old hat - no one irons shirts anymore; that was during his father's generation and he only ironed the front, the collars and the cuffs.) Has he been taught to clean up his room where he stays? What kind of an adult have we turned a loose on human society? If the police stop him, will he show proper respect for authority? What will be his element in college? Will he say "Yes Sir" and "Yes Mam" to his teachers? Will he have a clean mouth around his peers?

The inadequacy of a parent. Will it be said of us that he was "headlong and you did not restrain him" or will he rise up in a future date and say a verse of thanksgiving for his upbringing? Will he exercise his talents or will he fall into the stream of complaining and nonconforming? Have we taught him that greatness is service, that service is work, that working hands are an honor and honor is honesty? Also just because there's been success with other birds leaving the nest doesn't mean that this one can fly against a strong wind.

So, after the parents have done their part, the problems of the world are temporarily forgotten and the barbed conversation of others is by-passed. We have to rely still heavier on a higher power and trust he will do likewise.

Gusts of wind reported up to 75 MPH uprooted trees, broke off limbs and was a general menace last Friday evening. This weeping willow was in the front yard of Melvin Caffey, 411 S. W. 16th St.

Farmers in west and northwest Gaines County lost a lot of irrigation equipment. This portion of a power roll system was stopped by the high line pole. A part of the area received up to 3 inches of rain falling in sheets.

Section II Seminole, Gaines County, Texas

EDITORIALS

Following are quotes concerning the Texas Tech School of Medicine from articles by John A. Buesseier, M. D.

"On Dec. 4, 1970, an affiliation agreement between the medical school and the Lubbock County Hospital District was signed. The agreement provides that the hospital district will construct and maintain a primary teaching hospital for the medical school.

"Plans are also under development for effecting affiliation agreements between the medical school and the many community hospitals in the West Texas region that possess the desire and the capabilities to function as affiliated teaching hospitals.

"The use of 'challenge' examinations will be basic to the operational effectiveness of the curriculum flexibility being designed for Texas Tech University School of Medicine. Such examinations are being designed to allow the student who has accumulated knowledge and skill in a given course, regardless of the time he has devoted to the course, to request an examination for competence in the subject. Successfully passing the examination will constitute completion of the course. Plans have been developed to admit the first and third - year classes with a total of 36 students in the fall of 1972, using temporary and affiliated quarters. In the fall of 1973, additional first and third-year classes comprising 48 students will be admitted, making a total of 84 medical students enrolled in the state's newest medical school. Thus, Texas Tech University School of Medicine is being programmed to graduate its first-year class of physicians in the spring of 1974. An enrollment of 200 students in the first-year class is scheduled for the fall of 1975 when the completion of the first phase of medical school construction is anticipated to be realized.

"Texas Tech University School of Medicine is the only medical school in the state located on a major university campus. . . . It is intended that the administrative staff, faculty, medical students, allied health students, interns, resident physicians in training, and practicing physicians will be involved in the education, patient care, and research programs to be established not only on the campus but also in the many communities of the West Texas region and the State. . . . It is the purpose of this innovative curriculum to facilitate the medical educational integration of students with a wide variety of pre-baccalaureate courses of education. Thus the student with an undergraduate major in history, for example, will be enabled to enter medical school, and through the appropriate use of elective and required course work be graduated as a physician with the same core of competence and skills required of all other graduates. This departure from a rigid premedical undergraduate course requirement will provide the opportunity for medical education to a larger body of intellectually capable students. In addition the flexibility of the curriculum will allow for students to proceed from high school graduation to medical school graduation in six years without a reduction of educational quality.

"It must be pointed out that medical students are the minority students in any medical school-medical center complex. They are far outnumbered by the many non-baccalaureate, pre-baccalaureate, pre-doctoral, post-doctoral, and continuing education students who obtain some or all of their education in the same facilities and from many of the same faculty members. Frequently there are three to four times as many of these students on a medical center campus as there are medical students. Many are training for careers in the large variety of allied health fields, some are interns, others are post-doctoral personnel acquiring training and experience in specialty work, and still others are practicing physicians and practicing allied health personnel taking refresher training in order to keep up with the new developments occurring in their fields. It is economically wasteful not to use medical school-medical center facilities to train these essential health personnel.

"If the necessary support is forthcoming, we intend to admit the first small classes of freshman and junior medical students into temporary teaching facilities in the fall of 1972 and to admit a full enrollment class of 200 freshman medical students into the newly constructed medical school in the fall of 1975."

The foregoing statements were used in this editorial so that people in this area will know the importance of the medical school in Lubbock and the necessity of additional cost in the new planned hospital in Seminole, so we might participate in their program and they in turn can participate in ours. It is further estimated that over half of the doctors graduated from the medical school in Lubbock will remain in a 100 to 150 mile radius of Lubbock. Attention is called to medical facilities in Dallas and Galveston.

LOOP NEWS

BY EDITH ARMSTRONG

IT RAINED! IT RAINED!
Finally a little moisture fell our way. Most of the farmers have begun to put a few seeds in the ground very cautiously. One day they want to plant and the next day they wish they hadn't. Almost all the area residents reported about 1 inch of rain which fell Friday night or Saturday morning. It fell fast with the wind blowing very hard but at least it fell and seemed like a flood after so many days of the sand blowing.

The senior class of 71 and their sponsors, Mr. and Mrs. Ray Walters arrived back in Loop about 4:30 Sunday from their weeks tour of Colorado. They were glad to be home and reported a very enjoyable trip with no serious injuries or complications.

4-H NEWS

The third and fourth year sewing groups met in an all day session on Thursday to complete their garments and work on record books. Miss Harvey came out to instruct on record books for this year. Attending the sewing class were members Pam McKenzie, Pam Owens, Liz Caughron, Beverly Owens, Elaine Freeman, Tammi Freeman and Genia Lee Ellyson. Leaders Edith Armstrong and Betty Young met with them. Wanda Owens and Dorothy Caughron also assisted the group with sewing and record books. All of the garments are near completion and getting ready for the annual Spring Style Show for Gaines County 4-H'ers to be held this year at Seagraves at 1:30 in the afternoon on June 21st. Record books must be in the Extension Office at Seminole on June 17th.

Vacation Bible School was a big success at the Loop Church of Christ last week with an average attendance of about 70. At the close of classes on Friday the group all went to Gaines County Park for a picnic. An open house was held on Wednesday night for students and parents to view the rooms and see some of the things being taught.

This week Vacation Bible School is going on at Ashmore Baptist Church. Classes begin at 8:30 and last until 11:30 Monday through Friday. Everyone is welcome.

Vacation Bible School will begin next week at Loop Baptist, June 7 - 11.

THE WAY OF LIFE

HENRY C. SIMMONS, MINISTER CHURCH OF CHRIST LOOP, TEX.

AN OLD CHINESE PROVERB SAYS, "THE THREE GREAT MISFORTUNES ARE -- IN YOUTH, TO LOSE ONE'S FATHER, IN MIDDLE AGE, TO LOSE ONE'S WIFE, AND IN OLD AGE, TO HAVE NO SON." HOWEVER, THERE ARE GREATER MISFORTUNES, GREATER TRAGEDIES THAN THESE IN LIFE.

FIRST, CONSIDER THE TRAGEDY OF UNFORGIVEN SIN. CHRIST'S GREAT MESSAGE TO THE WORLD SAYS THAT "WHILE WE WERE YET WEAK" AND "WHILE WE WERE YET SINNERS" AND WHILE WE WERE ENEMIES" GOD PROVIDED THE FINAL AND EFFECTIVE SOLUTION TO SIN. THESE EXACT EXPRESSIONS ARE FOUND IN ROMANS 5, VERSES 6, 8 AND 10. "CHRIST DIED FOR THE UNGODLY" PAUL EXPLAINS IN THAT READING. YET EVEN MORE PERSONALLY AND DIRECTLY HE ALSO REMARKS, "CHRIST DIED FOR US." THE PASSAGE PROCLAIMS THAT "WE ARE SAVED FROM THE WRATH OF GOD BY CHRIST'S LIFE AND DEATH."

THESE WORDS OF THE GREAT APOSTLE MAKE THE SUBJECTS OF SIN AND SALVATION A PERSONAL MATTER FOR ME. THEY TELL ME THAT I AM AN ENEMY OF GOD, THAT I AM UNGODLY, THAT I AM LOST.

YET THESE SAME PASSAGES OF SCRIPTURE ANNOUNCE THE MOST WONDERFUL NEWS THAT I NEED NO LONGER REMAIN UNDER THE CONDEMNATION OF SIN, BUT THAT GOD HAS PROVIDED HIS DIVINE ANSWER TO MY SPIRITUAL PLIGHT.

HERBREWS CHAPTER 5, VERSE 8 TELLS ME THAT CHRIST IS NOW THE "AUTHOR OF ETERNAL SALVATION UNTO ALL THEM THAT OBEY HIM." OH JOYOUS THOUGHT, TO KNOW THAT I HAVE ETERNAL LIFE, AND FREEDOM FROM THE GUILT OF SIN WHEN I OBEY HIM. "COME UNTO ME, ALL YE THAT LABOR AND ARE HEAVY LADEN, AND I WILL GIVE YOU REST" WAS, AND IS THE GREATEST INVITATION EVER UTTERED. "COMING TO HIM" REQUIRES ONLY THAT SINNERS SUBMIT, IN HUMBLE OBEDIENCE, TO HIS WILL.

READ YOUR BIBLE, FOR THEREIN ARE THE KEYS TO MORE HAPPINESS, MORE SECURITY, AND MORE LIFE THAN ANYWHERE ELSE IN ALL THE WORLD.

"SEE YOU IN CHURCH!"

HENRY

Mrs. Dolly Ivy fell Tuesday morning and suffered a broken ankle. She is in the local hospital.

Mrs. Kenneth Rhea underwent surgery Tuesday in Permian General Hospital and is doing fine. She will be home at the end of the week.

Eddie Balentine, 401 S. W. 15th, is recuperating satisfactorily in the local hospital after being shot through both legs and an arm. A pistol was accidentally dropped and discharged. No bones were broken.

He lost a portion of his thumb and forefinger on his right hand when a glove accidentally caught in a V belt on a pump jack. He started to town but struck high water with his pickup drowning out. An area farmer, D. C. Jeffrey, brought him on to the hospital.

Claude Chappell, new tail twister for the Noonday Lions Club, dodging at the meeting last Tuesday when he was installed. You'd dodge too if everyone in the club had been furnished throwing material. The marshmallows didn't hurt much but they looked bad coming in. Conrad McCain, Lion Tamer, and directors James Hodge and Dale Butler are enjoying the fun.

The Seminole Volunteer Fire Department was called to 401 S. W. 18th at 6:25 p. m. Monday to a fire in a hot water heater closet opening to the outside at the home of Mary Jo Kennedy.
