

This must be the best time of my life. What better time could a person live than to scoot 80 miles away from home, pick up two granddaughters, carry them over to the park, ride them real good, feed them real good, spoil them worse and then take them home and for -- get it.

Grandmother and Stephanie on the carousel.

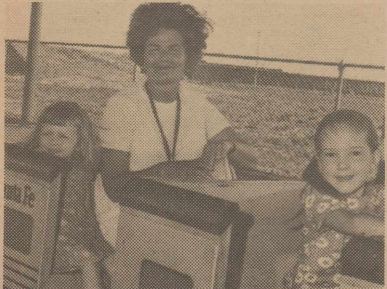

Sabrina at the children's park. The horses name is Silver.

There's horses to ride, trains to ride, boats to ride, a farris wheel to ride -- Granddaddy can we ride them all? Answer - Ride'em all!

Look Granddaddy, we're driving the boat.

Look Granddaddy, this is a train and it whistles.

I suppose Grandmother and I had better ride with you.

We boarded the Santa Fe, we listened to the whistle, we went through the tunnel.

Away we go!

"What's the most often question asked you at this counter?" Mr. Sullivan was asked. "I would like a dollar's worth of stamps, please," was the answer. And to prove it, Mrs. S. A. Pence immediately walked up and made the purchase. What's the next most often asked question? Answer: "Will the mail go out quicker if put outside or inside?" His answer - "It does not make any difference except between 5 p. m. and 5:15 p. m. At that time the mail will go off quicker if put in the outside box." The Melones have moved to Longview, Texas.

ARSONIST FIRES CAR

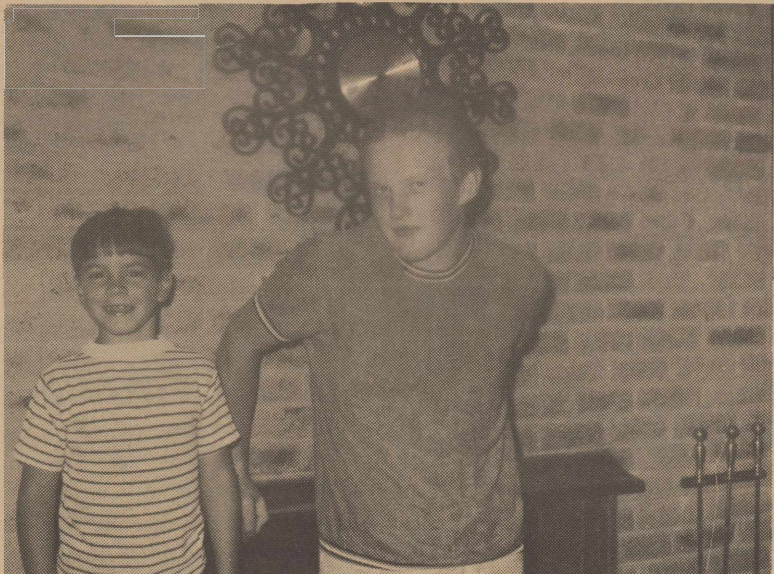

An arsonist fired a car last Saturday night at Phillips New & Used Car Lot. The car was a 1970 Plymouth Road Runner. The culprit stuck a rag into the gasoline tank and set it afire. Damage can be seen on the outside of the car. There was also damage inside the trunk, to the wiring, the floor mats and the paint.

Visiting at the reunion last Saturday was a couple who was married in Seminole 62 years ago - Mr. and Mrs. O. A. Preuit. They were married by Gaines County Judge Dave Thomas August 9, 1909. The Preuits have two sons, Dan and Top. All of them ranch 40 miles south of Portales, New Mexico and get their mail at Elida. Mrs. Preuit taught school at Sligo before she married and he worked on the Tom Ancell ranch. "Mr. Preuit, what did you pay the judge for marrying you?" Answer - "He was a good friend of my wife's family. He married us for nothing and asked me to make a present of what I was going to pay him to the new bride. She's still my bride and I'm still gonna pay it."

MR. AND MRS. WAYNE BRYANT AND DAUGHTERS RHONDA AND BARBARA, BILLIE PAUL AND MRS. BRYANT'S PARENTS, MR. AND MRS. C.T. MCKEOWN OF JAL, NEW MEXICO SPENT THE 4TH OF JULY HOLIDAYS IN RUIDOSO AND CLOUD-CROFT.

EDITORIALS

When the U. S. House of Representatives limited government payments to farmers in the amount of \$20,000 limit per year there was only one direction for farm prices to go and that was UP. Certainly, the American people are tired of taxes, we do not like them. But in all fairness to farmers some of the following items should be pointed out:

1. Prices must go up if the portion paid the farmer amounts to consumer subsidies. If it is a consumer subsidy, the American people should know about it. It is no longer possible for farmers and small farm operations to make a profit.

This editor, owner of farm land, testifies that it is near impossible to show profit with consumer subsidies paid.

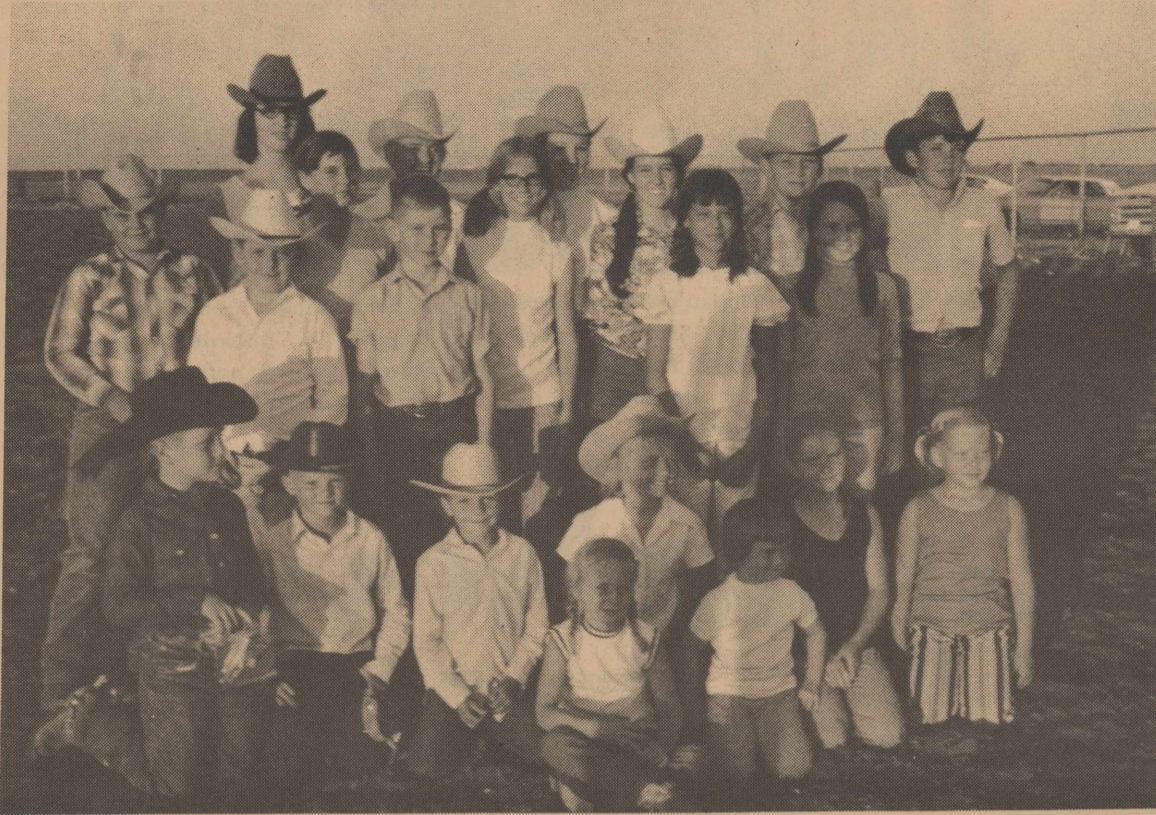

2. Let's review a quarter section of land. The cost of land in Gaines County is \$100 per acre and the cost of irrigation and water wells is \$100 per acre - investment is \$32,000. Cost of farming it for one year is approximately \$8,000. Interest at 6% is \$2,400. If a grain crop was grown on the 160 acres and if it made 3,000 pounds per acre and if it brought a real good price of \$2.00 per hundred pounds, there is no way that a farmer can farm it, feed his family and pay for the land. If, however, the quarter section was part of an operation of two sections, three, four or five sections and if the cost was kept down on the operation, a farmer could stay in business.

ONE OF THESE DAYS the only farmer left will be the combine, huge co-ops or farms owned by multi-business corporations. Then they can sit back and make their demands for prices and Mr. Consumer will pay through the nose.

3. From the year 1959-1969, farms have shrunk from four million in the United States to less than three million. The acreage had not been taken out, the farms got larger so a profit could be shown. In 1959, 20,000 farmers took in more than \$100,000. per year. Today that figure has doubled in the amount of farms and account for more than one-third of food and fiber grown.

At the very top are vast farming operations that take in over one million dollars per year. This has increased from 400 in 1959 to between 900 and 1,000 today. In 1930, it took one farm worker to feed ten Americans. Today one farm worker can supply himself and fifty others.

I am not against cutting the farm payments if it will save the consumer money. But if a big operation is wrong-THINK on our government, THINK on our transportation, THINK on our post office department, THINK on our army. I am one of those Americans that believe if a farmer can't make it, he need to quit farming. If the post office system can't make it - it needs to be sold. If a railroad can't make it, take up the tracks. If the U. S. Mint has to sell silver dollars for \$5.00 each, lets get somebody else to print them. Also, if the government is not going to pay the farmer, let the government quit telling him what he can plant, how much of it he can plant and what the price will be.

NOTICE

W.W. "Baldy" Boyer, Gaines County Park Caretaker, said, "This is the best holiday ever in the Gaines County Park." The park was loaded with picnickers and family reunions over the holiday. Many people came out just for a walk or to see the park.

The unusual part of the holiday, he reported, was that all the trash, the litter and the cans were picked up within an hour; some years in the past it has taken all day long for one man. "And the very best part - there were no flies!"

The caretaker wants to thank all those people who were so considerate over the July 4th weekend.

LETTERS To the Editor

Dear Editor:
 Please continue our Seminole News as we just can't get along without it.

Pres is on another West Pacific cruise on the Carrier Midway and should be home for Christmas. Dave is working for Guadalupe Peak National Park and Mr. Woods, it's open on a limited scale. Daughter Lane Tate works part time at the Information Office on the Carlsbad highway just east of Pine Springs. Ruth is still in Odessa and Margaret is in Lubbock and all are doing fine.

We have finally had a little rain in dry South Texas and the grass is greening.

Work here at the children's home is going fine.

Thanks again for the paper.
 Sincerely,
 Mary Sue and Buck

Dear Editor;
 Just a note to let you know our address so you can send the pictures and also one year subscription to the News.

This is pretty country. Lots of mountains, no sand blowing. This I like, but the people sure aren't friendly like the ones in "Good Ole Seminole."

Would you believe I've been here two weeks, still don't know anyone. Rather lonesome.

Thank you very much.
 Betty Bierschwale

Dear Madeline,
 Thanks for the news item. Also, congratulations on the successful hospital election. Your newspaper really carried some fine publicity and editorials in behalf of the hospital and I know that this helped put it over.

Best Wishes,
 Jack

TAX MAN SAM SEZ
If you are a student who is working during the summer and you will not earn enough to owe any income tax (\$1700), it's not too late to go back and talk to your payroll office about completing a Form W-4E. The "E" stands for exemption. A recent change in the tax law allows your employer to let you take home all your pay under these circumstances. The new law allows your employer to stop withholding on students who will not earn enough to owe any income tax. It also saves the government the trouble of sending you an income tax refund next January or February.

OUR COUNTRY'S HISTORY

The history of our country is told in many many ways. One big chapter is written on barb wire. Wallace Powers has one of the best collections in the area. Would you believe 200 different kinds, maybe more. Bill Faircloth brought in a piece of wire a few days ago, wanting it identified, and Wallace Powers gave the following information on it. "It's a U. S. military World War #1 Concerntina, 1917-1918 wire." He pointed out that this is steel wire and would wreck or tear up wire cutters. It is a steel one strand with a double wrap of wire on it, making four barbs, one sticking each direction. He went on to say that the wire originally was a double strand, but had been taken apart and sold to farmers and ranchers. Without referring to notes or book, Mr. Powers identified the seven different kinds hanging on the bulletin board in the News office - Burnell, Improved S, Arrow Plate, Reverse Spread Scott, Glidden Railroad, Merrill - Buffalo and Snail Bar. Evidently Powers is some kind of an expert because a previous wire man had told me about this Glidden Railroad wire. "How can you identify that?" he was asked. "See, one of the two twisted strands," he said, "is square. Glidden built this for the railroads so when farmers or ranchers stole it they could identify the culprit." The Merrill buffalo wire, they both said, was not to fence the buffalo in but to fence the buffalo out.

"YES SIR, WE'RE IN THE FINALS," SAID THE BOYS DOUBLES TEAM FROM SEMINOLE - ALLAN HOLLIDAY, LEFT, AND TERRY WATSON.

Around Town
WITH
Jackie Squires

Getting back to work last Monday after a five week leave was a bit of a chore - having to climb out of bed before 10 o'clock and mechanically putting on makeup, fixing hair, trying to get presentable enough to go back out into the public again after being a slob for weeks. Just lying around the house, keeping up with soap operas on TV, cooking an occasional meal for the family and running for the bedroom when the doorbell rang, to slap on a wig and a little lipstick before answering, only to find one of the neighborhood kids wanting Gary. It was really nice to get back Around Town and see everyone. I want to thank everyone for their visits, the beautiful flowers, the many cards, phone calls and gifts that I received while I was in the hospital. But most of all I appreciate the prayers and the tokens of friendship so many bestowed upon me. Problems would be so much greater without the love of God, family and friends.

My #1 fan, MRS. J. B. DYESS, SR., telling me how much she missed Around Town while I was sick. (I may just make her president of my fan club.)

JOE HARBER leaving WACKER'S Monday morning with his little grandson. Wonder what that trip cost him?

This may not be the "Toddlin' Town" like Chicago, but I saw a man having coffee with his wife in Seminole last Monday. BOB and VICKI CLARK at JO'S.

EVELYN HENSON showing off her 'one and only grand-DAUGHTER! KIMBERLY ANN, Around Town last Monday.

No one except the DON FLEMINGS would dare take a vacation and go to Yellowstone Park and the Grand Tetons on a motorcycle. They journeyed over 3000 miles, taking one change of clothes, washing them at night when they stopped. They took advantage of their children being away at camp. DORIS said, "Don wouldn't even let her bring home a souvenir because there wasn't room to carry it. I admire adventurous people and these two know how to enjoy life by not being afraid to do what they want to do.

Missed seeing MARGE GLADSON at KELLEY'S this week. The Gladsons are moving to Sanderson soon. We wish them the best of luck and Marge, I'll miss seeing your smiling face each Monday morn.

SANDRA BAILEY having a 'bang-up' birthday the 4th. She visited her parents, the J. E. BOYDS, in Midland who own and operate the WESTWIND MOTEL there. An 18-year-old boy threw a firecracker in a barrel of tar Mr. Boyd used to keep his drive in repair. The tar exploded, setting fire to the motel and splattering tar over the pool area, building and driveway. The Midland fire chief told Mr. Boyd that was the 5th fire that day started by fireworks. Our little firecracker 'Sandra' said they shouldn't go to so much trouble next year to celebrate her

BEN WHITE AS SEEN ON KIDNEY MACHINE

Dear Walter Woods,

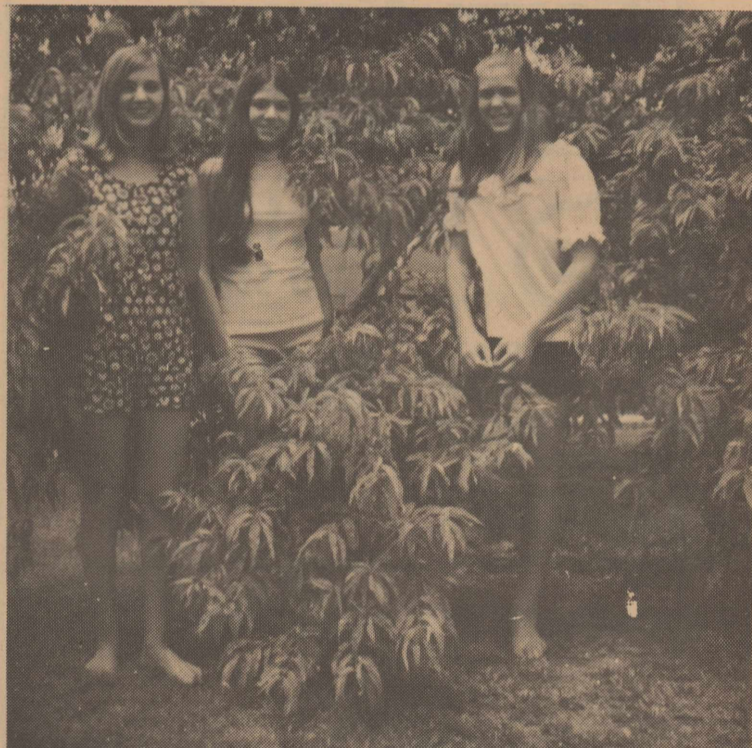

I am writing to let you know about Ben's transplant. You know, I am sure that he rejected the kidney and it was removed Thursday the 24th.

The kidney was functioning fairly well until late Wednesday afternoon, then it seem to have started giving problems. By Thursday morning the Doctors were getting worried. By noon they began running tests to find the kidney had been rejected. The kidney was removed Thursday at 6 p. m. The surgery was over about 7:30 p. m.

Ben is back at the Transplant Center and doing fine. He is accepting the rejection very well. But can't make up his mind about trying another transplant. The doctors tell us they will not try another living donor. So that means waiting until they find one, which could be a pretty long wait.

His sister is doing fine. She will be dismissed from the hospital Thursday. She was allowed to visit him today at the center.

Sincerely,
Mrs. Ben White

HAPPY BIRTHDAY GRANDSON FROM GRANNY AND PAPA SQUIRES

105 Northeast Avenue B.

RADIATOR SHOP

Raymond Patton bought the Seminole Radiator Shop from J. W. Pharis six years ago. (And he added, "I do a lot better work than he did.") The radiator shop deals in many types of radiators. It recores and rebuilds radiators, installing new cores in all makes. The shop maintains a good supply of hoses, clamps and other accessories to take care of customers' needs. Besides auto radiators, the shop takes in tractors, trucks, irrigation and oil field radiators. Also a specialty with the company is air conditioner condensers and heater radiators. Patton stated that some air conditioning is done and a lot of water pump work.

Mrs. Patton (Cleo) is manager of the F. J. Young Cafeteria. They have two sons, Tommy who lives in Mystic, Conn. and Jerry, in Fairbanks, Alaska. The Pattons have three grandsons - two in Conn., Matt and Brad, and one in Alaska, Toby.

When the cleanup campaign kicked off a few years ago Raymond did something about his part of town. He cleaned off the lot next to him, put out fruit trees, berries and a huge garden with flowers in the foreground. If you do not have a radiator that needs fixing, stop by 105 N. E. Ave. B. and talk gardening, fruit trees and flowers. "Oh, yes," Raymond said, "be sure and tell Ed Pullam and Marshall Nichols that I've got peanuts again this year."

When you walk down the aisle of love, we want to be with you... not in person... in flowers! Our wedding arrangements are made to your specifications.

THE WAY OF LIFE

HENRY C. SIMMONS, MINISTER CHURCH OF CHRIST LOOP, TEX.

A LITTLE FIRE WAS BURNING IN THE COURTYARD, AND AROUND IT HUDDLED A SMALL GROUP OF MEN TRYING TO KEEP WARM, BECAUSE THE NIGHT WAS CHILLY, INSIDE THE BUILDING A DRAMA WITH TRAGIC OVERTONES WAS BEING ENACTED. JESUS OF NAZARETH, A MAN WHO HAD INCURRED THE HATRED OF MANY OF THE RELIGIOUS LEADERS OF THE JEWS, HAD FINALLY BEEN ARRESTED. AND NOW HE WAS BEFORE THE HIGH PRIEST, BOUND AND AS HELPLESS AS THE SACRIFICIAL LAMBS WHICH HAD HERETOFORE BEEN SACRIFICED ON THE ALTER AS A SIN OFFERING.

IN THAT GROUP OF MEN STANDING AROUND THE FIRE IN THE COURTYARD IS A FAMILIAR FIGURE. SURE ENOUGH, IT'S PETER, THE DISCIPLE WHO HAD SO RECENTLY DECLARED HIS UNDYING LOYALTY TO JESUS.

SOMEONE HAS DESCRIBED THIS AREA AROUND THE FIRE IN THE COURTYARD AS "WARM MIDDLE GROUND". THAT IS, A PLACE WHERE A DEFINITE STAND EITHER FOR OR AGAINST JESUS DID NOT HAVE TO BE TAKEN, PERHAPS, BUT IT IS TRUE THAT BEFORE THE NIGHT WAS OUT, PETER HAD EMPHATICALLY DENIED ANY RELATIONSHIP WITH JESUS. THANK GOD, PETER REPENTED OF THIS COWARDLY ACT, AS SOON AS HE REALIZED WHAT HE HAD DONE. HOWEVER, IF THIS AREA CAN BE DESCRIBED AS "WARM MIDDLE GROUND", A LESSON CAN BE DERIVED THEREFROM.

"WARM MIDDLE GROUND" IS A FAVORITE RETREAT FOR THOSE WHO ARE CONSTANTLY UNDECIDED, FOR THOSE WHO ARE UNABLE TO MAKE UP THEIR MINDS. STUDENTS OF HUMAN NATURE TELL US THAT THERE IS NO WEAKNESS OF CHARACTER WHICH IS MORE DISASTROUS THAN INDECISION.

THOSE WHO STAND ON THIS WARM MIDDLE GROUND DO NOT WANT TO TAKE CHANCES, THEY PREFER TO PLAY IT SAFE. IT IS BETTER, IN THEIR ESTIMATION, TO SEE WHICH WAY THE WIND IS BLOWING, BEFORE THEY TAKE A STAND ON ANY CONTROVERSIAL ISSUE, SINCE THEY HAVE NOT IDENTIFIED THEMSELVES WITH ANY CAUSE IT IS EASY FOR THEM TO GO THIS WAY OR THAT, DEPENDING ON THE TREND OF THE MOMENT.

WELL, THIS IS COWARDLY. AND THIS IS COWARDICE OF THE WORST SORT, MORAL COWARDICE, AND IT IS EXTREMELY DANGEROUS, AS PETER FOUND OUT, TO HIS DISMAY. ON ANY IMPORTANT ISSUE, WE SHOULD STUDY IT CAREFULLY FROM EVERY CONCEIVABLE ANGLE, AND AFTER ASSIMILATING ALL AVAILABLE DATA, TAKE OUR FIRM STAND ON THAT WHICH IS INDICATED TO BE RIGHT.

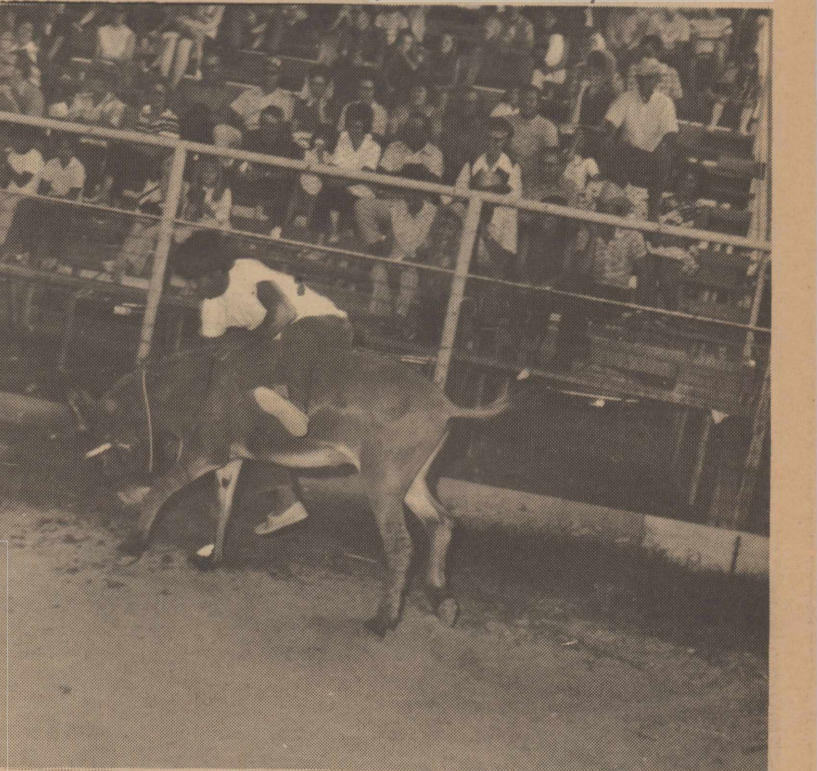

WHEN IT COMES TO RIGHTEOUSNESS AND CHRISTIANITY, JESUS, WHO IS THE AUTHOR OF SUCH SAID, "HE THAT IS NOT WITH ME IS AGAINST ME, AND HE THAT GATHERETH NOT WITH ME, SCATTERETH." (MATT. 12:30) WE CANNOT STAND ON "SAFE MIDDLE GROUND" SO FAR AS CHRIST IS CONCERNED. WE'VE GOT TO TAKE OUR STAND FOR HIM, OR AGAINST HIM. IF WE ARE TOO COWARDLY TO BE FOR HIM, THEN WE ARE AGAINST HIM. SEE YOU IN CHURCH, HENRY
