If you want to see a real show there will be one available next Friday night at the local high school gym. If you're a basketball fan of yesteryears and have not seen the new addition of 1970 you've missed a real treat. Showtime starts at 6:30 p. m. and will last approximately 3½ hours. A-team first district game - 8 o'clock. The Indians returned last Sunday morning from Big Lake where they won four straight and the first place trophy in the Reagan County Tournament. When you see Steve Hatley at 6'11" you will see the most valuable player in that tournament who averaged 20 points per game. When you see David Henderson, who made the all tournament team, you will see a 5'7" boy that scored 70 points and a 17.5 average. You will see Jim Livingston, a sophomore, who at 15 years of age has come a long ways. Donald Roberts, a freshman - - yes, a freshman - - then there are those two steady hands of Whisenhunt and Donohoe that score those 8, 10, and 12 points per ballgame that spells victory. Then there's bench strength of Walker, Sims, Gonzales, and Parrott which rounds out a good team. Their record for the year - 13 victories, 6 defeats - as of last Saturday night. If you've never seen David Henderson lean around a man and score 2 you've missed something. If you've never seen the moves of Steve Hatley going right, going left, going over or under, against two defenders you've missed quite a treat. Seminole carried the smallest team to the Reagan County Tournament plus the tallest coach. He stands tall in more than height. SEE YOU FRIDAY NIGHT!

**IVA DUMAS**

In announcing my candidacy for County Clerk, and in asking my friends and neighbors to retain me in office, I am taking this opportunity to list what I believe to be reasons for the voters of Gaines County to elect me to this office.

Having been a resident of Gaines County for almost 30 years, I am aware of the geography, history, and the needs of the people in my home county.

It has been my pleasure to have worked in our courthouse and in this office for thirteen years, after becoming a widow in the year of 1955; and my youngest child in school, who is now in college. When Judge Browne was appointed to fill the office he now holds, the County Commissioners Court invested me with the authority to act as your clerk. We have maintained the high standards in this office since I have assumed my Clerk's duties in the same tradition that have been in practice for many years. If I am elected to a four year term as your clerk, I pledge to continue these traditions in a competent and efficient manner.

Your support and influence is earnestly solicited in my bid for election as County Clerk.

George H. Hansard of Lamesa announced this week that he would seek election as judge of the 106th Judicial District, which includes Dawson, Gaines, Lynn and Garza Counties. Hansard is currently serving as District Attorney.

The Honorable Truett Smith of Tahoka, now occupying the bench, also announced this week that he would not run again when

## Doctors - Freeman - Others Honored Friday Night

Dr. and Mrs. Harold D. Dow look over the plaque awarded him for untiring and unselfish services rendered Seminole and the area at the Chamber of Commerce banquet last Friday night. The banquet was held at the school cafeteria.

A post humus award was presented to Mrs. Fred Koberg last Friday night at the Chamber of Commerce banquet for untiring and unselfish service rendered by her late husband, Dr. Frederick J. Koberg. Standing on the podium from left to right are Glen Cavitt - incoming Chamber of Commerce president; M. Charles Ray - outgoing president; Mrs. Ray and Don Moore, a Chamber of Commerce director.

**DON MOORE ANNOUNCES FOR COUNTY CLERK**

The political pot began to boil afresh this week when Don Moore, a long-time Seminole businessman, announced for the office of County Clerk.

Mr. Moore was born in Seminole 29 years ago, moved when he was two years old, moving back to Seminole with his family in 1956. A statement in a future issue of the News will follow. He will be subject to the Democratic Primary.

### FOUR INJURED IN WRECK

At 11:30 a. m. yesterday Joyce Ann Johnson, 32, from Hobbs, New Mexico, driving a 1968 Plymouth, lost control in a one car accident 6.1 miles north of Seminole on the Seagraves Highway. She remains in serious condition in Seminole Memorial Hospital. Kenneth Selman, TDPS, reported that the doctors said her pelvis was broken in nine places.

A passenger, Flora Herrera, 29, also from Hobbs, New Mexico, sustained head injuries and is in serious condition as of Tuesday evening. A two-year-old daughter, Lisa Faye Johnson, received a broken leg. A four-year-old daughter, Gloria Herrera, received head injuries and is also listed in serious condition.

The Plymouth was headed north when the driver lost control, skidding 192 feet on the roadway, overturning 1½ times after leaving the pavement.

Alton Freeman, on the left, received an award at the Chamber of Commerce banquet last Friday night from Frank Pollard for services rendered as an attorney for the City of Seminole for 35 years.

Special recognition went to Mr. Alton Freeman, City Attorney, at the annual banquet of the Seminole Area Chamber of Commerce Friday, January 9, 1969. He has been instrumental in the incorporation of the City of Seminole. He did all the legal work and made many trips to Austin, at his own expense, to formulate the incorporation. Proceedings were started in 1935 and he has served as legal advisory and City Attorney for 35 years. He has served under 8 mayors and has guided and directed them in all legal matters, and guided them well. He is an outstanding citizen and has contributed much to the building of a bigger and better Seminole. Among his many duties he also has served as attorney for the Seminole State Bank since it was organized in 1940 and serves on the Board of Directors. He served as the County Attorney from 1937-1940 and was appointed as the County Attorney in June 1943, and served in 1944, '45 and '46.

MEASUREMENT  
SERVICE BENEFITS  
THE FARMER

ONE OF THE SERVICES PROVIDED BY THE COUNTY ASCS OFFICE IS ACREAGE MEASUREMENT FOR FARMERS PARTICIPATING IN THE WHEAT FEED GRAIN, OR COTTON PROGRAMS.

TO OBTAIN MEASUREMENT SERVICE, A PRODUCER MUST FILE A REQUEST WITH THE ASCS COUNTY OFFICE. THE COUNTY OFFICE WILL ESTIMATE OR TELL HIM THE COST. THIS COST IS PAID PRIOR TO THE SERVICE BORNE BY THE PERSON MAKING THE REQUEST.

A COUNTY ASCS REPORTER

WILL VISIT THE FARM AND DETERMINE THE ACREAGE OF EACH FIELD AND STAKE IT IF REQUESTED. AN OUTLINE OF THE FIELDS AND THEIR ACREAGE WILL BE FURNISHED TO THE PRODUCER.

PRODUCERS INTERESTED IN MEASUREMENT SERVICE ARE URGED TO REQUEST IT AS SOON AS POSSIBLE. THE COUNTY ASCS OFFICE HAS REPORTERS AVAILABLE NOW TO GIVE PROMPT SERVICE. FILING A REQUEST LATER MAY CAUSE A DELAY IN THE SERVICE REQUESTED. THERE ARE ADVANTAGES IN KNOWING THE ACREAGES OF CROPS PLANTED OR TO BE PLANTED, DIVERTED ACRES, AND CONSERVING BASE ACRES. KNOWING THESE WILL HELP THE FARMER WHEN THE TIME COMES FOR CERTIFYING COMPLIANCE WITH A PROGRAM.

MEASUREMENT SERVICE GUARENTEES COMPLIANCE WITH A PROGRAM, SO LONG AS THE PLANTING IS LIMITED TO THE MEASURED AREA. INCORRECT CERTIFICATION CAN RESULT IN PROGRAM PAYMENTS BEING REDUCED OR LOST.

January 14, 1914 Henry Ford's "assembly line" revolutionized automobile production.

The longest snowstorm in history in Gaines County came to an end last week in Loop. For the previous 58 days the above trees had been gathering more and more on them - sometimes night and day. As the farmers began to finish their cotton harvest and the gin fell silent, the snow-like lint stopped gathering. As the winter weather really sets in the trees will begin to rid themselves of the cotton lint.

The Tallassee, Alabama test plots show very high resistance of McNair 1032 to *Fusarium* wilt and nematodes. McNair 1032 gives you the best combination of high yield and high resistance ever available.

CHAMBER OF COMMERCE BANQUET CONT FROM PAGE 1

One night each year the Citizens of the Seminole area come together at the annual Chamber of Commerce banquet to review accomplishments, outline projects for the coming year, and to honor by special recognition a few outstanding persons. These few people are honored because they have given more than the rest to make this a better place to live. Last Friday night homage was paid to two very special people. These two, through unselfish dedication, have given to us a very important commodity -- their time. We, as humans, have demanded their time at all hours of the day and night. We expected them to give us their time beyond most of our regular business hours, time when it was convenient only to ourselves, and time most of us would not take to help another. However, these two young men, with no remorsefulness or self pity, did take their time, exert their energies, and provide their knowledge in order that each of us could enjoy better health. Honored were Dr. Harold D. Dow and the late Dr. Frederick J. Koberg.

Some 32 years ago two young men called Rowdy and Fred became good friends and fraternity brothers in medical school at the University of Texas in Galveston. Between classroom time and study periods, these two guys met two gals who just happened to be studying at the University of Texas Nursing School. After graduation, internship, and the usual preliminaries, Fred wed Hildy and Rowdy convinced Dorothy that he was the only one for her.

Both of the doctors did their internship at the Shreveport Charity Hospital in Shreveport, Louisiana, but then their paths parted. In 1941 Dr. Dow moved to Levelland to begin general practice and Dr. Koberg began a tour of duty in the Army Air Force as a Flight Surgeon. Dr. Dow left Levelland in 1946, moved to Lubbock for a short while, and then in October of 1946, moved to Seminole, joining Dr. T. J. Williamson in practice.

Meanwhile Dr. Koberg was discharged from the Army in 1945 and returned to the Charity Hospital for further study. However Dr. Koberg, by some coincidence, learned that Denver City needed a physician and moved to this West Texas town in 1946 for one year. Since Denver City did not have a hospital and Dr. Dow's associate had moved, it seemed only right for them to become partners in the practice of medicine. From then until Dr. Koberg's death in February of 1969, these two men were friends, companions, and brothers while performing their responsibilities to the people who were sick and injured.

It is therefore appropriate to honor 23 years of service by saying we are sincerely grateful.

Mr. and Mrs. Dwayne Herman were honored last Friday at the Chamber of Commerce banquet as the "Seminole Family of the Year."

THE DWAYNE HERMAN FAMILY RECEIVES AWARD

The "Seminole Family of the Year" award went to the Dwayne Herman family at the Chamber of Commerce banquet last Friday night. They have lived in Seminole since 1959, moving here from O'Donnell.

Herman is a graduate of Lamesa High School and Southwestern School of Banking at S.M.U. He is very active in civic affairs, having served as County Chairman of the March of Dimes from 1961-1966. He is a member of the Lions Club where he held offices as secretary, treasurer, director, 3rd vice president, 2nd vice president and is now 1st vice president. He has served as Drive Chairman for the Red Cross, Boy Scouts, Girl Scouts and Cancer Drive, chairman of the Heart Association of Gaines County two years, served on the Board of the Seminole Area Chamber of Commerce for five years - president 1968-'69 and past president of the Industrial Foundation.

He became cashier of the Seminole State Bank in 1960 where he is now vice president and cashier. His wife, Wanda Jean, is a Sunday School teacher at the First Baptist Church where he is chairman of the board of deacons. She is also an active member of the Junior Study Club. They have two daughters, Teresa, 12 and Anita, 8.

his term of office expires December 31. Smith has held the post for the past 12 years.

Hansard, 43, has been District Attorney since September 1959, being elected after serving six years as County Attorney in Dawson County. Prior to that, he was engaged in civil practice in Lamesa as a partner in the law firm of Clement and Hansard. The candidate has maintained his partnership in the firm in addition to his public duties.

An honor graduate of Lamesa High School in 1943, Hansard earned his Bachelor of Arts degree and completed law school at Baylor University after interrupting his studies to serve with the U. S. Marines during World War II. Upon graduation in 1951, he returned to Lamesa to begin private practice.

Active in civic and church affairs, Hansard is currently serving as president of the Lamesa Noon Lions Club and is vice-president of the Lamesa Boys Club board of directors. He is also chairman of the Quanah Parker District of Boy Scouts of America. A deacon at the First Baptist Church in Lamesa, Hansard also teaches an adult Sunday School class.

A resident of Lamesa since 1938, Hansard and his wife, Melba, have four sons, George, Jr., 12; Mark, 10; Jeff, 7; and Sam, 6.

"It was after much thought and consideration that I chose to announce my candidacy for the office of District Judge," said Hansard. "In addition to the sincere belief that I possess the temperament essential for a person serving on the bench, I feel that experience and the knowledge that I have gained through many years of civil practice and as District Attorney speak well of my qualifications for the office."

It's been hog killing time lately and a person who's never learned to eat hog brains and eggs for breakfast has never killed very many hogs. There was nothing better in all the world than fresh hog meat and back bone after being out of meat for several weeks. It was a good time of the year. Neighbors got together and stood around the sunny side of the barn and talked and built a big fire to be used around the dipping barrell. Now the trick of dipping a fat hog was to get the water just right. If it was too hot it set the hair and if it was too cold you couldn't pull the hair out. I've seen a few shaved hogs and they were the worst kinds.

Uncle Joe Matthis lived in Peacock and he always had big fat hogs. He killed from 15 to 20 a year, all in one day. He invited his sons home and their families, his sons-in-law and their families, and along with another grandson and myself. We killed hogs, scalded hogs, scraped hogs, cut up hogs, made sausage, put a curing mix on the meat and made it ready for the smoke house. Uncle Joe said to me, 'Boy what can you do at hog killing time?' 'Why, Uncle Joe, I can do a little of all of it, I guess.' 'Did you ever shoot a hog?' 'Yes, sir,' I said. 'Did you ever stick a hog?' 'Yes sir,' I said. Friday and Saturday were to be the big days. Friday morning came and activity started away before day. Breakfast was on the table before daylight. Uncle Joe got the 22 rifle and we loaded it with extra long steel-jacket bullets. Next, we got 2 sash cord tie ropes about 20 feet long and took off to the hog pen. Uncle Joe really tired me out. He handed me the gun and the ropes and the sticking knives and said, 'Now show me how to bring that hog in.' We went by the scalding barrell that was being made ready and I left the gun. Then, on to the pig pen. I got one ear of corn, crawled over in the pen, broke it half in two and pitched half down to the hogs. While the hogs were eating, I quickly tied one of the ropes on to the back foot of a hog and quickly secured another one. I dropped one rope and Uncle Joe opened the gate and I drove the hog out. (Now generally you can drive a hog anywhere with a stick to prod him on, but a hog cannot be led.) I drove the hog around to the right area and tied the rope to a small tree. One of the older men called out, 'You'd better get a man to do a man's job,' and Uncle Joe simply said to me, 'Boy, get on with your hog killing.' I asked for the sticking knife and it was ready. The point had been sharpened almost razor sharp. I picked up the rifle. It was just good daylight. I made a clean shot slightly above the eye level. The 275 to 300 pound hog went to his knees. He fell over on his side. I immediately put down the gun, took the knife in

Terrell Dwayne Landrum, age 20, told police "I went through Vietnam without injuries and then this happens." The rider of this motorcycle struck a 1961 Lincoln seen in the background on the right rear fender as it was pulling into a garage on North Main in Seminole. The Lincoln, driven by Archie Powell, received damages estimated at \$150 with \$200 estimated damages to the Honda. Landrum received a broken left hand and escaped serious injury.

Charles Morgan Nance, 33, Route 4, Seminole, did approximately \$1200 damage to a truck tractor when he applied his brakes and lost control on Texas Farm Road 2056 where it intersects Texas Farm Road 2055. He was taken to the Yoakum County Hospital about 7:00 o'clock Sunday morning. He is not seriously injured.

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

**Q) I'm a full-time college student and think I will get a tax refund, if I don't have to count a \$750 scholarship as income. Is it income?**

**A) Scholarships are generally not taxable and do not have to be reported for tax purposes. Since there are many different types of scholarships, you will want to check with the organization that gave you the scholarship to see if they have information on its tax status.**

**Q) Why did IRS drop the short form 1040A?**

**A) One important reason was to make it easier for taxpayers to claim all the credits, deductions and exclusions they were entitled to under the tax laws. In recent years more and more taxpayers have found it to their advantage to itemize deductions as their income increased.**

The new Form 1040 is one basic page and actually calls for just about the same information that had to be entered on the front and back of the old card form. Over 30 million returns will need just the one-page Form 1040 to be complete, while another 22 million will have to attach only one additional schedule.

hand, grabbed the right front foot with my left hand and rolled him to his back. I made a short jab just forward of the front legs on the brisket and with the next motion plunged the knife handle deep down and back, quickly removing the blade and stepping away from the hog as blood spurted about 18 inches to 2 feet high as the hog rolled back on his side. Now Uncle Joe knew how to work a man and he also knew how to work a boy. "Boy, nothing," he exclaimed, "I done found me a man."

Copies of the schedules taxpayers will most likely need were included in the tax package mailed to some 75 million taxpayers.

**Q) I got married in December. Can my wife and I file a joint return for 1969?**

**A) Yes, if you are married on the last day of your tax year, you can file a joint return. Your wife then cannot be claimed as a dependent on the return of another taxpayer.**

**Q) Does the new tax form make any difference in the way a farmer handles his credit for gas used on the farm?**

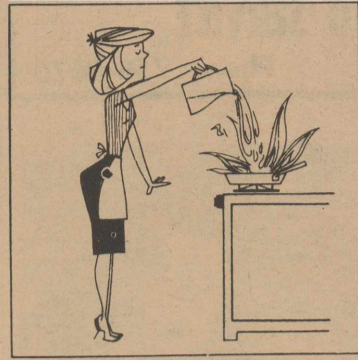

**A) No, the gas tax credit should be claimed as it has in the past by attaching Form 4136. The amount of credit claimed should be entered on line 21 of Form 1040.**

**Q) What is the surcharge rate for 1969 and how do you figure it?**

**A) The income tax surcharge is 10 percent for 1969. Tax surcharge tables are included in the tax packages and can be found on page T-1. These tables show the**

### Fairview News

BY MRS. OPAL (R.M.E.) HUGHES

The Fairview people went to church and Sunday School and all went to hear the Lord's word preached. As I have said - Brother Brown preached the Bible come what may.

Mr. and Mrs. Nelson Cayton has moved to the brick home on the Patterson place. This house is south of Mr. and Mrs. Leonard Carden. We hope the neighbors will soon start to Fairview Church and Sunday School.

Another Christmas has rushed by. You people past the years of \_\_\_ and \_\_\_ get ready. Thanksgiving is only a few weeks away and Christmas follows immediately after. My children must be getting too big. No socks for Christmas, not even a tie or handkerchief. I guess I was like little Glen Sullivan who said "I tried to be good but just could not last until Santa got there."

1. My nice nephew sent me an electric back scratcher. That silly thing really works - plastic hand, arm and all.

2. Ruby Ownbey made me a cap to wear at the football games - Seminole Indian colors. (I like her.)

3. One of the presents my good wife gave me - two thermos bottles with a sandwich tray and carrying bag. It was a nice gift. She also had wanted one a long time. (I gave her one just like it.) If you see us out with a 'HIS' and 'HERS' eating arrangement do not be surprised.

4. Office folks gave me a gift certificate from 'Ray's'. (Ha, I might just get some of those socks, hankies and ties vet.)

5. And you nice readers that sent pecans, candies, cakes, pies, fruit cakes and on and on.

6. And then I got to see those three granddaughters. I love Christmas! I do not care if it gets here in another three weeks.

The girl who received the "Young Citizen's Award" at the Chamber of Commerce banquet last Friday night was Miss Kathy McMinn. The presentation was made by Frank Pollard.

### KATHY MCMINN RECEIVES YOUNG CITIZEN AWARD - GIRL

Kathy McMinn was honored last Friday night at the Seminole Area Chamber of Commerce banquet with the Young Citizen Award - Girl. Kathy is a 1969-70 Cheerleader of Seminole High School. She was elected treasurer of the S.H.S. Student Council in spring '69 elections. She was elected this year to Who's Who of S.H.S. as the Best All Around Girl and the girl with the cutest smile, and she was also elected Senior Class Favorite. She is serving this year as assistant editor of the 69-70 Tepee (Annual) and is a member of the National Honor Society, Spanish National Honor Society, and Future Teachers of America at S.H.S. She was a candidate for the 1969 Peach Queen of Gaines County. Kathy has improved her academic standing during her Junior and Senior years as much as any student in the Seminole Schools. She has shown outstanding ability in leadership as an upper classman, and her pleasing and winning personality has contributed much toward an improved atmosphere in school. Her tireless efforts have been evident in her many duties. She has also been active in her church and community activities. She resides with her parents, Mr. and Mrs. Roy McMinn at 601 S. W. 15th Street.

#### Ring Finger

A wedding ring is generally worn on the third finger of the left hand because of an old belief. People supposed that a vein runs directly to the heart from this finger, thus heart and hand are offered together. Although the belief is not true, the custom continues.

The Seminole Volunteer Fire Department was called out at 1:30 a. m. last Sunday morning to the residence of Truman Goss, Ave. G. Southwest extension (immediately west of the draw) where a water well house was engulfed in flames. The house, although nearby, was not damaged.

**Information From  
Social Security Office**

BY DOROTHY FEAZELL

Today I'm going to talk some about the "basics" of social security.

The social security system is built on traditional American values. Payments under the program are earned through contributions paid while a worker is employed. Protection is bought in this way for the worker's dependents or survivors in the event of his death, disability, or retirement. These payments are made regardless of income from savings, pensions, investments and the like. A worker knows in advance that he will not have to meet a "needs" test to qualify for payment.

The social security program provides an incentive to work and save. Payments are only a partial replacement of lost income due to retirement, disability or death of the wage earner. No intent exists for payments to fully replace income lost due to these events. They are, rather, a floor of protection on which the worker can build through home ownership, investments, savings, insurance, etc.

Coverage is compulsory. Financing the program is secure and actually sound for the social program. The young worker can be assured that payments can and will be made to him and his family when eligibility exists because the law specifically provides the conditions of entitlement, while careful financing assures the program of actuarial balance.

Remember, if you have further questions on this subject or any other phase of the social security program, feel free to visit me on one of my regular trips to the courthouse.

**TEXAS HAS GOOD TELEPHONE SERVICE AND RATES FOR LOCAL AND LONG DISTANCE**

"Texas has good telephone service and the rates for both local and long distance service compare favorably with those in other states," a spokesman for Southwestern Bell Telephone Company told a Senate Committee hearing recently.

The hearing is on the bill proposed by Senator Charles Wilson of Lufkin to transfer the regulation of public utilities in Texas from the local municipalities to a nine-man commission in Austin which would regulate utilities on a statewide basis.

The speaker was Sam E. Holcomb of Dallas, assistant vice president of Southwestern Bell in Texas.

In response to Senator Wilson's statement that a call from Austin to Texarkana, Texas, costs more than a call to Texarkana, Arkansas, Holcomb pointed out that rates on calls within a state generally are higher than rates on calls of comparable distances between states.

Holcomb pointed out that in Arkansas, which has a State Commission to regulate utilities, a call from Little Rock to Texarkana, Arkansas, costs more than a call from Little Rock to Texarkana, Texas.

Similar differences exist in Oklahoma, Louisiana, New Mexico and virtually every other state in the union.

Holcomb cited a number of other examples to prove that rates on interstate calls (within a state) are slightly higher than rates on calls of the same distance between states.

Holcomb also produced charts to prove that rates for local service in Texas are as low or lower than rates in many similar size cities in states which have statewide regulation.

For example, a business telephone in Houston costs \$16.50 a month. Denver pays \$18.50, Atlanta pays \$19.00, and St. Louis pays \$17.95.

A one-party residence telephone in Houston is \$5.90, as compared with \$6.50 in Atlanta, \$6.65 in St. Louis, and \$6.20 in Denver.

The business rate in Austin is \$13.50 which is lower than the business rate in Little Rock, Albuquerque or Topeka, all cities of relatively the same size.

Holcomb also showed that telephone rates in many smaller towns in Texas compare favorably with those of comparable size towns in states which have statewide regulation, indicating local municipalities are doing an effective regulation job.

In response to Senator Wilson's charge that telephone service in Texas is "the sorriest in the nation," Holcomb said this simply is not true. He said his company has many measurements which prove the quality of telephone service in Texas is as good or better than service in other states. He cited statistics to show that phoning difficulties represent a very small per cent of the huge volumes of calls handled in Texas, which totalled more than 9½ billion in 1968.

He said he sees no need for Texas taxpayers to stand the cost of another state commission, since the present system of local regulation has resulted in good service at favorable rates.

**SEMINOLE VOLUNTEER  
FIRE DEPARTMENT  
CALLED TO FIRE**

The Seminole Volunteer Fire Department was called out last Thursday to a fire 8½ miles on the Denver City Highway where a farrowing (hog) house was on fire. Wayne Upton, who lives a short distance away, noticed it on fire about 8:30 p. m. but could not get into the locked building. He and his father, John, finally broke in the back door and had most of the fire out when firemen arrived.

Lost was one expectant mother and possibly a few piglets. Robert Kelley was the owner of the hogs. The squealing pigs inside the burning building was upsetting to passing motorists.

## AROUND TOWN *By Jackie Squires*

The response my shoe article received last week proved that most women feel as I do about the shoe styles of today. There were a few exceptions, but the majority would like a more feminine look and a more comfortable shoe. If we women would stick together when styles change so drastically and not run out and purchase the merchandise so quickly; we wouldn't have closets full of out-dated clothing that is still like new and usable. The dress designer and shoe manufacturer would be left holding the "bag" not us. ---Like I said not everyone agrees with me about the shoes, because I overheard WAYNE BRYANT saying to wife FAYE as they left for lunch Monday "FAYE every time I see you lately you have on a different pair of shoes." She retorted with "Well I guess so, I've just brought 15 new pair!". ---A few weeks ago I gave the credit for the beautiful Christmas decorations at the M. S. Doss Youth Center to the wrong sorority. The ALPHA EPSILON EPSILON Chapter was responsible for them, not TAU UPSILON. I'm so sorry girls, but remember "To err is human, but to forgive is devine". --- We enjoyed a short visit Wednesday from our former neighbors, MR. AND MRS. ## INDIANS WIN FIRST PLACE IN REAGAN COUNTY TOURNAMENT

After Seminole downed Coahoma last Thursday night they nosed out McCamey 62-61 on Friday which proved to be their closest contest of the tournament. Steve Hatley pitched in 20 points to lead the Indians. David Henderson came through with 14 as did Roberts. Livingston got an elbow under the eye and sat out the game, getting only 2 points. Whisenhunt and Donohoe scored 6 each.

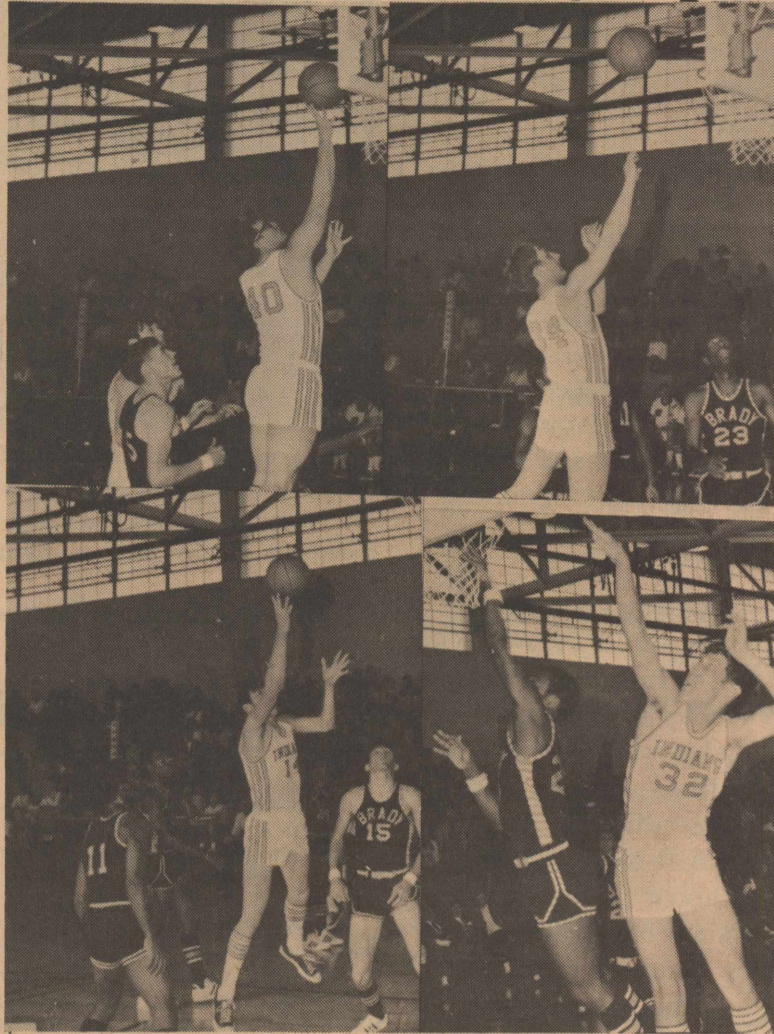

Saturday at 2:30 the Indians went up against tough Brady with 4 outside shooters that were almost unbelievable but where Brady was tough on the outside the Indians did it to them on the inside. Seminole had 5 boys in double figures and Whisenhunt with 9 points. Little David Henderson scored his high for the tournament with 23. Hatley gleaned 18, Roberts 12, Donohoe and Livingston 10 each, to make a grand total of 82-77.

It was closer than that! Brady would not let us get over 5 away until the third quarter when they scored 16 points and the brave Indians got 21. At the half it was 47-42. At the 3/4 mark 68-59 and with 1:19 to go Seminole got 2 points to make it 79-75.

The finals Saturday night at 9 p.m. proved to be an anticlimax as the Reagan County Owls were not nearly as tough as Brady, McCamey or Coahoma. Coahoma won consolation and Brady won third place. Hatley, the tournament's most valuable player, scored 29 BIG POINTS, to lead Seminole, followed by Henderson's 21, Donohoe had 9, Whisenhunt 6, Roberts 5 and Livingston 3.

At the halftime the Indians had jumped to a 15 point lead, 40-25, and were never threatened. After three periods it was 54-39. Final score Seminole Indians 73, Reagan County of Big Lake 59.

Henderson and Hatley made the all tournament team and the Indians won first place in a tournament that boasted 18 teams.

FOUR INDIANS AT WORK - - - and 8 points resulted. Picture 1, #40 Donohoe, picture 2, #34 Danny Whisenhunt, picture 3, #14 Steve Hatley and picture 4, #32 Jim Livingston. These were against a tough Brady 5.

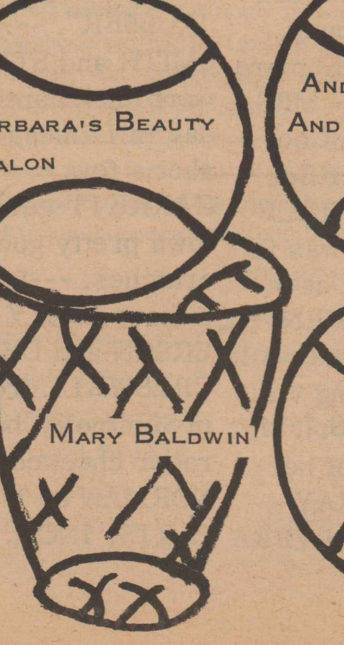

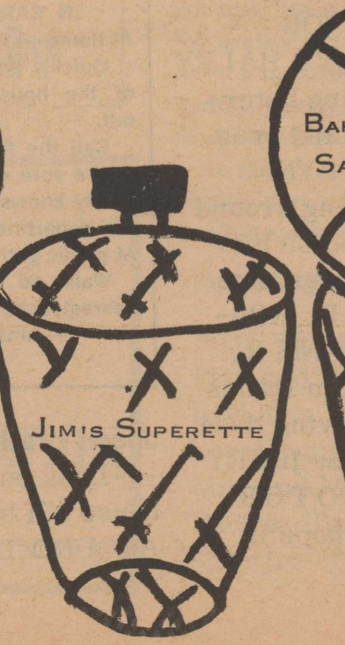

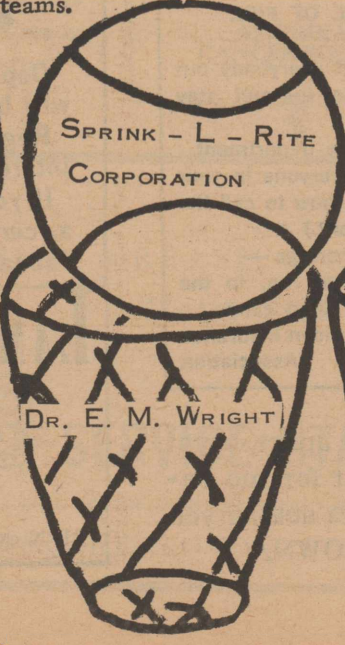

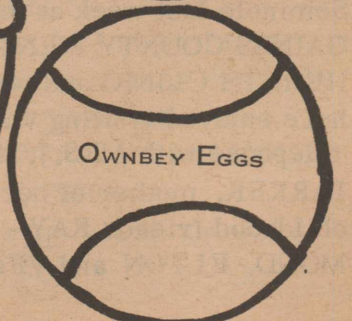

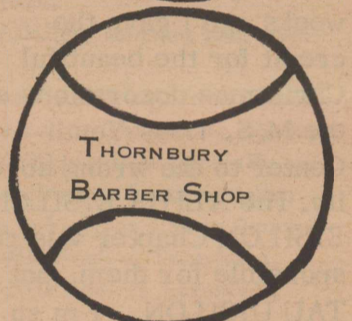

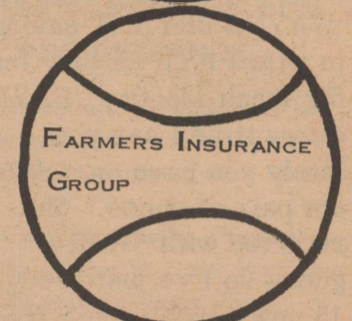

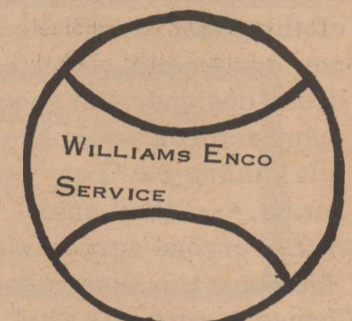

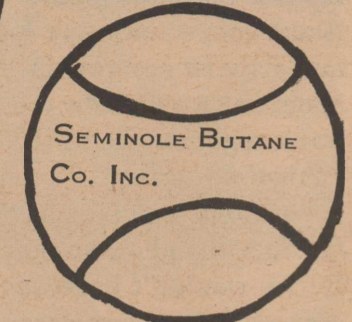

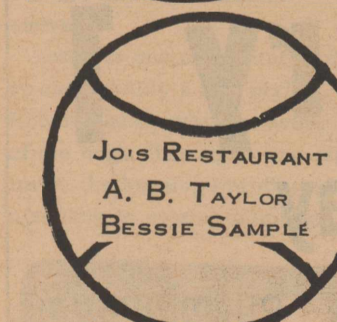

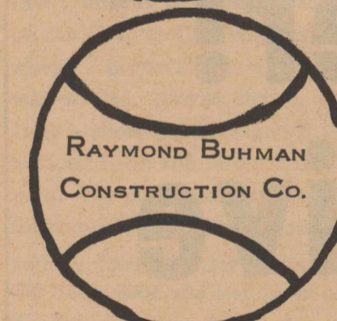

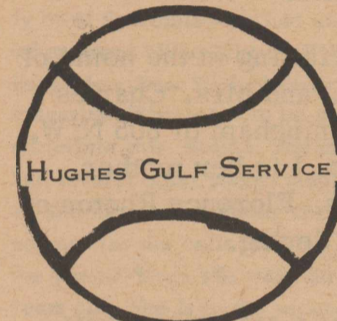

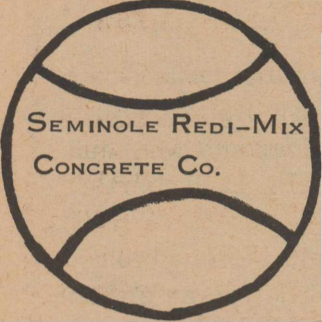

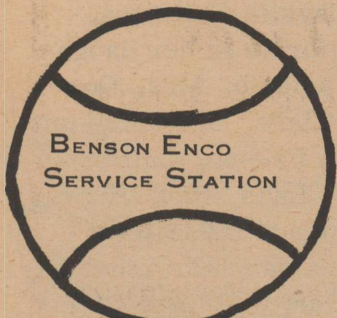

Basketball fans salute Coach Ron Henderson and his basketball team for having put together a 10-6 record as of last Friday morning. Who would have thought it? Four boys scored in double figures last Thursday night to beat Coahoma 62-46 in the Reagan County Tournament at Big Lake.

Donohoe and Steve Hatley led the team with 12 points, David Henderson and Donald Roberts had 11 each, Livingston had 8, Whisenhunt 6 and Sims 2 to put together another win for the Indians. The sagging zone defense that the Indians are throwing against their opposition continues to pay off. The Indians jumped to a 17-6 first quarter lead and were never headed. Coach Henderson continues to build bench strength with the likes of Sims, Roberts, and Mike Walker.

## SEMINOLE DEFEATS DENVER CITY 74-50

Seminole increased their record last night to 14-6 when they soundly thrashed Denver City 74-50. The Indians had 5 players in double figures - Hatley with 17, Henderson 16, Donohoe 13, Livingston 12 and Roberts 11. Clark Parrott and Gonzales had 2 each and Whisenhunt 1.

It was a fairly close game till the half with the Indians leading by 5, 28-23 but they jumped it to an 18 point lead in the 3rd quarter and the Indians tucked away their 9th straight win.

Look, God, I have never spoken to you -  
But now - I want to say "How do You do."  
You see, God, They told me You didn't exist -  
And, like a fool - I believed all of this.  
Last night from a shell hole I saw Your sky -  
I figured right then they had told me a lie.  
Had I taken time to see the things You made,  
I'd known they weren't calling a spade a spade.  
I wonder, God, if You'd shake my hand,  
Somehow - I feel that You will understand.  
Funny - I had to come to this hellish place,  
Before I had time to see Your face.  
Well, I guess there isn't much more to say,  
But I'm sure glad, God, I met You today.  
I guess the "zero hour" will soon be here,  
But I'm not afraid since I know You're near.  
The signal - Well, God, - I'll have to go.  
I like you lots - this I want you to know -  
Look, now - this will be a horrible fight -  
Who knows - I may come to Your house tonight -  
Though I wasn't friendly with You before,  
I wonder, God - if you'd wait at Your door -  
Look - I'm crying!. Me! - Shedding tears! -  
I wish I'd known You these many years -  
Well, I will have to go now God - good-by.  
since I met You - I'm not afraid to die.

strange - since I met You - I'm not afraid to die.

## Vows Pledged

The January 2 marriage of Miss Frances May Blevins and Donald Andrew Brasher took place in the sanctuary of Denver City First United Methodist Church at 2:00 p.m. before an altar decoration of branched candelabra with glowing tapers. Rev. J. Alvis Cooley, pastor, officiated for the double ring ceremony.

Wedding music was furnished by David Fox of Idalou, pianist, and Miss Vaudine Brown who sang "The Twelfth of Never".

Parents of the couple are Mr. and Mrs. Don G. Blevins, Denver City and Mr. and Mrs. J. E. Brasher, Seminole, Texas.

Presented in marriage by her father, the radiant bride was attired in a formal length Empire gown designed by the bride and fashioned by her mother. The gown in white crepe and accented with pink velvet ribbon featured an oval neckline and long, full sleeves. Her shoulder length veil of illusion was attached to a floral cluster. The bride carried a bouquet of white carnations surrounded by stephanotis and enhanced by white satin ribbon streamers tied in love knots.

The maid of honor was Miss Nell Blevins, sister of the bride, and the bridesmaid was Miss Amie Brasher, sister of the bridegroom.

They were attired in long A-line gowns designed in pink satin and they carried nosegays of pink carnations. The flower girl was little Miss Wanda Jean Brasher, sister of the bridegroom, and was attired identically to the attendants. She carried a tiny white basket edged in lace from which she tossed white carnations petals before the entrance of the bride.

Best man was Richard Jones and the groomsman was Bobby Whippo both of Seminole. Ushers were brothers of the bride, Don Blevins, Jr. and Jerry Blevins.

Immediately following the ceremony, the reception was held in the fellowship hall of the church.

For traveling, the bride changed to a yellow and brown plaid suit. A 1969 graduate of Denver City High School, she is a freshman music education major at Texas Tech. The bridegroom graduated from Seminole High School in 1968 and is a sophomore music education major at Texas Tech and a member of Phi Mu Alpha Sinfonia fraternity.

The couple are at home at 2402 Second Street, Lubbock, Texas.
