REPORT.. From Washington By Armed Forces Press Service

A recent survey of Regular Air Force officers indicates that the average officer has 7.5 years of active Federal commissioned service; the average pilot has 7.7 years of active Federal commissioned service; the average other rated officer has 6.2 years, and the average non-rated officer has 7.4 years.

The Air Force has completed an arrangement with the University

of Dayton, Ohio, under which 400 officers and airmen of Wright-Patterson AFB will enroll in off-duty university courses this fàll, as a phase of "Operation Boot-strap," the Air Force's educational program.

The Tactical Air Force is to be strengthened immediately to per-mit itensified Army-Air Force training in air transportability.

"A Pocket Guide to Germany," is one of a series of booklets being published by the Armed Forces Information and Education Division for the use of personnel assigned to Germany. Similar guides for Japan, Alaska Hawaii, and Caribbean and Mediterranean areas are scheduled.

Navy Secretary Francis P. Matthews is observing the first anniversary of his appointment. He was sworn in May 24, 1949.

The Marine Corps has 30,000 officers and men ready for combat "immediately," according to a re-cent statement of Gen. Clifton B. Cates, Marine Corps Commandant.

For the third consecutive year, the all-Marine Track and Field Meet will be held at Butler Stadium, Quantico, Va., June 16 and 17.

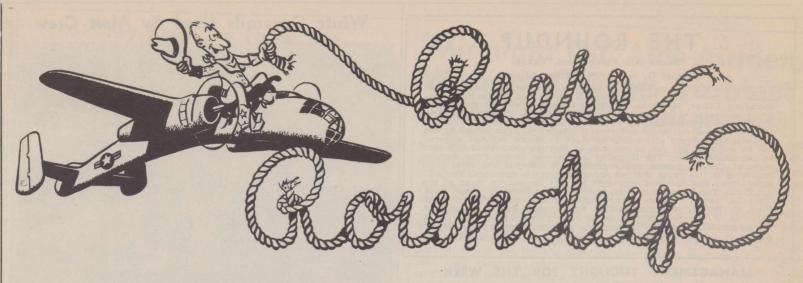

In line with the USAF policy that assigns to the Military Air Transport Service primary responsibility for training transport crews, the Medium Transport Transition Unit at Great Falls, AFB, Montana, will be reactivated on June 12. It will provide an eight-weeks course for co-pilots and a four-weeks course for airplane commanders.

He-Man Style Show Added Attraction At Scout Benefit

A he-man style show sponsored by the Ladies Auxiliary of the NCO Club will be held in connection with a Spaghetti and Meatball dinner at the Club on 12 June at 1900 hours.

Proceeds will be used to send First Class Scouts Glen Matula and Billy Shumati from RAFB to Valley Forge, Pa., for the National Scout Jamboree to be held this month.

Tickets for the style show and dinner are \$1.00 each, children under 14 years, 50c. Tickets can be procured from Mrs. Johnnie Peters at the Air Force Exchange or from the scouts of Troop 17 and must be purchased before the time of the dinner. The two boys are outstanding scouts of Troop 17 and were selected to attend the National Jamboree because of the abilities and leadership in the local scouting program. They with forty thousand other scouts from the United States will gather aa historical Valley Forge to dedicate themselves anew to the principles for which General Washington and his Army fought for in the War of Independence.

63,000 Study Under 'Operation **Bootstrap' In Spring Semester**

More than 63,000 Air Force officers and airmen participated in the spring semester of "Operation Bootstrap," the USAF program providing for the off-duty educational advancement of its personnel.

Because of the response to Bootstrap, USAF Headquarters has enlarged the scope of the educational program to include premanent Warrant Officers, as well as the Regular USAF officers, in its provision for full-time final colleges will participate as soon as semester study at a university or college for the purpose of obtaining a degree. The officers and Warrant Officers will attend the be allowed. schools on temporary duty assignment.

Separate from this program, which is entirely for academic advancement, a new program "Operation Midnight Oil" to assist airmen and Warrant Officer in improving their general educational qualifications has been establishstudy is supervised by Information and Edcation officers.

personnel. As of 31 March 1950, more than 40 civilian colleges and universities were cooperating with USAF in the program. Additional arrangements are completed for courses of study and credits to

During the last quarter of 1949, 19.2 per cent of the totalstrength of the Air Force participated in the education program. This percentage was increased during the duced to kill any existing germs. spring semester to 21.6 per cent.

Major Williamson, Chief Warrant Officer Luce Are Presented With Certificates Of Achievement

At formal retreat ceremonies held last Friday, Colonel George H. Blase, wing executive officer, in the absence of Colonel George W. Pardy, base commander, presented Major Samuel S. Williamson, Jr.,

Reese Lake Will Be Developed As Area **For Recreation**

The Reese Air Installation Officer. Lt. Col. Charles V. Eld. announced recently that the small lake adjacent to the Levelland Highway would be converted into a recreation area for Reese personnel and their dependents in the near future.

The plans now being drawn up, call for boating facilities, a barbecue pit, and picnic benches. The golf course now under construction will border two sides of the lake.

No swimming will be permitted because of the condition of the banks surrounding the lake.

Many people have conceived the erroneous idea that the water in the lake is impure. Colonel Eld refuted this statement by saying that the water is very pure and while it does not have the qualities of a mountain stream, it is safe for anyone to drink and no ill effects will be suffered.

To make sure of its pureness, the water has been highly oxgenated and chlorine has been intro-As far as fishing in the lake

and Chief Warrant Officer, Carmine Luce with Certificates of Achievement.

Major Williamson was presented his certificate in recognition of outstanding work as Project Officer for the base on the recent Armed Forces Day celebration in Lubbock.

Chief Warrant Officer Luce's certificate was awarded for outstanding and highly superior work which he has done as director of the band.

In the letter accompanying Williamson's certificate Major Colonel Pardy wrote:

"This Certificate of Achievement is presented in grateful acknowledgement and appreciation of the highly superior work which you did for us and the Air Force and surrounding communities as project officer on the joint Lubbock committee for arrangements and management of the first Armed Force Day Program held here 22nd May 1950."

In the letter the Colonel also expressed his appreciation to the Officers who capably assisted Major Williamson on the project; Captain Clyde W. Bradley jr., Lieutenants Stephen C. Frost, Maxwell J. Ihrig, James O. Umphries and Ross H. Weatheford. To Mr. Luce, Colonel Pardy wrote:

"This Certificate of Achievement is presented in grateful acknowledgement and appreciation for the consistently outstanding and continuous highly superior

This year's Boy Scout Jamboree is dedicated to "Strengtheing the Arm of Liberty," deceptning the the scouts patriotism and increasing their respect for the ideals on which this country was founded.

In addition to visiting Valley Forge, the two young scouts will also visit many of the "Shrines of Freedom" in and around Philadelphia.

Named "Operation Bootstrap' on 23 December 1949, the program developed the then-existent educational opportunities provided by the Air Force for its

Cigarette Starts Fire In Container

A cigarette carelessly thrown in a waste basket stared a blaze Monday morning a 0945 hours in Building T-841, one of the buildings used by Company A of the 809th Engineers, now on detached service here.

The base fire department answered the call at 0945 and had the blaze extinguished by 0946. No damage was reported to the building or its contents.

The fire was discovered by PFC Billy E. Porter and reported by Captain George A. Patrick, Company Commander.

Lawn Furniture For Hospital Patients

Shown trying out the new lawn furniture at the station hospital are the nurses and some of the patients. They include Capt. Freida E. Keso, 1st. Lt. Helen L. Kinder, 1st. Lt. Anne H. Eney, Miss Nancy P. Williams. Cpl. Robert C. Kind, Cpl. Clarence E. Burnside, and Miss Wanda W. Squyres.

THE ROUNDUP

Reese Air Force Base, Texas Colonel G. W. Pardy, Commanding

Colonel G. W. Pardy, Commanding The Roundup is published weekly by and for the personnel of Reese Air Force Base, Texas, under the supervision of the Public In-formation Office, telephone 179. It is supported without the use of funds appropriated by Congress. News, features, photographic, and art material are solicited from personnel of the Base, but publication depends on available space and general interest value as judged by the editorial staff. Every effort will be made to return rejected material but no responsibility can be assumed beyond the exercise of due care in expediting return. The Roundup uses Armed Forces Press Service material. Civilian papers may reprint AFPS material and local news appearing in this paper without obtaining specific clearance. The edi-torial views and opinions expressed are not necessarily those of the Air Force. The Roundup may be mailed outside Reese Air Force Base. First Lt. James O. Umphries, public information officer; S]Sgt. Paul W. Holley, managing editor; Sgt. Eugene Smith, editor, Cpl. Clarence W. Conrad, feature editor and photographer; Pfc F. D. Tribble, staff writer; CWO John P. Baucum, base photo officer. PRINTED BY ... WEIMHOLD, OFFSET PRINTERS, LEVELLAND . . WEIMHOLD, OFFSET PRINTERS, LEVELLAND PRINTED BY

MANAGEMENT THOUGHT FOR THE WEEK

"What you have to say, may be said. But, if it is published, would it be read? Think before you speak!"

WELL SCATTERED

Reese sand was taken to the far corners of the UNITED STATES by our cross country fliers of CLASS 50-C this past week. Most of them have nearly completed their flying at dear old Reese and after a few more hours, will just sit back and relax, awaiting that big day when they will step off the stage with their wings.

Mr. Yonych thinks he should change his preference for duty and put down Florida instead. He says the Colonels have very nice daughters down in that neck of the woods.

Rattler sure is burned up!! No one in 50-C asked him to accompany them on their cross-country. Far as we know, 50-B treated him much better than that. Seems as though they at least took him along on their trip to Randolph.

CLASS 50-D

Dick Bruss is keeping the 50-D tradition of busting up airplanes alive. Seems when Dick makes a hard landing he doesn't just make the mixtures jounce back, but breaks off the pitot tube as well. He and his instructor made it back from Clovis safely with the aid of an accompanying plane who flew formation with them right to their roundout. You can have our share of flying without a pitot tube Dick, for we feel our flying is hazardous enough with everything working.

Our traveling boys of 50-D are now spending their hard money by renting cars on the weekends. We wonder if the owners realize the risk they are taking. What if one of these so called flyboys should try to make like a bird and try to take off?

SLUGGERS

Under the leadership of Bob Brinkman, Squadron A's ball team swamped the Maintenance Squadron team with a staggering eleven to one victory. With a start like this they may prove to be a big success. We will be rooting for you at future games and may they continue to be victories.

CLASS 50-E

50-E "Eager" (So they call themselves and yet to be proven), is finally getting into the swing of things and realizing that model building is one of the best ways to spend free time at Reese.

"Spider" Davidson is spinning dreams of himself in his new model F-80. Too bad all of that fighter material was sent to multies. He should be real hot when he gets to the single engine phase in the Baker Two-fives.

"Moore" Meadows just released to the press the fact that he will try out his radio controlled job this weekend. He says this hop will be a free flight without the aid of the radio. Sure hope it will survive, for we will all be eagerly awaiting the flight in the future when the radio is hooked up.

If a cadet is seen going around the area with his eyes out of focus, it must be a 50-E man. They are now just starting that phase of training that we all eagerly looked forward to. Instruments in the six. Cheer up boys, we all went through that and it wasn't too bad. We still claim that Levelland has the habit of moving when one is trying to get a radio fix on it, and would appreciate it if you would tell us if you have the same trouble

Laff-O-Gram

White Coveralls Used By Alert Crew

Proudly displaying their new white coveralls in which they meet incoming transient aircraft are the members of the Reese Alert Crew. They are (1. to r. 1st step) Sgt. Robert Hazelwood, Cpl. George Boland, M/Sgt. Henderson Manning (crewchief), and Sgt. Edward Cambrio. Those on the second step are Cpl. Edward Pitts and Sgt. George R. Lucas. Third step, Sgt. James Curry and Sgt. Gordon Hyde. On the top step is Sgt. J. C. Garrett. (Photo by Cpl. Conrad)

White Coveralls Give Alert Men New Look

Perhaps you've noticed the men in white coveralls around the base lately and perhaps thought that the medics or the cooks were on the loose when all the time they were members of the alert crew on the flight line, who service all in-

coming transient aircraft.

The white coveralls were worn here for the first time at the arrival of the Chilean president, Needed For Red Gabriel Gonzalez Videla, and they were also used for General Bradley's arrival.

The white coveralls had been planned for use only when VIP's (very important persons) planes were coming in to land at Reese but it turned out to be such a good idea that they are now used daily.

Sergeant Henderson Master Manning is crew chief of the nine man alert crew. Other crew members include Sgt. Jesse Curry, Sgt. Gordon Hyde, Sgt. J. C. Garnett, Cpl. George Boland, and Cpl. Edward Pitts.

The men are all members of patient for the donation. Hq, and Hq. Squadron, Maintenance and Supply Group.

Blood Donors Are Cross Blood Bank

Clifford Gibbs, Red Cross director here, announced that blood slogans as "Accept only superior donors are urgently needed to quality, get Christianity today." replenish the blood bank of the Lubbock Red Cross chapter. All types of blood are needed and military and civilian personnel who wish to donate blood can register with Mr. Gibbs at Bldg. T-281, where the base Red Cross office is located.

Blood received from donors is furnished to hospitals in the area provided no charge is made to the

"Your Chapel" "CHOOSING THE BEST **OFFERED**"

Any intelligent American given the choice between a dime, a quarter and a five dollar bill would immediately choose the five dollar bill. Knowing the value of money we would have no other choice to make to better ourselves financially. We call that worldly wisdom.

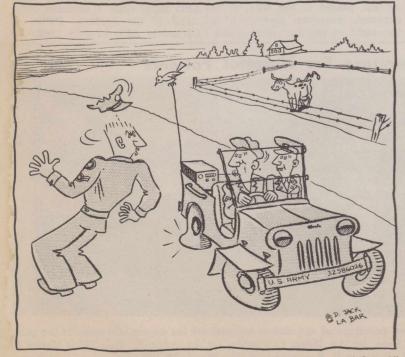

Yet in the matter of faith we are strongly inconsistent. We say to take the five dollar bill is good business. The same is true when we are offered a choice of life. We have a choice of either living an evil life, or a lukewarm life of commitment to God or living the wholehearted life of surrender to the will of God. How many of us are satisfied with only a dime or quarter's worth of life. Very few seem to want to take the whole five dollars worth of life.

A Missionary returning to this land was shocked at our lukewarm acceptance of the will of God. He saw men turning down the best to accept something inferior. It is strange to me that only takes place where the Church and God are concerned for people will not accept anything less than the best in business.

Jesus did not plaster Galilean billboards with such advertising However, He left no doubt that what He had to offer-more abundant life-was the best to be had at any price.

In the business world we are free to choose the best we can find. So it is in our spiritual life, we are created in the image of God, free agents, and the choice who call upon the bank for help is distinctly ours. We cannot send someone else out to get that abundant life for us, we are the only

The services of the blood bank ones that can do it. If that be the are available at all hours with an case, then why must we continue

"Oh, Mister Airman, would you mind blowing up that rear tire, puh-leeze?"

Awards Time Limit Is Extended To '51

The Director of Military Personnel, USAF, recently announced that the enactment of Public Law 501 has permitted the consideration of recommendations for decorations for services performed while on active duty or serving with the military forces of the United States during the period between 7 December 1941 and 2 September 1945, provided written recommendations are submitted between 3 May 1950 and 2 May 1951.

The current requirements for the awards and the authority for making them remain the same as prescribed under present reulations.

All recommendations based upon the period described will be addressed to Headquarter, United States Air Force, Director of Military Personnel, Washington 25, D

of emerency calls as they arise. "In the past," Mr. Gibbs said, "the response to our appeals for blood donors has been most gratifying."

As soon as a donor gives his Spiritual Wisdom. blood to the bank it is placed in a refrigeration unit at the local chapter where it is kept for 21 days. If at the end of that time it is not used it is converted to plasma and other by-products of the life giving fluid which scientists have developed and are used by surgeons in performing operations.

Donors who desire to go directly to the Lubbock chapter to donate their blood can do so on Mondays and Thursdays at 1630 hours. The chapter is located at 1513 Avenue K.

Moses Lake, AFB Washington, will soon be renamed Larson AFB, in honor of Major Donald A. Larson, who lost his life in World War II.

attendant on duty to take care to accept an inferior way of life? Through our Lord, the best is available in more abundant living. Let us then, as in business, never be satisfied with less than the best in our living of life. We call that

Two Majors Will Go To Maxwell AFB

The executive officer of the Air Base Group Maj. Russell W. Betts. Jr. and the commander of the Supply Squadron, Maj. Benjamin H. Shiffrin have been assigned to the Air Command and Staff School at Maxwell AFB Ala, the adjutant's office announced this week.

Both officers were stationed with the 3500th PTW prior to its removal from Barksdale AFB, Louisiana.

AROUND REESE

Congratulations are in order to the following with the arrival of new "fledgling's in their homes: Lieutenant and Mrs. Charles F. Sheridan, son; Aviation Cadet and Mrs. Edward Higgins, daughter; Lieutenant and Mrs. Arthur Knudsen, daughter; and Mr. and Mrs. E. B. Shattuck, son, father is a civilian employee here.

Father Frank J. Gilchrist, Catholic chaplain, announced that next Sunday is the monthly communion Sunday for members of the Holy Name Society. Immediately after mass breakfast will be served the members at the NCO Club. Members will receive communion in a body at the nine o'clock mass.

The Special Merchandise Ordering Department in the Thrift Shop Building is open each Monday and Friday from 1000 to 1600 hours. At the present time military personnel can order through the catalogue; stoves, refrigerators, washing machines, ironers, steel kitchen cabinets, lawn equipment, sewing machines and a large selection of furniture at a savings. Stop in and look at the catalogue, need.

PFC Franklin D. Tribble, recently joined the Public Information Section as a staff writer for the Roundup. Prior to comming to the Roundup, he was with the 3500th Medical Group.

a very versatile organization, and geamt Wood. He also leads the 12 its list of jobs run something like a miniature employment agency. The duties include furnishing music for parades, retreat ceremonies, radio broadcasts, symphony concerts, meeting VIP's and furnishing dance music for dances

The history of the band dates back to early in the war when it was organized at Lincoln Army Airfield, Lincoln, Nebraska where it remained until January, 1946 when it was shipped to Barksdale. That is when M/Sgt. Presley R. Wood, now first sergeant of the band, joined it.

CWO Kurt E. Linden was band rated the 514th among the top in master from its arrival in January until October of 1946 when the present band master CWO Luce took over.

The 36 piece band has a weekly schedule that calls for two practice sessions daily, two hours weekly for concert rehearsals, seven hours of individual instruction, and two hours of miscellaneous training.

Most of the arranging for the band is done by M/Sgt. Charles L. Simmons, Jr., who joined the band in 1946, shortly after Ser-

said airman reads this he can restop on business, the airmen left cover his bags by checking with the car without taking his bags Paul, the driver of the town to

'Midnight Oil' Aids Airmen, Warrant Officers To Meet **Career Field Requirements**

Air Force officials have announced the beginning of "Operation Midnight Oil" whereby airmen, including warrant officers, may improve their general educational qualifications in a career field during off-duty time and commanders in all echelons are encouraged to assist personnel desiring to participate in the program.

The program Midnight Oil, under the guidance of base AI and E officers, is based on a career study plan in which the field is divided into four sections corresponding tion. The duplicate copies of all to the skill levels of basic career courses. The level will be determined by the I and E oficer after a conference with the airman in and promotion boards. question and his study will begin from there.

A higher level of skill will be added only after all essential T-21, and the others will be availcourses in lower skill levels have been completed.

A course will be marked completed whenever within the description of that course, it is passed (or already has been passed) successfully with an accredited civilian educational institution or with USAFI.

The definition for the term "career courses" has been established as courses of instruction in general education that are closely related to career fields and are selected from the United States Armed Forces Institute Catalog Are Commended or from the "List of Courses Offered by Cooperating Colleges and through USAFI.' Universities (AFM 34-7).

"Basic Courses" has been defined as courses included in the Courses Basic to Airman Career Fields" published as attachments ivities. to AFR 35-405, with the course titles in each list divided into four groups or skill levels: Superintendent (CWO and WO); Supervisor or Technician (pay grades E7 and E6); Senior (E5 and E4); and Apprentice or Helper (E3, E2, and E1). The course titles proial course in each list are capitalized.

courses but recommended for the Air Training Command." individual airman by the I and E Officer to the airman, are the fundamental courses. A fundaessential if it is a prerequisite for any basic course.

The base AI and E Officer, Lieut. Thornley C. Carey, has requested that any airman desiring to participate in "Operation Midnight Oil" to contact the base AI and E Office, where the necessary forms will be filled out and copies placed in the airman's personal file.

Successful completion of career courses will improve the airman's professional qualifications in his career field and will proation

schools. Successful completion of courses will not guarantee promotion but will be considered in determining eligibility for promocareer study plans will be made readily available to classification

The following list of basic career courses is now available at the Base AI and E Office, Bldg. able within the next month or so. Those on hand include: Intellience Career Field, Photomapping, Photographic, Weather, Air Traffic Control and Warning, Communications Operations, Radio and Radar Maintenance, Armmed Missle Guidance, Armament System, Armmed Training De-vices Maintenance, and Wire Maintenance,

Base Softball Nine Shares First Place In Arc League With Lubbock VFW Team

The base softball team, under the direction of Capt. C. W. Bradley, Jr., is now tied for first place in the Arc League in Lubbock after recovering from its first and only loss to the Lubbock Dusters 15-6. All games are being played at MacKenzie State Park at 1930 and 2045

Track, Field Day **Announced By** Athletic Officer

The base athletic officer, Lieutenant A. J. Knudsen, recently announced that a track and field day will be held at Reese in the very near future with the events to be held in the athletic area now being constructed at the rear of the base gymnasium.

The field day has been planned so that each squadron will have a chance to enter a team and trophies will be given for the winning teams and the individual winners.

Work on the track and jumping pits, is rapidly nearing completionand Squadrons should be able to schedule practice periods after the first of the week.

Reese will have one of the two tracks in the Lubbock area the other one being at Texas Tech. Due to the non-availability of cinders for the track it will only have a dirt surfacing, which Tech officials say, has worked out satisfactorily.

The athletic office is preparing a list of the events to be held and will send them out to the squadrons on the base and as far as awards are concerned, prizes will be given to the 1st and 2nd place winners in each event and 1st, 2nd, and 3rd, place medals given to the high point men for the day. First and 2nd place trophies will be given to the squadrons with the greatest number of points.

Lieutenant Knudsen also stated that a number of inquiries have been received concerning the forming of a base team for golf and tennis to play teams from and at other bases. All interested personnel are urged to contact the athletic office.

Overheard in a small town. "What do you natives do for "Hunt and drink."

"What do you hunt?"

base White struck out four batters' and gave up five walks in gaining his first victory of the season. His opponent Maroney ended the gamewith six strike-outs and four walks after relieving Railey who had pitched for the first four innnings and had given up one walk and pitched three of the strike-outs.

Bisi was the sparkplug of the Reese team, getting two walks and scoring both times. Elkins scored the lone run for the Levelland team on a single hit by Spense. Elkins had got on base via a walk.

The only extra base hit of the game came in the fourth inning when Counts hit a long triple and stole home after Bisi was walked the second time.

Bob Bishop, team manager stated that plans have been worked out and are up for approval to have games at the base diamond on Saturday and Tuesday afternons at 1400 hours.

He also stated that the base team will be entered in the Trainin Command baseball tournament to be held at Randolph AFB, starting on the 24th of July.

swerved his trailer-truck to avoid hitting a dog. The vehicle snapped off a power pole cutting off the town's electricity for four hours.

Walker Outshoots **Reese Skeet Team**

The Reese Skeet Shooting Team, under the direction of Major Clarence L. Lollar, traveled to Walker AFB, New Mexico on 26 May to hold a shoot and lost the shoot by the close margin of ten points. The final score was 472x500 for Walker and 462x500 for Reese.

The individual scores for the Reese team were Major Lollar's 96x100, 96x100 for Lt. Col. Galen -B. Price, 95x100 for T/Sgt. John B. Parks, 90x100 for Maj. Stanley D. Kline, and 88x100 for T|Sgt. Lilborn B. Jackson.

The Reese team travels to Vance AFB, Oklahoma today to hold a (Photo by Cpl. King) match with the base team there.

Miami, Fla. (AFPS)—Lilly Mc-Coy accused Harold Eugene Ad-kins of stealing \$40. When the trial came up, however, she asked to withdraw the charges because she had fallen in love and mar-ried Harold while seeking the re-turn of her money. Judge Ben C. Willard dismissed the case.
