

## REPORT . . . From Washington

By Armed Forces Press Service

The Medal for Humane Action, authorized for Air Force personnel who participated in the Berlin Airlift for at least 120 days between June 26, 1948 and September 30, 1949, will be available for distribution about November 15. AF personnel eligible should apply in writing through channels of the Awards Branch, Office USAF Director of Personnel, USAF Headquarters, Washington, D. C.

The President has approved the report of a Navy Selection Board, which recommended 346 line officers for promotion to the rank of captain, the largest group ever recommended by a Selection Board for such promotion.

The Navy has opened the annual competition for the Naval Reserve Officers' Training Corps. Male high school graduates and seniors are eligible for the program, which gives a full four-year college education at Government expense.

Lackland AFB, Tex., aircraft flew 15,799 hours during the past year without an accident. Lackland's Air Force Indocination Wing was rated fifth among all USAF installations for flight safety during the first quarter of 1950.

Regulations whereby medical officers of the Army, Navy and Air Force, including reserve components, may transfer from one of the armed services to another, as authorized under Public Law 779, 81st Congress, have been announced by the Department of Defense. Effective immediately, officers desiring to transfer from their own to another service, may submit a letter of request through customary command channels to the personnel office of their own service. Headquarters of the parent department will then publish appropriate transfer orders on those persons whose requests have been approved by both the parent and requested departments. Requests not approved will be returned, by appropriate indorsement, through channels, to the person who made the basic request.

Army officers address their transfer requests to The Adjutant General, U.S. Army, Attention: AGPA-OT, Washington 25, D. C.; Navy officers to Chief of Naval Personnel, Washington 25, D. C.; and Air Force officers to Headquarters, U.S. Air Force, Deputy Chief of Staff for Personnel, Attention: Director of Military Personnel AFPMP-1-R, Washington 25, D. C.

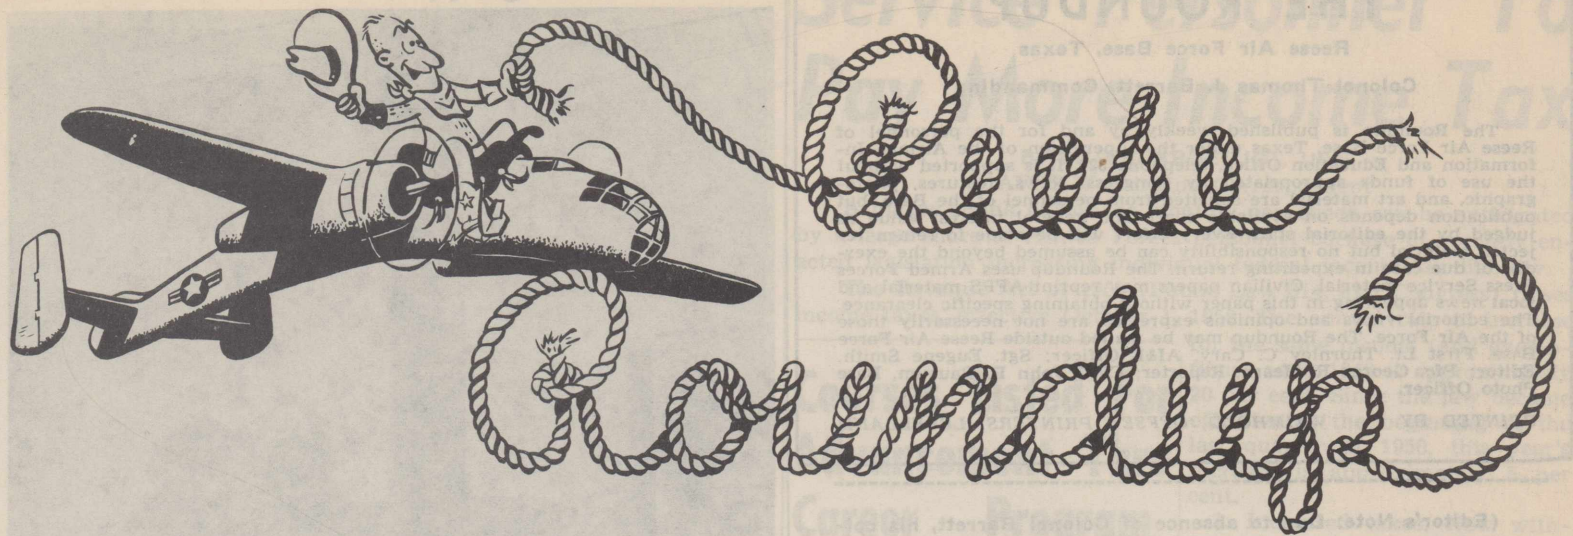

## Twelve Years Service Observed By AACCS

Airways and Air Communications Service personnel here will observe the 12th anniversary of the organization Wednesday, November 15th by continuing their service on a business-as-usual basis. The anniversary will be celebrated simultaneously by ACCS units around the world on that date, it was stated by T/Sgt. Dan L. Dowell, Detachment Commander of the ACCS Detachment here.

ACCS is unique among military organizations in that it exists solely as a service to other members of the United States Military Establishment. Members of the organization provide communications service, navigational assistance and instrument landing (Ground Controlled Approach) service on a world wide basis along more than 70,000 miles of Global U. S. Air Routes.

The organization came into being in November 1938 as the Army Airways Communications System. It was born of necessity and fathered by the late General of the Air Force Henry H. Arnold, then a Major. From an approximate charter membership of 300

## Four Reese Officers Among 2,497 Recently Promoted By Air Force From First Lieutenant To Captain

The USAF this week announced the promotion of 2,497 officers, including four from Reese, to the temporary grade of captain, effective October 31. The newly promoted captains from Reese includes Arthur D. Latimer, Charles F. Sheridan, Carl M. Hagel and George W. Coy.

First Lt. Alfred J. Ashton of the Base Legal Office was promoted to captain in the Regular Air Force, effective 23 October.

Included in the number of temporary promotions were 149 Regular officers and 2,348 non-Regulars. All officers promoted will have completed between six and ten years of active Federal commissioned service in the grade of first lieutenant by early March 1951. These officers represent the most senior first lieutenants in the Air Force.

It is contemplated that additional officers will be promoted in later increments to temporary captain with the promotions phased to maintain the over-all officer growth of the Air Force during fiscal year 1951, and in a manner to assure that budgetary restrictions are not exceeded. The additional promotions will be made from the list of officers qualified for promotion and in order of relative seniority.

Officers named to the present promotion list and to the list qualified for future promotions were selected by commanders in the field as fully qualified for promotion and approved by USAF Headquarters. The following officers were eligible for selection.

1. All reserve and Air National Guard officers on active duty as first lieutenants who hold a captain's grade in their Reserve component.

Cape Agulhas, not the Cape of Good Hope is Africa's southernmost land tip.

### Concert Scheduled For Club Next Week By 514th Ensemble

The thirty-three piece 514th Air Force Band under the direction of CWO Carmine Luce has cooked up another tasty musical treat for officers, cadets and enlisted men and civilians. The time of the band concert is 2000 hours, next Thursday and the place is the Service Club.

Special on the menu for musical connoisseurs will be the operatic solos of the widely acclaimed coloratura soprano, Edith Noel Luce. She will be accompanied by Mr. James Atcheson at the piano in two selections from the famous opera, La Traviata. Mrs. Luce will also sing Johann Strauss' "Blue Danube."

The recipe for the one-hour program calls for marches, solos, Be Bop, classics, folk songs and novelties, spiced with peppery Latin American melodies.

Starting off on the right foot

## Local Community Chest Drive Expands To RAFB This Week, New Convertible To Be Ruffled Off

by S/Sgt. B. K. Beckwith

The Lubbock Community Chest Fund Drive is now under way at Reese and will continue through the first of December in order to enable personnel short of funds to take advantage of the November payday.

The United States Government endorses only four National Fund Drives each year, one of them being the Community Chest. The others are the March of Dimes for the National Polio Foundation, The Air Force Aid Society and the Red Cross.

Funds derived from the Community Chest are divided among the various agencies in the Lubbock area and this action eliminates the numerous drives which would be carried out individually by each of the different organizations in order to maintain their worthwhile community services.

There are nine of these agencies in Lubbock. They include The Lubbock Boy Scouts, Lubbock Girl Scouts, Junior Optimist Club, Milam Home, The Salvation Army, Carver Heights Nursery, Lubbock Service Organization and the Camp Fire Girls.

Major Dean B. Brown, chair-

### Mississippi Air Base Scheduled To Open For Pilot Training

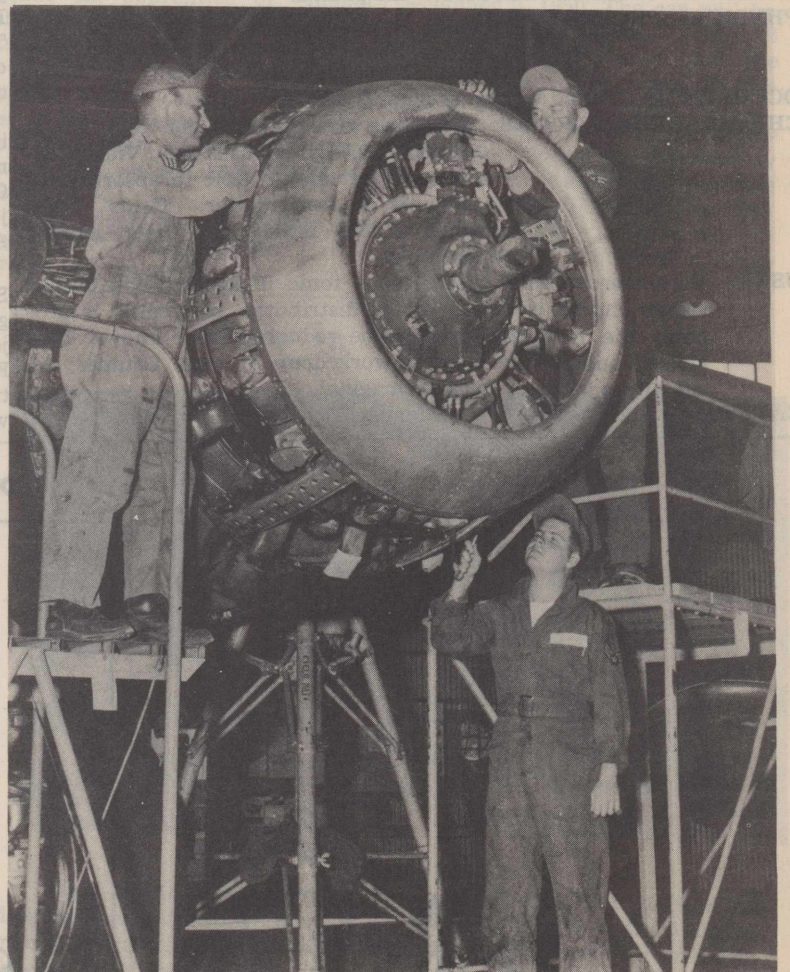

Greenville Air Force Base, a World War II flying training base at Greenville, Mississippi, will be rehabilitated and reopened as a basic flight school within a few weeks, the USAF announced this week.

Operation of the base will be by civilian contract, the first such contract training to be used by the Air Force since the war.

The first site to reopen in the Air Force's expanded aviation cadet program, Greenville AFB will accommodate approximately

# THE ROUNDUP

Reese Air Force Base, Texas

Colonel Thomas J. Barrett, Commanding

The Roundup is published weekly by and for the personnel of Reese Air Force Base, Texas under the supervision of the Airman Information and Education Office, telephone 324. It is supported without the use of funds appropriated by Congress. News, features, photographic, and art material are solicited from personnel of the Base, but publication depends on available space and general interest value as judged by the editorial staff. Every effort will be made to return rejected material but no responsibility can be assumed beyond the exercise of due care in expediting return. The Roundup uses Armed Forces Press Service material. Civilian papers may reprint AFPS material and local news appearing in this paper without obtaining specific clearance. The editorial views and opinions expressed are not necessarily those of the Air Force. The Roundup may be mailed outside Reese Air Force Base. First Lt. Thornley C. Cary, AI&E Officer; Sgt. Eugene Smith, Editor; Pfc. George R. Hearn, Reporter; CWO John P. Baucum, Base Photo Officer.

PRINTED BY WEIMHOLD, OFFSET PRINTERS, LEVELLAND

(Editor's Note: Due to absence of Colonel Barrett, his column, "Colonel Tom Says," will be picked up next week.

## Facts About Your Problem and Mine

Memo to Uncle Sam:

With women an integral part of the Armed Forces, following are chemical research deductions arrived at by trail and travail.

Ye Science Reporter

**SUBJECT:** Women

**ACCEPTED ATOMIC WEIGHT:** 120 pounds

**PHYSICAL PROPERTIES:** Boils at nothing and freezes at any minute. Melts when properly treated and very bitter if not well used.

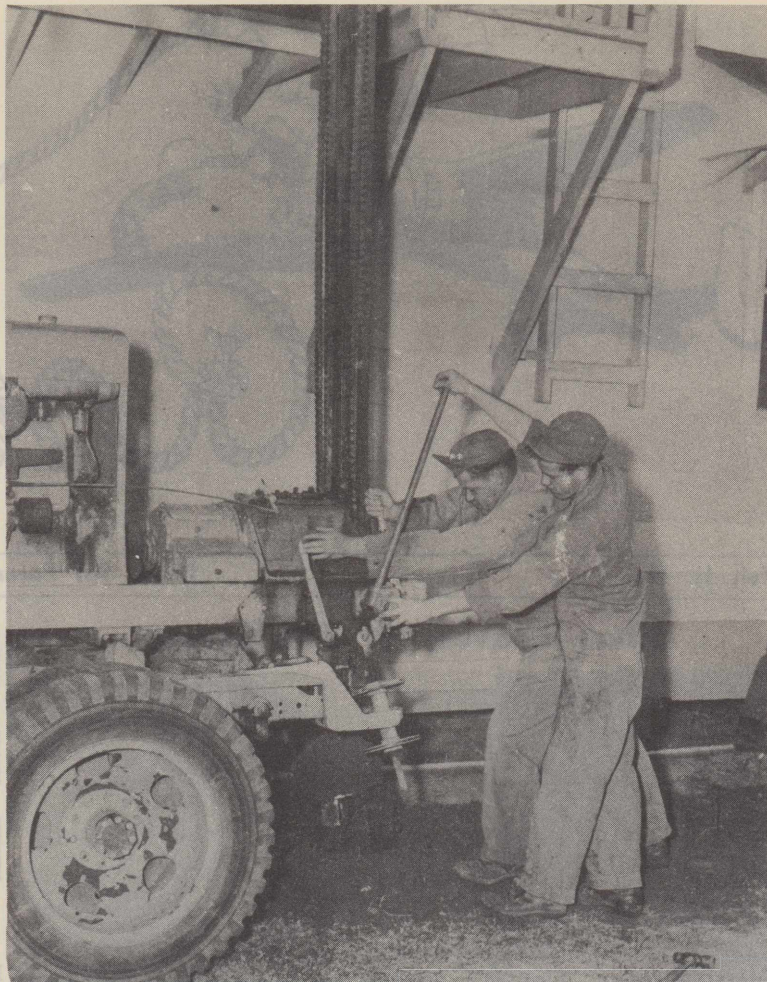

**OCCURENCE:** Found wherever man exists.

**CHEMICAL PROPERTIES:** Possesses great affinity for gold, silver, platinum, and precious stones. Violent reaction if left alone. Able to absorb great amounts of food matter. Turns green when placed beside a better-looking specimen.

**USES:** Highly ornamental, useful as a tonic in acceleration of low spirits and an equalizer of the distribution of wealth. Is probably the most effective income reducing agent known. May also be substituted in most work done by man. Oftimes, the substitute is better than the original.

**CAUTION:** Highly explosive in inexperienced hands.

## Hedges To Be Installed Here

Pvt. Stanley L. Eckenrode of Hq. and Hq. Sq. ABG and S/Sgt. Edgar A. Woodward of Air Installations operate a earth drill along the road in front of the PX. The holes are being drilled for hedges that will be placed along the road as part of the base beautification project. (Photo by Cpl. Conrad)

## Photo Contest To Start For Military Personnel

Opening of the third Inter-Service Photography Contest with preliminary contests at installation and major command levels was announced by the Department of Defense.

Finals of the contest, open to service personnel of the Army, Navy, Air Force, Marine Corps, and Coast Guard, will take place at the

Pentagon, Washington, D. C., on or about July 9, 1951. Personnel must be on active duty at the time an entry is submitted. Members of Reserve components on active duty for a period of more than 90 days are eligible to participate.

Selection of the grand prize winning photograph will be made from among entries submitted by all the services. Prizes are to be established by an inter-service Photography Contest Committee. This group will also select the committee of judges and make other arrangements for the finals.

Closing date for the contest at installation level is scheduled for not later than February, 1951. Contests will be conducted at major command levels not later than April 1951.

Individual prizes for the Inter-Service Photography Contest grand finals will be provided jointly by the competing services. First, second, and third prizes and two honorable mention trophies will be awarded in each of four

categories of the salon photographs, in the color class and snapshot class. A grand prize will be awarded for the salon photograph judged to be the best submitted for the contest.

The Army and Navy Journal Grand Prize Trophy will be awarded to the service earning the largest number of points in the competition. The trophy was won by the Marine Corps in 1949 and by the Air Force in 1950.

Reese Personnel Service officials announced that the Photo Hobby Shop in Bldg. T-226 will be open in the near future.

Four score and seven years ago — on Nov. 19, 1863 — Abraham Lincoln delivered his immortal Gettysburg address.

It is estimated that there are 4,860,000 Boy Scouts in the world.

## Divine Services

**PROTESTANT:** Sunday School for all ages at 1000 Hours. Sunday Worship Service at 1100 Hours.

Nursery in Chapel Annex 1100 Hours.

Choir Practice, Wednesday at 1815 Hours, Base Chapel.

Religious Film Showing, Wednesday at 1930 Hours, Chapel Annex.

Ladies Christian Fellowship, Base Chapel, 1400 Hours every first Thursday in the month.

**CATHOLIC:** Sunday Masses 0900 and 1215 Hours.

Weekday Masses 0700 Hours. Novena Services, Tuesdays, 1930 Hours.

Choir Practice, Tuesdays, 2000 Hours.

Holy Name Meeting, Mondays preceding second Sunday of month, 2000 Hours.

Ladies Sodality Meetings, Tuesdays preceding second Sunday of Month, 2000 Hours.

Communion Sunday for Holy Name and Ladies' Sodality, second Sunday of the month at 0900 Hours Mass.

Confessions, Saturdays at 1200 to 1300 Hours and before Masses.

**CHAPLAINS** — Major Maurice R. Holt (Protestant), Captain Jared A. Walker, (Protestant), and 1st Lt. Amalio E. Greco (Catholic).

### BOLTS AND HINGES

In building a house there are two different types of hardware that everyone must use of to make his house secure. These two types of hardware are for very different purposes; the first is a hinge which is used on each door. This hinge is for a very definite purpose, that the door may be opened either wide to admit a friend or only partial, to find out who desires admittance.

We are told that we are all "Master Builders," building a house which should be fit for the dwelling place of a king. This house, of course, is our own life, or may be considered to be our body. In this house we need hinges. The Bible tells us when a hinge should be used: it says, "Let your moderation be known to all men." Perhaps the bravest kind of bravery is to be able to yield when the time comes which requires yielding. It may be manly to risk an injury, but it is Christ-like to forgive one. The Scripture also tells us "a soft answer turneth away wrath."

When you were younger maybe you use to like to ice skate. When the ice was thin we use to do what we called "running the benders," which meant that we skated rapidly over the thin ice, which would bend with our weight and yet would hold as long as it could give by bending. However, if we slowed up enough to stop the rolling benders in the ice, it would break and in we would go into the water. Be sure that the hinges of your life make it possible for you to "give" when necessary.

The second item used in building is a bolt which is placed on the door to secure it. We have to "bolt" our lives to keep out the wrong things. Again the Bible tells us: "Be ye steadfast, unmoveable." There are times when we have to take a stand because it is the only right thing to do.

Check the "bolts" and "hinges" of your life and see that they are always working properly to make your dwelling the best it can be.

The Ben Lilly Legend

By

J. Frank Dobie

Ben Lilly was the greatest bear hunter in history after Davey Crockett. J. Frank Dobie met Mr. Lilly twenty-odd years ago and was so struck by this extraordinary man that he has been thinking about him, collecting everything he could find about him, ever since.

Lilly was born in Alabama in 1856, followed the bear and panther westward through Mississippi and Louisiana to Texas, leaving a trail of stories about his prowess as a hunter, and his goodness as a man. He was at one time "chief huntsman" to Teddy Roosevelt, hunted in Texas and Mexico, and came to be known as the master sign reader of the Rockies.

Here are all the stories Ben Lilly told and a great many more Frank Dobie has heard about him, put together in a fresh and fascinating contribution to American folklore.

## AACS

(Continued from Page 1)

officers and enlisted men the organization grew to a wartime strength of more than 50,000 men who operated 165,000 miles of global "Highways in the Sky." Its peace time strength exceeds 15,000 trained communications specialists.

The mission of AACS is to maintain and operate Radio and Radar Air Communications Services for Military pilots of the Air Force, Navy, Marine Corps and Coast Guard. Its Technicians and operators have been uniformly trained and its equipment must meet highest standards of performance and reliability.

Perched in Control Towers, operating ocean-spanning radio range stations, sitting hunched over television-like radar scopes of Ground Controlled Approach (Radio-Radar Instrument Landing) devices the men of AACS are scattered about the world. They have served north of the Arctic Circle and on the Equator in monsoon country and deserts. And their war records show service under strafing attacks, sniper fire and machine gun bullets, both in World War II and with United Nations Forces in Korea.

Teamwork is their watchword, and has been demonstrated many times in war and in peace. Smooth cooperation of various AACS teams have aided many a distressed aircraft, and the teamwork of AACS men and Air Rescue teams have served combat pilots in many parts of the world.

To persons outside the military services, the ability of these men and their equipment appear more miraculous than scientific, but pilots accept as routine the miracles of radio and radar equipment.

One of the many units of AACS is the one located here at Reese Air Force Base under command of T/Sgt. Dan L. Dowell. Personnel of the Detachment include Tower operators under S/Sgt. Wesley E. Deul; Maintenance men under S/Sgt. Richard S. Naylor; Supply under Sgt. Edward D. Vanover; and Detachment clerk is Pfc. Jefferson D. Kelly.

## NCO Club Features Johnnie Lee Wills

Johnnie Lee Wills, western recording star, and his boys of Radio Station KVOO in Tulsa, Oklahoma will be featured at the NCO Club on November 15, 1950. Johnny is the co-author and made original recording of national song hit, "Rag Mop."

On November 18, the Club is sponsoring a dance with music furnished by Hank McCarty and his Dixie Land Band.

## Service Club

FRIDAY, 10 Nov.—Game night! Come over and play Bridge, Canasta, Poker, Casino, Darts, Cribbage, Checkers, Chess, Etc.

SATURDAY, 11 Nov.—Open house.

SUNDAY, 12 Nov.—Open house. Record music from 1600-1800 hours.

MONDAY, 13 Nov.—Dance for Negro airmen. 2100-2330 hours. Music by Base Dance Band.

TUESDAY, 14 Nov.—Formal dance at Hilton Hotel. Class "As" or appropriate civilian dress. Music by Base Dance Band. LSO Hubettes. 2030 hours. Guests of airmen must be registered at Club before Tuesday. This doesn't apply to wives. Bingo will be held Wednesday.

WEDNESDAY, 15 Nov.—Bingo! Many prizes. "Clock Bingo a special feature."

THURSDAY, 16 Nov.—Concert by 514th AF Band. Dance follows concert. LSO Hubettes.

# Service Personnel To Pay More Income Tax

By ED VELARDE, JO1, USN  
AFPS Washington Correspondent

A bigger chunk out of the monthly pay check can be anticipated by a large share of Armed Forces personnel because of recently enacted legislation increasing individual federal income tax liability.

The Revenue Act of 1950 (Public Law 814, 81st Congress) raises income taxes, effective October 1, 1950. The annual rate of increase

for the same income (and exemptions) as in 1949 is approximately 20 per cent. Since the law became effective at the beginning of the last quarter of 1950, this year's increase is approximately 5 per cent.

## Courses Listed For Advancement Thru Career Program

List of basic courses for the Airmen Vehicle Maintenance Career Field are as follows: (Essential courses are capitalized)

Review Grammar; Geometry; Trigonometry; INTRODUCTION TO MACHINE INDUSTRY; Physics; Inorganic Chemistry; MATHEMATICS FOR TECHNICAL & VOCATIONAL SCHOOLS; BLUEPRINT READING AT WORK; Metallurgy and Heat Treatment; Lathe & Milling Machine Operations; AUTOMOTIVE POWER PLANTS; AUTOMOTIVE CHASSIS AND RUNNING GEAR; AUTOMOTIVE ELECTRIC EQUIPMENT; Gas Welding; Arc Welding; PRINCIPLES OF DIESEL ENGINES; Fuel Water & Oil Systems of Diesel Engines; Diesel Engines Installation & Operations; Diesel Engines Maintenance & Repair; DIESEL - ELECTRIC POWER PLANTS; Teaching Techniques; INDUSTRIAL MANAGEMENT; SAFETY ENGINEERING; BETTER FOREMANSHIP; Foremanship and Supervision; General Psychology; BUSINESS MANAGEMENT; PERSONNEL MANAGEMENT.

Basic Career Courses are courses in general education that are closely related to career fields. Successful completion of career courses will improve the Airmen's professional qualifications in his career field, and will provide a general educational background for attendance at service schools. Successful completion of courses will not guarantee promotion, but will be considered in determining eligibility for promotion. All of the above listed courses cover all grades in the Airmen Vehicle Maintenance Career Field from grade EI, apprentice or helper through CWO and WO, Superintendent.

Personnel interested in participating in this program are advised to obtain transcripts of all their previous high school and college work and see the I&E Officer in Bldg. T-421.

Next week career courses for the AMN Food Service Career Field will be listed.

1. Increased taxes. New withholding tax tables require your disbursing or finance officer to deduct each month at the new rate increase (15 to 18 per cent) from all "wages" paid on and after October 1.

2. Tax exemption for uniformed personnel serving in a "combat one." After June 24, 1950, and before Jan. 1, 1952, all enlisted personnel and all warrant grades may exclude from taxable income all active service pay for any month or any part of, which they served in a "combat one."

3. Tax liability for U. S. citizens — military and civilian — serving in a "possession of the United States". Heretofore such persons had been generally tax exempt on their salaries. The new revenue act eliminates the exemption and makes the tax liability retroactive to Jan. 1, 1950.

## Chest Drive

(Continued from Page 1)

man of the drive at RAFB, states that Reese personnel should participate 100 per cent since that each dollar that is contributed to the fund in the Lubbock area, including the donations from Reese Air Force Base, the Lubbock Service Organization receives \$0.12.

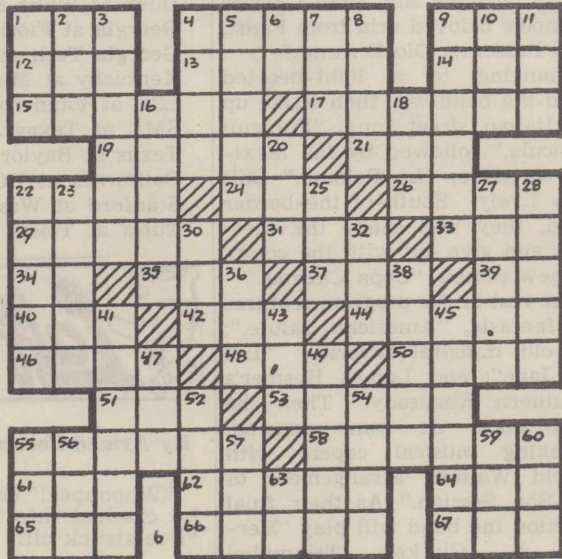

This means that of the \$129,000 Lubbock quota for the Community Chest, \$14,000 will be used directly for the personnel of Reese Air Force Base.

In addition to the normal contributions for the Community Chest this year, the RAFB Community Chest Committee is raffling a new car with the proceeds going to the Lubbock Community Chest. The car, a new 1950 Ford Deluxe Convertible, will be given away at the Service Club on December 9, 1950. The car will be equipped with white side-wall tires, radio and heater and the other equipment common to the deluxe style convertible.

Tickets will be available at the Squadron Orderly Rooms Monday 13 November and will continue on sale through the 9th. of December. This date is not to be confused with the contribution deadline date of the 1st of December.

# 3501st Captures Reese Football Championship, Defeats PTW 6-0

The 3501st Maintenance Squadron Touch Football team became the 1950 Football Champions of Reese Air Force Base Wednesday, 8 November, when they defeated an ever-challenging Pilot Training Wing team 6-0 in a hard fought gridiron duel. "Joltin" Joe Lopez, backfield ace of the 3501st team passed and ran his team to victory.

PTW kicked off to 3501st to start the game and took possession of the ball when Chuck Clady intercepted an '01st pass. Failing to gain a first down PTW lost the ball to 3501st who moved down near the PTW goal line on a series of passes and running plays. The first quarter ended 0-0.

## PTW, 3501st Win Play-Offs By Defeating MSG And ABG

3501st Maint. Sq. and PTW won the right to play each other for the base touch football championship by defeating ABG and MSG respectively in games played Monday and Tuesday of this week. 3501st defeated ABG 12-2 in a low-scoring game and PTW crushed MSG 18-6.

The first quarter of the PTW game was scoreless but in the second frame Ernest Bence of MSG put his team in scoring position with an accurate kick to the "coffin corner." Ed Pitts intercepted a PTW pass near the PTW goal line and two plays later Bence went over for a touchdown.

MSG kicked off to PTW after the TD and intercepted a PTW pass on the first play, however, PTW held and MSG was forced to kick. The score at half-time was 6-0 in favor of MSG.

The third stanza saw a determined PTW team march down the field and score on a running play by Jim Fox that tied the game at 6-6. PTW's Jim Gatlin intercepted a MSG pass and set PTW up for another TD, this time on an end run by Happy Halbert. PTW kicked off to MSG after the TD, but MSG was held to four downs and PTW took over again and a series of short passes and line bucks moved the team into scoring position again. A short pass from Jim Fox to Charles Clady scored the last TD for PTW. The game ended with PTW in possession of the ball again in midfield.

In the game between ABG and 3501st Red King of ABG put 3501st in danger with a kick to the goal line after the opening kick-off. Two plays later 3501st's Joe Lopez dropped the ball behind the goal line, giving a two-point edge. A strong ABG defense held 3501st scoreless for the first quarter.

The second stanza saw Lopez pass to Ken Wycoff on the ABG 5 yard line and set up 3501st's touchdown which came when Lopez passed to Bob Walker. ABG came right back with a passing attack that advanced them to the 3501st 15 yard line before they lost the ball. The score at half-time was 6-2 in favor of 3501st.

Both teams kicked repeatedly in the third stanza when neither

could gain headway. However, 3501st broke loose and maneuvered to the ABG 2 yard line. They finally scored on the fourth play on a flat pass from Lopez to Walker. ABG moved down to the 3501st 2 yard line but their touchdown try was stymied by Jack Garlington's interception of their pass. 3501st kicked out of danger but ABG drove within scoring range again, only to have Lopez intercept the pass as the game ended.

## Pyramid Handball Tourney Nearing End Of Competition

Major Haney and Lieutenant Hagle proved themselves to be among the best handball players on the base last week when they defeated Major Stephens and Lieutenant Grayson to cop first place in the top bracket of the double elimination handball tournament presently being conducted in the base gym.

The three top teams in the bottom bracket, consisting of Major Stephens and Lieutenant Grayson, Corporal Cedotal and Sgt. McKinney, Lieutenant Englebretson and Lieutenant Umphries, will battle for top honors in playoffs to be held during the early part of next week.

The double elimination tournament is expected to be completed by next Friday, with the first place and runnerup teams receiving trophies. After this tournament there will be a pyramid tournament open to all interested personnel.

## CONCERT—

(Continued from Page 1)

(oops, left foot) the boys in blue will open the show with Eric Coates' "Knightsbridge March," followed by the instrumental novelty, "Fiddle-Fiddle." Next M/Sgt. Charles L. Simons will play a baritone solo from Charles Gounod's beloved aria from Faust, "Dio Possente, Dio D'Amor."

Changing to a light-hearted mood the band will then strike up the Italian street song, "Funiculi Funicula," followed by the Mexican serenade, "La Paloma." Still in a lively South-of-the-border mood, they will shake the castanets and give out with the colorful new samba, "Copa Cabana."

The rest of the program features the fantasia, "American Salute,"; the old minstrel favorite, "Li'l Lia Jane"; and Lucius Hosmer's "Southern Rhapsody." Then the band takes on some rousing, rollicking musical capers with Harold Walters' arrangement of "Be-Bop Session." As their final selection the band will play "Herbert L. Clarke's Triumphal March."

First Lt. James O. Umphires, public information officer, will be the master of ceremonies.

## Pointed Pearls

By Armed Forces Press Service  
Figure that you pass this way but once, so do all the good you can while you are here.

Never send a boy to do a man's job; but be patient with him if he wants to learn.

PTW held and then moved downfield on a series of passes from Jim Fox to Happy Halbert and Nick Speck. An interception by 3501st's Jim Hill ended this threat. The game see-sawed back and forth until the half ended, the score still 0-0.

PTW received the kick-off at the start of the second half but lost the ball on downs. A pass play by '01st was broken up but on the next play Joe Lopez taking the ball from senter raced 60 yards through the PTW defense for a touchdown. This ended the scoring for the third period.

In the fourth quarter each team drove to within scoring distance but the lines held and the ball changed hands rapidly on downs. The game ended with the ball in 3501st's possession in midfield.

Lopez, John Tregoe, and Ken Wycoff sparked the 3501st attack while Fox, Clady and Halbert were the big guns for PTW.

By Armed Forces Press Service

"Whooppee!" cried the drunk as he crashed into the gas station: "I've struck oil!"

It's 50-50—women have their beauty secrets and men have their secret beauties.

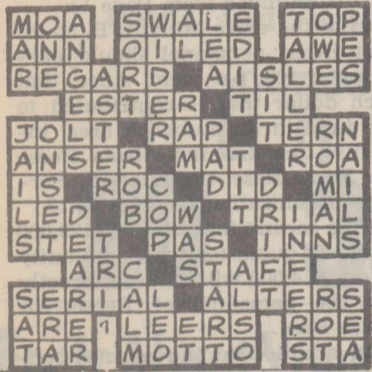

"Lesh go home now."  
"Naw, I'm afraid to go home—wife'll smell m' breath."  
"Hol' your breath."  
"Can't. Sh'too strong."

Garters, brassieres and highwaymen all do the same thing, only at different places.

## Sqdrn. Managers Hold Conference To Prepare For Basketball Season

Representatives from 14 Reese squadrons attended a basketball meeting held Wednesday, October 8 in the Gym. Plans were drawn up for a basketball league that will start on Monday, January 8, 1951 and continue through March. Plans were also drawn up for a dummy league to start this coming Monday, November 13.

### Answer to Puzzle

While last year's rules will remain essentially the same, the two-minute rule has been eliminated and when a player has a foul called on him he must immediately put up his hand or have a technical foul called on him. The purpose of this new ruling is to permit the scorekeeper to see who the foul is called on.

In addition to the above rulings, no protests of games will be recognized, but if there is a justifiable case such as the using of a player from another team just for the game, the athletic department will handle the case. However, if a player is transferred to another squadron during the season he may elect to play with the new team or continue with the old one, but he can only play with one team.

Another change from last year's tournament is there will only be one league which will end in a double elimination tournament for the base championship.

Plans were made to award a Sportsmanship Trophy this year to the player showing the best sportsmanship during the basketball games. Trophies will be awarded to the first and second place winners in the league and the first and second place winners in the base championship competition.

## BASE REOPENS—

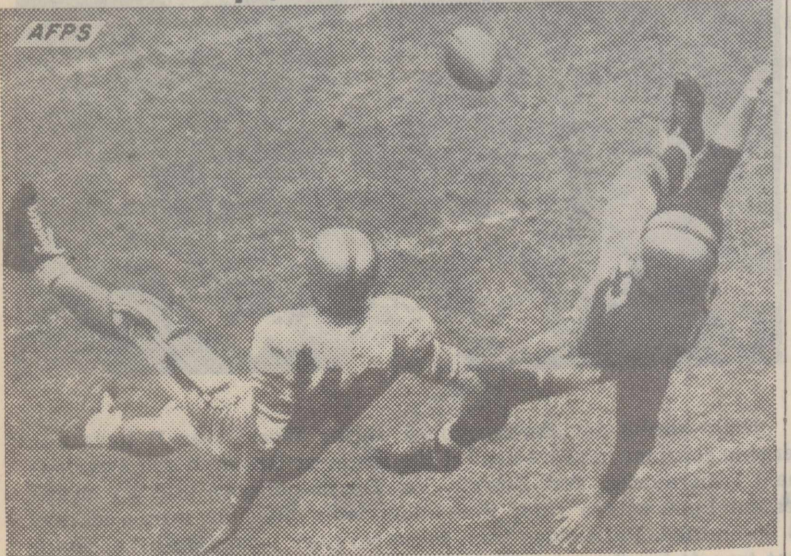

(Continued from Page 1)

450 students. Air Material Command, the AF contracting authority, is presently drawing up specifications for operation of the base and will solicit bids from civilian flight training contractors in this connection within a few days.

This base is in addition to the other bases now being operated in the flying training program. Approximately 2,000 basic students are enrolled in these schools at the present time.

The average height of Japanese men is five feet, three inches. The women average four inches shorter.

## Oops, Pardon My Foot

This action took place at the Polo Grounds, New York City, during second period of the Fordham-San Francisco football classic. A pass intended for Sakowski of San Francisco (left), is shown flying free as Sakowski and an unidentified Fordham player pull an upset. Fordham won the game, 21-14.
