

Reese Cub Scouts Go To Palo Duro On Weekend Jaunt

By Sgt. C. W. Conrad

An "eventful" marshmallow and weenie roast at Palo Duro Canyon last Saturday marked the first outdoor activity of the season by Cub Pack 17 at Reese.

With the pop, puppies, and potato chips stowed safely away in the back of the new GI Southern Coach Bus, fifteen cubs, four boy scouts and six parents eagerly climbed aboard and departed here at 0745 hours. Accompanying them were 1st Lt. John M. Mazzullo and his family, and Sgts. Bill Miles and Clarence Conrad.

It was an ideal day and the scouts sang and laughed all the way. For many it was their first for after seeing nothing but miles glimpse at Texas scenic wonder, upon miles of flat barren land there suddenly appeared a gaping cavity of beautiful iridescent rock formations known as Palo Duro Canyon.

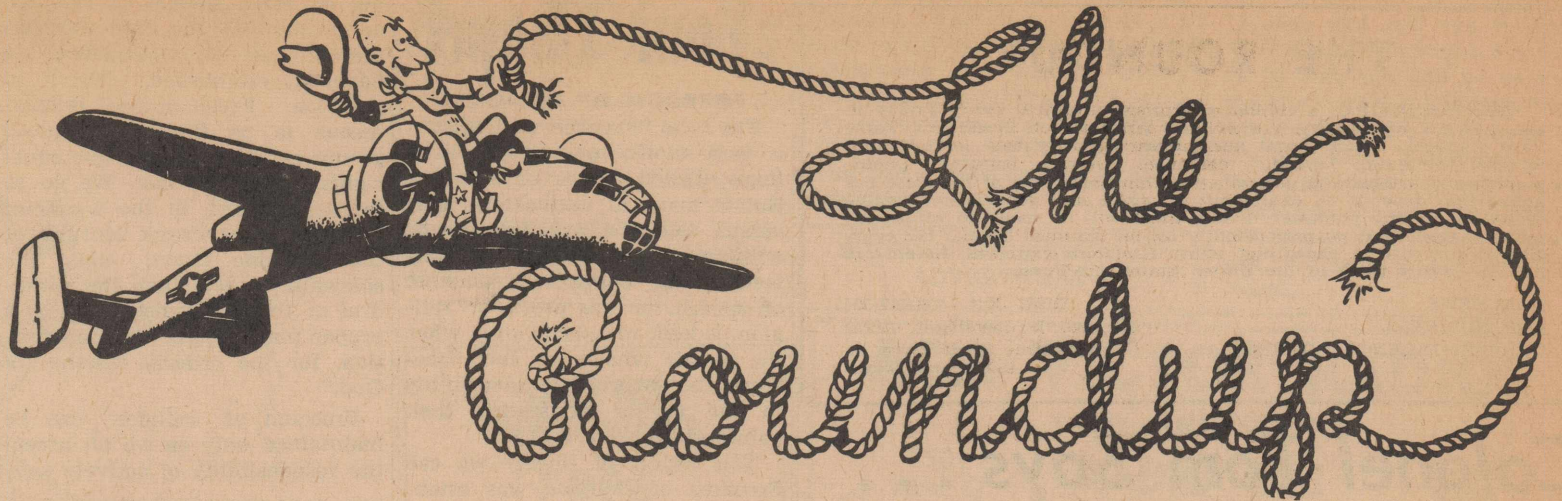

Everyone had a sharp edge on his appetite by 1030 hours as the bus began its spiraling descent down the mouth of the canyon. Eyes strained in silence as all peered into the vast rugged expanse of this little Grand Canyon. The thought, "will we make it back up?" was in the back of everyone's mind.

At 1030 hours PFC Donald Dale, the driver, brought the bus to a halt in a shady area, complete with a rock fireplace. In less time than it takes to say "Marshmallow" there was a fire going of dried-out Mesquite with charred weenies, rare or well done, as each preferred.

Highlight of the afternoon was a hike to the top of the bluffs, with the boys getting a good workout climbing. All were tired but happy as they relaxed wading and swimming in a cool stream.

By then everyone had a suntan and it was time to go home. But then there was a hike in store that nobody had counted on. As the bus inched up the hill it coughed and sputtered and quit. The load was too much for it so all got out and forged ahead on foot. Finally, the bus made it to the top, where Lt. Mazzullo applied his mechanical skill in fixing the fuel pump and with fin-

GI Goes To Germany To Bring Back Bride

By Pfc. James H. Kell

Love has gone to the dogs, according to Corporal Johnnie Purser. He's going to Germany this week as a result.

It was in January of 1949 that Corporal Johnnie Purser was assigned as a radio mechanic to the Berlin Air Lift, and it was also the beginning of a new life for Corporal Purser.

Berlin was a new and strange experience for a G. I. who had never been out of the United States before and it was a lonely one. It's true that he had his buddies to run around with but he missed the little things, that brought back these memories of life in the United States.

So Corporal Purser decided to buy a dog. And when we say dog—we mean DOG—for you see, he bought a huge New Foundland, a mutt that requires plenty of exercise and a lot of room. After his working day was over, Corporal Purser would spend his time walking his newly acquired canine friend. On one such occasion is where our story really begins, for, walking through one of the residential sections, the dog suddenly broke away to pursue the traditional enemy—a cat. This particular cat, however, found refuge in the yard of a Miss Peggy Lehman.

Miss Lehman very graciously caught the dog and returned it to our friend, the Corporal. The next thing Corporal Purser knew he was asking for a date with Peggy and she had accepted. From that time on Johnnie and Peggy were together often, going to parties, picnics, dances and having a wonderful time. Peggy's brother was one of Johnnie's best friends. He had been a former American Prisoner of War, and was also a friend of all the GIs of that sector.

Johnnie was transferred back to the States in June of 1950 before he and Peggy could be married, but that didn't stop Johnnie. He was stationed here at Reese with the 3501st Maintenance Squadron and right away began working to try to get back to Germany, and Peggy. Well, it's been a long hard grind for both he and Peggy to wait for the necessary

Promotion Of 63 RAFB Airmen To Top Four Enlisted Grades Announced By Wing Personnel

Approximately 63 airmen were given temporary promotions at RAFB this week, the Wing Personnel Officer announced. Included in the number were eight master sergeants, fourteen technical sergeants, nineteen staff sergeants and twenty-two sergeants.

The Maintenance and Supply Group received 28 of the promotions, closely followed by Air Base Group with 24. In third place was the Medical Group with 5, Hq. Sq. PTW fourth with 4, and Pilot Training Group fifth with 2.

Promoted to master sergeant were Technical Sergeants James O. Armstrong of Hq. Sq. PTW; Ike C. Lowe of Hq. Sq. ABG; Walter W. Keck, Calvert W. Wilson, Gilbert E. Lawrence, Jeff T. Sanders,

and Carlton E. Allen of M&SG; and T/Sgt. James F. Edwards of PTG.

The new technical sergeants include Joseph R. Kent, Melvin B. Ballard, Furman Davis, James D. Richardson and James A. McPherson of ABG; Jack O. Freeman, August R. Seefluth, Geiffery D. Gustin, Shirley W. Scott, Daniel C. Cape, Sr. and Ival R. Reed of M&SG; Leason E. Dale of PTG; Malcolm F. Fontenot and John R. Woolley of Med GP.

Sergeant Norman F. Perry of PTW headed the list of promotions to staff sergeant, followed by Paul E. Mooney, Larry S. Swafford, Earl D. Danley, Robert W. Severt, Ruffins G. P. Pippins, Johnnie L. Sykes, Vernon Bison, of ABG; Charles B. Smith, Henry W. Harison, Reuben J. Smith, Harry H. Thaut, Roland M. Weston, Ray L. Ketchum, Albert E. Ramos, Namesio Gonzales, Kenneth D. Williams, Herman R. Schneider, of M&SG and Raymond J. Smarelli of Med. GP.

The 22 airmen promoted to sergeant included Joseph W. Bills and James H. Ratcliffe of Hq. Sq. PTW; Carl S. Burrows, Maurice L. Pearrow, Merrill C. Bunker, Guilford C. Gray, Ben Phelps, Donald E. Allen, William H. Bess, Jr., Irving J. Grantham, Willard

Final Results For 1951 Cancer Drive Announced Here

Reese personnel contributed \$501.73 to the Cancer Crusade held recently on RAFB, Lt. Col. Edward N. Schwarts, project officer for the drive announced.

Contribution boxes were placed in the PX, Service Center, NCO and Officer's Clubs, and in the Hospital Out-Patient Clinic. Together with the pay-table donations, the above sum raised to be used in the fight for cancer.

The money is being used for research, service to cancer victims, and in education in the cancer field. Science has stated that one person in eight has, or will have cancer and every second family in this country contain a cancer victim.

DUTY HOURS:

"Effective Monday, 14 May 1951, the duty hours for this base will be from 0730 to 1615 hours, with 45 minutes for lunch. The suggested lunch period is from 1130 to 1215. However section heads are authorized to establish lunch periods for their personnel so as not to interfere with the sections work-load.

M/SGT. W. C. Baker (center) of the 3502nd Maint. Sq. demonstrates the way the boat he is building at the Base Hobby Shop is constructed to T/Sgt. William E. Brooks of 3502nd and S/Sgt. Paul E. Musselman, NCOIC, of the Hobby Shop.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A Proclamation

WHEREAS the Armed Forces of the United States, having dedicated themselves unselfishly to the service of their country, are now fighting and dying on foreign soil in defense of the principles of freedom which this Nation has cherished since its birth; and

WHEREAS it is appropriate that we dedicate one day each year to paying tribute to the Armed Forces and to rendering homage to them as the defenders of our people, our Nation, and our democratic way of life:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby proclaim Saturday, May 19, 1951, as Armed Forces Day; and I invite the Governors of the States, Territories, and possessions of the United States to provide for the celebration of that day in such manner as to honor the members of our armed forces.

As Commander in Chief of the Armed Forces of the United States, I direct the Secretary of Defense and the Secretaries of the Army, Navy, and Air Force to mark the designated day with appropriate ceremonies, and to cooperate with civil authorities in suitable observance of the day.

I also request my fellow citizens to display the flag of the United States on Armed Forces Day, and by fitting exercises to demonstrate their recognition of the gallantry, sacrifice, and devotion to duty of the men and women of the armed forces.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this second day of April in the year of our Lord nineteen hundred and fifty-one, and of the Independence of the United States of America the one hundred and seventy-fifth.

(SEAL)

HARRY S. TRUMAN

THE ROUNDUP

The ROUNDUP is a civilian enterprise published every Friday in the interests of military and civilian personnel of Reese Air Force Base, Lubbock, Texas. Local news appearing here may be reprinted without obtaining specific clearance. News, features, photographic and art material are solicited from personnel of the Base but publication depends on availability of space and general news value as judged by the publisher. Every effort will be made to return rejected material but no responsibility can be assumed beyond the exercise of due care in expediting return. Opinions expressed herein are not necessarily those of the United States Air Force.

Colonel Tom Says . . .

Sunday is Mother's Day and I am requesting that when you attend church on this specially dedicated day that you wear your Air Force uniform. Let the world know that the men of the Air Force are proud of their mothers.

The word, "Mother," probably takes on a different significance for each of us. For some of us, mother was the quiet little woman who went about her household tasks day after day; for others of us, mother was the not-to-quiet woman who was a leader in the community, working with the church, the Red Cross, and the latest "cause"; for some she was the wage earner, slightly harassed at times, trying to balance the duties of a mother with the demands of a job.

But for all of us there is one thing that all of our mothers had in common—they were always ready to care for the bumped head or hurt knee and, as we grew older, to comfort and sustain us over the rough spots as we began to struggle with the problems of adolescence and early manhood.

Now we are men—and the responsibility should be reversed by those of us who are fortunate enough to have our mothers in the land of the living. Are you helping her, to the best of your ability, over the bumps she encounters as she grows older? Sometimes all it takes is a letter. A few lines will make a big difference in her morale. Have you written her, lately?

FREEDOM OF RELIGION

The term "Freedom of Religion" is well-known to most people in these United States of America. But to many of us the term only means that we are free to do nothing about it. However, any freedom of expression, whether of speech, or the press, or religion, is kept in balance only when the people who enjoy such freedom also exercise responsibility in the matter of stating their points view.

This aspect of liberty we call Freedom of Religion was established and is maintained for the purpose of allowing each man to hold and practice our own religious convictions. The American view of religious freedom is broader than that of some other countries which also boast of having this liberty. These nations where a phrase "freedom of religion" is used usually mean that an established religion, a state-church, is free to propagate and disseminate its particular views, but that other religious groups must be limited in their rights and freedoms. But among us, freedom of religion includes the right of all to practice and propagate their particular religious views.

Freedom of Religion is written large in our traditions and history chiefly because people of many religious backgrounds came to America in search of security against oppression in this regard. When it came to writing this particular freedom into the Bill of Rights, it was ordered that "Congress shall make no law respect-

ing an establishment of religion, or prohibiting the free exercise thereof." As a consequence we have no established church in America. Freedom of religion means to us that all religious groups and individuals have equal rights before the law. We go so far as to insist, in the words of former Justice Frank Murphy of the Supreme Court, that "the sidewalk, no less than the cathedral or the evangelist's tent, is a proper place, under the Constitution, for the orderly worship of God."

Freedom of religion can be maintained only as we all accept the responsibility of actively sup-

porting what we believe. If we accept Freedom of Religion as "freedom to do nothing," then we know it now can no longer exist.

ROBERT L. JONES
 Chaplain (Captain)
 Asst. Wing Chaplain

All military personnel are requested to attend Church on Sunday, May 13, in uniform. Armed Forces Day services will be observed by the various churches on this date also.

3501st News

By Sgt. Duane F. Hammer
 Congratulation to Perry M. Chandler, Paul E. Graham, Thomas G. Hightower, Robert D. Hunter and Charles W. Miller, who were recently promoted to Corporal. New Pfc's are George B. Burt, Max R. Dooms, Francis A. Duckart, Eldred W. Johnson II, Joseph A. Gregory Jr., Charles M. Robertson, Raymond E. Rosson and James H. Thomas.

Next Monday morning M/Sgt. Bob Horning will trade in his stripes for Captains bars. Captain Horning will be reassigned to Sheppard AFB, Texas and will report there for duty some time next week. So, it's farewell to another "01st trooper" and the best of everything from the Officers and men of the '01s to Captain Horning.

Last week in a bowling match with Hq M & S Group the squadron bowling team came out on top taking all four points. The softball team is knocking off the opposing teams right and left and hasn't lost a game yet. Last softball team to be overpowered by the '01st was the Avlanche Journal team for Lubbock.

Just found out we've a real Irishman in the crowd namely, Pfc Patrick G. McCarthy. Pfc McCarthy was born in Bantry, Ireland on the 26th of August, 1926, and came to the US on 13 Feb 50. He enlisted in the USAF on 7 Aug 50 and after basic training and airplane and engine mechanic school at Sheppard AFB Texas, he has finally made his way to T-28 Maintenance.

So long until next week.

What is there about the New Mexico State Line that makes a man extremely thirsty when he crosses it? How about is Clady?

Last week all Bandsmen AFSC numbers were changed from the 77 to the 76 series. This action kept the orderly room busy. In addition, the last three digets were scrambled a bit. This action has Herbig busy trying to memorize the new number and forget the one. Stick with it Herb, I've got a bet on you.

ABG News

By Sgt. John H. Badgette
 This week, the promotions took the limelight for a flicker in the grades of corporal and private first class. Daniel R. Holmgren and William B. Wilson were promoted to the rank of corporal, and I must say that it didn't take the lads long to get those stripes on. Look out airmen! If you will look back in history, you will find that Napoleon was once a corporal.

We also had a shower of PFC stripes in the squadron, or at least it seems that way. The fortunate airmen are as follows: George T. Daley, Ernest H. Henkel, Donald B. Holsten, Benjamin F. Mackey Jr. Sidney S. Pool, and Wayne D. Underwood. Congratulations to all of you airmen.

The squadron softball team is really hot from what I hear. They have played several teams in practice games and have won each game easily. With the brains of Tom E. Toms, and the number of long ball hitters that the team has, how can we lose? Any team who wants a practice game should contact Master Sergeant Toms at the base photo lab.

Don't forget our squadron party coming up on the 17th of this month. All airmen of this squadron are welcome, and believe me men, it will be worth your time and energy to go. First Sergeant Martin stated that contributions were still being taken for the party. Let's all get behind this one men. It may be some time before we get another one.

Sgt. John F. Cornell
OLD SOLDIERS NEVEVR DIE.
 Sgt. Daniel Joaquin was retired on the 30th of April, after 21 years of service. We won't say farewell at this time as Dan was recalled on the first day of May. The Air Force is giving Sgt. Joaquin 21 months in order for him to fade away. He's got it made.

Sgt. Jules finally worked up enough courage to bring his Renault back to Reese. If you happen to see a green and yellow cigar box creeping down the road, that's it.

We had our piano tuned last Friday. As soon as we get Cpl. Benny (Genius) Estes tuned, we might hear some fine piano.

Sgt. Werner seemed to enjoy himself immesley at the flag-raising ceremony last Saturday. Eugene says the program was most interesting and educational.

Kadet Korral

Tomorrow is graduation for 51-Charley which means that many of our good friends and buddies will become rated officers, United States Air Force—the TOP FIVE PERCENT—and proceed to greener pastures. From all of us that are remaining in the Cadet Detachment to all of you, Charley, Best of Luck always.

The speaker for Charley's graduation will be General Carpenter, "singing" Chief of Air Force Chaplains — and he really has a terrific voice.

A report in last week's KADET KORRAL stated that Richardson, 51-C, was awarded 20 giques, however there is a correction to be made which reads: "Pearson, 51-C, is hereby awarded 19 giques."—The facts behind the situation indicate that Richardson was room orderly, bay orderly, and outside area orderly, on the date of the inspection; however, he was on a three-day cross-country at the time and the responsibility for cleaning the room was up to Pearson, his roommate. Just ain't no justice?

After successfully (at last) completing the single engine phase (T-6, T-28) here at Reese, 51-Easty started flying the big iron bird, B-25, today.

51-Fox was trusted enough in the T-28 to take a cross-country: Reese-Abilene-Wichita Falls-Oklahoma CityEnid with Reese-Elington as an alternate. Must be "hot" pilots!!

The Cadet Detachment had a change of command parade—with-out the Reese Band — Saturday with the new group staff taking over. Post succeeds Liebrock as Group Commander; Johnson takes over O'Grady's work as Group Adjutant; Friedman wears Handing's stripes of Group Operations Officer; and Royball replaces Capers as Group Supply Officer.

Squadron A staff is to be: Klutzenbaker, Syuadron Commander; North, Squadron Adjutant; Roberts, Hawksley, Flight Commanders; Honey, First Sergeant; Donald, Padget, Flight Sergeants.

Installation News

by Pfc. Otto Sample

The date of the Installations Squadron party has been set for this Thursday night. Fried chicken will be featured on the menu, soft drinks and beer will be served as beverages.

Installations Squadron extends greetings to Lt. Charles A. Rodenberger who joins as Assistant Air Installations Officer.

Sergeant Walter Flynn has returned to duty upon completion of the Clerk-Typist course at Francis E. Warren AFB Wyoming and has assumed duties in the Air Installations office.

From Sampson AFB New York comes PFC Charles G. Ayers. With processing completed PFC Ayers has reported to the Refrigeration department for further duty.

Congratulations are in order to all Airmen who were recently promoted to PFC's and Corporal. Plans for the first softball game are in progress and the first game is scheduled on or about the 13th. What, no Cee-gars?

With deep regrets we pay our last respects to Private Ernest Galloway who was accidently drowned at Buffalo lakes last Saturday.

Hq. Sq. News

By Sgt. C. W. Conrad

There'll be money in the bank for many officers and airmen if they hurry down to the Orderly Room and fill out a GI insurance form, Pronto! Sgt. Betts is anxious to send the completed forms to the VA as soon as possible.

M/Sgt. William L. Goins, wing personnel sgt. major, will have his recall to major effective today. He will report for his new assignment at Stewart AFB, N. Y. Another old-timer to depart this week is Lt. Col. Joseph G. Stulb, legal officer, who transferred to Mather AFB, California.

A warm welcome back to the fold, after attending the Budget and Fiscal School at Lowry AFB, to Pfc. Willard F. Glassford.

Prominent in the ping-pong tournament this week will be the stellar playing of S/Sgt. Gatlin in the singles and S/Sgts. Speck and Anderson in the doubles event.

Got a gripe? or suggestion for the betterment of the squadron? If so, save them, for a suggestion box will soon be installed under the character guidance program for that purpose in the Day Room. All suggestions will be considered by the character guidance council and squadron CO.

The softball team recently took a shellacking from the ABG aggregation, but to save the day the squadron bowling team defeated the ABG pin men by three out of four points. Squadron keglers include: Maj. Ungerleider, high point man with an average around 165, M/Sgt. Barger, M/Sgt. Vovles, Sgt. Fleming, Sgt. Burnett, Sgt. Wilcox and Cpl. Terry.

On the first page of last week's Roundup I discovered that the

Congratulations to former Technical Sergeant James Franklin Edwards, promoted to Master Sergeant this month. M Sgt. Edwards is Chief Operations Specialist in the Director of Flying Section.

Promoted also is Staff Sergeant Leason Edward Dale, doing duty in the Link Trainer Department now as a Technical Sergeant.

Congrats also to Kenneth L. Caviness, John K. Draper, James C. Percas, and Walter J. Sable the above privates first class are now sporting their first Air Force stripe.

A note to all pencil pushers and administrative personnel; if you are wondering where to file barbacks inspection reports try file number 600.96. From the looks of the barracks of PTG, unlocked lockers were open and undesired contents on the floor; better file it under "Bomb Proofing."

Having completed the Apprentice Warehouse Specialist Course at Lowry Air Force Base, James Hagle from Chandler, Oklahoma, Glen Watson from Hobbs, New Mexico and Billy Davis, from Wichita Falls, Texas have been assigned to the Pilot Training Group.

price of GI laundry was different from that quoted in last week's column. It has gone up to one dollar per bundle, with no limit on the number of bundles one may send, instead of the former flat monthly two dollar rate.

gers crossed it ran.

At the town of Canyon it bucked again so help in the form of another bus and wrecker was sped to the rescue. However, Lt. Mazzullo wiggled under the bus and fixed it again, and with a sigh of relief the happy picnickers returned 2215 hours.

The parents who went on the trip were M/Sgt. James L. Barger, cub master, M/Sgt. and Mrs. Harold C. Goins, den mother, M/Sgt. Roy Derbonne, Mrs. Marvin C. White, and T/Sgt. Henry C. Stampley.

Courts-Martial Manual List New AW Changes

Editor's Note.—This is the second in a series of three articles on the changes to be found in the new Courts-martial manual scheduled to become effective on May 31. All of the Armed Services will use the same manual to render a uniform system of military justice.

Paragraphs 41 (c) and (d) (3) are quoted for your general information and guidance:

41 (c) "No member of a general or special courtmartial may be ab-

sent from the court during the trial of a case except for physical disability, as a result of a challenge, or by order of the convening authority. If, before, the assembly of the court for the trial of a case it appears to a member that he should not sit on the court, either at all or in a particular case, for reasons as enumerated in 62f (self-challenge) or for any other reason except physical disability, he will take appropriate steps to bring the matter to the attention of the convening authority.

If he is able to do so, a member of a general or special courtmartial who is, or has reason to believe that he will be, absent from a session of the court because of physical disability will so inform the trial counsel. The latter will make an informal inquiry to verify the cause of the absence, and, if it occurs after the arraignment of the accused, will report his findings to the court."

41 (d) (3) "Before arraignment—The unauthorized absence of a member of a general or special courtmartial from a session of the court may be a military offense, but his absence prior to the arraignment of the accused will not prevent the court from proceeding with the trial if a quorum is present. However, the trial counsel will report any unauthorized absence of a member to the convening authority."

At any time after arraignment of the accused before the court, if the accused should absent himself or escape, the trial could continue.

WAR BRIDE—

(Continued from Page 1) papers and all the red tape that is involved in such a procedure. But it has not been in vain, for Corporal Johnnie Purser is going back to claim Peggy as his wife.

When Johnnie and Peggy are married in Germany it will have to be through two wedding's, the German version and the American version. But that doesn't bother Johnnie and Peggy, they have waited a long time for this and one more wedding won't make much difference.

Corporal Purser is starting May 7 on a 50 day furlough to Germany, and when he returns, his Father and Mother, Mr. and Mrs. J. A. Purser of Idalou are planning a big reception at their home for the happy couple.

Love has gone to the dogs? Sure a monstrous Newfoundland did the trick for Corporal Purser. Perhaps you Lonely Hearts clubbers ought to by a St. Bernard for even quicker results.

Medics Wrest Lead In Tourney From M&SG Bowlers

Sgt. Ernest Bence of M&SG is still pacing the base's bowlers with a 181 average in the current tournament. Close on his heels are Capt. Maurice DeShepper of the Medics with 170 and Chap. (Capt.) Amalio F. Greco with 169.

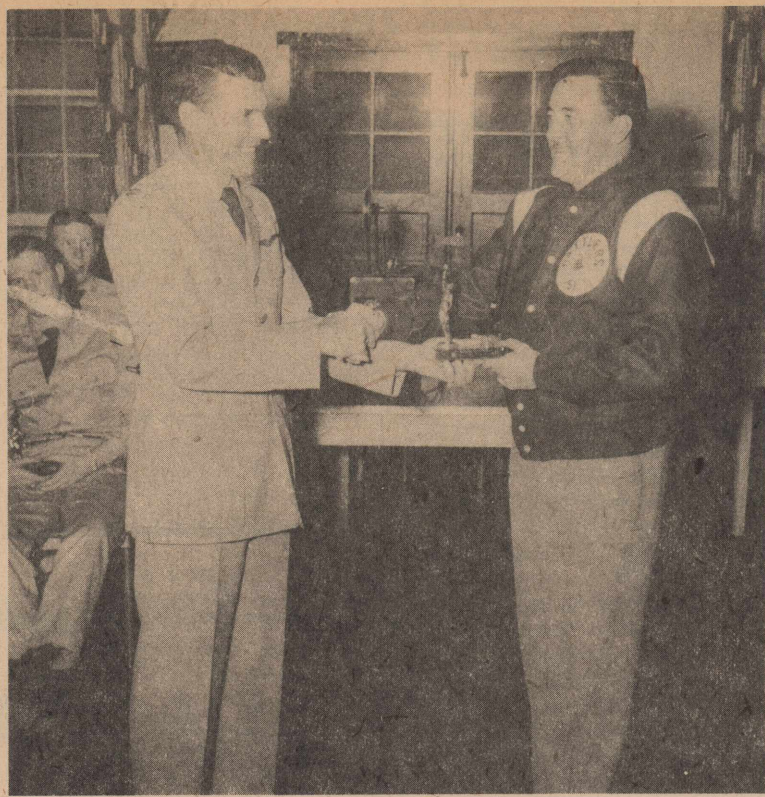

The medics now hold the lead in the tournament with 45 points. Hq. Sq. M&SG is second with 41, 3501st third with 39 and ABG fourth with 37. Only eight points separate the first place team from the fourth place ABG.

Other squadron standings are:

 Quiz program. Prizes to be given away. Record dance after program.

THE SPORTSMANSHIP AWARD for the 1950-51 Basketball Season was awarded to S/Sgt. William C. Wright by Capt. R. E. Englebretson, personnel services officer, at a banquet held last week in the Wing Dining Hall, to honor basketball players from the base team and the squadron teams. Trophies were given to the winning squadron teams and jackets given to the members of the Rattlers the base team.

TUESDAY — Canasta nite. Prizes for high scorers.
 WEDNESDAY — Bingo. Come and play for the cash jackpot.
 THURSDAY — Open house. Free sewing from 1400-1600 hours.
 FRIDAY — Game night.

Table Tennis And Volleyball Championships Is Decided

Two base championships were decided at Reese Wednesday when the 3502nd Maint. Sq. defeated the Fire Station in three straight games to win the 1951 Base Volleyball Title and when PFC George J. Zimmerman of Air Police defeated Staff Sergeant Michael J. Conley of 3501st for the singles title in Ping Pong. Staff Sergeants Ray Anderson and Nick Speck of PTW defeated Staff Sergeant Louis Briestensky and PFC Joseph Finlayson of the Medics for the doubles title.

Undefeated through the entire volleyball season 3502nd turned on the heat to defeat the ever-challenging Fire Dept. The other undefeated team PTG was eliminated in the play-offs by the Fire Dept.

Black Hubbers Dump Rattlers 12-3 Friday

The Lubbock Black Hubbers defeated the Reese Rattlers 12-3 Friday, May 4, at Rosenthal Field in Lubbock. An estimated crowd of 200 people saw the Black Hubbers gain their second win of the year over the Rattlers and their fifth straight in two years.

Raymond Flores gained the win for the Hubbers as he gave up nine hits, no free passes, and struck out 12 Rattlers. Dale White the losing pitcher gave up seven hits, two bases on balls, and struck out one Hubber before being relieved by Walt Sable who gave up seven hits, walked two, and struck out three.

Lawson the Hubber shortstop paced the Hubber batting with three hits in four official times at bat while Dick Bochte, Ben Harvey and Bob Delaney got two hits in five times at the plate for the Rattlers.

The only homerun of the game came in the last of the third inning when Wallace, Black Hubber leftfielder, poled one over the left field fence with no one on.

SPORT SLANTS
 —JOE HOLMES—
 TOUGH RACKET

The game of Tennis has always had a reputation for effeminacy, but with everything considered, it's a pretty "tough racket". Its reputation of being a sissy's game is probably due to its strict etiquette, the seriousness of the players, officials, and spectators, and the unmasculine white clothing that the players wear. But, the game requires the speed, skill, stamina, and gameness of the best in the sports world.

There was a great French player who, disgusted with his game, sat in the middle of the court and cried. The crowd uttered not a sound. Then there was a great Spanish player who, on missing a shot, would grab the ball and bite it... and the crowds would remain silent. This is because of the seriousness of the game, and its etiquette. But a famous Japanese star, Satoh, dived into the ocean and never was found—because he had been ordered by Japanese officials to continue his international tour to bring prestige to Japan. The poor fellow was about to return to his native land, and his bride-to-be. Any way you look at it, with or without the etiquette, it's a pretty tough and strenuous game, to say the least.
