Dear Coke County Residents,
 My name is James Jackson, your new Texas AgriLife Extension Service agriculture and natural resources agent. I finally arrived in Coke County June 1 and I am looking forward to assisting you in your agriculture and natural resources needs anyway Texas AgriLife Extension Service can.

I am originally from the small community of Meridian in central Texas and I am excited about getting to know the communities of Coke County. The past five years I have attended Angelo State University where I earned my bachelors degree in Natural Resource Management and completed my master's degree in Animal Science May of 2012. My time at Angelo State University allowed me to

adapt to west central Texas and gain experience with the livestock production and range management practices in this area.

Throughout my college career I worked various research/production jobs giving me experience in all aspects of agriculture. The summers of 2007 and 2008 I worked for Texas AgriLife Research at the Rolling Plains Quail Research Ranch assisting with wildlife research and management practices. The summer of 2009 I accepted a research technician position at the Eastern Oregon Agricultural Research Station in Burns, Oregon. This position allowed me to see a different type of range management as well as different agricultural practices and showing me how good a place Texas is. In May of 2010 I worked for a custom grain harvester prior to beginning work on my master's degree which, was accompanied by accepting a graduate assistantship position for Angelo State University Department of Agricultural.

Growing up in a small community I was involved in the 4-H program at the city, county, district and state levels. I was involved in projects such as plant ID, educational presentations range and livestock judging while participating in stock shows at the county and major show levels. I am looking forward to working with the Coke County 4-H program and looking forward to getting to know the 4-Hers and their families.

One last note is that I am your AgriLife Extension Service agent and I am wanting to know your suggestions and ideals about any 4-H projects or educational programs that AgriLife Extension could conduct that would be desirable and beneficial in Coke County. Please feel free to contact me at any time and I look forward to serving you in any way I can.

The "Defined Benefit" pension plan was established in 1936 in the Texas State Constitution. Education and educators were deemed important enough to the state to be included in the Constitution. Now, legislators are being encouraged to alter the long-standing plan to a "Define Contribution"

Spotlight on Smokeless Tobacco! Currently there are over 312,000 educational retirees or their beneficiaries in Texas who contribute about 7.2 billion dollars into the Texas economy. Texas teachers opted to pay into a pension plan supported by the Texas legislators, rather than into Social Security overseen on a federal level.

All active school personnel and retirees are encouraged to mark their calendars for this District XV sponsored meeting in Brownwood, Tuesday, June 19 at 10 a.m. in the Brownwood Coliseum.

"Tell me, where do you go, When you got no dough, There must be a way, Out of here, the chorus from a Garnet Mimms song. The answer to "Where do you go"...is, to the Coke County Library for a book. There is no quicker, or quieter, way to get away from the noise. Junior high and high school readers can find quiet places: Out West, in space, in another dimension, in cyber worlds - there are all places waiting for the high school reader...adult readers, too.

Also, junior high and high school readers can be eligible to win a pizza from Cindy's at the end of summer drawing. For each book returned, readers can put their names in for the drawing.

There are several ways parents of elementary school children can maintain reading skills throughout the summer.

Visit the library, of course. For elementary school children, there will be a drawing each week for a treat from Rhonda and Judy's summer treat station. Also to keep children turned in to reading, parents can create a family tree; read to the child and have the child relate the story; while driving, talk and talk about the weather, the trees, the heat, their favorite things, what they want for Christmas...so many subjects, so short a ride.

For pre-schoolers, a craft and a story are available any time.

Library hours are Tuesdays, 8-12; Wednesdays, 8-4; Thursdays, 1-5; Fridays, 8-12. Call 453-2495 for information.

In the staffing update, Roger informed the Board of the current need of CNA's at the facility, and one employee will be attending CNA training. Roger also reported there are currently 8 residents in the Alzheimer's Unit, and 45 residents total in the Care Center as of the meeting date.

In Public Relations, check out our new website at www.robertlee.carecenter.com.

Under Capital Improvements, concerning the future remodeling of the Alzheimer's Unit, the Board met with Walter Curry and his wife, Susan, of Curry & Co. architects, as plans are being finalized. Several items were discussed toward completion of the plans and hopefully, construction will begin around the 1st of September. The new windows for the front lobby have been installed, and the courtyard is complete. The transformation of that front corner of the facility is truly a thing of beauty.
