His favorite story to tell was 'the Kunk story'. Bobby enjoyed camping with his family, raising and showing goats, coon hunting with Bessie, and spending time with his dogs that were his 'girls', Daisy and Krissy. He also enjoyed spending time with his coworkers at El Paso Natural Gas.

Survivors include his wife, Judith Brock of Eunice, New Mexico; daughter, Kay Newton and husband Terry of Eunice, New Mexico; daughter, Debbie Cole and husband David of Midland, Texas; son, Michael Brock and wife Penny of Monument, New Mexico; grandchildren, Corey Cole of

Representative Conaway praises Farm Bill passage

U.S. Representative K. Michael Conaway (R-Texas), chairman of the House Agriculture Committee's Subcommittee on General Farm Commodities and Risk Management, issued the following statement today after the U.S. House of Representatives voted 216-208 to pass the farm bill:

"This piece of legislation wasn't written overnight - it's the result of four long years of debate, a two-year audit of every single policy administered by the USDA, 40 hearings and two committee markups.

"There are many reasons why this balanced, equitable and market-oriented farm policy legislation is deserving of support. It strengthens Title I by offering ranchers and farmers choices in how to manage risk while reforming outdated policy. This move creates regional equity among agriculture producers, increasing their choices and implementing a broad approach to production agriculture.

"The bill also includes an amendment I offered with Texas Rep. Filemon Vela that would address Mexico's failure to uphold its water obligations to the United States under a 1944 water treaty. It's no secret that Texas has suffered a terrible drought, and there is no relief in sight. Mexico needs to begin fulfilling its obligations - our farming and ranching communities depend on it.

"The farm bill also addresses the ongoing lesser prairie chicken habitat issue. An amendment I offered with New Mexico Rep. Steve Pearce and Texas Rep. Randy Neugebauer would require the Agriculture secretary to conduct a 90-day study on the cost of programs to conserve the lesser prairie chicken and its habitat. The study must also detail the conservation effectiveness of these programs and rank them based on cost effectiveness. Conservation and cost effectiveness are not mutually exclusive, and I encourage the federal government to listen and work closely with stakeholders on this issue.

"Good agriculture policy is good federal policy - and this bill represents the best in agriculture policy today."

While at Camp, the youth participated in leadership and teambuilding activities while also having time for recreation that consisted of swimming and a fun filled night of dancing. On the final day of camp, the 4-H members were given a history lesson at Buffalo Gap Historic Village prior to returning home. County 4-H camp is open to youth who have completed the 3rd through 8th grade and happens annually in July. For more information, contact the Coke County Extension Office.

Ladies Water Aerobics held in Bronte

Water Aerobics are being held Monday and Thursday evenings at 6:15 pm at the Bronte swimming pool.

Come and join these ladies as they have fun and

improve their bodies.

Ladies Nights set at Robert Lee Pool

On Tuesdays and Thursdays at 6 pm, the Coke County Park swimming pool in Robert Lee is open to ladies for swimming and exercising.

Several "regulars" know aerobic exercises and share their knowledge with "newbies." There are also opportunities for those who want to swim, or just float. The refurbished pool is inviting and the new method of treating the

water is not harsh.

By law, a life guard must be present when the pool is open. To off-set the cost, a small fee is in place. There are no air-brushed swim suit models, so everyone feels comfortable in the pool.

A special Birthday Wish for a special person.
