July's Buiness of the Month Probasco Flying Service

By Kortney DeBock
Floydada Chamber of Commerce

Congratulations to Probasco Flying Service for being awarded July's Business of the Month winner! They have been busy this year trying to coordinate with our farmers and ensure a bountiful harvest. They also bring relief to the rural area by spraying for those pesky mosquitos in these wet months. Make sure to catch our interview on KFLP about all Mitch Probasco is doing right now.

Call for Punkin Days Vendors

By Kortney DeBock
Floydada Chamber of Commerce

FLOYDADA - Even though we are still enjoying the hot summer weather, fall is right around the corner and in Floydada, that means Punkin Days!

Officially coined "Punkin Days" this annual celebration in Floydada honors one of the area's most unique crops--the pumpkin. The celebration of the harvest-time is sponsored by the Floydada Chamber of Commerce and takes place every year on the 2nd Saturday of October.

Over the years, the event has kicked-off Saturday morning on the county courthouse square in Downtown Floydada. Throughout the day, patrons enjoy a variety of Arts & Crafts booths, food booths, and any number of games and relay races—all of which feature our "punkins".

With attendance of up to 14,000 patrons, we are in need of vendors. We welcome all kinds of booths from creative crafts to a yummy fall-off-the-bone turkey leg. Most of our vendors have been attending for several years so spots are limited!

To become a vendor get an application and a list of rules at www.floydadachamber.org. Fees vary depending on booth type. A full description of booth types and fees can be found on the application. For more information call Kortney DeBock, Chamber Manager, at (806)983-3434.

Floydada's Farmers Market Report

By Kortney DeBock
Floydada Chamber of Commerce

FLOYDADA - We could not have asked for a more successful, first Farmer's Market! There was a steady flow of patrons and everybody enjoyed getting to visit and snack on yummy treats. The Carrs came just a few jelly jars short of selling out, everyone raved about Amy's cinnamon rolls (which can be bought by the pan!), and who didn't make the drive just to grab Ms. Pauline's salsa?! Thank you to everybody who came and supported these vendors and we look forward to seeing y'all

every Thursday from 6-8pm in between the First National Bank and Script Printing.

This week we will have our first fresh produce available for sale: cucumbers, squash, okra, black-eyed peas, spinach, fresh-cut flowers and fresh-cut sunflowers to brighten your home. Home-harvested seeds will also be available for some veggies and flowers. All of these are from a back-yard garden so individual items will be limited. Bring your own bags.

To join in and become a vendor, visit www.floydadachamber.org to fill out an application.

Floydada Rotary

DISTRICT ROTARY PRESIDENT, T. Leslie Gattis (R), inducts Mitch Williams as Lockney Rotary President during last week's meeting. Brant Guthrie was inducted as Lockney Rotary Treasurer.

The 501: Who rakes dirt?

When I was a little kid, a hired hand cut the grass with a push mower. One without a motor. My parents also pushed it some. It was a big yard. It still is. I'm referring to our country yard.

Speaking of country yards, an old photograph shows Uncle George and Aunt Hallie standing in front of one place they lived before they left God's Country for California. The

perfunctory horse and buggy are parked in front of a steep-roofed two-room house that probably had a lean-to on the back. Standard family picture. (Back before

people made sure to include cars in pictures, they included horses.) Strangely there was no grass.

Mother explained to me that it was the kind of yard you raked rather than mowed.

Why rake a plain dirt yard?
PAUSE TO GUESS.

If you didn't keep it raked, you'd end up with horse manure and maybe chicken manure too, except roaming chickens probably spent most of their time pecking around elsewhere.

Maybe you have a better answer. That's my guess.

Meanwhile, one of our urban neighbors, Michelle, has a plain dirt yard. Never mind that her immediate neighbors have standard lush grass. She's got dirt.

Michelle is probably making an environmental statement. Does she rake it? Apparently not.

I never see her outside with rake in hand. In fact, I never see her outside. Must be nice.

Not only does Michelle not have to mow. She doesn't have to edge. Lucky her. Edging was the bane of my youth. I mostly blame concrete.

I remember when my parents decided we needed concrete walks up to our house, front and back. Plus a concrete patio. Until then, flat rock stepping stones had marked the walkways. Knowing my mother, she probably didn't like dealing with grass growing over those rocks and thought concrete walks would make life easier. Maybe it did - for her and Daddy. The concrete all happened when I was about the right age to take over the edging. At the same time, we acquired our first power mower - a used one from the local orphan's home. I was too young to operate it.

Instead, at mowing time I earned a dollar to clip the grass along the patio and the walks and around every tree and the outdoor rock fireplace and table. My edger? Hand-held clippers. They were maroon and yellow - sort of Art Deco in design and probably from the 1940s. They gave me blisters.

I remember quitting once when I was half through and agreeing to settle for fifty cents. My parents didn't agree.

Ultimately, I inherited the big country yard. I let it go back to natural vegetation. Save the prairies.

Then I married Hugh. He believes nothing beats the look of a nicely mowed and edged lawn, town or country.

Right. But I suspect it's really Michelle who's on the leading edge of lawn care.

Where does that put George and Hallie?

Somebody please tell them they were ahead of their time.

About Town

Whew! It's hot! All I want to do these days is sit inside and stay comfy; however, there are so many things that are going on in our small communities that one misses sitting next to the AC!

Just this past week, Floydada had a visit from the Amarillo Corvette Club. Nope—I didn't know they were making a stop in this community to visit Don Hardy's museums, but I just happened to be down on the Square at the right time. All I can say is, "Wow!!" For an hour or so, E. California was worth a goldmine! So often we take for granted the attractions of our own communities—we need to be energetically sharing with the world our communities' assets!

In Saturday's noon-time heat, well—11:00ish heat, nine young ladies and their two coaches sat in the back of a pickup and waved at fans lined on the curbs of Floydada's 2nd Street. It was a big deal! Cars' windows were painted, the JV and Varsity Cheerleaders showed up with signs and pom-poms to cheer on the girls, and the Sheriff's Office and City Police led the parade with sirens blaring. What was the big deal? These 10- and 11-year olds pushed the envelope in their Little League Softball Season—so much so, that they made it all the way to the State Championship games. WAY TO REPRESENT, JR. LADY WINDS!! While the supporters waited the arrival of the caravan of cars, we had a little bit of time to visit and catch up on what has been going on this summer. Also, it was great to see Gary and Julie Boles—thanks for jumping right into the community.

Our elementary schools have gone above-and-beyond this summer to provide safe, active-learning experiences that get the little ones out of the heat for a little bit each week. Lockney Elementary Library has had guest speakers presenting weekly programs in addition to being open for reading and game-playing. They will continue to be open two days a week, beginning at 12:30 pm and going until 4:00 pm. During July the Library Hours vary so stay tuned to our Facebook Page or refer to our UPCOMING column that appears on the newspaper's front page.

Duncan Elementary just announced their summer reading program: July 22nd-Monday and July 23rd-Tuesday; July 29th-Monday and July 30th-Tuesday; and August 5th-Monday and August 6th-Tuesday. The Library will open be open from 1:00 pm until 3:00 pm on each of these days. The Summer Library Program is for students that have completed grades Kindergarten through 2nd grade.

These library programs in both, Lockney and Floydada, are free! Please take advantage of the A/C—not only will it give your little ones a break from the heat, but summer-time reading is GRRRREAT for their brains!

A big "Thank you!" to each and every one of the adults associated with the activities and programs. Our communities' kiddos are much better for your selfless contributions!!

Board of Directors

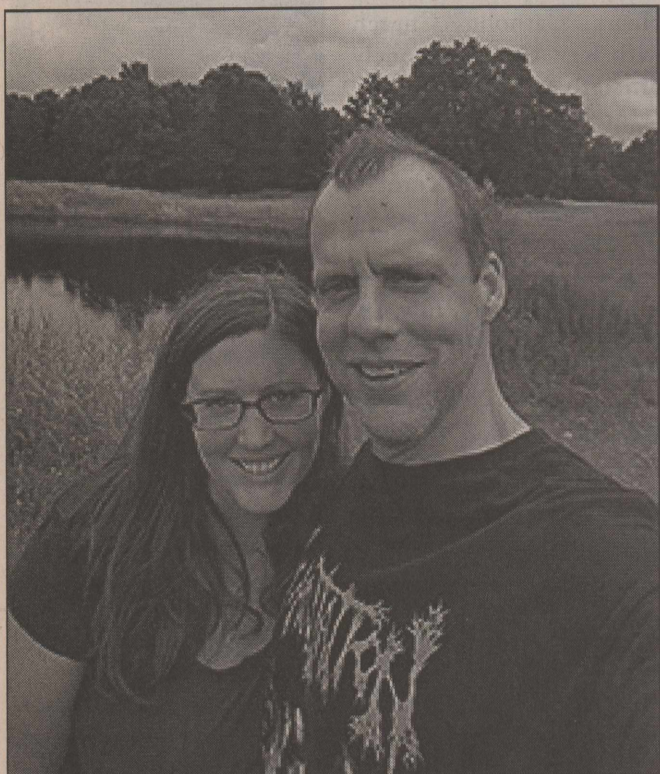

For those that have friends or loved ones buried in the Floydada Cemetery Association cemetery, please help us out.

When you purchase a plot in the cemetery, you agree that there will be no borders, fences, or other structures bordering the burial plot.

Any of these items are subject to removal at any time if needed. These fences, borders, etc. create issues when mowing and collecting trash, and diminish the overall appearance of the cemetery. Please remove any materials you wish to keep as these fences, borders, etc. may soon be removed. Thank you for your understanding.

SOCIETY

Huggins and Dees to marry

MELANIE HUGGINS AND MARK DEES

Jim and Carol Huggins of Lockney, Texas are excited (Shocked? Relieved?) to announce the engagement of their daughter, Melanie to Mark Dees, son of Kenneth and Donna Dees of San Marcos, Texas.

The bride is a graduate of Lockney High School and has a degree in Education that she never plans on using. The groom is a graduate of San Marcos High School and likes to turn over rocks looking for snakes. She listens to talk radio at a reasonable volume and he prefers metal cranked up to 11.

The couple plans to wed in a private ceremony at the Wizard Academy outside of Austin. West Texas reception to follow.

They will live in Austin, at least until they can unload the house on some hipsters with too much money on their hands.

74-Years Ago a Rowdy City Boy and Pretty Young Farm Girl Met for the First Time Happy 71st Anniversary, Gene and Elna Bloys

Gene and Elna Bloys

By David Bloys
Special to the Hesperian-Beacon

One Saturday in 1946 two, pretty 15-year-old farm girls from Lockney went to the "picture show" in Plainview, Texas. Two rowdy city boys from Plainview were also at the show that day.

One of the girls was, Elna Sanderson known to her friends in Lockney as "muscles" for the strength she developed milking cows on the farm where she grew up. One of the rowdy Plainview boys was Walter Eugene Bloys, better known to his friends as Gene. After about a year of meeting at the movie theatre in Plainview on Saturdays, Gene bought a used Model A Ford from money he earned cleaning metal filings from under the machinists' work-stations at Green Machinery.

Elna's parents allowed her to go on a date with Gene as long as her cousin Bill Horton from Plainview acted as chaperone. Gene took Elna to the picture show for their first date

and bought her and chaperone Bill a Mounds Candy bar to share.

Eventually Gene and Elna were able to ditch their chaperone and go out on dates alone. Two years after they first met at the movie theater, the 17-year-old couple were married on a hot summer day in July. They moved in with Gene's parents while he and his father built a home down the street for the new couple.

In 1952, after the birth of their first child, they sold the house to buy a farm in Floyd County where they lived for the next 67 years. In 1968 they moved to Shallowater to be closer to the medical facilities in Lubbock.

Health reasons took the couple apart longer than they had ever been apart in their blessed marriage; however, they are back together again after Elna had a heart valve was replaced.

On July 9, 2019 my parents will have been married 71 years. I hope you will all wish Gene and Elna Bloys a happy 71st anniversary as they quietly celebrate their long life together.

LOCKNEY SENIOR CITIZEN'S DOMINO TOURNAMENT was held at the Center on Saturday, July 13th from 9 a.m. - 3:30 p.m. There were 10 teams which consisted of 2 members per team. The teams participating were from Lockney, Plainview, Kress, Ropesville and Silverton. Tournament results were: 1st place - (Middle) Bobby Flick and Sammy Zarate of Kress, 2nd place - (Left) Joe Jeffcoat and Ernest Berryhill of Ropesville and 3rd place - (Right) Mark Wegscheid and Nancy Flick of Kress. BBQ sandwiches were served at lunch to all the contestants. The tournament was a huge success and everyone had a great time.

Wit and Wisdom

By Charles Keaton
The Hesperian-Beacon

(On July 20, 1969, Apollo 11 astronauts Neil Armstrong and Buzz Aldrin landed on the moon, becoming the first humans to touch the surface of another celestial body. Saturday marks the 50th Anniversary of the Moon Landing.)

"That's one small step for man, a giant leap for mankind."

Neil Armstrong fluffs his lines as he steps out of the Eagle landing craft and onto the Moon's surface, turning Nasa's carefully prepared landing script into the most famous tautology of all time

"Houston, Tranquility Base here. The Eagle has landed."

Neil Armstrong tells Nasa's Mission Control base in Texas that the Eagle landing module has reached the Moon's surface on July 20, 1963

"I believe that this nation should commit itself to achieving the goal, before this decade is out, of landing a man on the Moon and returning him safely to the Earth."

President John F. Kennedy announces his intention to put a man on the Moon before a joint session of Congress on May 25, 1961

"10, 9, ignition sequence start, 6, 5, 4, 3, 2, 1, zero. All engines

running. Liftoff! We have a liftoff! Thirty-two minutes past the hour. Liftoff on Apollo 11!"

Jack King, Nasa Chief of Public Information, comments on the launch of the Apollo 11 over a live television broadcast on July 16, 1969

"Beautiful, beautiful. Magnificent desolation"

Buzz Aldrin reflects on the view from the Moon after stepping off the Eagle landing module onto the lunar surface

"Hello Neil and Buzz. I'm talking to you by telephone from the Oval room at the White House, and this certainly has to be the most historic telephone call ever made. I just cannot tell you how proud we all are of what you have done. For every American, this has to be the proudest day of their lives."

President Richard Nixon congratulates the astronauts on being the first men to walk on the Moon.

CHURCH DIRECTORY

Faithful Service

The Lord says, "When you pass through the waters, I will be with you; and when you pass through the rivers, they will not sweep over you." - *Isaiah 43:2 (NIV)*

In August 2016, south Louisiana experienced major flooding, causing widespread devastation. Many homes and businesses suffered major damage and people lost virtually all their possessions. The situation was stressful and depressing.

Yet all around us we also saw reminders of God's Spirit. It was common for people to pray together in driveways as they prepared for the difficult work ahead. Friends — and even people we didn't know — brought meals. We received relief packages from all over the country. Churches and relief organizations provided clothing and other essentials. People

came from near and far to help. A group from Los Angeles worked all day on my friend's house and gave her a new Bible. They then invited us to dinner at the church where they were lodging. These acts of kindness lifted our spirits and strengthened us.

Recovery is a long, slow process. But God worked through the actions of friends and strangers to sustain us materially and spiritually. It is hard to imagine that any of us could fully recover without the active work of God's Spirit. God brought many from far and wide to rescue us from the flood.

TODAY'S PRAYER

Thank you, loving God, for lifting us up when life is difficult. Amen.

AGRICULTURE

The garden is producing!! Yes! I know—it is so very exciting. Now...the real work begins, and Terry and I have been busy in the garden all weekend preparing for that produce.

I know—most people imagine digging some rows, planting seeds, watering, watching little sprouts emerge, then within days, plants begin to blossom, and within a week, one's table is filled with fresh veggies springing forth from the gardens.

Not so—and, truth be told, even those gardeners that have realistic expectations as to the time vegetables can be picked, often they simply plant, water and wait. The garden will produce several pickings (with the exception of squash, which always exceeds everyone's expectations!); however, for the amount of produce picked, many backyard gardeners are discouraged—a dozen pea pods doesn't make enough for a meal.

Let me give a few tips that I practice religiously that just might increase your bounty—or, at least, make you say, "I never knew that!"

Gardens don't really require deep soil. I know—mind-blowing fact! If you look at the roots of the plants you want to grow, you will get an idea as to where to plant what. Most of my above-ground garden beds have less than 24 inches of soil...and some have a little as eight inches. With

the shallow beds, the challenge is in keeping those beds moist enough to encourage growth.

Gardens don't have to be huge to be satisfying. Carrots, onions, tomatoes, potatoes, horseradish, cucumbers, flowers, lettuce, kale, and even cabbages (if planted in singles) can be grown to great bounds in patio pots or even, 5-gallon pots.

Water is more important than you think! Every year I learn a bit more about how to water my plants. Understand, plants create all that is above ground from water. So, if you want more flowers, juicier corn, fat cucumbers, plump peppers and abundant squash, cantaloupe and watermelon, be sure to water those plants. Not that you keep their roots swimming in H₂O, but the plants do need to be flooded, and flooded on a regular basis. The soil shouldn't be sopping wet, but it does need to stay moist.

Pruning is the key! I tend to be an aggressive pruner. Fruit is created from the pollination of those blooms. If bees (of all kinds) are not fighting over the pollen of each of those blooms, your production is in danger. Rearrange the plants so that the bees can see those flowers—if you can't see them, neither can the pollinators. That might entail pinching off leaves that cover or hide the blooms. Not to worry, this snipping of leaves actually kick-starts the plants into putting on more blooms. So, by removing key leaves (and generally all leaves on the bottom 4-8 inches of the plant) the pollinators can get to the blooms to pollinate them, and the plant is able to put more energy into creating even more blooms. Also, plants require air circulation—aggressive pruning allows for that.

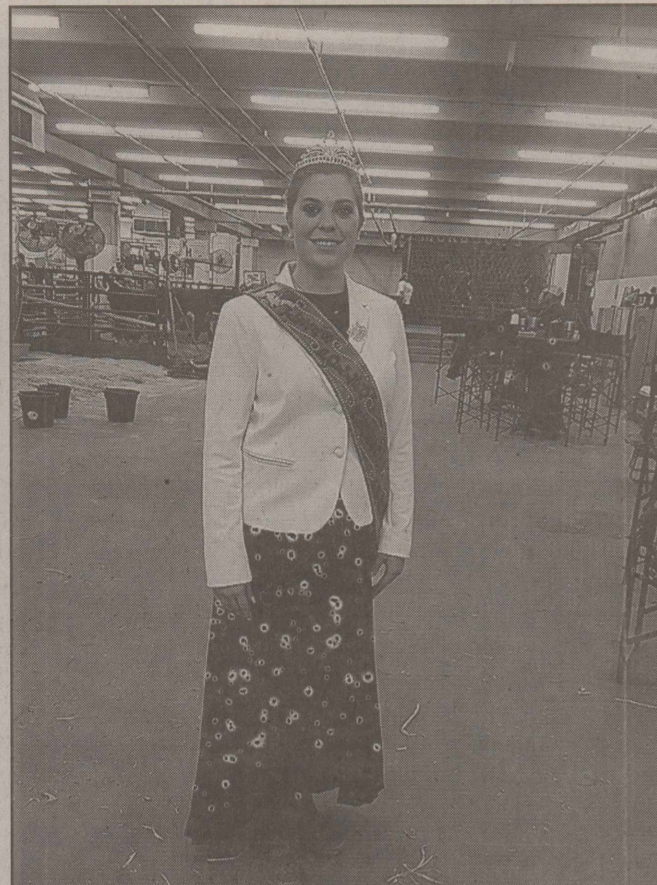

There are some plants that don't require pollinators for pollination—specifically, tomatoes and peppers. Granted,

WHAT'S UP From Page 5

pollinators can do their work, but there is a trick to guaranteeing that those plants' blooms become fruit. On your tomatoes and peppers, simply find the bloom clusters and flick them with your fingers. The agitation scatters the pollen within the bloom. Be gentle but make that motion count! This is one of my favorite and most successful garden tips!

With the veggies producing, we will be participating in Floydada's Farmers Market. It takes place on Thursdays, 6-8 pm on the square in downtown Floydada. This week Terry and I will have cucumbers, squash (several varieties), black-eyed peas, Swiss Chard, carrots, okra, and what else I can find! We will also have fresh-cut flower bouquets and sunflowers for sale. Because I am always harvesting seeds, I will have a selection of veggie and flower seeds for purchase. I understand that vendors offering baked goods, salsas, and jams and canned goodies will be participating, as well. Come on by and take home some FRESH produce and visit for a bit!

NOTICE TO BIDDERS

The Floydada Independent School District is now accepting bids for the purchase of vehicle fuel.

Floydada ISD anticipates purchasing approximately 17,000 gallons of gasoline and approximately 20,000 gallons of diesel fuel for the 2019-2020 school year. Any bids submitted should properly reflect a discount for the amount of fuel to be purchased.

All Bids must be submitted on the form provided to the District no later than Tuesday, August 20, 2019 at 10:00 a.m., at which time they will be opened. The bids shall be presented to the Board at its regular Board meeting on Tuesday, August 27th.

Floydada ISD reserves the right to reject any or all bids submitted and/or waive irregularities or informalities deemed in the District's best interest. Please note that the purchase of vehicle fuel and purchases for goods and services valued at less than \$50,000 in the aggregate for a 12-month period do not require any formal bid process. Accordingly, the District is using a compressed schedule, and shall select the vendor(s) that it determines will provide the best value for the District.

WAIVER OF CLAIMS: BY TENDERING A BID OR BIDS IN RESPONSE TO ANY OF THE REQUESTS FOR BIDS ABOVE, THE VENDOR ACKNOWLEDGES THAT IT HAS READ AND FULLY UNDERSTANDS THE REQUIREMENTS FOR SUBMITTING A BID(S), AND THE PROCESS USED BY THE DISTRICT FOR SELECTING A VENDOR. FURTHER, BY SUBMITTING A BID, THE VENDOR FULLY, VOLUNTARILY AND UNDERSTANDINGLY WAIVES AND RELEASES ANY AND ALL CLAIMS AGAINST THE DISTRICT, OR ANY OF ITS TRUSTEES, OFFICERS, AGENTS AND/OR EMPLOYEES THAT COULD ARISE OUT OF THE ADMINISTRATION, EVALUATION, OR RECOMMENDATION OF ANY BID(S) SUBMITTED.

THE AMARILLO CORVETTE CLUB paid a visit to Floydada this past Saturday. Their 'weekend drive' brought them into the city to visit Don Hardy's museums. For those that were downtown Saturday morning, these beautiful automobiles were quite the site parked on the south side of Floydada's Square. This picture was snapped as the group made their way back onto the roads heading toward home.

TEXAS IS GROWING!

There's more traffic on Texas roadways, so that means more trash. We can all help keep Texas clean with the Texas-born Adopt-a-Highway program.

With the help of volunteers like you, we can significantly reduce the litter on our roads. It's a fun and easy way for members of the community to come together and beautify our state.

PARTICIPATION IS SIMPLE AND FREE. HERE'S HOW THE ADOPT-A-HIGHWAY PROGRAM WORKS:

- Adopt a 2-mile stretch of highway for a minimum of two years.
- You agree to pick up litter four times per year.
- Adopt-a-Highway signs will be posted with your group's name at your adopted section.
- Adopt-a-Highway provides safety vests and trash bags.

It's our volunteers who keep the Adopt-a-Highway program going strong, and your help is needed now more than ever. Go the extra two miles!

Visit dontmesswithtexas.org to participate today!
