Guthrie's historic 6666 Ranch, 2 other divisions up for sale at \$347M

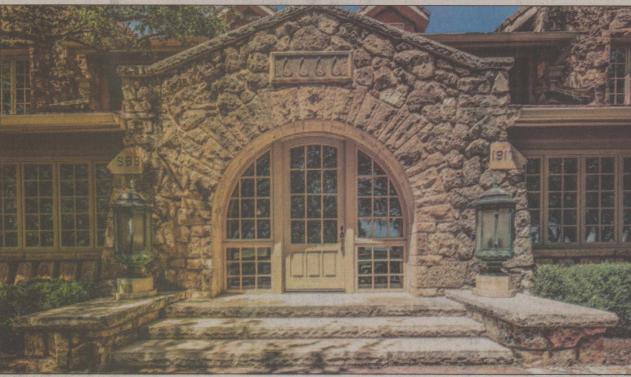

By Barbara Brannon The Caprock Courier

The "open running six" 6666 brand, registered in King County, Texas, back in 1903 and in Carson County in 1908, has been described as almost impossible for thieves to modify—and as the hallmark of one of Texas's most storied ranching operations.

Now, 150 years after Samuel Burk Burnett drove his first herd of 1,300 cattle up from the Rio Grande to graze around the Little Wichita River near what would become the town of Guthrie, those operations are for sale. After a century and a half of continuous Burnett family ownership, when heir Anne Burnett Marion died in February 2020, provisions of her will called for sale of what had grown to three divisions in Texas: the Headquarters ranch of 142,372 acres in Guthrie, the 114,455-acre Dixon Creek Division near Borger, and the more recently acquired 9,428acre Frisco Creek Division near Stratford.

The combined price tag is \$347,757,460, surpassing the asking rate for T. Boone Pickens' Mesa Vista Ranch in the Panhandle but only half the \$725 million paid in 2016 for Texas's gigantic Waggoner Ranch, for context.

An extensive sale brochure and website details the assets of each division. For the flagship 6666 Ranch in Guthrie, farmland and grazing land along with numerous structures and houses are included.

Burk Burnett built the "big house," the three-story rock structure that dominates the view of Guthrie and surrounding ranch structures and pastures, in 1917 from locally quarried stone. The home contains some 13,280 square feet of living area, with 13 bedrooms, 13 baths, 3 powder rooms, 2 kitchens, a dining room and three fireplaces.

Fire Departments receive donations

In God We Trust

The Lockney and Floydada Volunteer Fire Departments were both presented \$5,750 checks. The presentation was held at the Lockney Firehall. The money was donated from area businesses and organizations in support of the Sixth Annual Country Christmas Ball that was to be held on Dec. 5 benefitting the volunteer firefighters of each town. Shown (left to right) are Austin Campbell, Dustee Sollis, Lyndall Stapp, Justin Wright and Wendell Sollis. The event was postponed due to COVID-19 cases in Floyd County, but has been rescheduled for Saturday, July 17, 2021. (Courtesy photo)

DPS to Increase Enforcement for the Holidays

Special to The Hesperian-Beacon

AMARILLO - The Texas Department of Public Safety (DPS) announced today its annual Christmas and New Year's holiday traffic enforcement campaigns will kick off on Wednesday, Dec. 23. DPS is reminding drivers to celebrate the holiday season responsibly by practicing safe driving habits and obeying all traffic laws.

"Another year is drawing to a close, and while there are many reasons to celebrate, we must all remember to do so responsibly to help keep our roadways safe," said DPS Director Steven McCraw. "DPS Troopers will increase patrols over the holidays, as will many of our fellow law enforcement partners across the state, and we will be on the lookout for drivers not obeying the law and endangering others. Public safety is our top priority, and we encourage all drivers to put safety first as you celebrate this holiday season."

As part of two Operation Holiday initiatives, DPS Troopers will be increasing enforcement beginning on Wednesday, Dec. 23, through Saturday, Dec. 26, as well as Thursday, Dec. 31, through Friday, Jan. 1. Simultaneously, the nationwide Operation CARE (Crash Awareness and Reduction Effort) initiative will run from Dec. 23 through Jan. 3.

The goal of these efforts is to increase safety on Texas roads. DPS Troopers will be looking for drivers who violate the law, including those who are speeding, driving while intoxicated, failing to wear a seat belt, driving without insurance and not complying with the state's Move Over, Slow Down law, among other traffic violations.

During DPS' 2019 Christmas and New Year's holiday enforcement efforts combined, a total of more than 169,000 warnings and citations were issued, including 15,786 speeding citations; 2,105 seat belt and child seat

violations; 3,465 citations for driving without insurance; and 1,300 for violations of Move Over, Slow Down. Last year's enforcement efforts also resulted in 787 DWI arrests, 609 felony arrests and 555 fugitive arrests.

DPS offers the following safety tips for the holiday sea-

•Don't drink and drive. Make alternate plans if you are consuming alcohol.

•Move Over or Slow Down for police, fire, EMS, Texas Department of Transportation (TxDOT) vehicles and tow trucks stopped on the side of the road with emergency lights activated. Show the same courtesy to fellow drivers who are stopped on the side of the road. This year alone, between Jan. 1 and Dec. 8, DPS issued 12,457 warnings and citations for violations of this law.

•Buckle up everyone in the vehicle — it's the law.

·Slow down, especially in bad weather, heavy traffic, un-

hat would our nation look like if every day, every American -- of every background and ethnicity -- were to wake up with the conviction that they are 100% responsible for the circumstances of their lives?

No blame, no victimhood, no excuses saying that what is happening to them is because of someone else.

STAR It touches, I believe, the heart of Christianity. PARKER

At any given moment, you may not have control of what is outside of you. But you

have control over what is inside of you. Change what is inside first, and then you will change what is outside. We have faith in a loving God who wants us to take

responsibility, and when there is failure, there is forgiveness and another chance. Too many in our country are paying a great price by

listening to politicians on the left who are telling them the Consider the black Rev. Dr. Raphael Warnock, who is

now running as a Democrat in one of the U.S. Senate runoff elections in Georgia. Warnock is a poster child of the left, which embraces

the view that the world is unfair, controlled by racists and exploiters. And for some reason, Warnock, like so many of this point

of view, chooses to zero in on Israel, the very model of success through personal responsibility, as a problem rather than a solution.

Just last year, after visiting Israel, he affixed his signature to a Group Pilgrimage Statement on Israel and Palestine.

That statement identifies Israel as an "oppressive" regime, accuses Israel of segregation, speaks of militarization "reminiscent of the military occupation of Namibia by apartheid South Africa" and of "excessive use of force" by Israel in Gaza.

These total distortions of the truth in service of a left-wing political agenda should be a wake-up call for those thinking of casting their vote for this individual.

Regarding the reality of Israel, we can turn to the nonpartisan organization Freedom House in Washington, D.C., which annually rates 210 nations around the world as being "free," "partly free" or "not free."

Israel is the only nation in the Middle East rated "free."

But Warnock and his colleagues ignore oppression throughout the region and only choose to attack the one country that is free.

This freedom is enjoyed not only by the Jewish citizens of Israel but also by the nearly 2 million Arab citizens of the country. In my first visit to Israel, I couldn't help but notice the amazing diversity, with Jews from all over the world -- white, brown and black.

Regarding the situation in the West Bank and Gaza, where Palestinian Arabs live, their absence of freedom and prosperity is their own choosing. They control their future, not Israel. Rather than aspiring to build better lives for their citizens, they choose regimes that set a priority to destroy Israel. In 2005, for example, Israel unilaterally withdrew its

presence from Gaza. The Palestinian regime there was free to start building a nation. Rather than doing this, it started lobbing missiles into Israel. The Palestinian Authority prime minister announced, "We are telling the entire world: today Gaza and tomorrow Jerusalem."

Israeli settlers who were displaced when Israel withdrew moved inland, started irrigating the desert with desalinized water and, within five years, were exporting \$50 million worth of organic potatoes, carrots and peppers a year.

I wrote about it then, quoting the late Art Linkletter, television personality and outspoken Christian, who observed, "Things turn out best for people that make the best of the way things turn out."

I said then that Linkletter's observation captured why Israel has grown and prospered and why Palestinians have languished.

The same is true in America.

This Christmas, let's choose freedom and personal responsibility.

Lockney Salvation Army and The Outcome distribute toys

By Barbara Anderson The Hesperian-Beacon

This year, The Outcome helped the Lockney Salvation Army with the promotion, collection and distribution of toys to children in the Lockney community. They handed out items to families on Saturday, Dec. 19 as a drive-through at the First United Methodist Church in Lockney.

"It was a great success with many smiling faces and a beautiful day to hand out toys to the families," said Denise Douvolunteer.

The Dollar General Store in Lockney was one of the collection sites for the community to donate an unwrapped Christmas toy as well as Happy State Bank in Lockney.

The Outcome is a grassroots movement to spread faith, fellowship forward-focused thinking. Their mission

New Year's Black Eyed Pea Salad

Ingredients for the Crust:

- 4 15-ounce cans black eyed peas, rinsed and drained
- 1 bell pepper, diced
- 1 English cucumber, seeded and chopped · 1-pound cherry and/or grape tomatoes,
- 2 green onion, thinly sliced
- 1 teaspoon minced garlic (1 large clove)
- 1/2 cup chopped fresh cilantro
- 1/4 cup white wine vinegar
- 1/4 cup extra virgin olive oil
 - 1 1/4 teaspoons coarse salt
 - 1/4 teaspoon black pepper

- 1. In a large bowl, combine all ingredients and stir to evenly coat with olive and vin-
- 2. Adjust salt and pepper to taste and let salad rest for at least 30 minutes to allow flavor to develop.

Makes 12 servings.

Wayland Celebrating 'Graduation in a Box'

By Jonathan Petty, MAM **Director of Communications**

PLAINVIEW - Wavland Baptist University once again conducted graduation from a distance to comply with COVID-19 protocols calling for social distancing and discouraging large group gatherings. December graduation for the Plainview campus was scheduled for Dec. 12.

In May, the university canceled its traditional graduation ceremony and sent graduates their diploma and various WBU swag in a special graduation box. Wayland is repeating the process this December. The box will include each graduate's diploma, cap and gown, alumni information and a QR code that links to an online address from Wayland President Dr. Bobby Hall.

The box also contains a letter form Dr. Hall and a note from Alumni Director Teresa Young welcoming graduates to the Alumni Association. A special commemorative coin is also included, and graduates will be able to download a commemorative document, similar to printed programs that are available at in-person celebrations, containing the list of graduates and special honors and recognitions.

CHURCH DIRECTORY

Opportunities Everywhere

Be wise in the way you act toward outsiders; make the most of every opportunity. - Colossians 4:5 (NIV)

After the worship service one Sunday, a young woman behind me tapped my shoulder. She told me she was visiting our church and that throughout the service, she sensed God telling her that the woman in front of her would pray with her. I was not going to let this opportunity pass me by. She told me of her need, and we held hands and prayed.

Praying with and for people is one way to reach others for Christ, but it's not the only way. Maybe a local food bank is in need of donations. Perhaps someone you know just returned home from the hospital and could use a meal or two. A new family may have moved in to the neighborhood, and

a warm welcome could help them feel at home. Opportunities to show God's love are all around us — we just need to be attuned to them.

would be nice to know how that prayer may be answered, but I don't need to know. I do know that when we reach out to others with God's love, God will handle the rest. In the meantime, we can be alert and "make the most of every opportunity" that God places in our path.

Please give us the courage to respond and share your love. Amen.

Hunting with Soldiers 2020

By Gordon Melton President of Hunting with Soldiers

PADUCAH - Twenty-twenty has been a rough year for Hunting with Soldiers, as it has been for many people.

Most of our largest fundraising events were canceled due to COVID-19, thus cutting our funding in half. We were also forced to cancel a couple of trips planned for our Combat Veterans due to everything being shut down.

The Hunting with Soldiers mission is to get the veterans into the outdoors to provide them with healing from their PTSD. We provide hunting and fishing adventures for them, most often with other veterans who have been in similar situations, so that they can come together, visit, enjoy, relax and know that they are not alone in their cleats go up for auction. stories on a television profight against the demons we call PTSD.

We provide these trips for veterans of all wars. We do this at no cost to the veterans. We also are proud to do this with no paid staff. Everything we raise goes to what we do for the veterans.

We are in this to save lives. The veterans we seek to help are what we call the, "I need this to save my life" veterans, not the, "look at me and what I did" veterans. We would rather work twice as hard to get sponsorship and donations, rather than take the chance and lose another veteran to the 22-a-day statistic because we were too busy trying to use these veterans horror stories to show the world what we do.

We post pictures and short clips on our website and Facebook, as well as our Instagram but never of the veterans opening up. We have personally witnessed many of these veterans healing. We have received feedback from not only them but their families as well.

Although these veterans

never pay for any of their hunting or fishing adventures, when they leave, they owe a debt. The debt they owe is to live until God takes them when He is ready for them. That is a debt we hope and pray is paid in full by each one of our veterans.

Many have heard the saying "I've Got Your 6." This means, "I've got your back." Hunting with Soldiers lets these men and women know that not only do we have their 6, but we also have their three and nine. We will be standing beside them in their fight against PTSD. Fighting that fight with

PTSD is a war waged upon them by their demons. No war has been won by one person. It takes many. We encourage each one of them and all reading this to reach out. If you are interested in helping Hunting with Soldiers with our mission, either by providing land for the veterans to hunt on, providing a fishing trip or even monetary or product donations, please email us at huntingwithsoldiers@live.com.

All donations are tax deductible since we are a 501(c)3 Non-Profit Charitable Organization. All veterans sign a waiver of liability form prior to each hunting and fishing adventure. We encourage all to view our website at www. huntingwithsoldiers.org where you can not only see what our organization is about, but you can also donate there and see the many ways in which you can help. If you have Facebook, please join our Facebook Group at www.facebook.com/groups/ huntingwithsoldiers. You do not have to be a veteran to join as long as you support veterans.

Public Notice

What is a public notice?

It's information about important government activities. Notice in the newspaper is required for a good reason — to make sure it's NOTICED. It's crucial to government transparency...and government accountability.

Your local paper is the most visible, independent source for this crucial service. We not only print notices in the paper, but post them on our website and a statewide website at no extra charge. And they're archived forever, so there's a permanent and unalterable record.

Texas newspapers have published public notices since 1836. As your hometown paper, we're proud to provide this service to our communities.

giving students an extended summer break in 2021. The compressed schedule also helps mitigate the spread of the Corona virus.

Wayland had relatively few cases of the virus on campus during the fall semester. The university credits the students and employees following the safety protocols for the relatively low number of cases.

• Eliminate distractions while driving, including the use of mobile devices. Texas law prohibits the use of portable wireless devices to read, write or send an electronic message unless the vehicle is stopped. Also, if you're using a navigation device or app, have a passenger operate it, so you can keep your eyes on the road.

• Drive defensively, as holiday travel can present additional challenges.

• Don't drive fatigued — allow plenty of time to reach your destination.

• On multi-lane roadways, use the left lane for passing only. Not only is it courteous driving and avoids impeding traffic, Texas law requires slower traffic to keep to the right and to use the left lane for passing only (when posted).

• If you can Steer It, Clear It: If you are involved in a non-injury crash and your vehicle can be moved, clear the traffic lanes to minimize traffic impact. Leaving vehicles in a traffic lane increases traffic congestion and

leaves those involved with an increased risk of harm or a secondary wreck. On some highways, if you don't move your vehicle when it's safe to do so, it's against the law.

• Check your vehicle to make sure it is properly maintained and always ensure your cargo is secure.

• Report road hazards or anything suspicious to the nearest law enforcement agency.

• Monitor weather and road conditions wherever you are traveling. For road conditions and closures in Texas, visit Drive Texas. 6666 From **Page 1**

well as its world-famous American Quarter Horses—will be sold separately. Annually in October, the Four Sixes has traditionally hosted its Return to the Remuda sale with neighboring partners and guest consigners; in 2020 the event yielded a record 156 sales to the public.

Whatever future is in store for the Ranch's ownership, the Guthrie community will be watching. Many livelihoods, not only

on the ranch but in local school, government, and service sectors are interdependent on the ranch in this town of 160. The Sixes isn't the only property in the area to go on the market recently, and it isn't the only outfit in a region known for large, legendary ranches, but its sale will turn the chapter on a century-and-a-half of continuous lineage.
