

21 Civilian Employees Receive Recognition For Service In 1955

Twenty-one civilian employees of Reese soon will get checks for \$100 or \$200 in recognition of outstanding service during 1955.

In a special service in the base theater the employees were presented with a certificate of merit and the checks will follow next week. Checks for \$100 are given employees earning \$3500 a year or less, while \$200 go to those in the highest pay brackets.

"Two and a half percent of employees are represented, as compared with one percent last year," Tom Ireland commented to the employees in the theatre. "Some of these people are wage board employees. All set a goal for themselves and for the Air Force. They are to be commended."

Col. James F. Mears, wing executive officer, made the presentations, aided by Lt. Col. Charles E. Wilson, wing personnel officer.

"It is gratifying to see so many employees here," Colonel Mears commented. "This shows an interest in your jobs and in your co-workers. The people honored are recognized for their devotion to duty and outstanding efficiency. They have demonstrated a fine spirit."

Praise Given Officers For Bond Drive Efforts

High praise to all project officers was given this week by Lt. Col. Charles E. Wilson, as Reese AFB completed its annual U. S. Savings Bond campaign with 37.4 percent of personnel signed-up for payroll deductions to purchase bonds.

"Our drive ended June 30 with the number of bonds being purchased almost double the total before our campaign started," the colonel said. "That means that all project officers did a fine job and have my thanks and commendation."

Colonel Wilson, campaign project officer, pointed out that the campaign ended with 81 percent of Food Service Squadron personnel buying bonds. Second Lt. Melvin Getz was squadron project officer. Second place went to Headquarters, Pilot Training Group, which had 68 percent participation.

The colonel gave special mention to 1st Lt. David R. Vehling of the 3501st Pilot Training Squadron, who led all project officers in total signatures, getting 85 agreements for payroll deductions.

The campaign started with 551 base personnel buying bonds regularly through payroll deductions. There were 1,083 bond allotments at the conclusion of the campaign, or almost twice that of which the drive started.

Checks went to Mrs. Ruth G. Holland, OSI; Mrs. Wanda L. Blake, AF Reserve center; Joe Lopez, ground safety inspector; Carl Sanders, Lee A. Zeibig, Clifford L. Robinson, Morris T. Luttrell, and Thomas Slate, 3505th Field Maintenance squadron; Herman B. Guinn and Mrs. Hannah L. Young, Installations group; Theo W. Wright and Mrs. Betty J. Huff, Pilot Training group; Mrs. Dorothy F. Kneipp, Mrs. Aileen B. Liberty, Mrs. Margaret H. Stewart, and Mrs. Barbara O. Connelley, base hospital; Mrs. Elizabeth L. Slate and Mrs. Ruth R. Medley, Comptroller's office; Mrs. Vera B. Noble, base supply; Mrs. Okylene G. Williams, wing personnel; and Mrs. Helen K. Fuller, base library.

Vehicle Rodeo Winners Selected; Vie In FTAF Meet

Winning drivers were named Saturday in the annual Reese AFB motor vehicle rodeo with the top drivers to compete in Flying Training Air Force competition Aug. 2.

Representatives of the Lubbock Citizens Traffic Commission, Police Department and several truck line officials were on hand to watch the base finals Saturday.

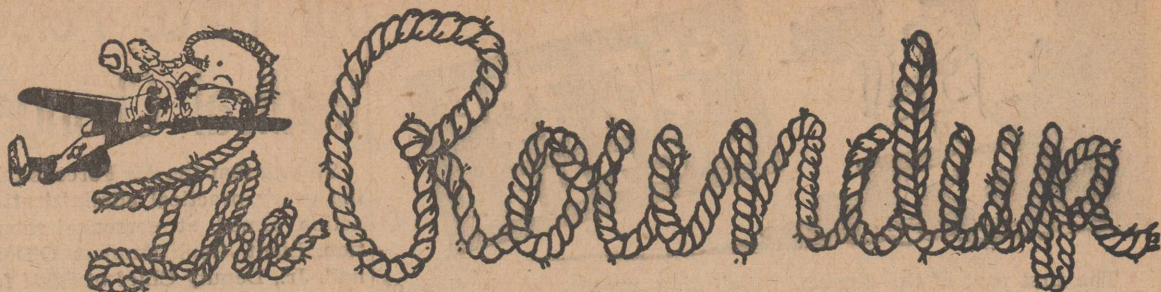

Two contestants who won in last year's event failed to show up as winners Saturday. A/2C Leon Scott, defending champion in the refueling unit class, and A/1C Harvey Fullmer, defending champion of the one and one-half ton truck class, placed third and second in the same classes.

A/1C Juan Bernal, who won first place in the sedan competition over all contestants in the Air Training Command in 1955, did not compete here. Instead he will go directly to the Air Training Command contest as defending champion in that class.

The contest was directed by Capt. Paul Tolbert, Motor Vehicle squadron commander.

The top three winners in each even, listed in the order each finished, are as follows:

SEDAN: A/3C Pat Crow, A/1C Sherrod Ward and A/1C Earl E. Wyke. **PICK-UP:** A/1C Gary Bermann, Alfred Draper and A/1C Alvin Cregger. **TON AND A HALF TRUCK:** A/1C Francisco Garcia, A/1C Harvey Fullmer. **29-PASSENGER BUS:** A/1C Robert Weimer, T/Sgt. Harmon Grier, and A/1C Earnest Reaves. **SEMI-TRAILER:** A/1C Gordon Redmond, A/1C James Ison and A/1C Harold Little. **REFUELING UNIT:** John Fuller, A/2C Charles Hudgel, and A/2C Leon Scott.

United Fund Drive Initiated

COMMANDER LAUNCHES DRIVE—Col. DRoss Ellis, left, Reese Air Force Base commander, Monday opened the annual United Fund campaign on the base by giving his check for over a day's pay to Capt. Robert C. Anderson, squadron commander and project officer. Funds raised in the campaign will be used to assist 14 welfare causes of Lubbock county and other areas. (Photo by Bernard)

The annual United Fund campaign for Reese Air Force Base opened Monday, with Maj. Edward S. Ashley, wing comptroller, as project officer.

It was pointed out that 13 welfare campaigns of Lubbock county and other areas were helped by the United Fund in 1955 when \$12,441.40 was raised. Distribution was made of \$11,207.18 and the remainder is held in a contingency fund for emergency purposes, such as tornado or other storm damage on the South Plains or nearby areas.

Col. DRoss Ellis, commander, cited that base personnel, through the United Fund, in 1955 contributed to the Red Cross, Crusade for Freedom, American Legion, Veterans of Foreign Wars, Disabled American Veterans, National Foundation for Infantile Paralysis, Heart Association, Tuberculosis Association, Cancer Society, Crippled Children, Muscular Dystrophy Association, American-Korean Foundation, and Lubbock Community Chest.

All of these organizations, the colonel said, received more funds from Reese personnel last year than in any previous year. The Air Force Aid Society drive was a separate fund-raising activity in 1955, but in the current drive it is included.

"Throughout the Air Force," Col. Ellis said, "it has been proven that a single welfare fund raising campaign each year has been highly successful. It is our hope that during the current drive funds will be raised in an amount to permit larger contributions to all welfare organizations which received funds in 1955."

In the campaign each person at Reese AFB, military and civilian, is asked to contribute a day's pay. A committee named by the base commander administers the fund.

Lieutenant Back From Olympic Tryouts; To Compete In All-Service Shoot

The top rifle shot of the Air Force, 2nd Lt. Richard J. Gorey, is back on duty at Reese Air Force Base today, waiting for the August 10 Olympic competition at Camp Perry, Ohio, where he will represent the Air Force.

The lieutenant went back on duty at Reese on his return from Bolling AFB, near Washington, where he competed with upward of 60 crack shots of the Air Force and came out on top. He and Capt. Richard Hansen of Andrews AFB, member of the 1954 International Rifle team and holder of many national records, are the two shots who will compete against sharpshooters of the Army, Navy, and Marines, and civilians at Camp Perry.

Lieutenant Gorey was leading man on the University of Maryland

rifle team which was the national firing champion in 1951, 1953, and 1954. He placed fourth in national individual competition three years, and in addition, captured individual Massachusetts championship in 1949 and the Virginia and Maryland championships in 1951. The University of Maryland team was national champion among Air Force ROTC units four years while Gorey was a team member.

The young rifleman started shooting while in Pittsfield, Mass., high school. His record there was so good the University of Maryland gave him a scholarship. The lieutenant is strictly a match rifleman.

"When I go to the woods or field, I'd rather shoot tin cans than any bird or animal," he said.

He is not only a top rifleman, but he also is a top musician. At the University of Maryland he was first trumpet in the school's band and symphony orchestra and as such, also became official bugler at the Tomb of the Unknown Soldier for three years.

"A Marine is always the official bugler at the tomb," Lieutenant Gorey explained. "But he also was a member of the Marine band, and when the band went on tour, someone had to fill in at the tomb. I was handy just outside Washington and I was a member of the ROTC. Thus, for three years I was the bugler. And, believe me, I was more scared there than any time I have ever shot before the public."

He will direct the Reese AFB volunteer band until he leaves for the Olympic try-outs.

(Continued on Page 6)

Swimming Pool No. 2 Opened Wednesday

The second Reese AFB swimming pool, located adjacent to the Officers Open Mess was opened Wednesday at 10 a.m. after a brief ceremony, with Col. DRoss Ellis, base commander, cutting the ribbon to admit personnel to the pool.

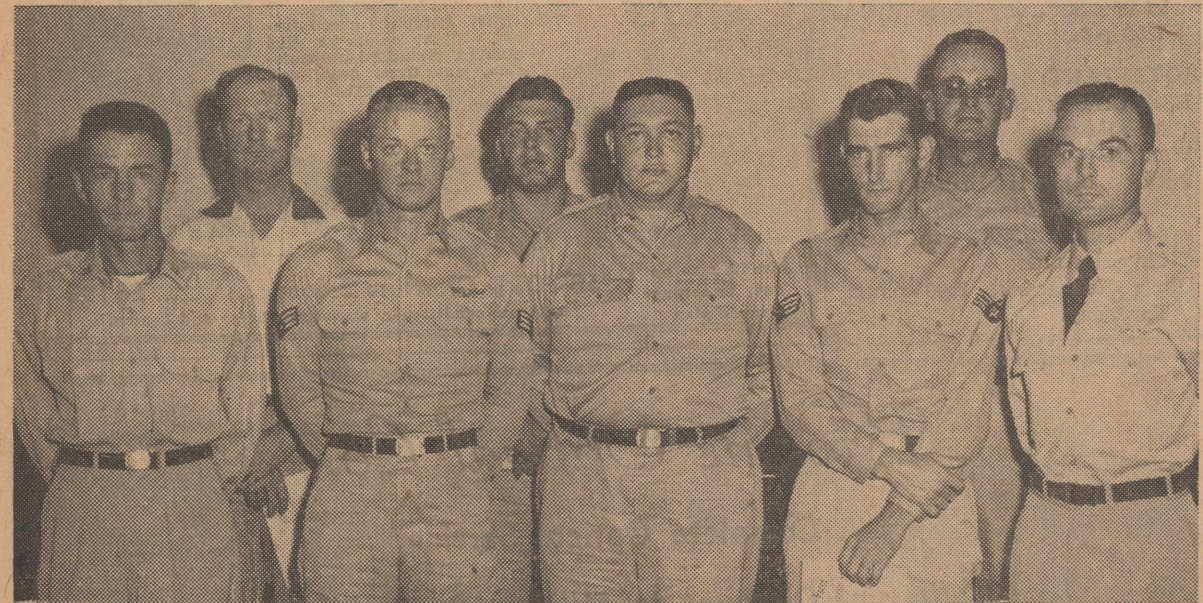

Pool No. 2 has been under construction since April 1 and was completed recently except for a fence around the pool area, which will be completed in the very near future.

The new swimming pool, No. 2, was put into use Monday night by 2nd Lt. Benjamin E. Mixson, Jr., although the assistant secretary of the Officers Open Mess had not intended to take a swim.

A cigar in one hand, the lieutenant walked out on the diving board to survey the pool. He didn't know the board clamps had been loosened because the board was freshly painted.

The diving board dipped; Lieutenant Mixson took a dip. His cigar was put out. He went home for dry clothes to finish his night's supervisory duties.

It is 40 by 80 feet and has both low and high diving boards. The diving area is divided from the shallow end of the pool by means of a floating rope, as an added safety precaution.

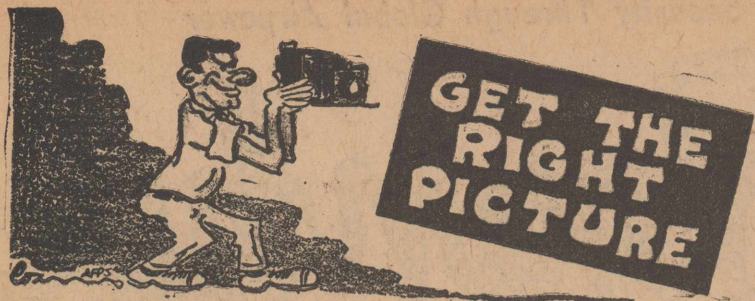

VEHICLE RODEO winners pose with Capt. Paul Tolbert, rodeo project officer, left, and Col. James F. Mears, executive officer, right, who made the presentation of certificates. Winners are, front row, A/1C Gary K. Bergmann, pick-up; A/1C Francisco Garcia, ton and a half truck; and A/1C Gordon E. Redmond, van. Back row, John B. Fuller, refueling truck, A/1C Robert E. Wrimmer, 29-passenger bus, and A/3C Pat Crow, sedan. (Photo by Bernard)

THE WEATHER

Saturday - Sunday

Fair to partly cloudy with thunderstorm activity in the late afternoon and early evening hours. High temperatures in the mid-nineties and low in the high sixties.

The first part of the democratic election process, nomination of candidates, is now under way in the United States.

Within the two major parties—and in smaller ones as well—men are competing for the right to represent their party and receive its backing in the next election.

Campaigns for nomination, like election campaigns later on, give alert citizens lots of facts about the men seeking votes. Each candidate makes sure that his good points get publicity, and rivals usually air each other's weaknesses.

Now is an excellent time for servicemen to get a picture of the people who will be running for office in November. Newspapers, magazines, radio and television are reporting their actions and statements on public issues. Read, watch, and remember.

Above all, keep in mind that the best-informed serviceman in the world won't be able to cast his vote this fall if he's not eligible. So find out what the candidates stand for, make sure you meet your state's voting requirements, and you'll be prepared to exercise one of your most precious rights. (AFPS)

Waste Not—Want Not!

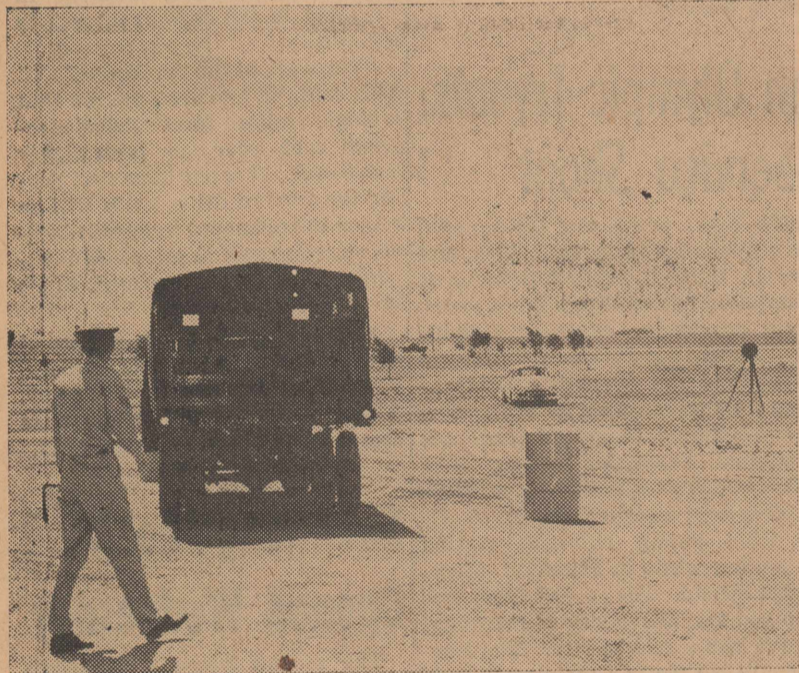

American servicemen are highly paid, and are the best cared-for soldiers, sailors and airmen in the world. It actually costs billions of dollars a year to keep us fit and ready to protect our country.

It is our job to see that the American taxpayer—and we are taxpayers, too—get his money's worth. Wasting resources and materiel directly weakens our military might.

"Throwing away" doesn't have to mean literally flinging material out a window. You can throw away electricity, water and heat, too.

Every time a light is left on when it isn't needed, or a water tap is not fully closed after being used, a natural resource is wasted. When the window is opened, but the thermostat is not lowered as warmer weather approaches, an unnecessary drain is put on utilities.

Your base, as you have so often heard, is your home away from home. The cost of upkeep of both homes is high enough without throwing money away. (AFPS)

EASY DOES IT — A judge in the Reese Vehicle Rodeo notes the position of a ton and a half truck as it is about to complete the Serpentine (backing up around three barrels, making three complete circles). This test of driving skill was noted to be the most difficult to complete. (Photo by Roca)

Camera Club

A meeting of all persons interested in photography has been called on Monday at 7 p.m. in the Service club to organize a camera club. Several camera tours have been planned, including a trip to Carlsbad Caverns, New Mexico. Instructions on taking and printing photos will be given at club meetings.

Service Club Entertainment

TONIGHT—Beat the Clock
SATURDAY—Enjoy TV in air-conditioned comfort
SUNDAY—Coffee Call, 9:30 a.m.
MONDAY—Camera club meeting
TUESDAY—Photo Paradise nite
WEDNESDAY—Stag game night
THURSDAY—Airmen's Wives club meeting.

The ROUNDUP is the unofficial newspaper of Reese Air Force Base, published every Friday by Dennis Bros. Printers, 1820 19th St., Lubbock, Texas, in the interest of personnel at Reese Air Force Base. The ROUNDUP receives AFPS material. AFPS material appearing herein will not be reprinted without written permission of Armed Forces Press Service, 641 Washington Street, New York 14, New York. Air Force Personnel Chief Urges Radical Change In Pay Level

Stating that the Air Force is taking every practical administrative action aimed at personnel retention, Lieut. Gen. Emmett O'Donnell, Jr., Deputy Chief of Staff for Personnel, Hq. U. S. Air Force, said "we believe that a radical change is needed in the present across-the-board pay structure."

General O'Donnell said, "we feel that a system should be devised whereby we can provide more realistic compensations for our highly trained technically skilled people," in a prepared statement he gave recently to a Senate Subcommittee on the Air Force. He said we also are proposing special incentives for personnel serving at remote and isolated locations.

General O'Donnell told the Senate Subcommittee that in an attempt to provide more incentives for officers and airmen, the Air Force is actively supporting legislative proposals now before Congress. He mentioned the dependent medical care bill (which was signed into legislation recently), survivor benefits legislation, Regu-

lar AF augmentation, severance pay for Reserve officers, and other current legislative proposals.

The Personnel Chief's remarks concern the retention of airmen as well as young officers in Reserve category who are on active duty, serving two to four years obligated specified tours. Generally, these officers are college ROTC graduates. Last April General Twining sent a message to all commands stating that a qualitative officer retention program is needed. And in late May personnel officials from all AF commands met at Hq USAF to seek ways to improve career service for young officers, as well as for the airmen needed by the Air Force.

Accident Roundup

The theoretically unlucky 13 ground accidents hit the base last week to produce 12 first aids and a motor vehicle accident, Joe Lopez, ground safety inspector, reported Thursday.

An officer sprained his wrist when he slipped on a rug. A civilian caught his ring on a maintenance stand while getting down and cut his finger. One NCO fractured a finger while attempting to level a house trailer and another sprained his back jumping from a diving board. An aviation cadet received a cut eyelid when he collided with another man.

An airman bruised his leg sliding into home in a softball game; another received abrasions of the arm and right temple when he fell on a sidewalk; and another airman sprained his right ankle playing softball.

Damages totaling \$50 resulted from an APU becoming unhitched from a mobile unit and overturning on the flight line.

To Brookley

S/Sgt. John R. Boston of the 3505th Field Maintenance Squadron has gone to new duties with an aid depot group at Brookley AFB, Ala. He left early this week.

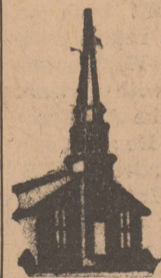

Air Force Times

WASHINGTON.—AF Times for July 7 reveals the steps USAF will take toward setting up a standard, AF-Wide noncommissioned officers academy. The story takes a look at the future for NCO and other types of training.

The same issue announces the new ROPA promotions, and publishes names of nearly 7000 active duty officers selected. Included are full details of what lies in store for the passovers.

Other items in the July 7 issue include:

Early release policy for airmen during fiscal 1957; late actions on survivor benefits, augmentation, longevity credit for AFROTC and Academy officers, and other career legislation; rule changes that may bring more reenlistment bonus money to airmen moving to warrant and officer status; and new promotion and recall policies for USAF lawyers.

Chapel

Schedule

You are invited to participate in the following services of worship:

CATHOLIC:

Mass: Sunday, 9:00 and 12:15, daily in the Chapel at 4:30 p.m.
 Confessions: Sunday, 8:00 and 12:00; Saturday from 7:00 to 7:30 p.m.

PROTESTANT:

Bible School: Sunday, 9:45 a.m., for all ages.
 Worship Service: Sunday, 11:00
 Potluck Supper: Ladies Christian Fellowship Potluck Supper, July 12, 5:30 p.m. in the Chapel Annex.
 Choir Rehearsal: 8:00 p.m., Thursday.

Maintenance Squadron Sets Record For Releasing Aircraft During Month

The 3501st Periodic Maintenance Squadron set a new record by releasing a total of 160 aircraft to the flight line during the month of June, Capt. William Smukler, squadron commander, said.

This represents a potential flying time of 12,000 hours for student flying. In May the squadron broke previous records by releasing 159 aircraft. In meeting the increased work load, the 01st established another maintenance dock to process eight aircraft each day. This was accomplished without an increase in assigned personnel.

"The job performed by each airman and civilian is to be considered outstanding," Capt. Smukler and Capt. Walter A. Parker, maintenance officer commented. "The cooperation and coordination between the sections made this new record possible and all are to be commended."

June is the second month in a row that the squadron has produced 12,000 hours or more of available flying time to the Pilot Training group.

A record was set by individual docks. T/Sgt. William Knight and his dock 7 crew hit a new low of three discrepancies on one aircraft

during the month of June.

A new low in average discrepancies was set by dock 5 under the supervision of T/Sgt. Jim K. Thomas. The dock maintained an average of 12 discrepancies per aircraft released.

Personnel Invited To Beauty Pageant

The Lubbock Junior Chamber of Commerce is extending a cordial invitation to all personnel of Reese Air Force Base and their dependents to come out to the new Municipal Auditorium July 13 at 8 p.m. and see the 1956 Miss Lubbock Pageant.

This pageant is the local preliminary to the Miss America Pageant, held each September in Atlantic City. Fourteen beautiful young ladies of the South Plains will be on hand.

The exciting and humorous Eldorado Harris and the magnificent Arthur Murray will be on hand to provide entertainment while the Miss Lubbock contestants change costumes.

Tickets for the Miss Lubbock Pageant can be obtained by contacting the Junior Chamber of Commerce at its office, Room 222, Lubbock National Bank Building, Porter 5-6861, or by contacting any member of the Jaycees. General admission is only \$1.00 and reserve seats are \$1.50.

To Attend Staff College

Lt. Col. James G. Moore, fixed communications officer, has been selected by Headquarters USAF to attend the Armed Forces Staff College, Norfolk, Va., for the class of February, 1957, the Air Force Times disclosed.

The colonel is one of 63 officers selected for the February class.

HOT AIR

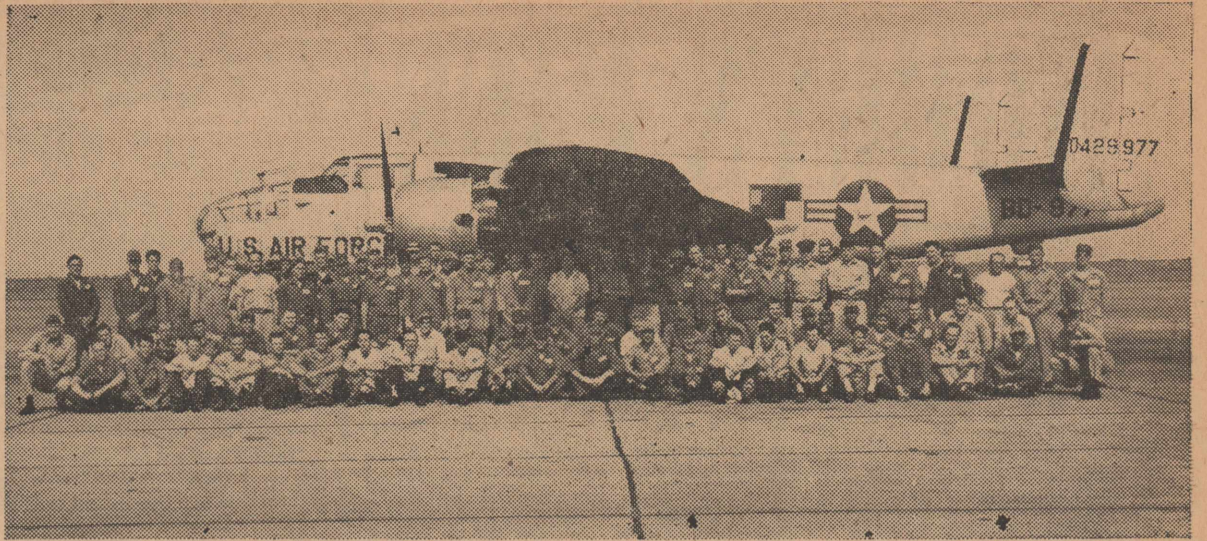

"May I have a pass?"

To Europe

S/Sgt. Elihu El and A/2C Roland E. Nash have been re-assigned to headquarters of the North Atlantic Material Air area in England. They are scheduled to report for overseas shipment on August 14, following delay enroute. Both are members of the comptroller staff.

To Labrador

S/Sgt. Alvis E. Williams of the 3505th Field Maintenance Squadron has been re-assigned to Labrador, leaving Reese AFB July 23 and reporting for overseas shipment August 15.

SET ANOTHER RECORD—Personnel of the 3501st Periodic Maintenance Squadron joined to set a new record in "keeping 'em flying" for June. Here close to 100 men of the unit pose for a photographer. No smaller group would pose for a picture as representatives of the record-setters. "Everyone helps; everyone gets in the picture" was the attitude. (Photo by Roca)

OFFERS **4** WAYS TO BE SURE YOU'RE CHOOSING THE FOOD PLAN THAT'S BEST FOR YOUR FAMILY

Because of the ever-increasing interest in food plans, it is of the greatest importance for you to know why one food plan is better than another. Here are the facts:

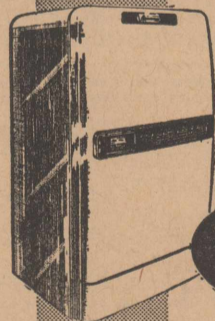

1 CHECK THE QUALITY OF THE FOOD

Food is a very important part of a food plan. That's why we provide you with all the nationally advertised brands . . . the finest foods obtainable . . . all unconditionally guaranteed.

2 CHECK THE SAVINGS

A good food plan should save you money while serving you finer foods. That's why we continually provide our customers with the best foods at the biggest possible savings.

3 CHECK THE FREEZER

Amana
stor-mor
FOOD FREEZERS

A quality freezer is absolutely essential because the money you save with a food plan can be lost if these foods aren't properly stored. For this reason we have chosen the Amana "stor-mor" Freezer . . . the only freezer guaranteed to outperform all others.

4 CHECK THE FIRM BEHIND THE FOOD PLAN

A food plan is as good as the people behind it. Be sure to check the reputation of the company you plan to do business with. Our reputation for integrity, quality and excellence of service is your assurance of satisfaction always.

KNOW ALL THE REASONS WHY OUR FOOD PLAN IS BEST FOR YOUR FAMILY

Learn how you can save money and time while serving the finest meals you've ever eaten . . . at less than your present food cost!

DON'T DELAY—DO IT TODAY!

Wives To Present Cocktail Party

By Beverly Blessing

The Officers Wives Club held their monthly luncheon business meeting with Mrs. Thomas E. Brines as senior hostess in charge, assisted by Mmes. P. Moss, Thomas I. Kyle, and Chas. W. Patrick. A salad plate was served at this mid-summer luncheon.

Senior hostess for the July 12th Bridge and Canasta party will be Mrs. Paul L. Hall, Jr. Her junior hostesses will be Mmes. Ralph Dresser, James Teringo, Wm. Campbell, Weigel, Chas. E. Funderburg and Harvey M. Dykes. A 200-point bonus will be given to all buying a tally before 1:30. Cash prizes, traveling prizes and door prizes will be awarded.

A current welfare project under the direction of Mrs. Wm. O. Miller

and Mrs. Wm. J. Crooke is the all-day bridge and canasta party scheduled for July 19th from 9 a.m. to 4 p.m. The bridge and canasta tallies can be purchased for \$1.50 per person, including a luncheon, from Mmes. Quinn L. Oldaker, Harry Fisher, Alexander G. Edgar or R. M. Keith.

The Officers Wives Club will present its semi-annual cocktail party July 14th from 7 p.m. to 9 p.m., with the Norman Petty trio entertaining. Members, associate members, bachelor officer, nurses and out-of-town guests are cordially invited and members are asked to bring snacks or dips.

Mrs. Dross Ellis will be honored by the Officers Wives Club with a tea July 10th from 2 p.m. to 4 p.m. All members are invited to attend.

IT'S

Goes To Germany

M/Sgt. Garnett Lee, NCO Mess secretary, has been re-assigned to further duties at Erding, Germany. He left Tuesday, taking a delay en-route leave before reporting for overseas shipment at Manhattan Beach AF station.

Books

By Mrs. Helen K. Fuller

SEA-WYF by J. M. Scott

This fascinating novel is based on a series of personal ads which actually appeared in a London newspaper and which hinted at a drama unmatched in the annals of the sea . . . of a mysterious woman named Sea-Wyf a lawyer, a drifter, and a one-legged black man who were cast away on a palm-fringed tropic island. Their fears, loves, and hates finally exploded into murder.

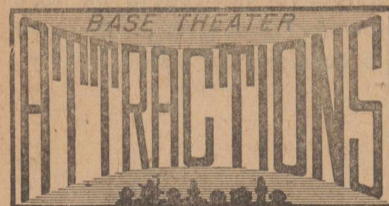

THE HORSE SOLDIERS

by Harold Sinclair

Here is a novel based on one of the most daring cavalry operations of all time: a seventeen-day raid by a Union brigade through the heart of the Mississippi—Confederate Mississippi. By all accounts, this raid was staggering in its effects on morale and strategy, but so closely does the reader associate himself with the men in the saddle that it is not until the book is finished that he realizes the really continental importance of what has transpired.

EXCHANGE RECOGNIZED—A trio of key officers at Reese Air Force Base Monday looked over an award made the base exchange for its contribution to management improvements. Left to right, are Col. Dross Ellis, base commander; Col. Clayton A. Scott, Air Base group commander; and W. F. Wilson, BX manager. The award is for the Reese BX contribution toward helping the San Antonio Army and Air Force Exchange Service win the Maj. Gen. Edward H. White trophy in competition with Baltimore, Chicago, San Francisco, and Atlanta offices by establishing the best record during 1955. The Reese award arrived on the base early Monday. (Photo by Bernard)

Tonight

"ILL CRY TOMORROW". Susan Hayward portrays the story of Lillian Roth in her alcoholic fall to skid row and her inspiring comeback.

Saturday

"ABDULLAH'S HAREM" with Gregory Ratoff and Kay Kendall.

Sunday-Monday

"CAROUSEL", the classic Broadway musical hit with Gordon MacRae, Shirley James, and Cameron Mitchell.

Tuesday - Wednesday

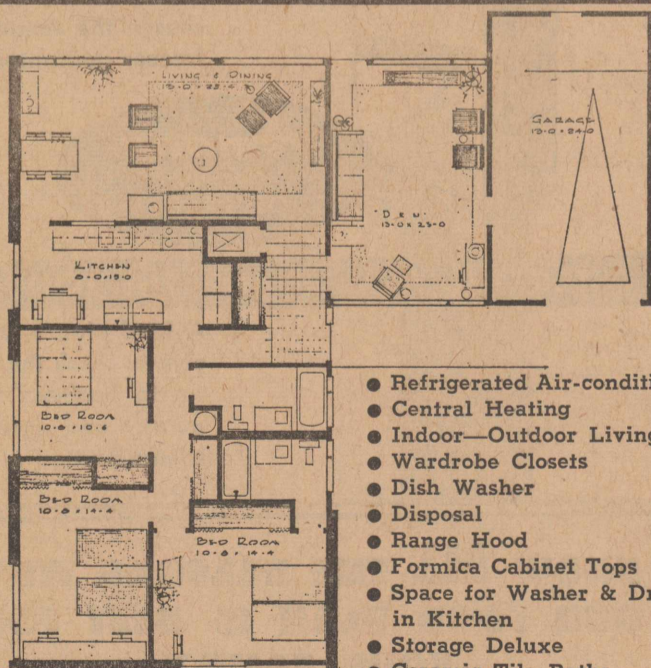

"THE FASTEST GUN ALIVE". Glenn Ford, Jeanne Crain and Broderick Crawford star in a saga of the old west.

Thursday

"THE SWAN". A princess falls in love amid both amusing and dramatic complications. The picture features Grace Kelly, Alec Guinness and Louis Jourdan.

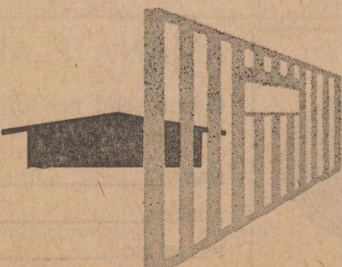

New Son

Announcement of the birth of a son, Harry Michael, to M/Sgt. and Mrs. Harry J. Fain of Haynsville, Ga., was recently received. Sergeant Fain was stationed at Reese AFB from 1949 until he was reassigned last fall.

FIRST PITCH — Col. Clayton A. Scott, Air Base Group commander, throws the first pitch to start Little League baseball at Reese AFB, as Scotty Barris, pitcher for the NCO mess Yankees, looks on. The game between the Yankees and Red Sox was won by the Red Sox, 19-17. (Photo by Bernard)

Rifle Shot

(Continued from page 1)
 "Only two men will be picked for the Olympics," the lieutenant said. "Thus, neither Captain Hansen or I may make the team, but the International team has ten men and, from the records, we both should qualify. The International accepts all challenges for matches anywhere, anytime, against anybody."

The only Air Force officer to shoot in the Olympics in the past was 1st Lt. Arthur Cook, now selling shooters' supplies in Beltsville, Md. As a Reserve Officer he helped pick competitors for the Air Force this year. He'd shot against Lieutenant Gorey and made sure he was at Bolling AFB for the competition which included prone, kneeling, and standing shooting.

Lieutenant Gorey was assigned to Reese AFB as an instructor pilot last February, following graduation from pilot training at Vance AFB, Enid, Okla. On conclusion of Olympic work he will attend the Basic Instructor school at Reese AFB and then assume duties of teaching student officers and aviation cadets in the base multi-engine pilot training program.

Lawn Contest Winners

First place winners of the best kept lawn contest for June in Reese Village was M/Sgt. Earl W. Meyers of 204 McGuire. The second prize went to Lt. Col. Quinn L. Oldaker, 233 Harmon. Prize for the most improved lawn went to 2nd Lt. Stanley Bryk, 205 McGuire. Prize money is offered by the Reese Village Management and is applied against rent.

Rod And Gun Club Meeting

The Reese Rod and Gun Club will meet Thursday, July 12, in building T-255. Persons interested in pistol and small bore rifle shooting are encouraged to attend.

By A/IC Maurice B. Ziegler

From this standpoint, we are glad that the All-Star voting is all over and the teams are selected and ready for the annual National and American league clash, July 10. Since the voting started we have heard nothing but arguments over the capabilities of players in rival positions. To offset the view of the all-stars, several were shedding tears over the Mantle shift and saying that the rival coaches were trying to ruin baseball by the tactics used to control the hitting power of Mickey Mantle. The way we see it, Mantle is doing pretty well for himself and if he is going to break the home-run record of Babe Ruth he will do it no matter what they try to do.

As far as any one team is concerned, the Cincinnati Reds did real well in the all-star voting. Five members were voted for the starting National league team and now two pitchers and first baseman Ted Kluszewski have been thrown in for good measure.

The base tennis team returned from Amarillo after playing on even status last Thursday and Friday. 1st Lt. Donald Roberts and 1st Lt. Walter Sleeman Jr. won their Thursday singles matches and 2nd Lt. Albert Reinschmidt combined with A/2C Robert Richards to win a doubles match. 2nd Lt. Leroy Mutch and Strut won in a doubles match. Richards and Reinschmidt lost in singles matches that day.

On Friday, Amarillo turned the tide and won three singles matches and both doubles matches. Roberts registered the only win for Reese the final day.

The tennis team will leave July 9 for West District competition at Walker AFB, Roswell, through July 13.

The base swimming and diving team will compete in the Southwest Conference tournament if enough interest is shown in the near future. The tourney is being held July 8-11 at Sheppard AFB.

In intramural softball the 3501st Maintenance team leads the league with 5 wins and only one defeat. Other team stands are:

- Air Police, 3-1
- 3502nd Maint., 3-2
- Pilot Training Wing, 2-2
- Air Installations, 2-2
- 3505th Hq. M&S, 2-2
- Pilot Training Group, 1-1
- Support Sq., 3-4
- AACS, 1-2
- Flight Line Instructions, 1-3
- Hospital, 0-5
