Three Have Perfect Score

Two Airmen, Officer Pass Projectionist Test Without Error

Perfect final examination grades were made in the regular projectionist school at Reese, it was announced this week. Making 100 were T/Sgt. Harmon P. Grier and A/2C Carroll H. Weis of Air Base group and 1st Lt. Raymond B. Kanyok of Pilot Training group, academic instructor.

The course, taught by S/Sgt. Eugene White of the film library, attempts to show personnel how to operate and maintain motion picture projects in order that various units on the base will have qualified persons to show films. There were 15 graduates of the recent course, with the three perfect grades. Only one school student previously scored perfectly on the final examination.

Hospital Managers Of 19 Counties Hold Conference On Base

Hospital administrators of 19 South Plains counties assembled at Reese Air Force Base Tuesday for consideration of mutual problems and to learn about Air Force hospital management. T. J. Taylor, Crosbyton Clinic hospital president.

A major discussion was on the military medical care law which has just gone into operation and permits payment of hospital bills for dependents who are treated in civilian hospitals. Explanation was made by Capt. Joseph Leahy, administrator of the Reese AFB hospital.

The hospital men were taken on a tour of the Reese hospital and also visited the altitude chamber in which all students training on the base are given simulated high altitude flight. First Lt. Don Mowery, physiological training officer, conducted the chamber flight.

Reese Captain Sent To Duties At Craig

Capt. Howard R. Eveland, assistant procurement officer, has been re-assigned to Craig AFB, Ala., as purchasing and contracting officer. He is to report December 1.

The Captain came to Reese in the summer of 1953 from duty in Korea and until recently was assigned to flight line duties.

GOES TO DOBBINS

A/1C Kenneth W. Ayers of the 3501st Periodic Maintenance squadron has been re-assigned to Dobbins AFB, and a SAC unit. He leaves next week.

Jingle Bells Or Fire Bells!

By Capt. Elmer L. Baker

Only 17 more shopping days till Christmas. It's time to start planning to make this Christmas a Holy and Happy one. While you're at it, why not go a little farther?—Plan a safe holiday.

Christmas is a dangerous time around the home. Dry Christmas trees, paper decorations and wrappings, faulty wiring, and make-shift electrical hookups combine to make FIRE an ever-present danger. Every year during the holidays thousands of families have home fires with results ranging from inconvenience to tragedy. A little advance planning would have prevented most of these fires.

Here are a few simple rules to follow which will lessen the possibility of fire spoiling your holiday:

1. Choose a small tree.
2. Keep your tree outdoors until ready to decorate. Cut the trunk diagonally at the bottom and set it in water.
3. Have your tree fireproofed at the Base Fire Extinguisher Repair Shop, Building T-33, at the corner of North Main Street and Line Road.
4. Set it up in water away from radiators, heaters, and fireplaces and away from the exit.
5. Insist on "flame-proofed" decorations and ornaments. Do not purchase them unless they are marked "flame-proof" or "fire-proof".
6. Inspect all lighting fixtures to make sure they are in good condition. They should bear an approval stamp from the Underwriters Laboratories, Inc. (Installations Engineer, Electrical Department, Building T-553 on 5th Street, will inspect them for you).
7. DO NOT leave lighted candles, Christmas trees, or decorations unattended.
8. Avoid using inflammable materials, such as cotton, hay, or straw in your decorations or around the tree unless they have been fire-proofed.

These few simple rules and a little common sense will insure that fire does not mar your Merry Christmas.

Conference Aimed At Traffic Safety

Commander To Help Map State Program

Col. Dross Ellis, base commander, will take a personal hand next week in mapping traffic safety plans for the State of Texas.

The colonel will attend a conference of the Texas-Air Force Traffic Safety conference in Austin, accompanied by Maj. Ira H. Shick, wing inspector, and Capt. Edgar W. Guy, provost marshal.

The Reese officers are attending the conference at the invitation of Gov. Allan Shivers of Texas. Principal discussions will be on means of reducing highway accidents in the state, with both Texas and Air Force personnel cooperating.

More Accurate Record On Aptitude Sought Through Revised Testing

NCO Speechmakers Seek Toastmaster Use; Needs Members

Members of the Reese NCO Speechmakers moved this week to secure a charter from Toastmasters International and to operate the Reese NCO Toastmasters club.

Action was taken at a club gathering attended by 21 NCO's last week in the NCO club during the lunch hour. M/Sgt. John Lescher was Toastmaster and the speaker's cup went to T/Sgt. Nelson W. Koscheski.

This Wednesday, M-Sgt. Eldare Bohl won the cup for the best speech. T-Sgt. Budde was toastmaster and five minute talks were made by Sergeant Bohl, T-Sgt. Melvin Perkins, and M-Sgt. Earnie Brown.

All NCO's are invited to attend the next meeting at 11:30 Wednesday in the NCO Open Mess.

Reese Weather Unit Wins Commendation

Appearance and operation of the weather station at Reese was praised last weekend by Col. Wray B. Bartling, 8th Weather group commander, in his visit to the station.

Accompanied by members of his staff, the colonel inspected all phases of the base unit, Detachment 12-16th Weather squadron, and commented on "the fine over-all appearance."

Lt. Col. H. L. Brown, weather operations officer accompanying his chief, discussed weather operations procedures with Capt. William W. Higbee, detachment commander, and Capt. J. C. Lake, another aide, assisted in solution of some communications problems posed by S-Sgt. James L. Morris, chief observer.

Colonel Bartling visited briefly with Col. Dross Ellis, Reese commander.

TO BAINBRIDGE

S/Sgt. Carl E. Quebeaux of the Transportation squadron has been re-assigned to Bainbridge Air Base, Ga., leaving next week.

The Air Force will begin to use a new "D" version of the Airman Qualification Examination on January 2. Copies of the new AQE test should be in the hands of all base testing officers by the end of Noember, USAF announces.

Major revisions were made in the test to show more accurately the skill aptitudes of an airman being tested. Revisions in the test include a new scoring method and speed testing. The four areas of aptitudes examined by the AQE are mechanical, administrative, general and electronics.

The new AQE test can be considered an abbreviated version of the Airman Classification Battery tests administered only to new airmen at the Lackland AFB, Texas, basic training center. The AQE can be completed in about two and a half hours, compared to the average eight hours required by the ACB tests given at Lackland.

The AQE test is primarily for use of commanders. They can verify an individual's ACB score or test the skill aptitudes of an airman who has never taken the ACB tests or whose ACB score is unrecorded or lost.

Injuries Mar Record; Group School Planned

Ten first aid injuries were marked up on the base last week with one of them classed as near serious, S-Sgt. Frederick Lee, ground safety technician said yesterday. Five airmen, three civilians, two cadets, an airman and an NCO were involved.

One airman received a bruised knee when his automobile was struck by another car; his passenger, an NCO, received a fractured rib. Another airman, cleaning a grease pit, received grease in his eye; another airman, policing the motor vehicle area, received a cut on his head when he ran into a barbed wire fence; a fourth airman received a bad cut on his finger when a ring was caught as he worked on a B-25 aircraft. Investigation showed the finger might have been lost if the ring had not slipped off partially. Another airman received a bruised hand when the wrench he was using slipped off a nut.

One civilian mashed a thumb working on a B-25; another civilian received a cut eye when a fragment of metal flew into the eye; and a third civilian, climbing on a table, slipped and scraped his shin.

The officer injured was unfolding a chair when he bruised a finger, caught in the chair. One cadet received a bruised leg when his private vehicle was struck by another car; the other injured cadet cut a finger while shaving.

Drivers and others in Installations group next week will attend a daily safety instruction school. Lt. Col. Victor C. Correll, group commander, set up the school to reduce accidents and accident potential.

MID-MANAGEMENT GRADUATES—Another session of the Mid-Management Seminar at Reese came to an end last weekend, following presentation of material by Texas Tech, Lubbock business, and Reese leaders. Discussions covered best ways and means of securing maximum business practices on the base, with students selected from key top bracket personnel. Graduates were: left to right, front row, Maj. Frederick C. Schmidt, Capt. Rudolph P. Kiss, Capt. Woodrow L. Myers, Capt. Bennie Jew, Capt. Vincent P. Luchsinger, M/Sgt. Melvin E. Lyerla, Capt. William D. Bauer, Capt. Leo Yuhas, Capt. George M. Herda, and WO Charlie W. Bryant. Back row, Capt. William Smukler, Maj. Duane Hart, Capt. Reddis N. Morris, M/Sgt. Russell Gras, Maj. Foley D. Collins, Jr., Capt. Harry L. Parker, Maj. Lewis Brittain, Capt. Dewitt R. Bunn, Capt. Robert E. Johnson, and Maj. Ben S. Gibson. (Photo by Ross)

'War And Peace,' Heralded Movie, Here Two Days

The base theater Sunday and Monday will show what is considered the outstanding film of 1956, "War and Peace." The story is rated as one the greatest novels ever written and for the past 30 years efforts have been made to work out the successful filming of it.

The 3 hour, 31 minute presentation required six years and combined efforts of tens of thousands of people from all over the world to bring it to completion. Filmed in Italy and directed by King Vidor, "War and Peace" depicts life love and battle in imperial Russia during the Napoleonic invasions. The cast contains some of Europe's and America's greatest acting names.

Stars are Audrey Hepburn, Henry Fonda, Mel Ferrer, Vittorio Gassman, Oscar Homolka, Anita Ekberg, and John Mills.

Eighteen thousand soldiers of the Italian army and thousands of horses are used in filming the operations. Action is against the background of three of the greatest battles in European history.

Prices for the Reese showing are 40 cents for adults and 25 cents for children.

Reese Wants No Christmas Fires

Every year newspaper readers and radio and TV listeners are told of death and injury in American communities where fires have broken out when Christmas trees caught fire. Such reading is not pleasant; and in the homes where fires have occurred there has been little but sorrow.

Reese has been very fortunate in not having a Christmas fire during the years the base has been in operation. That is a record which no one wants broken. Thus, in all homes where there will be Christmas trees let there be caution against fires.

A major caution and precaution is in fire-proofing trees. This year, as in past years, the Reese fire department will fire-proof free and gladly. Firemen Hefner, Hood, and Lee will be charged with responsibility of fire-proofing. Reese personnel are asked to keep them busy.

Another Christmas season without fires will be another happy season.

WINS DIPLOMA—J. F. Billingsley of the base fire department is awarded a diploma on completion of the ECI course, Fire and Aircraft Crash-Rescue Officers course. Presentation is made by Lt. Col. Victor C. Correll, commander of the Installations squadron. (Photo by Ross)

Eight More Complete Courses In ECI; Enrollments Expanded

Eight additional completions of Extensional Course institute courses by Reese personnel were announced this week.

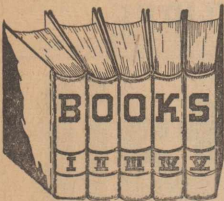

J. F. Billingsley, civilian, completed the fire and aircraft crash rescue officer course. S/Sgt. R. D. Best finished the transportation officer course, and M/Sgt. R. V. Overfelt ended supply officer study. The ground equipment maintenance officer course was completed by W. W. Stinnett, and L. C. Voisin finished study in basic budgetary accounting and disbursing.

Two additional civilians finish-

ed work. B. G. Waggoner finished study on airframe repair and C. W. Hyten completed the Aircraft jet engine mechanic course. M/Sgt. J. D. Larey also finished the latter course.

ECI provides extension work in many fields and is available to all military and civilian personnel of the Air Force. It's primary objective is to assist personnel in learning about proper methods of conducting operations.

ECI new enrollments during October included two officers, eight airmen, and eleven civilians.

Academy Has Colorful Uniforms

Hollywood Personnel Design Cadet Dress

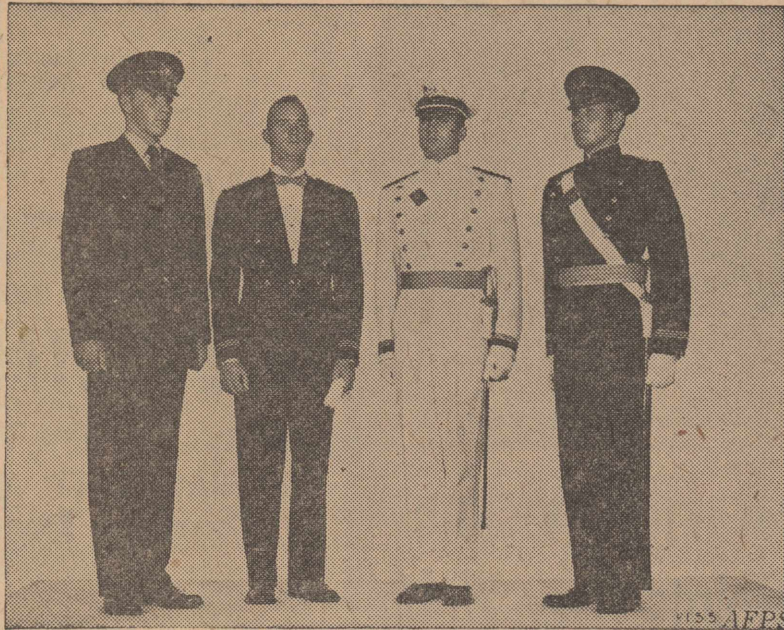

Distinctive new uniforms have been developed for cadets of the Air Force Academy and will be worn for the first time next fall.

The uniform designs were developed by the noted movie producer Cecil B. DeMille and associates, working in close consultation with the Academy's Uniform Board, composed of Maj. Gen. James E. Briggs, superintendent of the Academy; General Twining, Secretary Quarles, and Lt. Gen. Hubert R. Harmon, the Academy's first superintendent.

Five uniforms are included in the designs, those for winter dress, winter parade dress, evening dress, summer parade dress and summer dress. The winter dress uniform is the principal one and will be worn to classes, meals athletic events and during travel. In cut it resembles the standard AF uniform, but its indigo color is more brilliant than the blue of the standard AF uniform. The color as yet is unnamed. It may be called Cadet Blue.

The distinctive cap to be worn with most uniforms will be blue with darker blue braid and black visor with a silver-colored, metal-edged brim.

Mr. DeMille was selected to develop the designs because of his experience with past uniforms in production of historical pictures and his own background in aviation. He is a pilot and organized one of the country's first airlines.

NEW UNIFORMS for the Air Force Academy combine dash and tradition. Left to right: Lt. Jerald Till in winter dress; Lt. James Clendenen wearing evening dress; Lt. Carl Peterson in summer parade dress; and Lt. Frank Drew in winter parade dress. The new uniforms were designated by Cecil B. DeMille and two associates, Henry Wilcox and John L. Jensen in consultation with the Academy's uniform board.

Reese Christmas Early Outs Hit 41

The early out Christmas program of the Air Force will benefit 41 airmen personnel stationed at Reese, Lt. Col. Charles E. Wilson, wing personnel officer, said this week. Some of the separations will be effective next week.

Under the annual program, all airmen eligible for separation between December 16 and January 10 may be released as much as 30 days early to spend the holidays with relatives. At Reese, those

eligible between December 16 and 31 will be separated between December 4 and 7, while those eligible for separation early in January will be released between December 11 and 14.

There are 44 eligibles on the base, but three of them have declined to accept the early out.

Colonel Wilson's office said several of those being released early plan to re-enlist immediately after the holidays.

Reese Fighters Await Tourney

A dozen and a half amateur boxers from Reese are expected to participate in the Cotton Belt boxing tournament next Thursday, Friday and Saturday in the Fair Park coliseum, with Coach Pat Crow expecting more than a few winners.

The boxers worked out last Sunday afternoon at the Youth Center, First and College, and other bouts will be held next Sunday afternoon.

Upwards of 50 contestants from several communities are expected to compete in the Cotton Belt. Paul Carmello and Jim Belknap are coaching the Lubbock team. About 300 persons witnessed the set-tos last Sunday, which also featured an exhibition by a couple of former Reese fighters, now turned professional. They were Al Bennett and Jose Martino, both living in Lubbock and both recently turned professional.

Most of the Reese fighters lack experience. However, two especially have shown up well and may come through as winners in their weights. These are Tony Bennett and Leon Stoval. Both are fast and clever.

Other fighters who may surprise fans are Raul Zertuche, Mike Lester, Mike Bryan, Johnny Parker, Grover K. Whitfield, Orville Head, Robert Bell, Delbert Wilson, Ellis Sledge, Tommy Fuller, Henry Cooper, James Stepp, Roger Artz, Jim Connors, and James Briggs. Fuller has a lot of experience, but has been unable to get into top shape.

Former Reese Officer Takes Clovis Position

Morris McClendon, former school secretary at Reese, has been appointed civilian personnel director at Clovis AFB. He was stationed at Reese late in 1951 and during early months of 1952. He also saw World War II service, following study at Texas Tech. He went to Clovis AFB from Ellington AFB.

HEADS FOR ENGLAND

A/2C Michael L. Ragsdale of the Support squadron is under orders to go to England for duty with a fighter interceptor wing. He is scheduled to leave December 19 and to report for overseas shipment on January 27.

Basketeers Defeat Fifth Victim; Hooper Nets 30 Points Over Webb

The Reese basketball team toyed with the Webb five in the base gym Tuesday night and emerged with an 86-69 victory, the fifth win of the year as against no losses.

Lt. Max Hooper, player-coach, was the big gun in the contest, sinking 13 baskets and 4 free throws for 30 points. The visitors tried hard and the bench gave noisy support, but whenever points were needed Hooper and his pals bucketed a few more baskets and then coasted for a time. The half score was 44-35 for the Rattlers, while 72-46, 78-50, and 80-52 were marked up in the last period of play before Hooper cleared his bench and let everyone play. Hooper netted 22 points in the first half and sat-out much of the last half, or fed to others for the shots.

Lt. Bernard Janicki, his eye off a bit for lack of practice, sank nine baskets and did a tremendous floor job. Lt. Jim Blessing accounted for 4 baskets and 4 gift shots for 14 points, while Lt. Thomas Kyle and A/1C Donnie Paul contributed 8 points each. Paul and Lt. Don Blain stood out defensively.

M/Sgt. Bob McDonald amassed 18 points for Webb, with his 6 baskets afield and 6 free tosses. He did a fine floor job, also. Lt. Don Knedlik tallied 14 points and Lt. Nick Thomas 13 each for the losers. Lt. Bruce Sweeney, Webb's

all-around athlete, did a good job on defense, as well as sinking 4 buckets.

Spectators were more in number than for previous Rattler contests, totaling about 100. The base band was on hand to play and be applauded.

The box score:

REESE	FG	FT	PF
Janicki	9	0	5
Gentry	0	2	1

Those two old Reese fighters, Al Bennett and Joey Martino, are scheduled to appear on the December 3 boxing card at Odessa. They are under contract to Jack Lakin, pro boxing manager who recently bought the contracts from Paul Carmello, former bartender at the Officers club and promoter of the Cotton Belt boxing tournament December 6-7-8 in the Fair Park coliseum. Bennett, the welterweight, you'll remember, was last year's runner-up for the New Mexico Golden Gloves title. Both fighters were separated at Reese.

Lieutenant Lee has tickets for sale for the Cotton Belt boxing show. He has them in all price ranges.

Your columnist never ceases to be amazed at the ease with which Player-Coach Max Hooper operates against basketball opposition. In the three home games so far he has put on the pressure when needed, sinking buckets from way out or close in as needed to pull the Rattlers ahead.

Appearance of the Reese band Tuesday night added a professional touch to the basketball game. Hats off to Sergeant McGuire and his volunteers. Next thing will be cheerleaders for the Rattlers. Maybe then attendance will top 100.

'02nd Wins Title In Touch Football

The 3502nd Flight Line Maintenance squadron wrapped up the base touch football championship for the second time Tuesday night, winning 31-7 over the Air Police. Passes accounted for most of the scoring.

The winners counted in the first period on a pass from Hess to Boggs, the extra point was a pass to LeGreco, player-coach. It was Hess passes which brought another pair of touchdowns in the second period. The tosses were to Kenedy and Cordey.

The Air Police opened the third period with a touchdown on an end run by Hense. Hense then passed to Jones for the extra point.

The '02nd came right back, however, as Hess again tossed to Kenedy. The last touchdown came in the fourth period on a Hess-Cordey pitch.

Spectators commented on the fact that Maj. Thomas P. Carroll, '02nd commander, witnessed all games in which his unit team participated and that he gave support all the way. The squadron also won the softball title with the major as chief roofer. The touch football team was coached by 1st Lt. Salvador LeGreco.

Air Police finished in second position for the fourth consecutive year, participating in the final game all four years.

Monday night's contest ended 13-0 for the AP's, but the game was protested and the last five minutes were played over prior to Tuesday night's game. Final score was 13-6. The protest was based on a ruling on pass interference.

New Legal Officer Arrives At Reese

Maj. James T. Bryan, graduate of Baylor and SMU, has assumed new duties as staff judge advocate at Reese Air Force base.

The Major, whose home is in Hillsboro, Texas, was graduated from Hillsboro high school in 1932, received a bachelor of arts degree from Baylor university in 1937, and was awarded a bachelor of laws degree by Southern Methodist university in 1946. He also has completed the Staff Judge Advocate course at Air Command and Staff school, Maxwell AFB, Ala.

Major Bryan was in service from 1940 to 1945 and returned to active duty in 1950. He was on New Guinea in 1943 and 1944 and was assigned to the Philippines from 1952 to 1955. He holds the Air Medal with oak leaf clusters. He came to Reese AFB from central headquarters of the Air Defense command, Grandview AFB, Mo.

Lieutenants Receive Assignments To B-47

Four first lieutenants at Reese Air Force Base, Henry Detwiler, Jr., William H. Knutson, Ralph C. Dresser, and Donald W. Bain, are being re-assigned to B-47 duty as volunteers.

Lieutenant Detwiler is going to the 6th Air division, MacDill AFB, Fla. He came to Reese AFB in May, 1953, and has been instructor pilot. He was in Europe during World War II, assigned to England.

Lieutenant Knutson, assigned to the 818th Air division at Lincoln AFB, Neb., has been instructing in the flying program at Reese since December, 1953. He was in the Far East during the Korean conflict, winning decorations.

Lieutenant Dresser, who is going to the 320th Bomb wing, March AFB, is an instructor in the instructor training section at Reese AFB. He has been in the training area of the base since January, 1954.

Lieutenant Bain, assigned to the 3410th Bomb wing, Whiteman AFB, Mo., has been an instructor pilot since March, 1954.

Base Bowling Team In Kirtland Tourney

The Reese base bowling team will participate in the five-state Kirtland AFB tournament Saturday, Sunday and Monday, with matches scheduled for a 20-alley Albuquerque establishment.

Listed on the Reese team chosen by team captains, are M-Sgts. Ennis F. Deramus, Lloyd V. Edwards, Gailon B. Combs and Paul E. Peacher; S-Sgts. Richard Taffoy and Clinton R. Whitley, and A-2C Lawrence K. Chase.

The Kirtland tournament is expected to have about 50 teams entered. Competition will be for team, singles, doubles, and all-events prizes.

Dependents To Get Medicare Rules

The Air Force will distribute early in December a Department of Defense pamphlet to the wives and other dependents of its personnel explaining how they may obtain medical treatment under the Dependents' Medical Care Act beginning December 7.

The Dependents' Medical Care Act was passed by the 84th Congress and signed into law by President Eisenhower on June 7. It makes medical care for dependents of active duty, decreased and retired members of the uniformed services a "right" of the dependents instead of the privilege it had been before.

Points Stressed

Several points of dependent medicare information stressed in the pamphlet are:

Only a spouse (wife or dependent husband) and children of active duty service personnel may receive government paid civilian hospitalization and limited civilian outpatient treatment. All service dependents may receive outpatient treatment at military facilities, however.

Spouses and children generally have free choice between civilian and military hospitalization. Dependents choosing civilian treatment are advised to ask civilian doctors whether they have agreed to accept the government's local schedule of fees before being treated.

Pay Hospital

Dependents hospitalized in a civilian facility will pay directly to the hospital either \$1.75 per day or \$25, whichever is greater, with the government paying the balance of the hospital bill plus the doctor's fees. Dependents hos-

pitalized in a military facility pay only \$1.75 per day.

All dependents will receive a Dependents' Authorization for Medical Care identification card (DD Form 1173) before July 1, 1957. The card will list all members of a service family eligible for dependent medical care and show which ones are eligible for civilian hospitalization. Dependents will identify themselves by their Dependents Identification Card (DD Form 720) until they receive the new medicare identification. In most cases, the service member will apply for his family's identification card, but dependents living separately may apply directly through the serviceman's commander.

Teenagers Cut Loose At Western Hop

Teenagers at Reese shed their blue suede shoes and choker slacks for cowboy boots and blue jeans at a western party at the Service Club Saturday night.

The youngsters were led through the unfamiliar routines of square dancing by Miss Sue Phillips, Service Club director.

The Teen Age Club, which normally holds its "Bop" sessions at the Youth Center, joined in the spirit of the western music for one of their best evenings of en-

tertainment.

All Reese youngsters who want to enjoy themselves are reminded that the Youth center is located behind the hospital and that dances are held on alternate Saturdays from 7:00 p.m. to 10:00 p.m. The next dance will be on December 8. The Youth Center is also open every Sunday afternoon.

Official hostess for the western party was Mrs. Charlie Bryant. Lt. and Mrs. Sam Pearis assisted in calling the square dances.
