

Base Ground Safety Costs Cut Sharply During 1957 Year

Reese Air Force Base in 1957 sharply reduced its ground safety costs, as compared with 1956, Col. Dross Ellis, base commander, announced.

Total mandays lost because of injuries totaled 290 last year, as compared with 372 in 1956. Ground accident costs dropped from \$110,020 in 1956 to \$76,151 last year.

Cost of injuries during the

year skidded from \$66,754 to \$773. The private vehicle accident total was the lowest in Reese history.

Colonel Ellis reported first aid injuries to military personnel on duty totaled 136 and a cost of \$952. First aid injuries off duty were 134 and cost \$938. Military disabling injuries on duty were only 5, with 30 mandays lost. The

cost was \$900. Off-duty disabling injuries included 2 fatalities and 18 injuries. Military mandays lost because of the injuries were 260; cost was \$70,800; and the military injury rate was 3.26.

Civilian first aid injuries were 75; cost was \$25; and two civilians received disabling injuries. Mandays lost were 24; cost of disabling injuries was

\$336; and the civilian injury rate was 1.26.

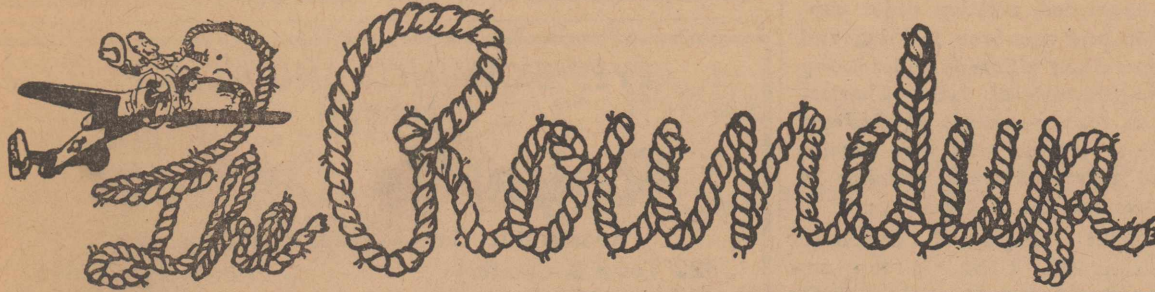

There were six USAF motor vehicle accidents costing \$591. The rate was 1.02. There were four property damage cases costing \$1,109. Total on-duty injury cost was \$2,713, with per capita cost of 7 cents. The \$71,738 military off-duty injury cost amounted to \$2.86 per capita. The \$76,-

151 total cost was \$2.24 per capita.

The two fatalities, it was pointed out, were the result of asphyxiation, both off-base. Of the 28 off-duty military disabling injuries, 5 were the result of private vehicle accidents. Of the 260 military mandays lost for off-duty injuries, 18 resulted from private vehicle accidents.

U. S. AIR FORCE—GUARDIAN OF FREEDOM

VOLUME IX

Lubbock, Texas, Friday, January 17, 1958

NUMBER 8

Drive Unit Officers Selected

Unit project officers for the approaching fund raising drive for the Federal Joint Service crusade and ten recognized national health agencies have been named at Reese, Lt. Col. Robert L. Velde, general chairman, announced Thursday.

The joint crusade consists of fund raising efforts on behalf of CARE, Inc., and the Crusade for Freedom.

The ten national health agencies are the American Cancer Society, American Heart Association, Arthritis and Rheumatism Foundation, Muscular Dystrophy Association of America, National Society for Crippled Children and Adults, National Society for the Prevention of Blindness, National Tuberculosis Association, and United Cerebral Palsy Association.

President Eisenhower has endorsed these fund raising efforts.

Military project officers at Reese are Lt. Robert H. Mueth, wing; Lt. John E. Lawson, PTG;

Lt. Richard B. Short, 3500 PTS; Lt. Donald G. Bruckner, 3501st PTS; Lt. Robert F. Crone, M&S; headquarters; CWO Donald J. Heskett, 3501st Periodic Maintenance squadron; Lt. John W. (Continued on Page 8)

Polio Stricken Air Force Family Honored

New York (AFPS)—A veteran of 16 years service in the Air Force, his wife and their three children have been selected as the March of Dimes Poster Family for 1958.

Maj. Joseph L. Solomon, who flew missions in WW II, the Berlin Airlift and Korea, has been fighting a constant battle with infantile paralysis for the past four years.

In 1953 Major Solomon's son, Joseph, then five years old, and

his twin daughters, Sandy and Lindy, then 22 months, were stricken with polio. Within eight days of the children's illness, his wife also was hit by the dread disease. Mrs. Solomon has recovered, but the children continue to need periodic checkups.

The Solomons are stationed at Robins AFB, Ga., where the major is Commander of the 1926th Airways and Air Communications Service Sq.

Classes In English, Mathematics Offered

Classes in review English, arithmetic, and algebra will be taught on the base, beginning January 27, J. F. Reeves, education specialist, announced Thursday.

"Sufficient interest has been shown by men of Reese to justify organization of the class," Reeves said.

English will meet Monday nights, arithmetic Tuesday nights, and algebra Wednesday nights, he said. Each class will begin at 6:30 p.m. and end at 9:30 p.m. Qualified instructors from a neighboring school system will teach.

"These classes are open to both military and civilian persons," Reeves stated. "All men

who are interested in passing the high school GED test or in preparing for college may profit from taking one or more of the courses. We in the education office are happy to discuss these classes and any other matter concerning schooling at any time."

Instructors Sent To Montana Base

First Lts. Leonard T. Ashburn, Jr., and Lester R. Chur, instructor pilots at Reese, are being re-assigned to air refueling units of the Strategic Air Command at Malmstrom AFB, Mont., reporting to the base in June, after delay enroute for survival training.

Lieutenant Ashburn, resident of Norfolk, Va., came to Reese in the fall of 1954. He has been in service since April, 1951, and was commissioned at Goodfellow AFB, San Angelo, shortly before coming to Reese. He is a graduate of Crabby high school, Norfolk, and is a former student of William and Mary college.

Lieutenant Chur, native of Makawao, Maui, Hawaii, came to Reese in April, 1955. He has been in service since January, 1954. He is a 1949 graduate of Mid-Pacific institute, Honolulu, and a 1954 graduate of the University of Hawaii, where he majored in personnel and industrial relations.

FTAF's Best Student To Receive Recognition From Commander

Six aviation cadets in Class 58-F, to be graduated Saturday from the Reese basic multi-engine pilot training program, have been designated Distinguished Cadets and will be honored at the graduation. They are Robert D. Abbott, Richard W. Claxton, Norman E. Gerity, Ralph Kozler, John S. Kobza, and Clifford R.

Sanderson.

The cadets will receive letters of recognition from Maj. Gen. H. R. Spicer, commander of FTAF, and are to have special consideration when they apply for appointment in the regular Air Force.

Abbott, honor student of Flying Training Air Force, is from Chicago, Ill. His grades are highest for the class in FTAF in all phases of training at all levels. He is a former electrical engineering major at the University of Illinois branch on Navy Pier, Chicago. He received primary pilot training in the civilian contract training school at Spence Air Base, Ga.

Claxton, from Berkeley, Cal., is a former student of the University of California. He received his primary pilot training at Hondo Air Base, Tex.

Gerity, from Vallejo, Calif., also trained at Hondo. He is an orphan who completed high school. Kozler, who received primary pilot training in the civilian contract training school at Bainbridge AB, Ga., is a high school graduate who lettered in football.

Kobza received primary pilot training at Stallings AB, N.C., also from civilian contractors. (Continued on Page 5)

Funds Released To Build New Base Facilities

Headquarters, USAF, has released funds in the amount of \$6,700,000 for new facilities at Reese, it is announced by Col. Ivan H. Impson, the Air Force Installations Representative, Southwest Region, Dallas.

These funds will provide an aircraft washrack, additional airfield paving, and fuel storage for 15,000 barrels of aircraft fuel.

An existing runway will be lengthened, and a new runway constructed, giving Reese two parallel runways each about 10,500 feet long. In addition, a completely new 7500-foot runway will be constructed at the site of a new field auxiliary to Reese, approximately 12 miles south of Levelland.

Construction for the Air Force will be under supervision of the Fort Worth district engineer. Invitations for bids are scheduled to be issued in approximately 30 days, with bid opening approximately 30 days later. The facilities are being provided for use by Air Training Command.

Management Officer Assumes Duties Here

Maj. Alfred C. Steinberger, recently returned from the Royal Air Force station at Bentwood, England, this week assumed duties as wing manpower officer at Reese, performing the same duties as in England.

The major, resident of Freeburg, Ill., has been in service 16½ years, 6 overseas in Europe, Alaska, and England. He is a 1935 graduate of Freeburg high school, where he lettered in basketball. In service he has completed officer candidate school, Air Tactical school, the Adjutant General school, and Command and Staff college.

Major Steinberger is married to the former Olga L. Fincke of Belleville, Ill. They have a daughter, Nancy Jo, 5.

Parents' Aid Asked In Compiling Census

Enrollment in the Reese Elementary school next fall has become quite important lately to Frenship school officials. It's the first graders who are prominent at the moment.

A school census is in progress. Parents of six-year olds who start school next fall are asked to call Joe Harper, principal of the Reese school, or Phone 8-3141 as soon as possible to report probable enrollment of the child in September. The phone number is good any hour.

NCO Retraining Chances Stressed

Air Force personnel officials point out that the currently expanding skill retraining program offers NCOs the opportunity to lay aside dead-end career fields and jump aboard the AF missile bandwagon.

The four skill areas where the most NCO vacancies exist and into which the AF is urging retraining also are the skill areas containing the most promotion openings, they added.

They also probably would be at the top of the list for super-grade promotions if the Cordner-recommended career program comes into being, the officials said.

These areas, all direct support skills, are radar, guided missiles, armament and aircraft and engine maintenance. NCOs can retrain into these skills which support the AF's expanding missile program and look forward to eventual reassignment to missile jobs.

The ROUNDUP is an unofficial newspaper published weekly by Dennis Bros. printers in the interest of personnel at Reese Air Force Base. Opinions expressed herein do not necessarily represent those of the Air Force.

The ROUNDUP receives news from the Armed Forces Press Service.

The Living Scriptures—
into the Hands of a Faithful Creator by Jack Hamm

His Promises Never Fail

By Chaplain Wilbur J. McDaniel

There is a gospel hymn with the theme of "Standing on the Promises of God." It is certainly true that God has made many promises in His book, and never has He failed to keep a promise—none has been broken. Christ is the bridge between earth and eternity. He is also a bridge from the darkness of unbelief to the bright new day of faith and hope. The Bible calls Christ a mediator—or a bridge between God and man.

Every individual needs the assurance of His unvarying promises; every home needs His undergirding grace; and every nation a sense of His unerring direction. The big question is—where do you as an individual stand in relation to God and His assurance of eternal life? Is your home a Christian home, wherein Christ is honored as the unseen guest of every conversation? The Word of God says, "righteousness exalteth a nation but sin is a reproach to any people." Therefore, the question arises as to the extent of our nation's dependence on God for guidance.

Peace of mind and heart, the sensing of His sustaining grace, and the knowledge of His will can be realized by us all as we draw nigh to Him in simple trust and faith. Will you join with multitudes who now find this hope by positioning yourself on the promises of the Lord?

Captain, Group Adjutant, Given MATS Duty

Capt. John F. Lippincott, adjutant of the Air Base group at Reese, is leaving late this month for a new assignment with the Military Air Transport Service, assigned to an air transport wing at Dover AFB, Del.

The captain, resident of Lynd-

hurst, N. J., and former quartermaster for Fordham university, has been at Reese AFB since October, 1952, serving as instructor pilot, squadron commander, and group adjutant. He has been in service since 1943 and was in Germany, in addition to the United States.

New Staff Named For Cadet Squadron Supervision

Aviation Cadet James L. Kearney, Jr., who spent almost three years as a Naval Reservist, has been appointed aviation cadet major and squadron commander of cadets at Reese Air Force Base. Member of Class 58-H, he will serve until graduation next month.

Cadet Kearney, resident of Long Branch, N. J., was a Naval Reservist when he began a Naval training in the United States Air Force in August, 1956. He received primary pilot training in the civilian contract training school at Graham Air Base, Fla. He is a former baseball and basketball letterman of Long Branch high school.

Appointed aviation cadet captain and squadron training and operations officer is Cadet Larry P. Stewart of Lake Charles, La., former student of McNeese State college who also received primary flying training at Graham AB.

Cadet William H. Critch of Burlingame, Calif., is the new squadron adjutant, also with the rank of aviation cadet captain. He is an orphan who is a 1950 graduate of high school in Gunedah, Australia. His primary pilot training was at Bainbridge AB, Ga.

Five cadets have been designated cadet captains, assigned as flight commanders.

Robert J. Oliva of Milligan, Neb., is a former engineering major at the University of Colorado. He received primary flight

training at Graham AB, Fla. Donald E. Cooper of Everett, Wash., spent six years in the Navy prior to enlisting in the Air Force in January, 1957. He is a former University of Washington student who majored in oriental culture. His primary pilot training was at Hondo AB, Tex.

Harlow B. Osteboe of Waseca, Minn., also was assigned to Hondo AB. He is a former pre-dental student at Mankota State college. George J. Gallagher of Ravena, N. Y., also trained in the civilian contract training school at Hondo. He is a former aeronautical engineering student at Notre Dame university, where he played baseball.

David M. Averill of River Vale,

N. J., has been in service since September, 1951, serving two years in Japan and on Okinawa. He, too, completed primary pilot training at Graham AB.

Implementing Date New Pay Program Delayed 'Til Later

No decision has been reached on the implementation date for the proficiency pay plan, WO Roy L. Vaughan, military personnel officer, said Thursday.

"Information received from Air Training Command this week indicates that as of this date, no decision has been reached as to the implementing date for the proficiency pay plan," he said. "The payment of proficiency pay is a departure from the traditional pay concept that enlisted personnel of equal grade will receive equal pay.

"Essentially, it was designed for use by the separate services to provide an incentive for the retention on active duty of enlisted personnel serving in occupational areas of critical importance. It was originally planned to implement proficiency pay approximately January 1. No reason for the delay was given."

Western Attraction At NCO Club Sunday

HANK THOMPSON

Hank Thompson and his Brazos Valley Boys, one of the most popular western attractions in the nation, is appearing at the Reese NCO open mess Sunday from 8 p.m. until midnight.

The organization has taken many awards and popularity polls in the past few years. The Thompson records have sold over 20 million. Polls which Thompson has won represent choices of ballroom owners, juke box operators, disc jockeys, and the general public.

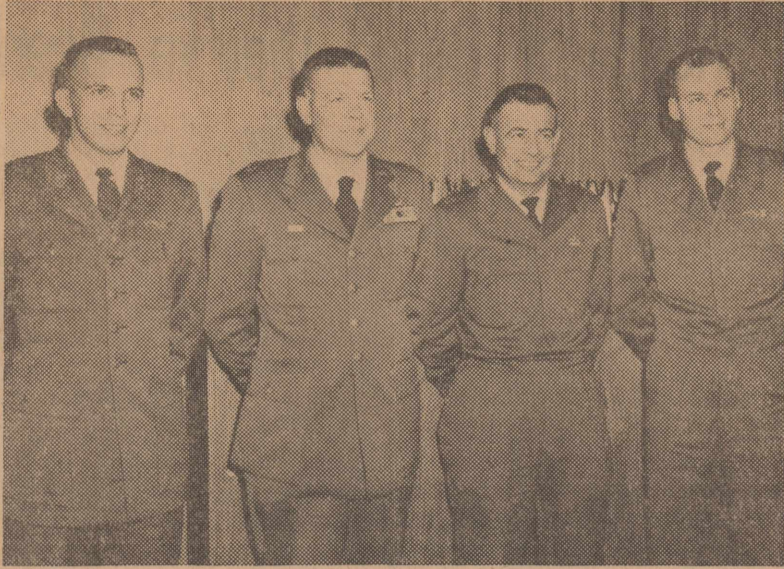

"This is one attraction we feel all members of the club will most certainly want to hear and see," M/Sgt. Edward W. Crump, NCO club secretary, commented.

Maintenance Officer Re-Assigned To Dover

Capt. Warren E. Lins, aircraft maintenance officer at Reese, is being reassigned to the Military Air Transport Service, with station at Dover AFB, Del.

Assigned to Reese in June, 1955, the captain is a native of Washington, Iowa. He went on active duty in 1941 and was commissioned in 1943, following completion of pilot training.

He served in Africa, Italy, Korea, and Japan, as well as in the United States. He was also a prisoner of war of Germany in World War II.

FIRST CHOSEN—The four FTAF instructors to participate first in the SAC deployment exercises have been named. They are, left to right, 1st Lt. Robert A. Walters, Laredo AFB; Oscar Bayer, Vance AFB; Capt. Everett C. Brown, headquarters FTAF and 1st Lt. Thomas E. O'Brien, Harlingen AFB.

FTAF Picks Four Officers For Deployment By SAC

Selection of the first four instructors to participate in overseas deployment exercises with the Strategic Air Command has been announced at FTAF headquarters, Randolph AFB.

Those named were Capt. Everett C. Brown, headquarters FTAF, and Oscar Bayer, Vance AFB, and 1st Lieutenants R. A. Walters, Jr., Laredo AFB, and T. E. O'Brien, Harlingen AFB.

The four instructors selected arrived at SAC Headquarters, Offutt AFB, Neb., this week and after spending three days there will depart for a base in the southeastern United States where they will join a deploying unit. The FTAF officers will be flown overseas as members of B-47 crews.

Maj. Gen. H. R. Spicer, FTAF commander, in making the joint announcement in December, said that the purpose of the plan was to familiarize selected instructors with the operational aspects of a SAC deployment. The first hand observations gained by the instructors will enable them to better understand the SAC mission. They will then be better qualified to explain any misunderstandings that students may have about SAC deployments.

Other FTAF instructors will participate in deployment exercises on a trial basis throughout the remainder of Fiscal Year 1958.

Applications Asked For Appointment To Academy Tour

Military personnel may now submit applications for appointment to the United States Military Academy.

Regular Army and Regular Air Force personnel may apply to their commanding officers until June 30.

Army and Air Force Reserve and National Guard personnel may apply until August 31.

APPLICANTS ON ACTIVE DUTY who score high in examinations for appointment will be selected to attend the United States Military Academy Preparatory School at Fort Belvoir, Va. Cadets are selected from this group for admittance to West Point.

Selections for appointment are based on written examinations and interviews at one of the six West Point Applicant Boards in the Fourth U. S. Army area. Boards are located at Fort Sam Houston, Fort Bliss, Fort Sill, Fort Hood, Fort Polk, and Fort Chaffee.

To be eligible, applicants must be between 17 and 22 years of age, have a high school education or equivalent by July 1, 1959, be in good physical condition, and be on active duty or in a Reserve or National Guard status.

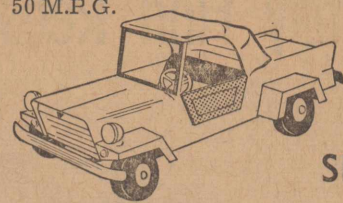

SPACEMAN — Scott Crossfield, test pilot and aeronautical engineer for North American Aviation, may become the world's first spaceman. According to the company, he is slated to pilot the new V-15 rocket plane into space next year. When the flight is accomplished, he will be the world's first human space traveler.

Major's Wife, Family Find Reese 'Friendliest Base' They've Been

The two weeks Mrs. Richard D. Conn has spent at Reese "have shown me that it is the friendliest base we have ever been."

Maj. Richard D. Conn arrived at Reese just after the holidays, bringing his family to live at 104 Andrews, Reese Village, during assignment as assistant wing inspector.

"Our car wheels had hardly stopped in the drive when people started to drop in to say hello and to offer any and all kinds of assistance in getting settled," Mrs. Conn remarked. "Mrs. Thomas Carroll came to offer the loan of anything we needed and a proposal to take care of the baby while we were getting unpacked. Then came Mrs. Raymond Ray from next door with other offers of help.

"Mrs. Ray had a key to the Dependents Assistance Center and we got what we needed from there, mainly baby furniture.

"Then Mrs. Ray loaned us some equipment from her kitchen until our things all arrived.

"Other women, some neighbors and others from several blocks away, called shortly after we arrived. Everyone seemed so ready to make us at home and to give help which might be needed.

"It's so very nice when you are a stranger to receive such a warm welcome."

Mrs. Conn said the warmth of the welcome extended to the whole family. She and her husband were invited to "so many bridge gatherings that we just couldn't accept every invitation." Mrs. Conn was invited to coffees, teas, and various other get-togethers. Daughter Marite, 14, was invited to participate in several teen-age events; youngsters of

WELCOME CALLERS—Callers, big and little, visit the home of Maj. Richard Conn to welcome the family to Reese. Here some wives have coffee and discuss mutual problems and solutions, while the youngsters get into the picture after finishing their candy suckers. Left to right are Susan Watkins, Nancy Lins (peeking at the birdie from behind covered eyes), Mrs. Warren Lins, Mrs. Vernon Gray, Mrs. Thomas P. Carroll, Linda Carroll and her doll, Mrs. Raymond Ray and John, and Mrs. Conn and daughter, Renae. (Photo by Ross)

Reese Village dropped by to greet daughter, Sharee, 6, and to offer to show her the closest way to school. Younger boys and girls came with their mamas for the morning coffee session and to join in eating suckers.

"Mrs. Warren Lins even gave us a little white kitten as a gift," Mrs. Conn said. "This kitten was a welcome gift to the girls."

"We've never seen anything like the friendliness. Of all the

places we have been, this certainly is the most outstanding."

Mrs. Conn has called San Antonio her permanent address for several years, although she and her husband grew up in Dripping Springs, Texas.

Officer Returns To High School For 'Pep' Lecture

Maj. Joseph H. Leahy has returned to Jersey Shore high school, Pa., from which he was graduated 20 years ago, to speak on Air Force life, with reference to world affairs, tonight. He will be presented by Ira V. Guban, principal of the school when the major was a student, and principal today.

The major is executive officer for the hospital at Reese. While attending Jersey Shore high school he was particularly active in football, tennis, and journalism club work, serving as sports editor for the high school paper and yearbook. He also was active in all high school academic activities, including ushering, Hi-Y club, and the senior class play.

Major Leahy joined the Air Force in 1951 and completed Officers Candidate school, Medical Service corps, in October, 1942, and was commissioned a second lieutenant.

Major Leahy has several decorations, including the Unit Citation, American Theater Ribbon, Europe-Africa-Middle East medal with two clusters, World War II Victory Medal, American Defense medal, Air Force Reserve Medal, and National Defense Medal.

Major Leahy returned to Jersey Shore high school as an assignee in the Air Force's Operation Hometown. In this program, officers are going back to their home high school to talk with students relative to their future. A major objective is extension of thinking toward higher education and work in science.

FURR'S SUPER MARKETS

Rattlers Drop Pair, Win Pair

The Sheppard "Senators" invaded the Reese basketball courts this week and handed the Rattlers two straight losses. On Wednesday the "Senators", with flashy rebound play and some good sideline shooting took possession of the game in the first half.

The Rattlers were having trouble on rebounds and starting a scoring streak. The final score was 60-46, with the Senators on top. High scorers for Sheppard

were Lee, with 29, and Perry, 16. Rattler high scorers were Raymond, 16, Crone, with 15, and Hilgenberg, with 11 points.

On Tuesday, playing a nip and tuck game, the Senators with only five men on their entire bench, outpointed the Rattlers 62-55. Several times during the game the score was tied and the battle for the baskets was really on.

High scoring for the Senators

was by Lee with 19 points, Perry 16, and Adair with 10. The Rattlers' high scorer, Lt. Robert Raymond once again, had 16 points. He was followed by Lt. Bob Crone, 15, and Lt. John Hilgenberg with 11 points.

Since the last ROUNDUP edition the Rattlers also played two games with Webb AFB. The scores were: Friday, January 10, Reese 69 - Webb 60; on January 11, Reese once again over Webb 59-53. The season's record so far stands at 8 victories to 3 losses for the Rattlers.

Next home game is January 24 at 8 p.m. with Wayland College. "Let's make it family night on the 24th, bring the gang for an evening of basketball," said Airman Nick Weiss of the base gym.

Hospital Hoopsters Upset PTG Five, Increase Record For Season's Play

The hospital basketball five, led by the scoring if A/1C Raymond Jackson with 13 points, A/1C Ellsworth Fisher with 12 and 1st Lt. Edward Mikula 11, beat the Pilot Training Squadron quintet, 51-41. The hospital boosted its total wins to three for the season against one defeat.

ing for his quintet the last two games, and is considered invaluable to the team, 2nd Lt. Charles J. O'Neal, coach, said. Hainline has scored 52 points in the last two games.

The PTW high scorer was 6-footer Dave Hainline with 21 points. Hainline has led the scor-

An F-5L Navy seaplane was flown by radio compass July 7, 1920, from Hampton Roads, Va., to the battleship Ohio, at sea.

'02nd B Team Leads Intramural Bowlers As Season's First Half Ends; '05th Second

The 3502nd "B" team topped the field as the base intra-mural bowling league rounded out the first half of its season, said league secretary Carl Mintz. Enroute they picked up the high team game with an 897 and a win-loss record of 49-11 for an .817 average.

Richard Neimeyer of the 05th "A" team rolled 591 for high individual series, and Bill Olsen PTG came through with a high individual game average of 171. Earl Meyers of the 02nd "B" toppled 236 pins for the high individual game.

Second place league winner, the 05th "B", had a 42 win, 11 lost record for a .700 average. They

also picked up the high team series honor with 2540 spilled pins.

In third place was M&S with a 41 won, 19 lost record. Fourth place belongs to PTG who won 37 and lost 23.

The season's second half began this past Monday. League bowling is held on Monday, Tuesday, Wednesday, and Thursday night. Bowling begins at 6:00 p.m. on Mondays and 6:30 on other evenings.

"Teams are set up on a morning report strength basis and personnel of units who have no teams are eligible and encouraged to play for another squadron," said Mintz.

GRADUATION

(Continued from Page 1)

He's a high school graduate. Sanderson, who ranked third in the class, has been in service since 1951, assigned to B-29 and KC-97 crews on overseas flights. He is a high school graduate.

Twenty-five instructor pilots of Reese will award silver wings to students they taught to fly B-25 aircraft during graduation of Class 58-F. Each instructor will pin wings on the men he taught.

Instructors from Flight 10, 3500th Pilot Training squadron, will be Capt. P. R. Cochran, Jr., and Lts. R. E. Beard, Billy E. Cammack, J. J. Clark, Jr., Gene J. Kerr, T. J. Lakocy, G. B. Northrop, R. D. Rice, S. O. Sadler, E. P. Bucko, T. E. Gullett, E. C. Kennedy, and P. W. Walsh.

From Flight 5, 3501st PTS will be Lts. A. K. Brewer, C. D. Burns, D. D. Frizzell, H. H. Geddes, D. R. Halsor, J. T. Jones, R. F. Kibler, C. A. Matthews, W. E. Overacker, W. L. Parish, O. A. Peterson, and J. S. Robins.

Scheduled to be graduated are 11 young men who trained as student officers, and 55 aviation cadets who will become second lieutenants on graduation day.

Second Lt. Dwaine F. West, center and letterman of the Texas Tech football team in 1953, 1954, and 1955, is tops scholastically among officers of Class 58-F.

Lieutenant West is a graduate of Carter-Riverside high school, Fort Worth, and a 1956 graduate of Texas Tech, where he majored in animal husbandry. He was also a member of the Student Council and was listed in Who's Who Among Students of Colleges and Universities. He was commissioned on conclusion of AFROTC training at Tech.

Wizards Cut Gap Toward Top Spot Among Officers

The Wing Wizards gained a couple of notches on the league leading Flight 5 team in the Officers Bowling league this week, but stayed far out of first place. The Wizards took three games from the Flight 7 Highs Wednesday night on the North College lanes, while Flight 5 was losing two of three to the M&S Oilers. As of now Flight 5 has 36 wins and 9 losses, the Wizards 33 wins and 12 losses.

Lt. Kenneth S. Landon bowled a high 214 game and 542 series this week. Flight 5 had high game of 1025 and the Flight 10 Kingpins had a 2894 high series.

Last week Capt. Vernon K. Repose rolled a 216 game and Lt. Oscar A. Peterson hit a 545 high series. The M&S Greasers had a 1038 high game and Flight 5 a 2901 high series.

ATC's Air Power Policy Altered To Meet Thinking

The recent increased awareness on the part of the American public concerning the "Space Age," has prompted the revision of ATC policy 60-3, entitled Air Indoctrination.

This publication deals with programs designed to assist airmen and officers in fully understanding air power as an instrument of national policy and a means for national preservation.

The revision reads in part: "A special and continuing effort must be conducted to educate officers and airmen about the vital part missiles of all types have in the Air Force. The impact of man-launched satellites and concurrent developments in the art of unmanned missile delivery should be continually stressed, and interpreted, through Commander's Call and other appropriate media such as base newspapers."

Air Force To Furnish Hurricane Support

The Air Force has agreed, at the request of the Department of Commerce, to provide aircraft support for the National Hurricane Research Project during the 1958 hurricane season. Support will consist of a USAF B-47 Stratojet and two USAF TB-50 Superforts with aircrews and ground support to make research flights into hurricanes over the Atlantic, Caribbean and Gulf of Mexico.

Hospital's Head Nurse Gets Spain Assignment

Capt. Ora L. Beaty, chief nurse at the Reese hospital, is being re-assigned to a USAF hospital at Zaragoza, Spain, leaving next week.

The captain, in service since December, 1940, came to Reese last July from duty as assistant chief nurse of the hospital at Lowry AFB, Denver. She has served in Canada, India, and Japan, in addition to hospitals in the United States.

Captain Beaty is a former student of the Incarnate Word college, San Antonio, and a graduate of the Santa Rosa school of nursing in that city.

Cornwallis surrendered to Gen. George Washington at Yorktown on Oct. 19, 1781.

ECI Issues 100,000th Diploma As It Enlarges List Of Courses

The Extension Course Institute has issued its 100,000th diploma and has over 200,000 students, indicating Air Force personnel, both military and civilian, are participating in ECI work with interest, J. F. Reeves, base education specialist, cited this week.

"As they say about the 50 million Frenchmen, '100,000 ECI graduates can't be wrong,'" Reeves said. "An ECI diploma awarded for successful completion of a course is a worthwhile incentive. The record of the diploma looks good in the person's personal files, and counts for something when he comes up for

promotion or re-assignment."

The ECI offers 82 courses and cover 26 career fields. Two new courses have just been added, intelligence officer and telephone installer-repairman.

The first is a four-volume course valued at 240 hours. The latter is also a four-volume course valued at 132 hours. Information on both courses is available at the education office in the base library building.

T/Sgt. James E. Chafey of the 3505th Field Maintenance Squadron leaves February 15 for new duties with a support squadron in Newfoundland.

Reese Scouts Start New Christmas Work With Toy Project

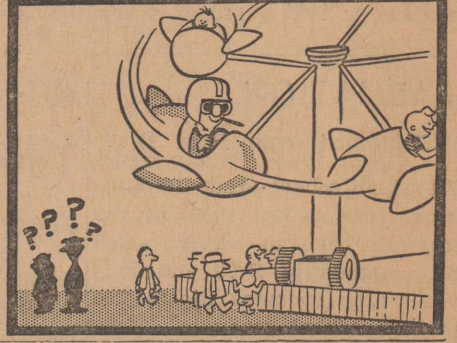

Reese's Troop 148, Boy Scouts of America, already has started activities of the Christmas Every Day program by placing a large wooden box at the base entrance so that toys may be dropped in for donation and repair. Toys will be repaired as soon as received, Lt. Col. James W. Weaver, chairman of the Scout committee, said.

"The council members of Troop 148 wish to thank all personnel of Reese for their wonderful cooperation during their recent fund raising drive," he said. "The sale of greeting cards and Christmas trees not only enabled the troop to defray expenses for troop activities, but helped in purchase of parts for the Christmas Every Day program.

"The current fund raising drive of the troop is the collection of excess wire coat hangers. Please drop the coat hangers in the toy box."

Colonel Weaver said all interested parents and scouts are welcome to attend troop meetings at 7:30 p.m. each Monday in the Scout building across from the base library.

Missile Action Has No Let-Up In Year's Plan

The Air Force showed no let up in missile activity as it entered 1958.

On January 3 Gen. Thomas S. Power, Strategic Air Command commander-in-chief, announced the activation of two more Air Force operational missile units.

One is the 672nd Strategic Missile Squadron using the Thor intermediate range ballistic missile, which was activated January 1. The other is the 864th Strategic Missile Squadron using the Jupiter IRBM, activated on January 15.

The 672nd will be commanded by Col. Harry J. Zink and the 864th will be commanded by Col. William C. Erlenbusch. Both officers have had considerable experience in SAC and both have been associated with the AF Ballistic Missile Division for more than a year.

Both squadrons, the SAC Commander-in-Chief said, would be in training status and will not be equipped for some time. The 672nd is to be stationed at Cooke AFB, Calif., and the 864th at Huntsville, Ala.

PTA Studies Parent-Youth Relationship

M/Sgt. Dewitt Simmons will speak on "Dignity of Childhood" at the regular monthly meeting of the Reese Elementary school PTA at 8 p.m. Monday in the school cafeteria. The theme of the meeting is "Parents and Youth Can Be Partners."

A 20-minute business meeting will be followed by the formal program, which will also include a film. The fellowship period is scheduled from 9 to 9:30 p.m.

"As we face the New Year in terms of its effect upon the lives of our youth," Lt. Col. Raymond

R. Ray, PTA president, said, "we as parents, are made to realize the responsibility we have as the "first" teachers of our youth, as well as for helping them to realize their highest potentials as they face changing social patterns, military service, and other realities of life.

"The future is before us and dynamic. Each day brings with it new frontiers in our homes, schools, and communities. With enthusiasm, sacrifice, and God's help we meet and accept our responsibilities."
